

VILLA MARIA ACADEMY HIGH SCHOOL

EMPOWERING YOUNG WOMEN SINCE 1872

July 12, 2024

Dear Villa Maria Academy Parents/Guardians,

Beginning with the 2024-2025 school year, we will be shifting all student medical and athletics information to a new online database. There are many benefits to this change including having more accurate information that is accessible to parents and the appropriate staff at our school. The management system we have adopted is called Magnus Health. As this is a web-based system, you will have continuous access to your child's health records and any registrations completed through Magnus.

Beginning today, Friday, July 12, 2024, you will have access to your Magnus Health account through your PowerSchool parent portal account. To access your Magnus Health account, please click on the following link for directions: [Parent Directions for Accessing Magnus Health Account](#). We ask that you enter the health and athletic (if applicable) information required within your Magnus Health account for each child attending Villa Maria Academy High School no later than **Thursday, August 1, 2024**.

Timely submission of health information and other forms is vital so that preparations can be made prior to the first day of school. You will receive weekly reminders as long as there are outstanding items in your account. Please reserve 20 to 30 minutes per child, depending on particular circumstances.

Please note: Parents/guardians of rising Freshmen and Juniors, as well as transfer students, if you have already submitted your child's physical and immunization forms to the school nurse, those will be uploaded to your child's Magnus account by the school nurse. If you have not submitted these forms to the school nurse, you will do so via the Magnus Health portal beginning today.
