## WELCOME | 2024-2025 SCHOOL YEAR

With much anticipation, we embark upon a fresh chapter in our educational journey---a new school year filled with an abundance of possibilities and opportunities! I am delighted to extend a heartfelt welcome to our students, staff, families, and the community. Your continued support enriches our schools, and we are grateful for your partnership in nurturing the minds of our students. With hope and enthusiasm, we embrace the prospects that lie ahead!

As we stand at the threshold of this academic year, we are filled with excitement for the adventures that lie ahead. Together, hand in hand with our extraordinary staff, supportive families, and generous community, we are steadfast in our deep commitment to our strong tradition of excellence. Our collective focus remains on ensuring each student is a self-directed individual, effective communicator, and active, responsible, and respectful citizen.

Embedded within our vision statement is our dedication to educating the whole child, one that positions us as the pride of our community, consistently excelling in academics, arts, activities, athletics, and resource stewardship. Guided by our core values, which are the very essence of who we are, we work collaboratively with our stakeholders to realize our vision.

An essential ingredient to our success is the district's strategic plan as it guides our work and focuses us on our most important core value of putting students first. Please visit our website to familiarize yourself with the strategic plan as this living document is a collaborative effort among all stakeholders.

To live our mission and achieve our vision, we strive to cultivate family and community connections and engage stakeholders in the decision-making process. Family and community engagement is essential to the success of our students and is a key component of our deep tradition of excellence.

We extend a warm invitation to parents and community members alike, urging active participation and informed involvement in our educational endeavors. Your voices matter, and we welcome your insights through service on any of our 19 school and district advisory councils. To serve on one of these councils, complete the STMA Interest Indicator by scanning the QR code.

In continuing to put students first and celebrating our students' boundless creativity, we proudly showcase their artwork within this year's calendar. Their talents shine brightly, underscoring our belief that the arts are an essential component of a balanced education.

As we embark on this new year, our dedicated team remains resolute in our commitment to excellence. We are deeply grateful for your unwavering trust and support, and we eagerly anticipate the opportunity to deepen our partnership. Together, through our collective wisdom and collaboration, we pave the way for a brighter tomorrow, enriching the lives of our students, families, community, and beyond. #knightspride

St. Michael-Albertville Schools use a variety of digital tools to support student learning. Technology vendors and software are utilized to support work as we help all students develop the skills necessary to succeed in an ever-changing world.

We have an inventory of our curriculum, testing, and assessment tools posted at [stma.k12.mn.us](http://stma.k12.mn.us) and include an outline of the student data elements within each tool. This list is maintained and communicated annually to all families at the start of the school year.

Please reach out to Dr. Wayne Hoistad at [wayneh@mystma.org](mailto:wayneh@mystma.org) for additional questions regarding specific digital tools used in classrooms.

Sincerely, **St. Michael-Albertville Schools**
