The school unit does not discriminate on the basis of sex or other protected categories in its education programs and activities, as required by federal and state laws/regulations.

Discrimination against and harassment of school employees because of actual or perceived race, color, sex, sexual orientation, gender identity, religion, ancestry or national origin, age, familial status, disability, or genetic information are prohibited.

Discrimination against and harassment of students because of actual or perceived race, color, sex, sexual orientation, gender identity, religion, ancestry or national origin, or disability are prohibited.

For the purpose of this policy, “race” includes traits associated with race, including hair texture, Afro hairstyles, and protective hairstyles, including braids, twists, and locs.

The Board directs the school administration to implement a continuing program designed to prevent discrimination against all applicants, employees, students and other individuals having access rights to school premises and activities.

The school unit has designated and authorized an Affirmative Action Officer/Title IX Coordinator who is responsible for ensuring compliance with all federal and state requirements relating to nondiscrimination, including sexual harassment. Board Revised & Re-Approval Date: 7/18/2023

ACAA: Harassment & Sexual Harassment of Students

Harassment of students because of race, color, sex, sexual orientation, gender identity, religion, ancestry or national origin, or disability is prohibited. Such conduct is a violation of Board policy and may constitute illegal discrimination under state and federal laws.

For the purpose of this policy, “race” includes traits associated with race, including hair texture, Afro hairstyles, and protective hairstyles, including braids, twists, and locs.

School employees, fellow students, volunteers, visitors to the schools, and other persons with whom students may interact in order to pursue or engage in education programs and activities, are required to refrain from such conduct.

Harassment and sexual harassment of students by school employees is considered grounds for disciplinary action, up to and including discharge. Harassment and sexual harassment of students by other students is considered grounds for disciplinary action, up to and including expulsion. The Head of School will determine appropriate sanctions for harassment of students by persons other than school employees and students.

A. Harassment

Harassment includes, but is not limited to, verbal abuse and other offensive conduct based on race, color, sex, sexual orientation, gender identity, religion, ancestry or national origin, or disability. Harassment that rises to the level of physical assault, battery and/or abuse, and/or bullying behavior are also addressed in Board Policies JICIA – Weapons, Violence and School Safety and JICK – Bullying.

B. Sexual Harassment

Sexual harassment is addressed under federal and state laws/regulations. The scope and definitions of sexual harassment under these laws differ, as described below.

1. TITLE IX SEXUAL HARASSMENT

Under the federal Title IX regulations, sexual harassment includes the following conduct on the basis of sex which takes place within the context of the school unit’s education programs and activities:

- a. “Quid pro quo” sexual harassment by a school employee: Conditioning a school aid, benefit or service (such as a better grade or a college recommendation) on an individual’s participation in unwelcome sexual conduct;
- b. “Hostile environment” sexual harassment: Unwelcome conduct based on sex that a reasonable person would determine is so severe, pervasive and objectively offensive that it effectively denies an individual’s equal access to the school unit’s education programs and activities; or
- c. Sexual assault, dating violence, domestic violence and stalking as these terms are defined in federal laws.

2. Sexual Harassment Under Maine Law

Under Maine law, sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature in the following situations:

- a. Submission to such conduct is made either explicitly or implicitly a term or condition of a student’s educational benefits;
- b. Submission to or rejection of such conduct by a student is used as the basis for decisions on educational benefits; or
- c. Such conduct has the purpose and effect of substantially interfering with a student’s academic performance or creates an intimidating, hostile or offensive environment.

C. Reports and Complaints of Harassment or Sexual Harassment

All school employees are required to report possible incidents of harassment or sexual harassment involving students to the Affirmative Action Officer/Title IX Coordinator. Failure to report such incidents may result in disciplinary action.

Students, parents/legal guardians and other individuals are strongly encouraged to report possible incidents of harassment or sexual harassment involving students to the Affirmative Action Officer/Title IX Coordinator. The Affirmative Action Officer/Title IX Coordinator is also available to answer questions and provide assistance to any individual who is unsure whether harassment or sexual harassment has occurred.

All reports and complaints of harassment or sexual harassment against students shall be addressed through the Student Discrimination/Harassment and Title IX Sexual Harassment Procedures (ACAA-R).

Complaints alleging unlawful harassment or discrimination against employees based on a protected category should be addressed through the Board's Employee Discrimination/Harassment and Title IX Sexual Harassment Complaint Procedures (ACAB-R).

Any individual who is unsure about whether unlawful discrimination or harassment has occurred and/or or which complaint procedure applies is encouraged to contact the Affirmative Action Officer/Title IX Coordinator.

Title IX Coordinator(s):

1. *Point of Contact for Student/Families*: Dan Pierce & Heather Tyler, Guidance Counselors; 6 East Chestnut St. Suite 230, Augusta, ME 04330; Phone: 207-613-8900 ext. 2003.

Any student, parent/guardian, current or prospective employee or other individual within the school community who believes he/she has experienced and/or observed sex discrimination or sexual harassment (“grievant”) should promptly report the matter to the school’s Title IX Coordinator, a school counselor, principal or other school administrator. A Title IX grievant is requested to complete a complaint form. Complaints of alleged sex discrimination, including sexual harassment, brought forth by students, parents/guardians, current or prospective employees, and other members of the school community will be promptly investigated in an impartial and in as confidential a manner as reasonably possible, so that corrective action can be taken if necessary.

Section 1. Definitions

For purposes of these complaint procedures, the following definitions will be used. The Affirmative Action Officer/Title IX Coordinator shall assess all reports and complaints to ensure that they are addressed under the appropriate policy and complaint procedure.

A. Discrimination/Harassment Complaint Procedure Definitions

1. “Discrimination or harassment”: Discrimination or harassment on the basis of an individual’s membership in a protected category, which, for students, includes race (including traits associated with race involving hair texture, Afro hairstyles and protective hairstyles such as braids, twists and locs), color, sex, sexual orientation, gender identity, religion, ancestry, national origin or disability.
2. “Discrimination”: Treating individuals differently, or interfering with or preventing them from enjoying the advantages or privileges afforded to others because of their membership in a protected category.
3. “Harassment”: Oral, written, graphic, electronic or physical conduct relating to an individual’s actual or perceived membership in a protected category that is sufficiently severe, pervasive or persistent so as to interfere with or limit that individual’s ability to participate in the school unit’s programs or activities by creating a hostile, intimidating or offensive environment.
4. “Sexual harassment”: Under Maine law, this means unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature in the following situations:
 - d. Submission to such conduct is made either explicitly or implicitly a term or condition of a student’s educational benefits;
 - e. Submission to or rejection of such conduct by a student is used as the basis for decisions on educational benefits; or

- f. Such conduct has the purpose and effect of substantially interfering with a student's academic performance or creates an intimidating, hostile or offensive environment.
- 5. "Sexual orientation": Under Maine law, this means a person's "actual or perceived heterosexuality, bisexuality, homosexuality or gender identity or expression."
- 6. "Gender identity": Under Maine law, this means "the gender-related identity, appearance, mannerisms or other gender-related characteristics of an individual, regardless of the individual's assigned sex at birth."
- 7. "Complaint" is defined as an allegation that a student has been discriminated against or harassed on the basis of race, color, sex, sexual orientation, gender identity, religion, ancestry, national origin or disability (and not otherwise addressed in the Title IX regulations and Section 3 of ACAA-R).
- 8. Complaints of bullying not involving the protected categories or definitions described above may be addressed under Board Policy JICK – Bullying and Cyberbullying of Students.

B. Title IX Sexual Harassment Complaint Procedure Definitions

- 1. "Sexual Harassment": Under the federal Title IX regulations, sexual harassment includes the following conduct on the basis of sex which takes place within the context of the school unit's education programs and activities:
 - d. "Quid pro quo" sexual harassment by a school employee: Conditioning a school aid, benefit or service (such as a better grade or a college recommendation) on an individual's participation in unwelcome sexual conduct;
 - e. "Hostile environment" sexual harassment: Unwelcome conduct based on sex that a reasonable person would determine is so severe, pervasive and objectively offensive that it effectively denies an individual's equal access to the school unit's education programs and activities; or
 - f. Sexual assault, dating violence, domestic violence and stalking as these terms are defined in federal laws.
- 2. "Report": Under the Title IX regulations, any individual may make a report of sexual harassment involving a student, whether the individual is the alleged victim or not. School employees are required to report possible incidents of sexual harassment involving a student. A report must be made to the Affirmative Action Officer/Title IX Coordinator. A report triggers certain actions by the AAO/Title IX Coordinator for the alleged victim of sexual harassment, but an investigation is not conducted unless a "Formal Complaint" is filed.
- 3. "Formal Complaint": Under the Title IX regulations, the alleged victim of sexual harassment can file a written complaint that triggers the complaint procedure in Section 3 of ACAA-R. Only a student and/or their parent/legal guardian (and in certain circumstances, the AAO/Title IX Coordinator) may file a formal complaint.

4. “Student”: For the purposes of this procedure, a student is an individual who is enrolled or participating in the school unit’s education programs and activities, or is attempting to enroll or participate.

The grievance procedures will be as follows:

1. It is the express policy of Maine Virtual Academy to encourage the prompt reporting of claims of sex discrimination and/or sexual harassment. Timely reporting of complaints facilitates the investigation and resolution of such complaints. A form for such purpose can be found on our website and will also be provided to grievant. As it pertains to students, in appropriate circumstances, due to the age of the student making the complaint, a parent/guardian or school administrator may be permitted to fill out the form on the student’s behalf.
2. At the time the complaint is filed, the grievant shall be given a copy of these grievance procedures. It is the responsibility of the Title IX Coordinator or designee to explain these procedures and answer any questions anyone has. In addition, if the grievant is a minor student, the Title IX Coordinator should consider whether a child abuse report should be completed in accordance with Maine Virtual Academy’s policy on the Reports of Suspected Child Abuse or Neglect of Children.
3. The Title IX Coordinator or designee shall investigate the complaint as promptly as practicable but in no case more than ten (10) working days from the date the complaint was received. The Title IX Coordinator shall have the complete cooperation of all persons during the investigation.
4. The Title IX Coordinator shall meet with all individuals reasonably believed to have relevant information, including the grievant and the individual(s) against whom the complaint was lodged, and any witnesses to the conduct. The investigation shall be carried on discreetly, maintaining confidentiality insofar as reasonably possible while conducting an effective investigation.
5. If after an investigation, the Title IX Coordinator determines that there is reasonable cause to believe that sex discrimination or sexual harassment has occurred, the Maine Virtual Academy shall take appropriate corrective action in an effort to ensure that the conduct ceases and will not recur. The Title IX Coordinator shall also provide and or arrange for confidential counseling or training where appropriate. In addition, the Title IX Coordinator or designee shall seek an informal agreement between the parties which is consistent with Maine Virtual Academy’s Title IX principles and goals.
6. If no agreement satisfactory to the parties can be reached within twenty (20) working days from receipt of the complaint, the Title IX Coordinator or designee shall make a report to the School Board within thirty (30) working days from receipt of the complaint
7. The School Board shall review the case and make its recommendations to the Title IX Coordinator within fifteen (15) working days after receiving the grievance.
8. The Title IX Coordinator shall make provisions to maintain all records of complaints and their disposition.
9. Retaliation against an individual for filing a complaint or cooperating in an investigation is strictly prohibited, and Maine Virtual Academy will take actions necessary to prevent such retaliation.

Board Revised & Re-Approval Date: 7/18/2023

ACAAA: Transgender & Gender Expansive Students Administrative Procedure

A. PURPOSE

The purposes of this administrative procedure are to: (1) foster a learning environment that is safe and free from discrimination, harassment and bullying; and (2) assist in the educational and social integration of transgender and gender expansive students in our schools. This

administrative procedure is intended to be interpreted in light of applicable federal and state laws/regulations, as well as other applicable Board policies, procedures and school rules.

This administrative procedure is not intended to anticipate every possible situation that may occur, since the needs of particular students and families differ depending on the student's age and other factors. In addition, the programs, facilities and resources of each school differ. Administrators and school staff are expected to consider the needs of students on a case-by-case basis, and to utilize this administrative procedure and other available resources as appropriate.

B. DEFINITIONS

The following definitions are not intended to provide rigid labels for students, but to assist in discussing and addressing the needs of students. Except as

specifically defined in Maine law, the terminology in this area is constantly evolving, and preferences for particular terminology vary widely. Administrators, school staff, volunteers, students and others who interact with students are expected to be sensitive to the ways in which individual transgender and gender expansive students may wish to be identified. However, for the sake of brevity, this administrative procedure refers to "transgender students" and "gender expansive students."

1. *Sexual orientation* – Sexual orientation is defined in the Maine Human Rights Act as an individual's "actual or perceived heterosexuality, bisexuality, homosexuality or gender identity or expression."
2. *Gender identity* – Gender identity is defined in the Maine Human Rights Act as "gender-related identity, appearance, mannerisms or other gender-related characteristics of an individual, regardless of the individual's assigned sex at birth."
3. *Gender expression* – The manner in which a person represents or expresses gender to others, often through behavior, clothing, hairstyles, activities, voice or mannerisms.
4. *Gender expansive* – An umbrella term used to describe a person who expands notions of gender expression and identity beyond perceived or expected societal gender norms.
5. *Transgender* – An adjective describing a person whose gender identity or expression is different from that traditionally associated with an assigned sex at birth.
6. *Transition* – The process by which a person goes from living and identifying as one gender to living and identifying as another gender. For most elementary and secondary students, this involves no or minimal medical interventions. Transgender students under the age of 18 are often in a process of social transition from one gender to another.

C. ADDRESSING THE NEEDS OF TRANSGENDER AND GENDER EXPANSIVE STUDENTS

For the purposes of this administrative procedure, a student will be considered transgender or gender expansive if, at school, they assert a gender identity or expression different from the gender assigned at birth. This involves more than a casual declaration of gender identity or expression, but it does not require a medical diagnosis.

If a student and/or their parent(s)/guardian(s) want the school to recognize the student's identity as transgender or gender expansive, the following procedure will be used.

1. A transgender or gender expansive student and/or their parent(s)/guardian(s) should contact the Head of School or the student's guidance counselor. In the case of a student who has not yet enrolled in school, the appropriate Head of School should be contacted.
2. If requested by the student, or if deemed necessary by the administration to address school-related issues, a meeting will be scheduled to discuss the student's particular circumstances and needs. In addition to the student, and depending on the particular needs of the student, other participants in the meeting may include the parent(s)/guardian(s), a Head of School, a guidance counselor or social worker, the school nurse, and/or other school staff. Outside providers and/or a support person for the student may also be include if appropriate.
3. In the case of a student who has not yet informed their parent(s)/guardian(s), the administrator should first discuss parent/guardian involvement with the student to avoid inadvertently putting the student at risk by contacting their parent(s)/guardian(s). The student will be notified by the administrator prior to contacting their parent(s)/guardian(s).
4. If requested by the student, or deemed necessary by the administration to address school-related issues, a plan will be developed by the school in consultation with the student and other meeting participants. If the student has an IEP and/or a 504 Plan, the provisions of these plans should be taken into consideration in developing a plan for addressing transgender and gender expansive issues within the school program.
5. The school administration may request documentation from outside providers if deemed necessary to assist in developing a plan appropriate for the student.
6. Any plan developed must be reviewed and approved by the Head of School. If the parties involved in developing the plan cannot reach an agreement about the elements of the student's plan, the Head of School shall be consulted as appropriate.

D. GUIDANCE ON SPECIFIC ISSUES

1. **Privacy:** All students have a right to privacy. This includes the right to keep private one's transgender status or gender non-conforming presentation at school. In some cases, a student may want school staff and students to know that they are transgender or gender expansive, and in other cases the student may not want this information to be widely known. Accordingly:
 - a. The student's plan shall be kept confidential and shared only with individuals attending the plan development meeting, the Head of School, others with a bona fide need to know, and, if necessary, the district's legal counsel.

- b. As part of the development of the student's plan, the discussion should include what information may be shared, to whom the information may be shared, and how the information should be shared.
- c. School staff should take care to follow the student's plan and not to inadvertently disclose information that is intended to be kept private or that is protected from disclosure (such as confidential medical information, the student's transgender status, their legal name, or sex assigned at birth).
- d. School staff should keep in mind that under FERPA, student records may only be accessed and disclosed to parents/guardians and to staff with a legitimate *educational* interest in the information. Disclosures to others should only be made with appropriate authorization from the administration and/or parents/guardians.

1. **School Records:** Schools are required to maintain a large number of records for students. If a student makes a legal change in their name and/or gender, appropriate documentation should be provided to the Head of School and records will be changed.

A student who has not legally changed their name and/or gender may still request that the school unit utilize their preferred name and/or gender on school records, and this request will be honored to the extent that the school unit is not legally required to use a student's legal name or gender on particular records. This information should be included in any plan developed for the student.

If a student requests a change to their name and/or gender in school records without parental approval, the Head of School should be consulted, and the matter resolved on a case-by-case basis. Students should be informed that parents/guardians have a right to access all education records of their child and therefore the school cannot keep the change in name and/or gender a secret. This information should be discussed in the development of the student's plan.

In the event of a student transfer to a new school unit, the Head of School will identify a person who will inform the new school unit or out-of-district school program that the student's records indicate a change in name preference, and what the student's prior and current name preferences are.

2. **Names/Pronouns:** The student should be addressed by school staff, substitutes, volunteers and other students by the name and pronoun corresponding to their gender identity that is asserted at school.
3. **Restrooms:** The student is permitted to use the restrooms that most closely match their gender identity. If the student expresses a need for privacy, they will be provided with access to reasonable alternative facilities or accommodations such as a single-occupancy toilet facility or a staff facility. However, the student shall not be required to use a separate non-communal facility over their objection.
4. **Locker Rooms:** The student is permitted to use the locker room that most closely matches their gender identity. If the student expresses a need for privacy, they will be provided with access to reasonable alternative facilities or accommodations, such as using a separate stall, a staff facility, or an alternative schedule.

5. **Other Gender-Segregated Facilities or Activities:** As a general rule, in any other facilities or activities when students may be separated by gender, the student may participate in accordance with their gender identity. Participation in interscholastic athletic activities will be addressed in accordance with current Maine Principals Association guidelines and procedures.
6. **Dress Code:** The student is expected to comply with Board policies and school rules regardless of gender identity.

E. SAFETY AND SUPPORT FOR TRANSGENDER AND GENDER EXPANSIVE STUDENTS

1. As part of the support plan development, the concerned parties should discuss safe zones (ex. main office, counselor's office) the student may access at any time the student feels unsafe or uncomfortable. A support person (and possibly a back-up person) should also be identified for each student.
2. School staff are expected to comply with any plan developed for a transgender or gender expansive student.
3. School staff are expected to promptly notify the Head of School or other designated support person for the student if there are concerns about the plan, or about the student's safety or welfare.
4. School staff should be sensitive to the fact that transgender and gender expansive students can be at higher risk for being bullied or harassed, and should immediately notify the appropriate administrator if they become aware of a problem.

F. STAFF TRAINING AND INFORMATIONAL MATERIALS

1. The Head of School may institute in-service training and/or distribute educational materials about transgender and gender expansive issues to school staff as they deem appropriate.

Complaints alleging harassment or discrimination against students based on a protected category should be addressed through the Board’s Student Discrimination/

Harassment and Title IX Sexual Harassment Complaint Procedures (ACAA-R).

Any individual who is unsure about whether discrimination or harassment has occurred and/or or which complaint procedure applies is encouraged to contact the Affirmative Action Officer/Title IX Coordinator.

Section 1. Definitions

For purposes of these complaint procedures, the following definitions will be used. The Affirmative Action Officer/Title IX Coordinator shall assess all reports and complaints to ensure that they are addressed under the appropriate policy and complaint procedure.

C. Discrimination/Harassment Complaint Procedure Definitions

9. “Discrimination or harassment”: Discrimination or harassment on the basis of an individual’s membership in a protected category, which, for employees, includes race (*including traits associated with race involving hair texture, Afro hairstyles and protective hairstyles such as braids, twists and locs*), color, sex, sexual orientation, gender identity, age, familial status, religion, ancestry, national origin, genetic information or disability.
10. “Discrimination”: Treating individuals differently or interfering with or preventing them from enjoying the advantages or privileges afforded to others because of their membership in a protected category.
11. “Harassment”: Oral, written, graphic, electronic or physical conduct relating to an individual’s actual or perceived membership in a protected category that is sufficiently severe, pervasive or persistent so as to interfere with or limit that individual’s ability to participate in the school unit’s programs or activities by creating a hostile, intimidating or offensive environment.
12. Under Title VII and under Maine law/regulations, sexual harassment is defined differently than under Title IX. Maine Human Rights Commission regulations define sexual harassment as conduct on the basis of sex which satisfies one or more of the following:
 - a. Submission to such conduct is made either explicitly or implicitly on a term or condition of an individual’s employment.
 - b. Submission to or rejection of such conduct by an employee is used as the basis for employment decisions affecting the employee; or
 - c. Such conduct has the purpose or effect of unreasonably interfering with an individual’s work performance or creating an intimidating, hostile or offensive working environment.
13. “Sexual orientation”: Under Maine law, this means a person’s “actual or perceived heterosexuality, bisexuality, homosexuality or gender identity or expression.”
14. “Gender identity”: Under Maine law, this means “the gender-related identity, appearance, mannerisms or other gender-related characteristics of an individual, regardless of the individual’s assigned sex at birth.”
15. “Complaint” is defined as an allegation that an employee or other third party has been discriminated against or harassed on the basis of race, color, sex, sexual orientation, gender identity, age, familial status, religion, ancestry, national origin, genetic information or disability (and in regard to sex, conduct not otherwise addressed in the Title IX regulations and Section 3 of ACAB-R).

16. “Employee”: Whenever the term “employee” is used in Section 2, it includes visitors or others who have a lawful basis to make a complaint of discrimination or harassment.
17. “Familial status”: Under Maine law, this means a family unit that contains:
 - a. One or more individuals who have not attained 18 years of age and are living with a parent or another person having legal custody of the individual or individuals or the designee of the parent or other person having custody with the written permission of the parent or other person; or
 - b. One or more individuals 18 years of age or older who lack the ability to meet essential requirements for physical health, safety or self-care because the individual or individuals are unable to receive and evaluate information or make or communicate decisions.

D. Title IX Sexual Harassment Complaint Procedure Definitions

1. “Title IX sexual harassment”: Under the federal Title IX regulations, sexual harassment includes the following conduct on the basis of sex which takes place within the context of the school unit’s education programs and activities:
 - a. “Quid pro quo” sexual harassment by a school employee: Conditioning a school aid, benefit or service (such as a promotion or favorable evaluation) on an individual’s participation in unwelcome sexual conduct;
 - b. “Hostile environment” sexual harassment: Unwelcome conduct based on sex that a reasonable person would determine is so severe, pervasive and objectively offensive that it effectively denies an individual’s equal access to the school unit’s education programs and activities; or
 - c. Sexual assault, dating violence, domestic violence and stalking as these terms are defined in federal laws.
2. “Report”: Under the Title IX regulations, any individual may make a report of sexual harassment involving an employee, whether the individual is the alleged victim or not. A report must be made to the Affirmative Action Officer/Title IX Coordinator. A report triggers certain actions by the AAO/Title IX Coordinator for the alleged victim of sexual harassment, but an investigation is not conducted unless a “Formal Complaint” is filed.
3. “Formal Complaint”: Under Title IX, the alleged victim of sexual harassment can file a written complaint that triggers the complaint procedure in Section 3 of ACAB-R. Only a school employee (and in certain circumstances, the AAO/Title IX Coordinator) may file a formal complaint.
4. “Employee”: For the purpose of this procedure, “employee” means an applicant for employment or a current employee of the school unit.

MEVA provides you with a convenient and reliable method for reporting incidents of alleged harassment, including sexual harassment, and discrimination. Any employee who feels harassed or

discriminated against is encouraged to immediately inform the alleged offender that the behavior is unwelcome. In many instances, the person is unaware his or her conduct is offensive, and this action alone may often resolve the problem. If the informal discussion with the alleged offender is unsuccessful in remedying the problem, or if you do not feel comfortable with such an approach, you should immediately report the conduct to your immediate supervisor and/or the Head of School and HR. We cannot resolve a harassment or discrimination problem unless we know about it. Therefore, it is your responsibility to bring those kinds of problems to our attention so we can take the necessary steps to correct any problems. The report should include all facts available to you regarding the alleged harassment, sexual harassment, or discrimination.

Confidentiality

All reports of alleged harassment, sexual harassment, or discrimination will be treated seriously. Confidentiality will be maintained to the extent possible. However, to conduct a thorough investigation, certain information may need to be disclosed to other individuals, including the alleged offender. Consequently, absolute confidentiality cannot be promised and cannot be guaranteed.

This procedure should be used for any complaint of unlawful harassment or discrimination based on a protected category which does not involve Title IX sexual harassment.

How to Make A Complaint

1. An employee who believes they have been unlawfully harassed or discriminated against (as such terms are defined in Section 1.A.1-3) is encouraged to try to resolve the problem by informing the individual(s) that the behavior is unwelcome or offensive, and requesting that the behavior stop. This shall not prevent the employee from making an immediate complaint to the AAO/Title IX Coordinator.
2. Any employee who believes they have been harassed or discriminated against should report their concern promptly to the AAO/Title IX Coordinator. A written complaint must include basic information concerning the allegation of harassment or discrimination (i.e., date, time, location, individual(s) who alleged engaged in harassment or discrimination, description of allegation).
3. Employees who are unsure as to whether unlawful discrimination or harassment has occurred, or who need assistance in preparing a written complaint, are encouraged to discuss the matter with the AAO/Title IX Coordinator.
4. Employees will not be retaliated against for reporting suspected discrimination or harassment, or for participating in an investigation. Retaliation is illegal under federal and state nondiscrimination laws, and any retaliation will result in disciplinary measures, up to and including discharge.
5. Any employee who believes they have been discriminated against or harassed is encouraged to utilize the school unit's complaint procedure. However, employees are hereby notified that they also have the right to report incidents of discrimination or harassment to the Maine Human Rights Commission, 51 State House Station, Augusta, Maine 04333 (telephone: 207-624-6290) and/or to the federal Office for Civil Rights, U.S. Department of Education, 5 Post Office Square, 8th Floor, Boston, MA 02109-3921 (telephone: 617-289-0111).

A. Complaint Handling and Investigation

1. The AAO/Title IX Coordinator will promptly inform the Head of School and the person who is the subject of the complaint (respondent) that a complaint has been received.
2. The AAO/Title IX Coordinator may pursue an informal resolution of the complaint with the agreement of the parties involved. Any party to the complaint may decide to end the informal resolution process and pursue the formal process at any point. Any informal resolution is subject to the approval of the parties and the Head of School, who shall consider whether the resolution is in the best interest of the school unit and the parties in light of the particular circumstances and applicable policies and laws.
3. The AAO/Title IX Coordinator may implement supportive measures (consistent with any applicable collective bargaining agreement provisions) to reduce the risk of further discrimination or harassment while an investigation is pending. Examples of supportive measures include, but are not limited to, ordering no contact between the individuals involved; changing a work location or changing a work schedule.
4. The complaint will be investigated by a trained internal or external individual designated by the Head of School and the AAO/Title IX Coordinator. Any complaint about an employee who holds a supervisory position shall be investigated by a person who is not subject to that supervisor's authority. Any complaint about the Head of School should be submitted to the Chair of the Board, who should consult with legal counsel concerning the handling and investigation of the complaint.
5. The investigator shall consult with the AAO/Title IX Coordinator as agreed during the investigation process.
6. The respondent will be provided with an opportunity to be heard as part of the investigation. The complainant shall not be required to attend meetings with the respondent, but may choose to do so as part of an informal resolution process.
7. The complainant and the respondent may suggest witnesses and/or submit materials they believe are relevant to the complaint.
8. If the complaint is against an employee of the school unit, any rights conferred under an applicable collective bargaining agreement shall be applied.
9. Privacy rights of all parties to the complaint shall be maintained in accordance with applicable state and federal laws.
10. The investigation shall be completed within 40 business days of receiving the complaint, if practicable. Reasonable extensions of time for good reason shall be allowed.
11. The investigator shall provide a written report and findings to the AAO/Title IX Coordinator.

B. Findings and Subsequent Actions

1. The AAO/Title IX Coordinator shall consult with the Head of School concerning the investigation and findings.
2. If there is a finding that discrimination or harassment occurred, the AAO/Title IX Coordinator, in consultation with the Head of School:
 - a. Shall determine what remedial action, if any, is required to end the discrimination or harassment, remedy its effect and prevent recurrence; and
 - b. Determine what disciplinary action should be taken against the individual(s) who engaged in discrimination or harassment, if any.
3. Inform the complainant and the respondent in writing of the results of the investigation and its resolution (in accordance with applicable state and federal privacy laws).

C. Appeals

1. After the conclusion of the investigation, the complainant or respondent may seek an appeal of the findings solely on the basis of either: (a) prejudicial procedural error or (b) the discovery of previously unavailable relevant evidence that could significantly impact the outcome.
2. Appeals must be submitted in writing to the Head of School within five business days after receiving notice of the resolution.
3. Upon receipt of a valid appeal, the Head of School shall provide notice to the other party, along with an opportunity to provide a written statement within five business days.
4. The Head of School shall review the available documentation and may conduct further investigation if deemed appropriate.
5. The Head of School's final decision on the appeal shall be provided to the parties within 10 business days, if practicable.
6. The Head of School's decision is also eligible for appeal to the Board. To file an appeal to the Board, please submit a detailed request in writing at board@mainevirtualacademy.org

D. Records

The AAO/Title IX Coordinator shall keep a written record of the complaint process.

Section 3. Title IX Sexual Harassment Complaint Procedure

This section should be used only for complaints of Title IX sexual harassment as defined in Section 1.B.1.

A. How to Make A Report

1. Any individual who believes an employee has been sexually harassed (as this term is defined in Section 1.B.1) may make a report to the AAO/Title IX Coordinator.
2. If the individual making the report is the alleged victim, or if the alleged victim is identified by the individual making the report, the AAO/Title IX Coordinator will meet with the alleged victim to discuss supportive measures that may be appropriate in the particular circumstances and explain the process for filing a formal complaint.
 - a. Supportive measures are individualized measures designed to ensure the employee can continue to access and perform their work (such as requiring no contact between individuals, temporarily moving work locations or changing schedules, etc.).
 - b. Supportive measures may be continued even if the alleged victim chooses not to file a formal complaint, if appropriate under the particular circumstances.
3. The school unit cannot provide an informal resolution process for resolving a report until a formal complaint is filed.
4. Employees will not be retaliated against for reporting sexual harassment, or for participating in an investigation. Retaliation is illegal under federal and state nondiscrimination laws, and any retaliation will result in disciplinary actions, up to and including discharge.
5. Any employee who believes they have been the victim of sexual harassment is encouraged to utilize the school unit's complaint procedures. However, employees are hereby notified that they also have the right to report sexual harassment to the Maine Human Rights Commission, 51 State House Station, Augusta, Maine 04333 (telephone: 207-624-6290) and/or to the federal Office for Civil Rights, U.S. Department of Education, 5 Post Office Square, 8th Floor, Boston, MA 02109-3921 (telephone: 617-289-0111).
6. The Head of School shall be informed of all reports and formal complaints of sexual harassment.

B. How to Make A Formal Complaint

1. An alleged victim may file a formal written complaint requesting investigation of alleged Title IX sexual harassment. The written complaint must include basic information

concerning the allegation of sexual harassment (i.e., date, time, location, individual(s) who alleged engaged in sexual harassment, description of allegation).

Employees who need assistance in preparing a formal written complaint, are encouraged to consult with the AAO/Title IX Coordinator.

2. In certain circumstances, the AAO/Title IX Coordinator may file a formal complaint even when the alleged victim chooses not to. Examples include if the respondent (person alleged to have engaged in sexual harassment) has been found responsible for previous sexual harassment or there is a safety threat within the school unit). In such cases, the alleged victim is not a party to the case, but will receive notices as required by the Title IX regulations at specific points in the complaint process.
3. In accordance with the Title IX regulations, the AAO/Title IX Coordinator must dismiss a formal complaint under this Title IX procedure if: a) the conduct alleged in the formal complaint does not constitute sexual harassment under the Title IX regulations and this policy; b) if the conduct alleged did not occur within the scope of the school unit's education programs and activities, or c) did not occur in the United States.
4. In accordance with the Title IX regulations, the AAO/Title IX Coordinator may dismiss a formal complaint under this Title IX procedure if: a) a complainant withdraws the formal complaint, or withdraws particular allegations within the complaint; b) the respondent is no longer employed by the school unit; or c) there are specific circumstances that prevent the school unit from gathering evidence sufficient to reach a determination regarding the formal complaint.
5. If a formal complaint is dismissed under this Title IX procedure, the AAO/Title IX Coordinator will promptly and simultaneously send written notices to the parties explaining the reasons. Parties have the opportunity to appeal dismissals in accordance with subsection I below.
6. If the conduct alleged potentially violates other laws, Board policies and/or professional expectations, the school unit may address the conduct under Section 2 or another applicable policy/procedure.

C. Administrative Leave

1. The Head of School may place an employee respondent on administrative leave during the complaint procedure in accordance with any applicable State laws, school policies and collective bargaining agreement provisions.
2. Any decision to place an employee respondent on administrative leave shall be made in compliance with any applicable disability laws, including Section 504 of the Rehabilitation Act and the Americans with Disabilities Act.

D. Notice to Parties of Formal Complaint

1. The Title IX Coordinator will provide to the parties written notice of the formal complaint and allegations of sexual harassment potentially constituting prohibited conduct under the Title IX regulations and this procedure. The notice will include:
 - Notice regarding the complaint procedure and the availability of an informal resolution process;
 - Sufficient details known at the time (including identities of parties, if known; the conduct alleged; and the date and location of the alleged incident, if known), with sufficient time to prepare before any initial interview (not less than five business days);
 - As required by the Title IX regulations, a statement that the respondent is presumed not responsible for the alleged conduct and that a determination of responsibility will be made at the conclusion of the complaint); and that the parties may inspect and review evidence;
 - Notice that the parties may each have an advisor of their choice (who may be an attorney);
 - Notice that knowingly making false statements or submitting false information during the complaint procedure is prohibited and may result in disciplinary action; and
 - Notice of the name of the investigator, with sufficient time (no less than three business days) to raise concerns of conflict of interest or bias.
2. If additional allegations become known at a later time, notice of the additional allegations will be provided to the parties.
3. The AAO/Title IX Coordinator will discuss supportive measures with each party and implement such measures as appropriate.

E. Informal Resolution Process

After a formal complaint has been filed, and if the AAO/Title IX Coordinator believes the circumstances are appropriate, the AAO/Title IX Coordinator may offer the parties the opportunity to participate in an informal resolution process to resolve the complaint without completing the investigation and determination process. Informal resolutions cannot be used to resolve a formal complaint where a student is the complainant and the respondent is an employee.

Informal resolutions can take many forms, depending on the particular case. Examples include, but are not limited to, facilitated discussions between the parties; restorative justice; acknowledgment of responsibility by a respondent; apologies; disciplinary actions against a respondent or a requirement to engage in specific services; or supportive measures. Both parties must voluntarily agree in writing to participate in an informal resolution process, and either party can withdraw from the process at any time. The Head of School must agree to the terms of any informal resolution reached between the parties. If an informal resolution agreement is reached, it must be signed by both parties and the school unit. Any such signed agreement is final and binding according to its terms.

If an informal resolution process does not resolve the formal complaint, nothing from the informal resolution process may be considered as evidence in the subsequent investigation or determination.

F. Investigation

1. The complaint will be investigated by a trained internal or external individual designated by the Head of School and AAO/Title IX Coordinator. Any complaint about an employee who holds a supervisory position shall be investigated by a person who is not subject to that supervisor's authority. Any complaint about the Head of School should be submitted to the Chair of the Board, who should consult with legal counsel concerning the handling and investigation of the complaint.
2. The investigator shall consult with the AAO/Title IX Coordinator as agreed during the investigation process.
3. If the complaint is against an employee of the school unit, rights conferred under an applicable collective bargaining agreement shall be applied, to the extent they do not conflict with the Title IX regulatory requirements.
4. Privacy rights of all parties to the complaint shall be maintained in accordance with applicable state and federal laws.
5. The investigator will:
 - a. Meet with each party after they have received appropriate notice of any meeting and its purpose, with sufficient time to prepare.
 - b. Allow parties to have their advisor at all meetings related to the complaint, although advisors may not speak on behalf of a party or interfere with the process.
 - c. Allow parties a reasonable opportunity to identify witnesses and submit favorable and unfavorable evidence.
 - d. Interview witnesses and conduct such other activities that will assist in ascertaining facts (site visits, review of documents, etc.).
 - e. Consider evidence that is relevant and directly related to the allegations in the formal complaint.
 - f. During the course of the investigation, provide both parties with an equal opportunity to inspect and review any evidence that is obtained in the investigation that is directly related to the allegations in the formal complaint (including evidence which the school unit does not intend to rely upon in reaching a determination of responsibility), and favorable and unfavorable evidence.
 - g. Prior to completion of the investigation report, provide each party and advisor (if any) the evidence subject to inspection and review, and provide the parties with ten business days to submit a written response.

- h. Consider the parties' written responses to the evidence prior to completing the investigation report.
 - i. Create an investigative report that fairly summarizes relevant evidence and send the report to the parties and advisors (if any), for their review and written responses within ten business days of receipt.
 - j. After receipt of the parties' written responses (if any), forward the investigation report and party responses to the assigned decision maker.
- 6. The investigation shall be concluded within 40 business days if practicable. Reasonable extension of time for good reason shall be allowed.

G. Determination of Responsibility

- 1. The decision maker shall provide the parties with the opportunity to submit written, relevant questions that the party wants asked of another party or witness within five business days of when the decision maker received the investigation report and party responses.
 - a. The decision maker shall explain to a party proposing questions if the decision maker excludes a question as not relevant.
- 2. Each party shall be provided the opportunity to review the responses of another party and/or witness, and to ask limited written follow-up questions within five business days of receiving the answers.
- 3. Each party will receive a copy of the responses to any follow-up questions.
- 4. The decision maker shall review the investigation report, the parties' responses and other relevant materials, applying the preponderance of the evidence standard ("more likely than not").
- 5. The decision maker shall issue a written determination, which shall include the following:
 - a. Identification of all the allegations potentially constituting sexual harassment as defined in the Title IX regulations and this policy;
 - b. A description of the procedural steps taken from receipt of the formal complaint through the determination, including notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and meetings held;
 - c. A determination regarding responsibility as to each allegation and findings of fact supporting the determinations;
 - d. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the school unit

imposes on the respondent, and whether remedies designed to restore or preserve equal access to the school unit's programs and activities will be provided to the complainant;

- e. The school unit's appeal procedure and permissible bases for the parties to appeal the determination.
6. The written determination shall be provided to the parties simultaneously. The determination concerning responsibility becomes final either on the date that the school unit provides the parties with the written determination of the results of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which the appeal would no longer be considered timely.

H. Remedies, Discipline and Other Actions

1. Remedies

Remedies are measures used to ensure that the complainant has equal access to the school unit's education programs and activities following the decision maker's determination. Such remedies may include supportive measures, and may include other appropriate measures, depending upon the determination and the needs of the complainant. The Title IX Coordinator is responsible for implementing remedies and providing any needed assistance to the Complainant.

2. Discipline and Other Actions

The following are examples of the types of disciplinary actions that may be imposed on an employee when there is a determination that they are responsible for one or more violations involving sexual harassment:

- Written warning.
- Probation.
- Demotion.
- Suspension without pay.
- Discharge.

The following are examples of other types of actions that may be imposed on an employee when there is a determination of responsibility:

- Performance improvement plan.
- Counseling.
- Training.
- Loss of leadership/stipend position.

I. Appeals

The parties have the opportunity to appeal a determination regarding responsibility, and from dismissals of formal complaints. Under the Title IX regulations, appeals are allowed on the following grounds:

1. A procedural irregularity that affected the outcome of the matter;
2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal of the formal complaint was made, that could affect the outcome of the matter; or
3. The Title IX Coordinator, investigator, or decision maker had a conflict of interest or bias for or against complainants or respondents generally, or the individual complainant or respondent that affected the outcome of the matter.

An appeal must be filed in writing within five business days of receiving the determination, stating the grounds for the appeal and including any relevant documentation in support of the appeal. Appeals submitted after this deadline are not timely and shall not be considered.

1. Appeals must be filed with the Head of School, who will consider the appeal.
2. The Head of School shall conduct an impartial review of the appeal, including consideration of the written record of the matter, and may consult with legal counsel or other school unit officials in making their decision.
3. The Head of School shall issue a written decision describing the result of the appeal and rationale for the result, and provide the written decision simultaneously to the parties. The decision will either deny the appeal; grant the appeal and remand to the decision maker for further consideration; or grant the appeal by revising the disciplinary action(s).

J. Records

Records in connection with sexual harassment reports and the complaint process shall be maintained for a minimum of seven years.

Injurious hazing activities of any type, either on or off school property, by any student, staff member, group or organization affiliated with this school unit, are inconsistent with the educational process and shall be prohibited at all times. No administrator, faculty member, or other employee of the school unit shall encourage, permit, condone, or tolerate injurious hazing activities. No student, including leaders of student organizations, shall plan, encourage, or engage in injurious hazing activities. ADAA: Commitment to Standards for Ethical and Responsible Behavior

The School Board believes that promoting ethical and responsible behavior is an essential part of Maine Virtual Academy’s educational mission and vision. The Board recognizes that ethics, constructive attitudes, responsible behavior, and “character” are important if a student is to leave school as a “responsible and involved citizen,” as described in the Guiding Principles of the Maine Learning Results. The Board also recognizes that Maine law requires the adoption of a district-wide student code of conduct consistent with statewide standards for student behavior developed by the Commissioner of the Department of Education in compliance with 20-A MRSA § 254(11).

The Board seeks to create and maintain a school climate in which ethical and responsible behavior can flourish. The Board believes that instilling a sense of ethics and responsibility in students requires setting positive expectations for student behavior as well as establishing disciplinary consequences for behavior that violates Board policy or school rules. Further, the Board believes that in order to teach ethical and responsible behavior, adults who interact with students must strive to model and reinforce ethical and responsible behavior. To that end, the Board supports an active partnership between schools and parents.

Recognizing that collaboratively identified core values are the foundation for a school culture that encourages and reinforces ethical and responsible student behavior, the Board is committed to the establishment and implementation of a process for identifying shared values and setting and enforcing standards for behavior, including prescription of consequences for unacceptable behavior. The process for identifying such shared values will invite and include the participation of Board members, school administrators, staff, parents, students, and the community. Core values will be reviewed periodically, with opportunity for public participation. The Board will direct the Head of School to develop a process to assess school system progress toward achievement of an ethical and responsible school culture.

ADF: Commitment to Learning Results

Maine Virtual Academy uses Maine's system of Learning Results. The Learning Results system is intended to serve as a foundation for education reform and to promote and provide assessment of student learning, accountability and equity. The Board recognizes that the legislative intent of the Learning Results system is to provide children with schools that reflect high expectations and create conditions where these expectations can be met. Maine Virtual Academy understands that implementation of the Learning Results system and the mandate to provide all students with equitable opportunities to meet the content standards of the system of Learning Results have broad implications for the school unit, including curriculum, budget, professional development, student assessment, professional evaluation, and graduation requirements. The Board directs the Superintendent/Head of School to develop a plan and timeline for implementing the Learning Results system and any appropriate administrative procedures. The Board further directs the Head of School to report to the Board on a monthly basis on progress toward implementing the Learning Results system.

BBA: School Board Powers and Responsibilities

As creatures of the Legislature, School Boards have those powers which are delegated to them by the Legislature. Section 1001 of Title 20-A sets forth the duties of School Boards.

Among the most important of a School Board's duties are the following:

1. Adoption of Policies. A School Board is responsible for the adoption of policies that govern the school department.
2. Management of School. A School Board is generally responsible for the overall management of the schools, including the custody, maintenance and insurance of school buildings. The School Board is similarly responsible for the maintenance and operation of all school property.
3. Selection of Superintendent/Head of School. The selection of the Superintendent/Head of Schools is one of the most important duties of the School Board. Indeed, the Superintendent/Head of School serves in much the same capacity as a chief executive officer of a corporation. Since the Superintendent/Head of School has additional and specific powers granted to her under State law, it is extremely important that the School Board exercise great care in selecting the person who is to receive this authority. The eligibility requirements for Superintendent/Head of School's are set forth in Section 1051 of Title 20-A.

BCB: BOARD MEMBER CONFLICT OF INTEREST

Board service is a matter of public trust. In making decisions that affect the MEVA, Board members have the duty to act in the interest of the common good and for the benefit of the people they represent.

A conflict of interest may arise when there is an incompatibility between a Board member's personal interest and his/her responsibilities as an elected official in a matter proposed or pending before the Board. Board members have a legal and ethical responsibility to avoid not only conflict of interest, but the appearance of conflict of interest as well.

Financial Interest

A Board member has a financial interest in a question or contract under consideration when he/she or a member of his/her immediate family may derive some financial or other material benefit or loss as a result of the Board action. The vote of the Board is voidable if a Board member has a financial interest and votes on that question or is involved in the discussion, negotiation, or award of a contract or other action in which he/she has a financial interest.

In order to prevent the vote on a question or contract from being voidable, a Board member who has a financial interest must:

- A. Make full disclosure of his/her interest before any action is taken; and
- B. Abstain from voting, from the negotiation or award of the contract and from otherwise attempting to influence the decision.

The Secretary of the Board shall record in the minutes of the meeting the member's disclosure and abstention from taking part in the decision in which he/she has an interest.

It is not the intent of this policy to prevent a Board member from voting or the school unit from contracting with a business because a Board member is an employee of that business or has another, indirect interest but is designed to prevent the placing of Board members in a position where their interest in the schools and their interest in their places of employment may conflict and to avoid appearances of conflict of interest.

Appearance of Conflict of Interest

A Board member should do nothing to give the impression that his/her position or vote on an issue is influenced by anything other than a fair consideration of all sides of a question.

Board members shall attempt to avoid the appearance of conflict of interest by disclosure and/or by abstention.

Appointment to Office and Other Employment

A Board member may not, during the time the member serves on the Board and for one year after the member ceases to serve on the Board, be appointed to any civil office of profit or employment position which has been created or the compensation of which has been increased by action of the Board during the time the member served on the Board.

Employment

A member of the Board or spouse of a member may not be an employee in a public school within the jurisdiction of the Board to which the member is elected or in a contract high school or academy located within a supervisory union in which the member is a representative on the union committee.

Board Members as Volunteers

A member of the Board, or spouse of a member, may not serve as a volunteer when that volunteer has primary responsibility for a curricular, co-curricular, or extracurricular program or activity and reports directly to the Head of School, principal, athletic director, or other school administrator in a public school within the jurisdiction of the Board to which the member is elected, or in a contract high school or academy located within a supervisory union in which the member is a representative on the school committee.

Volunteer activities of a member of the Board or member's spouse other than in roles that are prohibited by this section may be prescribed by policies developed and approved by the Board.

Definitions

For the purposes of this policy, the following statutory definitions apply:

A. "Employee" means a person who receives monetary payment or benefits, no matter the amount paid or hours worked, for personal services performed for a school administrative unit.

B. "Volunteer" means a person who performs personal services for a school administrative unit without monetary payments or benefits of any kind or amount.

No person shall be employed in a position where a member of the immediate family (spouse, brother, sister, parent, son or daughter) is responsible, in whole or in part, for the supervision and/or evaluation of the employee.

No employee of Maine Virtual Academy shall participate in the selection, award or administration of a contract supported by federal funds or in any other transaction in which the school unit is a party if he/she has a real or apparent conflict of interest in the transaction. A conflict of interest would arise when the employee or any member of his/her immediate family, his/her (business) partner, or an organization that employs or is about to employ any of these parties has a financial or other interest in the firm selected for the award. For the purpose of this policy, "immediate family" is defined as spouse, brother, sister, parent, son or daughter.

Conflict of Interest Disclosure

All employees with real or apparent conflicts of interest as defined above must disclose the conflict of interest to the Head of School who will investigate the circumstances of the proposed transaction. The Head of School will exercise due diligence in investigating the circumstances of the transaction and, if necessary, will make reasonable efforts to find alternatives to the proposed transaction or arrangement that would not give rise to a conflict of interest.

Academy/Program facilities must be prepared to respond to an emergency or traumatic event in an organized and timely manner so that students and staff can continue to function effectively without additional trauma or the development of additional emergencies.

B. Academy/Program emergencies can be small and easily managed, or they can be large and difficult to manage. Every academy/program emergency must be managed in a way that ensures the safety of everyone involved. In order to provide a safe and secure teaching and learning environment, personnel must plan for the management of emergency events that cannot be predicted or prevented. This plan is designed to help you do that.

Purpose:

A. To effectively handle an emergency, a comprehensive Emergency Operations Plan must be developed and an Emergency Response Team must be organized before an emergency occurs. Our program's Emergency Operations Plan must be organized and all staff members trained in order to effectively prepare for maximum safety, efficiency and communication in the event of an emergency.

B. Students and parents must also understand that contingency preparation and procedures are necessary and are conducted for their safety and well-being. An overview of the plan will be explained and distributed to parents.

C. Planning, preparation, and training will help staff personnel learn the proper course of action in an emergency. This manual will provide step-by-step guidelines to help deal with emergencies that may occur. This manual cannot foresee all possible circumstances of an emergency. If someone receives a bomb threat: Bomb threats are most commonly received via phone, but are also made in person, via email, written note, or other means. 4. Write down as much information as possible—caller ID number, exact wording of threat, type of voice or behavior, etc.—that will aid investigators.
5. Record the call, if possible.
6. For threats made in person, via email, or via written note, refer to the DHS Bomb Threat Checklist and DHS-DOJ Bomb Threat Guidance for more information.
7. Be available for interviews with facility supervisors and/or law enforcement.

IHBA: *Individualized Education Plans and Special Education*

MEVA provides enrollment counseling to all students who have current Special Education or Section 504 eligibility. The enrollment counseling process is led by a Special Education Coordinator who holds a special education license in the state of Maine.

*The enrollment process has two intended outcomes. First, it is an educational process for students and families to help them become familiar with the online learning model. Second, it allows the school the opportunity to better understand the students' unique strengths and needs, to ensure adequate

preparation to support student success.

*When a student with current special education eligibility enrolls at MEVA, the parent/legal guardian, or the adult student if rights have been transferred, must provide consent for MEVA to obtain all special education records from the resident school district. These records are received via electronic fax or hard copy and are stored in a secure environment. In accordance with applicable federal and state law, only those persons authorized will have access to the records, including those staff members having a legitimate educational purpose for reviewing the records.

*When a student enrolls with current special education eligibility and a current Individualized Education Plan (IEP), the student will be provided special education services and related services in accordance with the IEP. MEVA may request consent to conduct an evaluation or re-evaluation of the student in order to revise the IEP or determine appropriate placement in the Least Restrictive Environment (LRE). If a student enrolls with current special education eligibility, but no current IEP, the student will be provided with appropriate educational services until an IEP can be developed.

*As soon as possible after enrollment, MEVA staff will complete progress monitoring using multiple measures (such as attendance monitoring, task and assignment completion, quality of work and grades) to determine if the placement supports adequate academic progress. The Special Education Administrator of MEVA will convene an IEP team meeting as soon as possible. The IEP Team must include the following members:

- Parent (or adult student if rights have been transferred);
- Advisor/designee knowledgeable of the online general education curriculum/ resources
- Special education teacher or service provider (e.g., Speech Language Pathologist);
- General education teacher of the student (at least one);
- An individual who can interpret the instructional implications evaluation results;
- Other individuals at the discretion of the parent, student, or school district, who have knowledge or special expertise

If MEVA and the parent agree in writing that participation of a member of the IEP Team is not necessary because that team member's area of expertise is not being modified or discussed, that team member may be excused. The IEP team will review relevant progress monitoring, evaluation results, and the current IEP. They may also review existing eligibility or determine initial eligibility for special education services and related services, as well as revise or develop a current IEP and determine placement within the LRE. MEVA offers several types of academic support for students with special education eligibility. Course placement decisions are made jointly by the Special Education Administrator, MEVA Advisor, parent/learning coach, and student. Adaptations and modifications developed by the IEP team will be fully implemented.

Board Revised & Re-Approval Date: 6/21/2022

IHBAA / IHBAA-R: Referral & Use of General Education Interventions & Administrative Procedures

It shall be the policy of Maine Virtual Academy to refer all school-age students suspected of having a disability that requires special education to the IEP Team for an evaluation in all suspected areas of disability. Referrals of students to the IEP team may be made by parents at any time and by professional school staff regardless of the results of the initial child find activities, but after completion of the general education intervention process. Other individuals or agency representatives (including representatives of the Department of Health and Human Services) with knowledge of the child may also make referrals. Any such referral should be made in accordance with procedures that may be approved by the Head of School.

Regardless of the source of the referral, a referral will be considered received by the school unit on the date that the written referral is received by the office of the Special Education Administrator. It shall be signed and dated by the Special Education Administrator or designee, thereby indicating the date of the receipt of that referral. The Head of Schools, in consultation with the Special Education Administrator, may develop procedures for referral and the use of general education interventions within the local school unit, and may from time to time amend those procedures as necessary.

IHBAC: Child Find Policy

MEVA seeks to ensure that all students within its school are identified, located and evaluated who are school-age (5 through the school year in which they turn 20) and who are in need of special education and supportive assistance - including homeless children, state wards, state agency clients, students who have been suspended or expelled, students receiving home instruction, children incarcerated in county jails, children who have the equivalent of 10 full days of unexcused absences or 7 consecutive school days of unexcused absences during the school year, highly mobile children (including migrant or homeless), and children who are suspected of being disabled and in need of special education and supportive assistance even though they are advancing from grade to grade.

MEVA's child find responsibility shall be accomplished through a school-wide process which, while not a definitive or final judgment of a student's capabilities or disability, is a possible indicator of special education needs. Final identification of students with disabilities and programming for such students occurs only after an appropriate evaluation and a determination by the IEP Team.

The child find process shall include obtaining data on each child through multiple measures, direct assessment and parent information regarding the child's academic and functional performance, gross and fine motor skills, receptive and expressive language skills, vision, hearing and cognitive skills.

If the child find process indicates that a student may require special education and supportive services in order to benefit from regular education, the student shall be referred to the IEP Team to determine the student's eligibility for special education services. School staff, parents or agency representatives or other individuals with knowledge of the child may refer children to the IEP team if they believe that the student, because of a disability, may be in need of special education and supportive services in order to benefit from regular education. Such a referral should follow the school's pre-referral and referral policy.

MEVA Grievance Procedure

Disputes that are resolved at the local level may preserve and even strengthen the relationship between the school and the parent. While the parent always has the right to request Mediation or a Due Process Hearing and should always be informed of this right, many times issues can be resolved at a less intense level as system personnel and parents seek mutual understanding and agreement. The following four (4) step process may be used to resolve problems before they grow to the level requiring Mediation or a Due Process Hearing:

Step One: Contact the assigned Special Education Teacher or Special Education Administrator via e-mail and/or by phone.

Step Two: Hold an IEP team meeting to discuss concerns of the IEP team members.

Step Three: If ‘Step Two’ is unsuccessful, contact the MEVA Head of School via e-mail and/or by phone.

Although the goal should always be to resolve disputes at the local level, sometimes situations require the assistance of persons not directly involved with the issues at hand.

IJNDB: *Student Computer and Internet Use and Internet Safety*

Maine Virtual Academy has done due diligence to protect students' personal information and to guard against cyber predators by installing anti-virus software and security settings on each MEVA issued student computer. Students are responsible for installing updates and patches for anti-virus software. Students must not change the security settings of the computer.

School email addresses for students do not allow them to email other students for security reasons. In addition, every email the student receives in their school email inbox is automatically forwarded to the student's learning coach.

Students must sign an Acceptable Use Agreement governing their use of the on-loan hardware, the internet and email. Students who are found to be in breach of the Acceptable Use Agreement, or have been withdrawn from the school, must return the computer following directions provided for them as shipping labels are provided for the family.

IKE: *Promotion, Retention & Acceleration Policy*

- a. Based on a student's ILP and/or IEP, MEVA reserves the right to promote or retain a middle school student.
- b. However, if a Parent makes a specific request to retain a student, the Head of School (HOS) must approve the retention. If the HOS approves, then the Guidance Counselor will retain the student and the student will retake the middle school courses from the previous year.
- c. If a Parent or the school does not request that a student is retained, then middle school students are promoted to the next grade-level at MEVA.
- d. High school students who are off-track to graduate may still be promoted to the next grade-level, with the expectation that they will make-up courses and complete necessary post-secondary planning to graduate with their cohort (students' state assigned cohort year does not change). Further information on requirements to meet graduation are located in the "Parent Student Handbook".

Dual Enrollment Credit Offering

MEVA students have access to Dual Enrollment programs for enrichment and for academic credit. The following are examples of the kinds of Dual Enrollment programs that MEVA students may access:

- Career and Technical education through a student's local Regional Vocational Centers.
- Early College courses through the University of Maine's Early College program – Explore EC

Students seeking to access vocational programs must meet the admissions requirements specific to their local Region Center. Students looking to take Early College courses must meet MEVA requirements and the requirements of the Early College program. For more information on Dual Enrollment opportunities and questions about access, please speak with the Guidance Counselor.

Accelerated Graduation

Graduation at an accelerated rate will be considered upon petition, subject to school policy and approval by the Head of School (HOS).

Approval is granted when the student can show the following:

- 1) Parent/Guardian consent to accelerated graduation, if the student is a minor;
- 2) A "legitimate need" to graduate early (legitimate need can be displayed in a number of ways - examples: need to work full time to support oneself or family, desire to enter college early, desire to

- join the military upon turning 18 during the current or before the start of the next school year),
- 3) A clear post-secondary plan for the student. Students and/or families seeking accelerated graduation who take courses outside of MEVA or ExplorEC towards that end may be fully responsible for materials, fees, tuition, and other expenses associated with those non-MEVA courses and activities.
- 4) Complete any additional requirements issued by the school, as determined by the HOS.

Diploma Authorization

Students who graduate from MEVA with at least the minimum number of credits, in accordance with the Maine Department of Education requirements, will earn a diploma from Maine Virtual Academy.

ILA: Student Assessment/Local Assessment System

Proctored exams – virtual and in-person: Students are required to take the (virtual) Northwest Educational Assessments (NWEA) in grades 7-11, the Accuplacer (virtual) in grade 12, and the face-to-face Maine Educational Assessment (MEA Math & ELA) for grades 7,8, and 10. MEA Science (in-person) for grades 8, and 11. The NWEA and Accuplacer are proctored virtually so students may take their exams at home. However, the MEA Math, ELA & Science may be administered face-to-face in multiple remote locations across the State of Maine. Locations, dates, and times of the MEA's will be communicated via email in a timely fashion. A system is used to pair families to the nearest testing location to their home. IMBB: Exemption from Required Instruction

The curriculum of the school unit is designed to reflect the learning expectations for all students in all content areas of the system of Maine Learning Results, as well as other statutory and regulatory requirements and content areas specified by Maine Virtual Academy (MEVA). MEVA acknowledges that from time-to-time individual students may be exposed to some ideas and materials with which they or their parent(s)/legal guardian disagree. Students and their parent(s)/legal guardian cannot be required to adopt ideas with which they disagree, but such disagreement alone is not a sufficient basis to exempt a student from the prescribed curriculum. Exemptions from the required curriculum should be minimized because they can detract from the overall instruction provided to the class as a whole and the educational objectives sought to be achieved by the curriculum. MEVA recognizes, however, that there could be topics in the curriculum which may be objectionable to individual students and/or parent(s)/legal guardian based on their particular sincerely held religious, moral or philosophical beliefs. Exemption from instruction which infringes on such beliefs may be requested by the parent(s)/legal guardian. Requests for exemption from instruction must be made in writing to the Head

of School (HOS) and are subject to HOS approval. Exemption from required instruction does not excuse the student from meeting the requirements of the Maine Learning Results or from total credit hours or other requirements for graduation, or from performing alternative work.

In considering requests for exemption, factors that the HOS should consider may include:

- A. The alignment of the curriculum with the system of Maine Learning Results;
- B. Whether the course or content area is required by state law or board policy;
- C. The educational importance of the material or instruction from which exemption is requested;
- D. Evidence regarding the sincerity of the belief on which the request is based;
- E. Whether the school has a legal obligation to accommodate the exemption request
- F. The effect of exemption or accommodation on the validity of the local assessment system; and
- G. Other factors that bear upon the particular request.

Exemption from required instruction does not excuse the student from meeting the requirements of the Learning Results or from total credit hours or other requirements for graduation, or from performing alternative work.

When the Head of School determines that the curriculum that has been aligned with the system of Learning Results conflicts with sincerely held religious beliefs of a student or his/her parent or legal guardian, reasonable accommodation in the curriculum shall be made for the student, within the scope of existing resources. Alternative instruction may be provided by the school or through approved independent study. Any alternative instruction shall be approved in advance by the Head of School in consultation with appropriate instructional staff and shall meet the standards and objectives of the part of the curriculum that is being replaced.

When a student is exempted from any portion of the regular curriculum for other than religious reasons (exemption based on sincere philosophical or moral beliefs), the staff will make reasonable efforts, within the scope of existing resources, to accommodate alternative instruction for the student. Alternative instruction may be provided by the school or through approved independent study. Any alternative instruction shall be approved in advance by the Head of School in consultation with the classroom teacher, and shall meet the standards and objectives of the part of the curriculum that is being replaced. When requests for exemption are made for religious, philosophical or moral reasons, a parent/guardian who is dissatisfied with the HOS's decision may appeal to the Board, whose decision shall be final.

- iii. Been approved by the Head of School for a suitable program of work and study or training;

JFABD: *Admission of Homeless Students*

Maine Virtual Academy recognizes that homelessness alone should not be a sufficient reason to separate students from the mainstream school environment. Maine Virtual Academy will strive to ensure that homeless students are identified and provided access to the same free and appropriate public education provided to other students in the school system. In accordance with federal and state law and regulations, the school unit will provide homeless students with access to the instructional programming that supports achievement of the content standards of Maine's system of Learning Results and to other services for which they are eligible. Students shall not be segregated into a separate school or program based on their status as homeless, nor shall they be stigmatized in any way.

I. DEFINITIONS

A. "Homeless" students are those who lack a fixed, regular, and adequate nighttime residence and include the following:

1. Children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement.
2. Children and youths who have a primary nighttime residence that is a public or private place not designated for or ordinarily used as regular sleeping accommodation for human beings.
3. Children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings.
4. Migratory children who meet one of the above-described circumstances.

B "School of origin" means the school that the child or youth attended when permanently housed or the school in which the child or youth was last enrolled.

C. "Unaccompanied youth" refers to a youth not in the physical custody of a parent or guardian (e.g., runaway and "throw away" children and youth).

II. ENROLLMENT/PLACEMENT

The school unit will determine, according to the best interest of the child or youth, whether the child or youth will be enrolled in the school of origin or in the public school that non-homeless students who live in the attendance area in which the child is actually living are eligible to attend. In determining the best interest of the child or youth, the school unit will, to the extent feasible, keep the child or youth in the school of origin, unless doing so is contrary to the wishes of the parent. If the youth is unaccompanied by a parent or guardian, the homeless liaison will assist in placement and enrollment decisions, with the views of the youth taken into consideration. The school selected shall immediately enroll the homeless child or youth, even if the child or youth is unable to produce records normally required for enrollment, such as previous academic records, immunization records, evidence of residency, or other documentation. The school unit may require a parent or guardian of a homeless child or youth to provide contact information. The school unit must provide a written explanation, including a statement regarding the right to appeal, to the parent or guardian of the homeless child or youth if the school unit sends the child or youth to a school other than the school of origin or other than a school requested by the parent or guardian. In the case of an unaccompanied youth, the homeless liaison will provide notice of the right to appeal. The enrolling school shall contact the

school last attended by the child or youth to obtain relevant academic and other records. If the child or youth needs to obtain immunizations or immunization or medical records, the parent or guardian of the homeless child or youth will be referred to the homeless liaison for assistance.

JICH: *Drug and Alcohol Use by Students*

Maine Virtual Academy and the school board support a safe and healthy learning environment for students that are free of the detrimental effects of drugs, tobacco products and alcohol. Accomplishing this goal requires a cooperative effort among school staff, students, parents, law enforcement and organizations concerned with the use of drugs, tobacco products and alcohol by school-aged youth. Any such incident is to be reported to the Head of School immediately and to the legal guardian of the student. The Head of School will follow the disciplinary process as outlined in the “Virtual Classroom & Face to Face School Events Conduct” policy on (page 29), within the latest Board approved Parent and Student Handbook housed on the school website <https://www.mainevirtualacademy.org/>

Board Revised & Re-Approval Date: 10/18/2022

Board Revised & Re-Approval Date: 10/18/2022

JICK: *Harassment, Intimidation, and Bullying*

No one should be subjected to harassment, intimidation or bullying at school for any reason. Therefore, it is the policy of MEVA that all students will deal with all persons in ways which convey respect and dignity. Harassment, intimidation or bullying in the form of name-calling, taunting, gestures, unwelcomed conduct, jokes, pictures, slurs, ridicules, or sexual harassment are prohibited. Such conduct referencing or directed at an individual or group that demeans that person/group on the

basis of race, ethnicity, religion, gender, sexual orientation, creed, age, disability or other extraneous factors is prohibited and shall be grounds for disciplinary action.

Sexual harassment includes all unwanted, uninvited, and non-reciprocal sexual attention as well as the creation of an intimidating, hostile or offensive school or work environment. This can include:

- Sexually suggestive looks or gestures
- Sexual jokes, pictures or teasing
- Pressure for dates or sex
- Sexually demeaning comments
- Deliberate touching, cornering or pinching
- Attempts to kiss or fondle
- Threats, demands or suggestions that favors will be granted in exchange for sex or tolerance of sexual advances

MEVA has a zero-tolerance policy towards intimidation, harassment, bullying, fighting, and racial and/or sexual harassment as such actions are considered violent acts against others. These behaviors cannot be tolerated, and the natural consequence is to be barred from interactions with others.

A warning letter will be sent to the student and/or legal guardian/learning coach for the first harassment, bullying, or intimidation offense requiring the student (and parent if applicable) to communicate with the teacher or Advisor. Subsequent offenses may lead to suspensions in accordance with the School discipline policy.

MEVA will promptly and thoroughly investigate reports of harassment, intimidation and bullying, whether of a physical or of a nonphysical form. If it is determined that either has occurred, MEVA will act appropriately within the discipline codes of MEVA and will take reasonable action to end such behavior.

If deemed necessary, bullying incidents will be reported to the state every quarter.

Bullying and Cyber Bullying

Sources Used: Maine Department of Education

I. Introduction

It is our goal for our school to be a safe and secure learning environment for all students. It is the intent of the MEVA Board to provide all students with an equitable opportunity to learn. To that end, the Board has a significant interest in providing a safe, orderly, and respectful school environment that is conducive to teaching and learning.

Bullying and other forms of peer mistreatment are detrimental to the school environment as well as student learning, achievement, and well-being. Peer mistreatment interferes with the mission of the schools to educate their students and disrupts the operations of the schools. Bullying and other forms of peer mistreatment affect not only students who are targets but also those who participate in and witness such behavior. These behaviors must be addressed to ensure student safety and an inclusive learning environment.

It is not the Board's intent to prohibit students from expressing their ideas, including ideas that may offend the sensibilities of others, or from engaging in civil debate. However, the Board does not condone and will take action in response to conduct that interferes with students' opportunity to learn, the educational mission of Maine Virtual Academy, and the operation of the school.

II. Prohibited Behavior

The following behaviors are prohibited:

1. Bullying;
2. Cyberbullying;
3. Harassment and Sexual Harassment (as defined in board policy ACAA);
4. Retaliation against those reporting such defined behaviors; and
5. Making knowingly false accusations of bullying behavior.

Any person who engages in any of these prohibited behaviors that constitutes bullying shall be subject to appropriate disciplinary actions.

III. Bullying and Cyberbullying Defined

“Bullying” and “Cyberbullying” have the same meaning in this policy as in Maine law:

A. “Bullying” includes, but is not limited to, a written, oral or electronic expression or a physical act or gesture or any combination thereof directed at a student or students that:

(1) Has, or a reasonable person would expect it to have, the effect of:

(a) Physically harming a student or damaging a student's property; or

(b) Placing a student in reasonable fear of physical harm or damage to the student's property;

OR

(2) Interferes with the rights of a student by:

(a) Creating an intimidating or hostile educational environment for the student; or

(b) Interfering with the student's academic performance or ability to participate in or benefit from the services, activities or privileges provided by a school;

OR

(3) Is based on a student's actual or perceived race, color, national origin, ancestry, religion, physical or mental disability, gender, sexual orientation, or any other distinguishing characteristic, or is based on a student's association with a person with one or more of these actual or perceived characteristics, and that has the effect described in subparagraph (1) or (2) above. (These behaviors might also meet the criteria for harassment as defined in board policy ACAA: Harassment and Sexual Harassment of Students.)

Examples of conduct that may constitute bullying include, but are not limited to:

1. Repeated or pervasive taunting, name-calling, belittling, mocking, put-downs, or demeaning humor;
2. Behavior that is likely to harm someone by damaging or manipulating his or her relationships with others, including but not limited to gossip, spreading rumors, and social exclusion;
3. Non-verbal threats and/or intimidations such as use of aggressive, menacing, or disrespectful gestures;
4. Threats of harm to a student, to his/her possessions, or to other individuals, whether transmitted verbally or in writing;
5. Blackmail, extortion, demands for protection money, or involuntary loans or donations;
6. Blocking access to school property or facilities;
7. Stealing or hiding books, backpacks, or other possessions;
8. Stalking; and
9. Physical contact or injury to another person or his/her property.

B. “Cyberbullying” means bullying through the use of technology or any electronic communication, including, but not limited to, a transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted by the use of any electronic device, including, but not limited to, a computer, telephone, cellular telephone, text messaging device and personal digital assistant.

Examples of conduct that may constitute cyberbullying include, but are not limited to the following actions on any electronic medium:

1. Posting slurs or rumors or displaying any defamatory, inaccurate, disparaging, violent, abusive, profane, or sexually oriented material about a student on a website, an app, in social media, or any other electronic platform;
2. Posting misleading or fake photographs or digital video footage of a student on websites or creating fake websites or social networking profiles in the guise of posing as the targeted student;
3. Impersonating or representing another student through the use of that other student's electronic device or account to send e-mail, text messages, instant messages (IM), phone calls or other messages on a social media website;
4. Sending e-mail, text messages, IM, or leaving voice mail messages that are mean or threatening, or so numerous as to bombard the target's e-mail account, IM account, or cell phone; and
5. Using a camera phone or digital video camera to take and/or send embarrassing or "sexting" photographs of other students.

C. "Retaliation" means an act or gesture against a student for asserting or alleging an act of bullying. "Retaliation" also includes knowingly falsely reporting an act of bullying.

D. "Substantiated" means that the outcomes of the investigation on the Responding Form (JICK-E2) provide clear evidence to prove that bullying or cyberbullying, as defined in policy, did occur.

E. "Alternative discipline" means disciplinary action other than suspension or expulsion from school that is designed to correct and address the root causes of a student's specific misbehavior while retaining the student in class or school, or restorative school practices to repair the harm done to relationships and persons from the student's misbehavior.

IV. Application of Policy

A. This policy applies to any student, school employee, contractor, visitor or volunteer who engages in conduct that constitutes bullying or retaliation, all of whom have the responsibility to comply with this policy.

B. This policy applies to bullying that:

1. Takes place at school or on school grounds, meaning: a school building; property on which a school building or facility is located; and property that is owned, leased or used by a school for a school-sponsored activity, function, program, instruction or training. "School grounds" also includes school-related transportation vehicles.
2. Takes place while students are being transported to or from schools or school-sponsored events;
3. Takes place at any school-sponsored event, activity, function, program, instruction or training; or
4. Takes place elsewhere or through the use of technology, but only if the bullying also infringes on the rights of the student at school as set forth in this policy's definition of bullying.

V. Reporting

Refer to the Reporting Form – JICK-E1

Bullying or suspected bullying is reportable in person or in writing (including anonymously) to school personnel.

frequency and/or pattern of behaviors, and other relevant circumstances. Alternative discipline includes, but is not limited to:

1. Meeting with the student and the student's parents/guardian;
2. Reflective activities, such as requiring the student to write an essay about the student's misbehavior;

VIII. Appeal

Notification shall be provided to parent(s), guardian(s) and students of the right to appeal a decision of a school principal or a Head of School's designee related to taking or not taking remedial action in accordance with this policy. Board Revised & Re-Approval Date: 10/18/2022

***JJE: Student Fundraising Activities**

The Board recognizes that it is responsible for providing through the budget process the resources necessary to support the school unit's instructional program. However, the Board acknowledges that student organizations may wish to engage in fundraising in order to support their activities, to provide funding for social events and/or student travel, to benefit the school or community, or for humanitarian purposes.

It is the purpose of this policy to provide guidelines for student participation in fundraising activities.

A. Fundraising Guidelines

The following general guidelines apply to fundraising by student organizations. These guidelines and additional considerations shall apply to student participation in fundraising conducted for other purposes.

1. All student fundraising activities must be approved in advance by the head of school. There must be sufficient educational or financial benefits to the school and/or students to justify the fundraising activity.
2. Student fundraising activities must be supervised by an administrator, teacher, or activity advisor.
3. The activity must be one in which schools and students may appropriately engage, and must not subject the schools or students to unnecessary risk or responsibility. In the event there is a question regarding the appropriateness of a proposed activity or the proposed fundraising activity is one that is new to the school system, the faculty shall consult with the head of school.
4. Participation by students shall be voluntary.
5. The activity must not be unduly demanding of student or staff time or work. Neither students nor staff should miss instructional time to plan or implement fundraising activities, acquire, demonstrate or distribute products, solicit sales, or to collect or record monies. Students may participate in fundraising activities during non- instructional time, such as lunch periods and before and after school.
6. There shall be no mandatory quotas for product sales or donations.
7. Class time will not be used for distribution of promotional materials.
8. Students participating in fundraising activities are expected to conduct themselves in accordance with Board policies, school rules and the student code of conduct.
9. In the interest of student safety, activities involving door-to-door solicitation by elementary level students are prohibited.
10. Club and class dues shall be determined by the club or class officers in consultation with the club or activity advisor. The head of school shall have

final authority over the setting of club and class dues.

11. The administrators, teachers, or advisors supervising fundraising activities will be responsible for the collection, monitoring, deposit into student activity accounts, and disbursement of funds raised in accordance with the Board's policy DFF, Student Activities Funds Management (or other applicable policy code and title).

B. Solicitation of Funds By and From Students for Humanitarian or Charitable Organizations

Student fundraising may be conducted to benefit humanitarian or charitable organizations or purposes only as follows:

1. The fundraising activity or charity drive must be sponsored by a recognized school club or student organization and approved in advance by the head of school.
2. The activity or drive must be supervised by a administrator or teacher.
3. Instructional time should not be used for planning or soliciting funds.
4. Class time should not be used for distribution of promotional materials.
5. Participation in or donation to any fundraising activity shall be optional. Under no circumstances will any student be compelled to participate or donate, or be penalized for not participating or donating.
6. Fundraising activities must be conducted in accordance with the guidelines in Section A of this policy.
7. The administrator or teacher charged with supervising the fundraising activity or drive will be responsible for the collection, monitoring and disbursement of funds raised. Use of any student activity account must be in accordance with the Board's policy DFF (or other code), Student Activities Funds Management.

C. Use of Students in PTO/Parent Group Fundraisers

The Board recognizes that PTO's and other parent groups may wish to involve students in fundraising activities. The following provisions apply to student participation in such activities:

1. Any fundraising activity sponsored by a PTO or other parent group that involves student participation must be approved in advance by the head of school and be conducted in consultation with the head of school and staff.
2. Participation should provide a positive experience for students.
3. Participation by staff and students shall be voluntary.
4. Instructional time will not be used for fundraising activities or solicitations.

5. All activities must be conducted in accordance with the fundraising guidelines in Section A of this policy.

D. Coordination of Fundraising Activities

PTO's and other parent groups are encouraged to coordinate their fundraising activities with student organization-initiated fundraisers in order to avoid burdening local businesses and the community.

The Board encourages the use of a fundraising calendar at the school to assist in spreading fundraisers over the school year.

JJIF: Management of Concussions and other Head Injuries

Maine Virtual Academy students may choose to participate in their neighborhood school athletics, as MEVA does not have their own athletic teams. In those cases, MEVA will follow the neighborhood school's process for handling the management of concussions and other head injuries. In most cases, at the beginning of each school year, students and parents of students who will be participating in their neighborhood school-sponsored athletic activities will be provided information regarding

- A. The risk of concussion and other head injuries and the dangers associated with continuing to participate when a concussion or other head injury is suspected;
- B. The signs and symptoms of concussion and other head injuries; and
- C. The school unit's protocols for 1) removal from the activity when a student is suspected of having sustained a concussion or other head injury, 2) evaluation, and 3) return to participation in the activity ("return to play"). The student and his/her parent(s) must sign a statement acknowledging that they have received and read this information.

JIC/JK: Conduct and Discipline

Student Code of Conduct Overview (Includes webcam usage)

MEVA recognizes and strives to meet the individual needs of each student through programs which promote the development of self-esteem, cooperation and vision. This expanded view of school will result in well-educated, productive and socially responsible citizens. To this end, we believe the school should reflect the desires and expectations held by our community for our children, and that the school must provide an environment that ensures the safety and well-being of students. For this reason, it is important that the school have clear expectations and guidelines for students.

****PROHIBITED USE OF RECORDING DEVICES***

To encourage open channels of communication among Teachers (Employees) and to ensure the privacy of our Teachers (Employees), Students, and the integrity of our school information, you may not openly or secretly, photograph, tape, record, or videotape, any conversation, communication, classes/sessions, activities/events, and field trips during a school day.

You are restricted from using the recording or camera functions on any electronic communication devices to record MEVA students at any time, unless the recording is for an educational purpose **authorized** by MEVA. Students who need to review missed live sessions, can access the recording links by going into their course and clicking on the module they missed. Within the module there is a recording link of the missed live session. If a link is missing, please contact the teacher for further direction.

Virtual Classroom and Face-to-Face School Events Conduct

In order for virtual classroom sessions and school events and activities to be educationally effective and safe for students, all students should abide by a standard set of rules. The following rules govern student conduct in the virtual classroom as well as face to face events:

- Students' written and oral communications must be free of vulgar, belittling, or offensive language
- Students must abide by rules established by the course instructor or administrator
- Students must comply with instructions communicated orally or in writing by the instructor or administrator
- Students are not to be in possession of weapons, tobacco, or drugs at face-to-face events
- Students may not display affiliation with a gang

Students who violate the virtual classroom rules and/or face-to-face events rules of conduct, will be warned by the instructor to correct their behavior. If the student does not comply with the instructor's instructions, s/he will be removed from the virtual classroom for the rest of the session. The learning coach can then expect a phone call from the classroom teacher to address the behavior and ensure it does not happen again. If a student has been removed from a virtual classroom, the student may receive read-only privileges in the virtual classroom for the rest of the semester or until the instructor deems it appropriate to restore all classroom privileges to the student. If student does not comply at a face to face event, the student's parents may be called and student may be asked not to attend future face to face events.

Use of Language and Images (includes webcam usage)

Students must not use vulgar, obscene, abusive or demeaning language, writing, pictures, signs or acts in written or oral communications, including email, discussion board, listserv, virtual classroom, student websites, or in photographs. Students are prohibited from posting content from or links to suggestive, lewd or otherwise inappropriate websites.

Dress Code (includes webcam usage)

Appropriate attire (free from offensive language and images) shall be worn at all school activities and classroom webcam activities.

Personal Respect (includes webcam usage)

MEVA administrators, instructors and students know that personal respect is the foundation of learning. Language, comments, or images that show a lack of respect for individuals or groups will lead directly to disciplinary action.

Defiance (includes webcam usage)

Students should follow the requests of school staff; failure to do so is defiance toward school personnel or rules. Defiance is defined as defying instructions of school personnel, the bold resistance

of school authority, and/or contemptuous behavior or attitude that is manifested by breaking of school rules. Acts of defiance may result in disciplinary action.

Plagiarism and Cheating

Cheating (giving or receiving information) and plagiarism on class work may result in a zero grade for the assignment without the opportunity to complete an additional assignment to make up lost points.

The following procedure governs identification and discipline for instances of academic dishonesty:
1st Offense: The teacher will setup and participate in a phone conference with the family and log the information in the school system. The teacher will alert the head of school. The student will not receive credit for the plagiarized assignment. In addition, he or she will be required to review the plagiarized lesson and complete the plagiarized lesson for 70% of the original points.

2nd Offense: The student and parent will attend a conference with the head of school and teacher. The student may not be allowed to rewrite/redesign the assignment.

Continued Offenses: Additional disciplinary action may be taken and may result in failure of the course.

Academic Freedom/Students Rights

In addition to other rights established by law, each student served by MEVA shall possess the following substantive rights, and no school district shall limit these rights except for good and sufficient cause:

- No student shall be unlawfully denied an equal education opportunity or be unlawfully discriminated against because of national origin, race, religion, economic status, gender, sexual orientation, pregnancy, marital status, previous arrest, previous incarceration or a physical, mental or sensory handicap.
- All students possess the constitutional right to freedom of speech and press, the constitutional right to peaceably assemble (see Freedom of Assembly) and to petition the government and its representatives for a redress of grievances, the constitutional right to the free exercise of religion and to have their schools free from sectarian control or influence, subject to reasonable limitations upon the time, place and manner of exercising such right.
- All students possess the constitutional right to be secure in their persons, papers and effects against unreasonable searches and seizures.
- All students shall have the right to be free from unlawful interference in their pursuit of an education while in custody of a common school district.
- No student shall be deprived of the right to an equal educational opportunity in whole or in part by a school district without due process of law.
- The foregoing enumeration of rights shall not be construed to deny or disparage other rights set forth in the constitution and the laws of the State of Maine or the rights retained by the people.

Technology Usage (includes webcam usage)

MEVA has done due diligence to protect students' personal information and to guard against cyber predators by installing anti-virus software and security settings on each MEVA issued student computer. Students are responsible for installing updates and patches for anti-virus software. Students must not change the security settings of the computer.

Students and/or parents must sign an Acceptable Use Agreement governing their use of the on-loan hardware, the internet and email.

Students who are found to be in breach of the Acceptable Use Agreement, or have been withdrawn from the school, must return the computer and printer to MEVA. Students/families who do not comply with the return request will be liable for the cost of the computer. The “Acceptable Use Policy” is housed within the latest Board approved Parent & Student Handbook <https://www.mainevirtualacademy.org/> on (page 44), the contract and expanded policy can be found on (page 82).

Discipline Process

The most effective discipline is taught and dealt with before problems arise. It is a learning process that should be Instructor directed. This being said - when applicable - internal interventions will be utilized prior to the referral process.

The teacher will try to positively redirect the student. If this doesn't work, the Instructor will call the learning coach to explain the situation and reiterate expectations. The instructor will log the phone conversation in the school system.

If the problem persists during next class, the teacher is to email the Head of School and Advisor a detailed email and a system note which states the nature of the problem and what the teacher did to try to defuse or solve the situation. The student may then be referred to the Head of School.

Within one school day of receipt of the referral, the student will communicate with the Head of School to review the incident and develop a plan to return to the class, which will include communication with and a response from the parent.

The Head of School will contact the student's parent by the parent's preferred method of contact (phone or email) to review concerns relating to the disciplinary incident.

The student will miss the virtual classroom session from which s/he was excluded, and is responsible for viewing the recording. If necessary, s/he may be blocked from participating in further live sessions, the discussion board and/or the course itself.

If the student doesn't follow through with the agreed-upon plan, he/she will be referred to the Head of School and Academic Advisor again.

With each additional referral, the student will be assigned a consequence or disciplinary step to be determined based on the student's behavior.

Additional referrals may result in continued suspension from school, and the need for a conference between the student/parent and Head of School to develop a plan for return to class.

It should be noted that there are instances where this process may be altered. Behaviors such as violence toward others, bullying, harassment, intimidation, disrespect toward instructors, non-compliance, and other behaviors that a staff member deems as disruptive to an orderly learning environment, may result in an automatic referral to the Head of School.

Instructors may not re-admit a student to the online classroom until they have communicated with the Head of School.

Discipline Appeal Process

A parent or student has a right to appeal disciplinary action. If an appeal is desired, a letter must be received by the Head of School within ten (10) school business days (Monday through Friday, 8 a.m.

to 4 p.m.) with an official request for an appeal hearing.

Re-admission after Suspension/Expulsion

A student who has been long-term suspended or expelled from MEVA and wishes to be considered for entrance or readmission to MEVA must appeal to the MEVA Head of School. In the case of expulsion, entrance or re-admission will be considered based on review of the offenses resulting in expulsion and a review of the student's re-entry plan.

Board Revised & Re-Approval Date: 10/18/2022

JKAA: Policy On Use Of Physical Restraint & Seclusion

The Maine Virtual Academy Governing Board has adopted this policy and the accompanying procedures to implement the standards for use of physical restraint and seclusion with students, as required by state law and regulations, and to support a safe school environment. Physical restraint and seclusion, as defined by this policy, may only be used as an emergency intervention when the behavior of a student presents an imminent risk of serious physical injury to the student or others.

State law and MDOE Rule Chapter 33 do not restrict or limit the protections available to school officials under 20-A M.R.S.A. § 4009, but those protections do not relieve school officials from complying with this policy/procedure.

The Head of School has overall responsibility for implementing this policy and the accompanying procedure, but may delegate specific responsibilities as they deems appropriate.

1. Definitions

The following definitions apply to this policy and the accompanying procedure:

A. Physical restraint:

1. A personal restriction that immobilizes or reduces the ability of a student to move their arms, legs, or head freely.

B. Physical restraint does not include any of the following:

1. Physical escort: A temporary, voluntary touching or holding of the hand, wrist, arm, shoulder or back to induce a student to walk to a safe location.
2. Physical prompt: A teaching technique that involves voluntary physical contact with the student and that enables the student to learn or model the physical movement necessary for the development of the desired competency.
3. The use of adaptive devices or mechanical supports to achieve proper body position, balance or alignment to allow greater freedom of movement than would be possible without the use of such devices or supports.
4. The use of vehicle safety restraints when used as intended during the transport of a student in a moving vehicle.

C. **Seclusion:**

1. The involuntary isolation or confinement of a student alone in a room or clearly defined area from which the student does not feel free to go or is physically denied exit.

D. **Seclusion does not include:**

1. A timeout, An intervention where a student requests, or complies with an adult request for a break.

2. Procedures for Implementing Physical Restraint and Seclusion

The requirements for implementing physical restraint and seclusion, as well as incident notices, documentation and reporting are included in the accompanying procedure, JKAA-R.

3. Annual Notice of Policy/Procedure

Maine Virtual Academy shall provide annual notice to parents/legal guardians of this policy/procedure by means determined by the Head of School/designee.

4. Staff Training Requirements

A. All school staff and contracted providers shall receive an annual overview of this policy/procedure.

B. **Maine Virtual Academy** will ensure that there are a sufficient number of administrators/designees, special education and other staff who maintain certification in a restraint and seclusion training program approved by the Maine Department of Education. A list of certified staff shall be updated annually and maintained in the Head of School's Office, in each school office and in the school unit's Comprehensive Emergency Management Plan.

C. The Department of Education shall maintain a directory of approved training programs on its website at <http://maine.gov/education/>. The list of approved training programs may include regional training programs and regional "train the trainer" model programs. These training programs must require participants to demonstrate competency to achieve certification, and must include instruction in at least the following core components:

1. The use of non-physical interventions for responding to potentially dangerous behaviors, including de-escalation and the use of positive alternatives;
2. Identification of dangerous behaviors that may indicate the need for physical restraint or seclusion and methods for evaluating the risk of harm to determine whether such interventions are warranted;
3. Instruction and simulated experience in administering safe physical restraint techniques across a range of increasingly restrictive interventions, including the safe movement of a student, and in recognizing and avoiding positions involving a high risk of restraint-related positional asphyxia (restricting a student's ability to breathe);

4. The effects of physical restraint and seclusion on a student, including monitoring physical and psychological signs of distress and when to obtain medical assistance in compliance with the covered entity's procedures for emergency interventions;
5. The risks and realities of physical restraint and seclusion; and
6. A review of the process of student and staff debriefing.

5. Parent/Legal Guardian Complaint Procedure

A parent/legal guardian who has a complaint concerning the implementation of this policy/procedure must submit it in writing to the Head of School as soon as possible. The Head of School/designee shall investigate the complaint and provide written findings to the parent/legal guardian within twenty (20) business days of receiving the complaint, if practicable.

A parent/legal guardian who is dissatisfied with the result of the local complaint process may file a complaint with the Maine Department of Education. The Department of Education will review the results of the local complaint process and may initiate its own investigation at its sole discretion. The Department shall issue a written report with specific findings to the parent/legal guardian and the school unit within 60 calendar days of receiving the complaint. If a violation is found, the department shall develop a corrective action plan by which the school will achieve compliance.

JKAA-R: Administrative Procedures On Physical Restraint & Seclusion

These procedures are established for the purpose of meeting the obligations of **Maine Virtual Academy** under state law/regulations and Board Policy JKAA governing the use of physical restraint and seclusion. These procedures shall be interpreted in a manner consistent with state law and regulations.

1. Physical Restraint

To the extent possible, physical restraint will be implemented by staff certified in a training program approved by the Maine Department of Education. If untrained staff have intervened and initiated a physical restraint in an emergency, trained staff must be summoned to the scene to assume control of the situation if the emergency continues.

This procedure does not preclude law enforcement personnel from implementing physical restraints consistent with their professional responsibilities.

A. Permitted Uses of Physical Restraint

1. Physical restraint may be used only when the behavior of a student presents an imminent risk of serious physical injury to the student or others, and only after other less intrusive interventions have failed or been deemed inappropriate. The physical restraint must end immediately upon the cessation of the imminent risk of serious physical injury to the student or another person, and should involve the least amount of force necessary to protect the student or other person.

“Serious physical injury” is a physical injury that a reasonable person would consider to be serious for the victim if it were to occur.

2. Prescribed medications, harnesses, seat belts and other assistive or protective devices may be used as permitted by law and described in Policy JKAA.
3. Parents/legal guardians may be requested to provide assistance with their child at any time.

B. Prohibited Forms and Uses of Physical Restraint

1. Physical restraint used for punitive purposes; as a therapeutic or educational intervention; for staff convenience; or to control challenging behavior.
2. Physical restraint used solely to prevent property destruction or disruption of the environment in the absence of a risk of serious physical injury.

3. Physical restraint that is life threatening, restricts breathing or restricts blood flow to the brain, including prone restraint.

4. Physical restraint that relies on pain for control, including but not limited to joint hyperextension, excessive force, unsupported take-downs (e.g., tackles), the use of any physical structure (e.g., wall, railing or post), punching and hitting. Restricting the free movement of the diaphragm or chest that restricts the airway so as to interrupt normal breathing or speech (restraint-related positional asphyxia) of a student.

5. Physical restraint that is contraindicated based on the child's disability, health care needs, or medical or psychiatric condition if documented in:

- A health care directive or medical management plan;
- A school-approved behavior plan;
- An IEP or an Individual Family Service Plan (IFSP); or
- A school-approved 504 or ADA plan.

6. Aversive procedures, and mechanical and chemical restraints.

a. Aversive procedures are defined as the use of a substance or stimulus, intended to modify behavior, which the person administering it knows or should know is likely to cause physical and/or emotional trauma to a student, even when the substance or stimulus appears to be pleasant or neutral to others. Such substances and stimuli include but are not limited to infliction of bodily pain (e.g., hitting, pinching, slapping); water spray; noxious fumes; extreme physical exercise; costumes or signs.

b. Mechanical restraints are defined as any restraint that uses a device to restrict a student's freedom of movement. Such restraints do not include adaptive devices or mechanical supports to achieve proper body position, balance or alignment to allow greater freedom of movement, or the use of vehicle safety restraints when used as intended during the transport of a student in a moving vehicle.

c. Chemical restraints are defined as the use of drug or medication that is not prescribed as the standard treatment of a student's medical or psychiatric condition by a licensed physician or other qualified health professional acting under the scope of the professional's authority

under state law that is used on a student to control behavior or restrict freedom of movement.

C. Monitoring Students in Physical Restraint

1. At least two adults must be present at all times when physical restraint is used except when, for safety reasons, waiting for a second adult to arrive is precluded by the particular circumstances.
2. The student must be continuously monitored until they no longer present a risk of injury or harm to the student or others.
3. If an injury occurs, applicable school policies and procedures should be followed.

D. Termination of Physical Restraint

1. The staff involved in the use of physical restraint must continually assess for signs that the student in physical restraint is no longer presenting an imminent risk of serious physical injury to themselves or others, and the physical restraint must be discontinued immediately after it is determined that the imminent risk of serious physical harm has ended.
 - a. The time a student is in physical restraint must be monitored and recorded.
 - b. If physical restraint continues for more than ten (10) minutes, an administrator/designee shall determine whether continued physical restraint is warranted and shall continue to monitor the status of the physical restraint every ten (10) minutes until the restraint is terminated.
 - c. If attempts to release the student from physical restraint have been unsuccessful and the student continues to present behaviors that create an imminent risk of serious physical injury to the student or to others, then staff may request additional assistance from other school staff, parents, medical providers, or other appropriate persons or organizations.

2. Seclusion

To the extent possible, seclusion will be implemented by staff certified in a training program approved by the Maine Department of Education. If untrained staff have intervened and initiated seclusion in an emergency, trained staff must be summoned to the scene as soon as possible.

A “timeout” where a student requests, or complies with an adult request, for a break is not considered seclusion under this procedure. Seclusion also does not include any situation where others are present in the room or clearly defined area with the student (including but not limited to classrooms, offices and other school locations).

A. Permitted Uses and Location of Seclusion

1. Seclusion may be used only as an emergency intervention, when the behavior of a student presents an imminent risk of serious bodily injury to the student or others, and only after other less intrusive interventions have failed or been deemed inappropriate.

The seclusion must end immediately upon the cessation of the imminent risk of serious physical injury to the student or another person. “Serious physical injury” is a physical injury that a reasonable person would consider to be serious for the victim if it were to occur.

2. Seclusion may be achieved in any part of a school building with adequate light, heat, ventilation and of normal room height.
 - a. Seclusion may not take place in a locked room.
 - b. If a specific room is designated as a seclusion room, it must be a minimum of sixty (60) square feet; have adequate light, heat and ventilation; be of normal room height; contain an unbreakable observation window in a wall or door; and must be free of hazardous material and objects which the student could use to self-inflict bodily injury.
3. Parents/legal guardians may be requested to provide assistance with their child at any time.

B. Prohibited Uses of Seclusion

1. Seclusion used for punitive purposes; as a therapeutic or educational intervention; for staff convenience; or to control challenging behavior.
2. Seclusion used solely to prevent property destruction or disruption of the environment in the absence of an imminent risk of serious physical injury to the student or another person or injury or harm to self or others.
3. Seclusion that is life threatening.
4. Seclusion that is contraindicated based on the child's disability, health care needs, or medical or psychiatric condition if documented in:
 - A health care directive or medical management plan;
 - A school-approved behavior plan;
 - An IEP or IFSP; or
 - A school-approved 504 or ADA plan.

C. Monitoring Students in Seclusion

1. At least one adult must be physically present at all times to continuously monitor a student in seclusion. The adult, while not present in the room or defined area, must be situated so that the student is visible at all times.
2. The student must be continuously monitored until they no longer presents an imminent risk of serious physical injury to the student or to others.
3. If an injury occurs, applicable school policies and procedures should be followed.

D. Termination of Seclusion

1. The staff involved in the seclusion must continually assess for signs that the student is no longer presenting an imminent risk of serious physical injury to the student or others, and the seclusion must be discontinued as soon as the imminent risk ceases.

- a. The time a student is in seclusion must be monitored and recorded.
- b. If seclusion continues for more than ten (10) minutes, an administrator/designee shall determine whether continued seclusion is warranted, and shall continue to monitor the status of the seclusion every ten (10) minutes until the seclusion is terminated.
- c. If attempts to release a student from seclusion have been unsuccessful and the student continues to present behaviors that create an imminent risk of serious physical injury to the student or to others, then staff may request additional assistance from other school staff, parents, medical providers, or other appropriate persons or organizations.

4. Notification and Reports of Physical Restraint and Seclusion Incidents

For the purposes of this procedure, an “incident” consists of all actions between the time a student begins to create an imminent risk of serious physical injury and the time the student ceases to pose that imminent risk and returns to their regular programming.

A. Notice Requirements

After each incident of physical restraint or seclusion:

1. A staff member involved in the incident shall make an oral notification to the administrator/designee as soon as possible, but no later than the end of the school day.
2. An administrator/designee shall notify the parent/legal guardian about the physical restraint or seclusion (and any related first aid provided) as soon as practical, but within the school day in which the incident occurred. The administrator/designee must utilize all available phone numbers or other available contact information to reach the parent/legal guardian. If the parent/legal guardian is unavailable, the administrator/designee must leave a message (if the parent/legal guardian has a phone and message capability) to contact the school as soon as possible. The parent/legal guardian must be informed that written documentation will be provided within seven (7) calendar days.
3. If the physical restraint or seclusion incident occurred outside the school day, the notifications must be made as soon as possible and in accordance with the school unit’s usual emergency notification procedures.

4. If serious bodily injury or death of a student occurs during the implementation of physical restraint or seclusion, the **Maine Virtual Academy's** emergency notification procedures shall be followed and an administrator/designee shall notify the Maine Department of Education within twenty-four (24) hours or the next business day.

B. Incident Reports

Each use of physical restraint or seclusion must be documented in an incident report. The incident report must be completed and provided to an administrator/designee as soon as practical, and in all cases within two (2) school days of the incident. The parent/legal guardian must be provided a copy of the incident report within seven (7) calendar days of the incident.

The incident report must include the following elements:

1. Student name;
2. Age, gender and grade;
3. Location of the incident;
4. Date of the incident;
5. Date of report;
6. Person completing the report;
7. Beginning and ending time of each physical restraint and/or seclusion;
8. Total time of incident;
9. Description of prior events and circumstances;
10. Less restrictive interventions tried prior to the use of physical restraint and/or seclusion and, if none were used, the reasons why;
11. The student behavior justifying the use of physical restraint or seclusion;
12. A detailed description of the physical restraint or seclusion used;
13. The staff person(s) involved, their role in the physical restraint or seclusion, and whether each person is certified in an approved training program;
14. Description of the incident, including the resolution and process of returning the student to his/her program, if appropriate;

15. Whether the student has an IEP, 504 Plan, behavior plan, IHP (individual health plan) or any other plan.
16. If a student and/or staff sustained bodily injury, the date and time of nurse or other response personnel notification, and any treatment administered;
17. The date, time and method of parent/legal guardian notification;
18. The date and time of administrator/designee notification.
19. Date and time of staff debriefing.

Copies of the incident reports shall be maintained in the student's file and in the school office.

5. School Unit Response Following the Use of Physical Restraint or Seclusion

A. Following each incident of physical restraint or seclusion, an administrator/designee shall take these steps within two (2) school days (unless serious bodily injury requiring emergency medical treatment occurred, in which case these steps must take place as soon as possible, but no later than the next school day):

1. Review the incident with all staff persons involved to discuss:
 - (a) whether the use of physical restraint or seclusion complied with state and school board requirements and
 - (b) how to prevent or reduce the need for physical restraint and/or seclusion in the future.
2. Meet with the student who was physically restrained or secluded to discuss:
 - (a) what triggered the student's escalation and
 - (b) what the student and staff can do to reduce the need for physical restraint and/or seclusion in the future.

B. Following the meetings, staff must develop and implement a written plan for response and de-escalation for the student. If a plan already exists, staff must review it and make revisions, if appropriate. For the purposes of this procedure, "de-escalation" is the use of behavior management techniques intended to cause a situation involving problem behavior of a student to become more controlled, calm and less dangerous, thus reducing the risk of injury or harm.

6. Procedure for Students with Three Incidents in a School Year

The school unit will make reasonable, documented efforts to encourage parent/legal guardian participation in the meetings required in this section, and to schedule meetings at times convenient for parents/legal guardians to attend.

A. Special Education/504 Students

1. After the third incident of physical restraint and/or seclusion in one school year, the student's IEP or 504 Team shall meet within ten (10) school days of the third incident to discuss the incident and consider the need to conduct an FBA (functional behavioral assessment) and/or develop a BIP (behavior intervention plan), or amend an existing one.

B. All Other Students

1. A team consisting of the parent/legal guardian, administrator/designee, a teacher for the student, a staff member involved in the incident (if not the administrator/designee or teacher already invited), and other appropriate staff shall meet within ten (10) school days to discuss the incidents.
2. The team shall consider the appropriateness of a referral to special education and, regardless of whether a referral to special education is made, the need to conduct an FBA (functional behavioral assessment) and/or develop a BIP (behavior intervention plan).

7. Cumulative Reporting Requirements

A. Reports Within the School Unit

1. Each building administrator must report the following data on a quarterly and annual basis:
 - a. Aggregate number of uses of physical restraint;
 - b. Aggregate number of students placed in physical restraint;

g. Aggregate number of serious physical injuries to students related to the use of physical restraints;

h. Aggregate number of serious physical injuries to students related to the use of seclusion;

i. Aggregate number of serious physical injuries to staff related to the use of physical restraints; and

j. Aggregate number of serious physical injuries to staff related to the use of seclusion.

2. The Head of School shall review the cumulative reports and identify any areas that could be addressed to reduce the future use of physical restraint and seclusion.

B. Reports to Maine Department of Education

1. The Head of School shall submit an annual report to the Maine Department of Education on an annual basis that includes the information in Section 7.A.1 above. The parent complaint procedure is located in policy JKAA: Policy On Use Of Physical Restraint & Seclusion within section 5.

JKF/JKF-R: Disciplinary Removal of Students with Disabilities & Administrative Procedure

MEVA has numerous safeguards governing the discipline and removal of students with disabilities, including what is known as a “manifestation determination” when questions surround whether a student’s disability contributed to attendance or behavior/conduct leading to discipline, which may or may not trigger the need for MEVA to implement a Functional Behavioral Assessment (FBA) or Behavior Intervention Plan (BIP). The Special Education Director will decide on the best way to handle the situation, given the specific circumstances of the situation.

Federal Guidelines

(e) Manifestation determination.

(1) Within 10 school days of any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the LEA, the parent, and relevant members of the child’s IEP Team (as determined by the parent and the LEA) must review all relevant information in the student’s file, including the child’s IEP, any teacher observations, and any relevant information provided by the parents to

Determine:

- (i) If the conduct in question was caused by, or had a direct and substantial relationship to, the child’s disability; or
- (ii) If the conduct in question was the direct result of the LEA’s failure to implement the IEP.

(2) The conduct must be determined to be a manifestation of the child’s disability if the LEA, the parent, and relevant members of the child’s IEP Team determine that a condition in either paragraph (e)(1)(i) or (1)(ii) of this section was met.

(3) If the LEA, the parent, and relevant members of the child’s IEP Team determine the condition described in paragraph (e)(1)(ii) of this section was met, the LEA must take immediate steps to remedy those deficiencies.

(f) Determination that behavior was a manifestation. If the LEA, the parent, and relevant members of the IEP Team make the determination that the conduct was a manifestation of the child’s disability, the IEP Team must:

(1) Either:

- (i) Conduct a functional behavioral assessment, unless the LEA had conducted a functional behavioral assessment before the behavior that resulted in the change of placement occurred, and implement a behavioral intervention plan for the child; or
- (ii) If a behavioral intervention plan already has been developed, review the behavioral intervention plan, and modify it, as necessary, to address the behavior; and

(2) Except as provided in paragraph(g) of this section, return the child to the placement from which the child was removed, unless the parent and the LEA agree to a change of placement as part of the modification of the behavioral intervention plan.

(g) Special circumstances. School personnel may remove a student to an interim alternative educational setting for not more than 45 school days

without regard to whether the behavior is determined to be a manifestation of the child's disability, if the child:

- (1) Carries a weapon to or possesses a weapon at school, on school premises, or to or at a school function under the jurisdiction of an SEA or an LEA;
- (2) Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of an SEA or an LEA; or
- (3) Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of an SEA or an LEA.

(h) Notification. On the date on which the decision is made to make a removal that constitutes a change of placement of a child with a disability because of a violation of a code of student conduct, the LEA must notify the parents of that decision, and provide the parents the procedural safeguards notice described in §300.504.

(i) Definitions. For purposes of this section, the following definitions apply:

- (1) Controlled substance means a drug or other substance identified under schedules I, II, III, IV, or V in section 202(c) of the Controlled Substances Act (21 U.S.C. 812(c)).
- (2) Illegal drug means a controlled substance; but does not include a controlled substance that is legally possessed or used under the supervision of a licensed health-care professional or that is legally possessed or used under any other authority under that Act or under any other provision of Federal law.
- (3) Serious bodily injury has the meaning given the term "serious bodily injury" under paragraph (3) of subsection (h) of section 1365 of title 18, United States Code.
- (4) Weapon has the meaning given the term "dangerous weapon" under paragraph (2) of the first subsection (g) of section 930 of title 18, United States Code. (Authority: 20 U.S.C. 1415(k)(1) and (7))

Dispute Resolution

Federal Guidelines

§300.152 Minimum Maine complaint procedures.

(a) Time limit; minimum procedures. Each SEA must include in its complaint procedures a time limit of 60 days after a complaint is filed under §300.153 to—

- (1) Carry out an independent on-site investigation, if the SEA determines that an investigation is necessary;
- (2) Give the complainant the opportunity to submit additional information, either orally or in writing, about the allegations in the complaint;
- (3) Provide the public agency with the opportunity to respond to the complaint, including, at a minimum
 - (i) At the discretion of the public agency, a proposal to resolve the complaint; and
 - (ii) An opportunity for a parent who has filed a complaint and the public agency to voluntarily engage in mediation consistent with §300.506;
- (4) Review all relevant information and make an independent determination as to whether the public agency is violating a requirement of Part B of the Act or of this part;

and

(5) Issue a written decision to the complainant that addresses each allegation in the complaint and contains:

- (i) Findings of fact and conclusions; and
- (ii) The reasons for the SEA's final decision.

(b) Time extension; final decision; implementation. The SEA's procedures described in paragraph (a) of this section also must—

 - (i) Exceptional circumstances exist with respect to a particular complaint; or
 - (ii) The parent (or individual or organization, if mediation or other alternative means of dispute resolution is available to the individual or organization under Maine procedures) and the public agency involved agree to extend the time to engage in mediation pursuant to paragraph (a)(3)(ii) of this section, or to engage in other alternative means of dispute resolution, if available in the Maine; and
- (2) Include procedures for effective implementation of the SEA's final decision, if needed, including
 - (i) Technical assistance activities;
 - (ii) Negotiations; and
 - (iii) Corrective actions to achieve compliance.

(c) Complaints filed under this section and due process hearings under §300.507 and §§300.530 through 300.532.

However, any issue in the complaint that is not a part of the due process action must be resolved using the time limit and procedures described in paragraphs (a) and (b) of this section.
- (2) If an issue raised in a complaint filed under this section has previously been decided in a due process hearing involving the same parties—
 - (i) The due process hearing decision is binding on that issue; and
 - (ii) The SEA must inform the complainant to that effect.
- (3) A complaint alleging a public agency's failure to implement a due process hearing decision must be resolved by the SEA. Approved by the Office of Management and Budget under control numbers 1820-0030 and 1820-0600 (Authority: 20 U.S.C. 1221e-3) §300.153 Filing a complaint.

(a) An organization or individual may file a signed written complaint under the procedures described in §§300.151 through 300.152.

(b) The complaint must include—

- (1) A statement that a public agency has violated a requirement of Part B of the Act or of this part;
- (2) The facts on which the statement is based;

- (3) The signature and contact information for the complainant; and
 - (4) If alleging violations with respect to a specific child—
 - (i) The name and address of the residence of the child;
 - (ii) The name of the school the child is attending;
 - (iii) In the case of a homeless child or youth (within the meaning of section 725(2) of the McKinney- Vento Homeless Assistance Act (42 U.S.C. 11434a (2))), available contact information for the child, and the name of the school the child is attending;
 - (iv) A description of the nature of the problem of the child, including facts relating to the problem; and
 - (v) A proposed resolution of the problem to the extent known and available to the party at the time the complaint is filed.
 - (c) The complaint must allege a violation that occurred not more than one year prior to the date that the complaint is received in accordance with §300.151.
 - (d) The party filing the complaint must forward a copy of the complaint to the LEA or public agency serving the child at the same time the party files the complaint with the SEA.
- (Approved by the Office of Management and Budget under control numbers 1820–0030 and 1820–0600) (Authority: 20 U.S.C. 1221e–3)

MEVA

Disputes that are resolved at the local level may preserve and even strengthen the relationship between the school and the parent. While the parent always has the right to request Mediation or a Due Process Hearing and should always be informed of this right, many times issues can be resolved at a less intense level as system personnel and parents seek mutual understanding and agreement. The following four (4) step process may be used to resolve problems before they grow to the level requiring Mediation or a Due Process Hearing:

Step One: Contact the assigned Special Education Teacher or Special Education Manager via e-mail and/or by phone.

Step Two: Hold an IEP team meeting to discuss concerns of the IEP team members.

Step Three: If ‘Step Two’ is unsuccessful, contact the MEVA Head of School via e-mail and/or by phone.

Although the goal should always be to resolve disputes at the local level, sometimes situations require the assistance of persons not directly involved with the issues at hand.

Stay Put

During the pendency of any administrative or judicial proceeding, including mediation (if the school district or other public entity voluntarily agrees to participate in mediation), unless the school district and the parents or student (if at least 18 years of age or emancipated) otherwise agree, the student shall remain in his or her present educational placement and continue in his or her present eligibility status and special education and related services, if any. If mediation fails to resolve the dispute between the parties, the parent (or student if 18 years of age or older or emancipated) shall have 10 days after the mediation concludes to file a request for a due process

hearing in order to continue to invoke the “stay put” provisions of this subsection (j).
The costs for any special education and related services or placement incurred following 45 days after the initial request for evaluation shall be borne by the school district if the services or placement is in accordance with the final determination as to the special education and related services or placement that must be provided to the child, provided that during that 45-day period there have been no delays caused by the child's parent.

JLCD: Administration of Medication to Students

In the unfortunate circumstance of a medical emergency at a face-to-face event such as (but not limited to) a field trip or state testing, MEVA staff and faculty receive basic first aid training. If a child has any medical needs, it is essential that the legal guardian let the Special Services Dept know which medications, where the medications need to be stored, and how to handle those medications with the child. Maine Virtual Academy also strongly suggests that a guardian stays on-site. If there is an emergency at a face to face school function or event, the school will call 911 and alert as soon as possible.

JLDBG: Reintegration of Juveniles from Juvenile Correctional Facilities

Maine law requires the establishment of a reintegration team to assist a student entering a public school from a juvenile correctional facility. Maine Virtual Academy recognizes the need for advance planning and appropriate confidentiality in these circumstances. The Head of School shall be responsible for determining whether a student will be accepted or denied access to school based on compliance with the juvenile's rehabilitation plan as it affects reintegration. Access may be denied until the Head of School is satisfied that conditions have been met. Maine Virtual Academy will comply with reintegration standards established by the Maine Department of Education. The Head of School will be responsible for overseeing the transition of students from juvenile correctional facilities based on the following guidelines.

A. Within ten days of receiving information from the Department of Corrections concerning the release of a juvenile offender, the Head of School shall establish and convene a meeting of a reintegration team to review information received from the Department of Corrections, evaluate the student's individual educational needs, and

determine what additional information may be relevant.

B. The reintegration team shall include at a minimum the director of special services, the principal/designee of the school to which the student will be admitted, at least one classroom teacher to which the student will be assigned or who is involved in the school's student assistance team, the student's parent/guardian/custodian, and a guidance counselor. The student's juvenile correctional officer or other representative from the Department of Corrections may be invited to attend.

C. The reintegration team will determine, on the basis of need, which school employees should be given (OR receive information OR have access to) information that would otherwise be considered confidential. The nature and extent of information provided should be limited to that needed to implement the student's reintegration plan and ensure the health and safety of the student, the safety of the school's students and staff, and the integrity of school property.

D. The Head of School/designee will be responsible for ensuring that confidentiality training, including a review of the school unit's policy and administrative procedures pertinent to records from the juvenile criminal justice system, including the juvenile correctional facility, and to all student educational records under the Family Education Records and Privacy Act (FERPA), is provided to all school employees who have access to this information.

E. Before the student enters school, at least one additional meeting of the reintegration team shall be held to develop an individualized plan for the student's reintegration based on the student's educational needs and the options available within the school system. This meeting should include the student as well as the members of the reintegration team. The reintegration plan will address the student's educational program, participation in activities (including co-curricular and extracurricular activities), and access to school facilities (including transportation).

F. Placement in grade, class, and/or school programs will be based on the student's abilities and academic achievement demonstrated in prior educational settings, including the student's stay at the juvenile correctional facility. The Head of School will be responsible for evaluating the student's transcript and portfolio from the juvenile correctional facility to assess progress toward meeting the content standards of the Learning Results. The Head of School may require the student to participate in additional tests or other demonstrations of skill or knowledge, consistent with the local assessment system, for the purpose of determining appropriate placement.

G. The Head of School will be responsible for developing and implementing a process for monitoring and reporting a student's progress and compliance with the reintegration plan and for modifying the plan as needed.

JRA-E: Notification of Rights Under FERPA

At MEVA, safeguards are in place for proper access to student records by phone and

electronically. The Family Educational Rights and Privacy Act (FERPA) afford parents and students turning the age of 18 or are over 18 years of age (eligible students) certain rights with respect to the student's education records. They are:

A. The right to inspect and review the student's education records within 45 days of the day Maine Virtual Academy (MEVA) receives a request for access.

Parents or eligible students should submit to the Head of School a written request that identifies the record(s) they wish to inspect. The HOS will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

B. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading.

Parents or eligible students may ask Maine Virtual Academy to amend a record that they believe is inaccurate or misleading. They should write the Head of School, clearly identify the part of the record they want changed and specify why it is inaccurate or misleading.

If the Maine Virtual Academy decides not to amend the record as requested by the parent or eligible student, the Maine Virtual Academy will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment.

Additional information regarding

the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

C. The right to consent to disclosure of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school unit as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; person or company with whom the school unit has contracted to perform a special task (such as an attorney, auditor, medical consultant or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility.

Upon request, the Maine Virtual Academy discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

D. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Maine Virtual Academy to comply with the requirements of FERPA.

The name and address of the office that administers FERPA is:

Family Policy Compliance Office

U.S. Department of Education

400 Maryland Avenue, S.W.

Washington, DC 20202-4605

E. The Maine Virtual Academy may make public at its discretion personally identifiable information from the education records of a student without parental consent if that information has been designated as directory information by the school. This school unit has designated the following information as directory information: the student's name, participation in officially recognized activities and sports, weight and height of athletes, and honors and awards received.

Such information will not be disclosed if the parent of the student informs the school unit in writing within 10 days of the first student day of the school year or within 10 days after enrollment that such information is not to be designated as directory information with respect to that student. Any such notice should be sent to the Head of School at the following address:

Maine Virtual Academy
Ballard Center
6 East Chestnut St., Suite 230
Augusta, ME 04330

F. Federal law permits military recruiters and institutions of higher learning to request and receive the names, addresses and telephone numbers of high school students upon request, unless the student's parent or eligible student notifies the school unit that he/she does not want such information released. Such information will not be disclosed if the student's parent or eligible student notifies the school unit, in writing, that such information should not be released without his/her written consent. Any such notice should be sent to the Head of School at the following address:

Maine Virtual Academy
Ballard Center
6 East Chestnut St., Suite 230
Augusta, ME 04330

G. Under Maine law, Maine Virtual Academy shall not publish on the Internet without written parental consent any information whether directory or otherwise, that identifies a student, including but not limited to the student's full name, photograph, personal biography, email address, home address, date of birth, social security number and parents' names.

FERPA OPT-OUT DIRECTORY

[Note: Per 34 C.F.R. § 99.37(d), a school or school district may adopt a limited directory information policy. If a school or school district does so, the directory information notice to parents and eligible students must specify the parties who may receive directory information and/or the purposes for which directory information may be disclosed.] The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that MEVA, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, MEVA may disclose appropriately designated "directory information" without written consent, unless you have advised the School District to the contrary in accordance with MEVA procedures. The primary purpose of directory information is to allow the MEVA to include information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook; • Honor roll or other recognition lists;

- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965, as amended (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent. [Note: These laws are Section 9528 of the ESEA (20 U.S.C. § 7908) and 10 U.S.C. § 503(c).]

If you do not want MEVA to disclose any or all of the types of information designated below as directory information from your child's education records without your prior written consent, you must notify MEVA in writing by the first day of school, as identified in the school calendar located on the website www.mainevirtualacademy.org. MEVA has designated the following information as directory information:

- Student's name
- Address
- Telephone listing
- Electronic mail address
- Photograph
- Major field of study
- Grade level
- Participation in officially recognized activities and sports
- Degrees, honors, and awards received
- The most recent educational agency or institution attended
- Student ID number, user ID, or other unique personal identifier used to communicate in electronic systems but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a PIN, password, or other factor known or possessed only by the authorized use.

MAINE VIRTUAL ACADEMY TEACHER CERTIFICATION EXEMPTION POLICY

Maine Virtual Academy (MEVA) will comply with Maine law and its charter contract with the Maine Charter School Commission by employing full-time teachers that either hold an appropriate teaching certificate or that become certified within three years after the date that they are hired, except that Maine Virtual Academy (MEVA) may employ full-time teachers that do not hold an appropriate teaching certificate if they have an advanced degree, professional certification or unique expertise or experience in the curricular area in which they teach.

In evaluating whether to approve an exception to the teaching certificate requirement under the standard outlined above, unique expertise or experience may be based on professional and/or educational expertise or experience. Unique professional expertise or experience is defined to include having worked in an applicable trade or STEM profession (outside of education) in the content area taught, or having received national or state recognition in the content area taught. Military experience/training will be considered in determining an employee's unique expertise or experience.

Unique educational expertise or experience is defined as having taught as a college professor in the applicable content area and/or holding a PhD. in the applicable content area. An advanced degree must be within the content area that the teacher instructs and assesses.

Educators will be required to be certified in Maine, unless Maine Virtual Academy (MEVA) determines that the exception to the teaching certificate requirement applies. It is preferred that all teachers will have Maine teaching certifications in the given field of instruction. If the teacher is not certified at the time of hire and Maine Virtual Academy (MEVA) has determined that the exception does not apply, the Head of School will work with the teacher to develop a timeline of when the appropriate teaching certificate will be achieved. If the teacher fails to achieve a professional certificate in the content area for which the teacher was hired, within three years of the date of hire, the teacher will not be eligible for continued employment.

Maine Virtual Academy (MEVA), consistent with its charter contract, shall not employ as teacher or other instructional personnel any person whose certification, authorization or approval has been revoked or is currently suspended.

The Head of School will serve as the Certification Administrator for the school and will complete all certification reports to ensure Maine Virtual Academy (MEVA) is in full compliance with Maine law and the charter contract.

Additional Board Policies/Procedures

***Check Signatory Procedure**

Accounting and payroll programs are only accessible to administration and are password protected.

Assets are inventoried, cash withdrawals require Head of School signature. Any check over \$10,000

requires both an email approval by the Treasurer attached to the invoice, and CEO (Head of School) signature on the check, unless it is a check for routine payments, including Stride, Inc., health benefits, insurance premiums, rent, and pension contributions to MainePERS. In these cases, the CEO (Head of School) signature is sufficient. All electronic fund transfers in excess of \$10,000 for payment of invoices require email approval by the Treasurer, unless payments are for routine payments listed above.

Board Approval Date: 10/17/2023

***Travel Administrative Procedure**

All substantiated business travel will be reimbursed at the current allowable Federal standard mileage rate. Actual cost of tolls and parking will also be reimbursed, we do not reimburse for gas. If eligible for reimbursement, the appropriate expense form documenting mileage, tolls, parking expenses and all other allowed reimbursed expenses must be submitted within 30 days of travel, along with supporting documentation and/or **detailed** receipts.

For all travel that is not overnight, the maximum meal reimbursement for the day will be \$30.00 (excluding alcoholic beverages). MEVA will not cover your breakfast (unless you stayed overnight), as we do not cover your breakfast when you come to the office. Any overnight business travel must be approved in advance. When approved, meals up to \$60.00/day (excluding alcoholic beverages, desserts, and appetizers unless the appetizer is your main meal) and lodging will be reimbursed by the school. All meal reimbursements must include the details of the charges. If the details are not provided (itemized receipt), the reimbursement will be declined for the meal. If you go with another faculty member, remember to have separate meal receipts. DO NOT put meals on one meal check/receipt.

If you leave from home the mileage reimbursement will be calculated by the distance traveled, minus your normal commute distance to the MEVA office or the distance from the MEVA office to the destination, whichever is less.

If using a personal automobile on school business, employees must provide proof of satisfactory automobile insurance coverage on an annual basis. All operators must possess and maintain a valid driver's license.

Board Approval Date: 3/21/2023

***Vacation/PTO/Breaks**

MEVA recognizes the need for employees to take time off to relax and recharge. As a result, most employees of MEVA are provided time off during the Holiday; winter; spring; and

summer breaks. The dates of these breaks will be determined and added to the school calendar. The Head of School and/or Board reserve the right to amend this schedule. Employees are expected to schedule trips and other vacations during holidays; winter; spring and summer breaks. Requests for all time off (paid and unpaid) must be pre-approved by the Head of School. Unpaid time off will only be granted in extenuating circumstances. Vacation or PTO leave is determined by an employee's job classification, negotiated agreement and employment schedules. Employees must send a request for vacation or PTO to the Head of School, Supervisor and HR by email for approval. PTO hours do not carry over from year to year. 40 hours of unused vacation time will carry over from year to year, up to a maximum of 40 hours, effective July 1, 2024. Up to 360 hours of employees banked vacation, earned prior to July 1, 2024, will be frozen. Unused vacation time will be paid to employee in good standing upon separation from the service or to a beneficiary or estate upon death. Please refer to the Employee Handbook for additional information surrounding policies relating to time off.

****Telework Policy***

Maine Virtual Academy (MEVA) is a leader in workplace innovation and environmental stewardship. To that end, MEVA has developed a Telework Policy and Procedure to provide the framework and expectations for the following:

- Supporting employee wellbeing and work/life balance,
- Recruitment and retention of a skilled workforce,
- Supporting the needs of students and their families,
- Protecting our climate through lower greenhouse gas emissions and a reduced carbon footprint,
- Protecting MEVA's operational and financial interests.

This policy will be evaluated on an ongoing basis and is subject to revision at the discretion of the MEVA governing board. Any revisions will supersede prior versions.

General provisions:

1. Telework is a mutually agreed upon work arrangement where an employee performs assigned duties and authorized activities during school hours at an agreed upon telework site on a regular or occasional basis. Teleworking is discretionary workplace flexibility based on operational need. Not all employees or positions are eligible to telework.
2. A Telework Authorization may be adjusted or terminated in response to a request from the employee or at the discretion of the Head of School. A Telework Authorization can be adjusted or terminated by the Head of School for reasons including but not limited to: if an employee's performance does not meet expectations, if the teleworking arrangement fails to meet organizational needs, including if the employee is unable to perform their work in a safe, effective and secure manner, or if the employee fails to meet the requirements of their Telework Authorization and this policy. Eligible employees may be allowed to telework part

time or full time, based on employee request, operational need, pending Head of School approval.

3. Two types of Telework Authorizations are available:
 - a. *Regular telework*: Regular Telework Authorizations are approved by the Head of School for an ongoing agreed upon work schedule. Teleworking days and hours will be determined in advance and, in general and based on operational need, will not vary. The arrangement can last for a defined period or can continue indefinitely with regular review.
 - b. *Occasional telework*: Occasional Telework Authorizations are approved by the Head of School on a case-by-case basis, are infrequent, and not regularly scheduled. Occasional telework can allow employees flexibility to attend appointments, continue to perform work during workplace disruptions including emergency situations, or provide uninterrupted time for project work.
4. Telework employees may or may not be assigned a permanently designated workspace at the MEVA headquarters location. The Head of School will assign employee workspaces when Telework Authorizations are reviewed. Generally, workspaces will fall into three categories:
 - a. Dedicated, permanently assigned, workspaces that are not shared.
 - b. Dedicated, permanently assigned workspaces that are shared, where two (2) or more staff members “rotate” use on a set schedule; and
 - c. “Drop in” or “hoteling” spaces that consist of unassigned seating that is available either on a first- come, first-served basis, or is reserved.
5. A Telework Authorization does not represent an official assignment of headquarters (different rules apply to employees with an official assignment of headquarters at their home). The employee’s official headquarters will remain the MEVA office location where the employee is generally expected to report for on- site work, whether or not the employee has a dedicated, permanently assigned workspace at that location, and regardless of the number of days per week the employee is expected to report to that location. When an employee travels/commutes to the MEVA headquarters location, mileage between the employee’s telework location and MEVA headquarters is not reimbursable.
6. For Telework Authorizations by the Head of School, an employee will designate an area as a telework workspace that allows for privacy and confidentiality of work and is removed from other distractions at the telework location. The employee must maintain the designated workspace in a safe condition, free from hazards and other dangers. The employee will work at the designated telework location during their agreed upon work schedule unless they have received prior written approval by the Head of School to temporarily work elsewhere. ‘Temporarily’ is typically defined as fewer than three consecutive weeks.
7. Teleworkers are covered under the State of Maine Workers Compensation Act when performing official duties in the agreed upon telework workspace. If an employee becomes injured while performing their duties via teleworking, they must report the injury to the Head of School (via email) immediately.
8. The teleworker must protect MEVA-owned equipment from possible theft and/or damage and ensure the security of all official or confidential data and documents. Appropriate IT, data and document security and safety requirements are established to ensure the security of

confidential information during storage, transfer, or use at a telework site. Teleworkers shall complete annual compliance training within the expected window.

9. Operating costs associated with an employee's use of a telework location or use of personal equipment at a telework location, including but not limited to maintenance, insurance, and utilities, are not reimbursable by MEVA. MEVA is not liable for damages to an employee's personal or real property while an employee is teleworking.
10. The employee is responsible for determining any income tax implications of maintaining a telework site at their home (home office). MEVA will not provide tax guidance; employees are encouraged to consult with a qualified tax professional to discuss income tax implications.
11. MEVA owned equipment in use at an agreed upon telework location will be covered by the school's insurance, subject to relevant terms and conditions including the responsibility of the employee to ensure the equipment is adequately safeguarded and secured. Teleworkers should consult with their personal insurance agent to ensure there are no coverage deficiencies or adverse impacts to personal property or liability insurance.
12. Telework Authorizations are intended for employees who live within the State of Maine, due to the complexity of labor laws, tax requirements, and other rules and regulations.
13. Employee performance and productivity is subject to supervision and monitoring whether the employee is working on-site or teleworking.

Eligibility:

1. Positions eligible for teleworking are assessed according to the functions and duties of the position. Eligibility for teleworking is determined by the Head of School. Positions eligible for telework are typically those involving tasks and work activities that are portable, measurable, and not dependent on the employee being in the traditional worksite.
2. To be eligible for telework, employees must demonstrate: dependability, ability to handle responsibility, ability to self-motivate, ability to prioritize work effectively, ability to utilize good time- management skills, ability to work with their supervisor to clearly define tasks and performance expectations appropriate for telework, and ability to establish an appropriate telework workspace.
3. Positions not eligible for telework are those that involve tasks not suitably performed away from the office. This can include but is not limited to positions that require an employee's physical presence to perform the functions and duties of the position.

Scheduling, time and attendance:

1. Teleworking days and hours will be determined in advance and, in general and based on operational need, will not vary. Teleworkers are expected to adhere to their work schedule and telework hours as approved by the Head of School; schedules will be developed based on operational need. Occasional, non-recurring schedule changes may be approved by the Head of

School on a case-by-case basis, based on operational need and availability of workspace. Long term or permanent changes to the telework schedule will require an updated Telework authorization and must be approved by the Head of School in advance.

2. The Head of School may, based on operational need, require the employee to work from MEVA headquarters or other physical location on a regularly scheduled telework day. Advance notice will be provided when possible, however, if unforeseen circumstances arise an employee may be required to report to their headquarters or other physical location during agreed upon telework hours with little or no advance notice. When employees are required to work from MEVA headquarters or other physical location on a scheduled telework day, the Head of School may (but is not required to) approve an employee request to reschedule the telework day, subject to operational requirements.
3. Employees are required to participate in meetings regardless of work location and may be required to attend meetings in person. Teleworking employees shall not request to reschedule meetings based on their telework schedule. An employee is not permitted to delegate normally assigned duties to co-workers because the employee is unable to complete the task as a result of teleworking or does not have access to the necessary equipment at the telework site.
4. Except when engaged in other work-related activity, teleworkers must be reachable and responsive during their agreed upon telework hours via email or other agreed upon method, approved by the Head of School.
5. Teleworkers are required to provide the Head of School with access to an up-to-date schedule including details regarding work schedule and times available and unavailable, via their Google calendar or other agreed upon method.
6. Teleworking employees are expected to be focused on their work, in a dedicated space, during work hours.
7. Should technical or other difficulties arise while teleworking, such as loss of internet, loss of power, increased telework location distractions, etc. the teleworker must notify their supervisor and the Head of School and begin alternate work arrangements. A teleworker must work with their supervisor in advance to establish alternate work arrangements which may include reporting to the MEVA headquarters location if space allows, adjusting their work schedule for the day, or ensuring that the teleworker has work with them that can be accomplished without internet connectivity.

Equipment and supplies:

1. MEVA will not be responsible for furnishing or maintaining telework site workspaces.
2. MEVA will only assign one set of IT equipment to an employee, based on the nature and type of work performed and as approved by the Head of School; this can include a laptop, docking station, keyboard, mouse, appropriate number of monitors, printer, etc. If an employee has a designated workspace and equipment at their headquarters location, they will not be provided duplicate equipment for a telework location. A detailed inventory will be maintained of any

equipment removed from an employee's headquarters location to a telework worksite.

3. Office supplies such as paper, pens, etc. should be obtained at the MEVA headquarters, and the teleworker may take such supplies as are necessary to perform job functions and may not be used for personal activities; if an employee chooses to purchase supplies, out-of-pocket expenses will not be reimbursed without prior approval from the Head of School.
4. Family members and friends of teleworkers are not authorized to use MEVA-owned equipment.
5. All MEVA-owned equipment must be returned at the conclusion of the Telework Authorization, termination of employment, or at the school's request.

Security considerations:

1. Failure to comply with any security policies, procedures and guidelines may result in immediate termination of a Telework Authorization.
2. Telework must be performed using MEVA-owned equipment.
3. Security of all MEVA data and protection of MEVA-owned equipment and property containing confidential information will be ensured by the teleworker.
4. Materials and workspace must be secured when not working if the employee works with any Personally Identifiable Information or other confidential or sensitive information.

MEVA Employee Responsibilities:

1. Designate an area as a telework workspace that allows for privacy and confidentiality of work and is removed from other distractions at the telework location. Notify the Head of School in advance of making any changes to telework location, temporary (typically fewer than three consecutive weeks) or permanent, which may require a new authorization. (The employee will work at the designated telework location during their agreed upon work schedule unless they have received prior written approval by the Head of School to temporarily work elsewhere).
2. Furnish and maintain the designated telework workspace in an ergonomically correct and safe condition, free from hazards and other dangers to the employee and other MEVA personnel. The employee must notify the Head of School if they need or want an ergonomic assessment, which can be arranged with the MEVA Human Resources Manager. The employee must agree to correct the workspace as advised in the assessment. The employee is responsible for the payment for any needed furniture or workspace alterations.
3. Ensure adequate internet connection that allows for participation in work-related activities and meetings via audio and video when required. The amount of internet speed required will vary based on the requirements of the position.
4. Comply with office policies or supervisor/manager requests to enable their camera for meeting attendance.
5. Adhere to MEVA's telework and school/work hours unless an alternate arrangement is approved by the Head of School.
6. Maintain a level of performance that meets expectations.

7. Be reachable and responsive during MEVA's telework hours.
8. Provide their supervisor with access to an up-to-date schedule via the employee's Google Calendar.
9. Be prepared to report to office/headquarters or other physical location on designated telework days if necessitated by work requirements or if directed by the Head of School.
10. Protect MEVA-owned equipment from possible theft and/or damage and ensure the security of all official or confidential data and documents.
11. Complete annual compliance training within the expected window.
12. Adhere to employment guidelines specified in the MEVA Employee Handbook and governing board policies. All MEVA employees are 'at will.'

Classes and materials that are available for reimbursement must be in the staff member's current content department at MEVA. Travel costs, meals, tolls and any expense beyond the class cost and materials for the class or cost of the test **will not** be eligible for reimbursement. An employee will not be eligible for course reimbursement if they withdraw from an approved course or if the approved course is canceled. The employee is required to immediately notify the HR/Business Manager if they withdraw from an approved course or if the course is canceled. If the employee receives an incomplete in a course, the employee will have until the end of the following semester in which to complete the work and have the incomplete removed. Failure to complete the work will prohibit the employee from participating in the tuition reimbursement plan and any advance payments received must be repaid to MEVA. Reimbursement is contingent upon earning B- or higher. Failure to satisfy the minimum passing grade will result in denial of payment and/or the employee shall repay the full amount of the advance for the course to MEVA.
