 - 9. Failure to provide a bid before the deadline of the bid opening
- 29. Price Escalation/De-escalation. All price increases/decreases shall be based on the new published manufacturer's selling price for the goods (milk and produce) specified herein.

Market Basket Study Milk and Produce Bids Only:

- 1. The Market Basket Study list of products must be created annually.
- 2. The Market Basket Study must include no less than twenty product items that are:
 - most frequently purchased
 - a. products that make up the largest part of the budget
- 2. Prices must be obtained for the products on the Market-basket Study for two or more vendors.

- 3. Food (produce and milk) items will be purchased from the vendor/store based on the results of the current Market Basket Study. Non-processed agricultural products exceeding \$250,000 will require formal procurement as well.
- 4. SFAs may use clauses for milk bid contracts, allowing for price escalation/de-escalation according to a raw milk index. Approved index reports enable price adjustments based on inflation, product availability, and other factors. The USDA currently references three index reports:
 - Raw Milk Index

a. Consumer Price Index (CPI): Adjusts according to current inflation rates.

b. Agricultural Market Services (AMS): Adjusts according to the current agricultural market.

For instance, if the SFA's current fresh produce bid includes a clause allowing price adjustments based on the Consumer Price Index (CPI) for inflation, the SFA can renew the contract with supporting CPI documentation as of the renewal date. If the inflation rate is 3% at the time of renewal, the vendor may increase the product price by up to 3% from the initial firm fixed price without it being considered a material change. Additionally, if the Agricultural Market Services (AMS) clause is included in the original bid contract, the renewal would allow price adjustments according to the current AMS index for each item. For example, if peaches are initially bid at \$30.00 per case and the CPI inflation rate is 3% while the AMS index for peaches is 1%, the vendor may increase the price to 31.20 ($30 \times 4\% = 1.20$), which is allowable without being a material change. However, such adjustments are permissible only if the original contract includes the index clause. An SFA may not arbitrarily allow price increases or decreases without an approved index. Statements permitting a 10% annual price increase are not allowable; adjustments must be tied to a verifiable index documented at the time of renewal. Definition of Geographic Location is 300-mile radius of School District.

30. The Winfield City Board of Education is not liable for Federal Excise or State Sales Tax.

1. Standard District Conditions:

2. This contract shall be governed in all respects as to validity, construction, capacity, and performance or otherwise by the laws of the State of Alabama. Contractors providing service under this Request for Proposal, herewith, assures the school districts that they are conforming to the provisions of the Civil Rights Act of 1964, as amended. Contractors shall comply with Executive Order 1246, entitled "Equal Employment Opportunity", as amended by Labor regulation (41 CFR Part 60). State Sales and Use Tax Certificate of Exemption form will be issued upon request. Sales tax shall not be included in prices. Contractor shall comply with applicable federal, state, and local laws and regulation pertaining to wages, hours, and conditions of employment. The contractor agrees to retain all books, records and other documents relative to this agreement for three (3) years after final payment for audit purposes and to make said records available upon request. Contractors are required to be in compliance with the Clean Air Act, Clean Water Act, and Environmental Protection Agency regulations.

3. By signing this document, the contractor certifies that this proposal is made without prior understanding, agreement or connection with any corporation, firm or person submitting a

proposal for the same materials, supplies, equipment, and is in all respects fair and without collusion or fraud.

4. Prohibition against conflicts of interest, gratuities and kickbacks: Any employee or any official of the school system, elective or appointive, who shall take, receive or offer to take or receive, either directly or indirectly, any rebate, percentage of contract, money or other things of value as an inducement, or intended inducement, in the procurement of business, or the giving of business, for or to, or from, any person, partnership, firm or corporation, offering, bidding for, or in open market seeking to make sales to the school systems shall be deemed guilty of a felony and upon conviction such person or persons shall be subject to punishment or a fine in accord with State and/or Federal laws.

31. All potential bidders must be licensed to do business in Alabama and must be registered with the Alabama Secretary of State.

32. All quotations must be in ink or typewritten. Mistakes may be crossed out and corrections inserted adjacent and initialed by the signer of the bid.

33. No bid shall be withdrawn or modified after the time set for bid opening.

34. Bids received after the time set for the bid opening will not be considered.

35. The bid will be awarded at the first scheduled Board Meeting following the opening of the bid.

36. The awarding of the bid shall take place after the bid has been approved or rejected by the Board of Education.

37. Failure on the part of the school system or the successful bidder to comply with the provisions of this contract may result in contract termination.

- a. Each party shall follow the procedure outlined below if a contract is to be terminated.
- b. All transactions shall be sent by Registered or Certified Mail.

Step 2. Issue letter of Intent to Cancel Contract if problem is not resolved by given date. Step 3. Issue letter to cancel contract.

(f) Cost reimbursable contracts—

(1) Required provisions. The school food authority must include the following provisions in all cost reimbursable contracts, including contracts with cost reimbursable provisions, and in solicitation documents prepared to obtain offers for such contracts:

(i) Allowable costs will be paid from the nonprofit school food service account to the contractor net of all discounts, rebates and other applicable credits accruing to or received by the contractor or any assignee under the contract, to the extent those credits are allocable to the allowable portion of the costs billed to the school food authority;

(ii) (A) The contractor must separately identify for each cost submitted for payment to the school food authority the amount of that cost that is allowable (can be paid from the nonprofit school food service account) and the amount that is unallowable (cannot be paid from the nonprofit school food service account); or

(B) The contractor must exclude all unallowable costs from its billing documents and certify that only allowable costs are submitted for payment and records have been established that maintain the visibility of unallowable costs, including directly associated costs in a manner suitable for contract cost determination and verification;

(iii) The contractor's determination of its allowable costs must be made in compliance with the applicable Departmental and Program regulations and Office of Management and Budget cost circulars;

(iv) The contractor must identify the amount of each discount, rebate and other applicable credit on bills and invoices presented to the school food authority for payment and individually identify the amount as a discount, rebate, or in the case of other applicable credits, the nature of the credit. If approved by the State agency, the school food authority may permit the contractor to report this information on a less frequent basis than monthly, but no less frequently than annually;

(v) The contractor must identify the method by which it will report discounts, rebates and other applicable credits allocable to the contract that are not reported prior to conclusion of the contract; and

(vi) The contractor must maintain documentation of costs and discounts, rebates and other applicable credits, and must furnish such documentation upon request to the school food authority, the State agency, or the Department.

(2) Prohibited expenditures. No expenditure may be made from the nonprofit school food service account for any cost resulting from a cost reimbursable contract that fails to include the requirements of this section, nor may any expenditure be made from the nonprofit school food service account that permits or results in the contractor receiving payments in excess of the contractor's actual, net allowable costs.

(g) Geographic preference.

(1) A school food authority participating in the Program, as well as State agencies making purchases on behalf of such school food authorities, may apply a geographic preference when procuring unprocessed locally grown or locally raised agricultural products. When utilizing the geographic preference to procure such products, the school food authority making the purchase or the State agency making purchases on behalf of such school food authorities have the discretion to determine the local area to which the geographic preference option will be applied;

(2) For the purpose of applying the optional geographic procurement preference in paragraph (g)(1) of this section, "unprocessed locally grown or locally raised agricultural products" means only those agricultural products that retain their inherent character. The effects of the following food handling and preservation techniques shall not be considered as changing an agricultural product into a product of a different kind or character: Cooling; refrigerating; freezing; size adjustment made by peeling, slicing, dicing, cutting, chopping, shucking, and grinding; forming ground products into patties without any additives or fillers; drying/dehydration; washing; packaging (such as placing eggs in cartons), vacuum packing and bagging (such as placing vegetables in bags or combining two or more types of vegetables or fruits in a single package); the addition of ascorbic acid or other preservatives to prevent oxidation of produce; butchering livestock and poultry; cleaning fish; and the pasteurization of milk.

TO BE RETURNED TO THE WINFIELD CITY BOARD OF EDUCATION

Alabama Immigration Law Compliance Requirements to all Contractors of the Winfield City Board of Education

As a Contractor to the Winfield City Board of Education ("Board"), it is critical to your relationship (future or continuing) with the Board that you comply with the Immigration Reform and Control Act of 1986, as amended by the Immigration Act of 1990, and the Beason-Hammon Alabama Taxpayer and Citizen Protection Act.

Under the law, every prospective contract entered into by the Board with a contractor will contain the following clause or one substantially similar:

Alabama Immigration Law Compliance Contract: Contractor agrees that it will fully comply with the Immigration Reform and Control Act of 1986, as amended by the Immigration Act of 1990, and the Beason-Hammon Alabama Taxpayer and Citizen Protection Act, which makes it unlawful for an employer in Alabama to knowingly hire or continue to employ an alien who is or has become unauthorized with respect to such employment or to fail to comply with the I-9 requirements or fails to use E-Verify (if applicable) to verify the eligibility to legally work in the United States for all of its new hires who are employed to work in the State of Alabama. Without limiting the foregoing, the Contractor shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien, and shall have an officer or other managerial employee who is personally familiar with the Contractor's hiring practices to execute an affidavit to this effect on the form supplied by the Board and return the same to the Board. The contractor shall also enroll in the E-Verify Program (if required) before performing any work, or continuing to perform any ongoing work, and shall remain enrolled throughout the entire course of its performance hereunder, and shall attach to its affidavit the E-Verify Program for Employment Verification and Memorandum of Understanding and such other documentation as the Board may require to confirm Contractor's enrollment in the E-Verify Program. The contractor agrees not to knowingly allow any of its subcontractors, or any other party with whom it has a contract, to employ in the State of Alabama any illegal or undocumented aliens to perform any work in connection with the Project and shall include in all of its contracts a provision substantially similar to this paragraph. If the Contractor receives actual knowledge of the unauthorized status of one of its employees in the State of Alabama, it will remove that employee from the project, job site, or premises of the Board and shall comply with the Immigration Reform and Control Act of 1986, as amended by the Immigration Act of 1990, and the Beason-Hammon Alabama Taxpayer and Citizen Protection Act. The contractor shall require each of its subcontractors, or other parties with whom it has a contract, to act in a similar fashion. If the Contractor violates any term of this provision, this Agreement will be subject to immediate termination by the Board. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless the Board from any and all losses, consequential damages, expenses (including, but not limited to, attorneys' fees), claims, suits, liabilities, fines, penalties, and any other costs arising out of or in any way related to Contractor's failure to fulfill its obligations contained in this paragraph.

To the extent that either there is no formal written contract between the Board and the Contractor (such as where business is conducted by purchase order), or if the parties neglect or fail to include the above language in a formal written contract, this document shall serve as the Alabama Immigration Compliance Contract and the provisions set forth shall apply fully to the Contractor.
