4. Old Business:
 - i.) Update on Ongoing Projects: Member Fitzback provided copies of documentation submitted to the railroad requesting permission to build a portion of the Airline Trail within the railroad right of way, connecting Putnam to Thompson. The dialog with railroad resulted in them not wanting a trail running parallel within the train corridor. A revised drawing is to be submitted demonstrating a different connection to Thompson. Member Fitzback plans to submit both the original and new conceptual drawings so the railroad can see and compare both.

Suggestions brought forth by Committee members: Contact Senator/Congressman to assist with the railroad. Other items discussed: Little River Trail in need of repair due to wash outs; Putnam – Pomfret connection, specifically River Road drainage issues.

Chair Moorehead requested a copy of the revised design submission connecting Putnam to Thompson.

Next meeting is Thursday, July 2nd at 5pm – Room 113.

LyAnn didn't have any questions/concerns.
5. Public Participation: None
6. Adjournment: There being no further questions/agenda items to discuss, motion made by Member Faucher to adjourn, seconded by Member Fitzback, motion passed. Meeting adjourned at 5:40p.m.

Hi Jackie,

I hope you are enjoying this beautiful weather!

Sometime last year I brought samples of signage to one of the Putnam Trails meetings for review by the committee. We had talked at the time about adding or not adding the Air Line State Park logo to the signage. I don't know if there was a determination at that time. I have finally gotten the signage redone and would like to discuss at the next Trails Meeting. I have attached it for your use. The ALSPT is on both but the location is different. We need to make a decision as to which one the committee would like to use. Again, we do not manufacture the signs but will provide the design.

Have a great night,
