Projected Growth

- Elementary/Primary School Capacities
 - Currently exceeding capacity at Delco, Dessau, Murchison and Rowe Lane
 - Exceeding capacity at Mott in 2018
 - At capacity at Northwest & Riojas in 2019
 - Exceeding capacity at Spring Hill in 2021
- Middle School Capacities
 - Exceeding capacity at Cele in 2018/2019
 - Nearing capacity at Dessau and Kelly Lane in 2020
 - Begin exceeding capacity at Westview on 2022
- High School Capacities
 - Begin exceeding capacity at Weiss in 2024
 - Approaching capacity at Connally in 2024

RECAP: EVOLVING NEEDS

Evolving Needs (Meeting 3 Recap)

- Departmental Presentations
 - CTE: PHS Ag Sciences, Automotive; CHS: Culinary Arts; HHS: Ag Sciences; WHS: Ag Barn; District Ag Barn: Automatic Gate with Badge System
 - Fine Arts: PHS: Choir Hall, Black Box, Scene Shop, Dance Hall; PMS: Choir Hall; Dance: Halls, Lockers, Showers; Band: Wenger Lockers & Treatment; Theaters: Lighting, Sound, Curtain Repairs
 - Curriculum & Instruction: Design facilities aligned with district's vision & expectations; consider flexible furniture and create collaboration spaces
 - Athletics: Middle school tracks, weight rooms, locker rooms, baseball & softball updates
 - Technology Services: device and security updates

Evolving Expectations

- What significant values and beliefs support PfISD culture?
- What are unique characteristics of PfISD students?
- What values do we want to see in our schools?

EVOLVING NEEDS

TRANSPORTATION

Reasons for Self Op:

- Improved District Communications
- Efficient Bus Routing
- Meet District Maintenance Standards
- Replacement Cycle for buses (point system)
- Employee Retention
- Buses purchased with district standards/specs
- Yearly Benchmarking Analysis

Assumptions

- Special Ed Routes: 38
- Regular Routes: 93
- Total Routes: 131
- Annual Fleet Miles: 1,755,810
- Current Cost per Mile: \$5.12
- Self Op Cost per Mile: \$4.25 (median/75%)

SECURITY

Security

Current PfISD Safety Measures

- Secure vestibules
- Cameras
- Raptor
- Locked classroom doors
- ISD Police Department
- Classroom phones
- Regular safety drills
- Weekly safety tours
- Safety audit (state mandated)
- Standard Response Protocol

Security

Potential Future Planning/Needs

- Security guards on campuses
- Additional cameras / camera replacements
- Fencing additions
- Panic buttons
- Fire alarm pull stations
- Additional badge readers on exterior doors
- Exterior door cores changed to new key
- Emergency evacuation chairs for 2-story buildings
- Security vestibules at Administration & Support Services
- Severe bleed kits to campuses
- Rocks/Bollards in front of campuses where students congregate
- Continually assessing new priorities

Homework

Thinking about those values...

- 1. What should 21st Century learning look like in Pflugerville ISD?
- 2. Find an example of a facility and/or school district that you think best exemplifies what Pflugerville ISD should implement in terms of flexible and/or collaborative learning spaces.

Windermere Elementary School CAMPUS DATA

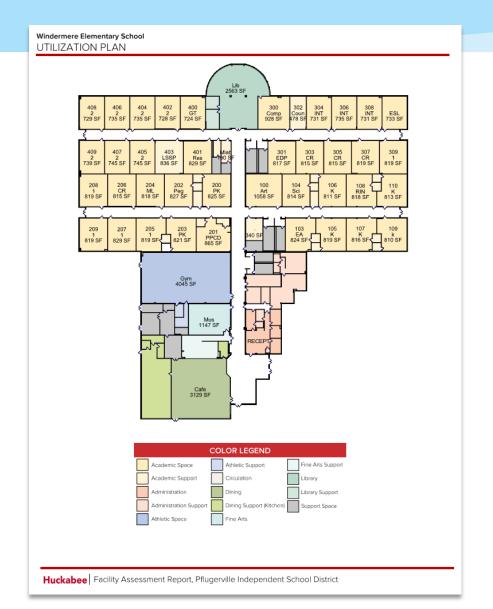

Windermere Elementary School opened in 1989 making this campus in the "oldest third" segment of the district's schools. The 9-acre site is located on Picadilly Drive is adjacent to the Primary School in a northern area of the district that is now built out with residential properties surrounding the site. The campus enrollment is currently slightly below capacity and is projected to remain so for the foreseeable future. The significant near term capital items are new playground equipment, door and hardware replacement, interior finish work, and conversion to the District standard energy management system.

BUILDING CONDITION: 2018 UPDATES

Site

- Canopies
 - Canopies at the south classroom doors leading to the playgrounds would prevent wind driven rain from entering the building.
- Fencing
 - a. 4' perimeter fencing is in poor condition and should be replaced with 6' fencing.
 b. Replacement of barbed wire fencing at the detention pond is recommended.
- Track
 - a. The crushed granite track is in need of a ribbon curb to prevent wash-out and weeds

Building Envelope

- Doors and Windows
 - Maintenance staff reports that the entry foyer storefronts leak and need to be replaced.

Mechanical

- Units and Ductwork
 - Maintenance staff recommends replacement of the original chiller system. (This campus may be a candidate for a geothermal system.

Electrical

- Lighting
 - Maintenance staff recommends replacing ballasts in existing fluorescent fixtures
- 2. Communications
 - a. Replacement of intercom (Existing Ducain) to meet current district standards is recommended.
 - b. Providing fire sprinklers to the building is also recommended.

Plumbing

- 1. Urinals
 - a. Replacement of floor mounted urinals is recommended.

Interiors

- ilors
 - Rolled carpet should be replaced throughout the entire campus.
 - b. VCT tile is in fair to poor condition.
 - c. Ceramic tile is original and outdated though in fair condition; replacement is recommended.
- 2. Wal
 - Walls throughout the building should be repainted.

Windermere Elementary School BUILDING CONDITION: 2018 UPDATES

Rolled carpet throughout classrooms is stained, in poor condition and should be replaced.

Conditions of VCT throughout corridors and various classrooms varies; as replacing in patches would likely appear worse, replacement is recommended.

Original floor mounted urinals should be replaced.

Original ceramic tile in the cafeteria and main entrance is in good condition but is outdated.

Facility Assessment Summaries by Campus

- Handout provided to each person with facility assessment generated needs and potential projects per campus. Use this handout as a reference.
- Assessment findings/potential campus projects are broken into Categories 1 and 2. Category 1 (indicated by 1:) is higher priority based on urgency, end of life-cycle, life-safety concern, equity, or campus/ staff priority.
- Focus your conversations on the potential projects by CATEGORY.

Discussion

Guiding Questions:

How do we address aging conditions?

Are there any absolutes/non-negotiables?

Are there any items not of concern?

What is missing?

What else do we need to consider?
