(REGULATION)

COLLEGE VISIT

In accordance with HB 2542 of the 81st Texas Legislature, junior and senior students are allowed two days per year to visit colleges, universities and other post-secondary institutions. These visits will be considered excused in the student's attendance record and have no impact on final exam exemptions if all procedures are followed:

- Prior to absence, notify teachers, obtain teacher signatures and class assignments.
- Prior to absence, obtain school counselor signature.
- While on visit, secure documentation required to verify the visit.
- Within two days of return to school, submit this completed form and verification of visit documentation to attendance office and school counselor.

Upon return to school, verification of visit must be presented to the high school attendance office, (i.e. letter from school official, signed form by Office of Admission, etc.)
