Every returning student needs to have a new registration form completed. The process is quick, and the majority of the registration process is confirming information that is already in the system. It is especially important that we have updated contact information for all our students. Registering returning students in advance also helps our schools adjust for class size fluctuations and minimizes disruptive changes to schedules once the school year begins. Thank you in advance to all our LSC families for taking the time to complete these registrations in July.
