PHYSICAL/IMMUNIZATION REQUIREMENTS

New York State Public Health Law requires physicals for children new to the district, entering Kindergarten or in grades 2, 4, 7, and 10.

New York State Public Health Law requires immunization before children attend public or private schools unless the parent provides written proof of legal exemption or proof from a health care provider that the child is in the process of receiving the required immunizations. In some instances, doctor verified disease histories or blood tests, which show immunity, are acceptable. Immunizations may be done by your health care provider, Ulster County Health Department (845-340-3070) or Orange County Health Department (845-360-6580).

No child may enter school without proof of the required immunizations or proof of legal exemption. If you have any questions, please contact the Health Office at your child's school.

- ◆ **Diphtheria/Pertussis/Tetanus:** 4 to 5 doses administered as DPT, DT, DTaP or TD by 4-6 years of age.
- ◆ **Tdap:** 1 dose, required for students enrolling in grades 6-12 who have not previously received a Tdap.
- ◆ **Polio:** 3 to 4 doses of IPV. The 4th dose administered between 4-6 years of age.
- ◆ **Measles, Mumps, Rubella/German Measles (MMR):** 2 doses are required Kindergarten through 12th grade. First dose after 12 months through 15 months and the second dose at 4-6 years of age.
- ◆ **Hepatitis B:** (3 doses on a 0, 1, 6 month schedule for children in grades K - 12.
- ◆ **Varicella (Chickenpox):** all students entering kindergarten, 1st- 6th grade and 7th in the 2017-18 school year are required to have two doses of the varicella (chickenpox) vaccine. All other students will be able to attend school this year with one dose of varicella.
- ◆ **Meningococcal conjugate:** 1 dose, required for students entering 7th grade and second dose by 12th grade. If first dose was after age 16, second dose is not required.
- ◆ **Physical:** (new entrants, Kindergarten, grades 2, 4, 7, 10) and once yearly for those in school based sports.

Please note: Varicella (Chickenpox) immunizations can be waived due to:

- *History of Varicella disease documented by a health care provider;*
- *Serological evidence of immunity.*

Legal reasons and requirements for all immunizations to be waived:

- *Parents' religion (include religious exemption immunization form);*
- *Physician medical exemption or diagnosed disease (include statement from physician).*

Message from the Superintendent of Schools

Summer 2017

Dear Wallkill Community,

We are very excited to welcome our students, faculty and staff back for the 2017-2018 school year. As a reminder, September 5th is Superintendent's Conference Day and September 6th is the first day of school for our students.

In May, the community overwhelmingly supported our budget, which allowed us to maintain and enhance our programs. Furthermore, due to long range planning and the establishment of reserves, the levy increased 1.99%, which was at the limit and the second lowest over the last fifteen (15) years.

In September, all of our students in grades K-8 will have access to one-to-one devices (Chromebooks) due to a grant we received from the State. In fact, our 7th and 8th graders will have the opportunity to bring the device home to allow them access to technology outside the walls of our schools. In 2018-2019, grades 9-12 will have this same opportunity. Our technology initiative is giving our students opportunities to be active participants in the classroom and provides them with deeper learning experiences.

This coming year, we are looking forward to working with our new bus company, East End Bus Lines, Inc. We are excited about the options the new busses will provide, such as three (3) interior cameras and air conditioning. Furthermore, most of the busses will run on propane, which will have a positive impact on our environment.

This summer, Brian Devincenzi, Assistant Superintendent for Support Services, collaborated with East End Bus Lines, Inc., to develop alternate bus routes for those routes that will be impacted by the two bridge closures in our District (Route 32 and Bruyn Turnpike). Although we have planned accordingly, there may be unforeseen delays that could impact some of our bus routes during the first few days of school. If we encounter major delays, we will communicate this to the impacted families. The bus routes that have been adjusted can be found in this issue of LAW and on our website.

In the 2017-2018 school year, we will also be working with a new food service vendor, Whitsons School Nutrition Corp. They will be providing our students nutritious meals and will be introducing Boar's Head deli meats to our middle school students. If you have any question or concerns about your child's account or the food service program, please contact Amy Bishopp at 895-7192.

We are a community that values education and I am proud to serve you as Superintendent of Schools. A strong partnership between the school and home has a positive impact on student achievement. It is imperative that we continue to work together to ensure our students receive the education they deserve.

I look forward to welcoming everyone back to school in September!

Sincerely,

*Kevin Castle
Superintendent of Schools*

SCHOOL LUNCH INFORMATION

In 2017-18 the District will continue to implement changes to our food service program to be in compliance with the new nutritional standards set forth in the Healthy, Hunger-Free Kids Act of 2010. Additional information on the new law can also be found on our website. **We have not increased our breakfast prices for the 2017-2018 school year, however the lunch prices at both the elementary and secondary levels will increase by \$.10. School lunch and breakfast prices for the 2017-2018 school year are as follows: \$1.55 for Elementary School student lunches and \$1.75 for Middle and High School student lunches.** Breakfast prices in all schools will be \$.75. Milk prices in all schools will be \$.50 per carton. Our lunch prices are well below the State standard of \$2.78. However, under the new law, school districts may have to increase prices each year based on a formula prescribed by law.

Families with incomes at or below a certain amount for their family size are reminded that they may be eligible for free and/or reduced price meals (breakfast and lunch). Application forms were sent to parents in August. If additional forms are needed, they can be obtained from your school's Health Office or online at www.wallkillcsd.k12.ny.us under the Departments tab: Food Services link. Parents should review these guidelines carefully and if eligible, they are encouraged to apply for this program. The application contains information needed to determine economic need based on income and the number of people in the family. Information contained within the application is strictly confidential and will be used only for the purpose of determining eligibility. The free and/or reduced price meal policy also provides that there will be no identification of or discrimination against any student unable to pay the full cost of a meal.

Applications should be completed with all your children's names on one application and returned to your child's Health Office during the first two weeks of school. Applications can be submitted later during the school year if family situations change. For example, if a family member becomes unemployed, if the family size decreases, or if the family income increases by more than \$50 per month (\$600 per year), the family must contact the school to file a new application. When applying for this program, all questions on the application must be answered completely to be considered for approval by the District. Parents or guardians must sign the application form certifying that the information is true and correct.

In certain cases, foster children may be eligible for these benefits. A family may wish to apply for meals for eligible foster children and should do so by contacting the school their foster child attends.

Under provisions of the District's policy, a designated official will review applications and determine eligibility. Parents may make either an oral or written request to appeal this decision. Appeals should be addressed to Mr. Brian Devincenzi, Assistant Superintendent for Support Services, who is the District Hearing Officer for these appeals.

Prior to initiating the hearing procedure, the parent or School Food Authority may request a conference to provide an opportunity for the parent or official to discuss the situation, present information and to obtain an explanation of the data submitted in the application or the decision rendered. A request for a conference shall not in any way prejudice or diminish the right to a fair hearing.

In the operation of these programs, no child shall be discriminated against because of race, sex, color, national origin, age or handicap. If you believe that there has been any discrimination, you may write to the Secretary of Agriculture, Washington, D.C., 20250.

A complete copy of the free and reduced meal price policy is on file in the School Food Authority District Administration Office (Mr. Brian Devincenzi, Assistant Superintendent for Support Services), where it may be reviewed.

BODY MASS INDEX (BMI)

As part of a required school health examination, a student is weighed and his/her height is measured. These numbers are used to determine the student's body mass index or "BMI." The BMI helps the doctor or nurse know if the student's weight is in a healthy range or is too high or too low. Recent changes to the New York State Education Law require BMI and weight status group be included as part of the student's school health examination. We are required to report to the New York State Department of Health information about our students' weight status groups. Only summary information is sent. Names and information regarding students are **NOT** sent. However, you may choose to have your child's information excluded from the report. This information sent to the New York State Department of Health will help state health officials develop programs designed to improve children's health.

Please notify your child's Health Office Nurse, in writing, if you do not wish to have your child's weight status group information included as part of the Health Department's survey this year. We are grateful for your cooperation. We look forward to working with you to make your child's school year a positive experience.

Again, if you have any questions, please contact the Health Office Nurse at your child's school. Thank you.

WALLKILL CENTRAL SCHOOL DISTRICT NOTICE AND SUMMARY OF SEXUAL HARASSMENT PROCEDURE

1. **Definition:** Any conduct by a person of the opposite sex or same sex, another student, District employee or third party, such as volunteers, vendors, contractors or visitors, which a reasonable person, who is the object of such conduct, would conclude is:

a. Unwanted touching of a sexual nature of any part of the second person

-or-

An unwanted expression which intimidates, embarrasses or offends the second person.

b. Sexual harassment includes but is not limited to:

- i) making sexual comments, jokes, gestures or looks;
- ii) touching, grabbing or pinching in a sexual way;
- iii) intentionally brushing up against someone;
- iv) flashing or mooning;
- v) spreading sexual rumors about a person;
- vi) pulling at someone's clothing in a sexual way;
- vii) showing, giving or leaving sexual pictures, photographs, illustrations, messages or notes;
- viii) forcing someone to kiss you or do something sexual other than kissing;
- ix) spying on someone while dressing or showering;
- x) calling someone a "fag" or a "lesbian" or "gay";
- xi) any written, verbal, symbolic or vulgar act directed at or implied toward any person's gender (identity, expression and nonconformity to gender stereotypes) and/or sexual orientation.

2. If you believe you have been subjected to and/or witnessed any of the above conduct, you must make a report (either oral or in writing) which should be given to a teacher, counselor, assistant principal, the principal or the District Compliance Officer.

3. Your right to privacy will be respected as much as possible.

4. We take seriously all reports of sexual harassment and will take all appropriate actions based on your report. If you believe that you or another individual has been the subject of sexual harassment, you may contact Brian Devincenzi, District Compliance Officer, at 895-7102 for a copy of the Grievance Procedure and for assistance in processing such a grievance.

5. The School District will also take action if anyone tries to intimidate you or take action to harm you because you have reported an incident.

WALLKILL CENTRAL SCHOOL DISTRICT NOTICE OF NON-DISCRIMINATION

1. All students of the Wallkill Central School District have a right to feel respected and safe. Consequently, we want you to know about our policy to prevent discrimination based on race, color, creed, ethnicity, national origin, religion, religious practice, disability, sexual orientation, age, sex (including sexual harassment), gender (identity, expression and nonconformity to gender stereotypes), weight, predisposing genetic characteristics, marital status, military status, and domestic violence victim status. This policy applies to students in connection with all academic, educational, extra-curricular, athletic, and other programs of the school whether they take place in the facilities of the school, on a school bus, at a class or training program sponsored by the school at another location, or elsewhere.

2. Discrimination may include, but is not limited to the following, when based on one's membership in a protected category:

- a. name calling, jokes or rumors;
- b. pulling on clothing;
- c. graffiti;
- d. notes or cartoons;
- e. unwelcome touching of a person or clothing;
- f. offensive or graphic posters or book covers;
- g. any words or actions that make you feel uncomfortable, embarrass you, hurt your feelings or make you feel bad; or denial of access to a school program or activity.

3. If any words or actions by another student, District personnel, or third party, such as volunteers, vendors, contractors, or visitors, make you feel uncomfortable, embarrassed, angry or unsafe, and you perceive that such conduct is being exhibited as a result of your race, color, creed, ethnicity, national origin, religion, religious practice, disability, sexual orientation, age, sex (including sexual harassment), gender (identity, expression and nonconformity to gender stereotypes), weight, predisposing genetic characteristics, marital status, military status, or domestic violence victim status, you must make a report (either oral or in writing) which should be given to a teacher, counselor, assistant principal, the principal or the District Compliance Officer.

4. Your right to privacy will be respected as much as possible.

5. We take seriously all reports of discriminatory conduct and will take all appropriate actions based on your report.

6. The School District will also take action if anyone tries to intimidate you or take action to harm you because you have reported an incident.

7. This is a summary of the School District non-discrimination policy. Complete policies and procedures are available in the District Office upon request.

8. Students considering themselves to have a grievance against the District on the basis of race, color, creed, ethnicity, national origin, religion, religious practice, disability, sexual orientation, age, sex (including sexual harassment), gender (identity, expression and nonconformity to gender stereotypes), weight, predisposing genetic characteristics, marital status, military status, or domestic violence victim status may contact Brian Devincenzi, District Compliance Officer, at 895-7102 for a copy of the Grievance Procedure and for assistance in processing such a grievance.

WALLKILL CENTRAL SCHOOL DISTRICT PROCEDURES FOR ACCESS TO STUDENT RECORDS

Information sharing falls under the Family Educational Rights and Privacy Act (FERPA). FERPA provides parents and students over 18 years of age certain rights with respect to the student's education records, mainly the right to consent to the disclosure of information. Generally, schools must have written permission from the parent or eligible student before releasing any information from the student's record. This law applies to any school that receives funding under an applicable US Department of Education program. However, it does provide some exceptions that allow schools to disclose student records without consent.

Exceptions to FERPA:

FERPA allows disclosure without the consent of parents (or students 18 and over) to the following parties:

- *school employees who have a need to know;*
- *other schools to which a student is transferring;*
- *certain government officials in order to carry out lawful functions;*
- *appropriate parties in connection with financial aid to a student;*
- *organizations conducting certain studies for the school;*
- *accrediting organizations;*
- *individuals who have obtained court orders or subpoenas;*
- *persons who need to know in cases of health and safety emergencies;*
- *state and local authorities within a juvenile justice system, pursuant to specific law; and*
- *military recruiters for recruiting purposes (unless a parent makes a written request to the District to the contrary).*

According to FERPA, a school can disclose information without consent to school officials with legitimate educational interests.

FERPA defines a "school official" as:

a person employed by the district as an administrator, supervisor, instructor, or support staff member (including health or medical consultant, or therapist); or a parent or student serving on an official committee, such as a discipline or grievance committee.

According to FERPA, a school official has a "legitimate educational interest" if the official needs to review an educational record to fulfill his or her professional responsibility.

Wallkill Central School District Procedures For The Education of Homeless Children & Youth

Every Local Educational Agency (LEA) must designate an appropriate staff person as a Local Education Agency liaison for students in homeless situations. The Wallkill Central School District's liaison is Mr. Anthony White, Director of Pupil Personnel Services. Liaisons must ensure that:

- Children and youth in homeless situations are identified by school personnel and through coordination activities with other entities and agencies;
- Children and youth enroll in and have full and equal opportunity to succeed in the schools of the LEA;
- Families, children and youth receive educational services for which they are eligible, including Head Start, Even Start, and pre-school programs administered by the LEA, and referrals to health, mental health, dental, and other appropriate services;
- Parents and guardians are informed of educational and related opportunities available to their children, and are provided with meaningful opportunities to participate in the education of their children;
- Public notice of the educational rights of students in homeless situations is disseminated where children and youth receive services under the Act (such as schools, family shelters, and soup kitchens);
- Enrollment disputes are mediated in accordance with the Enrollment Disputes section; and
- Parents and guardians, and unaccompanied youth, are fully informed of all transportation services, including transportation to the school of origin, and are assisted in accessing transportation services.

Liaisons must collaborate and coordinate with state coordinators and community and school personnel responsible for the provision of education and related services to children and youth in homeless situations.

Family Educational Rights and Privacy Act (FERPA) Notice for Directory Information

The Family Educational Rights and Privacy Act (FERPA), a Federal Law, requires that the Wallkill Central School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, your child's school may disclose appropriately designated "directory information" without written consent, unless you have advised your child's school to the contrary in accordance with your child's school procedures. The primary purpose of directory information is to allow your child's school to include this type of information from your child's education records in certain school publications. Examples include:

- **A playbill, showing your student's role in a drama production;**
- **The annual yearbook;**
- **Honor roll or other recognition lists;**
- **Graduation programs; and**
- **Sports activity sheets, such as for wrestling, showing weight and height of team members.**

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two Federal laws* require Local Educational Agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories - names, addresses and telephone listings - unless parents have advised the school that they do not want their student's information disclosed without their prior written consent.

If you do not want your child's school to disclose directory information from your child's education records without your prior written consent, you must notify your child's school in writing. The Wallkill Central School District has designated the following information as directory information:

- **Grade level**
- **Dates of attendance**
- **Degrees, honors, and awards received**
- **Major field of study**
- **Participation in officially recognized activities and sports**
- **Student's Name**
- **The most recent educational agency or institution attended**
- **Weight and height of members of athletic teams**

*These laws are: Section 9528 of the ESEA (20 U.S.C. 7908), as amended by the No Child Left Behind Act of 2001 (P.L. 107-110), the education bill, and 10 U.S.C. 503, as amended by section 544, the National Defense Authorization Act for Fiscal Year 2002 (P.L. 107-107), the legislation that provides funding for the Nation's armed forces.

The Wallkill Central School District offers equal educational and employment opportunities, including career and technical education opportunities, and does not discriminate on the basis of race, color, national origin, sex, disability, age, or other protected categories under state or federal law, in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups. The following person has been designated to handle inquiries regarding the non-discrimination policies:

Brian Devincenzi
Assistant Superintendent for Support Services
19 Main Street
Wallkill, NY 12589
Bdevincenzi@wallkillcsd.k12.ny.us

Inquiries regarding discrimination on the basis listed above may also be made to the United States Department of Education, Office for Civil Rights, 32 Old Slip, 26th Floor, New York, NY 10005, (646) 428-3800, ocr.newyork@ed.gov.

PARENTS AS PARTNERS IN THE WALLKILL LEARNING COMMUNITY PARENTAL INVOLVEMENT POLICY

The Wallkill Central School District recognizes the important role of parents in the learning community. We share a common commitment to supporting students' academic pursuits and ensuring their successful achievement. We subscribe to the requirements set forth in state and federal regulations for the purposeful involvement of parents in their children's education. To these ends, the District's mission is to enhance the educational programs of its student population through an active, productive parent-school partnership. Its goal is to increase the constructive, ongoing involvement of parents in the education of their children.

The following procedures and guidelines are intended to facilitate the institution of opportunities for parents and teachers with administrators to participate in making shared decisions about educational issues in a school based forum.

Each building has established and maintains a committee, representative of teachers, parents, administrators, support personnel, and community resources as appropriate to the specific task or educational program. Membership composition, while delineated, will be compliant to assure that specific requirements of individual programs are met. Records and materials maintained with student's pupil personnel will be subject to the requirements of the Family Educational Rights and Privacy Act. Due process for parents and children will be governed by existing state regulations. Information, to the extent practicable, will be provided to parents in a language and form that parents can understand.

In keeping with federal regulations, the Wallkill Central School District ensures that each Title I designated school will:

- a) Convene an annual meeting at a convenient time to which all parents of participating children will be invited and encouraged to attend. Parents shall be advised and informed of their school's participation in Title I and their rights to be involved within the Title I Program.
- b) Offer a flexible number of meetings in the morning and/or evening and may provide, subject to adequate funding availability, transportation, child care, or home visits, as such services relate to parental involvement.
- c) Involve parents in the joint planning of school programs.
- d) Provide parents with timely information concerning both Title I and other school programs and encourage parent/community volunteers.
- e) Give parents a description and explanation of the curriculum in use at the school, the forms of assessments used to measure student progress, and the proficiency levels students are expected to meet.
- f) Arrange opportunities for regular meetings to share suggestions, provide training, communicate experiences with other parents, and participate, as appropriate, in decisions relating to the education of their children, if parents so desire.

WALLKILL CENTRAL SCHOOL DISTRICT CONCUSSION MANAGEMENT POLICY

The Board of Education of the Wallkill Central School District recognizes that concussions and head injuries are commonly reported injuries in children and adolescents who participate in sports and recreational activity and can have serious consequences if not managed carefully. Therefore, the District adopts the following policy to support the proper evaluation and management of head injuries.

Concussion is a mild traumatic brain injury. Concussion occurs when normal brain functioning is disrupted by a blow or jolt to the head. Recovery from a concussion will vary. Avoiding re-injury and over-exertion until fully recovered are the cornerstones of proper concussion management.

While district staff will exercise reasonable care to protect students, head injuries may still occur. Physical education teachers, coaches, nurses and other appropriate staff will receive training to recognize the signs, symptoms and behaviors consistent with a concussion. Any student exhibiting those signs, symptoms or behaviors while participating in a school sponsored class, extracurricular activity, or interscholastic athletic activity shall be removed from the game or activity and be evaluated as soon as possible by an appropriate health care professional. The athletic trainer, coach, school nurse, or other District employee in charge of or supervising the activity will notify the student's parents or guardians and recommend appropriate monitoring to them.

If a student sustains a concussion at a time other than when engaged in a school-sponsored activity, the district expects the parent/legal guardian to report the condition to the school nurse so that the District can support the appropriate management of the condition.

The student shall not return to school or activity until he/she is symptom free for at least 24 hours, and has been evaluated by and provides written authorization from an appropriate health care professional. Any student who presents a medical clearance from his/her primary care physician will be started on the appropriate level of the District's return-to-play protocol. Prior to the student's return to full participation, the student will need to have the return-to-play form signed by the District-Wide Nurse Practitioner.

The Superintendent, in consultation with appropriate district staff, including the chief school medical officer, will develop regulations and protocols to guide the return to activity.

Notification of Rights Under the Protection of Pupil Rights Amendment (PPRA)

PPRA affords parents certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

- *Consent* before students are required to submit to a survey that concerns one or more of the following protected areas (“protected information survey”) if the survey is funded in whole or in part by a program of the U.S. Department of Education (ED):
 1. Political affiliations or beliefs of the student or student’s parent;
 2. Mental or psychological problems of the student or student’s family;
 3. Sex behavior or attitudes;
 4. Illegal, anti-social, self-incriminating, or demeaning behavior;
 5. Critical appraisals of others with whom respondents have close family relationships;
 6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
 7. Religious practices, affiliations, or beliefs of the student or parents; or
 8. Income, other than as required by law to determine program eligibility.
- *Receive notice and an opportunity to opt a student out of:*
 1. Any other protected information survey, regardless of funding;
 2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law; and
 3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.
- *Inspect*, upon request and before administration or use:
 1. Protected information surveys of students;
 2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
 3. Instructional material used as part of the educational curriculum.

These rights transfer from the parents to a student who is 18 years old or an emancipated minor under State law.

Following is a list of the specific activities and surveys covered under this requirement:

- Collection, disclosure, or use of personal information for marketing, sales or other distribution.
- Administration of any protected information survey not funded in whole or in part by ED.
- Any non-emergency, invasive physical examination or screening as described above.

Parents who believe their rights have been violated may file a complaint with:
