Students entering **first grade** for the first time at the beginning of the 2024-2025 school session shall be six (6) years of age on or before September 30th of the calendar year in which the school year begins. In addition, parents are to present to school officials as a prerequisite to enrolling in the first grade, evidence of having attended at least a full-day public or private kindergarten instruction for a full school year; “or” satisfactorily passed academic readiness screening, administered by the school system prior to the time of enrollment in first grade.

Registration Requirements

1. [St. James Parish School's Registration Packet](#) (Can also be found on <https://www.stjames.k12.la.us/> “Quick Links”)
2. Immunization Record - Louisiana law requires all children entering schools in the St. James Parish School District to present copies of their immunization records at the time of registration. This includes new students, those in Pre-K, Kindergarten, and those entering grades 1-12 in St. James Parish for the first time. R.S. 17:170 states that “all persons entering any school within the state for the first time shall present evidence of an immunization program in progress”. This will be strictly enforced by the St. James Parish School District. Please note that no child seeking to enter any school in the school district shall be required to comply with the provisions of this mandate if the child for medical reasons or a written dissent from the parents is presented.
3. Birth Certificate - All new registrants to SJPS are required to present a copy of their official birth record upon registration. Certified copies may be obtained by contacting:

 - If a Social Security Card is not available at the time of registration, the student shall be assigned a state identification number.
5. Proof of Residency - Verification of domicile of a parent or legal custodian or legal guardian must bear the name and current physical address of the parent or legal custodian or legal guardian and shall be based on at least two (2) of the following items: gas or water bill, electricity bill, lease/rental agreement, driver's license, voter's registration card, most recent tax return or act of sale/mortgage.

Additional Documents - Providing the following documents upon registration will assist SJPS with an expedited enrollment process and placement: withdrawal form from previous school, last report card, transcript (high school only), IEP/IAP (if applicable), health plan, and/or any additional information in which the parent deems important for the school to know.

Parent Communication

Parent(s) shall notify the school immediately of any changes in the domicile of the student including, but not limited to: address, phone number, and any other contact information.

Communications to all parents related to school and parent programs, meetings, and other activities will be in one or more of the following forms: Calendars, Flyers, JCampus Call-Out System, Newspaper Articles and Announcements, School and District Website Information: <http://www.sjpsb.org>, District Code of Conduct and Student Policy Manual, Twitter: SJP_Schools, Facebook: <https://www.facebook.com/SJPSchools>.

Beginning the 2024-2025 school year, all individual calls, texts, and/or emails between teachers, coaches, administrators

and parents will be done through a communication platform called **SchoolStatus**. Parents will receive information during open house/orientation at the start of each school year on the details of this platform.

Jurisdiction

All students shall be under the jurisdiction of the school during normal school hours, from the time the student arrives at school each day until he or she leaves the school campus in the afternoon. In case a student rides a bus, he or she shall be under the jurisdiction of the school from the time he or she boards the bus until the student exits the bus in the afternoon. Students shall be under the jurisdiction of the school while attending any school sponsored activity either at school or away from school. This shall apply to all students, including athletic teams, clubs, band and other student organizations. In disciplinary matters, the Board's authority may extend beyond the limits set forth above, in accordance with state law.

Visitor Authorization and Check Out Policy

To provide learning environments that are humane, just, designed to promote excellence and to better maintain safety and good order at St. James Parish Schools, no person shall go on public school grounds or in any public school building or other school facility as a visitor during school hours without authority of the principal/designee. (LRS 17:416.8)

All visitors shall report to the principal's office immediately upon coming onto school grounds for their visit. Office personnel, principal, counselor, etc. shall be made aware of the purpose of the visit. If at all possible, all visits should be prearranged. According to [RS 17:81.BB\(1\)](#), each school has established a uniform policy for student check-out and visitors coming to the school to check out students must follow the school's policy. Principals are authorized to take the necessary steps in dealing with unauthorized visitors. Violators may be fined not more than two hundred fifty dollars or imprisoned not more than thirty days, or both.

Attendance

In compliance with the Compulsory School Attendance Law (R.S. 17:221), all students between the ages of seven and eighteen are required to attend a public or private day school unless the child graduates from high school prior to his/her eighteenth birthday. Any child below the age of seven who legally enrolls in school is also subject to the compulsory attendance law. All absences, whether excused or unexcused, shall be counted as absences for attendance reporting purposes to the Louisiana State Department of Education.

Attendance Policy

- Elementary students (Kindergarten-8th grade) shall be in attendance a minimum of 60,120 minutes which is equivalent to 167 six-hour days a school year. Elementary students may not accumulate more than 10 unexcused absences per year.
- High school students (9th-12th grade) must be in attendance 30,060 minutes which is equivalent to 83.5 six-hour days per semester. High School students may not accumulate more than 5 unexcused absences per semester.

Attendance Guidance for All Students

- A parent/guardian should notify the principal's office via the telephone in advance of the student's absence or on the morning of absence. All student absences shall be entered by teachers in JCampus. Parents will receive an automated call as notification that their child is absent from school. Parents are responsible for notifying the school of their recent contact information.
- Any student returning to school after being absent for 1 or 2 days shall present to the principal/designee the parish-adopted Daily Absentee Form (SJ No. 2) within two days after returning. These can be obtained from the school secretary. Failure to do so shall result in absences being unexcused. The student is allowed 1 SJ2 per semester with up to 2 consecutive days. Any other unexcused absences should be appealed to the Director of Child Welfare and Attendance. The deadline to appeal unexcused absences for the Fall Semester will be the second week of school in the Spring Semester. The deadline to appeal unexcused absences for the Spring Semester will be the second week of the summer break.
- Students who are physically present at a school site or participating in an authorized school activity for 25% or more of the school day shall be deemed present for attendance purposes. Students who are under the supervision of authorized personnel for 25% or less of the school day shall be deemed absent for attendance reporting purposes.

- The only exception to the attendance policy comes from absences that fall under the “extenuating circumstances” provision, which would allow a student to miss school for one of five reasons and still be credited as present.
 - Those reasons, according to the state department’s Administrative Code, include extended leave from school (more than three days missed) for physical or emotional illness, a hospital stay, recuperation from an accident, a contagious disease in the family or observance of special and recognized holidays of the student’s own faith.
 - Missing three or more days of school for any of the first four reasons would require verification from a physician, dentist or nurse practitioner licensed in the state.
- An absence resulting from disciplinary procedures (i.e. suspension or expulsion) shall be entered in JCampus. These days are unexcused.
- Five unexcused late sign-ins will result in a truancy referral.
- Three unexcused late sign-ins, after official homeroom, shall equal one (1) day absent for parish perfect attendance determination.
 - To receive a perfect attendance certificate, a student must attend school for 177 days or full term as defined by the St. James Parish School Board and/or State Board of Elementary and Secondary Education.
 - A student must attend school a full day, with the only exception being the following: (a) School sponsored trip; (b) Arrival during homeroom period (not to exceed two occasions); (c) Leaving school because of death in family; (d) Leaving school because of illness (not to exceed two occasions); other circumstances approved by the Administrative Director of Child Welfare and Attendance in consultation with the principal.
- A parent/guardian or other person having control of any child that has either major surgery, major illness, or has not been in attendance for an extended period of time, shall be required to submit a doctor’s statement indicating the following: special care needed, diagnosis, action to be taken in case of emergency, and medication(s) prescribed.
- Re-admittance shall be determined by the Director of Child Welfare and Attendance after consulting with the school nurse and/or doctor(s). To receive homebound/hospital bound instruction, the parent/guardian is responsible for contacting the Director of Special Education at (225) 258-4598 to request special services.
- Parents/Guardians of students with excessive absenteeism will be referred to the District Truancy Officer. A report of each meeting will be documented and shared with principals.

Medically Excused Disabled Students

When a student is temporarily disabled because of an accident, illness, or any medical reason that hinders him/her from participating in Physical Education physical activities, the following guidelines shall apply:

- The student shall submit a doctor’s excuse to the principal on the first school day upon the student’s return to school. The doctor’s notice to the principal shall specify whether the student can participate in physical education activities, whether the student can dress out for physical education activities, and the period of time the student is disabled. The principal shall forward a copy of the medical excuse to the teacher.
- The teacher shall assign theoretical activities (approved by the principal) in the instructional unit being studied to compensate for physical activities and to continue the learning process for the student to have an opportunity to earn a maximum grade of “A” if the students’ disability prohibited the required physical activities in Physical Education class. The teacher shall establish a time frame (approved by the principal) in which the student is to complete assignments to change the grade of “I” to an academic grade.
- The principal shall notify the student’s parents/guardian in writing or via a parent-principal-teacher conference within five (5) school days of receipt of the medical excuse of the modified curriculum prepared by the student’s teacher and the established time frame for the temporarily disabled student to attain an academic grade for each applicable nine weeks grading period.
- The teacher shall assign an incomplete grade of “I” when the disabled student does not complete one or more assignments per each applicable nine weeks grading period. The principal shall notify the student’s parent/guardian in writing within five (5) school days of all curricular modifications and pending academic grade status.

Health Conditions

It is the parent's responsibility to inform the School RN if the child has an existing medical condition, any new medical condition, or change in their current medical condition. An individualized health plan may be written at the discretion of the School RN. All student information shall be kept confidential; however, will be shared with school personnel at student's assigned school(s) as needed for the health and safety of the student. The parent/legal guardian may be required to sign a *Release of Information* for the exchange and release of confidential information so that health information can be shared between the School RN and health care providers.

Food Allergy/Special Diet Request

If a student has a food allergy or needs a special diet, contact the school secretary, the cafeteria manager, or the nurse to receive a **DIET PRESCRIPTION REQUEST FOR MEALS AT SCHOOL** form. When the form is returned correctly completed by the physician, the diet request will be forwarded to the Child Nutrition Department for evaluation. A determination will be made as to whether or not substitutions can be made. Until such determination is made, parents may be required to send their child's meals to school. A new diet prescription request must be made at the beginning of each school year. An Individualized Health Plan will not be written for Special Diets and Food Allergies until the School RN receives a diet prescription that has been received and approved by the Child Nutrition Department. If you have any questions, please contact the Child Nutrition Department at 225-258-4561.

Illness

Students who attend school on a regular basis are more successful. However, students who are ill should remain home. If a student becomes ill while at school and needs to go home, a parent/guardian will be notified. It is important that the school has up-to-date phone numbers for the parent/guardian and emergency contacts (home, cell, work). Please notify the school office when contact numbers change or are no longer in service. If the parent or an emergency contact cannot be reached, the school will ask the Sheriff's Department for assistance in locating the parent/guardian. In the event of a health emergency, 911 will be called and the parent/guardian will be notified. For illness/conditions in which a student should stay home or the student will be sent home, please see our **Health Guidelines**. A note from your physician will be needed in certain instances for the absence to be excused.

Injury

In the event of an injury at school, school systems are only equipped to provide "First Aid" treatment. School RNs are also only able to provide "First Aid" and are available at schools on a limited basis to handle health conditions or emergencies. If a student is injured at school, he/she should report the injury to school personnel. Once school personnel are notified, an accident report will be written by the staff member responsible for the student at the time of the accident. Parents will also be notified and provided with a copy of the accident report. Any accident, which results in injury and requires medical treatment beyond "First Aid", is the responsibility of the parent/guardian.

If a student has a health emergency or is seriously injured, 911 will be called and the parent will be notified. If the school is unable to contact the parent/guardian, the student will be sent to the nearest hospital and the school will ask the sheriff's department for assistance in locating the parent/guardian.

The school system will not pay for treatment unless negligence on part of the school system or its employees can be proven. Parents are urged to purchase the school insurance if additional insurance coverage is needed. Forms for school insurance are given in the beginning of school year packets.

If a student is injured at home or outside of the school system and he/she has complaints from the injury, the student should be brought to the student's family physician or to the emergency room for evaluation. Students should not be sent the following day to the School RN for evaluation.

Health Guidelines

SJPSB recognizes the importance of a healthy and safe environment for students and the school community. The school district follows current public health practices, rules, and regulations governing control and prevention of communicable diseases that are established by the State Department of Health and Hospitals (DHH) and Centers for Disease Control (CDC). For the safety and protection of all, we ask that you NOT send your child to school with any of the following:

The student may return to school once treatment has begun, proof of treatment has been provided, and the affected area can be completely covered. If the lesion is on the scalp or cannot be completely covered, the student may not return to school until 24 hours after treatment has been started. The student may be referred to their doctor for evaluation and treatment. If referred, a medical release from their doctor will be required to return to school. Ringworm is a contagious condition.

Requirements for Medication at School

SJPSB follows State and Federal legislation's medication guidelines. Legislation states that: medication that can be given before or after school, shall not be given at school. School medication orders must be limited to medications, which can be administered during school hours. However, SJPSB understands that some medications may be necessary during the school day, for a child to be able to attend school or to allow a student to participate equally in the education setting. Louisiana State Legislation has put into place some required conditions to insure the health, safety, and welfare of children who need medicine during the school day.

A few of these requirements are as follows (*SJPSB Medication Administration Policy and Procedures may be viewed, in its entirety, on the school board website*):

- No student shall bring or consume any medication on campus. If consumption of medication on campus becomes necessary, the parent/guardian/student shall comply with the St. James Parish School Board policy for administering medication at school.
- The parent/legal guardian must provide a completed and signed *Medication Order*, by BOTH the physician and parent, for EACH medication to be given at school. This form is also required for any over-the-counter medication to be given at school.

- Medication MUST be delivered to the school office by a parent/legal guardian or a responsible adult. Students are NOT allowed to transport medication to school or have medication in their possession without the School RN approval. Teachers and principals have the right to take medication from a student and contact the parent. Emergency medications such as asthma inhalers, EpiPens, and glucagon can be carried and self-administered by a student, ONLY if it has been approved by the physician, parent/legal guardian, and the School RN.
- The parent/legal guardian must count and sign-in the amount of medication that is delivered to the school with a (TAP) trained authorized personnel, on the students' medication log.

- Medication MUST be in a container properly labeled from a pharmacy and MUST match the *Medication Order*.

- The parent/legal guardian shall provide a statement, stating that the initial dose of medication was administered outside of the school jurisdiction, allowing at least (12) hours of observation for adverse reactions, with the exception of emergency medications such as, an asthma inhaler, epipen, or glucagon.
- Medication not retrieved by a parent/legal guardian or responsible adult, will be destroyed (2) weeks after the expiration date, if the order is discontinued, or at the end of the school year, following notification to the parent/legal guardian.

- *All student information shall be kept confidential.* The parent/legal guardian shall be required to sign an authorization, for the exchange and release of confidential information, so that health information can be shared between the School RN, necessary school board employees and health care providers.
- If a student refuses medication administration, an administrator will be notified and will notify the parent. If refusals continue, medication will no longer be administered at school.

***A NEW Medication Order is required at the beginning of EACH school year (cannot be dated prior to July 1st, of that school year) and anytime DURING the school year, if there is a change in the medication (i.e. Name, Time, Dose, Route). A parent/legal guardian is NOT allowed to make changes on a medication, a new Medication Order MUST be given.

Lip Balm and Cough Drops

- If lip balm/cough drops are labeled “medicated”, it cannot be brought to, or used at school without a doctor’s note.

- Please educate your child about no sharing, playing with or excessive use of lip balm during class.

Child Nutrition Program

The National School Lunch Program (NSLP) is a federally assisted meal program operating in public and nonprofit private schools and residential child care institutions. The program provides healthy, appetizing, low-cost or no-cost lunches and breakfasts to students each school day. The School Lunch and Breakfast Program is an integral part of the overall school day. The St. James Parish School Board and Child Nutrition Department asks parents to strongly support and encourage their student(s) to participate in the breakfast and lunch program.

Community Eligibility Program (CEP):

All enrolled students in the St. James Parish Public School System are eligible to receive breakfast and lunch at **NO CHARGE beginning the first day of school through the end of this school year only (2024-2025).** No further action is required of you. Your student(s) will be able to participate in these meal programs without having to pay for a reimbursable meal or submit a meal application. This institution is an equal opportunity provider.

Meal Payments:

School staff and central office personnel are required to prepay or pay for their meal at the Point of Service. There is a designated charge for all staff and central office meals. There is NO CHARGING. Cash or check payments are accepted daily, weekly, monthly and annually. Staff is assigned an ID number and an account. Staff may also use "MySchoolBucks" to pay with a credit card for their meals online. For this convenience there is a small fee. The link for "MySchoolBucks" is located on the district website. Follow the prompts to set up an account to make payments. Visitors and guest pay the At Cost Meal Price (the actual cost of the meal). They are required to prepay or pay at the Point of Service for their meals.

Extra Meals and Sales:

Only one meal per student is reimbursed; therefore, if a student chooses to eat a second meal, they will be charged the At Cost Meal Price. Extra sales of that day's menu items and/or Smart Snacks may be bought after purchasing a reimbursable meal.

Field Trips:

The Child Nutrition Program shall be the provider of meals on approved field trips away from campus. The school's cafeteria manager will provide bag lunches for all approved field trips when notified two weeks in advance.

For additional Child Nutrition Program information please contact:

Mrs. Sherien Lovette, School Food Service Supervisor 225-258-4561 slovette@sjpsb.org

Currently, all students are participating in the Community Eligibility Program (CEP); therefore, there is no charge for student meals.

The Child Nutrition Program shall be the primary provider of meals on approved field trips away from campus. School food service managers will provide bag lunches for all approved field trips when notified at least 2 weeks in advance.

The St. James Parish Public School System is reimbursed for only one meal per day per student. If a student chooses to eat twice, the "At Cost" price will be charged for the second full meal because neither commodity food nor reimbursement monies are received for that meal.

Extra servings of meal components are available to students after the purchase of an entire meal. Prices of these items will be posted in each cafeteria. An extra sale item must meet component requirements for the Child Nutrition Program or must be an item offered on the menu that day. Allowable exceptions are ice cream, yogurt, and milkshakes. (Bulletin 1196)

Full-strength juice, milk, and bottled water may be sold to students and adults at any time during the school day.

Water Bottle Access Students: Because water is a necessary nutrient to maintain and improve health, the St. James Parish School Board allows students and staff to carry a clear, plastic water-bottle while on campus. In an effort to limit confusion, the following rules apply to students and staff:

- 1. Water bottles must be transparent with no color tints.**
- 2. The container must contain water and water only. No juice, soda, tea, coffee, addables, or energy drinks.**
- 3. The container must have a closable lid; this will be a screw on lid or a push top.**
- 4. The water may be consumed during class but not in close proximity of technology equipment, during science labs, or in the library.**
- 5. Classroom rules regarding the use of the restroom will be in effect. Students and staff need to take care of restroom needs before class starts and one must be responsible for the amount of water that is taken in during classroom time.**
- 6. Students and staff will be responsible to fill the bottle between classes. A student may not leave class to fill a bottle.**
- 7. Water bottles are not to be played with on school grounds. This includes throwing the bottle or pouring the contents of the bottle onto a student, staff, or equipment.**

Any failure to follow the policy will result in at a minimum the student losing the opportunity of having a water bottle for a set period of time and additional measures if needed.

St. James Parish School System does not allow students to have energy drinks on campus. One of the biggest health concerns with these drinks is the sheer amount of caffeine. As with other restricted items, the drink will be confiscated. If the container is open, the drink will be disposed of. For unopened drinks, parents have the option of picking up the drink in the office or requesting the school dispose of it. There is no disciplinary action associated with having the energy drink.

Family Educational Rights and Privacy Act (FERPA) Notice

The St James Parish School Board occasionally receives requests from individuals and/or businesses seeking students' names, addresses and other information. The Family Educational Rights and Privacy Act of 1974 (FERPA) allows an educational agency or institution to disclose personally identifiable information from an education record of a student without the written consent of a parent or eligible student if the disclosure is information that has been designated as "directory information." However, prior to disclosing "directory information" to the public, the educational agency or institution is required to give public notice to the parents of students and eligible students in attendance of (1) the types of personally identifiable information; (2) a parent's or eligible student's right to refuse to let the agency or institution designate any or all of those types of information about the student as directory information; and (3) the period of time within which a parent or eligible student has to notify the agency or institution in writing that he or she does not want any or all of the types of information about the student designated as directory information.

The St. James Parish School Board designates the following items as Directory Information: the student's name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, most recent / previous school attended and photograph.

Under the provision of FERPA, you have the right to refuse to let the St. James Parish School Board designate any or all of the types of information about the student designated as directory information. Should you not want any or all of those types of information about the student designated as directory information, you must notify the School Board in writing not later than two weeks after distribution of this notice. Otherwise, the St. James Parish School Board may disclose any of these items without prior written consent.

Search and Seizure

Students are entitled to the guarantees of the Fourth Amendment, and they are subject to reasonable searches and seizures. School officials are empowered to conduct reasonable searches of a particular student and school property when there is reasonable cause to believe that the student may be in possession of drugs, weapons, alcohol, or other material in violation of school policy or state law. School property shall remain under control of school officials and shall be subject to search.

- Property consists of lockers, desks, and other property owned by the school. The school exercises exclusive control over the school property and a student should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials.
- According to the decision of the Supreme Court of the United States, "a student may be searched if there are reasonable grounds for suspecting that the search will turn up evidence that the student has violated either the law or the rules of the school." A particular student's effects are also subject to being searched by school officials and are subject to the same rule. Effects may include automobiles located on school property. The scope of the search must be "reasonably related to the objectives of the search and not excessively intrusive in light of the age and sex of the student and the nature of the infraction." If school officials conclude that a more intrusive search (i.e. strip search) is needed, they shall call the parents of the students involved and report their suspicions to the police who shall be responsible for any such search. School officials shall not conduct such searches.
- Group searches - Searches of students and their effects must be particularized. Group searches generally lack particularized suspicion and will not be permitted.

Student One to One Devices

Providing electronic devices to St. James Parish PreSchool - 12th Grade students create new learning environments that engage students and prepare them for tomorrow. The device labs of yesterday are not sufficient to provide the access that students need on a daily basis to support learning. Our students will now have the necessary tools at school and home to meet the needs of the 21st century learner.

St. James Parish teachers will guide our students through this wealth of information by developing digital classrooms that extend and enhance everyday learning opportunities. They will also continue to drive our students to achieve content mastery by leveraging the device as a learning tool. This includes the ability to wirelessly communicate with fellow students and content experts anywhere in the world as they address meaningful issues happening around the globe. We are on the brink of exciting changes and we look forward to sharing this experience with you.

Ownership

Electronic devices and accessories are the property of the St. James Parish Public School District. They are provided for the exclusive use of St. James Parish Public School students and staff. Due to insurance and liability issues, these devices should not be lent to other individuals, groups, or institutions.

St. James Parish Public Schools is responsible for asset management of electronic equipment. St. James Parish Public Schools will keep track of all devices assigned to students. Devices assigned to students will be entered into inventory and labeled. A small number of these devices will serve as loaners. Loaners may be temporarily assigned to students whose assigned device has been sent out for repair. A student withdrawing from St. James Parish Public Schools must return the device before his/her last day. A new student entering St. James Parish Public Schools will be assigned a device. Returned devices will be re-imaged to their original state. Student devices and all accessories will be turned in at the end of the school year to be evaluated, updated and cleaned over the summer. **The student is responsible for returning the device, charger components, and case with keyboard attached at the end of the school year or before being dropped from the district. If a hotspot with power adapter was checked out, it must be returned with the device. All items must be in good condition at the end of the year. Fees will be applied for damaged devices or missing accessories.**

Repairs

A student device needing repair should be brought to the school's Tech Support Center. **Students will need to drop off their device either before school or during lunch/recess.** The District Technical Support Staff will evaluate the device and determine if the device needs to be shipped for repair. If the repair is an issue requiring the device to be sent out for service, it will be returned as soon as possible. A loaner will be issued after the repair fee is paid.

Backing Up

During the course of repairs, files may be altered, erased, or destroyed. Every reasonable effort will be made to retrieve and save work files; however, it is important that files be backed up before turning a device in for repair. Every student is responsible for backing up his/her files on an external drive or online storage folder. Backing up files should be a regular part of the device routine.

Power Management

Regulations

Responsible Use of Online Resources

The St. James Parish School Board recognizes that access to telecommunications and other information technologies is critical to the preparation of St. James Parish students for life in the 21st century. We believe that students must have the opportunity to learn how to responsibly use resources available on the St. James Parish School District network and the broad array of resources available on the Internet. Therefore, the Board is committed to continued enhancement of the District's network services and to ongoing staff development to ensure that St. James Parish students master the skills necessary to effectively tap into these vast information resources.

There is a wealth of information available on the Internet—ranging from on-line databases and libraries to extremely current web pages on specialized topics. Unfortunately, many of the resources available on the Internet have not been screened for use by students. The District believes, however, that the benefits to students of access to such information and of the opportunities for collaboration afforded by the Internet greatly exceed the disadvantages. Parents and guardians and District educators must work together to ensure that students use these resources responsibly. Parents and guardians play an especially important role in setting the standards that their children should follow when using the Internet.

Electronic information research skills are now fundamental to the preparation of citizens and future employees. The Board expects that District staff will blend thoughtful use of Internet information resources throughout the curriculum and that the staff will provide guidance and instruction to students in the analysis, evaluation, and appropriate use of such resources.

Electronic mail is an extremely powerful tool that enables students to communicate with and collaborate with people around the world. We believe that responsible use of electronic mail can greatly enrich student learning opportunities. On the other hand, we realize that the two-way communication that electronic mail makes possible introduces risks unique to this communication medium. Therefore, we offer electronic mail services to all students, but only after submission of the St. James Parish Public Schools Student and Parent forms signed by the student and, if the student is a minor, his or her parent or guardian.

Students are responsible for good behavior on school device networks just as they are in a classroom or a school hallway. General school rules for behavior and communications apply. The network is provided for students to conduct research and communicate with others. Access to network services will be provided to students who agree to act in a considerate and responsible manner.

Schools will educate all students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response. Students and employees will be held accountable for all Louisiana Statutes and St. James Parish School Board policies regarding network safety. Most specifically RS: 17:416.13, RS 14:40.7, RS 14:81.1.1, and the Electronic Communications Between Employees and Students Policy.

The Board looks forward to the educational opportunities that the District's network services afford our students.

Student Privacy Form

Introduction: Students are making increasing use of various technologies as powerful learning tools. Key benefits of such activities include opportunities to share work with and interact with other students and the world at large. Such activities are not entirely without risk. Media and technology provide students with access to people and information beyond the St. James Parish School community and enable others to view student work and interact with students in St. James Parish schools. Student work can be shared in a variety of ways, including newsletters or newspapers, radio or TV programs, web pages, electronic mail, compilations of student work on a class CD, etc. It is important for parents and students to consider the level of exposure for the students' work.

Student Privacy Guidelines: A paramount goal of the St. James Parish School District is to ensure the safety and privacy of our community of learners. To help achieve this goal, publication of student information on the Internet and sharing of student information via print media, electronic mail, video, and other technologies is restricted. Student information and student work will not be published or shared unless permission is obtained. Permission is granted only for projects or activities that take place in a specific school year. Students must submit an updated permission form each year. No personal information, such as home or mailing address and phone number, except as listed below, will be published or shared.

Student G-Suite Account

The St. James Parish School Board is pleased to offer students of the District access to the District device network for electronic mail. To gain this access, a student under the age of 18 must obtain parental permission and must return this form, signed by a parent or guardian, to the Main Office of the student's school. Students 18 and over may sign their own forms. This form is intended to be informational, as policies approved by the St. James Parish School Board apply to all users of the St. James Parish Public Schools District Academic Electronic Network, whether or not said users have signed this agreement.

Access to email will enable students to communicate with and collaborate with people throughout the world. While our intent is to make electronic mail available to further educational goals and objectives, families should be warned that it is not possible to monitor every student's electronic mail conversation. Therefore, it is important for students to accept responsibility for their behavior. We believe that the benefits to students from access to electronic mail exceed any disadvantages. But ultimately parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information resources.

Managed Apple ID

Apple services and apps for education are built with the same integrated approach to privacy that's fundamental to the design of all Apple hardware, software, and services. We will never sell student information, and we never share it with third parties to use for marketing or advertising. We never build profiles of students based on their online behavior, and we don't collect, use, or disclose student information other than to provide relevant educational services.

Apple provides accounts designed for school use called Managed Apple IDs. These accounts are created, owned, and controlled by the school to give students access to iCloud Drive, iCloud Photo Library, Backup, Schoolwork, and Shared iPad. Students can also sign in to their account on a personally owned iPad or Mac at home to access their work if the school has issued a home-use password. The accounts are designed to protect student privacy, including limitations on ads, purchasing, and communications. Purchasing on the App Store, iBooks Store, iTunes, and Apple Music is disabled, and learning materials and apps are distributed by the school. The school can enable or disable services such as iMessage, FaceTime, or student progress recording with the Schoolwork app.
