

# Isaac Dickson Elementary School

## Student Device Policy

### ACS Board Policy #4318

A student will not bring or possess any object that has no educational purpose and may distract from teaching and learning.

### Isaac Dickson Student Cellular Device Policy

At Isaac Dickson we understand that cell phones have become an important tool with which parents communicate with their children before and after school. Because all classrooms are equipped with phones, students are not allowed to use cellular phones, or other wireless communication devices, during the school day. In accordance with board policy, students with signed permission from parents/guardians, may have cellular devices (including phones and watches) to use before and after school. These devices are to be turned OFF and stored in the students' backpacks or other school approved location during the school day.

### Consequences for unauthorized use

School employees may immediately confiscate any wireless communication device that is on, used, displayed, or visible in violation of this policy.

- 1st offense    device confiscated and returned to student at the end of the day
- 2nd offense    device confiscated and returned to a parent by administration
- 3rd offense    cell phone privileges revoked for the remainder of the school year
- 4th offense    In-school Suspension

### Liability

Students are personally and solely responsible for the safety and security of their wireless communication devices. The school system is not responsible for the theft, loss, or damage of a cellular phone or any other personal wireless communication device.

### Parent Permission

I acknowledge the policy above and request for my child (listed below) to keep a wireless device (cell phone, smart watch, etc...) for use before and after school hours. The student will be responsible for the safety and security of the device and will keep the device turned off during the school day.
