

The CEF Achieve initiative is a series of programs preparing Carmel Clay students for their futures. Programs meet standards based curriculum, are accessible for all students by being provided during the school day, and inspire students to be confident, informed, and inspired upon graduation.

## JUNIOR ACHIEVEMENT CAPSTONE PROGRAMS

- Funding for 1,200+ CCS fifth grade students to attend JA BizTown, a simulated city where kids are an "adult for a day" while learning about free enterprise, personal financial management, and business functions in a community.
- Access for all CCS 8th graders to participate in JA JobSpark, a hands-on career exploration fair focused on making students aware of what skills are needed for jobs in today's world.
- Engage 2,000+ Carmel High school students at the JA CareerIgnite Fair, held at CHS to explore their post-secondary options of education, employment, enlistment, and entrepreneurship through interactions from community businesses & representatives.

## STATE BANK START ME UP CUP

CHS students with entrepreneurial ideas are invited to participate in this Shark Tank-style competition for seed funding to turn their ideas into realities.

## CEF/CHS POLYTECHNIC SPEAKER SERIES

CEF Partners share their professional experiences and opportunities in their industry with CHS students enrolled in any polytechnic area (i.e. automotive, construction, culinary, cosmetology, welding, interior design, fashion, etc.).
