A Holiday Party is in the works. Let us know if you want to help plan or have ideas.

Please keep us updated on life events and gathering ideas.

GUINEA PIG NEWS

Ruth and Sonia are grateful for Ms. Howard and the cafeteria staff for providing them with leftover veggie scraps. It's part of their well-rounded diet. Thank you!

The girls have their own Instagram account. It's largely a way to promote media center activity, but features cute guinea pigs.

MAKERSPACE FEATURE

Cricut Machine

This is a precise cutting machine. It can cut out any design on most materials. Julie used it to print her name on vinyl sticker and label her ACS cup. We can print on regular paper, card stock, vinyl, and iron-on transfers. You could make shirts one-by-one. Cut out any intricate design your heart desires!

1:1 PROGRAM UPDATE

You now have student chargers in your classrooms!

Reminder: Students are supposed to leave their chargers at home and they are to come to school with their computers completely charged. Now that you have the ability to charge computers in your classroom, please encourage students to keep their chargers at home. This should prevent losing chargers, theft, or school staff responsibility for missing chargers. Students may purchase an additional charger for \$20.

Classroom chargers are spray painted, tagged with a teacher name, and zip-tied to furniture. If you need more zip-ties, we'd be happy to deliver them.

If the chargers disappear, they will NOT be replaced.

Thanks to Bonnie, Josh, Mike, and Janet for spray painting teacher chargers and delivering them to classrooms.
