Dear local business owner,

I am writing to you on behalf of the S.O.M.E. organization (Supporters of Music Education) in the Wallkill Central School District. Each year we run business advertisements in our concert programs. The money raised by these ads helps to provide scholarships to graduating seniors, funds the summer music program, and provides enrichment activities for our music students across the district.

If you would like your advertisement to be included in our concert programs this year, return the bottom half of this form along with your copy-ready advertisement and a check made payable to S.O.M.E. no later than **November 1st**. Your advertisement will be placed in every concert program in the district and will run for one year beginning in December (your ad will run approximately 20 times). Consider the amount of money you spend on advertisements each year. Placing a quarter page advertisement in our program will cost only \$1.25 each time it runs and will be seen by hundreds of people in the community!

The members of S.O.M.E. and the young musicians in the Wallkill Central School District thank you for your generous support.

Sincerely, Kirsten Rolon, Wallkill Music Department Coordinator
