Bulletin Board Presentation - Golden View

Golden View Elementary Principal Lori Florgan, along with teachers Jill Dowd and Sue Fox, spoke about their students' civic learning and engagement journey. From TK to 5th grade, students explore civic skills and tackle environmental issues through "take action" projects. Teachers utilized Universal Design for Learning (UDL) strategies, empowering students to choose how they share their knowledge with the community. From 2nd graders exploring pollination, to 4th graders researching renewable energy, these projects exemplify Golden View's commitment to hands-on learning and community impact. Ms. Dowd and Ms. Fox also displayed student projects and provided beautiful items from their school garden.

Middle School Student Presentation - Vista View

Vista View Principal Rasheedah Gates, along with eight tech-savvy sixth graders, shared their insights on their computer technology elective. They emphasized their role in creating captivating content for the school's video board -- from crafting themed artwork for monthly displays to curating information on holidays, school events, and birthdays. Their collaboration with ASB and administration highlights their commitment to teamwork and leadership, ensuring that all Falcons stay informed and connected.

2023-24 Local Control and Accountability Plan (LCAP) Update

Coordinator of Teaching and Learning Elaine Burney provided a Local Control and Accountability Plan (LCAP) development update. The focus of the presentation was on the engagement of educational partners within the District, gathering input on LCAP goals, and outlining the subsequent steps. The feedback from the LCAP Development Survey was emphasized, indicating that respondents overwhelmingly agreed or strongly agreed with the District's three goals. The entire presentation is accessible for viewing [here](#).

Childcare Staffing Plan

Deputy Superintendent Dr. Julianne Hoefer, Assistant Superintendent Dr. Alice Lee, and Coordinator, Child Development Services Sue Broderon shared Ocean View School District's childcare staffing plan. Beginning with an overview of the program's background, they outlined the existing enrollment figures and challenges in staffing. The presentation concluded with recommendations for the childcare staffing plan for the upcoming 2024-25 school year. The complete presentation can be viewed [here](#).

Writing Professional Development Update

Assistant Superintendent Dr. Alice Lee shared how the Educational Services Division continues to integrate high-quality reading and writing instruction for a comprehensive literacy program for both elementary and middle school students. Dr. Lee spoke about the recent staff professional development day that focused on providing tools and resources for our teachers to teach writing in new ways. The entire presentation is available for viewing [here](#).
