Re: **Notification of Asbestos Inspection and Management Plan Availability**

To Whom It May Concern:

The Asbestos Hazard Emergency Response Act (AHERA) required the nation's schools to conduct detailed inspections to identify all asbestos-containing materials that might be present in the school environment. AHERA required the inspection results and the associated Management Plan be submitted to the Louisiana Department of Environmental Quality (LDEQ). A copy of the Management Plan must be kept and maintained at the school administrative office for review by the public.

This letter of notification is an annual requirement to the public. If there are any questions, please contact the Designated Person, Mr. Jason Dewey, at 504-252-9459 for more information or assistance.

Thank you for your participation in this important process.
