

Antelope Recovery

If your teen needs more than one hour of therapy a week, call us today.

Antelope Recovery's small, tight-knit team of clinicians and care providers offer personalized mental healthcare for teens aged 11-18 who are dealing with mental health and/or substance use issues. Our team utilizes individual, group, and family therapy, healthcare coordination, and more to ensure your teen gets the help they need.

We provide

- Personalized IOP and OP programs
- Individual therapy
- Family therapy
- Group therapy
- Medical care coordination
- Parent support groups

For youth aged 11-18 with...

We work with a variety of diagnoses and presenting symptoms. We are a substance use and mental health program that also works with co-occurring disorders. Diagnoses include but are not limited to:

- Substance Use Disorders
- Mood disorders
- Depression & Anxiety
- Post-Traumatic Stress Disorder
- Oppositional Defiant Disorder
- Self-harm
- Suicidal Ideation
- Obsessive-Compulsive Disorder
- Borderline Personality Disorder

Treatment for everyone

Our program is fully virtual, meaning your family has support no matter which part of Colorado you're in.
