

## 2024 MCAA SGT PARENT CANDIDATE

### **Whitney Meadows**

I have more than a decade of professional communications experience, including time on the communications teams for Marietta City Schools and Holy Innocents' Episcopal School. That background in education has afforded me the opportunity to work on strategic plans, community outreach, important storytelling, and complex project management. My son is a rising fifth-grade student at MCAA, and this school has been pivotal for his growth both academically and socially. I am eager to collaborate with school leadership and the community to continue building on MCAA's successes so he and all our Rockets can continue to get the very best education experience.
