

4.7 Approval of Overnight and/or Out-of-State Student Travel

HHS Thespian Summer Camp

Thespian camp information is pretty much locked down hard to get information about their actual events and instructors.

From what I was able to see, it looks like they are very much about DEI, and they have a "racial equity plan" on its information page.

How much of their curriculum will be used for our students? Is there any further information that can be shared with us?

What are the sleeping arrangements like? Are boys separate from girls?

The Leadership Camp schedule is attached to the email. It is very appropriate for our students.

Boys and girls sleep in separate dorms.

7.2 Discussion and Selection of Board Dates for 2024-2025

Who recommended moving meetings to Tuesdays?

District administration suggested this change to resolve conflicts with many conferences and legislative discussions with key stakeholders attended by Cabinet members and employees, which often coincide with the current Wednesday schedule.

Have these books been pulled due to inappropriate content and returned? -Please pull voucher 1101 and can you please separate these on their own voucher like we've done with other expenses?

These books were purchased for a novel review committee to read and evaluate in response to a concern brought forward regarding an independent reading assignment. The voucher will be pulled. Once the voucher is run, items in the voucher cannot be separated, the whole voucher will be moved.

Who are the members of this committee, how was it formed, and can we access the minutes from its meetings?

We are clarifying that this is not an official committee but an ed services staff member group that read the books brought forward in the concern. On June 26 we will be sharing the updated draft policies regarding curriculum and supplemental materials, this will be a first read. In addition, at the July board meeting we will follow up with our updated processes and procedures for curriculum and supplemental materials.
