Richard Rockets Sports Complex

Parents/Guardians

There have been some improvements at our sports complex to improve the safety of our students and attendees for events. One of these improvements is the installation of speed bumps right outside the entrance gate entering the track area. This improvement will impede people from speeding through this area and allow for a safer crossing before, during, and after practice or events taking place at our sports complex.

With all of this in mind, we are improving the way our student athletes are picked up during the usage of the complex. To ensure the safety of everyone attending the sports complex, there will be **ABSOLUTELY NO PARKING** along either side of the road/drive entering or exiting the complex. We have a parking lot designated for parking. We ask that when you are waiting to pick up your child from practice or an event, that you park in a parking spot in the parking lot. If you choose to park along the road, we reserve the right to call the police to have your vehicle moved or not allow for your child to attend anymore events. We are presenting this gesture to ensure the safety of our students and anyone else attending events held at our complex.

This letter will also serve as an agreement between our school to you in regards to understanding the process being installed. In order for your child to participate in running club, track, and/or cross country, this will need to be signed and returned before your child is allowed to attend any practice or event. If this agreement is not signed and returned, then your child will not be allowed to stay for practice or competition.

I,_____, the parent/guardian of
_____, agree and understand that this agreement is to ensure that a parking spot in the parking lot is utilized when picking my child up from practice or a competition. I also understand that if I choose to park along the road/drive, the school reserves the right to call the police to enforce the movement of my vehicle.
