Graduation Type Charts

Graduation Type Codes Decision Charts

The following three GRADUATION-TYPE-CODE charts differentiate the requirements for coding general education and special education students.

- GRADUATION-TYPE-CODE Chart 1 applies to all students who completed the curriculum and credit requirements for graduation, including satisfactory performance on the exit-level assessment.
- GRADUATION-TYPE-CODE Chart 2 applies only to students who received special education services, completed the curriculum and credit requirements for graduation, and participated in the statewide assessment instrument identified in the IEP.
- GRADUATION-TYPE-CODE Chart 3 applies only to students who received special education services who completed credit requirements for graduation, but whose curriculum content was modified or substituted.

PLEASE NOTE: The content of the curriculum determines the graduation type and drives the applicable coding

GRADUATION-TYPE-CODE Chart 1 Notes:

Chart 1 applies to all students in general education and to students receiving special education services for whom the required curriculum content was not modified or substituted and satisfactory performance on the exit-level assessments in place at the time of the student's enrollment in grade 9 was required.

The codes in this chart apply to students graduating under the minimum, recommended, or distinguished programs, including students receiving special education who graduate according to TAC §89.1070 in effect at the time of the student's enrollment in grade 9.

See Charts 2 and 3 for students receiving special education services graduating under TAC §89.1070 for whom the student's ARD committee determined that satisfactory performance on a required state assessment was not required. Students receiving special education services for who the curriculum content was not modified, and who meet the minimal requirements of the recommended or distinguished program must have that achievement recognized on the Academic Achievement Record.

Instructional accommodations for students with disabilities that do not result in curricular content modifications do not impact graduation requirements. Examples of accommodations that do not impact the graduation plan include one-on-one instruction, small group instruction, multi-sensory approaches, extended time on projects, study guides, highlighted texts, programmed materials, preferential seating, immediate feedback, Braille, books on tape, screen readers, the use of an interpreter or word processor, oral testing, un-timed testing, extended time to complete assignments, shortened tests, alternative evaluation strategies (draw a diagram, develop a model, perform the answer), etc. The use of these and other accommodations is allowed under all three graduation programs.

The Minimum and Foundation High School Programs are the only graduation options for a student for whom the required curriculum content was modified or substituted as required by the student's IEP.

Instructional accommodations for students with disabilities that do not result in curricular content modifications do not impact graduation requirements. Examples of accommodations that do not impact the graduation plan include one-on-one instruction, small group instruction, multi-sensory approaches, extended time on projects, study guides, highlighted texts, programmed materials, preferential seating, immediate feedback, Braille, books on tape, screen readers, the use of an interpreter or word processor, oral testing, un-timed testing, extended time to complete assignments, shortened tests, alternative evaluation strategies (draw a diagram, develop a model, perform the answer), etc. The use of these and other accommodations is allowed under all three graduation programs.

Please note: Any student, including students receiving special education services, who meets any of the requirements above and is coded with any of the graduation codes in Chart 1, Chart 2, or Chart 3 is a Texas public school graduate and must be awarded a standard high school diploma.

INDIVIDUAL-GRADUATION-COMMITTEE-GRADUATE-CODE (E1562) indicates whether a student for whom an IGC was established has graduated based on an IGC decision.
