STEAM Children Learn Coding

The STEAM children at Wilkshire Early Childhood Center recently received two separate grants to purchase Sphero Indi Student Robot Kits for the STEAM classroom.

A huge thank you to the Foundation for Haslett Schools for awarding a grant, which gave us the opportunity to purchase five student Sphero Indi Robot Kits. In addition, 517 EdTech (through REMC 13) provided an additional student kit.

While using the Sphero Indi Kits, children are exposed to entry level robots and learn to apply simple coding. They also build mazes, which enhances their computational skills. In addition, working with the Sphero Indi Robots promotes increased creative thinking and problem-solving skills.

You may want to consider taking your child on a field trip this summer to the Capital Area District Library. The library will allow you to reserve and check out a Sphero Indi Kit from the "Library of Things."

No School Memorial Day
May 27, 2024
