Board of Education Policy Manual

Revised: July 2, 2024

Please be advised that the District's Policy Manual developed with Erie 1 BOCES Policy Services is not to be interpreted as the rendering of legal advice. Application of Board policies to specific situations may necessitate consultation with the School Administrators/School Attorney to address the particular circumstances.

FOREWORD

Contained herein are the policy statements formulated by the Board of Education of the Wallkill Central School District.

Policy is defined as a basic plan of action. It establishes limits within which freedom of judgment can be exercised.

Policy is a governing principle of management. It is a statement which has an effect on the interests of those who come under its jurisdiction. A policy may originate from the constitution, from statute, from local determinations and/or from customary patterns of formal behavior.

Policy should accomplish the following:

- a) State a position taken by the District;
- b) Provide for impartial application in all situations;
- c) Be sufficiently detailed to give adequate direction;
- d) Be achievable within the real environment of the school and community;
- e) Grant the authority to act.

In addition to the official policies, the operation of the School District is governed by and subject to all applicable Laws, Regulations of the Commissioner of Education, Civil Service requirements, Board of Education Resolutions, School Administrative Regulations and Contracts of Agreement.

If any part of this manual is made invalid by judicial decision or legislative or administrative enactment, all other parts shall remain in full effect unless and until they are amended or repealed by the Board of Education. The official record of the adoption, amendment, or repeal of the by-laws and policies of the Wallkill Central School District shall be the minutes of the meetings of the Board of Education.

WALLKILL CENTRAL SCHOOL DISTRICT PHILOSOPHY STATEMENT

In preparing individuals to develop their fullest potential for living in the society of today and tomorrow, the Board of Education and the staff of the School District:

- I. Recognize their responsibility to help meet the physical, intellectual and emotional needs of the individual child; particularly the needs to inquire, learn, think, and create; to establish aesthetic, moral and ethical values; and to relate satisfactorily to others in social situations involving family, work, government and recreation.
- II. Accept primary responsibility for giving students a mastery of the basic skills of learning, thinking and problem-solving; for teaching them to use the various media of self-expression; for instilling in them a knowledge of the social and natural sciences; for acquainting them with the richness of our heritage; and for stimulating them to productive work in the various areas of human endeavor.
- III. Acknowledge the importance of their supplemental role to the home and other social agencies in developing habits and attitudes which make for effective personal living, the maintenance of optimum physical and mental health, and the establishment of sound moral, ethical, and aesthetic values.

Realizing that education, as here defined, is a lifelong process, the school system seeks to orient its graduates toward various types of post-secondary education and further formal training and study of many types; and to provide educational opportunities particularly suited to the needs of adults, both as individuals and as citizens in a democracy.

SUBJECT: ORGANIZATION

Personal, professional and human relations depend upon a clear understanding of the relative functions in an organizational structure. In recognition of this principle, the Board of Education acknowledges the following inter-relationships as being of utmost importance in achieving the educational goals of the local community and of the state as prescribed by the constitution of the State of New York and State Legislation.

The Citizens of Wallkill Central provide support, and through an elected Board of Education, determine the policies of the Wallkill Central School District.

The Board of Education adopts and evaluates general school policies so as to make it possible to achieve the goals and purposes set forth in the Philosophy of the Wallkill Central School District; prepares and adopts a budget consistent with established policies and goals for presentation to the citizenry at the annual budget hearing; selects the Superintendent of Schools, who serves as the chief executive officer of the Board, and supports him in the discharge of his duties.

The Superintendent of Schools furnishes professional leadership as the Board's chief executive officer in the general administration of the school system; recommends policies to the Board; and coordinates and directs the total administrative team to the end of carrying out the policies of the Board of Education.

The Assistant Superintendents report directly to the Superintendent and serves in areas of special responsibility in planning, coordinating, supervising, and directing the whole system as a unified enterprise under the direction of the Superintendent of Schools and in accordance with the policies adopted by the Board of Education.

The Principals are executive heads of the schools programs and furnish instructional and community leadership for the educational curriculum.

The Coordinators serve as agents of the Superintendent in the coordination, facilitation, planning and evaluation of school operations on a system-wide basis. They act as helpers and counselors to principals and teachers on special problems and provide leadership in the improvement of the school programs in their respective areas of assignment.

By-Laws**SUBJECT: SCHOOL DISTRICT AND BOARD OF EDUCATION LEGAL STATUS**

The Constitution of New York State, as amended in 1894, instructs the Legislature to provide for a system of free common schools wherein all children of the state may be educated.

The Legislature of the State has implemented this constitutional mandate through the creation of school districts of various types. The Wallkill Central School District is governed by the laws set forth for Central School Districts in Article 37 of the Education Law, and by-laws relating to, or affecting, Union Free School Districts as set forth in Article 35 of the Education Law.

The School District constitutes a corporate entity which possesses all the usual powers of a corporation for public purposes, and in that name may sue and be sued, purchase, hold and sell personal property and real estate, and enter into such obligations as are authorized by law.

The Constitution of the State of New York places the responsibility for public education on the State Legislature, and directs the establishment of a State Department of Education for general supervision over the schools and headed by a Commissioner of Education. The New York State Constitution further provides that local public schools under the general supervision of the State Education Department shall be maintained, developed and operated by locally elected boards. Legally, then, local boards are instruments of the New York State Constitution, the New York Statutes and the regulations of the State Education Department and its Commissioner.

In all cases where laws or regulations of the State Commissioner of Education do not provide, permit, or prohibit, the Board shall consider itself the agent responsible for establishing and appraising educational matters and activities.

Board members have no authority over school affairs as individuals. They have authority only when acting as a body duly called in session.

Community Relations**SUBJECT: SCHOOL-COMMUNITY RELATIONS****Goals and Objectives**

One of the main purposes of good school public relations is to stimulate people to learn more about the schools so that they can participate more intelligently in the solution of educational problems. In accomplishing this purpose, a second aim can be fulfilled - that of gearing the operation of the schools to public interests and desires. Good school-community relations, then, require a two-way current of communication: from school to community, and from community to school.

The Public's Right to Know**a) Responsibilities of the Board of Education**

The Board of Education is aware of its responsibility in maintaining a cooperative relationship with the community which is served by the School District. It is the desire of the Board to sponsor a close relationship with the citizens of the District in any way that will improve the educational program, for the Board expects to draw upon the potential sources of aid existing in the community in support of that program. The Board of Education will attempt to ensure that the citizens of the School District are kept informed of its activities in channels of communication beyond those required by law. Therefore, the Board of Education shall encourage the use of all appropriate means for supplying the community with accurate information about the schools.

b) Responsibilities of Administrators

The Superintendent, through his/her designee, District Coordinator of Media and Computer Technology, shall be the central intermediary between the schools and the public.

c) Responsibility of Teachers

The successful public relations program lies largely in the hands of the individual teacher.

Therefore, it is the responsibility of all teachers to be well informed as to the educational practices of the School District, since many parents gather their information about the school and their teachers from their children.

d) Responsibilities of Non-Instructional Personnel

The role of non-instructional personnel in public education is vital to the support of the educational system. Therefore, the Board relies upon all School District employees to provide the important role of representing the school in their contacts with the public.

All Board members and officers, District employees and third party consultants are required to abide by the District's policies, administrative regulations and procedures in the conduct of their duties. Based upon the results of this investigation, if the District determines that a school official has engaged in financial improprieties/fraudulent and/or wrongful actions, appropriate disciplinary measures will be applied, up to and including termination of employment, in accordance with legal guidelines, District policy and regulation, and any applicable collective bargaining agreement. An appeal procedure will also be provided, as applicable, to address any unresolved complaints and/or unsatisfactory prior determinations by the applicable investigating officer(s).

Individual buildings should notify the Purchasing Agent or Assistant Purchasing Agent (if Purchasing Agent is not available) when equipment is deleted from their inventory.

An inventory of supplies is not maintained solely at a District level. Each building keeps track of their supply inventory and orders accordingly when yearly supply requisitions are due.

The capitalization threshold (the dollar value above which asset acquisitions are added to the capital asset accounts) is \$1500 or more.

Business Operations**SUBJECT: HANDLING OF TOXIC SUBSTANCES BY EMPLOYEES**

The Superintendent/designee shall maintain a current record of the name, address and social security number of every employee who handles or uses a substance or substances included in section nineteen hundred ten of the federal occupational safety and health regulations, subparagraph z and which such substance or substances was or were handled or used by which employee. Such record shall be made available to each affected employee, former employee, designated physician or representative and the commissioner of health, upon request, for examination and copying. Such record shall be kept for forty years.

If the District keeps an internal record, which uses other employee identification numbers in lieu of employee SSN, it may do so. The use of a second set of records is predicated on the ability for those unique identification numbers to be easily cross referenced to the employee's SSN. SUBJECT: SCHOOL FOOD SERVICE PROGRAM (LUNCH AND BREAKFAST)

School Food Service Program (Lunch and Breakfast)

The District participates in the National School Lunch Program, School Breakfast Program, and Special Milk Program, to receive commodities and subsidies from the U.S. Department of Agriculture. In return, the District provides free and reduced-price meals to elementary and secondary students in its schools and serves meals that meet federal requirements.

The Superintendent or designee will carry out the rules of the School Lunch and Breakfast Programs. The District's Reviewing Official and Verification Official or the Department of Social Services Office of Temporary and Disability Assistance (OTDA) will determine student eligibility. Appeals regarding eligibility should be submitted to the District's Hearing Official.

The District may allow free or reduced-price meals for qualifying District students after receiving a written application from the student's parent or guardian or a direct certification letter from OTDA. Applications will be provided by the District to all families.

School officials must also determine eligibility for free or reduced-price meals and milk by using the Direct Certification Matching Process. Any student residing in a household receiving federal assistance through the Supplemental Nutrition Assistance Program (SNAP), or Temporary Assistance to Needy Families (TANF) is automatically eligible for free meals and milk; eligible families will not have to complete further applications. The District will notify parents or guardians of eligibility, giving them the opportunity to decline free meals and milk.

Child Nutrition Program Authorization

Since the District participates in one or more Child Nutrition Program, the Superintendent or his/her designee has developed rules which address:

- a) What can be charged;
- b) The limit on the number of charges per student;
- c) The system used for identifying and recording charged meals;
- d) The system used for collection of repayments; and
- e) Ongoing communication of this policy to parents and students. The District's meal-charge policy and procedures will be distributed to all households and applicable staff in writing at the start of each school year and to new households that transfer into the District during the school year. The policy and procedures may vary by grade. The District will also provide details regarding payment methods on its website.

SUBJECT: SCHOOL FOOD SERVICE PROGRAM (LUNCH AND BREAKFAST) [continued]

Charging Meals

- a) If a student's prepaid meal card or account has been exhausted, he or she will be given a grace period where no more than five reimbursable meals (that are available to all students) may be charged, to allow time for the meal card or account to be replenished.
- b) The only item(s) permitted to be charged are a complete meal or milk. A la carte items such as snacks or ice cream may not be charged;
- c) The District's point-of-sale system will track all charges and payments;
- d) If a student comes to school without a lunch, and has exceeded the maximum reimbursable-meal limit, the District may provide a reimbursable meal (that is available to all students) so that he or she does not go hungry that day;
- e) As appropriate, District administration may contact Social Services to report a student's consistent failure to arrive at school with a meal.

Unpaid meal charges will be addressed directly with the student's parent or guardian who is responsible for providing funds for meal purchases; discreet notifications of low, exhausted, or deficit balances will be sent at appropriate intervals during the school year. The notification may include a repayment schedule, but will not charge any interest or fees related to meals charged during the grace period. District administration will further consider the benefits of attempted collections and the costs that would be expended in collection attempts.

SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA *(continued)*

- h) Not sell PII nor use or disclose it for any marketing or commercial purpose or facilitate its use or disclosure by any other party for any marketing or commercial purpose or permit another party to do so.

Where a third-party contractor engages a subcontractor to perform its contractual obligations, the data protection obligations imposed on the third-party contractor by law and contract apply to the subcontractor.

Click-Wrap Agreements

Periodically, District staff may wish to use software, applications, or other technologies in which the user must "click" a button or box to agree to certain online terms of service prior to using the software, application, or other technology. These are known as "click-wrap agreements" and are considered legally binding "contracts or other written agreements" under Education Law Section 2-d and its implementing regulations.

District staff are prohibited from using software, applications, or other technologies pursuant to a click-wrap agreement in which the third-party contractor receives student data or teacher or principal data from the District unless they have received prior approval from the District's Data Protection Officer or designee.

The District will develop and implement procedures requiring prior review and approval for staff use of any software, applications, or other technologies pursuant to click-wrap agreements.

Parents' Bill of Rights for Data Privacy and Security

The District will publish its Parents' Bill of Rights for Data Privacy and Security (Bill of Rights) on its website. Additionally, the District will include the Bill of Rights with every contract or other written agreement it enters into with a third-party contractor under which the third-party contractor will receive student data or teacher or principal data from the District.

The Bill of Rights will also include supplemental information for each contract the District enters into with a third-party contractor where the third-party contractor receives student data or teacher or principal data from the District.

The District will publish on its website the supplement to the Bill of Rights (i.e., the supplemental information described above) for any contract or other written agreement it has entered into with a third-party contractor that will receive PII from the District. The Bill of Rights and supplemental information may be redacted to the extent necessary to safeguard the privacy and/or security of the District's data and/or technology infrastructure.

Right of Parents and Eligible Students to Inspect and Review Students' Education Records

Consistent with the obligations of the District under FERPA, parents and eligible students have the right to inspect and review a student's education record by making a request directly to the District in a manner prescribed by the District.

The District will ensure that only authorized individuals are able to inspect and review student data. To that end, the District will take steps to verify the identity of parents or eligible students who submit requests to inspect and review an education record and verify the individual's authority to do so.

Requests by a parent or eligible student for access to a student's education records must be directed to the District and not to a third-party contractor. The District may require that requests to inspect and review education records be made in writing.

The District will notify parents annually of their right to request to inspect and review their child's education record including any student data stored or maintained by the District through its annual FERPA notice. A notice separate from the District's annual FERPA notice is not required.

The District will comply with a request for access to records within a reasonable period, but not more than 45 calendar days after receipt of a request.

The District may provide the records to a parent or eligible student electronically, if the parent consents. The District must transmit the PII in a way that complies with laws and regulations. Safeguards associated with industry standards and best practices, including but not limited to encryption and password protection, must be in place when education records requested by a parent or eligible student are electronically transmitted.

Complaints of Breach or Unauthorized Release of Student Data and/or Teacher or Principal Data

The District will inform parents, through its Parents' Bill of Rights for Data Privacy and Security, that they have the right to submit complaints about possible breaches of student data to the Chief Privacy Officer at NYSED. In addition, the District has established the following procedures for parents, eligible students, teachers, principals, and other District staff to file complaints with the District about breaches or unauthorized releases of student data and/or teacher or principal data:

SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA *(continued)*

- a) All complaints must be submitted to the District's Data Protection Officer in writing.
- b) Upon receipt of a complaint, the District will promptly acknowledge receipt of the complaint, commence an investigation, and take the necessary precautions to protect PII.
- c) Following the investigation of a submitted complaint, the District will provide the individual who filed the complaint with its findings. This will be completed within a reasonable period of time, but no more than 60 calendar days from the receipt of the complaint by the District.
- d) If the District requires additional time, or where the response may compromise security or impede a law enforcement investigation, the District will provide the individual who filed the complaint with a written explanation that includes the approximate date when the District anticipates that it will respond to the complaint.

These procedures will be disseminated to parents, eligible students, teachers, principals, and other District staff.

The District will maintain a record of all complaints of breaches or unauthorized releases of student data and their disposition in accordance with applicable data retention policies, including the Records Retention and Disposition Schedule ED-1 (1988; rev. 2004).

Reporting a Breach or Unauthorized Release

The District will report every discovery or report of a breach or unauthorized release of student data or teacher or principal data within the District to the Chief Privacy Officer without unreasonable delay, but no more than ten calendar days after the discovery.

Each third-party contractor that receives student data or teacher or principal data pursuant to a contract or other written agreement entered into with the District will be required to promptly notify the District of any breach of security resulting in an unauthorized release of the data by the third-party contractor or its assignees in violation of applicable laws and regulations, the Parents' Bill of Rights for Student Data Privacy and Security, District policy, and/or binding contractual obligations relating to data privacy and security, in the most expedient way possible and without unreasonable delay, but no more than seven calendar days after the discovery of the breach.

SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA *(continued)*

In the event of notification from a third-party contractor, the District will in turn notify the Chief Privacy Officer of the breach or unauthorized release of student data or teacher or principal data no more than ten calendar days after it receives the third-party contractor's notification using a form or format prescribed by NYSED.

Investigation of Reports of Breach or Unauthorized Release by the Chief Privacy Officer

The Chief Privacy Officer is required to investigate reports of breaches or unauthorized releases of student data or teacher or principal data by third-party contractors. As part of an investigation, the Chief Privacy Officer may require that the parties submit documentation, provide testimony, and may visit, examine, and/or inspect the third-party contractor's facilities and records.

Upon the belief that a breach or unauthorized release constitutes criminal conduct, the Chief Privacy Officer is required to report the breach and unauthorized release to law enforcement in the most expedient way possible and without unreasonable delay.

Third-party contractors are required to cooperate with the District and law enforcement to protect the integrity of investigations into the breach or unauthorized release of PII.

Upon conclusion of an investigation, if the Chief Privacy Officer determines that a third-party contractor has through its actions or omissions caused student data or teacher or principal data to be breached or released to any person or entity not authorized by law to receive this data in violation of applicable laws and regulations, District policy, and/or any binding contractual obligations, the Chief Privacy Officer is required to notify the third-party contractor of the finding and give the third-party contractor no more than 30 days to submit a written response.

If after reviewing the third-party contractor's written response, the Chief Privacy Officer determines the incident to be a violation of Education Law Section 2-d, the Chief Privacy Officer will be authorized to impose penalties against the third-party contractor as set forth in the Commissioner's regulations.

If the Chief Privacy Officer determines that the breach or unauthorized release of student data or teacher or principal data on the part of the third-party contractor or assignee was inadvertent and done without intent, knowledge, recklessness, or gross negligence, the Chief Privacy Officer may make a recommendation to the Commissioner that no penalty be issued to the third-party contractor.

SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA *(continued)*

The Commissioner would then make a final determination as to whether the breach or unauthorized release was inadvertent and done without intent, knowledge, recklessness or gross negligence and whether or not a penalty should be issued.

Notification of a Breach or Unauthorized Release

The District will notify affected parents, eligible students, teachers, and/or principals in the most expedient way possible and without unreasonable delay, but no more than 60 calendar days after the discovery of a breach or unauthorized release of PII by the District or the receipt of a notification of a breach or unauthorized release of PII from a third-party contractor unless that notification would interfere with an ongoing investigation by law enforcement or cause further disclosure of PII by disclosing an unfixed security vulnerability. Where notification is delayed under these circumstances, the District will notify parents, eligible students, teachers, and/or principals within seven calendar days after the security vulnerability has been remedied or the risk of interference with the law enforcement investigation ends.

Notifications will be clear, concise, use language that is plain and easy to understand, and to the extent available, include:

- a) A brief description of the breach or unauthorized release, the dates of the incident and the date of discovery, if known;
- b) A description of the types of PII affected;
- c) An estimate of the number of records affected;
- d) A brief description of the District's investigation or plan to investigate; and
- e) Contact information for representatives who can assist parents or eligible students that have additional questions.

Notification will be directly provided to the affected parent, eligible student, teacher, or principal by first-class mail to their last known address, by email, or by telephone.

Where a breach or unauthorized release is attributed to a third-party contractor, the third-party contractor is required to pay for or promptly reimburse the District for the full cost of this notification.

SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA *(continued)*

Annual Data Privacy and Security Training

The District will annually provide data privacy and security awareness training to its officers and staff with access to PII. The District may deliver this training using online training tools. Additionally, this training may be included as part of the training that the District already offers to its workforce.

SUBJECT: SEXUAL HARASSMENT: EMPLOYEES - WORKPLACE**Preamble**

The Board of Education affirms its commitment to provide an environment free from sex-based discrimination and sexual harassment, including sexual violence and intimidation. The Board, therefore, consistent with state, federal and any applicable local laws, prohibits all forms of sexual harassment against District personnel by employees, school volunteers, students, and non-employees, such as contractors, volunteers, visitors, consultants, and vendors, which occur on school grounds or at school-sponsored events, programs, or activities, including those that take place at locations off school premises. Any form of harassment by or against employees not covered by this policy will be dealt with under the normal administrative and disciplinary proceedings for employees and/or any other relevant policy. Such issues would be dealt with under District policy 1800 "Non-Discrimination (Employees)" and its accompanying regulation 1800-R, the Code of Conduct, or any applicable collective bargaining provisions, depending upon the situation. Title IX complaints will be handled under the District's Title IX policy. Employees will be provided with notice of this policy in writing in accordance with applicable laws and regulations.

Sexual Harassment

Sexual harassment is a form of sex discrimination and is unlawful under federal, state and (where applicable) local law. Sexual harassment includes harassment on the basis of sex, sexual orientation, self-identified or perceived sex, gender expression, gender identity, and the status of being transgender.

Unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature constitutes harassment on the basis of sex when:

- a) Submission of such conduct is made, either explicitly or implicitly, a term or condition of an individual's employment;
- b) Submission to or rejection of such conduct by an individual is used as a basis for employment decisions affecting such individuals; or
- c) Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive work environment.

SUBJECT: SEXUAL HARASSMENT: EMPLOYEES - WORKPLACE [continued]

However, under New York State Human Rights Law, sexual harassment need not be severe or pervasive to be unlawful and can be any harassing conduct that consists of more than petty slights or trivial inconveniences. Rather, sexual harassment is unlawful when it subjects an individual to inferior terms, conditions, or privileges of employment.

Sexual harassment includes, but is not limited to, sexual violence. For the purpose of this policy, sexual violence refers to physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent. Sexual violence includes rape, sexual assault, sexual battery, and sexual coercion.

Sexual harassment can originate from a person of either sex against a person of the opposite or same sex, and from students, supervisors, co-workers or non-employees.

Prohibited Conduct

Sexual harassment can be verbal, non-verbal, or physical. Examples of such conduct may include, but are not limited to, the following:

- a) Verbal abuse or ridicule, including innuendoes, stories and jokes that are sexual in nature and/or gender-related. This might include inappropriate sex-oriented comments on appearance, including dress or physical features.
- b) Direct or indirect threats or bribes for unwanted sexual activity.
- c) Asking or commenting about a person's sexual activities.
- d) Unwelcome and unwanted physical contact of a sexual nature including, but not limited to, physical acts such as assault, impeding or blocking movement, offensive touching, or any physical interference with normal work or movement.
- e) Displaying or distributing pornographic or other sexually explicit materials such as magazines, pictures, internet material, cartoons, etc.
- f) The use of profanity and/or other obscenities that are sexually suggestive or degrading in nature.
- g) Unwelcome staring, leering, or gesturing which is sexually suggestive in nature.

SUBJECT: SEXUAL HARASSMENT: EMPLOYEES - WORKPLACE [continued]

- h) Unwelcome and/or offensive public displays of sexual/physical affection.
- i) Clothing that reflects sexually obscene and/or sexually explicit messages, slogans, or pictures.
- j) Engaging in sexual conduct with an individual who is unable to consent due to his/her age, use of drugs or alcohol, intellectual disability, or other disability.
- k) Any other unwelcome and unwanted sexually oriented and/or gender-based behavior which is sexually demeaning, belittling, intimidating, or perpetrates sexual stereotypes and attitudes.

Complaints and Investigation

Any employee who believes that he/she has been subjected to sexual harassment shall report all incidents of such conduct in accordance with District Regulation 1800-R.

Prohibition of Retaliatory Behavior

The Board prohibits any retaliatory behavior directed against complainants, victims, accused individuals, witnesses, and/or any other individuals who participated in the investigation of a complaint of sexual harassment. Complaints of retaliation may be directed to the Civil Rights Compliance Officer. In the event the Civil Rights Compliance Officer is the alleged offender, the report will be directed to another Civil Rights Compliance Officer, if the District has designated another individual to serve in such a capacity, or to the Superintendent.

Where appropriate, follow-up inquiries will be made to ensure that sexual harassment has not resumed and that all those involved in the investigation of sexual harassment have not suffered retaliation.

Training and Outside Reporting

The District shall provide appropriate training annually to all staff on sexual harassment in accordance with applicable laws. Newly hired staff will also be provided training.

SUBJECT: SEXUAL HARASSMENT: EMPLOYEES - WORKPLACE [continued]

Aside from the internal process, employees may also choose to pursue legal remedies available to them, including, but not limited to, filing complaints with governmental entities. Employees and non-employees have the right to file a complaint with the New York State Division of Human Rights, One Fordham Plaza, Fourth Floor, Bronx, New York 10458, (718) 741-8400, or with the Equal Employment Opportunity Commission, 1-800-669-4000, www.eeoc.gov, info@eeoc.gov. Individuals may also call the New York State Division of Human Rights' (NYSDHR's) toll free confidential hotline at 1-800-HARASS-3 (1-800-427-2773) Monday through Friday, 9:00 AM to 5:00 PM, for counsel and assistance regarding complaints of workplace sexual harassment. The hotline connects individuals with attorneys who have experience in responding to issues relating to sexual harassment and can provide pro bono assistance. Many localities enforce laws protecting individuals from sexual harassment and discrimination. An individual should contact the county, city, or town in which they live to find out if such a law exists. If the harassment involves unwanted physical touching, coerced physical confinement, or coerced sex acts, the conduct may constitute a crime. Contact the local police department.

**SUBJECT: DEFENSE AND INDEMNIFICATION OF BOARD MEMBERS AND
EMPLOYEES**

Liability Protection Pursuant to Education Law

The Board of Education recognizes its statutory obligation to indemnify School District employees (and in certain circumstances, Board of Education members and volunteers) pursuant to the provisions of Sections 3023, 3028 and 3811 of the Education Law. For the purposes of this policy, the term "employee" shall be as defined in the applicable statute(s).

The District shall not be subject to the duty to defend unless the employee, within the time prescribed by statute, delivers appropriate notice of the claim to the Board of Education.

- a) For purposes of Education Law Section 3811, the employee must give written notice within five (5) days after service of process upon him/her. The statute mandates only written notice of the claim to the Board of Education; however, submission of relevant legal documents by the employee to the Board is also encouraged.
- b) For purposes of Education Law Sections 3023 and 3028, the employee must deliver the original or a copy of the relevant legal documents to the Board within ten (10) days after service of process upon him/her.

The District will provide legal defense and/or indemnification for all damages, costs, and reasonable expenses incurred in the defense of an action or proceeding if authorized pursuant to statute and provided that the alleged action or omission which occurred or allegedly occurred is covered by the appropriate statute(s). Furthermore, the District will not be required to provide indemnification protection and/or legal defense unless the employee was, at the time of the alleged incident, acting in the discharge of his/her duties within the scope of his/her employment or authorized volunteer duties and/or under the direction of the Board of Education.

Public Officers Law Section 18

The Board of Education hereby also confers the benefits of Section 18 of the New York State Public Officers Law upon the "employees" of the District, as defined in Section 18 of the Public Officers Law; and the District assumes the liability for the costs incurred in accordance with the provisions of Section 18. The benefits accorded to District employees under Section 18 of the Public Officers Law shall supplement and be available in addition to defense or indemnification protection conferred by other enactments or provisions of law.

The term "employees" shall include members of the Board of Education; the Superintendent; District officers; District employees; volunteers expressly authorized to participate in a District sponsored volunteer program; or any other person holding a position by election, appointment or employment in the service of the District, whether or not compensated.

Personnel**SUBJECT: DEFENSE AND INDEMNIFICATION OF BOARD MEMBERS AND
EMPLOYEES [continued]**

The term "employee" shall also include a former employee, his/her estate or judicially appointed representative.

Pursuant to the provisions of Section 18 of the Public Officers Law, and upon compliance by the employee with the requirements of this statute, the District shall provide for the defense of the employee in any civil action or proceeding, state or federal, arising out of any alleged act or omission which occurred or allegedly occurred while the employee was acting within the scope of his/her public employment or duties. Furthermore, the District shall indemnify and save harmless its employees in the amount of any judgment obtained against such employees in a state or federal court, or in the amount of any settlement of a claim, provided that the act or omission from which such judgment or claim arose occurred while the employee was acting within the scope of his/her public employment or duties. However, in the case of a settlement, the duty to indemnify and save harmless shall be conditioned upon the approval of the amount of the settlement by the Board of Education.

The duty to defend and/or indemnify and save harmless, in accordance with Section 18 of the Public Officers Law, shall be conditioned upon the delivery by the employee to the School District attorney or to the Superintendent a written request to provide for his/her defense, together with the original or a copy of any summons, complaint, process, notice, demand or pleading within ten (10) days after he/she is served with such document. Pursuant to Section 18, the full cooperation of the employee in the defense of such action or proceeding and in the defense of any action or proceeding against the District based upon the same act or omission, and in the prosecution of any appeal, shall also be required as a condition for the District's duty to defend and/or indemnify and save harmless to exist.

Exceptions to Liability Coverage

Indemnification coverage and/or provision of legal defense by the District will not apply unless the actionable claim is of the type covered by the statute(s) and/or is not otherwise exempt from coverage pursuant to law. Additionally, indemnification coverage and/or the duty to provide a defense shall not arise where such action or proceeding is brought by or on behalf of the School District.

Personnel**SUBJECT: FAMILY AND MEDICAL LEAVE ACT**

The Wallkill Central School District Board of Education has developed this policy to be in compliance with the requirements of the Family and Medical Leave Act of 1993 (FMLA). This policy is adopted to provide eligible employees with FMLA benefits as defined by the Law. Under this policy, the Board shall take the necessary steps to comply with the FMLA requirements. A Fact Sheet, outlining the requirements of FMLA will be distributed to all eligible employees on an annual basis and posted. The Fact Sheet is part of the Regulations available for review by all employees and appropriate New York State and Federal compliance personnel upon request. The Fact Sheet will be reviewed, and if necessary updated annually. The implementation of this policy will be coordinated through the office of the Assistant Superintendent for Support Services.

Under the guidelines established by FMLA, the Wallkill Central School District has designated the 12 month period for FMLA purposes the District's fiscal year beginning July 1st.

The Board will retain and enforce the employer's rights under the FMLA consistent with the best interest of the District. The Regulations for this policy will set forth additional references with regard to the employer's rights.

The Superintendent is directed to develop regulations to implement this policy, informing employees of their rights and responsibilities under the FMLA.

Personnel**SUBJECT: EMPLOYEE ASSISTANCE PROGRAM**

The Wallkill Central School District recognizes that an Employee Assistance Program (EAP) is an opportunity to provide the employees and their dependents with help in their concern about alcohol, drugs, and personal problems. An EAP is a systematic procedure for employees and administrators to resolve work performance or personal issues. The EAP provides all employees and their dependents a confidential, pre-paid, voluntary counseling and referral resource.

It is implicit in the EAP model that the use of the EAP is voluntary and confidential. It is not the role of the union or administration to be involved in diagnosing employees. The suggestion for participation can only be based on the job performance review or voluntary use. The services to be provided are:

- a) Assessment and Referral - All EAP staff are to be professionally licensed with no less than a Masters Degree in S.W., and to be experienced in the treatment of chemical dependence and personal emotional problems. Employees and their dependents are provided up to five counseling sessions to clarify or resolve personal problems. Additional sessions per problem are available upon request. EAP staff are restricted from referring employees or their dependents to their own private practices. When a referral is indicated, the referral resource is to be a screened, accredited, appropriate community treatment agent. This non-EAP phase of treatment may be covered by the employee's own medical benefits.
- b) Management Training - All supervising personnel are to be given training in the concepts and the appropriate use of an EAP. This includes information on how to make referrals or encourage employees to avail themselves of the EAP services. All supervisory referrals are to be consistent with the Wallkill Central School District contract. Procedures are to protect the employee in terms of job security, seniority, promotions. The employee will not experience any sanction by the use or refusal of the EAP. All supervisory referrals must be confined to job related performance.
- c) Confidentiality - Records of the employee's use or experience with an EAP will never become part of the worker's personnel file. Strategic analysis may be provided to the administrators to provide demographic data useful to determine trends or for planning promotional activity. No individual information can be released without the written consent of the employee or the dependent.
- d) Promotions - To maximize the use of EAP, promotions will be done regularly. The topics will cover a wide variety of problems that may be experienced by an employee or his/her dependents. The format can be posters, handouts, home mailings, newsletter articles, seminars, and workshops.

Adopted: 6/18/92

Personnel**SUBJECT: COMPENSATORY TIME/OVERTIME PAY**

The following practices must be adhered to by clerical staff regarding compensatory time and overtime pay:

Overtime Pay

There should be no overtime submitted to payroll unless prior approval is secured from your immediate administrative supervisor. Overtime will only be approved when unique situations arise and a clerical person must get a job completed.

Unique situations involve emergencies, tasks critical for the operation of the building, or when a deadline must be met. Overtime pay must not be requested or approved for routine work that can be completed during normal working hours.

Compensatory Time

As per the CSEA contract, compensatory time can be accrued for hours worked beyond the normal work week up to forty (40) hours. Again, as in the case of overtime pay, compensatory time must have prior approval by your immediate administrator and involve the same criteria of tasks as overtime pay. A list of compensatory time worked must be maintained by the employee indicating dates and hours. Compensatory time must be used up by the end of the school year, i.e. June 30th and cannot exceed 240 hours, and must be utilized at a time that does not unduly disrupt the operations of the building office.

SUBJECT: ATTENDANCE POLICY - WALLKILL CENTRAL SCHOOL DISTRICT**Overview**

It is the goal of the Wallkill Central School District system to insure that each student attends school the maximum number of days possible and to afford each student the opportunity to meet his/her potential. We, therefore, institute this policy.

Purpose

The Board of Education of the Wallkill Central School District recognizes that attendance at school serves the following fundamental purposes:

- Opportunity to engage in an enhanced learning experience supported by highly qualified, knowledgeable professionals.
- Participation in a learning community which includes access to multiple perspectives and opportunities for dialog with other learners.
- Good attendance and class participation are essential ingredients for academic success. Any absence from class is detrimental to the learning process.
- Classroom lessons foster and require social interaction, development of effective communication skills, and critical thinking in addition to subject mastery.
- Textbook or make-up assignments are not an adequate substitute for classroom attendance and participation.

Attendance Requirements

a) Applicability

All students of compulsory education age, who reside legally within the District, must attend school. Legal school age and legal residence are determined by the Board of Education in accordance with state requirements as set forth in New York State Education Law Sections 3202, 3205 to 3208, 3209 to 3210, and 8 NYCRR Section 100.2.

b) Notification Regarding Attendance Policy

1. Student Notification

- (a) School Handbooks which shall include the District's attendance policy shall be distributed to all students.

2. Parental/Guardian Notification

- (a) All parents/guardians will be given a plain language summary of this policy at the beginning of each school year.

SUBJECT: ATTENDANCE POLICY - WALLKILL CENTRAL SCHOOL DISTRICT [continued]

- (b) At registration, the District will provide each new student's parent or guardian with a copy of the attendance policy.
- (c) At any "open house" or "back to school" event, parents/guardians will have the opportunity to obtain/discuss the attendance policy.
- (d) If a student misses successive class periods or school days without an excuse, the Principal/ Designee will notify the parent/guardian.

3. Faculty/Staff Notification

Each member of the faculty/staff will be given a copy of this policy, including any subsequent amendments. This policy will be distributed to new teachers upon commencement of employment.

4. Community Notification

Copies of this policy will also be available to any other member of the community upon request.

c) Guidelines

The Wallkill Central School District recognizes an important relationship between class participation and class performance. Consequently, each teacher may consider classroom participation as defined by the class syllabi as well as the student's performance on graded written and oral assignments, tests, quizzes, homework and final examinations.

1. Minimum Attendance Rule

All registered students are expected to attend all classes as scheduled. Specifically, each student should attend at least 85% of all classes per course. High School students who exceed 28 absences in a full-year course or 14 absences in a half-year course may not receive course credit IF required work is not made up. Physical Education falls into the half-year category.

2. Absences

(a) Absences under the attendance policy include:

- 1. Lateness to class more than 20 minutes; and
- 2. Any period of "Out-of-School Suspension ("OSS") where a student does not accept alternative instruction
- 3. All other absences (whether excused or unexcused) not excluded below

SUBJECT: ATTENDANCE POLICY - WALLKILL CENTRAL SCHOOL DISTRICT [continued]

(b) The following should NOT be counted as absences under the attendance policy:

1. In-School Suspension ("ISS");
2. Any period of OSS where student accepts alternative instruction;
3. Attendance at a special education program or service offered by a public school or an approved private school or facility when a student is homeless, disabled or incarcerated. (See Section 175.6 of the regulations of the NYS Commissioner of Education.)

3. Makeup Policy

(a) When a student misses a class or school day, he/she is expected within five (5) school days of his/her return, to provide a written explanation from his/her parent or guardian. Moreover, the student must consult with his/her teachers regarding missed work. If the absence is excused, the student may make up any work missed by arranging an assignment with the teacher.

(b) Make-up assignments must be completed by the date specified by the student's teacher for the particular class. Upon satisfactory and timely completion of the make-up grade.

(c) Reasonable make-up opportunities will be given to students with excused absences due to:

1. personal illness;
2. illness or death in the family;
3. disability;
4. impassable roads or weather;
5. religious observance;
6. quarantine;
7. required court appearances;
8. attendance at health clinics;
9. approved college visits;
10. approved cooperative work programs;
11. military obligations; or
12. such other reasons as may be approved by the Commissioner of Education and/or the building principal.

(d) Students who are unable to attend class period/day due to their participation in a school sponsored activity (e.g., field trip, music lessons, etc.) and who arrange with their teachers to make-up missed work, shall be given credit for class participation on the class day/period missed.

SUBJECT: ATTENDANCE POLICY - WALLKILL CENTRAL SCHOOL DISTRICT [continued]4. Summer School Courses

Students may complete a course in summer school only if they have attended the regular school-year course for all quarters of the course and have not exceeded 50 absences in a full-year course or 25 absences in a half-year course. (Physical Education falls in the 25 absence category.)

d) Attendance Taking Procedures

1. Kindergarten - Grade 6

Attendance shall be recorded once per school day. If students are dismissed from school grounds, they must be signed out or in at the designated location in each building, and this will be added to their attendance record.

2. Grades 7-12

Attendance shall be recorded during each class period of scheduled instruction (including instructional or supervised study activities). If students are dismissed from school grounds, they will sign out and back in at the main office, and it will be noted on their attendance record.

3. Distance/Remote Learning

Students learning remotely will need to show daily school participation, which is to be verified by teachers and reported under the provisions of this policy. This can include one or more of the following as determined by a district administrator: documented participation in live online or virtual classes, participation in office hours, completion of assignments, documentation of daily school activities and learning, or correspondence via online platform, email, and telephone.

e) Maintenance of the Attendance Register

1. For each student, the register of attendance must include:

- (a) Name;
- (b) Date of Birth;
- (c) Date of enrollment;
- (d) Parent/Guardian's Full Name;
- (e) Address where student resides;
- (f) Phone numbers(s) where Parent/Guardian may be contacted;
- (g) ALL absences, tardiness, or early departures during any school day, in whole or in part, excused or unexcused;
- (h) Appropriate coding to identify the nature of the absence (full day, class cut);
- (i) Dates of school closings for all or part of the day of scheduled instruction due to extraordinary circumstances, including: adverse weather conditions, heating problems, lack of water or fuel, or destruction or damage to a school building; and
- (j) Date a student withdraws from, or is dropped from enrollment.

SUBJECT: ATTENDANCE POLICY - WALLKILL CENTRAL SCHOOL DISTRICT [continued]

2. A teacher or a district employee designated by the Board of Education will make entries on the Attendance Register. All entries must be verified by the oath or affirmation of the person taking attendance.
3. When additional information is received from a student during a student/staff conference that requires corrections to be made to a student's attendance records, such corrections will be made immediately. Notice of the change will be sent to appropriate school personnel (e.g., homeroom teachers, attendance officer, etc.).

f) Attendance Interventions

1. Chronic absenteeism is defined as missing at least 10% of enrolled school days in a year for any reason, excused or unexcused. Chronic absenteeism differs from truancy because it emphasizes missed instructional time rather than unexcused absences. Missed instructional time can increase a student's risk for disengagement, low achievement, and dropping out, among other things.

Students who miss at least 5% of enrolled school days in a year are at risk of becoming chronically absent. In light of this, the District will implement intervention strategies for students who miss 5% or more of the enrolled school days in a year

2. The Building Principal will design and implement incentives to acknowledge students' efforts to maintain or improve school attendance.

g) Appeals

1. All appeals related to unexcused absences and/or denial of course credit will be made directly to the principal on the following basis:
 - (a) Regarding the accuracy of a student's attendance record;
 - (b) To ascertain whether it appears that students with disabilities are treated consistently with IDEA or Section 504 Plans.
 - (c) To consider "extenuating circumstances".
2. Parent/Guardian will have twenty (20) calendar days from the issue of the written notification of unexcused absences to appeal to the building principal.
3. The building principal shall make the final decision regarding all appeals.

h) Returns to Wallkill Central School District

Students who leave Wallkill Central School District and subsequently return must still honor the attendance policy. All previous Wallkill class absences will still count for that academic year

Students**SUBJECT: AGE OF ENTRANCE AND ATTENDANCE****Entry into Kindergarten**

Students**SUBJECT: SCREENING OF SCHOOL ENTRANTS AND REPORTING TO PARENTS**

Screening is defined as a preliminary method of distinguishing from the general population those students who may possibly be a student with a disability or those who may possibly be gifted. Screening identifies those students in need of further evaluation and should not be viewed as an in-depth method of assessing development. Screening is a quick method of assessing a student's overall performance and should indicate whether or not an in-depth evaluation is necessary. Based upon the results of the screening, students who are in need of further evaluation should be referred to appropriate school and medical personnel.

Wallkill Central School District is responsible for insuring that the following will be screened:

- a) All new entrants including Pre-Kindergarten entrants.
- b) Non-English speaking students.

Information will be secured regarding a child's development through a review of student's previous school records such as:

- a) Cognitive Development;
- b) Receptive and Expressive Language Development;
- c) Articulation Skills;
- d) Physical Development;
- e) Motor Development (fine and gross);
- f) Academic Standing.

Reporting to Parents

Parents/legal guardians of children to be screened for Kindergarten shall receive information in advance regarding the purpose of screening, the areas to be screened and the referral process. The information shall be communicated either orally or in writing in the parents' primary language(s).

Parent/legal guardians have the right to request information regarding their child's performance during screening. They shall have access to the screening results and obtain copies upon request.

Students**SUBJECT: ATTENDANCE AREAS**

The residence of children dwelling within the District boundaries shall be established in a manner consistent with State Law. Students will attend the elementary school designated specifically for their attendance area. The Board of Education shall have the ability, at the initiation of the Board or the Superintendent, to place a student in another elementary school for such reasons as overcrowding, redistricting, or programming.

All persons dwelling in the District who are between the ages of five (5) years and twenty-one (21) years and who have not received a high school diploma shall be entitled to enroll in the District.

Any student who resides outside the boundaries of the District or whose parent(s)/legal guardian reside outside the boundaries of the District shall be considered a "non-resident student."

Students

SUBJECT: NON-RESIDENT STUDENTS

The only non-resident students that may be accepted into the Wallkill School District are foster students who are permitted to attend in accordance with state law. An annual tuition charge will be determined and the District from which the foster child originated will be billed accordingly.

Students moving out of the District during the Spring semester may complete the year and may complete their Senior year if they move after the beginning of the Spring semester of the Junior year if approved by the Building Principal. In either case, the parent(s) is responsible for providing transportation.

Education Law Sections 2405 and 3202

SUBJECT: EDUCATION OF HOMELESS CHILDREN AND YOUTH

The Board recognizes the unique challenges that face homeless students and will provide these students with access to the same free, appropriate public education, including public preschool education, as other children and youth and access to educational and other services necessary to be successful in school, and will ensure that they are not separated from the mainstream school environment. The Board is also committed to eliminating barriers to the identification, enrollment, attendance, or success of homeless students.

Pursuant to Commissioner's Regulations, a "homeless child" means a child or youth who lacks a fixed, regular, and adequate nighttime residence, including a child who is:

- a) Sharing the housing of other persons due to a loss of housing, economic hardship or a similar reason;
- b) Living in motels, hotels, trailer parks or camping grounds due to the lack of alternative adequate accommodations;
- c) Abandoned in hospitals;
- d) A migratory child who qualifies as homeless in accordance with Commissioner's Regulations. The term "migratory child" *includes* a child who is, or whose parent or spouse is, a migratory agricultural worker, including a migratory dairy worker, or a migratory fisher, and who has moved from one school district to another in the preceding 36 months, in order to obtain, or accompanies his or her parent or spouse in order to obtain, temporary or seasonal employment in agricultural or fishing work.
- e) A child or youth who has a primary nighttime location that is:
 1. A supervised, publicly or privately operated shelter designed to provide temporary living accommodations including, but not limited to, shelters operated or approved by the state or local department of social services, and residential programs for runaway and homeless youth established pursuant to Article 19-H of the Executive Law; or
 2. A public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings; including a child or youth who is living in a car, park, public space, abandoned building, substandard housing, bus or train station or similar setting.

SUBJECT: EDUCATION OF HOMELESS CHILDREN AND YOUTH [continued]

An “unaccompanied youth” means:

1. A homeless child not in the physical custody of a parent or legal guardian.
2. This term does not include a child or youth who is residing with someone other than a parent or legal guardian for the sole reason of taking advantage of the schools of the district.

A designator will decide which school district a homeless child or unaccompanied youth will attend. A designator is:

- a) The parent or person in parental relation to a homeless child; or
- b) The homeless child, together with the homeless liaison designated by the District, in the case of an unaccompanied youth; or
- c) The director of a residential program for runaway and homeless youth, in consultation with the homeless child, where the homeless child is living in that program.

The designator may select either the school district of current location, the school district of origin, or a school district participating in a regional placement plan as the district the homeless child will attend. However, the designation school district must determine whether the designation made by the parent, guardian, or youth, in the case of an unaccompanied youth, is consistent with the best interest of the child by considering certain student-centered factors, including factors related to the impact on education and the health and safety of the child or youth.

A homeless child is entitled to attend the school district of origin for the duration of his or her homelessness and also through the remainder of the school year in which he or she locates permanent housing in accordance with his or her best interest.

The term “school district of origin” includes preschool and feeder schools as defined by applicable law.

Enrollment, Retention and Participation in the Educational Program

The District will ensure continued enrollment for students enrolled in the District who become homeless, including those students who are temporarily residing outside of the District’s boundaries.

SUBJECT: EDUCATION OF HOMELESS CHILDREN AND YOUTH [continued]

Enrollment of homeless children shall not be delayed and their ability to continue or participate in the educational program shall not be restricted due to issues such as:

- a) Transportation;
- b) Immunization requirements;
- c) Residency requirements;
- d) Birth certificates, medical records, IEPs, school records and other documentation;
- e) Guardianship issues;
- f) Comprehensive assessment and advocacy referral processes;
- g) Resolution of disputes regarding school selection;
- h) Proof of social security numbers;
- i) Attendance requirements;
- j) Sports participation rules;
- k) Inability to pay fees associated with extracurricular activities such as club dues and sports uniforms; or
- l) Other enrollment issues.

Educational Programs and Services

The School District shall provide homeless children and youth with access to all of its programs, activities and services to the same extent that they are provided to resident students.

Homeless children and youth shall be educated as part of the school's regular academic program. Services will be provided to homeless children and youth through programs and mechanisms that integrate homeless children and youth with their non-homeless counterparts, including programs for special education, vocational and technical education, gifted and talented students, before and after school, English language learners/limited English proficiency, Head Start, Even Start, and school nutrition. Services provided with McKinney-Vento funds will expand upon or improve services provided as part of the regular school program. Consequently, the School District shall ensure that homeless children and youth are not segregated in a separate school, or in a separate program within the school, based on their status as homeless; and to the extent feasible consistent with the requirements of Commissioner's Regulations, keep a homeless child or youth in the school of origin except when doing so is contrary to the wishes of the child's or youth's parent or guardian. Further, the School District shall review and revise policies and practices, including transportation guidelines, as well as those related to outstanding fees, fines or absences, that may act as barriers to the enrollment, attendance, school success, and retention of homeless children and youth in the School District.

SUBJECT: EDUCATION OF HOMELESS CHILDREN AND YOUTH [continued]**Transportation**

The district shall promptly provide transportation for homeless students currently attending district schools as required by applicable law. In general, the district shall ensure that transportation is provided to homeless students enrolled in the district who attend a school of origin, including a publicly funded preschool administered by the district or SED, even if the student lives outside the district's boundaries, as long as it is within fifty miles each way, even if such transportation is not provided to permanently housed students. Transportation shall be provided for the duration of homelessness, through the remainder of the school year in which the student becomes permanently housed, and one additional year if that is the student's final year in the school.

Where the District is designated as the school district of attendance, it will provide transportation services to students in temporary housing for extracurricular or academic activities, including summer school, when:

- The student participates in, or would like to participate in an extracurricular or academic activity, including an after-school activity at the school; and
- The student meets the eligibility criteria for the activity; and
- The lack of transportation poses a barrier to the student's participation in the activity.

School District Liaison for Homeless Children and Youth

The School District shall designate an appropriate staff person, who may also be a coordinator for other federal programs, as the local educational agency liaison for homeless children and youth to carry out the duties as enumerated in law, Commissioner's Regulations and applicable guidance issued by the U.S. and New York State Education Departments. The District will inform school personnel, local service providers and advocates of the office and duties of the local homeless liaison.

Training

The District will train all school enrollment staff, secretaries, school counselors, school social workers, and principals on the legal requirements for enrollment of homeless students. School nutrition staff, school nurses, teachers, and bus drivers will receive training on homelessness that is specific to their field.

SUBJECT: EDUCATION OF HOMELESS CHILDREN AND YOUTH [continued]**Outreach**

The District will make every effort to inform the parents or guardians of homeless children and youth of the education, transportation and related opportunities available to their children including transportation to the school of origin. The parent(s)/guardian(s) will be assisted in accessing transportation to the school they select, and will be provided with meaningful opportunities to participate in the education of their children. Public notice of educational rights of homeless children and youth will be disseminated by the District in places where families and youth are likely to be present (e.g., schools, shelters, soup kitchens), and in comprehensible formats (e.g., geared for low literacy or other community needs).

Dispute Resolution

The District shall establish guidelines for the prompt resolution of disputes regarding school selection or enrollment of a homeless student and provide a written explanation to the parent or guardian, including a statement regarding the right to appeal to the State Education Department within 30 days of a determination. The District will provide a copy of the appeal papers. The homeless liaison is available to help with any appeal.

In the event of a dispute regarding eligibility, school selection, or enrollment, the homeless child or youth will be entitled to immediate or continued enrollment and transportation pending final resolution of the dispute, including all available appeals.

Record and Reporting Requirements

If the District, as the school district of origin, receives a request to forward student records to a receiving district, the records must be forwarded within five days of receipt of the request.

The School District shall maintain documentation regarding all aspects of the District's contact with and services provided to homeless students and youth for possible on-site monitoring by the State Education Department.

The District shall collect and transmit to the Commissioner of Education, at such time and in the manner as the Commissioner may require, a report containing such information as the Commissioner determines is necessary to assess the educational needs of homeless children and youths within the state.

SUBJECT: EDUCATION OF HOMELESS CHILDREN AND YOUTH [continued]**Student Privacy**

Any information pertaining to the living situation of a homeless student, such as his or her homeless status or temporary address, is considered a student educational record and is not subject to disclosure as directory information under the Family Educational Rights and Privacy Act (FERPA).

Students**SUBJECT: FOREIGN EXCHANGE STUDENT PROGRAM**

The Board encourages district participation in a foreign exchange student program. Foreign exchange students will be admitted to the high school for a one-year academic program.

1. The district recognizes only those organizations designated as “Exchange Visitor Programs” by the U.S. Department of State, pursuant to federal regulations, as sponsoring organizations for the exchange of students. Any such organization must supply proof of designation prior to recognition.
2. No foreign exchange students subject to this policy and regulation shall be brought into the district by a foreign exchange student program unless they have been accepted in writing as a student by the high school Building Principal or a designee.
3. The district reserves the right not to accept a foreign exchange student if doing so would require the district to hire additional staff, including an ENL teacher.
4. The district will accept no more than five foreign exchange students per school from any single foreign exchange program.
5. The foreign exchange student shall be subject to the District's Code of Conduct and all applicable District policies and regulations. The Board reserves the right, at any time, to terminate the approval of a foreign exchange program, and/or terminate the approval of a foreign exchange student when it is deemed to be in the best interests of the District to do so without the need for due process.

Students**SUBJECT: RELEASED TIME OF STUDENTS**

Written requests from the parent or guardian for the release of pupils for religious observance and education generally will be honored. The appropriate time and reason for absence shall be recorded on the attendance record, using the procedures mandated by the state.

The building principal shall assume this responsibility or shall designate an individual to review and approve all requests.

Commissioner's Regulations Section 109.2

Students**SUBJECT: EMPLOYMENT - EARLY RELEASE**

Seniors will only be released for employment if they meet the following conditions:

- a) Must have two units in excess of diploma requirements and be passing all courses.
- b) Must have a minimum of three days a week on the job.
- c) Must have form properly completed and approved work site verified by the guidance department.
- d) Must notify guidance on termination of employment.

Students**SUBJECT: RIGHTS OF NON-CUSTODIAL PARENTS**

The Board is mindful that various arrangements exist for the care and custody of children residing in the District. The District attempts to maintain current family information to help ensure student safety, proper communication with parents, and appropriate educational programming. Parents who are divorced, legally separated, or otherwise live apart should supply the District with relevant information and documentation, including custody orders, regarding who is responsible for the custody and care of their child, and who is permitted to make educational decisions for that child.

A non-custodial parent's participation in his or her child's education will be governed by the terms of any custody order. As a general matter, however, the District encourages non-custodial parents to participate in their child's education. Unless prohibited from doing so by a court order, non-custodial parents may request information about their child, inspect and review their child's records in accordance with the Family Educational Rights and Privacy Act (FERPA) and District policy, and otherwise remain interested in their child's education.

The District will not release students to a non-custodial parent without the custodial parent's consent. It is the parent's responsibility to inform the District if and when the child may be released to individuals other than the custodial parent in a form acceptable to the District.

Students**SUBJECT: ELEMENTARY PROMOTION, PLACEMENT AND RETENTION****Factors That Influence Decision Making**

- a) Age/Grade/Maturity
- b) Previous retentions
- c) Standardized Tests
- d) Medical/Psychological evaluation
- e) Social and physical development
- f) Teacher, principal and parent recommendations
- g) Handicapping conditions
- h) Classroom performance
- i) Attendance

Guidelines

A student will only be retained if there is strong rationale that the retention itself is likely to have a positive impact on the student.

No Student will be retained without detailed documentation of previously attempted interventions and having been through the Student Review Team/Child Study Team process.

If a student is retained, a plan must be developed for providing an alternate approach to the teaching strategies that were unsuccessful.

Teachers are required to bring to the building principal's attention those students whose promotion is in question, no later than the end of the third marking period and a parent conference must be held to discuss possible retention.

Final Decision

After consideration of all the above factors final decisions regarding promotion, placement and retention will be rendered by June 1st the building principal after consultation with the Superintendent of his/her designee.

SUBJECT: HIGH SCHOOL COURSE GRADING**Grading Statement:**

The Board of Education of the Wallkill Central School District recognizes that grading serves five essential purposes:

1. Feedback for students that informs them of their progress
2. Evidence of student progress that helps teachers to assess their instruction
3. A method of reporting student achievement to parents
4. Information for student placement purposes
5. Data for curriculum development

Course grades must be a full assessment of the full range of students' achievement in a course. Class participation, graded written and oral assignments, tests, quizzes, homework, as well as special project work for seniors approved by the principal and final examinations should all be part of the final grade. However, in no case will any of the aforementioned items be counted twice, nor grouped in such a way that they have a double impact on a student's final grade. Final examination means a class final exam if there is no applicable Regents or Regents Competency Test (RCT).

Grade point average (GPA) should also reflect this grading statement by not allowing a final exam grade to be equally rated with a course grade.

Procedures:

- a. The weight of homework toward any quarter grade should not exceed twenty percent (20%) of the quarter average.
- b. All final exams will be weighted as one-tenth of final grade for half-year and full-year courses.
- c. All final exams taken for a second (or third) time will be averaged with the first (and second) final exam and then considered part of the one-tenth grading for the course.
- d. If the course is taken again and a final exam is taken, then the new course grade will be entered as a separate course and both course grades are counted in the GPA. (Students must complete a summer school course or at least one semester. If not, then the final exam is computed as in number b.)
- e. If a student challenges a Regents course (takes Regents exam but does not sit for the course) and receives an 85 or above, he/she passes the course and earns credit, but the grade is not part of the GPA. (Only completing the course counts in GPA.)
- f. For courses requiring the passing of a Regents or RCT Exam as a final exam, the student will receive a unit of credit only when the student receives both a passing course grade, and a passing grade for the Regents or RCT Exam.

SUBJECT: HIGH SCHOOL COURSE GRADING [continued]

- g. For full year courses no grade lower than 50 will be given during the first and second quarter. If the student's actual average is less than 50, a comment on the report card will be used to indicate such.
- h. A student's final grade is subject to principal review.

Makeup Policy:

- a. When a student misses a class or school day, he/she is expected within five (5) school days of his/her return, to provide a written explanation from his/her parent or guardian. Moreover, the student must consult with his/her teachers regarding missed work. If the absence is excused, the student may make up any work missed by arranging an assignment with the teacher.
- b. Make-up assignments must be completed by the date specified by the student's teacher for the particular class. Upon satisfactory and timely completion of the make-up grade.
- c. Reasonable make-up opportunities will be given to students with excused absences due to:
 - 1) personal illness;
 - 2) illness or death in the family;
 - 3) disability;
 - 4) impassable roads or weather;
 - 5) religious observance;
 - 6) quarantine;
 - 7) required court appearances;

 - 9) approved college visits;
 - 10) approved cooperative work programs;
 - 11) military obligations; or
 - 12) such other reasons as may be approved by the Commissioner of Education and/or the building principal.
- d. Students who are unable to attend class period/ day due to their participation in a school sponsored activity (e.g., field trip, music lessons, etc.) and who arrange with their teachers to make-up missed work, shall be given credit for class participation on the class day/period missed.

SUBJECT: GRADES 6-8 COURSE GRADING

The Board of Education of the Wallkill Central School District recognizes that grading serves five essential purposes:

1. Feedback for students that informs them of their progress
2. Evidence of student progress that helps teachers to assess their instruction
3. A method of reporting student achievement to parents
4. Information for student placement purposes
5. Data for curriculum development

Course grades must be an assessment of the full range of students' achievement in a course. Class participation as defined by the class syllabi, graded written and oral assignments, tests, quizzes, homework, and final examinations should all be part of the final grade. However, in no case will any of the aforementioned items be counted twice, nor grouped in such a way that they have a double impact on a student's final grade. Final examination means a class final exam if there is no applicable Regents or Regents Competency Test (RCT).

Procedures:

- a. No grade lower than fifty-five (55) will be given in the first and second marking period. If the student's actual average is less than fifty-five (55), a comment on the report card will be used to indicate such.
- b. The weight of homework toward any quarter grade should not exceed twenty percent (20%) of the quarter average.
- c. All final exams will be weighted as one-tenth of final grade for half-year and full-year courses.

- d. Students who are unable to attend class period/ day due to their participation in school sponsored activity (e.g., field trip, music lessons, etc.) and who arrange with their teachers to make-up missed work, shall be given credit for class participation on the class day/period missed.

Students**SUBJECT: ACADEMIC LEVEL CHANGE**

- a) Parent approval;
- b) Teacher approval;
- c) Counselor approval after reviewing the above and all student records;

Students**SUBJECT: GRADUATION CEREMONIES**

The graduation or commencement ceremony is a time to celebrate the honors and achievements of the graduating class. The Board of Education will establish the date for graduation ceremonies, while the administration will determine the place and program details, including attire. Academic and other awards and scholarships may be presented along with diplomas.

Participation in the graduation ceremony and related activities will be predicated on satisfactory completion of all graduation requirements, or as otherwise described in this policy. Exceptions may be made under extraordinary circumstances with the permission of the Superintendent of Schools. A student who has earned either a Career Development and Occupational Studies Commencement Credential (CDOS) or Skills and Achievement Commencement Credential (SACC) by the time his/her ninth grade cohort reaches graduation may, but is not required to, participate in that graduation ceremony and related activities.

If a student who participates in the graduation ceremony by earning a CDOS or SACC only subsequently meets the requirements for either a Regents or local high school diploma, he/she may participate in the graduation ceremony of that graduating class as well.

A student with a disability who participates in graduation ceremonies by earning only a CDOS or SACC is entitled to continue his/her educational program until the end of the school year in which the student turns 21 years old, or until he/she earns a Regents or local high school diploma.

The Superintendent shall develop regulations to implement this policy, to be adopted by the Board. The district shall provide annual written notice to all students and their parents/guardians of the requirements of this policy and associated regulations.

Depending upon the nature of the violation, it is the desire of the Board of Education that student discipline be progressive, i.e., a student's first violation should merit a lighter penalty than subsequent violations. It is also the Board's desire that an employee or agent take into account all other relevant factors in determining an appropriate penalty. The above penalties may be imposed either alone or in combination.

The Board of Education recognizes the importance of school attendance. Therefore, suspension from school must be viewed as a last resort in dealing with student disciplinary infractions. The Board also recognizes the need to remove unruly or disruptive students from the regular class so that learning can take place in the classrooms.

The responsibility for student dress and general appearance rests with individual students and parents. However, the Board of Education requires students to attend school in appropriate dress that meets health and safety standards and does not materially or substantially interfere with the learning process. The Board also requires students to wear appropriate protective gear in certain classes (e.g., home economics, shop, P.E.). In addition, the Board prohibits attire bearing an expression or insignia which is obscene or libelous, which advocates racial or religious prejudice, or which displays and/or encourages the use of drugs, alcohol or tobacco.

F. Procedures by Which Violations Are Reported, Determined, Discipline Measures Imposed and Discipline Measures Carried out.

- (i) The Board of Education believes that each student can be expected to be responsible for his/her own behavior. The school administration shall develop and disseminate rules of conduct, focusing on personal safety and respect for the rights and property of others to be consistently applied in the classrooms and through the schools. Students who fail to meet this expected degree of responsibility and violate school rules will be subject to appropriate disciplinary action and more regulated supervision.

Discipline is most effective when it deals directly with a problem at the time and place it occurs, and in a way that is fair and impartial. Therefore, before seeking outside assistance, teachers will first use all their positive resources to create a change of behavior in the classroom.

Disciplinary action, when necessary, will be firm, fair, and consistent in order to be most effective in changing behavior.

- (ii) Early Identification and Resolution of Student Discipline Problems

Pupil service personnel, administrators, teachers and others will report students to the Building Principals when they believe such students present a discipline problem. If the Principal suspects that the problem may be manifestation of a disability, he/she will refer the matter to the Committee in Special Education in the manner prescribed by the Commission's Regulations and by District policy.

SUBJECT: ELEMENTARY SCHOOL CODE OF CONDUCT

There is a concern on the part of the Board of Education, the administration, the faculty, parents, and the student body regarding student behavior and disciplinary procedures. This statement is to inform parents and students as to what is expected of students as school citizens of the Wallkill Elementary Schools.

I. Student Rights:

- A. Education: All persons between the ages of 6 and 21 residing in the State of New York are entitled to a free education without discrimination or harassment on the basis of sex, race, creed, or personal condition.
- B. Association: Students have the right to participate in any and all student organizations which have been recognized by the school district in accordance with established criteria. Such organizations may not restrict membership on the basis of race, sex, national origin or other arbitrary criteria.
- C. Discipline: Rules for student conduct and discipline have been adopted by the Board of Education. Such rules will be clearly stated, explained, and distributed to all students at the beginning of every school year or at the start of enrollment in the school. These standards of conduct do not infringe upon the constitutional rights of students, and include prohibited student conduct and the range of penalties, which may be imposed for such misconduct.
- D. Confidentiality: Student records will be maintained by the school district for use by appropriate district personnel in developing the best possible educational program for each student. Parents or legal guardians are entitled to inspect the student's cumulative record with the principal or his/her designee in attendance. The parent is afforded the opportunity through a hearing to challenge the accuracy or content of the child's records. A student over the age of 18 is given the same rights as his/her parents.
- E. Freedom of Expression: Students will not be denied the right to express themselves on the basis of the nature of their beliefs. However, such expression will not be allowed if it substantially or materially interferes with school activities or the rights of others.
- F. Sexual Harassment: Students have a right to attend school without being sexually harassed. Sexual harassment is unwanted behavior by another person of the opposite or the same sex toward you just because you are a girl or boy. No one should act that way to another person. Acts which a fair person would think of as sexual harassment include:
 - 1. The unwanted touching of a sexual nature of any part of your body such as pinching, brushing the body, pulling clothes, kissing, grabbing or holding someone down.
 - 2. An unwanted expression made to a person which scares or embarrasses that person or otherwise makes that person feel uncomfortable such as threats, "dirty jokes", making fun of someone for being a girl or boy, calling someone a "fag", gay, lesbian, "slut", "whore", or being shown, given, or left sexual pictures, photographs, illustrations, messages, or notes. These types of acts should be reported to your parent(s), teacher, or principal and/or intervention specialist.

Two of the most important lessons education should offer are self-discipline and self-respect. While they do not appear as subjects, they underlie the whole educational structure. These lessons develop self-control, character, orderliness, and efficiency. They are keys to good conduct and proper consideration for other people.

We believe it is important for all students to acknowledge and understand the mistakes that they have made, so they can make better choices in the future. A child, with the assistance of the school and home, acquires a positive attitude and develops self-control to avoid problems. These efforts should help the child become all he or she is capable of being. We feel this Conduct Code meets the purpose.

As always, parents are encouraged to contact the school at any time to arrange for a conference with staff and administration concerning discipline or any other matters.

SUBJECT: ATHLETIC CODE OF CONDUCT

THE CONDUCT OF a student-athlete is closely observed in many areas of life; on the field, in the classroom and in the community. Take pride in yourself, your team and your school. You should always project a positive image. Winning or losing is not as important as your reaction to winning or losing. Your reaction is what people will remember – not the score. You should be modest in victory and steadfast in defeat.

ON THE FIELD – In the area of athletic competition a Wallkill student-athlete does not use profanity or illegal tactics, and learns fast that losing is a part of the game. It is always courteous to congratulate the opponent on a well-played game after the contest, whether in defeat or victory.

The school is interested in each student-athlete as an individual, and the coaches will do all they can to help each achieve the highest level he or she is capable of achieving. However, each student-athlete must accept the responsibility that goes with being a member of a team. Our teams represent the Wallkill community. The following rules of conduct have been developed for all our modified, junior varsity, and varsity team members. The school realizes that in order for these rules to be adhered to, the student-athletes must believe in them and discipline themselves to abide by them. Parents/guardians are requested to do all they can to support the Code of Conduct and help their son or daughter live up to this code.

This Athletic Discipline Code will be administered by the Athletic Director and building principal. Parent/guardian notification will take place as soon as possible, and a conference will follow if requested.

A player who travels home from an away contest inconsistent with this policy will be suspended for one (1) game.

12. End of season

The season officially ends for each student-athlete upon the return to the coach, at a specified time, all equipment issued to him/her for that particular sport. Until the above requirement is met, the student-athlete is subject to all eligibility rules and regulations of that sport. Failure to comply with these requirements will result in the denial of all athletic awards and credit for participation. It will disqualify a student-athlete from participation in all sports until the end of season requirements are met.

SUBJECT: ATHLETIC CODE OF CONDUCT [continued]**B. TRAINING RULES****1. Alcohol & Drug Violations**

Medical research clearly substantiates that the use of alcohol and illegal drugs produce harmful effects. You cannot compromise athletics with substance abuse. Student-athletes who experiment with such substances jeopardize team morale, team reputation and team success and do physical harm to themselves. Students have to decide if they want to be athletes. If they do wish to be an athlete, they must make the commitment in order to be a competitor. A big part of this decision means refraining from the use of alcohol, drugs and steroids.

Possession/Consumption (including being under the influence of) and/or distribution, other than prescribed by a physician for personal use, any controlled drug and/or intoxicant, at any time during that sports season whether during school, at a school activity, on school property, or at locations off school property is prohibited.

1st Offense:

- Loss of leadership position – Team Captain.
- The student-athlete will be suspended from participation for a four (4) week period*.
- The student-athlete must attend all games during the period of probation period as a non-participant.
- The student-athlete must practice independently to maintain standing – this schedule will be determined by the coach.

***The Four Week Suspension Period Will be Reduced to Two (2) Weeks if:**

- The student-athlete voluntarily attends one meeting with the school social worker during the first two (2) weeks of suspension (appropriate documentation required).
- The student-athlete writes a reflection essay that addresses the violation as well as the health consequences associated with alcohol/drug use during the first two (2) weeks of suspension.

Student-athlete and parent/guardian will meet with Review Board for multiple violations (intoxication, possession, distribution, violation of School Code of Conduct and Athletic Handbook) to determine if additional sanctions are necessary

2nd Offense:

- The student-athlete will be removed from all athletic teams for 90 school days.

Student-athlete and parent/guardian will meet with Review Board for multiple violations (intoxication, possession, distribution, violation of School Code of Conduct and Athletic Handbook) to determine if additional sanctions are necessary

3rd Offense:

- The student-athlete will be suspended from participation in all sports for at least one (1) year.

SUBJECT: ATHLETIC CODE OF CONDUCT [continued]

Student-athlete and parent/guardian will meet with Review Board for multiple violations (intoxication, possession, distribution, violation of School Code of Conduct and Athletic Handbook) to determine if additional sanctions are necessary

**The review board shall consist of the Principal, Athletic Director,
School Social Worker and two coaches.**

2. Tobacco Use

Possession or use of tobacco, electronic cigarettes, rolling papers, personal vaporizers, e-liquids and any electronic nicotine device or paraphernalia associated with these products, lighters, matches, etc., is prohibited.

1st Offense:

- Loss of leadership position – Team Captain.
- The student-athlete will be suspended from participation for a one (1) week period.

2nd Offense:

- The student-athlete will be suspended from participation for a two (2) week period.

3rd Offense:

- Review board will meet to decide if student-athlete is permitted to continue on athletic team.

**The review board shall consist of the Principal, Athletic Director,
School Social Worker and two coaches.**

3. Hazing Policy

"Hazing" is not permitted under any circumstances. "Hazing" is defined as any act committed against someone who would like to join or become a member of, or maintain membership in, any organization (including an interscholastic athletic team or club) that is humiliating, intimidating or demeaning, or endangers the emotional, mental, or physical health and safety of the person. Hazing includes active or passive participation in such acts and occurs regardless of the willingness to participate in the activities. Hazing creates an environment/climate in which dignity and respect are absent.

If an act is determined as being a hazing incident, the following athletic consequences take effect:

1st Offense:

- Suspension from team for one (1) week and mandatory two (2) game suspension. Meeting with Athletic Director, Principal, and student-athlete's parents/guardians. (May be removed from team at discretion of Principal and Athletic Director).

2nd Offense:

- The student-athlete will be suspended from participation in all sports for at least one (1) year.

SUBJECT: ATHLETIC CODE OF CONDUCT [continued]

These offenses apply for any season and carry over from season to season. An offense will be determined by School Administration, DASA Coordinator and the Athletic Director.

Please also refer to Policies #7623, #7625 and #7626 for further information regarding Harassment, Discrimination and Dignity for All Students Act (DASA).

4. Social Media

As an organization with a commitment to quality of education and the safety of our students, as well as the preservation of our outstanding reputation as a school, the standards for appropriate online communication are equally as high. It is important that student-athletes recognize the power of public media domains and the potentially negative image that they can portray about other student-athletes, coaches, the athletic program and the school district. While we respect the right of student-athletes to utilize the variety of social media options available (Facebook, Twitter, blogs, etc.), we ask that the following guidelines be met by our student-athletes at all times:

- Refrain from posting material, including pictures, that is threatening, harassing, illegal, obscene, defamatory, slanderous, promoting illegal activities or hostility towards any individual or entity (including opponents, competitors, coaches, etc.).
- Be aware that college recruiters or future employers are starting to access information placed online on social networking sites. The information you post is considered public information. Protect yourself by maintaining a self-image that you can be proud of years from now.

Any inappropriate activity that is in violation of the above guidelines, including first time offenses, is subject to investigation by the school district as well as civil authorities and can be disciplined under the Code of Conduct.

5. Infractions of Rules of Good Citizenship

Student-athletes must represent their school on and off the field and maintain a high behavioral standard. To be a team member is a privilege; it makes you visible and your actions may be noticed more than other students. This visibility comes with accountability for your actions and not escaping accountability. Student-athletes may be suspended or dismissed for citizenship reasons, including but not limited to – disorderly conduct at athletic events or practice, profanity, tardiness, truancy, insubordination, fighting, and other conduct that violates the student code of conduct applicable to all students. Decisions regarding dismissal from a team or suspension from more than one contest will be made by the coach in collaboration with the Athletic Director. Notwithstanding, the Athletic Director/Building Principal reserves the right to dismiss a student-athlete from a team or suspend from more than one contest.

6. Suspension from a Sport

If a student-athlete who has been suspended from one (1) sport desires to participate in a sport in any subsequent season, he/she must arrange a meeting between the Athletic Director, the two (2) coaches involved and himself/herself. He/she must have proven that he/she is deserving of reinstatement back into the athletic program. This is also applicable for a student-athlete who quits a sport after the start of that season.

SUBJECT: ATHLETIC CODE OF CONDUCT [continued]**7. Appeal Procedure**

The student-athlete and/or parent/guardian have the right to appeal penalties imposed under the Training Rules to the Building Principal and Athletic Director. Appeals must be made in writing within three (3) school days of assignment of a penalty for a Training Rules violation. A response to the appeal will be provided within three (3) school days after receipt of the letter by the Athletic Director/Building Principal. During the appeal period a student is not eligible to practice or compete.

The Discipline Code is intended to be read and interpreted in a manner that is consistent with the District-Wide Code of Conduct (Policy No. 7400). To the extent any terms or provisions contained herein conflict with the District-Wide Code of Conduct, the District-Wide Code of Conduct shall govern.

ATHLETIC ACADEMIC ELIGIBILITY

POLICY STATEMENT: The Wallkill Central School District Board of Education, and all athletic coaches of the District (Middle School/High School), recognize the first priority of the student-athlete's education experience is academic excellence. All student-athletes must recognize that participation in interscholastic athletics for the Wallkill Central School District is an honor and privilege earned by maintaining academic and discipline standards. Failure to maintain the minimum standards listed below will result in the following actions:

1. In order to be eligible to participate in athletics, a student-athlete is required to be taking at least four (4) subjects, one of which must be physical education (per NYSPHSAA Handbook). However, a student-athlete may opt-out for physical education class, for that specific sport season, if he/she successfully meets the requirements of the New York State Physical Fitness Test.
2. A total grade point average of less than 70% for all credit bearing courses scheduled during each of the five-week marking periods under consideration will result in:
 - a) The Athletic Director and coach will first review the Teacher Evaluation/Grade Average Report or the Report Card to verify the status of the student-athlete, consider extenuating circumstances (which will be presented to and must be approved by the building principal), and outline with the student-athlete a planned effort for improvement.
 - b) Suspension from playing in any games/scrimmages for two (2) weeks.
3. At the end of the suspension period, a second informal hearing will be held involving the same parties and:
 - a) The student-athlete must produce a new Teacher Evaluation/Grade Average Report or Report Card that lists the current average for each credit bearing course scheduled.
 - b) If the Report indicates a total grade average of 70% or higher, the student-athlete may be reinstated to full status on the team.

SUBJECT: ATHLETIC CODE OF CONDUCT [continued]

- c) A continuation of a grade average of less than 70% will result in a continuation of the suspension until the next five week evaluation period when steps "2a" and "2b" will be repeated.
4. A total grade average of less than 70% for all credit bearing subjects scheduled during the entire year as indicated in the final marking period of June will result in suspension from participating in a fall sport unless summer school is attended and the total grade average is brought up to 70% or greater.
5. A student-athlete who is on suspension and then drops a failing course will have his/her case reviewed by the Athletic Director and is not automatically dropped from suspension.
6. The building principal will have final review authority to determine practice and playing eligibility.
7. No student-athlete will be released from suspension without documented proof of a 70% or greater total grade average for credit bearing courses scheduled during any five week period.

TWO SPORT ELIGIBILITY

A student-athlete who chooses to participate in two (2) or more sports in the same season must obtain a two-sport declaration form from the coach and declare his/her primary sport (sport of choice). This policy was formed to eliminate conflicts when the two (2) sports are scheduled to play at the same time or on the same day. This form, when signed by the student-athlete and his/her parent/guardian, must be turned in to the Athletic Director. Student-athletes must be aware that they must meet all of the required practices of both sports to become eligible.

CONCUSSION MANAGEMENT POLICY

Concussions and head injuries are commonly reported injuries in children and adolescents who participate in sports and recreational activity. Please refer to Concussion Management Policy #7605.

SUBJECT: ATHLETIC CODE OF CONDUCT [continued]

SUBJECT: DRUGS/CONTROLLED SUBSTANCES AND ALCOHOL (STUDENTS)

The Board of Education of the Wallkill Central School District is committed to the prevention of alcohol, tobacco, and other substance use/abuse. This policy describes the philosophy of the School District and the program elements that the District will use to promote healthy lifestyles for its students and to inhibit the use/abuse of alcohol, tobacco and other substances.

No person may use, possess, sell, or distribute alcohol or other substances, nor may use or possess drug paraphernalia, on school grounds or at school sponsored events, except drugs as prescribed by a physician. The terms "alcohol and other substances" shall be construed throughout this policy to refer to the use of all substances, including, but not limited to, alcohol, tobacco, vaporizers, e-cigarettes, inhalants, marijuana, cocaine, LSD, PCP, amphetamines, opioids, heroin, steroids, herbs, supplements, look-alikes, and any of those substances commonly referred to as "designer drugs." Additionally, any person who has consumed or used any of the aforementioned substances is prohibited from entering school grounds or school-sponsored events.

Philosophy

The District will use the following principles as guides for the development of its substance use/abuse prevention efforts and for any disciplinary measures related to alcohol and other substances:

- a) Alcohol, tobacco, and other substance use/abuse is both preventable and treatable.
- b) Abuse of alcohol and other substances inhibits the District from accomplishing its primary purpose of educating children.
- c) Individuals connected with the school system (Board of Education, administration, faculty, staff) are expected to model the behavior asked of students.
- d) The School District will work cooperatively with the community in preventing alcohol, tobacco, and other substance use/abuse.

SUBJECT: DRUGS/CONTROLLED SUBSTANCES AND ALCOHOL (STUDENTS)
[continued]

 - 4. Students will learn how to cope with stress, and how to deal with problems.

Instructional program consists of K-6 - support and assistance provided the classroom teachers. Other components include:

- c) Continue to offer at-risk students additional support and assistance.

Disciplinary Measures

Disciplinary measures for students found to be in possession of, or using, alcohol, tobacco, or other substances are outlined in the School District's Code of Conduct for all buildings and the athletic code.

- a) The Board of Education directs the Superintendent of Schools to develop and implement specific programs and strategies that are necessary to implement the above policy.
- b) The Superintendent of Schools directs the Building Administrators to provide leadership and direction in the development and implementation of comprehensive Health Education programs K-12. Included in this will be formal classroom learning in the prevention of alcohol, tobacco, and other substances use/abuse, staff development, and community education programs.

SUBJECT: DRUG DETECTING CANINES**1. PURPOSE AND PHILOSOPHY**

To establish a school climate conducive to learning and the prevention of student drug use and abuse.

2. POLICY

- 2.1 The Board of Education recognizes the responsibility of the Superintendent of Schools and District Administration to establish a school climate conducive to preventing and combating students' drug, alcohol and tobacco use and abuse.
- 2.2 Within this expectation, the Superintendent of Schools and District Administration have a responsibility to be fair and to protect students from excessive and unreasonable intrusion of their individual rights.
- 2.3 The invasion of individual privacy should be minimized (see policy 7440).
- 2.4 Students do not have an exclusive right to possession of individual school lockers and no reasonable expectation of privacy.
- 2.5 The use of drug detecting canines on lockers, desks and other such equipment will be permitted because the District has control of lockers, desks and other such equipment and a student shall have no reasonable expectation of privacy in these spaces.
- 2.6 If a searched locker, desk or other such equipment contains drugs, alcohol or tobacco or other contraband, students assigned to the locker and the owner of such contraband shall be subject to school disciplinary action. Information about such prohibited materials may be referred to law enforcement officials for appropriate action.

3. ADMINISTRATIVE GUIDELINES

- 3.1 The Superintendent of Schools or Assistant Superintendent for Support Services shall have the primary responsibility to determine when, and if, a drug detecting canine shall be used in the school. No drug detecting canine shall be used in the school without the permission of the Superintendent of Schools or Assistant Superintendent for Support Services.

SUBJECT: DRUG DETECTING CANINES [continued]

- 3.2 When drug detecting canines are in the school, law enforcement officials shall be present only to handle the canines. Pursuant to the District Code of Conduct, for school disciplinary purposes, the school official will retain authority and responsibility to conduct any investigations, search of lockers, questioning of students and notification of parents. A positive response from a drug detecting canine to a particular locker, desk or other such equipment shall be interpreted by the school official as reasonable suspicion that a search may be conducted without a search warrant.
- 3.3 If upon the search of a particular locker, desk or other such equipment a controlled substance is not in plain view, then the school official shall speak with the student responsible for the locker, desk or other such item for the district to inspect. If consent is not granted, a drug detecting canine may inspect each item in the locker, desk or other such equipment and a positive response from a drug detecting canine to any individual item shall be interpreted by the school official as reasonable suspicion to conduct a search of such item without a search warrant. Alternatively, the school official may also contact the student's parent or guardian for consent to search any closed book bag, back pack, purse or other such property.
- 3.4 As a part of a school drug prevention and education program, drug detecting canines may be used for demonstration purposes in the school.
- 3.5 Drug detecting canines will not be permitted to be used directly on any student. Students shall not be in immediate vicinity or the area where drug detecting canines are conducting searches and the area where searches are being conducted will be secure from students.
- 3.6 Drug detecting canines may be used to sniff vehicles in the school parking lot under the same guidelines pertaining to the sniffing of school lockers.

Definitions:

"Drug Detecting Canines" means police trained and controlled dogs used to investigate the possible presence of controlled substances.

"Controlled Substance" means a substance as defined in 220 of the New York State Penal Law or defined in 812 of Title 21 of the United State Code.

Cross Reference Policies:

Policy 7420 - Drugs/Controlled Substances and Alcohol (Students), Policy 7440 - Search by School Personnel, Policy 7441 - Law Enforcement Officials and Policy 7442 – Interrogations.

Students**SUBJECT: SEARCH BY SCHOOL PERSONNEL**

Students are protected by the Constitution from unreasonable searches and seizures. The key word is unreasonable, as a student may be searched and contraband seized on school grounds, in vehicles, or in school buildings if there is reasonable suspicion that the student is engaging in illegal activity or behavior contrary to the student discipline code.

It is the policy of the Wallkill Central School District under no circumstances will a strip or frisk (search) be performed by any school personnel. If such a search is deemed warranted, the local police agency will be contacted.

Student desks, lockers, textbooks, computers, and other materials, supplies or storage spaces loaned by the school to students remain the property of the school, and may be opened and inspected by school employees at any time without prior notice to students and without their consent. Students have no reasonable expectation of privacy with respect to school property; and school officials retain complete control over such property. This means that student desks, lockers, textbooks, computers, and other materials, supplies or storage spaces may be subject to search and/or seizure of contraband/prohibited items at any time by school officials, without prior notice to students and without their consent.

Students**SUBJECT: LAW ENFORCEMENT OFFICIALS**

It shall be the policy of the Wallkill Central School District that a cooperative effort shall be maintained between the school administration and law enforcement agencies. Law enforcement officials may be summoned in order to conduct an investigation of alleged criminal conduct on school premises, or during a school-sponsored activity, or to maintain the educational environment. They may also be summoned for the purpose of maintaining or restoring order when the presence of such officers is necessary to prevent injury to persons or property.

Administrators have the responsibility and the authority to determine when the assistance of law enforcement officers is necessary within their respective jurisdictions. The school district's administrators shall at all times act in a manner which protects and guarantees the rights of students and parents.

If a School Resource Officer ("SRO") is involved in an investigation, he/she shall perform his/her duties in compliance with the agreement between the law enforcement agency and the District. Generally, the SRO shall perform investigations and interrogations of students at the direction of school officials. However, if the SRO is conducting an investigation into a matter that may be a violation of the penal law, he/she shall perform such investigation as any other law enforcement officer would.

SUBJECT: INTERROGATIONS**Police Interrogations**

Police authorities generally have no right to initiate interviews with students in the school building related to a potential crime unless parental/guardian permission is given to school administration or the police have a warrant. However, police officials and other law enforcement authorities who are assigned to work exclusively in school buildings ("SRO") may interview students on school property or at school functions if they possess a reasonable suspicion that an act has been committed which violates the Code of Conduct.

If an SRO is involved in an investigation, he/she shall perform his/her duties in compliance with the agreement between the law enforcement agency and the District. Generally, the SRO shall perform investigations and interrogations of students at the direction of school officials. However, if the SRO is conducting an investigation into a matter that may be a violation of the penal law, he/she shall perform such investigation as any other law enforcement officer not assigned to work in school buildings. If the police wish to speak to a student without a warrant, they should take the matter up directly with the student's parents or legal guardians.

If a student is to be questioned by police, as a result of a warrant or at the request of the District, it is the responsibility of the school administration to see that the interrogation takes place privately. The building principal or his designee must be present with the student at all times during an interrogation. The School District shall bear no responsibility for the actions of police officers.

Questioning of Students by School Officials

School officials have the right to question students regarding any violations of school rules and/or illegal activity. In general, administration may conduct investigations concerning reports of misconduct which may include, but are not limited to, questioning students, staff, parents/guardians, or other individuals as may be appropriate and, when necessary, determining disciplinary action in accordance with applicable due process rights.

Should the questioning of students by school officials focus on the actions of one particular student, the student will be questioned, if possible, in private by the appropriate school administrator. The student's parent/guardian may be contacted; the degree, if any, of parental/guardian involvement will vary depending upon the nature and the reason for questioning, and the necessity for further action which may occur as a result.

SUBJECT: INTERROGATIONS [continued]

The questioning of students by school officials does not preclude subsequent questioning/interrogations by police authorities as otherwise permitted by law. Similarly, the questioning of students by school officials does not negate the right/responsibility of school officials to contact appropriate law enforcement agencies, as may be necessary, with regard to such statements given by students to school officials.

School officials acting alone and on their own authority, without the involvement of or on behalf of law enforcement officials (at least until after the questioning of students by school authorities has been conducted) are not required to give the so-called "Miranda warnings" prior to the questioning of students.

If deemed appropriate and/or necessary, the Superintendent/designee may also review the circumstances with School District legal counsel so as to address concerns and the course of action, if any, which may pertain to and/or result from the questioning of students by school officials.

8 New York Code of Rules and Regulations (NYCRR)
Section 100.2(1)**

SUBJECT: USE OF SURVEILLANCE CAMERAS IN THE SCHOOL DISTRICT AND ON SCHOOL BUSES

As part of its role of providing a safe and secure learning environment, the Board of Education employs numerous measures designed to ensure the safety of students and staff, including video cameras on school ground, in school buildings, school facilities, and buses to monitor activity. While the Board of Education recognizes the importance of privacy, it has authorized the use of surveillance cameras on District property. These surveillance cameras will help to assist the Board in maintain the overall safety and welfare of the District's students, staff, property, and visitors, as well as to deter theft, violence, and other criminal activities.

Further, surveillance cameras will only be placed in public or common areas, such as stairwells, hallways, cafeterias, gymnasiums, parking lots, or playgrounds, and not in private areas such as locker rooms, bathrooms, or other areas in which individuals have a reasonable expectation of privacy. Audio recordings will not be utilized by the District officials, however, this prohibition may not preclude the use of audio recordings by law enforcement officials in accordance with their official duties or as otherwise authorized by law.

SIGNAGE/NOTIFICATION

The District will place signage at major entrances to notify students, staff, as well as any visitors of the District's use of surveillance cameras. Students and staff will also receive additional notification, as deemed appropriate by the Superintendent or his/her designee, regarding the use of its surveillance cameras through means such as publication in the employee handbook and/or student handbook, and/or on the District's website.

LOCATION

The building principal or his/her designee in conjunction with the Superintendent of Schools or his/her designee will determine when and where video surveillance cameras are to be used.

INITIAL REVIEW

The building principal or his/her designee and the Superintendent or his/her designee are the only individuals permitted to conduct an initial review of the surveillance camera recording(s), when necessary.

RETENTION/USE

Surveillance recordings will be erased or reused within 30 days unless the building principal or his/her designee or the Superintendent or his/her designee determines that those recordings should be preserved for use in disciplinary proceedings or other investigations.

SUBJECT: USE OF SURVEILLANCE CAMERAS IN THE SCHOOL DISTRICT AND ON SCHOOL BUSES [continued]

Surveillance recording determined to be useful for student disciplinary proceedings or other investigations will be retained and maintained as an educational record in accordance with relevant law and regulation, including the Family Educational Rights and Privacy Act ("FERPA"). As a result images of students captured on the preserved recording, who are not party to the disciplinary proceeding, will be blurred to the extent practicable in order to protect their identity.

Students and/or their parent(s)/guardian(s) may be permitted to view certain portions of surveillance camera recordings that are maintained by the District to the extent they are used as evidence in their own disciplinary hearing. Requests for viewing a camera surveillance recording must be made in writing to the Superintendent or his/her designee and, if the request is granted, such viewing must occur in the presence of the District's designated custodian of the recording. The District will maintain the recording solely in incidents regarding disciplinary or legal situations. Access in those limited situations will be governed under applicable law, regulations and the District's policies and procedures.

In order to maintain the integrity and confidentiality of the recordings, surveillance recordings will generally not be available for viewing by the public, District employees, or the media. However, certain staff members be permitted to view segments of the recording for the purpose of documenting disciplinary issues, criminal activity, or other educational reasons as determined by the building principal or his/her designee or the Superintendent or his/her designee.

If required by court order, subpoena, or law, the building principal or his/her designee or the Superintendent or his/her designee will make the surveillance recordings available to law enforcement officials or the Office of Children and Family Services.

OWNERSHIP AND STORAGE

Any camera recording used for surveillance purposes in school buildings, school buses, school facilities, and/or school property, shall be the sole property of the District; or its authorized designee. All surveillance recordings will be stored in their original form and secured to avoid tampering and ensure confidentiality in accordance with applicable laws and regulations.

The Superintendent or his/her designee may suspend a student for a period in excess of five school days. Such student and the person in parental relationship to such student, upon reasonable notice, shall have had an opportunity for a hearing. The student has the right of representation by counsel, with the right to question witnesses.

SUBJECT: SUSPENSION [continued]**Suspension of Students with Disabilities**

In the case of a student who has been identified as having a disability, determination has to be made regarding whether or not the suspension is related to the disability. If so, a referral must be made to the Committee on Special Education for a consideration for a change of placement.

In-School Suspension (If and When Implemented by the District)

In-school suspension will be used as a lesser discipline to avoid an out-of-school suspension. The student shall be considered present for attendance purposes. The program is used to keep each student current with his/her classwork while attempting to reinforce acceptable behavior, attitudes and personal interaction.

SUBJECT: BOCES ACTIVITIES

BOCES activities, like field trips and other activities outside the building itself, are considered an extension of the school program. Therefore, an infraction handled at BOCES is to be considered as an act within the Wallkill Central School System itself.

A student who is ineligible to attend a Wallkill Central District School on a given day is ineligible to attend BOCES classes.

Students**SUBJECT: WEAPONS IN SCHOOL**

With the exception of law enforcement officers, as permitted by law, and individuals who have the express written permission of the Superintendent or his/her designee, no person may have in his/her possession any weapon on school grounds, in any District building, on a school bus or District vehicle, or at any school sponsored activity or setting under the control and supervision of the District. This prohibition includes, but is not limited to: any of the objects or instruments referred to in Section 265.01 of the New York State Penal Law; any air-gun, spring-gun, or other instrument or weapon in which the propelling force is a spring, air, piston or CO2 cartridge; and any object that could be considered a reasonable facsimile of a weapon.

Penal Law 265.01 – a

Students**SUBJECT: GUN-FREE SCHOOLS POLICY**

No student shall bring onto school premises or have in his/her possession on school premises or bring to any setting that is under the control and supervision of the School District, any "firearm" as defined in federal law. For purposes of this policy, the term "firearm" includes any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; the frame or receiver of such weapon; any firearm muffler or silencer; or any "destructive device" (i.e., any explosive, incendiary, or poison gas, including bombs, grenades, rockets or other similar devices). The term does not include a rifle which the owner intends to use solely for sporting, recreational or cultural purposes; antique firearms; or Class C common fireworks.

In accordance with the Gun-Free Schools Act of 1994 and Section 3214(3)(d) of the Education Law, any student who brings a firearm, as defined in federal law, onto school property, or has such a firearm in his/her possession on school premises, or brings such a firearm to any setting that is under the control or supervision of the School District, will be referred by the Superintendent to the appropriate agency or authority for a juvenile delinquency proceeding in accordance with Article 3 of the Family Court Act when the student is under the age of sixteen and will be referred by the Superintendent to the appropriate law enforcement officials when the student is sixteen years of age or older.

In addition, any student attending a District school who has been found guilty of bringing a firearm to school, after a hearing has been provided pursuant to Section 3214 of the Education Law, shall be suspended for a period of not less than one (1) calendar year and any student attending a non-district school who participates in a program operated by the School District using funds from the Elementary and Secondary Education Act of 1965 who is determined to have brought a firearm to a District school or other premises used by the School District to provide such programs shall be suspended for a period of not less than one (1) calendar year from participation in such program. The procedures of Education Law Section 3214(3) shall apply to such a suspension of a student attending a non-district school. Further, after the imposition of the one (1) year penalty has been determined, the Superintendent of Schools has the authority to modify this suspension requirement for each student on a case-by-case basis. In reviewing the student's one (1) year suspension penalty, the Superintendent may modify the penalty based on factors as set forth in Section 100.2 of the Regulations of the Commissioner of Education and in Commissioner's Decisional Law. The determination of the Superintendent shall be subject to review by the Board of Education in accordance with Education Law Section 3214(3)(c) and by the Commissioner of Education in accordance with Education Law Section 310.

A student with a disability who is determined to have brought a firearm to school may be placed in an interim alternative educational setting, in accordance with state law, for not more than 45 school days. If the parent or legal guardian requests an impartial hearing, the student must remain in the interim alternative placement until the completion of all proceedings, unless the parent or legal guardian and District can agree on a different placement.

SUBJECT: GUN-FREE SCHOOLS POLICY [continued]

A student with a disability may be given a long term suspension pursuant to the GFSA only if a group of persons knowledgeable about the student, as defined in federal regulations implementing the IDEA, determines that the bringing of a firearm to school was not a manifestation of the student's disability, subject to applicable procedural safeguards.

If it is determined that the student's bringing of a firearm to school was a manifestation of the student's disability, the Superintendent must exercise his/her authority under the Gun-Free Schools Act to modify the long term suspension requirement, and determine that the student may not be given a long term suspension for the behavior. The Committee on Special Education may review the student's current educational placement and initiate change in placement proceedings, if appropriate, subject to applicable procedural safeguards.

The District may offer home instruction as an interim alternative educational setting during the pendency of review proceedings only if the student's placement in a less restrictive alternative educational setting is substantially likely to result in injury either to the student or to others.

The District may also seek a court order to immediately remove a student with a disability from school if the District believes that maintaining the student in the current educational placement is substantially likely to result in injury to the student or to others.

Students with disabilities continue to be entitled to all rights enumerated in the Individuals With Disabilities Education Act and Article 89 of the Education Law; and this policy shall not be deemed to authorize suspension of students with disabilities in violation of these laws.

This policy does not prohibit the District from utilizing other disciplinary measures including, but not limited to, out-of-school suspensions for a period of five (5) days or less, or in-school suspensions, in responding to other types of student misconduct which infringe upon the established rules of the school. Additionally, this policy does not diminish the authority of the Board of Education to offer courses in instruction in the safe use of firearms pursuant to Education Law Section 809-a.

The District will continue to provide the suspended student who is of compulsory attendance age with appropriate alternative instruction during the period of the student's suspension.

SUBJECT: EXTRACURRICULAR ACTIVITIES

The Board of Education recognizes the educational values inherent in student participation in the extracurricular life of the school, and supports the concept of the formation of student organizations for such purposes. Such student organizations will be for the purposes of building sound social relationships, student morale and spirit of positive support for the school, honoring outstanding achievement, developing interest in academic area, gaining an understanding of the elements and responsibilities of good citizenship, and providing wholesome recreational activities.

Curriculum-Related Groups

Principals may approve the formation of curriculum-related extracurricular clubs under the following conditions:

- a) An advisor, or his/her substitute, must attend all meetings and be approved by the principal and Board of Education.
- b) Officers must be elected by the participating members of the prospective club.
- c) A constitution, stating the purpose of the club and its rules of organization must be approved by the principal.
- d) Before any funds are raised within the school population, the principal must approve the purpose and the method of raising the funds. The purpose must be for the entire organization or the school.
- e) The principal will submit to the Superintendent, who in turn will inform the Board of Education, a list of the clubs or organizations and their advisors and any fund-raising activities that he/she has approved at the beginning of each school year with addendums as necessary throughout the school year.
- f) The organization is non-discriminatory and has the purpose of education, recreation or civic service.

When funds are raised by a class organization, a minimum net profit of 25% shall be allocated to the general fund of that class.

Any clubs that will require a faculty advisor stipend, in accordance with the relevant provisions of the collective bargaining agreement, must receive approval from the Board of Education.

SUBJECT: EXTRACURRICULAR ACTIVITIES [continued]**Non-Curriculum Related Student Groups**

The Board maintains a limited open forum where secondary students may meet for voluntary student-initiated activities unrelated directly to the instructional program, regardless of religious, political or philosophical content.

To provide "a fair opportunity" to students who wish to conduct a meeting, the Board, in accordance with the provisions of the Equal Access Act, will ensure that:

- a) The meeting is voluntary and student-initiated;
- b) There is no sponsorship of the meeting by the school, the government, or its agents or employees;
- c) Employees or agents of the school or government are present at religious meetings only in a nonparticipatory capacity;
- d) The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school; and
- e) Nonschool persons may not direct, conduct, control, or regularly attend activities of student groups.

The Board prohibits student organizations whose activities may be unlawful or may cause substantial disruption or interference with the orderly conduct of the educational process.

Student-initiated extracurricular clubs in the secondary schools that are not related to the school's curriculum but wish to meet on school property must obtain approval of the building principal prior to formation and meeting on school property.

Students**SUBJECT: HOME SCHOOLING - PARTICIPATION IN EXTRACURRICULAR ACTIVITIES**

Commissioner's Regulation Section 135.4(c)(7)(ii)(b)(2) directs that a participant in interscholastic sports must be enrolled in the public school. Access may only be granted to an activity that is not part of the District's instructional program. At the Board of Education option, children educated other than at the public school may participate in intramural and/or extracurricular activities which are not part of the instructional program.

However, it is Board of Education policy to allow participation in non-instructional, extracurricular activities for students in a home instructional setting.

Students**SUBJECT: MANAGEMENT OF FUNDS**

An extraclassroom activity fund will be established for activities conducted by students whose financial support is raised other than by taxation or through charges of the Board.

All extraclassroom activities will be approved by the Board. The building principal will maintain an up to date register of all extraclassroom activities that are approved or discontinued. Each extraclassroom activity will have a faculty advisor appointed by the building principal. A Central Treasurer and a Faculty Auditor will oversee all financial aspects of extraclassroom activities. The annual District audit will include all extraclassroom activity funds.

All extraclassroom activity funds will be handled in accordance with the financial procedures set forth in Safeguarding, Accounting and Auditing of Extraclassroom Activity Funds, Revised 2015, published by the New York State Education Department. All commitments and contracts will be the sole responsibility of the extraclassroom activity club giving rise to the transaction, regardless of a change in advisors, membership or officers.

Proper books will be kept and all moneys deposited in appropriate accounts as set up by the Board. These accounts will be subject to audit. All transactions involving extraclassroom funds will be on a cash basis and no accounts will remain unpaid at the end of the school year. Funds will be invested in accordance with the Board's Fiscal Management Policy on the "Investment of District Funds."

The extraclassroom activities of the District are not included in the exemption granted to the District from New York State sales tax. Without exception, clubs and activities are prohibited from using the school's tax exemption.

Funds of discontinued extraclassroom activities, those inactive for one year and of graduating classes will revert to the account of the general student organization or student council and will be expended in accordance with the organization's constitution.

The building principals, with approval of the Superintendent, will set up procedures for receipt and payment from the extraclassroom activity fund in their respective schools.

SUBJECT: INTERSCHOLASTIC ATHLETICS

The Wallkill School District will provide an equitable athletic program for boys and girls on the secondary level, both in the number of sports and the number of sports per season, and the support of each program, when possible.

The Athletic Director shall direct the District interscholastic program under the direct supervision of the High School Principal or an Assistant Superintendent if deemed appropriate.

SUBJECT: ATHLETIC PLACEMENT PROCESS

The Athletic Placement Process was created to provide a mechanism for qualified seventh and eighth grade students to participate safely at an appropriate level of competition based upon physical and emotional readiness and athletic ability rather than age and grade alone. This allows for the most exceptional athletes in seventh and eighth grade who have satisfied all requirements to be considered for high school level teams. If qualified and selected after tryouts, the student may participate on the appropriate higher-level team.

The decision of whether a student is qualified and if the student makes the team based upon his or her tryout performance shall be made only after careful deliberation and shall not be used to promote athletes for the sole purpose of filling positions on varsity and junior varsity teams.

The Board approved the use of the Athletic Placement Process according to New York State Public High School Athletic Association regulations and the conditions outlined below.

A student becomes a qualified student under the Athletic Placement Process if he or she meets the following criteria:

1. Parent/Guardian Permission and Meeting
2. Administrative Approval
3. Medical Clearance
4. Sport Skill Evaluation
5. Physical Fitness Testing

If a student does not meet one of the criteria above, the student is not qualified pursuant to the Athletic Placement Process to try out for a team at the high school.

A seventh or eighth grade student may try out for a Junior Varsity or Varsity team if he or she is qualified pursuant to the Athletic Placement Process and meets the conditions for individual and team sports outlined below:

SUBJECT: ATHLETIC PLACEMENT PROCESS [continued]

a) Individual Sports

1. When no Junior Varsity team exists, the qualified students under the Athletic Placement Process may try out for the Varsity level.
2. When a Junior Varsity team exists, the qualified students under the Athletic Placement Process may try out for the Junior Varsity level. If a qualified student under the Athletic Placement Procedure meets the requirements set forth in "(b)(2)(a-c)" below, then he or she may try out for the Varsity level.

b) Team Sports

1. Seventh and eighth grade students qualified under the Athletic Placement Process may only try out for the Junior Varsity level. An exception may be made for select eighth grade students who meet the criteria outlined in "2" below.
2. Eighth grade students who meet the requirements set forth in (a)-(c) below and qualify under the Athletic Placement Process will be permitted to try out for a Varsity level team:
 - (a) Student athlete participated at the Junior Varsity level as a seventh-grade student;
 - (b) Student athlete statistically performed at a high level on the Junior Varsity team;
 - (c) Student athlete receives a positive recommendation from the Junior Varsity coach

The Board directs that the Superintendent implement appropriate procedures for the Athletic Placement Process and that the Athletic Department maintain a file of those students deemed eligible as a result of such procedures.

Students**SUBJECT: INTRAMURAL ATHLETICS**

Boys and girls on the secondary level must be given the opportunity to participate in an intramural program presented after school in each of the three seasons. In the Fall and the Spring, intramurals should meet on a minimum of sixteen (16) occasions; during the Winter season, intramurals should meet on a minimum of twenty-four (24) occasions.

Students**SUBJECT: FUND RAISING BY STUDENTS**

Fund raising projects in which pupils sell merchandise, provide services, or in other ways solicit money for school activities may be sponsored by school organizations with the express approval of the building principal. Any such plan shall have a clearly defined purpose and, in general, shall contribute to the educational experience of pupils and shall not conflict with instructional programs. Fund raising activities away from school property shall be held to a minimum.

Door to door sales projects undertaken by any organization using the Wallkill Central School District name shall require previous approval of the Building Administrator. Profits shall be used to enhance school programs by providing money for expenditures not normally funded by the District.

All participation shall be voluntary.

Students**SUBJECT: GIFTS TO TEACHERS**

The giving of gifts to teachers by pupils is discouraged. Parents are urged, in its place, to write letters of appreciation about the teacher to the Board of Education or to the teacher expressing this appreciation.

In no case may school personnel accept gifts costing in excess of twenty-five dollars (\$25.00).

Students**SUBJECT: CONTESTS FOR STUDENTS**

Distribution of educational material, essay contests, and poster contests must be approved in advance by the building principals if the sponsoring organization wishes to involve pupils in the project on school time. Samples of informational material should accompany the request. Upon the judgment of the principal, the request may be forwarded to the Superintendent and the Board of Education for approval.

Students**SUBJECT: STUDENT AWARDS AND SCHOLARSHIPS**

The School District shall obtain and grant to its students awards and scholarships. The Board of Education, having been entrusted by law, will hold in trust gifts, grants, bequests and legacies given or bequeathed to the Wallkill Central School District and shall apply the same and/or their interest and proceeds according to the instruction of the donors and according to the procedures established by the administration.

Students**SUBJECT: SUPERVISION OF STUDENTS**

Pupils working on any activity must be supervised by the teacher or staff member in charge of the activity. This applies to all activities and the permission to hold practices or meetings must not be granted unless a teacher or staff member is in charge.

- a) Coaches and physical education supervisors in the School District will be fully responsible for the supervision of all pupils in either their class or their after school activities. The coaches will maintain supervision over the dressing rooms during the dressing periods.
- b) Teachers and/or assigned school personnel in the elementary grades will be responsible for the playground supervision of all the children under their jurisdiction during the recess periods and before the regular afternoon sessions. The principal will distribute the responsibility so that the playground situation will be properly controlled.
- c) Pupils are not to be sent on any type of errand off of school grounds during the school day.

Students**SUBJECT: STUDENT ATHLETIC INJURIES**

No student should be allowed to practice or play in an athletic contest if he/she is suffering from an injury. The diagnosis of and prescription of treatment for injuries is strictly a medical matter and should under no circumstances be considered a province of the coach. A coach's responsibility is to see that injured players are given prompt and competent medical attention, and that all details of a doctor's instructions concerning the student's functioning as a team member are carried out. No student will be allowed to practice or compete if there is a question whether he/she is in adequate physical condition.

Students**SUBJECT: PUBLICATIONS**

The School District shall sponsor and provide advisors for publications in the high school. The District can exercise editorial control over the style and content of student expression in school-sponsored publications that students, parents and members of the public might reasonably perceive to bear the imprimatur of the school. However, the District's actions will be reasonably related to legitimate pedagogical concerns and will not amount to viewpoint discrimination.

All official school publications should be done in good taste reflecting positive and praiseworthy aspects of the school. They should contain nothing that will be harmful, cause embarrassment or intrude upon the rights of others, the school, the community or be potentially disruptive to the educational process.

The Yearbook shall be part of the public relations efforts of the high school, and the high school principal shall have the final responsibility regarding the staffing and contents of the yearbook.

Students**SUBJECT: CENSORSHIP OF NON-SCHOOL PUBLICATIONS**

It is the purpose of this policy to promote the best interest and ensure the well being of every student in the School District by preventing substantial disruption and/or material interference with school activities and with the general operation of the schools by forbidding distribution of literature which contains libelous, obscene, profane statements, racial or sexual epithets, as well as statements which advocate breaking of state and federal laws as well as school regulations.

All non-school publications distributed on school property must be submitted for prior administrative review and approval. The Board of Education does not assume any responsibility for any statements published therein. The Board directs the Superintendent, or his/her designee, in keeping with the requirements of the law, to prepare administrative regulations which establish guidelines for students seeking approval for the distribution of non-school publications.

Students**SUBJECT: SCHOOL INSTRUMENTS**

Instrumental music equipment will be purchased with funds appropriated directly to the Music Department. Priorities will be established by the Music Coordinator and Building Administrators, and all requests for equipment will be made directly to the District Music Coordinator. Instruments would be District owned and not bound to any single building. Priority for use would be established on a case-by-case basis. Final judgment would rest with the building principals.

Both the student using the instrument and the parent/legal guardian of the student using the instrument would be asked to sign a contract outlining responsibilities and obligations involved in the use of these instruments.

Students**SUBJECT: IMMUNIZATION OF STUDENTS**

The Board of Education recognizes its responsibility to ensure that the children under its charge are immunized according to the minimum immunization requirements for school attendance as set by the Public Health Law. The Board, therefore, requires that a physician's certificate or some other acceptable evidence of immunization be submitted for all children entering and presently attending school.

Health Office personnel in each building must examine immunization records of all new entrants. The Board directs the administration not to permit any child lacking evidence of immunization to remain in school for more than fourteen (14) days, or thirty (30) days for an out-of-state transferee who can show good faith effort to obtain the necessary evidence or certification

Whenever a child has been refused admission to or continued attendance at a District school for lack of acceptable evidence of immunization, immunity, or exemption, the principal of the school will:

- a) Notify the person in parental relation to the child of his or her responsibility to have the child immunized and of the public resources available for doing so; and
- b) Provide, with the cooperation of the local health authority, for a time and place at which the required immunization or immunizations may be administered.

The only exception to this policy when the requirement may be waived by the Board is when a physician certifies that administering a vaccine to a particular child may be detrimental to the child's health. Such medical exemptions must be reissued annually.

A student denied entrance or attendance due to failure of meeting health immunization standards may appeal to the Commissioner of Education.

Education Law Section 914**

SUBJECT: STUDENT PHYSICALSHealth Examination

Each student enrolled in a District school must have a satisfactory health examination conducted by a duly licensed physician, physician assistant, or nurse practitioner within 12 months prior to the commencement of the school year of the student's entrance into:

- a) A District school at any grade level;
- b) Pre-kindergarten or kindergarten; and
- c) 1st, 3rd, 5th, 7th, 9th, and 11th grades.

The District may also require an examination and health history of a student when it is determined by the District that it would promote the educational interests of the student.

The District will also provide health examinations before participation in strenuous physical activity and periodically throughout the season as necessary, as well as for the issuance of employment certificates, vacation work permits, newspaper carrier certificates, and street trades badges.

Health Certificate

Each student must submit a health certificate on a form prescribed by the Commissioner attesting to the health examination within 30 calendar days after his or her entrance into:

- a) A District school at any grade level;
- b) Pre-Kindergarten or kindergarten; and
- c) 1st, 3rd, 5th, 7th, 9th, and 11th grades.

The building principal or designee will send a notice to the parent of, or person in parental relation to, any student who does not present a health certificate, that if the required health certificate is not furnished within 30 calendar days from the date of the notice, an examination by health appraisal will be made of the student by the Director of School Health Services.

The health certificate will be filed in the student's cumulative record.

SUBJECT: STUDENT PHYSICALS [continued]

Dental Health Certificate

The District will request a dental health certificate from each student within 30 calendar days after his or her entrance into:

- a) A District school at any grade level; and
- b) 1st, 3rd, 5th, 7th, and 9th grades.

The District may also request an assessment and dental health history of a student when it is determined by the District that it would promote the educational interests of the student.

Students in Temporary Housing

For students in temporary housing (i.e., homeless children and youth), the enrolling school must immediately refer the parent or guardian of the student to the District's McKinney-Vento liaison, who will assist them in obtaining the necessary medical records.

**Education Law Section 912
Commissioner's Regulations Section 136**

Students**SUBJECT: PRESCRIPTIVE MEDICATION**

Under certain unusual circumstances, when it is necessary for a student to take medication during school hours, the school nurse may administer the medication if the parent or guardian submits a written request accompanied by a written request from a physician indicating the frequency and dosage of prescribed medication. The parent or guardian must assume responsibility to have the medication delivered directly to the health office in a properly labeled original container.

Procedures for taking medications off school grounds or after school hours while participating in a school-sponsored activity will be in accordance with State Education Department Guidelines.

New York State Bureau of Health Service**The Use Of Inhalers In Schools**

The School District permits students who have been diagnosed by a physician as having a severe asthmatic condition to carry and use a prescribed inhaler during the school day. Prior to permitting such use, the school health office must receive the written permission of the prescribing physician, and parental consent, based on such physician's determination that the student is subject to sudden asthmatic attacks severe enough to debilitate that student.

A record of such physician/parental permission shall be maintained in the school office.

Health office personnel will maintain regular parental contact in order to monitor the effectiveness of such self-medication procedures and to clarify parental responsibility as to the daily monitoring of their child to ensure that the medication is being utilized in accordance with the physician's instructions. Additionally, the student will be required to report to the health office on a periodic basis as determined by health office personnel so as to maintain an ongoing evaluation of the student's management of such self-medication techniques, and to work cooperatively with the parents and the student regarding such self-care management.

Students who self-administer medication without proper authorization, under any circumstances, will be referred for counseling by school nursing personnel. Additionally, school administration and parents will be notified of such unauthorized use of medication by the student, and school administration may also be involved in determining the proper resolution of such student behavior.

The District will take reasonable steps to see that physical risks to students participating in the interscholastic athletic program shall be kept at a minimum by:

- c) Replacing equipment as necessary.

BLOOD TESTS TO THE HUMAN IMMUNODEFICIENCY VIRUS (HIV)**

The Board of Education contends that a student shall not be denied the right to attend school or continue his/her education solely because he/she has been diagnosed or identified as having acquired immune deficiency syndrome and/or positive blood tests for the antibodies to the Human Immunodeficiency Virus (HIV). The Board further contends that under current law, the disclosure of confidential AIDS and/or HIV-related information shall be strictly limited.

Administrative regulations and procedures shall be developed and implemented by the administration based on recommendations from the New York State Education Department, and from consultation with appropriate professional and medical staff in the District.

The Superintendent or his/her designee shall also establish protocols for routine sanitary procedures for dealing with the cleaning and handling of body fluids in school, with special emphasis placed on staff awareness.

Students**SUBJECT: CONCUSSION MANAGEMENT**

The Board of Education of the Wallkill Central School District recognizes that concussions and head injuries are commonly reported injuries in children and adolescents who participate in sports and recreational activity and can have serious consequences if not managed carefully. The District is committed to implement strategies to reduce the risk of head injuries in the school setting and during District sponsored events. Therefore, the District adopts the following policy to support the proper evaluation and management of head injuries.

Concussion is a mild traumatic brain injury. Concussion occurs when normal brain functioning is disrupted by a blow or jolt to the head. Recovery from concussion will vary. Avoiding re-injury and over-exertion until fully recovered are the cornerstones of proper concussion management.

While district staff will exercise reasonable care to protect students, head injuries may still occur. Physical education teachers, coaches, nurses and other appropriate staff will receive training to recognize the signs, symptoms and behaviors consistent with a concussion. Any student exhibiting those signs, symptoms or behaviors while participating in a school sponsored class, extracurricular activity, or interscholastic athletic activity shall be removed from the game or activity and be evaluated as soon as possible by an appropriate health care professional. The athletic trainer, coach, school nurse, or other District employee in charge of or supervising the activity will notify the student's parents or guardians and recommend appropriate monitoring to them.

If a student sustains a concussion at a time other than when engaged in a school-sponsored activity, the district expects the parent/legal guardian to report the condition to the school nurse so that the District can support the appropriate management of the condition.

The student shall not return to school or activity until he/she is symptom free for at least 24 hours, has been evaluated by and provides written authorization from an appropriate health care professional. Any student who presents a medical clearance from his/her primary care physician will be started on the appropriate level of the District's return-to-play protocol. Prior to the student's return to full participation, the student will need to have the return-to-play form signed by the District-Wide Nurse Practitioner.

The Superintendent, in consultation with appropriate district staff, including the chief school medical officer, will develop regulations and protocols to guide the return to activity.

This policy shall be reviewed every three years or any time that the State Education Department updates their Concussion Management Guidance documents.

Students**SUBJECT: OPIOID OVERDOSE PREVENTION**

The Board of Education recognizes that many factors, including the use and misuse of prescription painkillers, can lead to the dependence on and addiction to opiates, and that such dependence and addiction can lead to overdose and death among the general public, including district students and staff. The Board wishes to minimize these deaths by the use of opioid overdose prevention measures. The signs and symptoms of opioid overdose (e.g., shallow breathing, unconsciousness, unresponsive to stimulation, pinpoint pupils, blue skin on lips and under nails) shall be displayed in school buildings with instructions to contact emergency responders. The district will provide training to all staff and students where developmentally appropriate, on the signs and symptoms of an opioid overdose.

The Board directs the school physician/medical director to issue a non-patient specific order to school nurses to administer intranasal naloxone (also known as Narcan, among other names). The non-patient specific order shall include a written protocol containing the elements required by the regulations of the Commissioner of Education. The Board permits school nurses to administer naloxone to any person at school or a school event displaying symptoms of an opioid overdose. The district shall purchase and provide the naloxone kits to be stored in the nurse's office. Naloxone shall be accessible during school hours and during on-site school-sponsored activities when school nurses are present.

Storage and Inventory

The school physician/medical director is responsible for having approved protocols in place for re-ordering Naloxone in the event it is administered and to ensure that an adequate supply is continuously available in the buildings for use. Similarly, the administration of Naloxone to any student will be documented in his/her cumulative health record and for staff members, in their personnel file.

The District will store its supply of Naloxone in a secure, but accessible, and temperate location consistent with its emergency response plan, in the school nurse's office. The school nurse will inventory the supply of Naloxone on a weekly basis and record this information on a log which will be developed and/or maintained by the school nurse or other designated personnel/administrator. This record of information will include the date, time, and signature of the designated personnel performing the inventory.

The School District subscribes to all of the provisions of Title 6 - Child Protective Services of the Social Services Law Sections 411-428. Our purpose is to provide protective services to abused and neglected/maltreated children as described by the law, and to make all school personnel within the District aware of our legal responsibilities under this law.

Regulations shall be developed, maintained and disseminated by administration regarding the:

- a) Mandatory reporting of suspected child abuse or neglect/maltreatment;
- b) Reporting procedures and obligations of persons required to report;
- c) Provisions for taking a child into protective custody;
- d) Mandatory reporting of deaths;
- e) Immunity from liability and penalties for failure to report;
- f) Obligations for provision of services and procedures necessary to safeguard the life of a child or health; and
- g) Provision of information in recognizing signs of unlawful methamphetamine laboratories for all current and new school officials (i.e., "mandated reporters") who, as part of their usual responsibilities, visit children's homes.

Additionally, an ongoing training program for all current and new school officials shall be established and implemented to enable such staff to carry out their reporting responsibilities.

Reporting Information

The District will post the child abuse hotline telephone number and directions for accessing the Office of Children and Family Services (OCFS) website in English and Spanish on its website and in clearly and highly visible areas of school buildings. The District will also make this information available from its administrative offices; provide it to parents and persons in parental relation at least once per school year by electronic communication, sending the information home with students, or otherwise; and provide it to each teacher and administrator. The District may post and provide this information in other, common languages used by the school community.

School Officials Required to Report

The definition of a "school official" who is mandated to report cases of child abuse or neglect/maltreatment to the State Central Register (SCR) pursuant to Social Services Law Section 413(1) includes, but is not limited to, school teachers, school guidance counselors, school psychologists, school social workers, school nurses, school administrators, other school personnel required to hold a teaching or administrative license or certificate, or full or part-time compensated school employees required to hold a temporary coaching license or professional coaching certificate.

SUBJECT: CHILD ABUSE AND NEGLECT/MALTREATMENT [continued]

All mandated reporters shall make the report themselves and then immediately notify the Building Principal or his/her designee. The Building Principal or his/her designee shall be responsible for all subsequent administration necessitated by the report.

Any report shall include the name, title and contact information for every staff member who is believed to have direct knowledge of all the allegations in the report.

Prohibition of Retaliatory Personnel Action

Social Services Law Section 413(1) also prohibits a school from taking any retaliatory personnel action against an employee because such employee believes that he/she has reasonable cause to suspect that a child is an abused or neglected/maltreated child and that employee makes a report to SCR pursuant to Social Services Law. Further, no school or school official shall impose any conditions, including prior approval or prior notification, upon any staff member specifically designated a mandated reporter.

Pursuant to Labor Law Section 740(1) (e), "retaliatory personnel action" means the discharge, suspension or demotion of an employee, or other adverse employment action taken against an employee in the terms and conditions of employment.

SUBJECT: CHILD ABUSE IN AN EDUCATIONAL SETTING

The Board of Education recognizes that children have the right to an educational setting that does not threaten their physical and emotional health and development. Child abuse by school personnel and school volunteers violates this right and therefore is strictly prohibited.

Allegations of child abuse by school personnel and school volunteers shall be reported in accordance with the requirements of Article 23-B of the Education Law.

Required Reports

Any person holding any of the following positions shall be required to promptly report written and oral allegations of child abuse in an educational setting:

- a) School Board Member;
- b) Teacher;
- c) School nurse;
- d) School guidance counselor;
- e) School psychologist;
- f) School social worker;
- g) School Administrator; and
- h) Other school personnel required to hold a teaching or administrative license or certificate.

For purposes of this policy, persons holding these positions shall be referred to as "required reporters."

Other District employees may, of course, report allegations of child abuse allegedly committed by District staff and volunteers are encouraged to do so.

Definitions

For purposes of this policy, "educational setting" means the buildings and grounds of the District, the vehicles provided by the District to transport students to and from school buildings, field trips, co-curricular and extracurricular activities both on and off School District grounds, all co-curricular and extra-curricular activity sites, and any other location where District contact between an employee or volunteer and a child has allegedly occurred.

SUBJECT: CHILD ABUSE IN AN EDUCATIONAL SETTING [continued]

"Child" means a person under the age of 21 enrolled in a New York State school district other than New York City.

"Child abuse" generally refers to any intentional or reckless act by an employee or a volunteer against a child which injures or kills a child or creates a risk of injury or death, or constitutes child sexual abuse, or involves the actual or attempted dissemination of indecent materials to minors. If a required reporter or any other District employee has a question as to whether alleged conduct constitutes "child abuse," he shall promptly raise the question to the Principal of the building where the abuse is alleged to have occurred, if necessary, to determine whether the allegations constitute child abuse.

Reporting Requirements

Required reporters and any other District employee deciding to report an allegation of child abuse by District staff or volunteers shall complete a written report as soon as practical after receiving the allegation.

The required reporter shall personally file the report with the Principal of the school in which the child abuse allegedly occurred.

If the alleged abuse did not occur in a school building, the report shall be filed with the Principal of the school attended by the alleged victim.

If the alleged abuser is an employee or volunteer of another district, the report shall be sent to the Superintendent for the district where the alleged child victim attends school and to the Superintendent of the district where the abuse allegedly occurred (if different). The report shall be prepared on a standard form supplied by the district. Each Building Principal shall keep a supply of the forms available in his/her office.

Upon receiving a written report, the Principal shall determine whether there is reasonable suspicion to believe that an act of child abuse has occurred.

If the person making the allegation of abuse is someone other than the child or the child's parent/guardian, the Principal shall contact the person making the report to learn the source and basis for the allegation.

If the Principal determines there is reasonable suspicion, he/she shall promptly notify the parent of the alleged child victim (assuming that the parent is not the person who originally reported the alleged abuse). The notice shall be given by telephone (if possible) and in writing, sent via overnight mail to the parent.

SUBJECT: CHILD ABUSE IN AN EDUCATIONAL SETTING [continued]

The notice shall inform the parent of his/her rights and responsibilities related to the allegations of abuse.

The Principal shall also promptly provide a copy of the written report to the Superintendent and send a copy to the appropriate law enforcement authorities. In no event shall the Principal delay in sending the report to law enforcement because of an inability to contact the Superintendent.

The Superintendent shall send to the Commissioner of Education any written report forwarded to the local law enforcement authorities where the employee or volunteer alleged to have committed an act of child abuse holds a certificate of license issued by the department.

Confidentiality

All reports and other written materials submitted pursuant to this policy and Article 23-B of the Education Law shall be confidential and may not be redisclosed except to law enforcement authorities involved in investigating the alleged abuse or except as expressly authorized by law or pursuant to a court-ordered subpoena. The Principal and Superintendent shall exercise reasonable care to prevent unauthorized disclosure.

Record Retention

Any report of child abuse by an employee or volunteer that does not result in a criminal conviction shall be expunged from the records kept by the District with respect to the subject of the report after five (5) years from the date the report was made.

Training

The Superintendent shall be responsible for establishing and implementing on an ongoing basis a training program for all required reports on the procedures required under article 23-B. The program shall include a minimum of all the elements specified in Commissioner's regulations.

Students**SUBJECT: NOTIFICATION OF SEX OFFENDERS**

The Board of Education acknowledges the efforts of local law enforcement to notify the district when a person with a history of sex offenses against a child is being paroled or released into the community, in accordance with the provisions of the Sex Offender Registration Act, commonly known as Megan's Law. The purpose of this notification is consistent with Megan's Law and is intended to protect members of the community, particularly children, by notifying them of the presence of individuals in their midst who may present a danger. Consistent with its duty to protect students under its care, the district shall cooperate with local law enforcement agencies in this endeavor.

The Superintendent of Schools or designee shall ensure the dissemination of such information provided by local law enforcement officials pursuant to Megan's Law to all faculty and staff who may need to know such information.

Community residents desiring such information shall be referred to the police department and the state registry website.

SUBJECT: NON-DISCRIMINATION (STUDENTS) [continued]

2. Has the purpose or effect of creating a hostile or offensive academic environment; or

SUBJECT: DIGNITY FOR ALL STUDENTS ACT

The Board of Education recognizes that learning environments that are safe and supportive can increase student attendance and improve academic achievement. A student's ability to learn and achieve high academic standards, and a school's ability to educate students, is compromised by incidents of discrimination or harassment, including but not limited to bullying, cyberbullying, taunting and intimidation. Therefore, in accordance with the Dignity for All Students Act, Education Law, Article 2, the District will strive to create an environment free of bullying, discrimination and/or harassment and will foster civility in the schools to prevent and prohibit conduct which is inconsistent with the District's educational mission.

The District condemns and prohibits all forms of bullying, discrimination and/or harassment of students based on actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, or sex by school employees or students on school property and at school-sponsored activities and events that take place at locations off school property. In addition, any act of bullying, discrimination and/or harassment, outside of school sponsored events, which foreseeably creates a risk of substantial disruption within the school environment, where it is foreseeable that conduct, threats or intimidation or abuse might reach school property, may be subject to discipline.

Dignity Act Coordinator

At least one (1) employee at every school shall be designated as the Dignity Act Coordinator(s). The Dignity Act Coordinator(s) will be thoroughly trained to handle human relations in the areas of race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender (identity or expression) and sex. The Board of Education shall appoint the Dignity Act Coordinator(s) and share the name(s) and contact information with all school personnel, students, and parents/persons in parental relation, which shall include, but is not limited to, providing the name, designated school and contact information by:

- a) Listing such information in the Code of Conduct and updates posted on the Internet website, if available;
- b) Posting such information in highly visible areas of school buildings;
- c) Making such information available at the district and school-level administrative offices and;
- d) Either: including such information in the plain language summary of the Code of Conduct in the student handbook provided to all persons in parental relation to students before the beginning of each school year; or
- e) Providing such information to parents and persons of parental relation in at least one district or school mailing or other method of distribution including, but not limited to, sending such information home with each student and, if such information changes, in at least one subsequent district or school mailing or other such method of distribution as soon as practicable thereafter.

SUBJECT: DIGNITY FOR ALL STUDENTS ACT [continued]

If a Dignity Act Coordinator vacates his/her position, another school employee shall immediately be designated for an interim appointment as Coordinator, pending approval from the Board of Education, within thirty (30) days of the date the position was vacated. In the event a Coordinator is unable to perform the duties of the position for an extended period of time, another school employee shall immediately be designated for an interim appointment as Coordinator, pending return of the previous Coordinator to the position.

Training and Awareness

Training will be provided each school year for all District employees in conjunction with existing professional development training to raise staff awareness and sensitivity of bullying, discrimination and/or harassment directed at students that are committed by students or school employees on school property or at a school function. Training will include, but is not limited to, ways to promote a supportive school environment that is free from bullying, discrimination and/or harassment, emphasize positive relationships, and demonstrate prevention and intervention techniques to assist employees in recognizing and responding to bullying, discrimination and/or harassment, as well as ensuring the safety of the victims.

Instruction in grades Kindergarten through 12 shall include a component on civility, citizenship and character education. Such component shall instruct students on the principles of honesty, tolerance, personal responsibility, respect for others, observance of laws and rules, courtesy, dignity and other traits which will enhance the quality of their experiences in, and contributions to, the community. For the purposes of this policy, "tolerance," "respect for others" and "dignity" shall include awareness and sensitivity to bullying, discrimination and/or harassment and civility in the relations of people of different races, weights, national origins, ethnic groups, religions, religious practices, mental or physical abilities, sexual orientations, genders and sexes.

Rules against bullying, discrimination and/or harassment will be included in the Code of Conduct, publicized District-wide and disseminated to all staff and parents. An age-appropriate summary shall be distributed to all students at a school assembly at the beginning of each school year.

Reports and Investigations of Bullying, Discrimination and/or Harassment

The District will investigate all complaints of bullying, discrimination and/or harassment, either formal or informal, and take prompt corrective measures, as necessary. Complaints will be investigated in accordance with applicable policies and regulations. If, after an appropriate investigation, the District finds that this policy has been violated, corrective action will be taken in accordance with District policies and regulations, the Code of Conduct, and all appropriate federal or state laws.

The District will annually report material incidents of bullying, discrimination and/or harassment which occurred during the school year to the State Education Department. Such report shall be submitted in a manner prescribed by the Commissioner, on or before the basic educational data system (BEDS) reporting deadline or such other date as determined by the Commissioner.

SUBJECT: DIGNITY FOR ALL STUDENTS ACT [continued]**Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)**

Any person who has reasonable cause to suspect that a student has been subjected to bullying, discrimination and/or harassment by an employee or student, on school grounds or at a school function, who acts reasonably and in good faith and reports such information to school officials or law enforcement authorities, shall have immunity from any civil liability that may arise from making such report. The Board prohibits any retaliatory behavior directed at complainants, victims, witnesses and/or any other individuals who participated in the investigation of a complaint of bullying, discrimination and/or harassment.

SUBJECT: SEX DISCRIMINATION - TITLE IX of the Education Amendments of 1972**Overview**

This policy addresses complaints of sex discrimination, including sexual harassment, made under Title IX of the Education Amendments Act of 1972 and its implementing regulations (Title IX). It is just one component of the District's overall commitment to maintaining a discrimination and harassment-free educational and work environment.

Title IX prohibits discrimination on the basis of sex in any education program or activity operated by a district that receives federal financial assistance. As required by Title IX, the District does not discriminate on the basis of sex in its education programs and activities or when making employment decisions.

The District will promptly respond to reports of sex discrimination, ensure that all investigations are conducted within a reasonably prompt time frame and under a predictable fair grievance process that provides due process protections to complainants and respondents, and impose sanctions and implement remedies when warranted.

Inquiries about this policy or the application of Title IX may be directed to the District's Title IX Coordinator(s), the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

Scope of Policy

This policy is limited to addressing complaints of sex discrimination, including sexual harassment, that fall within the scope of Title IX which, among other things, has a specific definition of sexual harassment and applies only to sex discrimination occurring against a person in the United States. This policy applies to any individual participating in or attempting to participate in the District's education programs or activities including students and employees.

If the allegations forming the basis of a formal complaint of sexual harassment, if proven, would constitute prohibited conduct under Title IX, then the grievance process outlined in this policy would be applied to the investigation and adjudication of all the allegations.

If a formal complaint is not filed or if allegations are outside the scope of Title IX, the actions may still be addressed under another related District policy, procedure, collective bargaining agreement, or other document such as the District's Code of Conduct.

SUBJECT: SEX DISCRIMINATION - TITLE IX of the Education Amendments of 1972
[continued]

What Constitutes Sex Discrimination Including Sexual Harassment

Title IX prohibits various types of sex discrimination including, but not limited to: sexual harassment; the failure to provide equal athletic opportunity; sex-based discrimination in a District's science, technology, engineering, and math (STEM) courses and programs; and discrimination based on pregnancy.

Under Title IX, sexual harassment includes conduct on the basis of sex that satisfies one or more of the following:

- a) An employee of the District conditioning the provision of an aid, benefit, or service of the District on an individual's participation in unwelcome sexual conduct;
- b) Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's education program or activity; or
- c) Sexual assault, dating violence, domestic violence, or stalking as defined under federal law.

Title IX Coordinator

The District has designated and authorized administrators to serve as Title IX Coordinators. Their contact information will be prominently displayed on the District's website, as well as in student handbooks and other District publications. A Title IX Coordinator can always be reached at the following email address: TitleIXCoordinator@wallkillcsd.k12.ny.us. Individuals may also contact the District Office at 845-895-7100 to obtain the Title IX Coordinator's contact information.

The Title IX Coordinator(s), who must be referred to as such, will coordinate the District's efforts to comply with its responsibilities under Title IX. However, the responsibilities of the Title IX Coordinator(s) may be delegated to other personnel.

Where appropriate, the Title IX Coordinator(s) may seek the assistance of other appropriately trained individuals to appropriately address any formal complaint of sex discrimination, including sexual harassment.

SUBJECT: SEX DISCRIMINATION - TITLE IX of the Education Amendments of 1972
[continued]

Reporting Allegations of Sex Discrimination

Any person may report sex discrimination, including sexual harassment, regardless of whether they are the alleged victim or not. Reports may be made in person, by using the contact information for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's oral or written report. This report may be made at any time (including during non-business hours) by using the telephone number or email address, or by mail to the office address, listed for the Title IX Coordinator.

Reports of sex discrimination may also be made to any other District employee including a supervisor, building principal, or the District's civil rights compliance officers. All reports of sex discrimination, including sexual harassment, will be forwarded to the District's Title IX Coordinator. Reports may also be forwarded to other District employees depending on the allegations.

All District employees who witness or receive an oral or written report of sex discrimination must immediately inform the Title IX Coordinator. Failure to immediately inform the Title IX Coordinator may subject the employee to discipline up to and including termination.

Making a report of sexual harassment is not the same as filing a formal complaint of sexual harassment. A formal complaint is a document either filed by a complainant or a parent or legal guardian who has a right to act on behalf of the complainant or signed by the Title IX Coordinator which alleges sexual harassment against a respondent and requests that the District investigate the allegations. While the District must respond to all reports it receives of sexual harassment, the Title IX grievance process is only initiated with the filing of a formal complaint.

If the Title IX Coordinator(s) is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to the Superintendent who will ensure that another person with the appropriate training and qualifications is appointed to act as the Title IX Coordinator.

Grievance Process for Complaints of Sex Discrimination Other than Sexual Harassment

The District will provide for the prompt and equitable resolution of reports of sex discrimination other than sexual harassment. In responding to these reports, the Title IX Coordinator will utilize, as applicable, the grievance process set forth in Policy #1800—Non-Discrimination (Employees), Policy #7623—Non-Discrimination (Students), and any other applicable District policy, procedure, collective bargaining agreement, or other document such as the District's Code of Conduct.

SUBJECT: SEX DISCRIMINATION - TITLE IX of the Education Amendments of 1972
[continued]

Grievance Process for Formal Complaints of Sexual Harassment

The District will respond to allegations of sexual harassment in a manner that is not deliberately indifferent whenever it has actual knowledge of sexual harassment in an education program or activity of the District. For purposes of reports and formal complaints of sexual harassment under Title IX, education program or activity includes locations, events, or circumstances over which the District exercised substantial control over both the respondent(s) and the context in which the sexual harassment occurred.

The District will follow a grievance process that complies with law and regulation before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent.

The District will conduct the grievance process in a timely manner designed to provide all parties with a prompt and equitable resolution. It is anticipated that, in most cases, the grievance process will be conducted within a reasonably prompt manner and follow the time frames established in this policy.

Definitions

- a) "Complainant" means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.
- b) "Days" means calendar days.
- c) "Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

General Requirements for the Investigative and Grievance Process

During the investigation of a formal complaint and throughout the grievance process, the District will ensure that:

- a) Complainants and respondents are treated equitably. This includes applying any provisions, rules, or practices incorporated into the District's grievance process, other than those required by law or regulation, equally to both parties.
- b) All relevant evidence is objectively evaluated, including both inculpatory and exculpatory evidence. Inculpatory evidence implicates or tends to implicate an individual in wrongdoing. Exculpatory evidence frees or tends to free an individual from blame or accusation.

**SUBJECT: SEX DISCRIMINATION - TITLE IX of the Education Amendments of 1972
[continued]**

- c) The Title IX Coordinator, investigator, decision-maker involved in the grievance process, or any person designated by the District to facilitate any informal resolution process or serve as the appeals decision maker does not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.
- d) Respondents are presumed not to be responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.
- e) The grievance process, including any appeals or informal resolutions, is concluded within a reasonably prompt time frame and that the process is only temporarily delayed or extended for good cause. Good cause includes, but is not limited to, considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities. Whenever the time frame is temporarily delayed or extended, written notice will be provided to all complainants and respondents of the delay or extension and the reasons for the action.
- f) The range of possible disciplinary sanctions and remedies that may be implemented by the District following any determination regarding responsibility are described to any known party.
- g) The same standard of evidence, preponderance of the evidence, is used to determine responsibility in all formal complaints.
- h) The procedures and permissible bases for an appeal are known to all complainants and respondents.
- i) The range of supportive measures available are known to all complainants and respondents.
- j) There is no requirement, allowance of, reliance on, or otherwise use of questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding the privilege has waived the privilege.
- k) The burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the District and not on the parties.

Students**SUBJECT: SEX DISCRIMINATION - TITLE IX of the Education Amendments of 1972
[continued]**

- l) The Title IX Coordinator, the investigator, any decision-maker, or any other person participating on behalf the District does not access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the District obtains that party's voluntary, written consent to do so for the grievance process. If the party is not an eligible student, as defined in FERPA as a student who has reached 18 years of age or is attending a post-secondary institution, the District will obtain the voluntary, written consent of a parent.
- m) The parties have an equal opportunity to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence.
- n) Credibility determinations are not to be based on a person's status as a complainant, respondent, or witness.
- o) The ability of either party to discuss the allegations under investigation or to gather and present relevant evidence is not restricted.
- p) The parties are provided with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, and not limit the choice or presence of advisor for any complainant or respondent in any meeting or grievance proceeding. Advisors may be present to provide support for the complainant or respondent, but may not participate in the process, which includes not answering questions, asking questions or making statements.
- q) Written notice of the date, time, location, participants, and purpose of all investigative interviews, or other meetings, is provided to any party whose participation is invited or expected with sufficient time for the party to prepare to participate.
- r) The parties are provided with equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the District does not intend to rely on in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation.

- s) Any document sent to a minor or legally incompetent person is also sent to the party's parent or legal guardian.
- t) Any document sent to a party is also sent to the party's advisor, if known.

After a Report of Sexual Harassment Has Been Made

After receiving a report of sexual harassment, the Title IX Coordinator will:

- a) Promptly contact the potential complainant to discuss and offer supportive measures. Inform the complainant both of the range of supportive measures available and that these measures are available regardless of whether a formal complaint is filed. Consider the complainant's wishes with respect to supportive measures;
- b) Review the Title IX Grievance Procedure with the potential complainant; and
- d) Explain to the potential complainant the process for filing a formal complaint.

The Title IX Coordinator may also contact the respondent to discuss and/or impose supportive measures.

Requests for confidentiality or use of anonymous reporting may limit how the District is able to respond to a report of sexual harassment.

Emergency Removal and Administrative Leave

At any point after receiving a report or formal complaint of sexual harassment, the District may immediately remove a respondent from the District's education program or activity on an emergency basis, provided that the District:

- a) Undertakes an individualized safety and risk analysis;
- b) Determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal; and
- c) Provides the respondent with notice and an opportunity to challenge the decision immediately following the removal and affords them any legally required procedural due process.

Students**SUBJECT: SEX DISCRIMINATION - TITLE IX of the Education Amendments of 1972
[continued]**

The District should coordinate their Title IX compliance efforts with special education staff when initiating an emergency removal of a student with a disability from an education program or activity as the removal could constitute a change of placement under the IDEA or Section 504.

The District may place a non-student employee respondent on administrative leave with or without pay during the pendency of the grievance process in accordance with law and regulation and any applicable District policy, procedure, collective bargaining agreement, or other document such as the District's Code of Conduct.

Filing a Formal Complaint

A complainant may file a formal complaint with the Title IX Coordinator in person or by mail, email, or other method made available by the District. The complainant must be participating in or attempting to participate in the education program or activity of the District at the time of filing the complaint. The filing of a formal complaint initiates the grievance process.

A formal complaint must be signed by the complainant, the complainant's parent or legal guardian as appropriate, or the Title IX Coordinator. Where a parent or legal guardian signs the complaint, the parent or legal guardian does not become the complainant; rather the parent or legal guardian acts on behalf of the complainant. The Title IX Coordinator may sign the formal complaint, but his or her signature does not make him or her a complainant or a party to the complaint. If the formal complaint is signed by the Title IX Coordinator, the Title IX Coordinator is still obligated to comply with the grievance process outlined in this policy.

The complainant, or the complainant's parent or legal guardian, must physically or digitally sign the formal complaint, or otherwise indicate that the complainant is the person filing the formal complaint. When a formal complaint is filed, the Title IX Coordinator must send a written notice of allegations to all parties which includes the identities of all known parties.

The District will not discriminate on the basis of sex in its treatment of a complainant or a respondent in responding to a formal complaint of sexual harassment.

The formal complaint form may be obtained from the District's Title IX Coordinator or found on the District's website.

Consolidation of Formal Complaints

The District may consolidate formal complaints of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

SUBJECT: SEX DISCRIMINATION - TITLE IX of the Education Amendments of 1972
[continued]

Written Notice of Allegations

Upon receipt of a formal complaint, the District will send all known parties written notice of:

- a) The District's grievance process, including any informal resolution process; and
- b) The allegations of sexual harassment which will:
 1. Provide sufficient details known at the time and sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known;
 2. State that the respondent is presumed not to be responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;
 3. Inform the parties that they may have an advisor of their choice;
 4. Inform the parties that they may inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint; and
 5. Include notice of any provision in any applicable District policy, procedure, collective bargaining agreement, or other document such as the District's Code of Conduct that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, in the course of an investigation, the District decides to investigate allegations about any complainant or respondent that were not included in the initial notice, the District will provide another notice of the additional allegations to the parties whose identities are known.

Investigation of a Formal Complaint

The Title IX Coordinator will oversee the District's investigation of all formal complaints. During the investigation of a formal complaint, one of District's Title IX Coordinators, who shall not be the same Title IX Coordinator who receives the formal complaint and oversees supportive measures for the complainant, or another appropriately trained District employee or designated individual, may serve as the District's investigator.

SUBJECT: SEX DISCRIMINATION - TITLE IX of the Education Amendments of 1972
[continued]

It is anticipated that most investigations will be completed within sixty days after receiving a formal complaint.

During the investigation of a formal complaint, the investigator will, as appropriate:

- a) Collect, review, and preserve all evidence including, but not limited to, any relevant documents, videos, electronic communications, and phone records.
- b) Interview all relevant persons including, but not limited to, any complainants, respondents, and witnesses. Interviews of complainants and respondents will be conducted separately.
- c) Create written documentation of the investigation (such as a letter, memo, or email), which contains the following:
 1. A list of all documents reviewed, along with a detailed summary of relevant documents;
 2. A list of names of those interviewed, along with a detailed summary of their statements;
 3. A timeline of events; and
 4. A summary of prior relevant incidents, reported or unreported.
- d) Keep any written documentation and associated documents in a secure and confidential location.

Prior to completion of the investigative report, the District will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties will have ten days to submit a written response, which the investigator will consider prior to completion of the investigative report.

At the end of the investigation, an investigative report will be created that fairly summarizes all relevant evidence. The report will not determine responsibility.

At least ten days prior to a determination regarding responsibility, the investigative report will be sent to each party and the party's advisor, if any, in an electronic format or a hard copy, for their review and written response.

SUBJECT: SEX DISCRIMINATION - TITLE IX of the Education Amendments of 1972

Dismissal of a Formal Complaint

The District must investigate the allegations in a formal complaint. The District must dismiss a formal complaint under Title IX if the conduct alleged:

- a) Would not constitute sexual harassment even if proven;
- b) Did not occur in the District's education program or activity; or
- c) Did not occur against a person in the United States or the District did not have control over the respondent.

Further, the District may dismiss a formal complaint or any of its allegations under Title IX, if at any time during the investigation or hearing:

- a) A complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any of its allegations;
- b) The respondent is no longer enrolled or employed by the District; or
- c) Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or any of its allegations.

Upon a dismissal of a formal complaint, the District must promptly send written notice of the dismissal and reason(s) for the dismissal simultaneously to the parties.

The dismissal of a formal complaint under Title IX does not preclude action under another related District policy, procedure, collective bargaining agreement, or other document such as the District's Code of Conduct.

Informal Resolutions

Before reaching a determination regarding responsibility, but only after a formal complaint is filed, the District may offer and facilitate the use of an informal resolution process, such as mediation, that does not involve a full investigation and adjudication of the formal complaint.

SUBJECT: SEX DISCRIMINATION - TITLE IX of the Education Amendments of 1972
[continued]

The District will not require that parties participate in an informal resolution process. The District will not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student. Further, the District will not require the waiver of the right to an investigation and adjudication of formal complaints of sexual harassment as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right.

If the District offers and facilitates the use of an informal resolution process, it will:

- a) Provide written notice to all known parties which details:
 1. The allegations in the formal complaint;
 2. The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint;
 3. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared; and
- b) Obtain the parties' voluntary, written consent to the informal resolution process.

Determination Regarding Responsibility

The District will designate an individual decision-maker to issue a written determination regarding responsibility. A decision-maker can either be a District employee or, where appropriate, a third-party. They cannot be the same individual as either the Title IX Coordinator or the investigator(s).

Before reaching a determination regarding responsibility, the decision-maker(s) will afford each party the opportunity to participate in a question and answer written format. Questions may also be asked of relevant witnesses. A date will be selected for a simultaneous question and answer format.

- a) Within three days of the date of the question and answer day, written questions that a party wants asked of any party or witness shall be provided to the decision maker;
- b) The decision maker will determine what questions are relevant;

SUBJECT: SEX DISCRIMINATION - TITLE IX of the Education Amendments of 1972
[continued]

- c) On the date of the question and answer the decision maker will ask the questions in writing of the other party/witness and a written answer shall be provided to both parties;
- d) Limited, follow-up questions may be made, if relevant.

Questions and evidence about a complainant's sexual predisposition or prior sexual behavior will not be considered, unless the questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) will explain to the party proposing the questions any decision to exclude a question as not relevant.

The decision-maker will issue a written determination regarding responsibility to the Title IX Coordinator, the Superintendent (if the Superintendent is not the decision-maker), and all parties simultaneously within fourteen days after all follow-up questions have been responded to.

To reach this determination, the decision-maker(s) will use the preponderance of the evidence standard which is the standard of evidence that will be applied in all formal complaints of sexual harassment.

The written notice of the determination regarding responsibility will include all legally required elements.

Finality of Determination Regarding Responsibility

The determination regarding responsibility becomes final either on the date that the District provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Where a determination regarding responsibility for sexual harassment has been made against the respondent, remedies may be provided to a complainant and disciplinary sanctions may be imposed on a respondent. Remedies will be designed to restore or preserve equal access to the District's education program or activity. Remedies and disciplinary sanctions will be implemented in accordance with applicable laws and regulations, as well as any District policy, procedure, collective bargaining agreement, or other document such as the District's Code of Conduct.

The Title IX Coordinator is responsible for the effective implementation of any remedies and/or disciplinary sanctions. The Title IX Coordinator will work with other individuals as necessary to effectively implement remedies and/or disciplinary sanctions.

SUBJECT: SEX DISCRIMINATION - TITLE IX of the Education Amendments of 1972

Appeals

Either party may file an appeal from a determination regarding responsibility or from the District's dismissal of a formal complaint or any of its allegations. Appeals must be submitted in writing to the Title IX Coordinator within ten days of the written notice of the determination regarding responsibility or dismissal of the formal complaint or any of its allegations.

An appeal may only be based upon one or more of the following bases:

- a) Procedural irregularity that affected the outcome of the matter;
- b) New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
- c) The Title IX Coordinator, investigator, or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The bases on which a party is seeking an appeal should be specifically stated in the party's written appeal.

Upon receipt of an appeal, the District will:

- a) Notify the other party in writing that an appeal has been filed and implement appeal procedures equally for both parties;
- b) Ensure that any decision-maker for the appeal:
 1. Is not the same person as any decision-maker that reached the initial determination regarding responsibility or dismissal, investigator, or Title IX Coordinator;
 2. Does not have any conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent;
- c) Give all parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome. Parties will have to submit these written statements within seven days after the parties have been notified of the appeal;
- d) Issue a written decision describing the result of the appeal and the rationale for the result; and

**SUBJECT: SEX DISCRIMINATION - TITLE IX of the Education Amendments of 1972
[continued]**

- e) Provide the written decision simultaneously to the Title IX Coordinator, the Superintendent, and all parties within ten days after receiving the parties written statements in support of, or challenging, the outcome.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

The District prohibits retaliation against any individual for the purpose of interfering with his or her Title IX rights or because the individual made a report or complaint, testified, assisted, or participated or refused to participate in an investigation, proceeding, or hearing under Title IX.

Charging an individual with Code of Conduct or other applicable violations that do not involve sex discrimination, including sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination for the purpose of interfering with any right or privilege secured by Title IX, constitutes retaliation. Charging an individual with a Code of Conduct or other applicable violation for making a materially false statement in bad faith during a grievance proceeding does not constitute retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

Confidentiality

Except where disclosure may be permitted or required by law or regulation, the District will keep confidential the identity of any:

- a) Individual who has made a report or complaint of sex discrimination;
- b) Individual who has made a report or filed a formal complaint of sexual harassment;
- c) Complainant;
- d) Individual who has been reported to be the perpetrator of sex discrimination;
- e) Respondent; and
- f) Witnesses.

Training

The District will ensure that all Title IX Coordinators, investigators, decision-makers, appeals decision-makers, or persons who facilitate an information resolution process are appropriately trained.

**SUBJECT: SEX DISCRIMINATION - TITLE IX of the Education Amendments of 1972
[continued]**

All District employees will be trained on actual knowledge and the mandatory reporting obligations and any other responsibilities that they may have relative to Title IX.

Materials used to train Title IX Coordinators, investigators, decision-makers, appeals decision-makers, and any person who facilitates an informal resolution process will not rely on sex stereotypes and will promote impartial investigations and adjudications of formal complaints of sexual harassment. Training materials will be made publicly available on the District's website.

Notification

The District will notify students, parents or legal guardians of students/registering students, employees, applicants for employment, and all unions or professional organizations holding collective bargaining or professional agreements with the District of this policy.

Further, the District will prominently publish this policy and the contact information for the Title IX Coordinator(s) on its website and in other publications, including in each handbook or catalog that it makes available to the individuals and entities referenced above.

Students who fall in this category include, but are not limited to, those who are wheelchair bound and others who might have physical disabilities, temporary or otherwise, that seriously impede their movement.

The following steps will be taken in each of the buildings to assure the safety of these students.

Individual Qualifications

Only individuals who meet the training requirements of this document shall be authorized to use the AED.

It shall be the responsibility of the Health Care Coordinator to maintain records of training that may be reviewed at any time by the emergency health care provider (EHCP) of this service. [If the training protocol for AED usage is modified as per the NYS protocols, this policy will be amended accordingly].

Use of AED

The AED equipment will be provided when there is a need to perform CPR. This AED will offer added protection to anyone over the age of one (1) to increase their chances of survival in the event of a cardiac arrest. The 911/Emergency Medical Service (EMS) will be called immediately when the victim is found to be unresponsive. Instruction**SUBJECT: TAG ACTION TEAM STATEMENT**

The Board of Education is committed to a philosophy which will ensure that all children have the opportunity to realize their educational potential. Therefore the Board supports the following statement as developed by the District-wide Strategic Planning Committee's TAG Action Team:

The TAG/Enrichment Program of Wallkill Schools shall provide service for those students who have been identified as gifted and those who would benefit from an enrichment program.

We support the New York State definition of giftedness as set forth in Chapter 740 of the laws of 1982, as follows: gifted pupils are "pupils who show evidence of high performance capability and exceptional potential in areas such as general intellectual ability, special academic aptitude, and outstanding ability in visual and performing arts. Such definition shall include those pupils who require educational programs or services beyond those normally provided by the regular school program in order to realize their full potential".

We recognize that there is a significant part of the Wallkill school population that exhibits exceptional ability and talents who would benefit from additional educational stimulation and input in order to have them achieve maximum ability and benefit to society at large.

We have also recognized the need of students for enrichment, based on specialized interests, performance, and motivation in specific areas such as leadership, public speaking, social policy, the arts, and creative writing.

In order to meet these requirements, a variety of programs must be implemented; such would include (but not be limited to) enrichment curriculum in the classroom, activities separate from the existing classroom (field trips and special interest activities or clubs), and enhancement of the fine arts. In addition, identified TAG students require accelerated study and expanded educational programs such as competitive academics teams, special interest instructional clusters, elective studies, and Advanced Placement courses.

Finally, the TAG/Enrichment Program of the Wallkill Schools shall be responsive to the changing needs of both students and programs by striving to maintain a flexible, fluid, ongoing process for identification and program development.

Adopted: 2/15/96

Instruction**SUBJECT: CONTROVERSIAL ISSUES**

Controversial issues may be studied as part of the curriculum and teachers shall present these issues in their classrooms in an impartial and objective manner.

Teachers wishing to call upon outside speakers in the presentation of controversial issues are required to obtain the approval of the principal who shall keep in mind the need for presenting opposing views as well, and who shall inform the Superintendent prior to the presentation.

It is recognized that parents and citizens of the community have a right to protest to the school administration when convinced that unfair and prejudiced presentations are being made by the teacher. In considering such protests, the Superintendent of Schools shall provide for a hearing so that both parties may fairly express their views. If requested, the Superintendent's decision may be appealed to the Board of Education.

Instruction**SUBJECT: INTERNET SAFETY/INTERNET CONTENT FILTERING POLICY**

In compliance with the Children's Internet Protection Act (CIPA) and Regulations of the Federal Communications Commission (FCC), the District has adopted and will enforce this Internet safety policy that ensures the use of technology protection measures (i.e., filtering or blocking of access to certain material on the Internet) on all District computers with Internet access. Such technology protection measures apply to Internet access by both adults and minors with regard to visual depictions that are obscene, child pornography, or, with respect to the use of computers by minors, considered harmful to such students. The District will provide for the education of students regarding appropriate online behavior including interacting with other individuals on social networking Web sites and in chat rooms, and regarding cyberbullying awareness and response. Further, appropriate monitoring of online activities of minors, as determined by the building/program supervisor, will also be enforced to ensure the safety of students when accessing the Internet.

Further, the Board of Education's decision to utilize technology protection measures and other safety procedures for staff and students when accessing the Internet fosters the educational mission of the schools including the selection of appropriate teaching/instructional materials and activities to enhance the schools' programs; and to help ensure the safety of personnel and students while online.

However, no filtering technology can guarantee that staff and students will be prevented from accessing all inappropriate locations. Proper safety procedures, as deemed appropriate by the applicable administrator/program supervisor, will be provided to ensure compliance with the CIPA.

In addition to the use of technology protection measures, the monitoring of online activities and access by minors to inappropriate matter on the Internet and World Wide Web *may* include, but shall not be limited to, the following guidelines:

- a) Ensuring the presence of a teacher and/or other appropriate District personnel when students are accessing the Internet including, but not limited to, the supervision of minors when using electronic mail, chat rooms, instant messaging and other forms of direct electronic communications. As determined by the Assistant Superintendent for Educational Services, the use of e-mail, chat rooms, as well as social networking Web sites, may be blocked as deemed necessary to ensure the safety of such students;
- b) Monitoring logs of access in order to keep track of the web sites visited by students as a measure to restrict access to materials harmful to minors;
- c) In compliance with this Internet Safety Policy as well as the District's Acceptable Use Policy, unauthorized access (including so-called "hacking") and other unlawful activities by minors are prohibited by the District; and student violations of such policies may result in disciplinary action; and
- d) Appropriate supervision and notification to minors regarding the prohibition as to unauthorized disclosure, use and dissemination of personal identification information regarding such students.

Instruction**SUBJECT: INTERNET SAFETY/INTERNET CONTENT FILTERING POLICY [continued]**

The determination of what is "inappropriate" for minors shall be determined by the District and/or designated school official(s). It is acknowledged that the determination of such "inappropriate" material may vary depending upon the circumstances of the situation and the age of the students involved in online research.

The terms "minor," "child pornography," "harmful to minors," "obscene," "technology protection measure," "sexual act," and "sexual contact" will be as defined in accordance with CIPA and other applicable laws/regulations as may be appropriate and implemented pursuant to the District's educational mission.

Under certain specified circumstances, the blocking or filtering technology measure(s) may be disabled for adults engaged in bona fide research or other lawful purposes. The power to disable can only be exercised by an administrator, supervisor, or other person authorized by the School District.

The School District shall provide certification, pursuant to the requirements of CIPA, to document the District's adoption and enforcement of its Internet Safety Policy, including the operation and enforcement of technology protection measures (i.e., blocking/filtering of access to certain material on the Internet) for all School District computers with Internet access.

Internet Safety Instruction

In accordance with New York State Education Law, the School District may provide, to students in grades K through 12, instruction designed to promote the proper and safe use of the Internet. The Commissioner shall provide technical assistance to assist in the development of curriculum for such course of study which shall be age appropriate and developed according to the needs and abilities of students at successive grade levels in order to provide awareness, skills, information and support to aid in the safe usage of the Internet.

Under the Protecting Children in the 21st Century Act, students will also be educated on appropriate interactions with other individuals on social networking Web sites and in chat rooms, as well as cyberbullying awareness and response.

Access to Inappropriate Content/Material and Use of Personal Technology or Electronic Devices

Despite the existence of District policy, regulations and guidelines, it is virtually impossible to completely prevent access to content or material that may be considered inappropriate for students. Students may have the ability to access such content or material from their home, other locations off school premises and/or with a student's own personal technology or electronic device on school grounds or at school events.

The District is not responsible for inappropriate content or material accessed via a student's own personal technology or electronic device or via an unfiltered Internet connection received through a student's own personal technology or electronic device.

Instruction**SUBJECT: INTERNET SAFETY/INTERNET CONTENT FILTERING POLICY [continued]****Consent for Student Use**

The District's Acceptable Use Policy will be disseminated to parents and students in order to provide notice of the school's requirements, expectations, and student's obligations when accessing the Internet.

Student use of the District's computer system (DCS) is conditioned upon written agreement by all students and their parents/guardians that student use of the DCS will conform to the requirements of this policy and any regulations adopted to ensure acceptable use of the DCS. All such agreements shall be kept on file in the school buildings.

Notification/Authorization

The District has provided reasonable public notice and has held at least one (1) public hearing or meeting to address the proposed Internet Safety/Internet Content Filtering Policy prior to Board adoption. Additional public notice and a hearing or meeting is not necessary when amendments are made to the Internet Safety Policy in the future.

The District's Internet Safety/Internet Content Filtering Policy must be made available to the FCC upon request. Furthermore, appropriate actions will be taken to ensure the ready availability to the public of this policy as well as any other District policies relating to the use of technology.

The Internet Safety/Internet Content Filtering Policy is required to be retained by the school for at least five (5) years after the funding year in which the policy was relied upon to obtain E-rate funding.

Instruction**SUBJECT: LIMITED ENGLISH PROFICIENCY INSTRUCTION**

The Board of Education believes that students who, by reason of foreign birth or ancestry, have limited English proficiency, will be more effective learners of both the language and the curriculum if they receive instruction in both their native language and English. The District will therefore make every effort to ensure that limited English proficient (LEP)/English Language Learner (ELL) students are provided with an appropriate free-standing program of instruction composed of an English as a Second Language component.

Pursuant to this policy and the regulations of the Commissioner of Education, the Superintendent is directed to develop appropriate administrative regulations to ensure that LEP/ELL students are:

- a) Diagnostically screened for limited English proficiency, in accordance with Part 117 of the Commissioner's Regulations. Those students who according to their scores are identified as LEP/ELL will be annually evaluated. Included in the evaluation shall be each student's performance in content areas to measure academic progress; and an assessment of English Proficiency.
- b) Assured of access to appropriate instructional and support services, including guidance programs; and
- c) Assured of having equal opportunities to participate in all school programs and extracurricular activities as LEP/ELL students.
- d) Assured that LEP/ELL students who are suspected of having an educational disability will be referred to the Committee on Special Education and an appropriate bilingual, multidisciplinary assessment be conducted.

The Superintendent shall be responsible for ensuring that the Commissioner is provided with all information required under the Commissioner's Regulations and that the District provide appropriate school-related information to the parents of LEP/ELL students in English, or when necessary in the language they understand. In addition, the Superintendent shall ensure that all teachers employed for any bilingual and/or ESL program are properly certified in accordance with the Commissioner's Regulations.

Regulations to implement this policy shall be developed under the direction of the high school principal.

SUBJECT: STUDENT HOMEWORK

Homework is recognized as an extension of the classroom instruction. It promotes student involvement in his/her own education and provides students with an opportunity to develop good study habits.

Assigned homework will provide practice in the mastery of skills and opportunities to remediate learning problems. It shall provide for individual learning differences and encourage self-initiative. It will also reinforce classroom learning experiences.

General Guidelines for K-12 teachers when assigning homework:

- Homework procedures will be posted and discussed with students at the beginning of each course.
- Feedback on completed homework assignments will be expected to be given to students within five school days.
- Teachers are encouraged to use the district web-site and alternative methods to post their homework assignments.
- Whenever possible teachers are encouraged to provide all assignments to students in a manner that is evident of long term planning such as: provide all assignments for the week and/or unit of study at one time to allow for flexible time management opportunities for students and parents.
- When a student is behind in homework assignments the parent shall be notified by the teacher.
- Homework shall not create a financial burden for families.
- Teachers should make efforts to be aware of homework, projects, and testing schedules across the curriculum to ensure that students are not overwhelmed at any one time.
- For grading and weighting of homework assignments refer to District Policy # 7301 and #7302.
- A reference to this policy will be placed in the faculty handbook, the student handbook, and will be posted in the classroom.
- Homework should be purposeful and should not consist of large amounts of repetitive work.

SUBJECT: STUDENT HOMEWORK [continued]Elementary Guidelines (K-6):

- Homework at the elementary level shall not be assigned over the weekend, holidays or extended school breaks; however, independent reading is encouraged.
- Homework assignments should consist of reading and a limited number of independent exercises to reinforce previously taught material in math, science and social studies.
- Long term assignments should be limited in number and duration. Project based assignments should be primarily undertaken and completed in the classroom. Some portions may be assigned as homework; however, these tasks should not require group participation, significant assistance from parents or costly materials. These assignments shall include clear check points to monitor progress toward completion.

Secondary Guidelines:

- If weekend, holiday or extended breaks homework is deemed necessary, the amount should not exceed a regular day's assignment. Students should be encouraged to use weekends for review of material, voluntary work, projects, or completion of make-up assignments.
- Long term assignments should have clear check points and feedback given to students at such time.

Instruction**SUBJECT: FIELD TRIPS**

The Board recognizes that field trips are an educationally sound and important ingredient in the instructional program of the schools.

For purposes of this policy, a field trip shall be defined as any journey by a group of pupils away from the school premises, under the supervision of a teacher, which is an integral part of an approved course of study and conducted for the purpose of affording a first-hand educational experience not available in the classroom.

Field trips are a part of the curriculum of the schools and attendance on field trips is governed by the same rules as attendance at regular classroom activities.

All field trips at the High School level shall occur prior to May 15 of each school year and prior to June 1 of each school year at the Middle School level. Any exceptions to this must have approval by the Building Principal and Superintendent of Schools/Designee.

The Superintendent shall prepare procedures for the operation of a field trip activity. Field trip support shall be determined annually by the Board during its budget deliberations. Regardless of the fiscal support for field trips, the rules of the School District for approval and conduct of such trips shall apply.

The District shall obtain parental permission for pupils going on school-sponsored trips.

The principal or his/her designee shall require written application prior to approval. A coach or advisor may release a student to the parent for transportation upon the receipt of a written request from the parent.

Instruction**SUBJECT: OVERNIGHT FIELD TRIPS (NON-ATHLETIC)**

SUBJECT: PROGRAMS FOR STUDENTS WITH DISABILITIES UNDER THE IDEA AND NEW YORK'S EDUCATION LAW ARTICLE 89

The Board of Education shall make available a free appropriate public education to all students with disabilities who reside within its district and are eligible for special education and related services under the Individuals with Disabilities Education Act and Article 89 of New York's Education Law, and their implementing regulations. Special education and related services will be provided to resident eligible students with disabilities in conformity with their individualized education program (IEP) and in the least restrictive environment appropriate to meet their individual educational needs. Special education services or programs will be designed to enable a student with disabilities to be involved in and progress in the general education curriculum, to the extent appropriate to his/her needs.

The Board also shall make available special education and related services to eligible students with disabilities parentally-placed in a nonpublic school located within the district, regardless of whether they are residents of the district. However, this obligation does not extend to resident students with disabilities who are placed by their parents in a nonpublic school within district boundaries because of a disagreement between the parents and the school district over the provision of a free appropriate public education. Nonpublic school students with disabilities who are not district residents but who reside within New York State will be provided programs and services in accordance with their individualized education services program (IESP). Nonpublic school students with disabilities who reside out-of-state will be provided services in accordance with their services plan (SP). (Refer to policy 4321.10, Programs and Services for Parentally-Placed Nonpublic School Students with Disabilities under the IDEA and New York's Education Law Article 89 for more guidance on this topic).

In addition, to the maximum extent appropriate to their individual needs, eligible students with disabilities residing within the district and attending the district's public schools will be entitled to participate in school district academic, co-curricular and extra-curricular activities available to all other students enrolled in the district's public schools. Such co-curricular and extracurricular activities may include athletics, transportation, recreational activities, school-sponsored special interest groups or clubs, and referrals to agencies that provide assistance to individuals with disabilities and the employment of students (including both employment by the school district and assistance in making outside employment available).

In providing a free appropriate public education to students with disabilities eligible under the IDEA and Article 89, the Board will afford the students and their parents the procedural safeguard rights they are entitled to under applicable law and regulations. The Board also will provide them with notice of such rights as required by law and regulation, using the form prescribed by the Commissioner of Education.

SUBJECT: PROGRAMS FOR STUDENTS WITH DISABILITIES UNDER THE IDEA AND NEW YORK'S EDUCATION LAW ARTICLE 89 [continued]

For purposes of this policy and others related to the provision of services to eligible students with disabilities, and consistent with applicable law and regulation, the word parent means a birth or adoptive parent, a legally appointed guardian generally authorized to act as the child's parent or authorized to make educational decisions for the child; a person in parental relationship to the child as defined in section 3212 of the Education Law; an individual designated as a person in parental relation pursuant to title 15-A of the General Obligations Law, including an individual so designated who is acting in the place of a birth or adoptive parent (including a grandparent, stepparent, or other relative with whom the child resides; or a surrogate parent who has been appointed in accordance with commissioner's regulations.

Eligible students with disabilities will be entitled to special education and related services until the end of the school year in which they turn 21 or until they receive a local high school or Regents diploma.

Students with disabilities may not be required to take medication as a condition for receiving a free appropriate public education.

To ensure the provision of a free appropriate public education to all eligible students with disabilities:

1. The Board will adopt and maintain a district special education services plan in conformance with Commissioner's Regulations (8 NYCRR §200.2(c)). The plan will be available for public inspection and review by the Commissioner of Education.
2. School district staff will take steps to locate, identify, evaluate, and maintain information about all children with disabilities within the district, including homeless children and children who are wards of the state, and children attending nonpublic school within the district (including religious schools), who are in need of special education.
3. The district will establish a plan and practice for implementing school-wide approaches and interventions in order to remediate a student's performance prior to referral for special education services. The district will provide general education support services, instructional modifications, and/or alternative program options to address a student's performance before referring the student to the Committee on Special Education (CSE). The [name of district team that is responsible for RTI, i.e. Child Study Team will develop, implement and evaluate pre-referral intervention strategies (4321.2, School-wide Pre-referral Approaches and Interventions).

Instruction**SUBJECT: PROGRAMS FOR STUDENTS WITH DISABILITIES UNDER THE IDEA AND NEW YORK'S EDUCATION LAW ARTICLE 89 [continued]**

4. School district staff will initiate a request for evaluation of a student who has not made adequate progress after an appropriate period of time when provided instruction under a response to intervention program. In making the request the staff person will describe in writing intervention services, programs and methodologies used to remediate the student's performance prior to referral. In addition, the extent of parental contact will be described as well.
5. The Board will appoint a committee on special education (CSE), and, as appropriate, CSE subcommittees, to assure the timely identification, evaluation and placement of eligible students with disabilities.
6. The Board will arrange for special education programs and services based upon the recommendation of the CSE or CSE subcommittee.
7. The Superintendent or his/her designee shall establish a plan for the recruitment, hiring and retention of staff appropriately and adequately prepared to meet the needs of students with disabilities including, but not limited to, highly qualified special education teachers.
8. The Superintendent or his/her designee shall establish a comprehensive professional development plan designed to ensure that personnel necessary to carry out IDEA and Article 89 possess the skills and knowledge required to meet the needs of students with disabilities.
9. The Superintendent or his/her designee will establish a process for ensuring that district staff understand the right of students with disabilities to access and participate in the same academic, co-curricular and extra-curricular programs and activities as all other students enrolled in the district's public schools, to the maximum extent appropriate to their individual needs.

Locate and Identify Students with Disabilities

The district will conduct an annual census to locate and identify all students with disabilities who reside in the district and establish a register of such students who are entitled to attend the public schools of the district during the next school year, including students with disabilities who are homeless or wards of the State. The census shall be conducted, and the registry maintained, in accordance with the requirements established in Commissioner's regulations.

Instruction**SUBJECT: PROGRAMS FOR STUDENTS WITH DISABILITIES UNDER THE IDEA AND NEW YORK'S EDUCATION LAW ARTICLE 89 [continued]**

The Superintendent or his/her designee will determine what other activities might be appropriate to help locate and identify students with disabilities. These may include, but are not limited to, the mailing of letters to all district residents regarding the availability of special education programs and services and their right to access such services, and/or the publication of a similar notice in school newsletters and other publications.

(Refer to policy 4321.10, Programs and Services for Parentally-Placed Nonpublic School Students with Disabilities under the IDEA and New York's Education Law Article 89, for more information regarding how to locate and identify nonpublic school students with disabilities).

Evaluation of Students with Disabilities

To initially determine a student's eligibility for a free appropriate public education under the IDEA and Article 89, the district will conduct a full evaluation of the student in accordance within legally prescribed time lines. As set forth in Commissioner's regulations, the initial evaluation will include, at least, a physical examination, an individual psychological evaluation unless the school psychologist determines it unnecessary, a social history, an observation of the student in the student's learning environment to document the student's academic performance and behavior in the areas of difficulty, and other appropriate assessments or evaluations (including a functional behavioral assessment for a student whose behavior impedes his or her learning or that of others) to ascertain the physical, mental, behavioral and emotional factors that contribute to the suspected disabilities.

Once a student has been determined eligible to receive a free appropriate public education, the district will reevaluate the student with a disability whenever the student's parent requests a reevaluation, and when the district determines the educational and related service needs (including improved academic achievement and functional performance) of the child warrant a reevaluation. However, a reevaluation must take place at least once every three years, unless the student's parent and the district agree it is unnecessary.

Parental Consent for Student Evaluations

Before conducting any type of evaluation, district staff will take steps to obtain written informed consent from a student's parent, as required by applicable law and regulations. They also will keep a detailed record of those attempts and their results, including phone calls and correspondence, visits to the parent's home and any responses received.

Instruction**SUBJECT: PROGRAMS FOR STUDENTS WITH DISABILITIES UNDER THE IDEA AND NEW YORK'S EDUCATION LAW ARTICLE 89 [continued]**

1. If a parent refuses to give consent for an initial evaluation, or fails to respond to such a request, the parent will be given an opportunity to attend an informal conference and ask questions about the proposed evaluation. Unless the referral for evaluation is withdrawn, if the parent continues to withhold consent, the Board will commence due process proceedings to conduct an initial evaluation without parental consent within the time lines established in Commissioner's regulations.
2. For students enrolled in the District, or placed in an Out-of-District program by the Committee on Special Education or Committee on Preschool Special Education, if after reasonable documented attempts to reach a parent, the parent fails to respond to a request for consent to conduct a reevaluation, District staff will proceed with the reevaluation of the student without parental consent. However, if a parent informs the District that they are refusing to give consent to conduct a reevaluation of the student, the Board may, but is not required to, commence an impartial due process hearing to override the parent's refusal to provide consent.
3. If district staff is unable to obtain consent for the initial evaluation or reevaluation of a home schooled or a parentally-placed nonpublic school student, the Board will not commence due process proceedings to conduct the evaluation without parental consent, and will consider the student as not eligible for special education.

Conduct of Evaluations

In conducting evaluations of students with disabilities, the district will use a variety of assessment tools and strategies, including parent-provided information, to gather relevant functional, developmental, and academic information for determining a student's eligibility for special education and related services, and the content of the student's individualized education program or individualized education services program or services plan in the case of nonpublic school students with disabilities (including information related to enabling the student to be involved in and progress in the general education curriculum).

The district also will assess a student in all areas of suspected disability, and the assessment and other evaluation used will not be discriminatory on a racial or cultural basis. In addition, students will be assessed in the language and form most likely to yield accurate information on what the student actually knows and can do academically, developmentally, and functionally, unless it is not feasible to do so.

In the case of students suspected of having a specific learning disability, the district will follow the procedures established in commissioner's regulations.

SUBJECT: PROGRAMS FOR STUDENTS WITH DISABILITIES UNDER THE IDEA AND NEW YORK'S EDUCATION LAW ARTICLE 89 [continued]

The district will notify a student's parent of any determination that no additional data is needed and the reasons for such a determination. It will also inform the parent of his or her right to request an assessment, notwithstanding that determination.

Eligibility Determination

The CSE or CSE subcommittee will determine whether a student is eligible for special education and related services under the IDEA and Article 89, as well as the student's educational needs.

The CSE or CSE subcommittee may not determine that a student is eligible for special education and related services if the determining factor is lack of appropriate instruction in the essential components of reading, including phonemic awareness, phonics, vocabulary development, reading fluency (including oral reading skills), and reading comprehension strategies; or lack of appropriate instruction in math; or limited English proficiency.

Committee on Special Education

The members of the CSE and CSE subcommittees will include those individuals identified in applicable law and regulations, and their attendance at CSE and CSE subcommittee meetings will be required except as otherwise provided in law and regulations.

The parent of a student with disabilities is one of the mandated CSE and CSE subcommittee members and as such has a right to participate in CSE and CSE subcommittee meetings concerning the identification, evaluation, educational placement, and the provision of a free appropriate public education to their child. District staff will take steps to ensure the parent's participation, in accordance with the following:

1. CSE and CSE subcommittee meetings will be scheduled at a time and place that is mutually agreeable to the parent and the district.
2. The parent will be given at least five days notice of the time and place of a CSE or CSE subcommittee meeting, except as otherwise provided in law and regulation, along with notice of the purpose of the meeting, those who will attend (including name and title), and the parent's right to be accompanied to the meeting by person(s) the parent considers to have knowledge and special expertise about their child.
3. The parent and the district may agree to use alternative means of participation at CSE meetings, such as videoconferences or telephone conference calls.

Instruction**SUBJECT: PROGRAMS FOR STUDENTS WITH DISABILITIES UNDER THE IDEA AND NEW YORK'S EDUCATION LAW ARTICLE 89 [continued]**

4. District staff will take any action necessary to ensure that the parent understands the proceedings at CSE meetings, including arranging for an interpreter for deaf parents or parents whose native language is other than English.

The CSE or CSE subcommittee may meet without a student's parent only if district staff has been unable to obtain either parent's participation and has a record of its attempts to arrange a mutually agreed upon time and place. Similarly, the CSE or CSE subcommittee may make a decision without the involvement of the student's parent only if district staff has been unable to obtain parental participation, even through the use of alternative means of participation, and has a record of its attempts to ensure parental involvement.

Provision of Services

The Board will arrange for appropriate special education and related services recommended by the CSE or CSE subcommittee within 60 school days of the district's receipt of parental consent to evaluate a student not previously identified as a student with a disability, or within 60 school days of referral for review of a student with a disability, except as otherwise provided in law and regulations.

All staff responsible for the implementation of a student's individualized education program, or an individualized education services program or services plan in the case of parentally-placed nonpublic school students with disabilities, will be provided information regarding those responsibilities (Refer to policy 4321.5 for more information on this topic).

Parental Consent for the Provision of Services

The Board acknowledges that parental consent for initial evaluation does not constitute consent for placement for the provision of special education and related services. Therefore, district staff will take steps to obtain written informed consent for the initial provision of special education and related services to an eligible student. The Board will be precluded by applicable law and regulations from commencing due process proceedings to override the parent's refusal to provide such consent or override the parent's failure to respond to such a request.

Transition Service and Diploma/Credential Options

In accordance with law and regulation, the Board will ensure the provision of transition services, which are a coordinated set of activities for students with disabilities that facilitates movement from school to post-school activities, which may include but are not limited to post-secondary education, vocational education, integrated employment, continuing and adult education, adult services, independent living, or community participation. At age 15, or younger if appropriate, the student's IEP will include a statement of transition service needs and will include undertaking activities in the following areas:

Instruction**SUBJECT: PROGRAMS FOR STUDENTS WITH DISABILITIES UNDER THE IDEA AND NEW YORK'S EDUCATION LAW ARTICLE 89 [continued]**

- Instruction
- Related services
- Community experiences
- The development of employment and other post-school adult living objectives; and
- When appropriate, acquisition of daily living skills and provision of a functional vocational evaluation.

In developing the plan for transition services, students and parents will be made aware of the range of diploma and credential options available and the requirements associated with each option.

Emergency Interventions

The Board of Education believes in the use of positive and supportive strategies to meet the needs of all students in all classrooms. In those instances, however, when harm to a person appears imminent, the Board recognizes that emergency interventions may be necessary when all other intervention strategies have been exhausted.

The use of emergency protective holds or timeout will be in conformance with State law, Rules of the Board of Regents, and the Commissioner's Regulations. Staff will adhere to governing statutes and regulations in the administration of these measures.

A. Protective Holds:

Staff will not use protective holds as a substitute for systematic intervention to modify inappropriate behavior. A protective hold should never increase (or create more) risk than the behavior it is trying to contain. A protective hold will never be used as a form of discipline or punishment, retaliation, or as a substitute for positive, proactive intervention strategies that are designed to change, replace, modify or eliminate a targeted behavior. Staff who may be called upon to place a student in protective holds will be trained in safe, effective ways to do so in a manner consistent with the Rules of the Board of Regents and the Commissioner's Regulations. The District's emergency interventions never include the use of mechanical or prone restraints.

During emergencies, immediate intervention by staff involving the use of reasonable physical intervention may be necessary to prevent imminent danger of serious physical harm to the student or others.

Instruction**SUBJECT: PROGRAMS FOR STUDENTS WITH DISABILITIES UNDER THE IDEA AND NEW YORK'S EDUCATION LAW ARTICLE 89 [continued]****B. Timeouts:**

A timeout room is a behavior management technique that involves the monitored separation of a student in a non-locked setting, including a room or other physical space, and is implemented for the purpose of de-escalating, regaining control, and preparing the student to meet expectations to return to their educational program. Timeouts are not in general use within the District. A timeout may only be used in a situation that poses an immediate concern for the physical safety of a student or others, or as a behavioral strategy for a student with a disability in conjunction with a behavioral intervention plan. Once the student has safely de-escalated, regained self-control and is prepared to meet expectations, the student will be returned to their educational program. A timeout may be used only when: (a) other less restrictive and intrusive interventions and de-escalation techniques would not prevent imminent danger of serious physical harm to the student or others; (b) there is no known medical contraindications to its use on the student; and (c) school staff using such intervention have been trained in its safe and appropriate application.

In the event the District decides to implement a timeout as a behavioral strategy for a student with a disability, it will only be used in conjunction with a behavioral intervention plan that is designed to teach and reinforce alternative appropriate behaviors, as part of the student's IEP. The setting will provide a supervised area in order for the student to be safely de-escalated and regain self-control. If implemented, timeouts will be used in a manner consistent with State law, the Rules of the Board of Regents and the Commissioner's Regulations.

The District will inform the student's parent(s) or guardian(s) prior to the initiation of a behavioral intervention plan that will incorporate the use of a timeout. The District will further give the parent(s) or guardian(s) the opportunity to see the room or physical space that will be used and provide the parent(s) or guardian(s) with a copy of the District's policy on the use of timeouts.

A timeout will take place in a setting, including a room or physical space, that provides a means for continuous visual and auditory monitoring of the student. District staff will continuously monitor the student in a timeout. Staff must be able to see and hear the student at all times.

The setting used for timeouts will be of adequate width, length, and height to allow the student to move about and recline comfortably. Wall and floor coverings should be designed to prevent injury to the student. There will be adequate lighting and ventilation. The temperature of the setting will be within the normal comfort range and consistent with the rest of the building. The setting will be clean and free of objects and fixtures that could be potentially dangerous to a student. All local fire and safety codes will be observed.

Instruction**SUBJECT: PROGRAMS FOR STUDENTS WITH DISABILITIES UNDER THE IDEA AND NEW YORK'S EDUCATION LAW ARTICLE 89 [continued]**

The setting must be unlocked at all times. If there is a door, it must be able to be opened from the inside. Under no circumstances may a locked room or space be used for the purposes of a timeout.

C. Debriefing:

After every incident in which a timeout and/or protective hold is used on a student a school administrator or designee must meet with the school staff who participated to discuss the following:

- Circumstances leading to the use of a timeout and/or protective hold;
- The positive, proactive intervention strategies that were utilized prior to the use of timeout and/or protective hold;
- Planning for the prevention and reduction of the future need for timeout and/or protective hold with the student including, if applicable, whether a referral should be made for special education programs and/or other support services or, for a student with a disability, whether a referral for review of the student's individualized education program and/or behavioral intervention plan is needed.

A school staff member will debrief the incident with the student in a manner appropriate to the student's age and developmental ability and to discuss the behaviors, if any, that precipitated the use of timeout and/or protective hold.

D. Documentation and Notification:

The District shall document the use of emergency interventions for each student. This shall include the following:

- The student's name and date of birth;
- Date and time of incident;
- The setting and location of the incident;
- The staff members or other persons involved;
- A description of the incident and the intervention used, including the duration and type of restraint if used;
- A statement as to whether the student has an IEP, Section 504 accommodation plan, behavioral intervention plan, or other plan developed for the student by the school;
- List of all positive, proactive intervention strategies utilized prior to the use of a protective hold and for students with disabilities, whether those strategies were consistent with the student's behavior intervention plan, if applicable;

Instruction**SUBJECT: PROGRAMS FOR STUDENTS WITH DISABILITIES UNDER THE IDEA AND NEW YORK'S EDUCATION LAW ARTICLE 89 [continued]**

- Details of any injuries sustained by either the student or others, including staff, as a result of the incident;
- Date and method of notification to the parent or person in parental relation and whether a meeting with them was held, and
- Date of the debriefing.

Documentation of emergency interventions shall be reviewed by school supervisory personnel and, as necessary, the school nurse or other medical personnel. The student's parent(s)/guardian(s) shall be notified verbally of each incident of emergency intervention as soon as possible but not later than the end of the same calendar day. In the event the student's parent(s)/guardian(s) cannot be reached verbally, they will be electronically notified of the incident. Additionally, within three school days, the student's parent(s)/guardian(s) shall be provided the written documentation described above.

This documentation is also provided to the Building Principal, Office of Special Services, and the Superintendent of Schools who will collect and monitor data and patterns of use of timeouts and protective holds.

For students with disabilities, when the student's parent(s)/guardian(s) cannot be contacted after reasonable attempts are made, the principal shall record and report such attempts to the Committee on Special Education.

E. Staff Training:

The District shall provide staff training on the policies and procedures related to those staff members who may be called upon to implement timeout interventions or the use of protective holds. The District will also annually train all staff on the District's policies and procedures related to the use of timeout and protective hold; evidence-based positive, proactive strategies; crisis intervention and prevention procedures and de-escalation techniques.

Instruction**SUBJECT: PROVISION OF SPECIAL EDUCATION SERVICES IN THE LEAST RESTRICTIVE ENVIRONMENT**

The Board of Education recognizes its responsibility to ensure that students with disabilities eligible for special education programs and services under the IDEA and Article 89 of New York's Education Law receive those services in the least restrictive environment appropriate to meet their individual educational needs.

Therefore, the district will not place students with disabilities in special classes or separate schools, or otherwise remove them from the regular educational environment unless the nature or severity of their disability is such that their education cannot be achieved satisfactorily in regular classes, even with the use of supplementary aids and services. In addition, the district will provide special services or programs to enable students with disabilities to be involved in and progress in the general curriculum, to the extent appropriate to their needs.

To fulfill its responsibility to educate students with disabilities in the least restrictive environment, the district will implement the provisions of section 200.6 of commissioner's regulations.

Furthermore, and pursuant to those provisions, students with disabilities placed together for purposes of receiving special education will be grouped by similarity of individual needs including their range of academic achievement, functional performance and learning characteristics; social and physical development, and management needs.

The Superintendent or his/her designee will establish a process for ensuring that the CSE or CSE subcommittee Chairperson, as appropriate, obtains an up-to-date copy of those provisions at the beginning of each school year, and copies of any amendments that become effective during the school year.

The Board also recognizes that the least restrictive environment requirements established by applicable law and regulations also extend to nonacademic settings. Therefore, the district will provide students with disabilities the opportunity to participate with non-disabled students in school-sponsored co-curricular and extra-curricular activities, to the maximum extent appropriate to each individual student's needs. The district also will provide students with disabilities with supplementary aids and services the CSE or CSE subcommittee, as applicable, determines to be appropriate and necessary for the students to participate in such activities.

Instruction**SUBJECT: CONFIDENTIALITY AND ACCESS TO INDIVIDUALIZED EDUCATION PROGRAMS, INDIVIDUALIZED EDUCATION SERVICES PROGRAMS AND SERVICE PLANS**

The Board of Education recognizes the importance of ensuring the confidentiality of personally identifiable data pertaining to a student with a disability. Personally identifiable data will not be disclosed by any school district employee or member of a CSE/CPSE to any person (other than the parent of such student), organization or agency unless the parent or guardian of the child provides written consent; there is a valid court order for such information; or disclosure is permitted by law.

Personally identifiable data is defined in the policy on Student Records.

The Board of Education, while acknowledging the confidentiality requirement, believes that in order for each student with disabilities to receive the full benefit of his/her Individualized Education Program (IEP), Individualized Education Services Program (IESP) or Service Plan (SP), individuals responsible for implementing the program or plan must, prior to the implementation, fully understand the scope of their responsibility and the specific accommodations, modifications and supports to be provided.

To this end, this policy establishes procedures to ensure that any person having both direct contact with a student with an IEP, IESP or SP and a responsibility to provide a service, accommodation or program modification for the student in accordance with that student's IEP, IESP or SP shall be informed of his/her responsibilities under the IEP, and shall receive or have access to a copy of the student's IEP, IESP or SP as specified below.

I. IEP, IESP or SP Copies

At a CSE, CSE Subcommittee or CPSE meeting for each student, a determination will be made as to which general education teachers, special education teachers, related service providers and other service providers have responsibility to implement the recommendations on the student's IEP, IESP or SP. "Other service provider" means a representative of another public school district, charter school, BOCES program, child care institution school, Special Act school district, State-supported school, approved private in-state or out-of-state school and an approved preschool provider where the student receives or will receive IEP, IESP or SP services.

Instruction**SUBJECT: CONFIDENTIALITY AND ACCESS TO INDIVIDUALIZED EDUCATION PROGRAMS, INDIVIDUALIZED EDUCATION SERVICES PROGRAMS AND SERVICE PLANS [continued]**

The CSE, CSE Subcommittee and CPSE Chairpersons shall ensure that a paper or electronic copy of each student's IEP, IESP or SP is provided to each regular education teacher, special education teacher, related service provider and/or other service provider who is responsible for implementation of the program or plan. These individuals responsible for implementing an IEP, IESP or SP shall, in turn, ensure that all paraprofessionals (teacher aides and teacher assistants) and other providers responsible for assisting in implementation are given the opportunity to review their copy of the IEP, IESP or SP prior to program implementation as well as have ongoing access to such copy.

II. Notification of Responsibilities

In addition to disseminating copies of a student's IEP, IESP or SP, CSE, CSE Subcommittee and CPSE Chairpersons must designate one or more professional employees of the district with knowledge of the student's disability and program to inform each regular education teacher, special education teacher, related service provider, other service provider, paraprofessional, and other provider and support staff person of his or her responsibility to provide specific accommodations, program modifications, supports and/or services for the student in accordance with the IEP, IESP or SP. In selecting the professional staff person(s), the chairperson could select him/herself for this responsibility, another administrator, or a teacher, related service provider or other professional, as appropriate.

III. Confidentiality

All copies of a student's IEP, IESP or SP provided or made accessible under this policy must remain confidential, and shall not be redisclosed to any other person, except in accordance with the Individuals with Disabilities Education Act (IDEA) and the Family Educational Rights and Privacy Act (FERPA). To ensure such confidentiality, the CSE and CPSE Chairpersons shall include with each IEP, IESP or SP copy provided or made accessible under this policy, a copy of the Board's policy on student records (Policy 5500). All IEP, IESP or SP copies must remain in a secure location on school grounds at all times. If IEP copies are transmitted and/or provided electronically, security systems (e.g., password protect a file or folder) must be implemented to prevent unauthorized internal and external access to the student's IEP, IESP or SP.

Instruction

SUBJECT: CONFIDENTIALITY AND ACCESS TO INDIVIDUALIZED EDUCATION PROGRAMS, INDIVIDUALIZED EDUCATION SERVICES PROGRAMS AND SERVICE PLANS [continued]

IV. Documentation

The designated professional employee(s) defined in section II above shall obtain the signature of each person covered by this policy, indicating that he or she:

1. has received either a copy of the student's IEP, IESP or SP or the opportunity to review the IEP, IESP or SP prior to its implementation, as required under state law and regulation;
2. has been informed of their responsibilities for implementation;
3. has knowledge of where the IEP, IESP or SP is to be maintained; and
4. has an understanding of the confidentiality requirements.

At the end of the school year or whenever the IEP has been revised, the CSE and CPSE Chairperson shall collect all IEP copies provided under this policy and destroy them.

SUBJECT: DISTRICTWIDE AND STATEWIDE ASSESSMENTS OF STUDENTS WITH DISABILITIES

The Board of Education recognizes the importance of offering access and appropriate testing accommodations to eligible students so that they can participate in assessment programs on an equal basis with their nondisabled peers. Two elements that contribute to an effective assessment program are proper use of use of accommodations and use of universal design principles in developing and administering tests.

Testing Accommodations

Testing accommodations provide an opportunity for students with disabilities to:

- Participate in the instructional and assessment program;
- Demonstrate their strengths, knowledge and skills without being restricted by their disability; and
- Provide an accurate measure of the standards being assessed so that appropriate instruction and services can be provided.

Testing accommodations are changes made in the administration of the test in order to remove obstacles to the test-taking process that are presented by the disability without changing the constructs being tested. Examples of testing accommodations are: flexibility in scheduling/timing; flexibility in the setting for the administration of the test; changes in the method of presentation and changes in the method of response. Testing accommodations are neither intended nor permitted to: alter the construct being measured or invalidate the results, provide an unfair advantage for students with disabilities over students taking the test under standard conditions or substitute for knowledge or abilities that the student has not attained.

The Committee on Special Education, the Subcommittee on Special Education or the Committee on Preschool Special Education is responsible for recommending the appropriate test accommodations and including those recommendations on the student's Individualized Education Program (IEP), Individualized Education Services Program (IESP) or Service Plan (SP). If it is determined that a student should participate in alternative assessments instead of the standard statewide or districtwide tests, the CSE must indicate the reasons for doing so on the IEP, IESP or SP. The 504 committee will include the appropriate test accommodations as part of the 504 plan.

The recommendations will be reviewed annually by the CSE, CSE subcommittee, CPSE or 504 team. The Board acknowledges the importance of integrating the assessment program with the instructional program and, to that end, encourages effective communication among district staff so that implementation is consistent and fair. The goal is to provide effective assessments that allow students to benefit from their educational program.

Instruction

SUBJECT: DISTRICTWIDE AND STATEWIDE ASSESSMENTS OF STUDENTS WITH DISABILITIES [continued]

In some situations, a building principal may authorize the use of testing accommodations in accordance with this policy. Those instances are limited to cases where a regular education student incurs a disability, such as, but not limited to, a broken arm, without sufficient time for the CSE, CPSE and/or Section 504 Committee to make a recommendation prior to a test. They do not include cases where the student is already being evaluated to determine his or her eligibility for status as a student with a disability. In exercising this authority, the building principal will rely on his or her professional judgment. He or she also may confer with CSE, CPSE and/or Section 504 Committee members.

Universal Design Principles in Districtwide Assessments

The Board of Education recognizes the benefits of using the principles of universal design to further the goal of ensuring equal access to districtwide assessments and to ensure the most accurate measure of the performance of all students. The Board directs the Superintendent or his/her designee, in consultation with appropriate school staff, to examine how universal design principles can be incorporated into the district's assessment program, and to facilitate its use to the extent feasible. Any steps taken in this regard will be consistent with this policy and applicable State Education Department policy and/or guidance on the use of universal design principles.

At a minimum, the Superintendent or his/her designee will explore how district assessments can be:

1. Made more usable by students with diverse abilities.
2. Designed to better accommodate a wide range of individual preferences and abilities.
3. Made more understandable.
4. Made to communicate necessary information to students more effectively.
5. Designed to minimize adverse consequences of accidental or unintended actions.
6. Used more efficiently and comfortably and with a minimum of student fatigue.

SUBJECT: DISCIPLINE OF STUDENTS WITH DISABILITIES

Instruction**SUBJECT: INDEPENDENT EDUCATIONAL EVALUATIONS**

The Board of Education recognizes the right of parents or guardians of a student who has or is thought to have a disability to receive an independent evaluation at public expense if they disagree with the evaluation obtained by the Committee on Special Education (CSE) or the Committee on Preschool Special Education (CPSE).

The independent examination shall be conducted by a qualified examiner who is not employed by the school district responsible for the child's education. Upon request, parents will be provided with a list of public and private agencies and professional resources where independent evaluations may be obtained. These publicly-funded independent evaluations shall be limited to the same geographic and fiscal limitations as used by the district when it initiates an evaluation.

The District has the right to initiate an impartial hearing to demonstrate that its evaluation is appropriate. If the hearing officer determines that the District's evaluation was appropriate, a parent or guardian is not entitled to reimbursement at public expense.

The Board directs the Superintendent of Schools to develop regulations establishing maximum allowable fees for specific tests, the geographic area in which such evaluations may take place, and minimum qualifications of the professionals who administer and interpret various tests.

Instruction**SUBJECT: PUBLIC REPORT ON REVISIONS TO DISTRICT POLICIES, PRACTICES AND PROCEDURES UPON A FINDING OF SIGNIFICANT DISPROPORTIONALITY**

The Board of Education recognizes that, despite the District's best efforts, there may be times when there might be a disproportionate representation of racial and ethnic groups in its special education programs and services, and/or with respect to the suspension of students with disabilities. To minimize the risk of such an occurrence, the Board has endeavored to adopt policies, practices and procedures for the district that are consistent with the IDEA and Article 89 of New York's Education Law, and their implementing regulations.

Nonetheless, upon learning of a significant disproportionality either in the suspension, identification, classification and/or placement of the district's students with disabilities, the Board will immediately review the District's policies, practices and procedures to determine whether they are fully compliant with the requirements of the IDEA and Article 89, or require revisions. If changes are needed, the Board will take immediate steps to adopt and implement any and all necessary revisions.

The Board will inform the public of any revisions to the District's policies, practices and procedures undertaken as a result of a finding of significant disproportionality. The Superintendent will notify school personnel responsible for implementing the revisions.

Instruction**SUBJECT: PRESCHOOL SPECIAL EDUCATION**

The Board of Education recognizes the value of early intervention to address the needs of preschool children with disabilities. The Board further recognizes its responsibility to ensure that all resident preschool children with disabilities have the opportunity to participate in preschool programs, approved by the Commissioner of Education, from which they may benefit educationally. The Board authorizes the Superintendent of Schools or his/her designee to establish administrative practices and procedures which shall include:

1. locating, identifying, evaluating, referring and placing all preschool children (generally ages three and four) with disabilities. The register of children eligible to attend a preschool program is to be maintained and revised annually by the Committee on Preschool Special Education (CPSE);
2. ensuring that the parent(s)/guardian(s) of preschool age children with disabilities have received and understand the request for consent for evaluation of their child;
3. developing an individualized education program (IEP) for each preschool age child with a disability;
4. appointing appropriately qualified personnel to the CPSE and ensuring that preschool education providers with whom the district contracts have appropriately trained and qualified personnel.
5. maintaining lists of impartial hearing officers and of State Education Department-approved special education programs within the county and adjacent counties in which the district is located;
6. preparing and keeping on file summary reports of student data including the number of preschool students with disabilities served, as well students referred but not served and the reasons why they are not served; and
7. reporting to the State Education Department the data on preschool children with disabilities as required, on a form prescribed by the Commissioner.

The duties described above will be carried out within the timeframes established by statute and regulation.

SUBJECT: PRESCHOOL SPECIAL EDUCATION [continued]

The Board of Education hereby establishes the CPSE as required under the Education Law. Its responsibilities will include the evaluation and recommendation for placement in appropriate approved programs and the provision of appropriate special education programs and services for each preschool child with a disability. The CPSE shall review, at least annually, the status of each preschool child with a disability. It is ultimately the responsibility of the Board to arrange for the appropriate approved preschool program and services for the district's children. Should the Board disagree with the CPSE's recommendations, it shall send the recommendation back to the CPSE so that they may schedule a timely meeting to review the Board's concerns and to revise the IEP, as deemed appropriate.

In the event that a parent/guardian files a due process complaint, a meeting must be convened between the parent/guardian and representatives of the district to try and resolve the complaint within 15 days of receiving the notice, and before the initiation of an impartial hearing. Parents/guardians and the district will jointly determine who should be present at this meeting.

If an agreement cannot be reached, parent/guardians shall be offered mediation to resolve complaints regarding the education of preschool children with disabilities at the same time notice of the availability of an impartial hearing is provided.

The CPSE shall make an annual report on the status of each preschool child with a disability and report on the adequacy of preschool special education programs and services to the Board.

The Board directs the Superintendent or his/her designee to develop and maintain a plan which incorporates information concerning the provision of services for preschool children with disabilities, pursuant to the Regulations of the Commissioner of Education.

Instruction**SUBJECT: DIPLOMA OR CREDENTIAL OPTIONS FOR STUDENTS WITH DISABILITIES**

The District will provide students with disabilities appropriate opportunities to earn a diploma or other exiting commencement credential in accordance with Commissioner's regulations. During the student's annual review, the District will evaluate graduation opportunities and identify the means to achieve them. As part of this process, the District:

- a) Will coordinate activities with guidance personnel and BOCES staff to ensure that students meet credit and sequence requirements and to consider them for vocational opportunities.
- b) May modify instructional techniques and materials. Any modifications will be included on a student's Individual Education Plan (IEP) so that they can be implemented consistently throughout the student's program.
- c) Will review special education instructional programs to ensure equivalency with the same courses taught in the general education program.
- d) Will coordinate communication between special and general education staff so that all staff members understand required skills and competencies, and to establish equivalency of instruction in special education classes.

Graduation and transition plans will take into account the various pathways available to these students. For students with IEPs, the District will plan transition services for post-secondary life as early as possible, but no later than the school year in which the student turns age 15. The transition activities will be focused on improving both the student's academic and functional achievement. The plan will explore post-secondary opportunities and employment options and, if applicable, connection with adult service agencies that may provide the student with services after exiting school.

The District may award these diplomas or credentials, or both:

- a) Local diploma: available to students with an IEP or a Section 504 accommodation plan that specifies a local diploma. Students must comply with credit requirements. The available assessments to earn a local diploma include:
 1. Low-pass safety net option: students must achieve a score of 55 or higher on five required Regents exams.
 2. Low-pass safety net and appeal: available to students who score 52-54 on a Regents exam, successfully appeal that score, and meet all appeal conditions.
 3. Regents Competency Test (RCT) safety net option: a student who enters grade 9 before September 2011 must pass a corresponding RCT if he or she does not attain a score of 55 or higher on the Regents examination.

Instruction**SUBJECT: DIPLOMA OR CREDENTIAL OPTIONS FOR STUDENTS WITH DISABILITIES**
[continued]

4. Compensatory safety net option: except for scores on ELA and math exams, students may use one Regents exam score of 65 or above to compensate for a Regents exam score of 45-54. Students must score at least 55 (or successfully appeal a score of 52-54) on both the ELA and a math exam.
 5. Superintendent's determination: students who are unable to demonstrate their proficiency on standard state assessments because of one or more disabilities may be able to graduate upon the Superintendent's review and written certification of their eligibility. The Superintendent will make a determination after receiving written request from an eligible student's parent or guardian.
- b) Career Development and Occupational Studies commencement credential (CDOS): any student who is not assessed using the New York State Alternate Assessment (NYSAA) may earn the CDOS commencement credential as a supplement to a Regents or local diploma or as his or her only exiting credential if the student attended school for at least 12 years, excluding kindergarten. The student must meet criteria specified by the State Education Department (SED) confirming that he or she has attained the standards-based knowledge, skills, and abilities necessary for entry-level employment.
- c) Skills and Achievement commencement credential: students with severe disabilities who are assessed using the NYSAA may earn the SA commencement credential. They must attend school for at least 12 years, excluding kindergarten. The District must document the student's skills, strengths, and levels of independence in academic, career development, and foundation skills needed for post-secondary life.

- a) A child who is three years of age on or before December 1 is eligible for services beginning September 1st of the calendar year in which the child becomes three.
- b) A child who becomes three years of age on or before April 1st of a particular year is eligible for services beginning January 2nd, unless the child is already receiving services under Section 236 of the Family Court Act.
- c) A child remains eligible for preschool programs and services through the month of August of the year in which the child first becomes eligible to attend school if the child is severely disabled, meets the requirements for 12-month programming and 12-month programming is recommended on the child's Individualized Education Program (IEP).
- d) A child must be classified as having an educational disability in accordance with the eleven disability conditions specified in Part 200 of the Regulations of the Commissioner of Education.

SUBJECT: PARENT INVOLVEMENT

The Wallkill Central School District recognizes the importance of the role of parents in the academic pursuits and achievement of their children and subscribes to the requirements set forth in state and federal regulations for the purposeful involvement of parents in their child(ren)'s educations. To these ends, the District's mission is to enhance the educational programs of its student population through an active, productive parent-school partnership. Its goal is to increase the constructive, on-going involvement of parents in the educations of their children.

The following procedures and guidelines are intended to facilitate the institution of opportunities for parents and teachers with administrators to participate in making shared-decisions about educational issues in a school-based forum.

Each building will establish and maintain a committee, representatives of teachers, parents, administrators, support personnel and community resources as appropriate to the specific task or educational program. Membership composition, while delineated, will be compliant to assure that specific requirements of individual programs are met. Records and materials maintained with student's pupil personnel will be subject to the requirements of the Family Educational Rights and Privacy Act. Due process for parents and children will be governed by existing state regulations. Information, to the extent practicable, will be provided to parents in a language and form that parents can understand.

Each Title I designated school will:

- a) Convene an annual meeting at a convenient time to which all parents of participating children shall be invited and encouraged to attend. Parents shall be advised and informed of their school's participation in Title I and their rights to be involved within the Title I Program.
- b) Offer a flexible number of meetings in the morning and/or evening and may provide, subject to adequate funding availability, transportation, child care, or home visits, as such services relate to parent involvement.
- c) Involve parents in the joint planning of school programs.
- d) Provide parents with timely information concerning both Title I and other school or agency programs such as Head Start, Academic Intervention Services, etc.

SUBJECT: PARENT INVOLVEMENT [continued]

- e) Provide parents with school profiles and their individual child's assessment results, including an interpretation of these results.
- f) Give parents a description and explanation of the curriculum in use at the school, the forms of assessments used to measure student progress, and the proficiency levels students are expected to meet.
- g) Arrange opportunities for regular meetings to share suggestions, provide training, communicate experiences with other parents, and participate as appropriate in decisions relating to the education of their children if parents so desire.
- h) Provide parents with timely responses to parental suggestions.

Instruction**SUBJECT: SURROGATE PARENTS**

In the event that no parent for a child with a disability can be identified or after reasonable efforts, the whereabouts of the parent cannot be determined, or the child with a disability is a ward of the state, the Board shall assign an individual to act as a surrogate for the parents. The person selected as a surrogate shall have no interest that conflicts with the interest of the child he/she represents, and shall have knowledge and skills that insure adequate representation of the child.

It is the duty of the School District to determine whether a child needs a surrogate parent and to assign a surrogate parent in the manner permitted under New York State law.

Instruction**SUBJECT: IMPARTIAL HEARING OFFICER**

In the event of a hearing called as a result of the initial identification or change in identification, evaluation or educational placement of a child with a disability or the provision of a free, appropriate public education to the child, an Impartial Hearing Officer shall be appointed by the Board of Education and must be appointed in accordance with the rotational selection process pursuant to the Commissioner's Regulations.

The Impartial Hearing Officer must be certified by the Commissioner of Education as a hearing officer eligible to conduct hearings and may not be a person who is an employee, officer, or agent of this District or of the Board of Cooperative Educational Services of which such school district is a component, or an employee of the Education Department, who may have a personal or professional interest which would conflict with his/her objectivity in the hearing. District employees who may be called as witnesses at an impartial hearing shall not be involved in the selection of the hearing officer.

Use of Guardians Ad Litem at Impartial Hearings

An impartial hearing officer, duly designated by the Board of Education, is authorized to appoint a guardian ad litem, unless a surrogate parent has previously been assigned, whenever the impartial hearing officer determines that the interests of the parent are opposed to or inconsistent with those of the child, or that for any reason the child's interests would best be protected by an appointment of a guardian ad litem.

The guardian ad litem must be familiar with the provisions of Part 200 of the Commissioner's Regulations and must be appointed from the list of surrogate parents or be a pro bono attorney appointed to represent the interests of the child in an impartial hearing. A guardian ad litem represents the student's interests for the duration of the hearing and has the right to fully participate in the hearing to the extent indicated in Commissioner's Regulations. However, the guardian ad litem may not initiate an appeal to the State Review Officer but may join an appeal initiated by the parent or the Board of Education.

The impartial hearing officer must ensure that the procedural due process rights of the child's parents are fully preserved and protected throughout the hearing whenever a guardian ad litem is appointed.

It shall be the policy of the Wallkill Central School District to select, appoint and reimburse impartial hearing officers in the following manner:

Selection and Appointment

- a) Within two business days after the District receives a written request for an impartial hearing, the District Clerk shall initiate attempts to contact that hearing officer whose name next follows the last hearing officer appointed by the Board of Education on the rotational list established by the State Education Department. The District Clerk shall first attempt contact by telephone call. If unsuccessful at reaching the hearing officer, the District Clerk shall leave a message (if voice mail is available) or send a letter by overnight mail, informing the hearing officer that:
 1. A hearing has been requested concerning a student (identify the student only by number) and the name of the school district;
 2. The hearing officer's name is the next one on the rotational list; and
 3. The hearing officer must contact the District Clerk (leave telephone number) no later than 24 hours from the date of the telephone message I left and/or the date of the correspondence.
- b) If the hearing officer declines appointment, or fails to respond 24 hours after being telephoned or sent a letter by overnight mail, the District Clerk will, according to the procedures outlined above, offer the appointment to each successive hearing officer whose name appears on the rotational list until it is accepted.
- c) No appointment may be accepted, unless the hearing officer shall be formally appointed by:
 1. Resolution adopted by the Board of Education; or
 2. A letter signed by any one member of the Board of Education.
- d) Any member of the Board of Education is hereby delegated with the authority to immediately appoint impartial hearing officers who are selected in accordance with these procedures.

Instruction**SUBJECT: IMPARTIAL HEARING OFFICER SELECTION, APPOINTMENT AND REIMBURSEMENT [continued]****Reimbursement**

- a) Reimbursement will be made at the per diem and hourly rates currently approved by the State Education Department pursuant to Section 4404(1) of the Education Law.
- b) The District will not reimburse impartial hearing officers for administrative assistance, secretarial or other overhead expenses.
- c) The District will, upon review and approval of properly submitted receipts, reimburse impartial hearing officers for automobile travel at the IRS approved rate and for tolls reasonably and necessarily incurred in the hearing.
- d) In addition to hearing time itself, the Board will reimburse, at the hourly rate, for time actually expended by the impartial hearing officer for:
 - 1. Scheduling the hearing;
 - 2. Pre-hearing conference calls (if necessary);
 - 3. Scheduling letters;
 - 4. The Board will also reimburse hearing officers for time necessarily and actually expended in the preparation of the Decision.
- e) A copy of this policy will be forwarded to the impartial hearing officer at the time of appointment.

Adopted: 2/20/02

Instruction**SUBJECT: STUDENT PROGRAM ACCESSIBILITY**

The Board of Education affirms its compliance with those sections of the Rehabilitation Act of 1973 dealing with program accessibility.

Section 504 of the Rehabilitation Act prohibits discrimination against qualified individuals with disabilities in federally assisted programs or activities solely on the basis of disability. The District shall make its program and facilities including non-academic and extracurricular programs and activities accessible to all its students with disabilities. Parents/legal guardians of students with disabilities, including those students placed in out-of-district programs, shall receive timely notice of such District programs and activities.

The District official responsible for coordination of activities relating to compliance with Section 504 is the Superintendent of Schools. This official shall provide information, including complaint procedures, to any person who feels his/her rights under Section 504 have been violated by the District or its officials. The Superintendent of Schools or designee should also serve as a Hearing Officer for appeals of Section 504 decisions.

Rehabilitation Act of 1973

Instruction**SUBJECT: TEMPORARY PLACEMENT OF STUDENTS WITH DISABILITIES**

The Board of Education authorizes the Chairperson for the Committee on Special Education to make an immediate, temporary placement of a previously classified disabled student in an appropriate educational program, contingent upon obtaining written parental approval to do so, to prevent such a student from being denied the benefit of the program while the Committee on Special Education is in the process of reviewing the referral documents and formulating their recommendation.

Upon completion of the review, a recommendation shall be submitted to the Board from the Committee on Special Education for each case whereby temporary placement will be made.

Adopted: 3/18/93

Instruction**SUBJECT: PROVISION OF INTERPRETER SERVICES TO PARENTS WHO ARE HEARING IMPAIRED**

The Board of Education assures parents or persons in parental relationship who are hearing impaired the right to meaningful access to school initiated meetings or activities pertaining to the academic and/or disciplinary aspects of their children's education. School initiated meetings or activities are defined to include, but are not limited to, parent-teacher conferences, child study or building-level team meetings, planning meetings with school counselors regarding educational progress and career planning, suspension hearings or any conferences with school officials relating to disciplinary actions. The term "hearing impaired" shall include any hearing impairment, whether permanent or fluctuating, which prevents meaningful participation in School District meetings or activities.

Parents or persons in parental relationship shall be notified of the availability of interpreter services to be provided at no charge, provided that a written request is made to the School District within 5 school days. Exceptions to the time frame request may be made for unanticipated circumstances as determined by the principal/designee. The District shall also notify appropriate school personnel as to the terms and implementation of this policy.

If interpreter services are requested, the District shall appoint an interpreter for the hearing impaired to interpret during the meeting or activity. The District will arrange for interpreters through a District-created list or through an interpreter referral service. The District shall also develop interagency agreements, as appropriate; to ensure that sign language interpreters are provided for eligible parents or persons in parental relationship when District students attend out-of-District schools or programs.

In the event that an interpreter is unavailable, the School District shall make other reasonable accommodations which are satisfactory to the parents or persons in parental relationship. Examples of what constitutes reasonable accommodations in the event an interpreter cannot be located may include, but are not limited to, the use of:

- a) Written communications, transcripts, note takers, etc.; and
- b) Technology, such as: a decoder or telecommunication device for the deaf, assistive listening devices, and closed or open captioning.
