## **INTRODUCTION**

### **A MESSAGE FROM THE DISTRICT ATHLETIC DIRECTOR**

Student Athletes:

On behalf of the Scottsdale Unified School District Governing Board and all our Schools, I would like to welcome you to the (SUSD) Athletics. To promote a safe and successful athletic experience, we have established guidelines, which are outlined in this document. These guidelines are designed to create a positive athletic experience for students, coaches, parents, officials, and administrators.

At SUSD our coaches and staff are committed to working diligently to provide a high quality, enriching experience while enhancing your athletic skill sets. SUSD has been privileged to foster hundreds of talented athletes with dedicated involvement in their respective sport. The success stories at SUSD are numerous and include regional and state championship teams as well as athletes that earn lucrative college scholarships. In Scottsdale, we continue to be one of the top athletic programs in Arizona and we are very proud of our programs. It is the goal of the SUSD Athletic Department to deliver and entertaining, exciting, and respectful experience to our fans and communities.

The positive attitudes of student athletes make these programs fun and competitive. In Scottsdale, we also hold our athletes to high levels of accountability in the classroom with a No Pass/No Play policy. Athletics is very important but not at the expense of performance in the classroom.

Best of luck in your academic and athletic endeavors.

Nathan Slater  
Scottsdale Unified School District Athletic Director

## **SCOTTSDALE UNIFIED SCHOOL DISTRICT**

### **Ideals and Expectations**

The Scottsdale Unified School District is committed to providing to students the best possible athletic programs. Athletic participation is a valuable educational experience. The District expects students to represent their schools in such a way that they, their parents, their teachers, and the community can be proud of their participation.

This handbook contains some of the general policies and requirements applicable to all SUSD staff. Please refer to the Arizona Interscholastic Association Regulations and SUSD Policies and Regulations for more information. Federal, State and Local laws also apply. In the event of a conflict, SUSD policy, A.I.A. Regulations and/or Federal, State, or Local law will take precedence over this handbook.

### **Athletic Program Code of Ethics**

#### **Players shall:**

1. Be courteous to visiting teams and officials.
2. Respect the integrity and judgment of officials.
3. Respect the integrity, values, personality, and individuality of each athlete.
4. Maintain a high level of integrity and demonstrate good sportsmanship.
5. Participation in SUSD Athletics is a privilege, not a right. To earn that privilege, student participants must abide by the rules, and they must always conduct themselves as models who exemplify good character.
6. Consistently demonstrate and demand scrupulous integrity and observe and enforce the spirit as well as the written letter of rules.
7. Safeguard the health and integrity of their programs by prohibiting the use of alcohol, tobacco, drugs, and performance enhancing substances, as well as demand compliance with all the laws, regulations of the AIA and the Scottsdale Unified School District.

### **Sportsmanship Creed**

Good sportsmanship is an attitude and behavior that embodies integrity, fair play and mutual respect. Athletes should be modest in victory and gracious in defeat. We believe that interscholastic competitive events should demonstrate high standards of ethics and sportsmanship and promote the development of good character and other important life skills. We also believe that the highest potential of competitive events is achieved when all stakeholders are committed to Fostering a Culture of Sportsmanship, Respect, and Character.

Scottsdale Unified School District athletes are expected to be positive role models by:

- Learning and abiding by contest rules
- Showing pride and respect for themselves, their teams, and their school as well as their opponents, officials, and fans by exhibiting exemplary conduct before, during and after contests
- Recognizing and appreciating skilled performances and showing concern for injured players regardless of affiliation
- Using only appropriate language and/or gestures
- Considering the team as more important than themselves in the collective efforts to achieve team goals
- Always demonstrate high character by taking actions that show the importance of social norms
- Emphasize the importance of Sportsmanship, Respect, and Character with teammates, parents, classmates, and always display these pillars as a member of a school team.

This guidebook contains some of the general requirements applicable to all SUSD student athletes. Please refer to the Arizona Interscholastic Association Regulations, SUSD Policies and Rules, and Federal, State and Local laws for more information. The SUSD Athlete Code of Conduct should be referred to for specific penalties.

Exceptions will be granted only with coach and administrator approval, and only under extenuating circumstances. School actives and field trips do not count as an absence for athletics.

**Ninth Grade Enrollment:** A student enrolling in the ninth grade for the first time may attend any member high school and be eligible for interscholastic activities in recognition of the concept of open enrollment. Upon any transfer by the student after the initial enrollment in the ninth grade, the Transfer Rule applies. (15.5.3.1 A.I.A.)

**Equipment Responsibility-Athlete:** It is the athlete's responsibility to return all school-issued athletic equipment to the athletic equipment manager or coach upon completion of a contest or season or upon quitting a team. Any loss of or undue damage to equipment by athletes must be paid for at the student store before the athlete is issued other equipment for that sport or enters another sport.

**Foreign Exchange:** A foreign exchange student who is placed in the attendance boundary of the school by a bona fide exchange program meets the domicile requirements. It shall be the responsibility of the local school administrator to ensure that all other eligibility requirements are met before a student participates in interscholastic activities.

**15.15.1 Foreign Exchange Students:** A foreign exchange student is a student that is in the U.S. under a J-1 Visa, and who is placed in a school by an educational exchange program approved by the Council on Standards for International Educational Travel (CSIET). ## **SECTION II: HEALTH & EMERGENCY PROCEDURES**

### **PRE-SEASON MEETING**

In each sport at all levels, coaches may have a pre-season meeting with parents. Parents should be contacted to ensure their attendance. At this meeting the coach will cover all procedures necessary to ensure a safe, cooperative and successful season. The student may not practice until the medical card is filled out and returned to the coach. The medical cards must be available to the coach at all practices and contests. It is recommended they be kept in the medical kit.

### **PROCEDURES IN THE EVENT OF AN INJURY**

If in the event a student is injured on school grounds or at an athletic contest and requires the services of a physician, the following procedures should be followed:

- Contact 911 immediately in cases of serious injury or illness.
- Call the emergency number listed for the parents on the student medical card.
- If appropriate, follow the parental instructions on transporting the student. In non-emergency situations, the parent(s) will make the decision regarding transportation of the student and the physician or hospital to be used.
- EMT/PARAMEDICS will make the decision as they deem appropriate and necessary or if parents cannot be reached.
- The coach shall contact his/her site athletic director and/or principal as soon as possible and no later than the following morning.
- The coach should complete a serious incident report form.
- The coach should make every attempt to follow up with the injured athlete.
- Coaches are to report all injuries to parents - even those that seem minor. Before an injured athlete may return to practice or competition, a doctor's release is required if the initial injury required a doctor's care.

If a student/athlete goes to the doctor, a signed release **must** be given to the Trainer to be placed in the student's medical records before the student may return to practice or competition. The Trainer must give the signed release to the coach prior to the coach allowing the student/athlete to practice or compete.

### **INFECTION CONTROL**

Because of close contact, infection control is important in athletics. Many community infections are skin infections. Skin infections are spread primarily by skin-to-skin contact with someone infected. Keeping the environment clean and disinfected is important for preventing the spread of all germs. Regular hand washing is the best way to prevent disease. Get back to the basics by using soap and water or hand sanitizer.

Ways to prevent infections:

- Keep cuts and scrapes covered with a clean, dry bandage until healed.
- Do not touch other people's wounds or bandages.
- Do not share personal items such as towels, washcloths, bar soap or razors.
- Do not share sports equipment. If equipment is shared, wear clothing underneath. Clean equipment and mats before and after use.
- Avoid unnecessary antibiotics.

## **WEATHER**

### **Extreme Heat Precautions**

Heat stroke, heat exhaustion, dehydration and severe sunburns can be very dangerous to students during outside sporting events. The following precautions should be taken:

- Be prepared to cancel practice or modify the practice schedules when extreme temperatures exist. Coaches will follow the AIA's "MODIFICATION OF SCHOOL-RELATED ACTIVITIES DUE TO WEATHER OR ENVIRONMENTAL CONDITIONS - POLICY and GUIDELINES".
- Have ice and water on hand and easily accessible during all practices.
- Take frequent fluids and rest breaks. NEVER WITHHOLD WATER BREAKS AS PUNISHMENT OR MOTIVATION!
- Coaches will try to schedule practice in the coolest part of the day - early morning or evening.
- Remove helmets and pads when not scrimmaging.
- Do not use salt tablets.
- Be attentive to heat illness and dehydration symptoms in athletes and treat them appropriately.
- Encourage athletes to drink fluids in the hours before practice (avoid soft drinks or beverages containing caffeine).
- In case of severe thunderstorms, move the students into the building when lightning is first noticed. Do not wait until the storm is breaking to move inside. Use the same procedure when sandstorms occur.

## **EATING DISORDERS**

Athletes and parents should be educated on the maintenance of healthy weight through sound eating behaviors and appropriate exercise.

Athletes who demonstrate unhealthy weight-control practices should be referred to the proper professional.

Athletes who intend to gain or lose weight should do so under the direction of a physician and follow the established principles for healthy weight reduction or gain.

## **HEAD INJURIES**

### **WHEN A CONCUSSION OCCURS**

If you suspect that a player has a concussion, implement your action plan by taking the following steps:

- Remove the athlete from play.
- Ensure that the athlete is evaluated by an appropriate health care professional. Call 911, as necessary.
- Inform the athlete's parent or guardian about the known or possible concussion and give them the fact sheet on concussions.
- Allow the athlete to return to play only with a written release from an appropriate health care professional.
- If loss of consciousness occurs, under no circumstances should the athlete return to play or practice for at least one week. Remember – It is better to miss one game than the whole season.
- The coach will complete the District's Student Injury Report (D-30) as soon as possible. The coach will contact his/her site Principal as soon as possible and no later than the following morning.
- If an athlete chooses to wear a non-SUSD helmet, he/she must provide proof to the site Athletic Director that the helmet has been professionally recertified on an annual basis.

## **CONCUSSION FACTS**

- A concussion is a traumatic injury to the brain because of a forceful blow, shaking or spinning.
- All concussions are serious.
- Concussions can occur without loss of consciousness.
- Concussions can occur in any sport.
- Recognition and proper management of concussions when they first occur can help prevent further injury, permanent disability, and death.

## **CONCUSSION SIGNS AND SYMPTOMS**

One or more of these signs and symptoms may indicate that a concussion has occurred.

## **CONCUSSION EDUCATION**

Educate athletes, parents and other school officials about the dangers and potential long-term consequences of concussions. Sometimes players, parents, and other school officials wrongly believe that it shows strength and courage to play injured. Make sure athletes, parents, and school officials:

- Can recognize signs and symptoms of concussions.
- Withhold athletes with known or suspected concussions from play until a health care professional has evaluated and cleared their return.
- Know to take all signs and symptoms of concussion seriously.
- Inform other coaching staff if an athlete receives a blow to the head, experiences symptoms of concussion, or behaves out of the ordinary.
- Insist that safety comes first.
- Teach athletes safe playing techniques and assure they follow the rules of play.
- Teach athletes that it is not smart to play injured.
- Prevent second impact syndrome. Once a person has had a concussion, he or she is as much as four times more likely to sustain a second one. Moreover, after several concussions, it takes less of a blow to cause the injury and requires more time to recover. In "second impact syndrome," massive swelling of the brain causes pressure inside the skull that chokes off the flow of fresh blood and leads to irreparable brain damage or death.

## **SUDDEN CARDIAC ARREST**

Sudden cardiac arrest (SCA) is a sudden, unexpected loss of heart function. SCA occurs when the electrical system to the heart malfunctions and becomes irregular or nonfunctional. The ventricles may flutter or quiver (ventricular fibrillation), and blood is not delivered to the body.

In the event of sudden cardiac arrest, the strongest determinant of survival is the time from cardiac arrest to defibrillation. Access to defibrillation within three to five minutes is essential. Each minute lost reduces the chance of survival by approximately 10 percent. Therefore, all coaching and athletic staff are encouraged to receive CPR and AED certification. Coaches should assign at least one adult at all athlete events on SUSD grounds to know where the closest automatic external defibrillator (AED) is kept and how to use it. AED protocol will be followed.

## **SECTION III: PARENTS**

### **A MESSAGE FROM THE DISTRICT ATHLETIC DIRECTOR**

The Scottsdale Unified School District considers interscholastic athletics an integral part of the total high school educational experience and strives to maintain the proper perspective for high school students. Athletic participation can help students improve their ability to work with others as well as develop the skills that help young adults become more productive citizens. Student athletes are expected to represent their schools, families, communities, and team in a positive and respectful manner so that their parents, teachers, peers, and community can be proud of their participation. Participation in interscholastic athletics is a privilege that the district bestows upon students who meet all eligibility as well as conduct requirements.

The SUSD Governing Board Policies and Regulations and the Arizona Interscholastic Association (A.I.A.) Bylaws govern the SUSD athletic program. In the event of a conflict, the Governing Board Policies, AIA rules and applicable laws shall take precedence over this Handbook.

If a school employee cannot be present, a school or District approved adult or volunteer may be acceptable. If no students are involved and the fundraiser is not on campus, neither SUSD nor school approval is needed. If fundraisers involve students, they are considered "Joint Ventures." The money raised must be divided between the Booster Club and the student club in proportion to parent and student involvement. A "Joint Venture" form must be completed and signed by a Booster Club officer, Student Club officer and Principal prior to the event. For details, see the yellow "Joint Venture" packet available from Assistant Principal for student services. Students may not waive individually their participation and reward of "Joint Venture." Collectively, however, a program or team may waive its status of "Joint Venture" if approved by the students or team as a whole and approved by the principal.

## **Direct Purchasing**

In the event the Booster Club or individual wishes to purchase items directly, they must do so in compliance with the bylaws and guidelines of the Booster Club and District Policy. Direct purchasing creates some dilemmas regarding ownership of the materials purchased. If the Booster Club or individual engages in direct purchases, the designation of ownership of the items must be part of the purchase. Should the purchase result in the district obtaining ownership of the items, said transfer of ownership must follow Governing Board Policy **KCD Public Gifts/ Donations to Schools**, and Regulation **KCD-R Public Gifts/Donations to Schools**. Items directly purchased by Booster Clubs or individuals must be sent and billed to the Booster Club or individual. The school/District will not be responsible for the purchase of items directly ordered by the Booster Club or individuals.

## **Facility Use- Rental Contracts**

Write one rental contract per year for all regular meetings and events held on campus (such as Book Fairs and Art Nights). Write a separate rental contract for any event which includes vendors staying on campus, concession stand use, food distribution or sales, and/or requires custodial fees. See also the Insurance section below. The district cannot sponsor a game of chance (such as Bingo), as it is considered gambling. A parent organization must determine for itself whether it faces any liability for hosting a game of chance.

**Insurance:** Insurance must be purchased for any school usage. SUSD requires \$1,000,000 general liability and \$100,000 property damage. The insurance certificate must name SUSD as additional insured. A list of companies is available upon request. For more information on facility usage, contact Kathy Franz at [kfranz@susd.org](mailto:kfranz@susd.org) or 480-484-6139.

## Giftng Process

1. Obtain a Gift Request Form from the Principal's administrative assistant.
2. Complete Gift Request Form and return to the principal's administrative assistant.
3. The appropriate administrator will review and sign it, and it will be sent to the district.
4. The Athletics and the SUSD Building Services Departments will review the request and place the request on an SUSD Governing Board Agenda.
5. When approved by the Board, the school may accept the gift.
6. The gift can then be accepted for school use.
7. Gifting can be a lengthy process, so great attention should be paid to detail.
8. For more information on the gifting process, please see **Governing Board Policy KCD Public Gifts/Donations to Schools**.
