Facts About the Components of the Proposed Budget and Tax Levy Increase

The Proposed Budget

Benefits:

24% of the budget and 30% of the budget increase is attributable to increases in benefits, primarily healthcare. Family health insurance premiums are projected to increase 13.30% in 22-23, on a budget to budget basis. In addition, TRS retirement system contributions increased 5% as a result of an increase in the actuarially required contribution from 9.80% in 21-22 to 10.29% in 22-23. This is offset by a decrease in ERS retirement system contributions from 15.37% to 10.97%.

Compensation:

52% of the budget and 35% of the budget increase is attributable to employee compensation. The components of the compensation increase include contractual increment (step), raise, other contractual changes, as well as net adds to staff. Each is discussed below.

Increment and Raise:

The total budgeted increase in MEA (teacher) compensation for contractual increases for increment (step) and raise is $1,025,238. The MEA step averages 1.83% in 22-23. The MEA raise is 1.00% in 22-23.

The total budgeted increase in MESPA (support personnel) compensation for contractual step increases is $215,795. The MESPA step averages 1.90% in 22-23. The MESPA raise is 1.0% in 22-23.

The total budgeted increase in MASA (administrative personnel) is $57,871 and reflects a 1.5% increase, with two side letter agreements for higher raises for certain positions.

The total budgeted increase for all other staff is $88,988, and averages 1 to 2%, with higher raises for certain positions.

Net Additions to Staff:

The District's budget reflects net staff decrease of .49 FTEs budget-to-budget District-wide, including a net decrease of 4.47 FTE teachers, primarily 4.0 elementary classroom teachers, as section sizes return to pre-pandemic guidelines, and a net decrease of .4 FTE at the Secondary School; and a net increase of 3.98 FTE Support personnel, including the hiring of 5.65 FTE security aides previously contracted out, and a decrease of 2.10 FTE General Education and Special Education Teaching Assistants and Aides based on student needs, and the addition of a .43 school nurse to staff, on a part-time basis, in the health of Magen Israel, a new non-public school within the Districts boundaries. Details on the net decreases to staff are provided in the footnotes in the budget document.

Other Categories of Expense - Other Than Compensation:

Information Technology

The budget for information technology includes a number of initiatives detailed on page 47 of the budget document, and the related footnotes in the computer aided section of the budget. In particular, the District has increased the budget for cybersecurity measures in the wake of the cybersecurity attack on the District in September 2021.

Curriculum and Instruction

The budget for curriculum and instruction includes a number of curriculum initiatives detailed on pages 17-18 of the budget document. The provision for staff development has decreased, as the District has coompleted a number of curriculum initiatives over the past three years.

MANHASSET UFSD
2022 - 2023 COMPONENTS OF PROPOSED BUDGET AND TAX LEVY INCREASE

Contract Transportation

The increase in contract transportation relates to an assumed state mandated inflation factor of 4.4% and the addition of runs in 22-23 to new out-of-district schools, as well as

Special Education

The proposed budget provides services to 425 school age and 35 pre-school students. Most school-age children attend the public and non-public schools in Manhasset, however, certain students require placement in a school outside of the District recommended by the Committee on Special Education. While the total number of students budgeted to attend out-of-district schools decreased from 38 to 32, the average cost per pupil increased significantly, based on student needs.

Pupil Services:

Pupil services includes school counseling, the health offices, school psychologists and social workers. In 22-23, provision is made for increased costs to administer the Advanced Placement exams at an off-site location, and for school nurse services through an agency, as staffing shortages for substitute school nurses continues.

Debt Service and TAN Interest:

Over the last five years, the District has refinanced all debt that was eligible to be refinanced. On December 3, 2014, the District's voters approved a Capital Projects Bond Referendum for projects totaling $22,609,870 which is funded by up to $19,493,194 of bonds, and a transfer from the general fund of $466,676 (in lieu of budgeted debt service), $2.4 million of capital reserves and a $250,000 gift from the Manhasset School Community Association. The District issued $7.35 million in May 2016 at a net interest cost of 2.42%. The District issued $6 million in December 2016 at a net interest cost of 3.16%, and issued $5.5 million in June 2017 at a net interest cost of 2.72%. The district issued the final debt issuance of $643,194 pursuant to the 2014 Capital Projects in September 2018 at a net interest cost of 3.00%. In June 2019, the Manhasset Public Library refinanced its outstanding debt and issued $8.2 million at a net interest cost of 1.48%.

Facilities:

The decrease in the Facilities budget is due to the eimployment of security aides by the District. As noted above, these positions were previously contracted.

State Aid:

The increase in State Aid is primarily attributable to an increase in Foundation Aid, other expense-based aids.

Applied Fund Balance

Applied fund balance is the portion of the district's fund balance designated to reduce the tax levy. Since 2009-10, the District has applied $8.915 million to reduce the tax levy. In addition, in 2022-23, the District will apply $724,067 to reduce the tax levy.

MANHASSET UFSD
PROPOSED BUDGET 2022-2023
PROPERTY TAX REPORT CARD

Total Budgeted Amount is the total amount of the approved general fund budget for 2021-22 and the total amount of the proposed general fund budget for 2022-23.

Proposed Tax Levy to Support the Total Budgeted Amount is the actual tax levy for 2021-22 and proposed tax levy for 2022-23, which reflects the total spending minus all other general fund revenues budgeted to be received by the District.

Total Proposed School Year Tax Levy is the actual tax levy for 2021-22 and the proposed tax levy for 2022-23.

Permissable Exclusions to the School Tax Levy Limit include the tax levy for budgeted expenses for debt service issued pursuant to capital projects and related equipment and the District's energy performance contract, less anticipated building aid to be received from the State.

School Tax Levy Limit, Excluding Levy for Permissable Exclusions is determined pursuant to the tax levy cap calculation. It is based on the prior year tax levy adjusted for growth in tax levy base as determined by the NYS Office of Real Property Services of 1.0043% in 2021-22 and 1.0039% in 2022-23, plus prior year payments in lieu of taxes, less prior year permissible exclusions. The resultant sum is then increased by the allowable growth factor as determined by the NYS Office of State Comptroller of 1.23% in 21-22 and 2.0% in 2022-23.

Difference is the amount under or over the Allowable Tax Levy Limit. The 2022-23 calculation yields a maximum allowable tax levy increase of 2.38%. Under this scenario, because the proposed tax levy is equal to the maximum allowable increase, the voter threshold necessary for approval of the 2022-23 budget is a simple majority.

Public School Enrollment is the number of children enrolled in the district on the date in October 2021 specified by the New York State Education Department and number of children anticipated to be enrolled for 2022-23, as detailed on Tables I and II in the Appendix to this document.

Consumer Price Index is the percentage increase from January 1, 2021 to December 31, 2021.

Adjusted Restricted Fund Balance is the part of the general fund balance legally retained by the District that may be used only for very specific purposes and not used for tax reduction in the next upcoming year. In Manhasset, these include the Reserve for Worker's Compensation, Reserve for Unemployment Insurance, Reserve for Retirement Contribution, Reserve for Repairs and the 2010 and 2018 Capital Reserves.
Assigned Appropriated Fund Balance is the portion of the general fund balance that is used for tax reduction in the next fiscal year. In 2021-22, the District applied $724,067, and in 2022-23, the District will apply $724,067.

Adjusted Unrestricted Fund Balance is the portion of the general fund balance which is uncommitted and not used to reduce real property taxes in the next fiscal year. Real Property Tax Law Section 1318 was amended by the Laws of 2007 to increase the limit placed on school districts' allowable unreserved, undesignated fund balance to 4% of the budget. The Property Tax Report Card reflects the District's current plan to maintain unreserved, unappropriated fund balance to 4% of the 2022-23 budget, in accordance with the guidelines of Section 1318. In 2021-22, the District determined to retain $925,000, or .09% of adjusted unrestricted fund balance, as assigned and designated to cover expenses assiciated with the 2021-22 COVID-19 Reopening Plan and to enhance systems in the wake of the cybersecurity attack on the District in September 2021.

Reserves:

2010 Capital Reserve: $.9 million of the 2010 Capital Reserve is anticipated to be transferred to the Capital Projects fund at June 30, 2022 pursuant to the voter approved 2019 Capital Projects.

2018 Capital Reserve: It is anticipated that $2.1 million will be used to complete capital projects if authorized by the voters on May 17, 2022 and that the District will add approximately $1 million to the 2018 Capital Reserve at June 30, 2022.

Repair Reserve: The General Fund bedget for 2021-22 and 2022-23 includes a transfer to Repair Reserve of $125,000. The balance in the Repair Reserve is anticipated to remain stable at June 30, 2022.

MANHASSET UFSD
PROPOSED BUDGET 2022 - 2023
DETAILS OF THE CALCULATION OF THE TAX LEVY CAP

Actual 2022-23 Proposed Tax Levy	**$ 94,341,649**	
Difference Between Tax Levy Limit, Plus Exclusions and Proposed Tax Levy		**$1**
Actual 2022-23 Proposed Budget	**$ 104,596,962**	
Difference Between Resulting 2022-23 Budget to Stay Within Maximum Allowable Tax Levy Increase, After Accounting for Other Revenues and Assigned Fund Balance, and 2022-23 Proposed Budget		**$1**

Definitions utilized in the tax levy cap calculation pursuant to Chapter 97 of the Laws of 2011:

Tax Base Growth Factor: The percentage increase in the full value of taxable real property in the District as a result of physical or quantity change (e.g., new construction, additions and improvements to real property) as determined by the NYS Tax and Finance Department Office of Real Property Services.

Payments in Lieu of Taxes (PILOTs): Payments made to the District by entities in the District that are otherwise tax exempt, including **LIPA PILOTS**.

Capital Local Expenditures: Tax levy for budgeted expenses for debt service issued pursuant to capital projects and related equipment and the District's energy performance contract, less building aid.

Allowable Growth Factor: The lessor of 2% or the annual change in the Consumer Price Index measured at December 31. The change in CPI at December 31, 2021 was 4.7%. Thus, the allowable growth factor for 2022-23 is 2.0%.

Tax Levy Limit Before Current Year Exclusions: As calculated on iv, the tax levy limit is reportable to the NYS Office of State Comptroller by March 1st of each year, and is prior to the addition of current year (2022-23) permissible exclusions.

Exclusion for Pension Contributions: This exclusion applies only when Teacher Retirement System ("TRS") and/or Employee Retirement System ("ERS") contribution rates increase by more than 2 percentage points over the prior year. In 2022-23, this exclusion does not apply to either TRS or ERS, where the TRS contricution rates increased from 9.80% to 10.29% and the ERS contribution rates decreased from 15.37% to 10.97%.

Maximum Allowable Tax Levy Increase: The calculation yielded a maximum allowable tax levy increase of 2.38% or $2,193,943, and the proposed tax levy increase is 2.38% or $2,193,942. Under this scenario, because the proposed tax levy is $1 less than the maximum allowable increase, the voter threshold necessary for approval of the budget is 50% + 1 vote.

MANHASSET UFSD
PROPOSED CONTINGENT BUDGET 2022- 2023
SUMMARY OF APPROPRIATIONS, REVENUES AND TAX LEVY*

	BUDGET 2021-22	PROPOSED BUDGET 2022-23	$ VARIANCE	PERCENT VARIANCE
GENERAL FUND APPROPRIATION	102,320,176	102,403,020	$ 82,844	0.08%
Less:				
Estimated Revenue				
State Aid	5,099,650	5,094,178	(5,472)	-0.11%
Total State Aid	5,099,650	5,094,178	(5,472)	-0.11%
Other Tax Items, Including Payments in Lieu of Taxes	1,596,357	1,583,764	(12,593)	-0.79%
Reimbursement from State for Intermediate Care Facility/Children's Residential Project	340,587	398,992	58,405	17.15%
Transfer from Manhasset Public Library for Debt Service	1,023,000	1,026,500	3,500	0.34%
Other Revenue	1,388,808	1,427,812	39,004	2.81%

1010	506	09	62	Meetings/District Events	0	400	400		0	0.0%

1. **The District strictly limits the use of clerical overtime. Any clerical overtime incurred is centrally administered by the Office of the Superintendent.**
2. **Includes NYS School Board Association dues and the Nassau Suffolk School Boards Association. Membership in these organizations is essential.**
3. **Miscellaneous Contractual includes policy manual updates. 18-19 included the retention of a facilitator for the Superintendent's Town Hall.**
4. **The District contracts through Nassau BOCES for BoardDocs, a web-based service that enables the District to enhance aspects of the governance process and communications between Administration, the Manhasset community, and the Board of Education.**
5. **Increase reflects existing staff reassigned as assistant to the Superintendent.**

*** Key to all parenthetical information: (20-21 Actual Full Time Equivalent, 21-22 Budgeted Full Time Equivalent, 21-22 Actual Full Time Equivalent, 22-23 Budgeted Full Time Equivalent).**

**** NOTE: Central Office employees are not affiliated with a collective bargaining unit and have received salary increases of generally 2% in 20-21 and 21-22, with certain employees receiving additional salary adjustments. The 22-23 budget generally provides for a 2% salary increase for these employees, with certain employees receiving additional salary adjustments.**

The District has collective bargaining agreements with the Manhasset Administrators and Supervisors Association (MASA), the Manhasset Education Association (MEA) and the Manhasset Educational Support Personnel Association (MESPA). The MASA five-year contract expires on June 30, 2025 and includes a raise of 1.5% in each year. The three-year contract with the MEA expires on June 30, 2024 and includes full increment and a 1.25%, 1.00%, and 1.00% raise in 21-22, 22-23, and 23-24, respectively. The four-year contract with the MESPA expires on June 30, 2023 and includes full increment and a 1.25%, 1.00%, and 1.00% raise in 20-21, 21-22, and 22-23, respectively.

*****NOTE: Actual expense experience in 20-21 is impacted in many areas by the COVID-19 pandemic. Please refer to the District's Reopening Plan and the District Wide Safety Plan on the District's website for details on the District's response to the COVID-19 pandemic. The 21-22 and 22-23 Budgets are based on the assumption of a return to normal operations.**

1. **Includes expenses related to the budget and other school district votes.**
2. **Includes District staff overtime on the day of the vote.**
3. **Includes rental cost of optical scan voting machines.**
4. **Includes non-District staff wages on the day of the vote.**
5. **Voter registration system for budget vote.**
6. **Advertising and Miscellaneous Contractual reflect the cost of translation of vote-related material pursuant to the requirements of the Voting Rights Act, which requires all school districts in Nassau County provide certain information related to school district elections and budget votes in English and Spanish. Increase reflects expense experience.**
7. **Includes postage and envelopes for absentee ballots. In 19-20, the budget vote was conducted fully by absentee ballot. The budgeted funds are no longer required.**

1. **Reflects in-house administration of textbook distribution to certain non-public school students.**
2. **The District strictly limits the use of clerical substitutes and clerical overtime. Any clerical overtime incurred is centrally administered by the Office of the Superintendent. See Note 5. Overtime incurred in the Business Office in 20-21 reflects the impact on operations from the COVID-19 pandemic.**
3. **Reflects cost of Finance Manager's nVision Accounting, Human Resources and Accounts Payable System, ACORN Payroll Printing System, and an app version upgrade for the Real Asset Management System. Increase reflects expense experience.**
4. **Reflects expenses related to preparation of 1095s related to the requirements of the Affordable Care Act.**
5. **See NOTE on page 1. In 21-22, planned increases in Business Office staff include a 2.0 FTE in the payroll office, previously a 1.5 FTE, and an additional accountant to balance the work load in the department. 22-23 increase includes provision for staff promotions.**
6. **Increase includes per diem pay for transition training and assistance with a potential bond referendum, as the incumbent is retiring effective June 30, 2022.**

A 1320 AUDITING

					Expenditures 20-21	Budget 21-22	Proposed Budget 22-23		$ Variance 22-23 vs. 21-22	% Variance 22-23 vs. 21-22

1. Includes consultation with legal counsel on special education matters, including impartial hearings conducted pursuant to due process demands related to the recommendations of the Committee on Special Education.
2. Includes consultations with legal counsel on a myriad of issues in addition to those covered by the general retainer. Includes contractual review and advice related thereto, student matters, adversarial proceedings, compliance issues, etc.
3. Includes legal fees related to negotiations with the District's collective bargaining units and consultations with counsel on matters concerning these agreements, and other matters concerning the District's personnel. The MESPA collective bargaining agreement was finalized in 20-21. The MEA and MASA contracts were renegotiated in 20-21. In addition, in 20-21, legal fees were incurred for multiple other personnel matters, including personnel issues related to the COVID-19 pandemic.

1. **See NOTE on page 1. Decrease in 21-22 reflects retirement.**
2. **The District strictly limits the use of clerical overtime and clerical substitutes wherever possible. Any clerical overtime incurred is centrally administered by the Office of the Superintendent. Overtime incurred in 20-21 reflects the impact on the Personnel Office from the COVID-19 pandemic.**
3. **Includes VeriTime, a time and attendance management system (with training) that integrates with AESOP (see below). The system has automated employee time and attendance data capture and proper tracking of compliance with the Affordable Care Act.**
4. **The District refers staff to outside physicians for medical evaluations as appropriate.**
5. **Includes teacher certification services and negotiations information services and expenses related to an online substitute management system (AESOP) and for an online employee application system (OLAS). The use of AESOP allowed the District to eliminate substitute callers at the elementary schools. The use of OLAS reduced the budget for advertising costs for open staff positions.**

1. **Reflects printing fees for the budget brochure and the school calendar. In 20-21, the District did not incur the expense of printing the school calendar, nor related postage.**
2. **Includes membership in SCOPE and translation services provided by outside contractors. See footnote 4.**
3. **The Central Registration office workload is such that overtime is required at certain times of the year.**
4. **In 15-16, new CR154 regulations adopted by the State Education Department expanded the District's requirement to provide translation services at District meetings and in District notifications. Translation services are provided through BOCES. In addition, the District uses in-house staff in certain circumstances. In addition, the District utilizes Syntax through Nassau BOCES to provide comprehensive communications services, including budget brochure, school calendar and communications initiatives: newsletters, press and video news releases, website updates, and strategic communications consultations.**

A 1620 OPERATION OF PLANT -- SUMMARY NOTES

In this 22-23 budget, the District continues to provide significant funds to address repair projects and its aging infrastructure. Because of the COVID-19 pandemic, several projects planned for 20-21 and 21-22 were not completed, and rolled over to 22-23. In addition to typical repair projects, 22-23 includes 10 classroom renovations pursuant to the District's initiative to redesign classrooms for collaborative learning, whereby Kindergarten (instead of 4th grade) classrooms at Munsey Park and Shelter Rock (5th and 6th grades and two of three elementary special education classrooms were completed in 19-20 and 18-19, respectively) will be redesigned, and provision for certain in-house projects described below. In the 19-20 budget, the District established a Transfer to Repair Reserve budget line item for $125,000 to build the District's capacity to address emergency repairs to our aging infrastructure (see page 67.) The 20-21 Budget zeroed out the transfer line and instead budgeted the funds in the Facilities budget. The Equipment and Repairs were increased by $186,338 and were used to replace the main playground at Munsey Park in 20-21. In the 21-22 budget, Equipment and Repair lines are reduced at Munsey Park accordingly and $125,000 was again budgeted as Transfer to Repair Reserve. In 22-23, as part of a Capital Projects Proposition subject to voter approval, the Kindergarten playground at Shelter Rock will be renovated, among other athletic related projects.

FOOTNOTES:

1. Reflects program to invest in District's infrastructure, equipment, furnishings and repair and maintenance thereon, District-wide. The District-wide budget is allocated as projects warrant. District-wide security enhancements continue to be made in the wake of the Sandy Hook and Parkland tragedies. In 19-20 and again in 20-21, furniture, equipment and repair budgets were increased across all buildings. These line items are maintained in 21-22 and 22-23, except as noted above for the Munsey Park Playground project.

Re: Equipment can include wet/dry vacuums, floor scrubbers, backpack vacuums, high-speed buffers, blinds, security-related equipment, vehicles and other custodial maintenance equipment and AEDs, and equipment for certain capital projects. Furniture and furnishings can include instruction-related tables, desks and chairs, etc. In 22-23, provision is made at each school for in-house projects, equipment, and furniture and furnishings, including 10 Kindergarten classrooms and related renovations in accordance with the District initiative to redesign classrooms for collaborative learning. 21-22 also included creation of the small-group ENL learning spaces at Munsey Park, and 20-21 included refurbishment of the Munsey Park playground described above.

Re: Building Repairs can include carpet, tile, and flooring replacement, ceiling tile and window blind replacement, plumbing and electrical repairs, roof leakage repairs, rotational painting of classrooms, gyms, and public spaces, gym floor sanding and sealing, glass replacement, window balance and glazing repairs, and stair tread replacement, as applicable at each building. 22-23 includes provision for various projects under consideration. Projects completed in 20-21 include, at Munsey Park, replacement of main hallway flooring; at the Secondary School, relocation of the bookroom and certain HVAC upgrades. 21-22 included, at Munsey Park: in addition to the replacement of the middle playground, replacement of the second floor main hallway flooring, conversion of a 5th grade classroom back to a computer lab, and reconfiguration of ENL space, security system wireless upgrade, replacement of the burglar alarm system, and new music room furniture; at Shelter Rock: relocation of the RSL closet, ceiling and lighting replacement in the small gym, security system wireless upgrade, installation of new sink in the cafeteria kitchen, new LED lighting--second floor, valve replacements, new ceiling--room 57; at the Secondary Scool: Writing Center upgrades, relocation of the Technology Lab (funded by a grant from the Tower Foundation, and security system wireless upgrade.

Re: Facilities Expenses related to COVID-19 in 20-21: As a result of the COVID-19 pandemic, the District incurred expenses for equipment and repairs to the HVAC systems at all three schools, as well as expenses related to special anti-viral cleaning supplies, desk shields and other personal protective equipment, and numerous other expenses, including substitute cleaners, incurred as a result of COVID-19. These Facilities-related expenses totaled more than $1.8 million in 20-21. The expenses are captured in COVID-19 codes established for this purpose and funded by unassigned fund balance at June 30, 2020 retained as unassigned specifically to fund COVID-19 related expenses. These expenses are not included in the 20-21 expenses for comparative purposes.

2. Includes various service contracts for fire, smoke, and security systems and alarms, pest control, elevator, gym floor maintenance, field maintenance, etc. Provision is also made for contractual expenses related to building equipment service.

3. The energy forecast is sensitive to economic conditions. The District's primary heating fuel is natural gas. In 10-11, the District joined a consortium for lower cost cooperative purchasing of natural gas. Heating oil is used as a backup fuel. The budget anticipates that utility costs will remain relatively stable, although inflationary and other concerns may impact this assumption, and modest adjustments have been made to the 22-23 budget as a result. The District utilizes an outside service to challenge utility billings. The savings are reflected as a contra-account, net of fees to the outside service.

A 1620 OPERATION OF PLANT -- SUMMARY NOTES (CONTINUED)

4. Overtime in Operation and Maintenance of Plant: Certain overtime is reimbursed by outside organizations that use District facilities. In 20-21, such reimbursement was not applicable because of the COVID-19 pandemic. District overtime that is not reimburseable can result from after-hours events such as: school dances, music and art events, and school sports activities, snow removal, off-hours mechanical breakdowns, and responding to security issues, as well as extra custodial and maintenance work, especially in the summer. The District incurred significant overtime expense related to the various impacts of the COVID-19 pandemic. This overtime was not separately allocated to the COVID-19 codes referenced above. This overtime impact continues in 21-22. In addition, major construction projects at Munsey Park and the Secondary School in 20-21, and again in 21-22, significantly impacted overtime, as did the inability to secure an adequate number of substitute cleaners. Adjustments to overtime at the Secondary School have been made in 22-23 to reflect the on-going demands on the cleaners and maintainers, reflective of the extraordinary high use of the building throughout the day and well into the night year round. In addition, provision is made for overtime for security coverage, for events at night and on weekends, and is reflective of the hire of security aides in 21-22. See footnote 5 on page 12 and footnote 3 on page 14.

5. In 21-22, provision for cleaning supplies is increased across all schools because of the COVID-19 pandemic and modified to reflect expense experience in 22-23.

1. Includes monitoring, maintenance, repair and testing of the District's telephone and security systems. Significant expenses were incurred in 20-21 to repair alarm systems District-wide.
2. Includes architectural, surveying, testing and engineering fees for long-term facilities planning and other facilities needs, as well as asbestos abatement and air monitoring fees related to certain projects. 20-21 included fees related to the state-mandated Building Conditions Survey (every five years) and Lead Testing in Water Survey, as well as numerous studies related to HVAC repair and replacement. The cost of the BCS is removed from the 21-22 budget. 22-23 reflects expense experience related to in-house projects.
3. Provision for fuel for District vehicles.
4. Reflects participation in health and safety consulting services provided by BOCES, through the In-District Health & Safety Specialist Program, whereby a safety expert spends one day per week in-District to focus on building level safety plans, emergency exercises, and specalized training for and consultation to District health and safety personnel.
5. In 21-22, the District's long-term security guard contractor closed his company. The District determined to hire the staff directly as security aides, given their longevity with the District and their in-depth knowledge of District operations. The related salary expense is recorded in 1621 172 03 and 04 66, as shown on page 14.

1. **Reflects program to invest in the maintenance of the District's facilities, grounds equipment and repair and maintenance of such equipment and District-wide grounds. Includes items such as facilities maintenance expenses, preventive pump and motor maintenance, security systems maintenance, purchase of blowers, spreaders, weed whackers, trimmers, mowers and tractors, plows, turf groomer, turf sweeper, dumpcart, rototiller and sander, miscellaneous site work, organic and turf athletic field and irrigation system maintenance, (including for grass: seasonal core aerate, seed and fertilize; and for turf: seasonal grooming, repair and G MAX safety testing), maintenance of chain link fence, guardrail replacement, and maintenance of trees and shrubs, etc.**
2. **See Footnote 4 on page 8.**
3. **21-22 and 22-23 include incremental supplies related to the District's initiative to redesign classrooms.**
4. **20-21 included repairs for the refurbishment of the playground, completed in 20-21, as detailed on page 7 and page 8.**

1. See Munsey Park Footnote 1 on page 12.
2. See Footnote 4 on page 7. Overtime at the Secondary School is recorded in the High School budget code.
3. See Footnote 5 on page 11. 5.65 FTE security aides were hired to continue their positions primarily at the Secondary School. In addition, one security aide position was reallocated from 2110 166 03 and 04 31 for consistency with the reflection of the new security aides.

A 2010 CURRICULUM DEVELOPMENT AND SUPERVISION - SUMMARY NOTES TO THE CURRICULUM DEVELOPMENT AND SUPERVISION BUDGET

NEW COURSE OFFERINGS:

MUSIC PRODUCTION/SONGWRITING: This course will explore music production and songwriting using the keyboard and a variety of instruments. Students will study introductory to intermediate-level music theory, analyze and perform popular songs of today and learn the basics of recording music. Students will learn to read and analyze chords while developing general musical literacy and dictation skills. Professional music production and notation software will be frequently used, including Logic Pro X and Sibelius. Independent and collaborative recording sessions will give students the opportunity to perform and create tracks on any instrument. Open to students of all musical backgrounds and abilities.

BROADCAST JOURNALISM III: In this third course of the broadcasting sequence, students will produce Good Morning Manhasset, a live daily news show. At this point on the Broadcast track, students in the program will have developed a comprehensive set of skills that will have prepared them to produce the show. Students will understand the complexities of strong framing/composition and shot types. Students will also have an ability to use all the broadcast equipment (e.g., broadcast flypacks, audio, lighting, tricaster console, etc.). In addition, students will have experience with editing equipment and Final Cut Pro X. Students then apply this knowledge to general show production and receive assignments (e.g., director, cameras, board operator, talent, etc.) that will be distributed during weekly editorial meetings. The assignments will rotate, so all students experience experiences all aspects of show production in a project-based format. A digital portfolio will serve as the course capstone.

INTERMEDIATE ALGEBRA: This course will replace Math 12A and will have a more targeted/defined curriculum. This course provides for a continuation and extension of the skills and topics developed in Algebra and Geometry. It will expose students to topics such as polynomials, functions, rational expressions, exponential functions, sequences, series, & statistical analysis. It is designed to give the students a strong foundation for the more advanced Algebra 2 course at the Regents level or an entry-level mathematics course in college. This course will also spend time working through content typically required on standardized exams such as the SAT and/or ACT. Students who have completed Applied Geometry, Geometry X, or Geometry R but still have foundational gains to be made will benefit from this course.

COURSES RE-INTRODUCED FOR 2022-23:

MATH RESEARCH: This rigorous course is intended for students in honors level math classes who are seriously interested in researching mathematical topics that are not specifically studied as part of the regular math curriculum. Students must be conscientious and willing to work independently. All students are required to enter regional math competitions.

ADVANCED MATH RESEARCH: This more rigorous course is for honors level math students in grades 9 through 12 who have completed Math Research. Students continue to research from the previous courses at a higher level. All students are required to enter regional math competitions and act as mentors for the first year Math Research students.

POP CULTURE IN AMERICAN SOCIETY: This course investigates the rise and evolution of popular culture in America from the 20th century until today, with particular attention to popular music, film, sports, television and the internet. Students will explore the social and cultural contexts in which influential forms of popular culture like baseball, rock & roll, rap, sitcoms, comic books, movies, and social media emerged, and analyze their impact on issues of race and gender. In addition, we will consider how popular cultural forms have influenced (and been influenced by) the political landscape and evaluate the ways in which popular culture has been used to both advance and challenge the dominant culture in U.S. society.

MANDARIN CHINESE I: This rigorous course is intended to build students' basic daily communicative skills in Mandarin Chinese including conversation, reading and writing. Pinyin, a Romanization of Chinese, will be taught as the tool for understanding the dialogs. Drills on sounds and tones, vocabulary, and sentence patters in meaningful contexts will be used in order for the students to communicate appropriately and accurately in authentic contexts. Students will explore culture through authentic texts and videos.

A 2010 CURRICULUM DEVELOPMENT AND SUPERVISION - SUMMARY NOTES TO THE CURRICULUM DEVELOPMENT AND SUPERVISION BUDGET (CONTINUED)

NEW PROGRAMS (FUNDED THROUGH NASSAU BOCES):

THE RED TRUNK PROJECT: This series is a cultural initiative based on the idea that children should learn to *Respect Every Difference*—the RED in Red Trunk. The goals are to give students an immersive cultural learning experience in an enjoyable way, by connecting children to different world cultures through fun hands-on activities. In the normal school eperience, a physical Red Trunk is delivered to the classroom, and inside are dozens of cultural artifacts from the country being represented such as arts and crafts, clothing, currency, and musical instruments for the children to discover together. The trunk also includes videos and booklets detailing the lives of children in the culture.

LEVEL UP VILLAGE: A social-impact platform that introduces Global STEAM (STEM + Art) enrichment courses that promote design thinking and one-to-one collaboration between students around the world.

CONTINUING INITIATIVES:

TCRWP: Teachers College Reading and Writing Project (TCRWP) Reading component was adopted in 18-19 in selected classrooms, and fully adopted fo Grades K-2 in the 19-20 school year. Grades 3, 4, and 5 were fully adopted in 20-21. Grade 6 Reading was fully implemented in 21-22 and Writing is to be implemented in 22-23. Funding is allocated in the 22-23 school year for the purchase of all related materials and supplies and for related staff development.

Math in Focus/Singapore Pedagogy: Math in Focus professional development is funded in the 22-23 budget in an effort to systematically enhance K-6 teachers' facility with the expectations of Singaporean pedagogy and methodology essential to the implementation of the "Math in Focus" curriculum. Two Elementary Math Specialists were included in the 21-22 budget to enhance the District's ability to provide professional develoment to teachers and Academic Intervention Services to students. In addition, students in Grade 6 have been heterogenously grouped in their mathematics classes. The District continues to provide opportunities for students to double accelerate in Grade 6 with an Elementary Math Specialist providing this course of study to students.

INSTRUCTIONAL TECHNOLOGY:

In an effort to continue to provide high quality embedded professional development, the 22-23 Budget includes Schedule B stipends for Teacher Specialist/Staff Developers for the Secondary academic departments. Teacher Specialists/Staff Developers are teachers in the subject area who will receive additional training in the District's technology tools and will turnkey that training to other members of the department. Teacher Specialists/Staff Developers will provide teachers with training and resources to enhance their use of instructional technology.

1. The homework program extends Library privileges to grades 7-12 for one hour after school 4 days per week, with expanded computer stations for studying, homework, and peer tutoring.
2. The District uses grant and District funds to provide primarily underperforming and economically disadvantaged students with tutors to increase their parity with the District's mainstream population in advanced placement courses and in attaining Regents diplomas.
3. See footnote 3, Munsey Park.
4. Project Succeed allows high school students to work in the Adventures in Learning program supporting younger students. This program is paid through the Jacob Marley Foundation grant.

1. **Includes funding for contractual obligations related to the New Teacher Orientation and State-mandated Teacher Mentoring Programs. In addition, in 20-21, there were 19 additional sections at the elementary schools to allow for physical distancing in classrooms, resulting in unbudgeted costs for new teacher orientation and mentoring. In 20-21, the District introduced a departmental lead teacher model to support instructional staff in the implementation of the extensive technology platforms introduced into the District over the last three years. This model is budgeted in 21-22 and 22-23.**
2. **See NOTE on page 1.**
3. **The District strictly limits the use of clerical overtime and clerical substitutes. Any clerical overtime incurred is centrally administered by the Office of the Superintendent.**
4. **See pages 17-18. Significant resources are provided in teacher workshops, curriculum development and staff development to support various District instructional initiatives. In addition to regularly occurring curriculum development projects, 22-23 includes curriculum writing for new course offerings in Intermediate Algebra, Music Production/Songwriting, Broadcast Journalism 3, as well as Grades 6 and 7 science, Humanities/ELA alignment and World Languages Level I courses; 21-22 includes curriculum writing and staff development, as applicable, for Advanced Placement Art History, Media 1 and 2, Algebra, U.S. History (Regents updates), new course offerings in Broadcast Journalism 2, Advanced Placement Human Geography, History of Equity and Social Justice, and Social Studies 9 Honors. Of particular note, the District is providing significant staff development for the ongoing Teachers College Reading and Writing Project, a comprehensive literacy program for grades K-6, and in CANVAS, the District's Learning Management System, and will continue to provide for staff development implementation in social and emotional learning, including the Positive Coaching Alliance initiative. In 21-22, provision is also made for ongoing staff development in Project Lead the Way - STEM at the secondary and elementary schools, and Math in Focus. In addition, 20-21 included intensive training in various tools to conduct the District's hybrid instructional model, implemented because of COVID-19.**
5. **Services include the Base Subscription Comprehensive package, which provides professional development programs, state aid planning, certain educational and assessment programs, reporting services to the NY State Education Dept. test scoring, and the Northwest Evaluation Associations Universal Screener Platform computer-based assessment to provide for comprehensive District student progress monitoring and benchmarking in Reading and Math. In addition, test scoring for grades 3-8 assessments are purchased through BOCES. Also, Manhasset children and families participate in the Parent Child Home Program. The District provides $50,000 of funding for the Parent Child Home Program in this line item. Finally, several items related to Art, Music, and Drama, including student participation fees and professional services, will be secured through BOCES and budgeted dollars were moved from those codes to this code in 20-21. The increase in 22-23 Staff development includes funding of two new elementary programs: The Red Trunk Project and Level-Up Village.**
6. **Salary increase reflects promotion of the incumbent to Superintendent, replaced by a seasoned administrator to the position of Assistant Superintendent for Curriculum, Instruction, and Personnel at a higher salary. The District-wide Administrator for Assessment and Data Analysis supervises the administration of all standardized assessments at the elementary and secondary level, including Advanced Placement exams, and analyzes and interprets such assessment data, so as to inform programmatic and instructional decisions and assist the Assistant Superintendent for Curriculum and Instruction in the planning and implementation of action steps to address these data-driven decisions. The position was staffed with a seasoned administrator in 21-22 when the incumbent took the new position of Assistant Administrator for Human Resources.**

1. **Reflects approximately 2/3 of Secondary School administrative salaries.**
2. **The responsibilities of this position include extracurricular activities and graduation.**
3. **Lead Teacher is provided at the Secondary School to address student attendance matters, allowing the Principal and Assistant Principals to devote more time to curricular initiatives, student social and emotional well-being, and daily operations at the Secondary School. In 21-22, a seasoned teacher assumed these responsibilities, as indicated by the increase in salary.**
4. **See footnote 3 above. At the High School, provision is specifically made for overtime for clerical support for Graduation and Senior Award Night.**
5. **See footnote 2 above.**
6. **See footnote 4 above.**

1. In 20-21, 6 Kindergarten and 38 Grades 1-6 sections were budgeted, and 5 Kindergarten and 37 Grades 1-6 were run. This is exclusive of 14 sections created to address social distancing as a result of the COVID-19 pandemic. 6 Kindergarten and 35 Grades 1-6 sections were budgeted in 21-22. However, because of the potential impact of COVID-19 on elementary learning, it was determined to temporarily decrease class sizes to achieve class sizes below the guidelines at all grade levels, where possible. 3 additional sections were added above indicated enrollment sections, and 6 Kindergarten and 38 Grades 1-6 sections were run. Based on the latest enrollment figures, in 22-23, 6 Kindergarten and 36 Grades 1-6 sections are budgeted.

2. **See footnote 2 on page 28 for a discussion of the District's ENL Program. In 21-22, an incremental .5 Reading Teacher is added at Munsey Park based on student needs to support AIS/RTI and Tier III services, reading instruction, and the District's NWEA Universal Screener Platform and the adoption of the new comprehensive literacy program for grades K-6. Each elementary school has a 1.0 FTE Literacy Specialist included in this line item. In addition, a 1.0 Math Specialist is added at each elementary school in 21-22, again to support AIS/RTI and Tier III services, as well as Kindergarten students who currently do not receive specialists' support and 6th graders in a co-teach and double acceleration models, as well as to support the ongoing implementation of the Math in Focus Curriculum. In addition, a .5 Health Teacher is provided in 21-22 to support direct health instruction through the Great Body Shop curriculum and its social and emotional initiatives in targeted grades. Decrease in Art FTE is due to improved allocation of teacher schedules.**
3. **The after-school enrichment program has segments in the Humanities, Math, and STEM staffed by Secondary School teachers. Curriculum writing for these three segments is overseen by core subject coordinators.**
4. **With the implementation of the AESOP online substitute system, the position of sub caller is no longer necessary. See footnote 5 on page 5.**
5. **Codes are used to capture the use of substitutes by cause. Permanent substitutes are assumed to cover other teacher absences for budgeting purposes.**
6. **Consistent with the requirements of the mandated NY State Learning Standards and APPR, increased emphasis on curriculum and teacher evaluations by the District Coordinators is required at all District schools, especially the elementary schools. Therefore, beginning in 12-13, core subject District Coordinators were relieved of their teaching duties at the Secondary School to enable their fulltime immersion in this effort.**
7. **Reflects supervisory aides for student supervision, including recess/lunch and State testing and includes provision for part-time Kindergarten aides to work full-time for the month of September to facilitate a smooth transition for Kindergarten students. $55,000 and $39,525 of salaries related to supervision in the cafeteria are allocated each year to the School Lunch Fund for Munsey Park and Shelter Rock, respectively. 22-23 provides for incremental supervisory aide time in the Kindergarten classrooms at both schools.**
8. **Represents Teacher Assistants or Supervisory Aides for children with Section 504 certified medical conditions. Staffing is based on student needs.**
9. **Teacher Assistants and Aides are used in the morning and the afternoon to supervise the arrival and departure of students.**

10. Textbooks and supplies in all Core subjects reflect continued investment in new programs aligned with the mandated NYS Learning Standards. Language Arts textbooks and supplies expenses are pursuant to the completion in 19-20 through 21-22 of the implementation of Teachers College comprehensive literacy and writing program for grades K-6, as discussed on page 18. (Grade 6 Writing will be implemented in 22-23.) The Teachers College budgets in 22-23 reflect ongoing baseline expenses. Science supplies include baseline supplies for the NYS Science Learning Standards and the implementation of the Project Lead the Way STEM program at the elementary schools through Grade 4. 22-23 Science supplies reflects the rollout to Grade 5, including Robot Design and Cube Game kits. The expenses in Math texts and Math supplies is pursuant to the completion in 19-20 through 21-22 of the upgrade to Math in Focus 2020, including 6 year software licenses. In addition, Extra Practice texts are provided for Grades K-5 in 20-21, and Extra Practice Texts and supplies are provided for Grade 6 in 21-22. See page 18. The Math in Focus budgets in 22-23 reflect ongoing baseline expenses. 22-23 Social Studies textbooks includes the adoption of a new text for Grade 6.

11. Includes general education evaluation and translation services.

1. **In 20-21, 4 Kindergarten and 27 Grades 1-6 sections were budgeted and 3 Kindergarten and 27 Grades 1-6 were run. This is exclusive of 4 sections created to address social distancing as a result of the COVID-19 pandemic. 4 Kindergarten and 26 Grades 1-6 sections were budgeted in 21-22. However, because of the potential impact of COVID-19 on elementary learning, it was determined to temporarily decrease class size to achieve class sizes below the guidelines at all grade levels, where possible. 2 additional sections were added above indicated enrollment sections. Based on the latest enrollment projections, in 22-23 4 Kindergarten and 26 Grades 1-6 sections are budgeted. See footnote 2 on page 28 for a discussion of the District's ENL Program to support students for whom English is a new language.**
2. **In 21-22, an incremental .5 Reading Teacher is added at Shelter Rock to support AIS/RtI and Tier III services, reading instruction, and the District's NWEA Universal Screener Platform and the adoption of the new comprehensive literacy program for Grades K-6. Each elementary school has a 1.0 FTE Literacy Specialist. In addition, a 1.0 Math Specialist is added at each elementary school in 21-22, again to support AIS/RTI and Tier III services, as well as Kindergarten students who currently do not receive specialists' support and 6th graders in a co-teach and double acceleration models, as well as to support the ongoing implementation of the Math in Focus Curriculum. In addition, a .5 Health Teacher is provided in 21-22 to support direct health instruction through the Great Body Shop curriculum and its social and emotional initiatives in targeted grades. Decrease in Art and Physical Education FTE is due to improved allocation of teacher schedules.**
3. **The after-school enrichment program has segments in the Humanities, Math, and STEM, staffed by Secondary School teachers. Curriculum writing for these three segments is overseen by core subject coordinators.**
4. **See Munsey Park footnote 4.**
5. **Codes are used to capture the use of substitutes by cause. Permanent substitutes are assumed to cover other teacher absences for budgeting purposes.**

1. **Middle School enrollment was 517 in 20-21, 510 in 21-22, and is projected to be 499 in 22-23. Budgeted General Education FTE in 20-21 was 39.30 and actual FTE was 40. Budgeted FTE in 21-22 is 39.40 and actual is 39.90. Budgeted FTE in 22-23 is 40.00. Adjustments are made across subject areas based on student needs. 21-22 includes an additional 1.0 Reading Teacher at the Secondary School, including .4 FTE to the Middle School to provide additional support for AIS, RTI, and Tier III Special Education students. $ increases and decreases in budgeted amounts for subject areas reflect reallocation of existing staff in the Secondary School and District-wide.**
2. **The District continues to experience enrollment of students who are English Language Learners (ELLs). In 20-21 there were 49 elementary ELLs and 27 Secondary School ELLs. In addition, in 20-21, there were 14 former ELLs who continue to receive services in accordance with the regulations. In 21-22, there are 43 elementary ELLs and 22 Secondary School ELLs. In addition, in 21-22, there are 24 former ELLs who continue to receive services in accordance with the regulations. CR 154 regulations adopted by the State Education Department expanded the District's requirements related to the identification and placement of ELL students, the availability of age appropriate and ability appropriate bilingual education programs, support, transitional and translation services, units of study and credit for English as a New Language (ENLs), personnel qualifications and professional development, parental rights, including notification requirements and, in particular, special education notification requirements and District planning and reporting. Transitional services include the requirement to continue support to former ELLs who have achieved mastery for an additional two years. In 20-21, 21-22 and 22-23, there are 3.0 FTE ENL Teachers at each elementary school and a total of 2.0 FTEs at the Secondary School.**
3. **Codes are used to capture the use of substitutes by cause. Permanent substitutes are assumed to cover other teacher absences for budgeting purposes. Actual substitute expense for the Secondary School is captured in the applicable account codes at the High School.**
4. **See Munsey Park footnote 6 on District Coordinators.**

10. Project Lead the Way is part of the Science, Technology, Engineering & Mathematics (STEM) curriculum in our 7th and 8th grade classes, which provides engineering and biomedical science units of study.

11. Decrease reflects reallocation of a Security Aide to 1621 172 03 66.

2. **High School enrollment was 982 in 20-21, 980 in 21-22, and is projected to be 964 in 22-23. In 20-21, budgeted FTE was 76.4 and actual FTE was 76. In 21-22, budgeted FTE is 76.3 and actual FTE is 76.2. Budgeted FTE in 22-23 is 75.30 based on enrollment. Adjustments are reflected in subject areas based on student needs. 21-22 includes an additional 1.0 Reading teacher at the Secondary School, including a .6 FTE to the High School to support AIS, RtI and Tier III Special Education Students. New course offerings in 22-23 include: Broadcast Journalism 2, Mandarin Chinese, Music Production/Song Writing, Intermediate Algebra, and the re-introduction of Pop Culture in American Society, Math Research, and Advanced Math Research. New course offerings in 21-22 include: Broadcast Journalism 2, AP Human Geography, History of Equity and Social Justice, Social Studies 9H, and Applied Geometry. Additional support is provided to support the District's very robust and successful Science Research program with the addition of a Teacher Assistant in the Science Research program. In addition, a .6 Math Teacher Assistant provides support in certain classes. $ Increases and decreases in budgeted amounts for subject areas reflect reallocation of existing staff in the Secondary School and District-wide. Music reflects a retirement.**
3. **Reflects stipends for advanced art, music, drama, and science research instructional programs conducted outside of regular school hours. 20-21 includes increased hours for the Summer Science Research program. In 20-21, the lighting and sound supervisor for Drama was filled by an outside contractor and the expense recorded in 2110.420.04.24. In 22-23, the AP Art stipend reflects a negotiated stipend for the Life Drawing course versus per-session compensation in 20-21.**
4. **Codes are used to capture the use of substitutes by cause. Permanent substitutes are assumed to cover other teacher absences for budgeting purposes.**

6. **Decrease reflects reallocation of a Security Aide to 1621 172 04 66.**
7. **See Middle School footnote 5.**
8. **In addition to staff, provision is made for equipment, student participation fees and supplies for engineering course offerings in Introduction to Engineering, Principles of Engineering, Aerospace Engineering, and Computer Integrated Manufacturing and as part of the Project Lead the Way - STEM curriculum. In 20-21, $42,000 of equipment and $21,000 of supplies for the new course are provided through a gift from the Tower Foundation. In 21-22, the Tower Foundation provided $50,000 to complete upgrades to the Innovation Suite. The engineering program is fully adopted in 20-21. In 22-23 provision is made in supplies to upgrade the microcontrollers used in the engineering courses.**
9. **Provision is made in 22-23 to support equipment purchases and repairs for the new Broadcast Journalism suite.**
10. **Certain fees for Art, Music and Drama professional services and participation fees are budgeted to be obtained through BOCES and are recorded in 2010 491 09 68.**

11. Reflects desk rental for administration of State-mandated tests.

12. Miscellaneous Contractual includes framing, filming, developing, and models for Life Drawing (Art), Marching Band, Choreography, Instruction and uniform maintenance (Music) and play scripts and stage lighting, set design and other services (Drama), annual service contracts on science equipment, and student training and certification in CPR as part of the physical education program. Provision is also made for a consultant to conduct a Yoga segment in Physical Education classes. Also see footnote 3 on page 31.

13. Incremental textbook purchases are made on an as-needed basis as funds are available. 21-22 includes texts for the new course offering for AP Human Geography. 22-23 includes texts for AP Biology and AP Economics.

14. Includes general education evaluation and translation services.

15. Includes purchase of High School student planners.

1. **The 21-22 and 22-23 budgets provide amounts for 3 sick leave and/or growth positions at the Elementary Schools, respectively, and 2 sick leave and/or growth positions at the Secondary School. Sick leave positions are temporary, on an as-needed basis, and are not included in headcount. The tenured teacher on leave retains the position and is included in fulltime equivalent counts where applicable. The expense is recorded in the budget line item where the replacement/growth actually occurs. In addition, should enrollment be such that some elementary sections exceed guidelines, provision is made to provide additional staff to support the classrooms exceeding guidelines, if appropriate.**

A 2250 SPECIAL EDUCATION PROGRAMS AND SERVICES AND PUPIL PERSONNEL SERVICES

SUMMARY NOTES TO THE OFFICE OF SPECIAL EDUCATION (2250) AND PUPIL PERSONNEL SERVICES (2810, 2815, 2820, AND 2825) BUDGET:

Manhasset Public Schools is committed to providing opportunities for all students to achieve success, academically and personally. Our focus in Special Education is to provide a comprehensive and yet, individualized program for students with various disabilities from the ages three through twenty-one with services and/or supports in a warm, supportive, and motivating setting, and where policies and procedures foster students' right to a "free and appropriate public education in the least restrictive environment." Services and supports can include speech and language services, hearing and/or vision services, home instruction, Section 504 accommodations and special education programs and services/supports. Pupil Personnel Services (PPS) is an integral part of the educational system. PPS provides district-wide, school counseling services, clinical psychological and social work services and health services. The PPS faculty and staff are in an ideal position to protect the health and safety of all students. The mission of all PPS faculty and staff is to utilize strategies, techniques, programs and services in order to maximize student progress in the least restrictive environment toward achievement of academic goals along with the essential personal, social and emotional complements that form the foundation of a productive future.

The school counselors assist all students in the acquisition of the academic, career, and personal/social skills required to become successful students and, ultimately, fully functioning, responsible citizens. To do so, a comprehensive, developmentally appropriate school counseling program has been developed to address the individual and collective needs of all students. In addition, our school counselors provide short term counseling regarding peer and family concerns.

Our clinical faculty, school social workers and school psychologists, provides counseling and support services for students and families experiencing learning difficulties, emotional challenges, family crisis, health concerns, and other related academic, social, and emotional problems. Most importantly, school counselors and clinicians along with teachers and parents become vested in students' academic and personal success.

The National Association of School Nurses (NASN) defines school nursing as a specialized practice of professional nursing that advances the well-being, academic success, and life-long achievement of students. School nurses facilitate positive student responses to normal development; promote health and safety; intervene with actual and potential health problems; provide case management services; and actively collaborate with others to build student and family capacity for adaptation, self-management, self-advocacy, and learning.

In summary, the Office of Special Education and Pupil Personnel Services at Manhasset Public Schools focuses on supporting all students in the least restrictive environment and helping all students achieve to the best of their ability, academically and personally.

SPECIAL EDUCATION:

ENROLLMENT: In 20-21, the District budgeted 440 classified school age students and 40 age 3-4 year-old pre-school students and provided services to 385 school age students and 18 pre-school students. In 21-22, the District budgeted 425 classified school age students and 35 age 3-4 pre-school students, and is providing services to 396 school age students and 27 pre-school students. In 22-23, the District is budgeting 425 classified school age students and 35 age 3-4 pre-school students. It should be noted that the District is currently reimbursed for direct services to pre-school children. However, NYS has suggested that school districts be mandated to cover a portion of these costs.

The District has 3 elementary full-day special classes based on student needs in 20-21 and 21-22. There is 1 full-day special class at the High School in 20-21 and 21-22. In 22-23, 3 elementary and 1 High School full-day special classes are planned.

EXTENDED DAY BEHAVIOR INTERVENTION SERVICES (BIS) ABA/HOME TEACHING ABA: The District conducts an extended school day program utilizing Applied Behavioral Analysis (ABA) philosophy that takes place in the school setting for students with Autism Spectrum Disorders (ASD), and their typically developing peers. The program is currently provided at Shelter Rock and at the Secondary building for resident students for two-hour sessions on Tuesdays, Wednesdays and Thursdays. The program is for students with ASD that demonstrate significant regression and have social skills goals on their IEP, who require direct, intensive intervention in order to achieve those goals, and who currently are approved for extended school day hours. The program does not require additional ABA hours. The hours that the students attend the program will come from their existing approved ABA hours. The program is staffed by District personnel and monitored by the CSE/Special Education. Extended School Day BIS/ABA, depending on the student, may complement Behavior Intervention (ABA) services in the home. Budgets are based on student needs, and are adjusted annually to reflect these changing needs.

CONTRACT THERAPISTS: Contract Therapists provide the following services/related services as mandated in the student's IEP: Evaluations and delivery of occupational therapy, physical therapy, behavior intervention (ABA) and supervision (ABA), speech & language, nursing services, interpreting services, auditory verbal therapy, hospital/home instruction, and resource room, bilingual evaluations, augmentative communication, psychiatric evaluations, rehabilitation services, use of a scribe, and neurological evaluations. In addition, there are some students that, because of their disabilities and behavioral impact on instruction, need instruction delivered in a non-school setting, including at home and/or at the Public Library. Budgets are based on student needs, and are adjusted annually to reflect these changing needs.

1. **Teachers provide consultant teacher services, integrated co-teaching, resource room, and specialized ELA and math instruction. The number of Teachers, Teacher Assistants, and Supervisory Aides is dependent upon IEP requirements and other needs of the students currently enrolled. Staffing reflects an elementary inclusion model designed to better meet the rigors of the mandated NYS Learning Standards through integrated co-teaching for ELA and Math and Teacher Assistant support for Science and Social Studies at all grade levels. In 22-23, there are 7.00 Teacher Assistants to support special education students in the classroom. There are no 1:1 Teacher Assistants and 5.5 1:1 Supervisory Aides. In 20-21, provision was made for an additional .5 FTE Special Education Math teacher to support the modification of the 5th Grade Math program as discussed on page 18.**
2. **Substitutes for IEP mandated 1:1 Teacher Assistants.**
3. **See Summary Notes on page 36.**
4. **Includes rental of FM systems and in 20-21 provision of technical support services for equipment and software utilized by special education students, and translation services provided through BOCES. In 21-22, the role of technical support services is reflected in the Information Technology budget and allocated to each school. Budget is based on student needs and expense experience.**

1. **See Summary Notes on page 36.**
2. **The number of Teachers, Teacher Assistants, and Supervisory Aides is dependent on IEP requirements and other needs of students enrolled. Staffing reflects the High School inclusion model to support all students as they encounter the increased rigor of mandated NYS Learning Standards in: English 9R, English 10R, English 11R, Global 9R, Global 10R, US History 11R, Living Environment, Earth Science, Algebra, Geometry, and Algebra 2/Trigonometry. In 22-23, there are 9.5 FTE Teacher Assistants providing support in the classroom and in the testing center, 7.0 FTE 1:1 Teacher Assistants, and 2.0 FTE Teacher Assistants assigned to the secondary full-day special class. $ decrease in 22-23 Teaching Assistants reflects retirement.**
3. **Substitutes for IEP mandated 1:1 Teacher Assistants.**
4. **See Footnote 4 for Munsey Park.**

1. **Speech services to non-public school students are provided by contract therapists.**
2. **Several initiatives are required under IDEIA 2004. The District is required to locate and provide special education services to students attending the four private schools located in the District (St. Mary's Elementary, St. Mary's High School, Our Lady of Grace, and Magen Israel). Budgeted amounts are based on student needs. Expenses related to non-resident students are billed to the home school district. IDEIA 2004 also requires evaluations to be conducted year-round.**
3. **22-23 includes special education related services through BOCES based on specific student needs.**

1. A portion of the salaries for the Assistant Superintendent and the Directors is paid by grant each year. In addition, see notes on page 1 for additional disclosure of administrative salary increases. The Assistant Superintendent is responsible for Pupil Personnel Services, including Special Education, School Counselors and Health Services, and .50 of her FTE and a portion of her salary is allocated to these departments.
2. Reflects the requirement to provide adaptive physical education programs for students throughout the District as indicated in the students' IEPs. The position is fully funded by a grant. The associated FTE is reflected in each school physical education budget.
3. IDEIA 2004 mandates that evaluations be completed within 60 days of referral, including July and August. Psychological evaluations during the summer are provided by Contract Therapists.
4. In 20-21 there was a .1 FTE dedicated to each school to support the use of assistive technology in our special education programs for a total of .4 FTE District-wide. In 21-22 based on student needs, the position expanded to 1.0 FTE District-wide and the position is budgeted here. The position is partially funded by grant. In 21-22 and 22-23, the position is filled by a seasoned teacher.

A2630 COMPUTER AIDED INSTRUCTION - SUMMARY NOTES TO THE INSTRUCTIONAL TECHNOLOGY BUDGET

INSTRUCTIONAL TECHNOLOGY INITIATIVES

1:1 Chromebook Initiative: The 21-22 and 22-23 Instructional Technology budgets maintain the District's 1:1 Chromebook initiative which now covers students in grades K-12 with insertion points of new Chromebooks in grades K, 5, and 9.

Aruba Access Points: The District had reached the limit on the number of access points that could be deployed in the exsiting Avaya Wireless system. In 21-22, the District installed additional Aruba access points in strategic areas of Shelter Rock which improved that building's coverage and freed up Avaya APs to improve access in Munsey Park and the Secondary School. The project continues in 22-23, this year at Munsey Park.

Canvas Learning Management System: The District continues its use of the Canvas Learning Management System on which it standardized for use by all grade levels in the 20-21 school year. Canvas offers a number of features such as long-term assignments and a calendar of assessments; secure online grade book; secure online testing, and integration with third-party technology tools. Canvas also offers a platform on which the District can provide ongoing professional development as we increase staff knowledge of the new CSDF standards (see Note below) and ongoing cybersecurity and digital privacy training.

Instructional Technology Professional Development and Support: In 21-22, the District budgeted to increase 2.0 teacher specialists to support teachers in the use of instructional technology across all schools. Total FTE dedicated to professional development and support in 21-22 is 2.6 FTE. This is maintained in 22-23. Professional development staff was also reallocated from the Secondary School because, in 20-21, the District introduced a departmental lead teacher model at the Secondary School to support instructional staff in the implementation and use of the extensive technology platforms introduced into the District over the last three years. The stipends related to this model are budgeted in 2010.138.09.68.

Technician Support: The District is investing in additional technical support to meet the increased needs of students and staff. The number of contracted technicians has been five for the past 15 years. Over that time (and especially over the past 2 years) the amount of technology hardware and services have greatly expanded. In order to better serve all constituents, an additional position contracted through BOCES was added in 21-22. In addition, a contracted technician charged to Special Education in 20-21 is allocated to Information Technology in 21-22. In addition, the District provided for an additional 1.0 FTE technician on District staff in 21-22, for a total of seven technicians, although the District has just recently been able to fill this position. All positions are maintained in the 22-23 budget.

Zoom Video Conferencing Platform: The School District maintains its institutional level service with Zoom for the 21-22 and 22-23 school years. Zoom provides a secure online videoconferencing platform with which our teachers have become quite proficient. This platform allows us to lock down access to meetings using our @mufsd.org email accounts as authentication for teachers and students. This has greatly reduced inappropriate visitors attending our sessions. We also have @manhassetschools.org accounts that allow for attendance by anyone with the provided link. These are used regularly by the Board of Education, Disrict administrators and by teachers for meetings with parents.

Other Software Investments: Other investments in 21-22 and 22-23 include an expansion of the use of Go Guardian (Fleet), as well as Quaver and MS Defender. Also see below.

Cybersecurity: Over the prior 5 years, the District has invested in technology to secure its network from illegal access. In 17-18 and 18-19, expenditures averaged $22K for firewall security and a supplemental cybersecurity insurance policy. In 19-20, the District added $23K to upgrade its firewall security and add Surenet, Fast Vue content monitoring and KnowBe-4 malware prevention. In 20-21, the District's expenditures for cybersecurity increased to $215K, including the cost to migrate to Office 365, implement the Unitrends Backup Solution (segmenting the District's network backup), implemented MS Defender and engaged the services of a cybersecurity consultant and an internal audit cybersecurity review. In 21-22, the District added Password Locker and multi-factor authentication for high value targets, and the 21-22 budget included $150K for cybersecurity measures. Despite its best efforts, the District was the victim of a cybersecurity ransomeware attack in September 2021. Therefore, the 22-23 budget includes $225K for cybersecurity measures, including both endpoint and managed detection and response for all District computers, and will significantly limit outside access to the District's network.

NOTE:

The New York State Computer Science and Digital Fluency (CSDF) standards announced in January of 2020 will begin to be introduced for all K-12 students. These standards acknowledge the increasingly important role that computers play in everyone's life. The CSDF standards focus around five specific concept areas – impacts of computing, computational thinking, networks and systems design, cybersecurity, and digital literacy. Each concept contains two or more sub-concepts and are grouped into four grade-bands: K-2, 3-5, 6-8, and 9-12. The standards will be phased in over a four year period with full implementation taking place in September 2024. Manhasset began adjusting its curriculum through the lens of these standards in 20-21.

1. See Instructional Technology Professional Development and Support on page 47.
2. Reflects the continuation of the District-wide program to replace and enhance technology equipment in accordance with a 3-8 year life cycle, depending on the equipment. Includes desktop computers, print servers, laptop and Netbook computers and mobile presentation stations, as applicable. The District uses Virtual Desktop Infrastructure (VDI) through VMware View in order to extend the life of the District's desktops, laptops, and thin/zero clients and decrease total cost of ownership. With VDI, the IT department, utilizing the District's investments in centralized servers, storage, and wireless infrastructure, deployed from the datacenter virtual desktops and applications to a variety of learning environments, including labs, libraries, and classrooms. The user has a familiar PC experience regardless of the age, state, and type of underlying hardware that they are using. Students, teachers, and administrators are able to access their data, coursework, and applications on any approved compatible device, including iPhones and iPads, from any location with wired or wireless connectivity. VDI allows us to provide users with secure, easy access to their data and applications at all times on campus or off. 20-21 included rotation of a desktop, Smartboard, network switch, 135 Chromebooks pursuant to the 1:1 Chromebook initiative, Chromebook sanitizing cabinets, 23 document cameras for the TCRWP literacy program and the fiber upgrade project. 21-22 included rotation of 4 desktops, 5 Smartboards, 3 high yield printers, 2 laptops, and 10 Lenovos. 22-23 includes rotation of 2 desktops, 5 Smartboards, 3 network switches, 3 high yeld printers, 2 servers, 10 Lenovos, 78 Aruba wireless access points, and the purchase of 5 iPads.
3. Includes warranty, support and service coverage on switches, firewall security, and Xerox printer management, and FastVue Content monitoring to ensure appropriate educational use of the District's Technology resources. 21-22 also includes costs related to upgrade of RSLs and cabinets. 22-23 also includes installation of 78 Aruba wireless access points as part of the IT rotation plan and X Protect corporate device licenses.
4. Includes various software license agreements including Castle Learning, Gizmos Science, Discovery Education Science, Ed Club Typing, and KidOYO. Also, as discussed on page 47, Canvas Learning Management System for use District-wide. 21-22 also includes Flocabulary, and EasyTech Learning, pursuant to the NYS Computer Science and Digitial Fluency Standards. 21-22 and 22-23 include the Zoom video conferencing platform (see page 47) and Go Guardian Monitoring and Facilitation software (moved from BOCES in 22-23). 22-23 includes IXL Math, BrainPop, Boom Learning and Pear Deck. Also see footnote 5.
5. BOCES services include: Discovery Education Network video streaming subscription, videoconferencing, virtual learning (velex), online databases, data privacy and security services, including one additional technician added in 21-22, Blackboard Connect, Blackboard Web Community Manager, and Blackboard Teacher Connect, microcomputer support services, network administration support and service, including additional support days, internet connectivity, Model Schools and Frontline My Learning Plan staff development tools, MS Consortium, a cost effective and efficient membership to obtain a variety of software and operating systems District-wide, Classlink, Sole Source Cloud Services for digital forms, redundant internet connectivity, enabling up to 100 mb of redundant bandwidth. 21-22 includes Canvas Learning Management System, MyOn Reading Software and MS Defender Malware service. See page 47 for discussion of additional technician support.
6. Includes IT components, cables and replacement parts, classroom printers, printer supplies, and computer and SmartBoard supplies. In 21-22, the price point of Chromebooks fell below the District's threshold for equipment. Therefore, the purchase of 264 and 246 Chromebooks, pursuant to the 1:1 Chromebook Initiative in 21-22 and 22-23, respectively, for Kindergarten and 5th grade, including spares, is budgeted in instructional supplies in 21-22 and 22-23. In 22-23, supplies include brackets and tokens for the installation of wireless access points.
7. Includes Imagine Learning, and in 22-23, the IT work order ticketing system.

1. See Munsey Park footnote 1.
2. As the Computer Lab is used most of the day as a classroom, the position was no longer needed at the High School. Provision is made for lab coverage for periods when the lab is not otherwise in use.
3. See Munsey Park footnote 2. 20-21 included rotation of 1 desktop, 10 Smartboards, and 1 switch, 30 Surface Go computers for Physics, 3 Flypacks and iMacs for Broadcast Journalism, 108 Chromebooks pursuant to the 1:1 Chromebook initiative, Chromebook sanitizing cabinets, 1 3-D printers and 1 poster printer. 21-22 includes 10 SmartBoard replacements, 10 switch replacements, 23 desktop replacements, 15 Lenovo replacements, 26 iPads, and 5 high yield printers. 22-23 includes rotation of 3 desktops, 7 SmartBoards, 3 high yield printers, 15 Lenovos, 4 laptops for STEM, 6 document cameras, and the purchase of 16 iMacs for the Contemporary Music Performance Lab.
4. See Munsey Park Footnote 3. Also includes service contracts on the World Languages Lab software and the 3-D Printers. 22-23 includes the installation of network drops for the Contemporary Music Performance Lab reconfiguration.
5. See Munsey Park footnote 4. Also includes SAAVAS for AP Language classes, Rosetta Stone software used in the World Languages Lab, Statistical Package for the Social Sciences, Wizard Online Test Maker, Vocabulary.com licenses, and Code High School.
6. See Munsey Park footnote 5. In 22-23, the allocation of support tech services was corrected, resulting in a shift of costs from the Middle School to the High School.

1. See NOTE on page 1 for additional disclosure on administrative salary increases. Increase in clerical represents upgrade of title for both positions, commensurate with the responsibilities of the positions. Also see Munsey Park footnote 1.
2. The District employs an Information Technology Manager and two Information Technology Specialists III responsible for information technology infrastructure, including network administration, design and support, technology infrastructure management, configuration, installation and maintenance, including hardware and software in use throughout the District, and data privacy and cybersecurity. See Technician Support Note on page 47. 21-22 includes an additional 1.0 IT Specialist to meet the technical needs of students and staff. Both IT Specialist III positions were recently filled and 22-23 budgeted salaries are adjusted accordingly.
3. See footnote 2 for Munsey Park. 19-20 included rotation of 4 files storage units and rotation of the Power Edge R740 Virtual Server Host. 20-21 included the purchase of Unitrends Cloud Based Backup to provide cloud based redundancy as a supplemental backup to the disaster recovery site located at Munsey Park, the upgrade to the next generation of wireless access points and expansion of campus access, and SmartBoard rotation. 21-22 included 2 servers and 3 Dell Poweredge SSD Drives. 22-23 includes rotation of 23 desktops, 2 servers and 16 Lenovos and the purchase of a MacBook Pro.

4. **Includes allocation of District expenses for academic basic support and production support for VM Ware Horizon View software assurance for existing licenses, virtual servers and virtual desktops, e-mail achiving and anti-risk appliance, server service contracts and the expense associated with migrating servers and additional desktops to a virtual environment, firewall services, DNA failover, and various alarm monitoring services, CCTV and Card Access Support and related Maintenance services, among other items. In 20-21, provision was made for migration to Office 365 online services and certain cybersecurity services. 22-23 includes upgrades to the District's email archiving and extraction system and to VMWare View 22-23 also includes the addition of Managed Detection and Response and Endpoint Detection and Response technology for all District computers. This expenditure is necessary in the wake of the cybersecurity attack on the District in September 2021.**
5. **Includes maintenance and insurance for fiber connectivity for the District's LAN, District-wide technical support, network administration and microcomputer services, My Learning Plan (teacher training tracker), e-Rate Central Processing, Model Schools base subscriptions and training, Blackboard Connect and Community fees, Instructional Data Warehouse, which provides student and other information in a comprehensive database with related reporting to the State, NASTech, a Nassau County Technology Directors' user group membership, an annual subsription to a suite of data screening tools for data privacy and security and apps obtained through the web, and cyber security monitoring and maintenance services, Learning Tech Project Planning, Administrative Office Support (AOS), professional development for clerical staff, and annual licensing fees for SMART Notebook software for District SmartBoards. Also see page 47 for discussion of additional Technician Services in 21-22 and the reallocation of technical support from Special Education (2250). In 22-23, the number of additional days of network administration allocated to the District wide code is reduced.**
6. **Reflects printer and computer supplies.**
7. **Includes the EDGE Student Reporting system PLUS upgrade and Goverlan Remote software and Privacy Ed software to assist with compliance wth Federal and State data privacy laws.**

1. See Note on Page 1. The Assistant Superintent for Student Services is responsible for Special Education, School Counselors, Health Services, Psychologists, and Social Workers, and .25 FTE and related salary are reallocated here. In addition, the Assistant Superintendent's stipend as DASA coordinator is moved from 2815 151 99 36 to this code in 22-23. Additionally, in 21-22, the Director of School Counseling is expanding responsibility for the District's Social Workers, and .25 FTE and related salary is allocated to 2825.151.99.29.
2. Includes expenses for the administration of Advanced Placement examinations, including facility rental fees. Cost increases reflect the increasing number of students taking Advanced Placement exams, and the decision for 22-23 to continue conducting the exams at a location that can properly handle the number of students and exams.

1. Nurses provide required medical care for special needs students with individual health care plans, including acute care plans for students with potentially life-threatening conditions, emergency medical treatment for students and staff, and required screenings and records updates, including immunizations, physicals, and attendance.
2. In 21-22, the position of Supervisory Aide in the Health Office is changed to a clerical staff title.
3. Provides for overtime for physical screenings for incoming Kindergarten students and preparation of records during the summer, in time for the start of school in September.
4. Additional provision is made for purchase of AED supplies through the Health Office.
5. See Shelter Rock footnote 3.

1. Provision is made for services and supplies to support the District's social and emotional learning initiative.
2. In 20-21 provision was made to add a Social Worker at the High School so that each social worker is responsible for 2 grade levels, i.e., 9-10 and 11-12, consistent with the District's social and emotional learning initiative. In 21-22 and 22-23, the position is changed to school psychologist and reflected in 2820 153 04 29 to better serve students.
3. In 21-22, the Director for School Counseling is expanding responsibility for the District Social Workers, and .25 FTE and related salary is allocated here.

1. **The State-mandated transportation inflation factor assumed for 21-22 was 1.23% and the actual increase was 3.2%. The inflation factor assumed in 22-23 is 4.4%. The actual rate will be set as of May 31, 2022. In 22-23, provision is made to provide fuel for home to school transportation because of significant increases in fuel prices. This is pursuant to a memorandum of understanding between Huntington Coach and the District as part of the extension of the contract for 22-23.**
2. **Routes and their components are reviewed annually and revised as necessary based on anticipated student enrollment, Special Education requirements, and known parental requests for transportation to non-public schools. Of note, in 09-10, the District transported 528 students to 41 locations and 2711 students to Manhasset Public Schools. The number of students being transported to non-public school locations has been steadily declining. In 21-22, the District transports 261 eligible students to 41 locations, and 2647 eligible students to Manhasset Public Schools. The increase in out of district transportation reflects the costs of 3 vans necessary to transport special education students to their anticipated out of district placements, including schools not utilized in 21-22.**
3. **Reflects transportation to general education Summer School. The District's share of summer transportation expense for special education, offset by State Aid, is included in the Transfer to Special Aid fund, account 9950.901.99.99.**

A 5540 CONTRACTED TRANSPORTATION

1. **Pension contributions are mandated by New York State and are based on actuarially required contribution ("ARC") rates of member payroll set annually by governing entities for each plan. The ARC for the Employees Retirement System ("ERS") for support personnel approximates 14.23% in 20-21, 15.37% in 21-22, and 10.97% in 22-23. The ARC for the Teachers Retirement System ("TRS") for certificated personnel approximates 9.53% in 20-21, 9.8% in 21-22, and 10.29% in 22-23. The volatility of the ERS and TRS ARCs can have a significant effect on the District's budget in any particular year, as evidenced by a significant decrease in the ERS ARC, which fortunately offsets a 5% increase in the TRS ARC in 22.23.**
2. **The effective rate for Social Security/Medicare contributions was 7.09% in 16-17, 7.17% in 17-18, 7.14% in 18-19, 7.06% in 20-21, and budgeted at 7.4% in 21-22 and 7.33% in 22-23. The increases over the last two years are reflective of budgeted adds to staff at lower salaries than retiring personnel. Effective January 1, 2022 the maximum salary cap subject to FICA was raised from $118,500 in 16-17 to $147,000 in 22-23, thereby increasing the employer FICA portion accordingly.**
3. **In November 2010, the District joined the Nassau County Cooperative, a cooperative of school districts organized to effectively manage the expenses associated with workers compensation claims, their administration, state assessments, and insurance for catastrophic claims. The annual payment includes a component for incurred but not reported claims. The District previously used a "pay as you go" method for workers compensation. The District retained management of claims related to periods prior to its joining the cooperative ("Tail Claims").**
4. **21-22 assumed that personnel hired in 20-21 because of COVID-19 would seek unemployment benefits once their temporary position was no longer necessary. The cost of unemployment during the pandemic was paid by the government through December 31, 2021.**
5. **The District contribution per employee is 1.5% of compensation for MASA, 1% for Senior Administration and 3% for the Superintendent. Pursuant to the contract with MEA, the per-employee contribution is fixed at $1,000.**
6. **Medicare reimbursement is impacted by a Federal law effective January 1, 2007, whereby beneficiaries with adjusted gross incomes of >$91,000 (or > $182,000 for married couples filing jointly) are required to pay higher premiums for Medicare. NYS Civil Service Law requires the District to reimburse the base premium and the entire excess to the District's retirees. The 22-23 budget reflects actual expense experience in 21-22. In 07-08, Medicare reimbursement was $356,079.**

7. **The Family Health insurance premiums increased 12.2% in 2017, 8.7% in 2018, 2.8% in 2019, -1.0% in 2020, 2.7% in 2021, and 12.7% in 2022. 6.25% is the assumed increase for 2023. The 22-23 blended rate used for the 22-23 budget represents an actual 12.7% increase in 2022 and an assumed increase of 6.25% in 2023. Rates for retirees (Medicare - 2) changed by -1.7% in 2017, 8.3% in 2018, -6.1% in 2019, -2.9% in 2020, 0.6% in 2021, and 0.2% in 2022, and 6.25% is the assumed increase for 2023. The 22-23 rate represents an actual 0.2% increase in 2022 and an assumed increase of 6.25% in 2023. The volatility of increases in health insurance premiums can significantly impact the budget, as is the case in 22-23.**
8. **These expenses are reflective of employee participation in the District's Health Insurance Declination Savings program. Under the District's various collective bargaining agreements, when an employee declined to be covered under the District's health insurance policy, the employee is paid a fixed amount as declination pay. Pursuant to the contract with the MASA, the payment to MASA members for family health insurance declination is fixed at $4,500, pursuant to the contract with the MEA, the payment to MEA members for family health insurance is fixed at $3,000, and, pursuant to the contract with MESPA, the payment to MESPA members for family health insurance declination is fixed at $2,000.**

1. **Tax anticipation notes are issued in anticipation of the receipt of property tax revenues. In 19-20, the District borrowed an additional $6.1 million in Spring 2020 in anticipation of a shortfall/delay in revenues to be received due to COVID-19. That TAN was paid back in October 2020 at a net interest cost of $20,627. In 20-21, the District borrowed $12 million and incurred interest expense of $167,333 exclusive of premium of $139,320, at a blended rate of 0.3348%. In 21-22, the District borrowed $12.5 million and will incur interest expense of $140,104 exclusive of premium of $124,072 at a blended rate of 0.1716%. The 22-23 budget assumes borrowings of $12.5 million at an effective interest rate of 1.%.**

1. **In the past, the District typically transferred from the general fund to the special aid fund the District's anticipated 20% share of special education summer school expenses required by State law and anticipated receivables from New York State of 80% of the District's special education summer school expenses. Analysis of actual reimbursements indicated an estimated revised District share of approximately 40%.**
2. **Over the last several years, the District has refinanced all debt that was eligible to be refinanced. On December 3, 2014, the District's voters approved a Capital Projects Bond Referendum for projects totaling $22,609,870 which is funded by up to $19,493,194 of bonds, and a transfer from the general fund of $466,676 (in lieu of budgeted debt service), $2.4 million of capital reserve funds and a $250,000 gift from the Manhasset School Community Association. The District issued $7.35 million in May 2016 at a net interest cost of 2.42%. The District issued $6 million in December 2016 at a net interest cost of 3.17%. The District issued $5.5 million in June 2017 at a net interest cost of 2.72%. The District issued the final debt issuance pursuant to the 2014 Capital Projects in September 2018, at a net interest cost of 3.00%. In June 2019, the Manhasset Public Library refinanced its outstanding debt and issued $8.2 million at a net interest cost of 1.48%.**

A9900 INTERFUND TRANSFERS

					Expenditures 20-21	Budget 21-22	Proposed Budget 22-23		$ Variance 22-23 vs. 21-22	% Variance 22-23 vs. 21-22
9950	903	99	99	Transfer to Capital Projects Fund	5,614,530	0	0	3	0	0.0%

9950	907	99	90	Transfer to Repair Reserve	0	125,000	125,000	5	0	0.0%

3. **In 20-21, $3,696,845 was transferred from the General Fund's 2010 Capital Reserve to the Capital Projects Fund pursuant to the 2019 Capital Projects Proposition approved by the voters in May 2019. In addition, $1,917,685 was transferred from the General Fund unassigned fund balance to the Capital Projects Fund pursuant to the 2021 Capital Projects Proposition approved by the voters in May 2021.**

4. **The District's school lunch program has been a model for many years in delivering healthy, appetizing meals to our students in accordance with strict nutritional guidelines. During this time, Manhasset participated in and complied with the requirements of the National School Lunch Program and received subsidies for providing meals to those children who cannot afford to pay for them, in whole or in part. In 21-22, 6.3% of our students qualified for free or reduced meals. This is an 87% increase over 09-10.**

   The Federal Healthy Hunger Free Kids Act of 2010 was enacted to address childhood obesity and imposes rigid caloric and meal content standards. The standards are built around grade configurations for elementary (K-5), middle school (6-8) and high school (9-12) which are not the same for Manhasset. Given the grade configurations of our schools, we cannot comply with the grade-specific caloric standards of HHFKA, in particular at the Secondary School. In addition, HHFKA's protein, grain and portion requirements are too restrictive to support our students' active day. In a word, our children were hungry!! The District determined that it was not in the best interests of our students to comply with HHFKA.

   In the Summer of 2013, HHFKA was revised to permanently relax some of the meal content and portion size standards. As a result, the District determined that it could participate in the National School Lunch Program at the elementary schools, while continuing to provide nutritious and filling meals to our elementary students. However, even with the relaxed standards, the District remains unable to comply with the caloric and smart snack standards of HHFKA at the Secondary School and the District withdrew the Secondary School from participation in the National School Lunch Program. As a result, the District bears the cost to purchase meals for those students who qualify for free and reduced subsidies. $46,346, $48,178, $49,650, $54,354, $48,226, $50,167, and $31,152 were needed to cover those subsidies in 13-14, 14-15, 15-16, 16-17, 17-18, 18-19 and 19-20, respectively, that were previously provided by the government. 19-20 is understated due to the school closure because of the COVID-19 pandemic. In 20-21 and 21-22, the Federal government subsidized all school lunch programs, and the transfer is not necessary.

5. **The 19-20 budget included a transfer to Repair Reserve, so that the District can build the capacity in its budget to address unexpected building repair issues that fall outside of typical repair and maintenance projects. The 20-21 Budget zeroed out the transfer line and instead budgeted the funds in the Facilities budget. The funds were then increased to $186,338 and used to replace the main playground at Munsey Park. The Transfer to Repair Reserve was restored in the 21-22 Budget, and the Facilities budget reduced accodingly.**

* Actual expenses in 2020-21 are impacted by the COVID-19 pandemic.

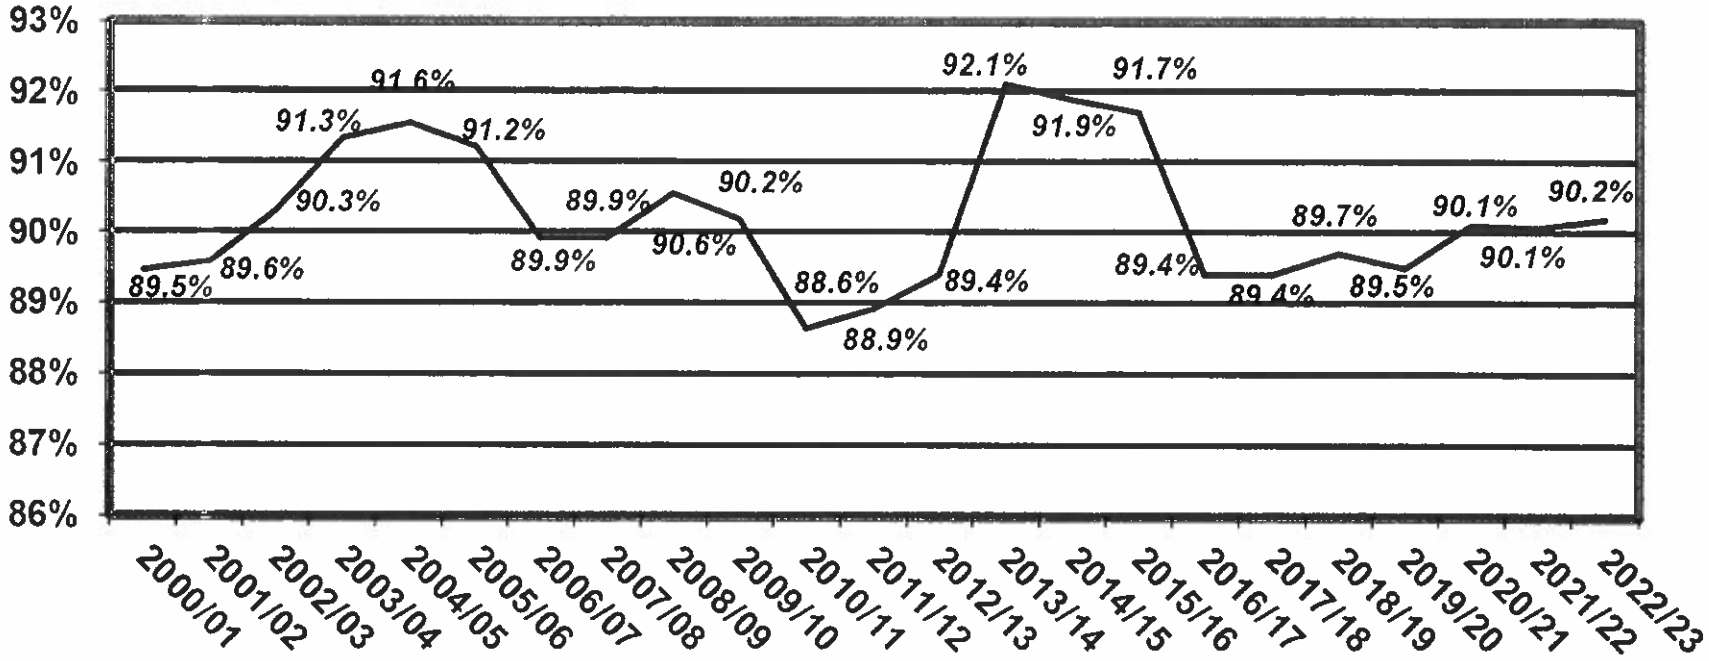

1. The Board of Cooperative Education Service of Nassau County is member supported in part through the sharing of BOCES administrative charges, facilities rental and capital project expenses. This amount represents the District's share of these allocated expenses from BOCES.
2. The District provides support for the Parent Child Home Program, an early intervention literacy program designed to help educationally at-risk pre-schoolers by working with parents in the home to foster language development and pre-literacy skills.
3. Provision is made for services to specific special education students requiring services at the non-public schools in Manhasset and for special education students in a hospital setting.
4. See Special Education section of this budget document. In 2020-21 the CSDnet IT support person for Special Education is transferred to Technology Services.
5. Eight students attended BOCES occupational education programs in 2020-21, and four students and ten are budgeted in 2021-22 and 2022-23, respectively. Selected programs are based on student needs and costs are determined on a three-year rolling average enrollment.
6. Reflects enhanced instructional on-line database services, which are selected and changed each year according to curriculum needs. See page 46 in this budget document.
7. Services include: Discovery Education Network video streaming subscription, videoconferencing, virtual learning (velex), online databases, Blackboard Connect, Blackboard Web Community Manager, and Blackboard Teacher Connect, data privacy and security services, microcomputer support services, upgraded network administration support and service, including additional support days, internet connectivity, Model Schools, and Frontline My Learning Plan staff development tools, MS Consortium, a cost effective and efficient membership to obtain a variety of software and operating systems District-wide, Classlink, Sole Source cloud services for digital form, and redundant internet connectivity, enabling up to 800 mb of bandwidth, which meets the District's demands for services. One CSDnet IT support technician is added in 2021-22, and one technician is transferred from Special Education to Technology Support. 21-22 includes Canvas Learning Management System, MyOn Reading Software and MS Defender Malware services.
8. Includes maintenance and insurance for fiber connectivity for the District's LAN, District-wide technical support, network administration and microcomputer services, My Learning Plan (teacher training tracker), e-Rate Central Processing, Model Schools base subscriptions and training, Blackboard Connect and Community fees, Instructional Data Warehouse, which provides student and other information in a comprehensive database with related reporting to the State, NASTech, a Nassau County Technology Directors' user group membership, an annual subsription to a suite of data screening tools for data privacy and security and apps obtained through the web, and cyber security maintenance services, Learning Tech Project Planning, Administrative Office Support (AOS), professional development for clerical staff, and annual licensing fees for SMART Notebook software for District SmartBoards. See footnote 7 for additional technician services.

MANHASSET UFSD
BOCES ACCOUNTS INCLUDED IN THE 2022-23 BUDGET
(OBJECT CODES 490, 491, 492)

9. Provides for interpreters and native language materials for use as students undergo evaluation.
10. Includes enhanced services for college tracking, vocational assessments and technology support for Guidance systems.
11. The District retains Syntax through BOCES to provide comprehensive communications services, including budget brochure, school calendar, communications initiatives, newsletters, press and video news releases, website updates, strategic communications consultations, and website management services.
12. Provision is made for targeted staff development through BOCES, with particular focus on NYS Learning Standards requirements. 22-23 includes staff development for two new elementary programs: The Red Truck Project and Level-Up Village.
13. CR154 regulations adopted by the State Education Department expanded the District's requirement to provide translation services at District meetings and in District notifications. Certain translation services are provided by in-house employees and/or through BOCES.
14. Reflects use of health and safety consulting services provided by BOCES. Also, provision is made to participate in the In-District Health & Safety Specialist Program, whereby a safety expert will spend one day per week in-District to focus on building level safety plans, emergency exercises, and specialized training for and consultation to District health and safety personnel.
15. Reflects expense to digitize personnel records, including increased storage requirements.
16. Includes student field trips at certain BOCES programs and student participation fees for events coordinated through BOCES (periodically handled in-house and recorded in object code 437).
17. Includes test scoring for grades 3-8 assessments by Educational Vistas, purchased through BOCES. Decrease is based on actual student counts and testing requirements for 22-23.
18. Provision is made for the purchase through BOCES of the Northwest Evaluation Association's (NWEA) Universal Screening Platform computer-based assessment to provide for comprehensive District student progress monitoring and benchmarking in Reading and Math. The code also includes comprehensive staff training in the NWEA platform.
19. Provision is made for participation in the Student Athlete Leadership Team, a training curriculum for high school students, to enable the mentoring of younger students. Three sessions include: Organization/Life Skills, Sportmanship/Anti-bullying, and Avoiding Alcohol and Substance Abuse. The program is funded through a gift from CASA.
20. The District contractes through Nassau BOCES for BoardDocs, a web-based service that enables the District to enhance aspects of the governance process and communications between Administration, the Manhasset community, and the Board of Education.
21. Provides instructional services for hospitalized students. In 22-23, such services through BOCES are budgeted in 2815 (Health).
22. Includes the costs billed through BOCES of health services for Manhasset resident students attending non-public schools. Increase is based on expense experience in 2021-22.
23. Family ID is a software program to electronically track physical forms and athletic participation.
24. Includes wide area network support, Learning Tech Project planning, Verizon WAN maintenance, and Web Edge assessment data reporting in the parent portal.
25. Participation in the Modern Teacher platform through BOCES was discontinued in 2021-22.
26. In 20-21 and 21-22, Medical Director services were budgeted to be obtained through BOCES. In 21-22, it was determined to contract these services with a private practice and the expense is budgeted in miscellaneous contractual in 22-23. In addition, certain other health services through BOCES are discontinued in 22-23.

TABLE XX

MANHASSET UFSD
DISTRICT TRANPORTATION

School bus transportation is provided for all children in grades Kindergarten - 6; for children in grades 7 - 12, transportation is provided for those living one mile or more from the school attended. Distances are measured in accordance with New York State regulations. Children who require bus transportation because of a temporary physical disability or other illness must submit a written physician's diagnosis to the school nurse. Final approval for granting bus passes for medical reasons rests with the school physician.

Students Attending Nonpublic Schools Outside the District
Students who live in Manhasset and choose to attend private, parochial, or vocational schools located outside the school district are eligible to receive transportation under the same distances governing students attending schools within the district, provided the schools they attend are less than 15 miles from home. Parents of students attending or planning to attend out-of-district schools must apply for transportation in writing by April 1, for the following school year. Families who move into the school district after April 1 must submit a transportation request no later than 30 days after establishing residency. Requests made after these dates must be accompanied by an explanation for the delay.

None of the above applies to a student with disabilities or a student approved for a special education program.

Scope of School Bus Transportation
During the 2021-2022 school year, there were 2908 students "eligible" for school bus services to 41 locations. This included public, private, parochial, vocational, and special education schools

By Huntington Coach:	Schools	Students	By Other Contractors:	Schools	Students
Public Schools	3	2647	Special Ed/Vocational	0	0
Private Schools	19	224	Private/Parochial	1	1
Special Ed/Vocational	18	36			

Currently, 29 full size buses and 25 vans are used for 54 elementary, middle, high school and special education routes that Huntington Coach handles. In addition, Huntington Coach runs 14 late buses to *Shelter Rock (3), Secondary (3), **CAP Program (4), St. Mary's (1), Chaminade (1), Sacred Heart (1) and Friends/Portledge (1). The District utilizes 1 contractor for out-of-district private, parochial, special education, vocational, and BOCES transportation.

* Shelter Rock late buses run 2 afternoons per week.
** CAPP late buses run 3 afternoons per week.

TABLE XXIV-1

MANHASSET UFSD
FUND BALANCE AND RESERVES

COMMENTS ON COMPONENTS OF AND CHANGES TO FUND BALANCE FOR THE FISCAL YEAR AND RESERVE FUNDING PLAN

Definition: A reserve fund is a separate account established by a school district to finance the cost of various objects or purposes of the school district.

General Fund Restricted Fund Balance:

1. Reserve for Workers' Compensation:

Purpose: This reserve may be used to pay for compensation benefits and other expenses authorized by Article 2 of the Workers' Compensation Law and for payment of expenses of administering the self insured program.
Explanation for change: The remaining balance was fully utilized in 2013-14.
Other Comments: This reserve does not require voter approval either to create or expend.
Funding: Due to the District's participation in the Nassau County Workers' Compensation Cooperative as of November 2010 and the subsequent wind-down of tail claims incurred prior to that date, there is no need to add funds to this reserve.

2. Reserve for Retirement Contribution/TRS Sub Fund:
Purpose: This reserve is used to fund retirement contributions payable to ERS--the NYS and Local Employees Retirement System and TRS--the NYS Teachers Retirement System.
Explanation for change: The remaining balance in the reserve was fully utilized in 2013-14.
Other Comments: This reserve fund does not require voter approval either to create or expend.
Funding: Because the District participates in the ERS Stable Contribution Option, it is not anticipated that the District will place additional funds in this reserve at this time. TRS contribution rates are relatively stable and funding the TRS Sub Fund is not anticipated at this time.

3. Reserve for Repairs:
Purpose: This reserve may be used to pay the cost of repairs to capital improvements or equipment of a type which does not recur annually or at shorter intervals.
Explanation for change: The 2019-20 Budget provided for a budgeted transfer of $125,000 into the Repair Reserve, and change also includes earned interest.
Other Comments: This fund was established through voter approval for funding in 1990. Funds may be spent without voter approval, but only after a public hearing, except in emergency situations. In the case of an emergency, expenditures may be authorized by a two-thirds vote of the school Board, but the amount must be repaid to the reserve over the ensuing two years.
Funding/Usage: Voter approval is required to transfer funds to the reserve for repairs. Barring an emergency, at this time it is not anticipated that the repair reserve will be utilized in 2020-21.

4. Reserve for Unemployment Insurance:
Purpose: This reserve may be used to reimburse the State Unemployment Insurance Fund for payments made to claimants.
Explanation for Change: The remaining balance was transferred in 2016-17.
Other Comments: This reserve does not require voter approval either to create or expend.
Funding: The District increased staff in 2014-15 through 2017-18, and unemployment expense during the same period averaged approximately $20,000 in each year Therefore, effective June 30, 2017, it was determined that the District can meet it obligations for unemployment benefits out of budgeted fund and the balance in this reserve was transferred to the 2010 Capital Reserve. It is not anticipated that the District will place additional funds in this reserve at this time.

MANHASSET UFSD
FUND BALANCE AND RESERVES

5. 2010 Capital Reserve:
Purpose: This reserve fund may be used to pay for the cost of any object or purpose for which bonds may be issued.
Explanation for change: On May 18, 2010, the voters approved the establishment of the 2010 Capital Reserve of up to $10 million and the Board funded the account with a $2,118,734 transfer from the Insurance Reserve as of June 2010. On May 17, 2011, voters approved capital projects totaling $2,405,725 to be funded from the 2010 Capital Reserve, together with unassigned fund balance of up to $286,991. Projects were completed during Summer 2012 and in 2013. The balance at June 30, 2013 was fully expended in 2013-14, as all approved capital projects were completed. In June 2014 and October 2014, the Board authorized the transfer of $2 million and $400,000, respectively, to the 2010 Capital Reserve. In June 2015, the Board authorized the transfer of up to $3.5 million to the 2010 Capital Reserve, of which $1,805,170 was transferred as of June 30, 2015. The use of the $2.4 million was authorized by the voters in December 2014 to partially fund $22.6 million in capital projects over the next two years. Of this, $1.75 million was transferred in 2014-15 and $650,000 was transferred in 2015-16. In June 2016, the Board authorized the transfer of up to $2 million into the 2010 Capital Reserve. The actual transfer was $541,307 as of June 30, 2016. In June 2017, the Board authorized the transfer of up to $2,928,500 to the 2010 Capital Reserve. The actual transfer was $1,340,175. In addition, $206,720 was transferred from the Reserve for Unemployment Insurance to the 2010 Capital Reserve, effective June 30, 2017. In June 2018, the Board authorized the transfer of up to $1,500,000 to the 2010 Capital Reserve. The actual transfer was $948,885. In June 2019, the Board authorized the transfer of up to $639,008 to the 2010 Capital Reserve, of which $639,007 was transferred. This completed the funding of the 2010 Capital Reserve to its total authorized amount of $10 million. The voters approved Proposition 2 on the May 21, 2019 ballot to expend $4.925 million of the 2010 Capital Reserve for capital projects, of which $773,860 and $3,696,845 was transferred to the Capital Projects Fund in 2019-20 and 2020-21, respectively. Since its inception, interest earnings are $214,211, and $8,997,338 of the 2010 Capital Reserve has been utilized for capital projects authorized by the voters.
Other Comments: This reserve fund requires voter approval to create and expend. It is likely the District will seek approval in the near term for a new capital project proposition at the May 17, 2022 vote.
Funding: The 2010 Capital Reserve has been fully funded.

6. 2018 Capital Reserve:
Purpose: This reserve fund may be used to pay for the cost of any object or purpose for which bonds may be issued.
Explanation for change: On May 15, 2018, the voters approved the establishment of the 2018 Capital Reserve of up to $10 million, with a maximum funding term of 10 years. In June 2019, the Board approved a transfer of up to $750,000 to the 2018 Capital Reserve, of which $68,614 was transferred. In June 2020, the Board approved a transfer of up to $5 million to the 2018 Capital Reserve, of which $0 was transferred. In June 2021, the Board approved a transfer up to $5 million to the 2018 Capital Reserve, of which $2,109,205 was transferred.
Other Comments: This reserve requires voter approval to create and expend. It is likely the District will seek approval for a new capital project proposition at the May 17, 2022 vote.
Funding: The 2018 Capital Reserve will be funded generally through the transfer of surplus money, if any, from the District's General Fund unappropriated fund balance that may be available at the end of each fiscal year.

General Fund Nonspendable Fund Balance:

Purpose: Nonspendable fund balance is reserved for prepaid expenses at June 30, 2019, expended in 2019-2020.

General Fund Assigned Fund Balance:

1. Unappropriated Fund Balance - Designated for Encumbrances:
Purpose: Reserved for payment to vendors whose invoices have not yet been received.
Explanation for change: The dollar amount of payments to vendors estimated to be open for payment at the end of the school year fluctuates.

2. Appropriated Fund Balance - Designated for Subsequent Year's Expenditures:
Purpose: To be used for tax levy reduction in the next fiscal year.
Explanation for change: The 2019-20 budget applied $595,120 to the respective tax levy. The 2020-21 and 2021-22 budgets applied $724,067 to the respective tax levy.
Funding: The District evaluates the need for designations for subsequent year's expenditures in concert with the annual budget process.

MANHASSET UFSD
FUND BALANCE AND RESERVES

General Fund Unassigned Fund Balance:

Purpose: This amount is the unallocated portion of the District's fund balance. NYS Real Property Tax Law permits the retention of up to 4% of the current budget as unassigned.
Other Comments: At June 30, 2019, the District's unassigned fund balance is at the statutory maximum of 4%.The District's unassigned fund balance at June 30, 2020 was $4,026,393 after the designation of $4,348,511 of unassigned fund balance as assigned for the specific purpose of covering the expenses associated with the COVID-19 Reopening Plan in 2020-21. These unanticipated expenses were not provided for in the general fund budget for 2020-21. This assigned and designated fund balance was 4.32% of next year's budget. After such designation, unassigned fund balance of $4,026,393 was 4% of next year's budget. Actual expenditures related to the 2020-21 COVID-19 Reopening Plan were $4,210,003. The District's unassigned fund balance at June 30, 2021 is $4,092,808 after the designation of $925,000 of unassigned fund balance as assigned for the specific purpose of covering the expenses associated with the COVID-19 Reopening Plan in 2021-22 and to enhance systems security in the wake of the cybersecurity attack in September 2021.
Funding: The District intends to maintain Unassigned Fund Balance at the statutory maximum of 4% of current budget.

Other Funds:
Special Aid Fund:

Purpose: The fund is used to account for activities using specific revenue sources, including Federal and State grants that are legally restricted to expenditures for specified purposes.

School Lunch Fund:
Purpose: The fund is used to account for the activities of the District's school lunch activities.
Other Comments: The assigned unappropriated fund balance must be utilized in support of the school program and may include equipment upgrades and cafeteria renovations. Fund balance at June 30, 2019, 2020 and 2021 was approximately 3.69, 4.45 and 4.01 months average expenditure, respectively.
Funding: Federal regulations limit the net cash resources to be retained by the school lunch fund to 3 months average expenditure and requires a plan to expend excess funds. In 2021-22, the District plans to:

1. Purchase of pre-approved equipment items including ranges and ovens, refrigeration equipment, food preparation equipment, food warmers and service equipment.
2. Equipment repairs and service.
3. Equipment rental.
4. Materials and supplies.
5. To pay salaries for Cafeteria Monitors who have monitoring duties integral to the food service program in each of the District's elementary cafeterias.

Debt Service Fund:

Purpose: The fund is used to account for the proceeds of debt issuance, including interest earned on such proceeds. These monies must be used to pay the debt service of the obligations from which they originate.
Explanation for change: The debt service fund increased from $22,857 in 2019-20 and $553 in 2020-21, primarily allocated interest.

Capital Projects Fund:

Purpose: The fund is used to pay for certain specific capital projects authorized by the voters.
Explanation for change: On December 3, 2014, the District voters approved a Capital Projects Bond Referendum for projects totaling $22,690,870, which was funded by up to $19,493,194 of bonds and a transfer from the general fund of $466,676, $2.4 million of 2010 Capital Reserve funds and a $250,000 gift from the Manhasset School Community Association. On May 21, 2019, the voters approved a capital projects proposition for $5,830,000 to be funded from a transfer from the 2010 Capital Reserve ($4,924,625), a transfer from general fund unassigned fund balance in 2018-19 ($811,000) and gifts from the community ($94,345). On May 18, 2021, the voters approved a capital projects proposition to be funded by a transfer of $1,917,685 from the general fund unassigned fund balance to the Capital Projects fund. The net change in fiscal 2020 is a decrease of $506,873, due to expenditures of $1,340,249 pursuant to the 2014 Capital Projects Bond Referendum, the 2018 Smart Schools Bond Act, construction of security vestibules and the 2019 Capital Projects, offset by grants of $57,216 related to New York State's Smart Schools Bond Act, a transfer from the 2010 Capital Reserve of $773,860 pursuant to the 2019 Capital Projects Proposition and earned interest. The net change in fiscal 2021 is an increase of $1,164,252. This net increase is primarily due to transfers from the general fund of $3,696,845 pursuant to the 2019 Capital Projects proposition and $1,917,685 pursuant to the 2021 Capital Projects proposition approved by the voters on May 18, 2021, less expenditures of $4,450,278 pursuant to the 2014 Capital Projects Bond Referendum, the 2019 Capital Projects proposition and the 2021 Capital Projects proposition.
