FIELD TRIPS

EFD
(REGULATION)

CURRICULUM BASED
FIELD TRIPS

All field trips must have a direct correlation to the curriculum, be timed according to the District scope and sequence and provide clear education benefit. The principal must approve purpose of the field trip and agree to fund prior to any publication or advanced planning. The principal must budget to use operating or activity accounts to fund these trips

All students enrolled in a grade level, class or course must be included in the curriculum based field trip unless his/her parent refuses to grant permission. Plans must be made to accommodate students who cannot participate in the field trip.

The principal must approve the method/route of transportation prior to trip (including "walking" trips). Students must have parent or guardian permission to participate. Overnight trips are discouraged and must be recommended by the principal, approved by the Executive Director and Superintendent or designee prior to any publication or advanced planning takes place.

NON-CURRICULUM
BASED FIELD TRIPS

Non-curriculum based field trips should not be taken during school time with the exception of 5th and 8th grade end of year celebration trips. Campuses may add requirements for participation.

Campus activity accounts shall fund all costs of a non-curriculum based field trips, including transportation.

[Note: Refer to the following Board policies for more information regarding student trips - FMG(LOCAL)]
