

## **Freedom of Information Law Academic Leadership Charter School**

**Academic Leadership Charter School (ALCS)** shall be subject to the Article 6 of the New York Public Officers Law, pursuant to Education Law 2854 (1)(E).

Requests for public information must be in writing and submitted to the **ALCS's** Records Access Officer who shall be designated by the Principal. Upon the receipt of a request for school records and information, the request will be responded to in the following manner: Within five business days of receipt of a written request **ALCS** will, depending on the requested information, either make the information available at the **ALCS's** principal location during normal business hours to the person requesting it, deny the request in writing, or provide a written acknowledgment of receipt of the request that supplies an approximate date for when the request will be granted or denied. If the request is granted, in whole or part, but the records are unable to be produced within 20 days, the Records Access Officers will provide a written response to the person requesting information which will include a reason for delay and date certain the records will be produced.

If the person requesting information is denied access to a record, he or she may, within 30 days, appeal such denial to the Principal or his or her designee (such designee shall not also serve as the School Records Access Officer). Upon timely receipt of such an appeal, **ALCS** will, within 10 business days of the receipt of the appeal, fully explain, in writing, the reason for further denial or provide access to the records(s) sought; **ALCS** also will forward a copy of the appeal, as well as its ultimate determination, to the New York State Committee on Open Government.

In the event an appeal for records is denied, the person requesting the information may bring a proceeding for review of such denial pursuant to Article 78 of the Civil Practice Law and Rules.

**Academic Leadership Charter School** may deny access to requested records for one or more of the following grounds:

- Such records are specifically exempted from disclosure by state or federal statute;
- Such access would constitute an unwarranted invasion of personal privacy;
- Such records, if disclosed, would impair present or imminent contract awards or collective bargaining negotiations;
- Such records are trade secrets or are submitted to **ALCS** by a commercial enterprise or derived from information obtained from a commercial enterprise and which if disclosed would cause substantial injury to the competitive position of such enterprise;
- Such records are compiled for law enforcement purposes and which, if disclosed, would meet the conditions set forth in Public Officers Law 87(2)(3);
- Such records, if disclosed, would endanger the life or safety of any person;
- Such records are computer access codes;
- Such records are intra-agency materials that are not statistical or factual tabulations of data, instructions to staff that affect the public, or a final policy or external audits.
