

School Cafe is an interactive online tool & mobile application, available for Android & iPhone, which parents & students can use to view school menu offerings.

Students with food allergies, health conditions, or dietary restrictions can view menus in advance via School Cafe to access full nutrition & allergy information.

School Cafe also makes it easy to apply for Free & Reduced Meals, pay balances or add funds, & view purchase history.

FOOD ALLERGIES & DIETARY ACCOMMODATIONS

ACPS
School Nutrition Services

Our Mission

ACPS Office of School Nutrition Services (SNS) is committed to providing equitable access to quality meals that are nutritious, freshly prepared, and culturally-inclusive. Our mission is to eliminate barriers to accessibility of nutritious meals, engage all students in opportunities for nutrition education, and meet the daily nutrition needs of students to optimize growth and academic performance.

Food Allergies

SNS supports a safe and delicious dining experience for students with food allergies or Celiac Disease.

If your student has a life-threatening food allergy or Celiac Disease, please contact your school nurse (RN) to discuss an allergy action plan. The RN will work with our Registered Dietitian to provide reasonable dining accommodations. Each special diet request must be supported by a Medical Statement signed by a physician.

Dietary Restrictions

VEGAN/VEGETARIAN

As the demand for vegetarian & plant-based offerings grows, we are committed to increasing our offerings. In addition to daily cold vegetarian offerings, such as Uncrustables, Hummus Cheese Wraps, or Pizza Kits, we've committed to offering hot vegetarian entree items daily at all schools, utilizing plant-based substitutions such as Rebellious Kickin' Patties or Nuggets and Deeply Rooted Plant Based Italian & Mexican Crumbles.

This symbol on our calendar menus indicates foods that do not contain animal products, except for eggs and dairy.

HALAL-FRIENDLY

Halal inquiries occur during the year and although SNS does not adhere specifically to a Halal menu, we provide many menu offerings to support a Halal diet. No pork products are utilized in any of our kitchens, & our variety of vegetarian/vegan entrees & sides are acceptable even for strict Halal diets.

This symbol on our calendar menus indicates foods that are appropriate for a Halal diet.
