### BOARD OF EDUCATION

The Orange County Board of Education is the local governing body of the Orange County Schools system. The Orange County Board of Education consists of a seven member board, elected to serve four-year, staggered terms.

One of the primary functions of the Board is to set policy for the district. The district's policies are then implemented by the Superintendent and the administrative staff. In addition to setting policy for the district, the Board is responsible for adopting and presenting a proposed budget each year. The proposed budget is submitted to the Orange County Board of Commissioners. The budget includes the request for local funding, and it includes plans for the expenditure of state and federal funds. The Orange County Board of Education does not have taxing authority.

### BOARD'S STRATEGIC PLAN

#### **OUR VISION**

We will provide a public school system that prepares all students to be creative, constructive thinkers who become healthy, productive and responsible members of our community and the world.

#### OUR MISSION

We will provide learning opportunities that develop resourceful citizens prepared to engage in an ever changing and diverse world.

#### STRATEGIC PLAN

Orange County Schools will be the First Choice For Families...

- ...through the provision of engaging learning opportunities for all students to prepare them for citizenship, higher education, and careers;
- ...through consistent and effective engagement with our diverse community;
- ...through retaining, recruiting and developing a diverse professional team accountable for the learning opportunities for all students;
- ...through the provision of safe and sustainable operations for all students;
- ...through the accountable, equitable and transparent management of human and financial resources.

Orange County Schools FIRST CHOICE FOR FAMILIES April 2, 2017

The Orange County Schools Board of Education has worked collaboratively with staff in order to prepare a budget that we believe exemplifies our strategic plan and our desire to be the first choice for families and for our employees. Our budget process included input from various stakeholders that included the Board of Education, teachers and administrators. Through the support of the Board of County Commissioners during last year's budget cycle we were able to significantly increase local salary supplements for all employees, provide universal breakfast to all elementary students, as well as other important changes that have accelerated student performance and the care for our facilities.

The landscape of public education in North Carolina has suffered from challenging legislation and numerous unfunded mandates. Our workforce continues to suffer from a national and state level narrative that criticizes public schools and advocates for federal and state funds to be used to educate our children outside of public schools. As a school system, we have continued to strive to provide an environment for our employees where we communicate value in various ways. We were the first school system in Orange County to provide a living wage to our employees and we are one of very few school systems in the state that provide vision insurance to all of our employees. The commitment we have shown our employees continues to result in improved outcomes for our students.

Before we consider what it will take to move our vision forward, we should also celebrate our accomplishments:

- The district achievement on state assessments improved in the overall state rankings from 36th to 27th, out of all the 115 public school districts;
- The graduation rate of 90% reached its highest level ever;
- 38% of our workforce has advanced degrees and 18% of our teachers are Nationally Board Certified
- Overall ACT proficiency grew by 7%, with African American students realizing a 18% gain and Hispanic/Latino students realizing a 10% gain in ACT performance
- Eleven of twelve schools (91%) met or exceeded growth, compared to 73% statewide. This is a marked increase over the past 3 years. In 2013-14 only 6 schools met this standard, and in 2014-15 only 10 schools met or exceeded growth.
- Efland-Cheeks Global Elementary School raised its school performance score by 12 points, moving from a D in 2014-15 to a C in 2015-16. ECGES is no longer labeled as low performing by the state. Large gains were experienced at Efland-Cheeks Global in all areas: reading proficiency increased by 7%, math by 17%, and science by 24%.

Last year we came with one singular budget focus and that was to invest in our workforce to provide increased local compensation in order to position our school system to recruit and retain the most highly qualified workforce possible. As previously stated, through the

Superintendent:

**Dr. Todd Wirt** 

200 East King Street Hillsborough, NC 27278 Telephone: 919-732-8126 FAX: 919-732-8120 leadership of the Orange County Schools Board of Education and the support from the Orange County Board of County Commissioners we were able to provide a graduated local supplement increase to all of our employees. Our needs remain significant in Orange County Schools and we continue to be saddled with unfunded mandates from the state. Our immediate request is for a local appropriation increase of \$3,386,522 for the 2017-2018 school year. We recognize that the county has consistently shown strong support for public schools and that the county has competing needs to consider.

Our budget proposal primarily addresses fully funding the local supplement increase as well as other state increases and mandates. The proposal includes:

- Spending \$1,006,126 to fully fund the local supplement that was implemented during the 2016-2017 budget
- Spending \$765,488 for projected state salary and benefit increases
- Additional \$780,000 for additional teachers needed for the state mandated reduction in class sizes for kindergarten through third grade
- Additional \$730,148 for projected charter school student growth
- Additional \$104,760 for a \$20 contribution to employee dental premium

While we have additional needs that are listed in the proposal, we are listing those as unfunded for the 2017-2018 school year. The only true expansion item that we have proposed is the contribution to employee dental premiums. We believe that our efforts should stay consistent and fully fund employee supplements through reoccurring local funding as well as providing an increased benefit package to our employees through offsetting their costs for dental insurance.

Sincerely,

Dr. Stephen Halkiotis, Chair Orange County Board of Education

Dr. Todd Wirt, Superintendent Orange County Schools

Source: Orange County Board of Education, North Carolina, Annual Financial Reports.

Note: Fund balances for 2010 and before are not comparable to 2011 (and after) fund balances due to the implementation of GASB 54 for the year ended June 30, 2011. The standard replaces the previous reserved and urreserved fund balance categories with the following five fund balance classifications: nonspendable, restricted, committed, assigned, and unassigned fund balance.

### FY 2018 APPROVED BUDGET

### **BUSINESS CASES**

Initiative: Supplement Employee Dental premiums

### Implementation Timeline and Budget Needed

2017-2018	Amount	Notes
Contribute \$20/employee to current	\$104,760	In moving to a self funded dental plan the
Dental premium of \$43.32		goal is to have the flexibility to further
		enhance the benefit in future years.

### Expected Results

To enhance the Orange County School's benefit plan to compete for qualified staff in difficult recruiting environments. Additionally, the District's ability to retain qualified staff will be significantly enhanced.

### Evidence or Reasoning for this Recommendation

North Carolina continues to be a less favorable teaching destination for newly certified teachers. Surrounding school districts continue to experience difficulty in recruiting good teachers. Since base salary for all teaching staff is established at the State level, the competitive advantage must be realized through other means such as benefit enhancements and local supplements. Last year, OCS increased its local supplement with the intention of becoming competitive with surrounding school districts. In comparison, OCS supplements continue to lag behind the biggest competitors.

As a result, the District has begun looking for additional ways to entice new recruits. After further research, it was discovered that moving to a self funded dental plan would allow OCS greater flexibility at minimal cost. The OCS Board continues to embrace and strive to create a career destination for employees. As a result, the Board decided that it's only expansion initiative for the 2018 budget year would be contributing \$20 per participating employee to the current dental premium. This initiative paired with moving to a self funded plan will propel OCS ahead in the market place.

### Initiative: Local Alternative Teacher Preparation -

The vision for the CCRESA Local Alternative Teacher Preparation (LATP) program is to grow a highquality teacher pipeline while raising the bar for teacher preparation, specifically for teachers preparing to serve in high-need areas and in high-need schools. This program is a partnership between the Central Carolina Regional Education Service Alliance and 14 school districts to pursue three long-term goals: • Place the responsibility for growing the teacher pipeline in the hands of districts, which are best positioned to identify and meet their own needs. • Improve quality of lateral entry teachers by training them in the schools where they work. • Improve teacher retention by incentivizing new pipelines that emphasize coursework, mentoring, and fieldwork conducted within the context of schools. The LATP program of study will be modified to meet the needs of Orange County Schools and includes five core components: • Foundations for Teaching and Learning – 10-day lateral entry orientation; • Frameworks for Teaching and Learning – weekly modules throughout the school year; • Mid-year Leadership Retreat; • Building Blocks Summer Retreat; and • Explorations for Teaching and Learning independent study modules.

### Implementation Timeline and Budget Needed

2017-2018	Amount	Notes
Program implementation	30,000	

### **Expected Results**

Raising the bar for teacher preparation, specifically for teachers preparing to serve in Orange County Schools.

- Place the onus of growing the teacher pipeline in the hands of OCS, since the district is best positioned to identify and meet our own needs.
- Improve teacher quality by training teachers in the schools where they will be working.
- Improve teacher retention by incentivizing new pipelines that emphasize coursework, mentoring, and fieldwork conducted within the context of our schools.
  - Implement a "grow-your-own" model that prepares teacher assistants to become teachers.

### Evidence or Reasoning for this Recommendation

Research shows that teacher quality is the number one in-school factor that influences student learning (Hanushek, et al., 1998). North Carolina's teacher pipeline crisis has made it difficult to ensure each child within the Central Carolina region has access to a high-quality teacher. The UNC system awarded only 4,378 Bachelor's and Master's degrees in education 2014-2015, which represents 1,315 fewer education graduates than in 2009-2010 (UNC Infocenter, 2016). During that same year, WCPSS alone lost 1,355 teachers, and the cumulative number of teachers lost among the 18 districts in the CC RESA was 3,719 during the 2014-15 school year. On average, the teacher turnover rate was 17 percent for the CC RESA, almost twice as high as the state average (NCDPI, 2016). The attrition numbers also place a substantial fiscal burden on districts within the region. By applying the Teacher Turnover Cost Calculator from the National Commission on Teaching and America's Future (2016) alongside the number of teachers who left, we can estimate that 1 WCPSS spent \$11,856,250 in costs to recruit, hire, process, and train teachers who were lost in the 2014-15 school year. The total amount estimated to the 18 districts within the CC RESA was \$30,776,250. The mean cost to the districts in the CC RESA is approximately 1.7% of the total district expenditures, with some districts committing up to 2.5% of their total expenditures to recruit and retain teachers. Dwindling enrollment in the North Carolina's colleges of education combined with increasing numbers of teachers leaving the profession require districts to seek alternative strategies to recruit and retain talented teachers. Creating multiple pathways into the profession is a critical strategy to address the pipeline shortage. Districts are increasingly turning to lateral entry teachers to fulfill their teaching needs. The increased number of lateral entry teacher's raises concern about teacher preparation quality and retention rates of these teachers. In North Carolina, lateral entry teachers do not perform as well as traditionally prepared teachers when examining student performance data (Patterson and Bastian, 2014). When new teachers do arrive in classrooms, many have not experienced the demands of working in schools and are not familiar with local needs. Lateral entry teachers exit the profession at a rate 70 percent higher than the overall state attrition rate (NCDPI, 2016). Creating a robust teacher candidate pool is the most critical issue for the districts within the CC RESA. By designing and implementing a locally sustainable program for lateral entry teacher support, the Central Carolina LATP program will provide WCPSS and collegial districts within 2 the CC RESA opportunities to enhance their own teacher pipelines, increase fiscal efficiency and bolster lateral entry beginning teacher supports which correlates to increased retention rates.

Initiative: Environmental Enhancements Extended Site Projects

### Implementation Timeline and Budget Needed

2017-2018	Amount	Notes
July 1, 2017 – June 30, 2018	\$104,500+	Estimated annual cost for additional
		environmental services.

### **Expected Results**

Orange County Schools would continue to monitor site conditions and ensure that environmental concerns are remediated and corrected in accordance with local standards, policy, applicable laws or regulations. Indoor environmental enhancements will ensure a safe and healthy learning environment for students and staff.

### Evidence or Reasoning for this Recommendation

### Project #A Transportation Department Environmental Enhancements \$60,000

- (1) <u>Underground Storage Tank Issues</u> The school system has worked with local and state officials on remediation efforts related to a release from an underground storage tank on the site in 1993. The matter has recently been reclassified by the NC Department of Environmental Quality (DEQ) as low-risk. In order to close out the site DEQ required OCS to agree to a deed restriction that prevents groundwater on the site from being used as a water supply. Notice also had to be provided to all adjoining property owners. OCS has provided DEQ with evidence of these notices and the deed restriction a No Further Action (NFA).
- (2) <u>Chemical Solvents Issue</u> During a site visit from DEQ related to the 1993 underground tank spill issue, DEQ officials raised an issue with the presence of chlorinated solvents in groundwater from an unrelated source. OCS staff and our environmental consultant are presently working with DEQ to resolve this issue. The district continues to monitor groundwater wells for the adjacent property owners. Initial results indicated solvent contaminants remain in the monitoring well onsite and are very slow to degrade utilizing the current remediation process. In order to expedite the removal of the solvents in the monitoring wells, the district recommends bio-engineered solutions and actions in order to speed up the remediation of the underground solvents.

#### Project #B: Other Environmental Enhancements

(1) <u>Hazardous Materials Pickup \$4,500</u> – The school system recommends additional operating expenses to schedule semi-annual hazardous material pickup from each school and site within the district. Currently, the district completes annual pickup of hazardous chemicals. Additional costs are also requested to replace the bio-hazard containers, chemical containers and to purchase new containers for broken glass disposal.

(2) High-bay Interior Cleaning \$40,000 – The school district would like to contract on an annual basis for environmental services to complete cleaning of high areas within buildings that require lifts or other specialized equipment. Areas to be cleaned include gymnasiums, auditoriums, cafeterias and other indoor areas above 10 feet in height. These areas hold dust and other allergens that can impact the overall Indoor Air Quality (IAQ) along with impacting the performance of HVAC mechanical systems. Due to the height involved, these areas are not able to be cleaned by the assigned custodial staff. A maintenance schedule would be developed so all areas in each school are completed within a 3-5 year cycle.

Initiative: Establish dedicated virtual desktop environment to allow students to access Windows environment from their Chromebooks

#### Implementation Timeline and Budget Needed

2017-2018	Amount	Notes Split existing virtual server environment to	
August 2017	\$46,000		
		keep HR and Finance services in secure	
		network space, while moving student Virtual	
		Desktop access for external access.	

#### Expected Results

This investment would provide students with means of accessing a Windows environment from their Chromebooks, for the remaining instruction that requires Windows equipment. This environment would support external access for students, so they could access this environment from home, or anywhere a reliable Internet connect is available. This would eliminate the current solution of a computer lab of aging Windows desktops or the alternative of students carrying two laptops with them.

#### Evidence or Reasoning for this Recommendation

In order to provide students with a Windows environment, Information Technologies must provide either a physical device (Windows laptop or desktop) or a virtual environment, to each student needing access to a Windows environment. Providing a physical device requires the district to either use equipment far beyond its reasonable service life (9+ years old), or to make significant investments in new Windows equipment. The Digital Learning Coaches are working to evaluate all requests for Windows environments, to determine if the underlying needs can be met using the district standard Chromebook devices. In cases where a Windows environment is deemed the appropriate solution, the virtual desktop environment would be used.

This environment can be expanded to accommodate increases in virtual desktops through purchasing additional licenses and upgrading physical hardware, if needed.

Initiative: Convert 10-month IT employees to 12-months and convert two existing positions

#### Implementation Timeline and Budget Needed

2017-2018 Amo	unt Notes
July 2017 \$64,510	<b>0 not</b> Convert 8 10 month employees to 12 month
counting	
savings fr	om not with day to day oversight responsibilities for
hiring co	support response. Promote current Tech II position to Programmer position
work	

#### Expected Results

Greater stability in handling summer activities in which IT prepares classrooms, preps devices, trues up inventory and performs other critical functions. More day to day oversight of help ticket responsiveness. Ensuring programming function is entrenched in organization to meet customized software needs

#### Evidence or Reasoning for this Recommendation

The 8 Tech I technicians are on 10-month schedules. For the past 8 years IT has hired these technicians on a contract basis for the summer months to perform critical maintenance and preparation for the coming school year. Because the decision to put these employees on contract often came late in the school year, some made other plans for summer employment, putting IT in an understaffed position. The most recent year IT spent \$42,000 on this contract work, so the delta between this and full conversion to 12 month employees would only be \$6,448.07.

With the expansion of the support function, the CTO is spending much of his time managing the help ticket response throughout the district. The reorg proposal includes promoting a Tech II to a Tech III position, whose increased responsibility would include oversight of the day to day support function. This would focus the support activities toward greater responsiveness and tighter alignment with district needs, while freeing up the CTO from that role. This promotion would cost the district \$8,423.04.

As the district increasingly faces needs for customized technologies, we find ourselves relying on a Tech II to

perform this function. This Tech II is performing well in this position, but his current job description does not align with the programming activities that increasingly take up his time. In order to ensure the Information Technologies department has programming capabilities, we need to upgrade the Tech II to a Programmer position. This promotion would cost the district \$7,639.80.

## Initiative: Replace aging USB-enabled probes to new models that are compatible with current student Chromebook equipment

#### Implementation Timeline and Budget Needed

2017-2018	Amount	Notes
August 2017	\$63,000	Upgrading vernier probes for compatibility with Chromebooks in support of 8 classrooms w 32 students. An incremental approach could also be considered

#### **Expected Results**

Students in Physics and Chemistry classes would have measurement probes that would be compatible with the district standard Chromebooks. They would then be able to capture scientific data on their assigned 1:1 devices, and then perform analysis after the school day. This would also allow IT to retire 9 year old desktops currently in use to support the older probes that aren't compatible with District Chromebooks.

#### Evidence or Reasoning for this Recommendation

8 classes, mostly at the two high schools, use USB probes to measure temperature, acceleration, pressure and other vectors of measurement for use in Physics, Chemistry and other sciences. The current set of probes is approximately 10 years old and is incompatible with the District standard Chromebooks. The current solution uses 9 year old and older desktops that perform poorly, are more failure prone than modern hardware, and prevent student from accessing their data on their own devices. Upgrading the desktops to District standard would cost over \$200K across the 8 classrooms.

By purchasing new Chromebook compatible probes, students can use their District issued devices, retain measurement data on these devices and the District can retire the older desktops which are far beyond their reasonable service life.

Initiative: Replace 8-10 year old desktops in the District with new equipment

#### Implementation Timeline and Budget Needed

2017-2018	Amount	Notes	
August 2017	\$39,000	Replace aging desktops with new Dell	
		workstations	

#### **Expected Results**

This investment would replace 53 aging desktops with new equipment, to ensure reliability, compatibility with modern software and better performance. This replacement could be done on an incremental basis, as funds allow.

#### Evidence or Reasoning for this Recommendation

In order to provide staff with reliable computing devices that are compatible with modern software, we need to replace aging desktops assigned to staff throughout the district. This would mean replacing approximately staff issued desktops 8 years old and older with new Dell Windows desktops. These desktops are much faster, compatible with current softwares and will be far more reliable than the old equipment that is far beyond its reasonable service life.

While some of these desktops could conceivably be replaced by \$150 Chromeboxes, the continued staff reliance on Microsoft Office compels Information Technologies to use instead the \$734 Dell desktop unit.

## Initiative: Replace aging Lego Robotics kits to new models that are compatible with current student Chromebook equipment

#### Implementation Timeline and Budget Needed

2017-2018	Amount	Notes	
August 2017	\$10,000	Upgrading Lego Robotics kits for compatibility with Chromebooks in support of. An incremental approach could also be considered	

#### **Expected Results**

Students in Elementary and Middle school technology classes would have robotics kits that would be compatible with the district standard Chromebooks. They would then be able to retain their programming code on their assigned 1:1 devices, and then work on that code after the school day. This would also allow IT to retire aging desktops currently in use to support the older Robotics kits that aren't compatible with District Chromebooks.

#### Evidence or Reasoning for this Recommendation

A number of classes, use Lego Robotics kits to teach students fundamentals of computer programming. The current collection of Lego Robotics kits ranges in age from 4 to 10 years old. Three schools still have kits that are incompatible with the District standard Chromebooks. For these older robotics kits, the current solution uses 9 year old and older desktops that perform poorly, are more failure prone than modern hardware, and prevent students from accessing their programming data on their own devices. Upgrading the desktops to District standard would cost over \$25,000 across the 3 various schools still using robotics kits.

By purchasing new Chromebook compatible LEGO Mindstorms Education EV3 Core sets, students can use their District issued devices, retain programming code on these devices and the District can retire the older desktops which are far beyond their reasonable service life.

Initiative: Outfit every classroom with equipment to support a variety of devices to connect to projection systems

#### Implementation Timeline and Budget Needed

2017-2018	Amount	<b>Notes</b> Provide VGA-HDMI and VGA-MiniDisplayPor	
July 2017	\$12,000		
		"dongles" for every classroom	

#### **Expected Results**

This investment would ensure that every classroom would have connections for a variety of computers to project using the projection systems in classes. This would support outside presenters using a wide variety of computers, thus reducing disruptions from outside presenters not bringing the right connecting equipment.

#### Evidence or Reasoning for this Recommendation

The District's current classroom projection systems use VGA (Video Graphics Array) connectors, a standard developed in 1987, still in wide spread use, but becoming replaced by more modern digital connections. Many outside presenters have computers that use different standards for external display, such as HDMI and Mini-DisplayPort. Unless outside presenters bring their own cross-compatibility adapters (also known as "dongles"), they cannot connect to our classroom projection systems.

By providing these dongles in every classroom, the District can better support different equipment from outside presenters. While HDMI and MiniDisplayPort are the not the only modern connection types, they, and VGA constitute the vast majority of systems available.

Alternatively, we could provide loaner dongles via the Media Center, but at their small size, there is concern that they would get misplaced easily. We're proposing to zip tie these dongles onto every VGA connector, so they would be available.

### **SCR Fund Balance Appropriation**

#### Initiative: Parent Academy

2017-2018	Amount	Notes	
Community Programming Coordinator	\$60,000	(benefits et al)	
Printing and Publishing	\$5800		
Audio/Visual equipment	\$1200	One-time	
Laptop	\$600	One-time	
Hospitality Services	\$4000		
Cell Phone	\$1000		
Office space upfit	\$1000	One-time	
Marketing materials	\$1500		
Contracted Services	\$1500		
TOTAL	\$76,100		

#### Implementation Timeline and Budget Needed

#### **Expected Results**

The goal for the Orange County Schools Parent Academy is to increase parent involvement in the schools and empower parents through knowledge and advocacy to support children to be successful in school and in life. Parent Academy will conduct outreach efforts realized in the form of workshops. The workshops are held in schools, government buildings, houses of worship, businesses and other community locations. Additionally, parents will receive essential information to help guide and navigate them through the school system. Outreach efforts will extend beyond workshops in order to support other district initiatives and programs.

#### Evidence or Reasoning for this Recommendation

Research has shown that parents can increase a child's academic success through their involvement with schools and communities. Parental involvement improves student morale, attitudes, and academic achievement. There is research that shows the most successful students are those whose parents are involved. Parent Academy will help families learn what they can do to support their children's academic success and well-being. Within the Orange County Schools system, there are underserved populations for which no formalized engagement plan or center exists. Parent Academy would serve as a prime hub for these same populations.

Contact Person: \_\_\_\_\_G. Seth Stephens, Chief Communications Officer

Initiative: Audio-Visual Equipment Acquisition, Communications

#### Implementation Timeline and Budget Needed

2017-2018	Amount	Notes
Full frame digital Camera, condenser	\$4100	Non-recurring budget request
microphone, lavalier microphone, portable		
video studio, iPad		

#### **Expected Results**

The goal is to acquire necessary equipment to establish and support digital, visual, and audio communications.

#### Evidence or Reasoning for this Recommendation

Currently, the district has one DSLR camera to capture and memorialize district events. The district does not have full video and audio capabilities. The requested items would establish a basic but effective cache of equipment to produce and publish district events and initiatives.

#### F. Purpose Codes

Purpose means the reason for which something exists or is used. Purpose includes the activities or actions that are performed to accomplish the objectives of a local school administrative unit. For budgeting and accounting purposes, expenditures of a local school administrative unit are classified into five purposes as follows:

5000 Instructional Services

6000 System-Wide Support Services

7000 Ancillary Services

8000 Non-Programmed Charges

9000 Capital Outlay

The "purpose dimension" is broken down into a function level at the second digit and, where appropriate, into a sub-function level at the third digit. The fourth digit of this dimension is not currently required by NCDPI, but is highly recommended for your use to further break down the purpose of the expenditure. NCDPI, however, will replace the last digit of the purpose code with a zero (0) for NCDPI reporting purposes.

#### Instructional Services (5000)

Instructional services include the costs of activities dealing directly with the interaction between teachers and students. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, and in other learning situations such as those involving co-curricular activities. It may also be provided through some other approved medium. Included here are the costs of salaries and benefits for teachers, instructional assistants, instructional leadership and support staff, as well as contracted instructional services, instructional supplies, materials, and equipment, professional development, and any other cost related to direct instruction of students.

Costs of activities involved in evaluating, selecting, and implementing textbooks and other instructional tools and strategies, curriculum development, demonstration teaching, and delivering staff development are also included here. Any site-based instructional supervisor or coordinator coded to this function should spend at least 75% of his/her time on these duties.

#### 5100 Regular Instructional Services

Cost of activities that provide students in grades K-12 with learning experiences to prepare them for activities as workers, citizens, and family members. They include costs of those individuals responsible for providing school curriculum development and coordination as well as lead teachers for regular instructional services. (Not included are those programs designed to improve or overcome physical, mental, social and/or emotional impediments to learning.)

#### 5110 Regular Curricular Services

Costs of activities which are organized into programs of instruction to provide students with learning opportunities to prepare for and achieve personal, health, and career objectives.

#### 5111 JROTC Curricular Services

Costs of activities organized into programs of instruction to provide learning opportunities for students to prepare for and achieve career objectives in selected branches of the military service.

#### 5112 Cultural Arts Curricular Services

Costs of activities organized into programs of instruction to provide learning opportunities for students in the various areas of the arts.

#### 5113 Physical Education Curricular Services

Costs of activities organized into programs of instruction for the physical and mental growth and fitness of students through activities designed to improve the muscles, motor skills, attitudes and habits of conduct of individuals and groups.

#### 5114 Foreign Language Curricular Services

Costs of activities organized into programs of instruction to provide learning opportunities for students in the various classical and modern foreign languages.

#### 5115 Technology Curricular Services

Costs of activities organized into programs of instruction to provide learning opportunities for students in the various areas of technology. This purpose code is to be used in providing instruction to students.

#### 5116 Homebound/Hospitalized Curricular Services

Costs of activities which are organized into programs of instruction to provide students with learning opportunities while recovering from temporarily incapacitating situations which prevent them from attending regular classes in school.

#### 5120 CTE Curricular Services

Costs of activities that provide students with the opportunity to develop the knowledge, skills and attitudes needed for training in a specialized field of employment (or occupational field).

#### 5200 Special Populations Services

Costs of activities for identifying and serving students (in accordance with state and federal regulations) having special physical, emotional, or mental impediments to learning. Also included are those students identified as needing specialized services such as limited English proficiency and gifted education. They include costs of those individuals responsible for providing school curriculum development and coordination as well as lead teachers for special populations' services. (Certain categories of funds require that expenditures coded here must be in addition to regular allotments such as classroom teachers, textbooks, etc.) These programs include pre-kindergarten, elementary, and secondary services for the following groups of students.

#### 5210 Children With Disabilities Curricular Services

Costs of activities for students identified as being mentally impaired, physically handicapped, emotionally disturbed, those with learning disabilities, physical therapy, or other special programs for student with disabilities.

#### 5211 Homebound Curricular Services

Costs of activities for students identified as being mentally impaired, physically handicapped, emotionally disturbed, or those with learning disabilities, who, because of the extent of their disability are certified to receive instruction in their home or a facility other than a school classroom.

#### 5220 Special Populations CTE Curricular Services

Costs of activities for students identified as being members of special populations, which include: individuals with disabilities; individuals from economically disadvantaged families, including foster children; individuals preparing for nontraditional training and employment; single parents, including single pregnant women; displaced homemakers; and individuals with other barriers to educational achievement, including individuals with limited English proficiency, potential dropouts and the academically disadvantaged.

#### 5230 Pre-K Children With Disabilities Curricular Services

Costs of activities provided for Pre-K-aged children (under the age of five) who have been identified as being mentally impaired, physically handicapped, emotionally disturbed, or those with learning disabilities.

#### 5240 Speech and Language Pathology Services

Costs of activities that identify students with speech and language disorders, diagnose and appraise specific speech and language disorders, refer problems for medical or other professional attention necessary to treat speech and language disorders, provide required speech treatment services, and counsel and guide students, parents, and teachers, as appropriate.

#### 5250 Audiology Services

Costs of activities that identify students with hearing loss; determine the range, nature, and degree of hearing function; refer problems for medical or other professional attention appropriate to treat impaired hearing; treat language impairment; involve auditory training, speech reading (lip-reading), and speech conversation; create and administer programs of hearing conversation; and counsel guidance of students, parents, and teachers, as appropriate.

#### 5260 Academically/Intellectually Gifted Curricular Services

Costs of activities to provide programs for students identified as being academically gifted and talented.

#### 5270 Limited English Proficiency Services

Costs of activities to assist students from homes where the English language is not the primary language spoken to succeed in their educational programs.

#### 5280-5290 Reserved for future use

#### 5300 Alternative Programs and Services

Costs of activities designed to identify students likely to be unsuccessful in traditional classrooms and/or to drop out and to provide special alternative and/or additional learning opportunities for these at-risk students. They include costs of those individuals responsible for providing school curriculum development and coordination as well as lead teachers for alternative programs and services. Programs include summer school instruction, remediation, alcohol and drug prevention, extended day, services to help keep students in school, as well as alternative educational settings, instructional delivery models, and supporting services for identified students.

#### 5310 Alternative Instructional Services K-12

Costs of activities designed to provide alternative learning environments (programs or schools) during the regular school year for students likely to be unsuccessful in traditional classrooms.

#### 5320 Attendance and Social Work Services

Costs of activities designed to improve student attendance at school and which attempt to prevent or solve student problems involving the home, the school, and the community.

#### 5330 Remedial and Supplemental K-12 Services

Costs of activities designed to improve student performance by providing remedial support and supplemental assistance <u>during the regular school day</u> in grades K-12 to students enabling them to succeed in their learning experiences. Title I activities provided <u>during the school day</u> would be coded here.

#### 5340 Pre-K Readiness/Remedial and Supplemental Services

Costs of activities designed to provide additional assistance to Pre-K-aged students to strengthen their abilities to be successful in the K-12 course of studies. Smart Start, More-At-Four, and Head Start would be coded here.

#### 5350 Extended Day/Year Instructional Services

Costs of activities designed to provide additional learning experiences for students <u>outside</u> of the regular required school calendar. These activities include remedial instructional programs conducted before and after school hours, on Saturdays, during the summer, or during intersession breaks.

#### 5351 Before/After School Instructional Services

Costs of activities designed to provide additional learning experiences for students either before or after regular school hours.

#### 5352 Intersession Instructional Services

Costs of activities designed to provide additional learning opportunities for students during the intersession breaks provided in block scheduling and/or year round school calendars.

#### 5353 Summer School Instructional Services

Costs of activities designed to provide additional learning opportunities for students during the summer break after the regular school year has ended.

#### 5354 Saturday School Instructional Services

Costs of activities designed to provide additional learning opportunities for students on Saturday during the regular school year.

#### 5400 School Leadership Services

Costs of activities concerned with directing and managing the learning opportunities for students within a particular school. They include costs of the activities performed by the principal and assistant principals while they supervise and evaluate the staff members of the school, assign duties to staff members, supervise and maintain the records of the school, communicate the instructional needs and successes of the students to the various school stakeholders and community, and coordinate school instructional activities with those of the LEA. These activities also include the work of clerical staff, in support of the teaching and leadership functions.

5401 School Principal

Costs of activities performed by the principal in directing and managing the school.

5402 School Assistant Principal

Costs of activities performed by the assistant principals to assist in directing and managing the school.

5403 School Treasurer

Costs of activities performed by the school treasurer for the duties required in the School Budget and Fiscal Control Act.

5404 School Clerical Support

Costs of activities performed by school clerical staff in support of teachers and school leadership. <u>Do not include</u> SIMS/NCWise clerical support <u>nor</u> the school treasurer in this functional area.

#### 5500 Co-Curricular Services

Costs of school-sponsored activities, under the guidance and supervision of LEA staff, designed to motivate students, provide enjoyable experiences, and assist in skill development. Co-curricular activities normally supplement the regular instructional program and include such activities as band, chorus, choir, speech and debate. Also included are student-financed and managed activities such as clubs and proms.

5501 Athletics

Costs of school sponsored activities, under the guidance and supervision of LEA staff, which provide opportunities for students to pursue competitive aspects of physical education outside of regular school hours. Athletics normally involve competition between schools and frequently generate revenues from gate receipts or fees.

#### 5502 Cultural Arts

Costs of school sponsored activities, under the guidance and supervision of LEA staff, which provide opportunities for students to pursue performance-related aspects of the cultural arts. These include dance, theater, band, orchestra, and other pursuits in the arts conducted outside of regular school hours.

#### 5503 School Clubs and Other Student Organizations

Costs of school sponsored activities, under the guidance and supervision of LEA staff, which provide opportunities for students to participate in group interactions with their peers in school clubs and other student organizations. These include the vocational education clubs , nationally/internationally chartered service clubs, as well as clubs involving other areas of interest in the school curriculum.

#### 5600 Reserved for Future Use

#### 5700 Reserved for Future Use

#### 5800 School-Based Support Services

Costs of school-based student and teacher support activities to facilitate and enhance learning opportunities for students. These include the areas of educational media services, student accounting, guidance services, health, safety and security support services, instructional technology services, and unallocated staff development.

#### 5810 Educational Media Services

Costs of activities supporting the use of all teaching and learning resources, including media specialists and support staff, hardware, software, books, periodicals, reference books, internet-based services, and content materials.

5820 Student Accounting

Costs of activities of acquiring and maintaining records of school attendance, location of home, family characteristics, census data, and the results of student performance assessments. Portions of these records become a part of the cumulative record which is sorted and stored for teacher and guidance information. Pertinent statistical reports are prepared under this function as well. Include SIMS/NCWise clerical support and school-based testing coordinator activities here.

#### 5830 Guidance Services

Costs of activities involving counseling with students and parents, consulting with other staff members on learning problems, evaluating the abilities of students, assisting students in personal and social development, providing referral assistance, and working with other staff members in planning and conducting guidance programs for students. Include career development coordination services and clerical assistance for guidance in this area.

#### 5840 Health Support Services

Costs of activities concerned with the health of the students. Included in this area are activities that provide students with appropriate medical, dental, and nursing services.

#### 5850 Safety and Security Support Services

Costs of activities concerned with the security and safety of the students, staff, buildings and grounds. Included in this area are expenses related to school resource officers, traffic directors, crossing guards, security at athletic events, security officials, and security systems.

#### 5860 Instructional Technology Services

Cost of activities to support the technological platform for instructional staff and students. This will include technology curriculum development, training, software, and other learning tools. Examples would include help desk services and programmers for instruction.

#### 5870 Staff Development Unallocated

Cost of activities to provide staff development for all instructional areas when the training provided is not for a purpose code-specific

area, or when staff development funds are appropriated to a school for direct payments.

#### 5880 Parent Involvement Services

Costs of activities which encourage and support parent involvement in the schools. Include activities which train parents to provide better learning opportunities for their children.

#### 5890 Volunteer Services

Costs of activities which encourage and support volunteerism in the schools.

#### 5900 Reserved for future use

#### System-Wide Support Services (6000)

System-wide support services include the costs of activities providing systemwide support for school-based programs, regardless of where these supporting services are based or housed. These services provide administrative, technical, personal, and logistical support to facilitate, sustain, and enhance instruction. Included here are the costs of salaries and benefits for program leadership, support and development and associated support staff, contracted support services, supplies, materials and equipment, professional development, and any other cost related to the system-wide support for the school-based programs of the school system.

Costs of activities involved in developing/administering budgets, authorizing expenditures of funds, evaluating the performance of subordinates, developing policies and/or regulations for the district as a whole are included here.

#### 6100 Support and Development Services

Cost of activities that provide program leadership, support, and development services for programs providing students in grades K-12 with learning experiences to prepare them for activities as workers, citizens, and family members (Not included are program leadership, support and development services for programs designed to improve or overcome physical, mental, social and/or emotional impediments to learning.)

#### 6110 Regular Curricular Support and Development Services

Costs of activities to provide program leadership, support, and development services for regular curricular programs of instruction to provide students with learning opportunities to prepare for and achieve personal, health, and career objectives.

#### 6111 JROTC Curricular Support and Development Services

Costs of activities to provide program leadership, support, and development services for programs of instruction to provide learning opportunities for students to prepare for and achieve career objectives in selected branches of the military service.

#### 6112 Cultural Arts Curricular Support and Development Services

Costs of activities to provide program leadership, support, and development services for programs of instruction to provide learning opportunities for students in the various areas of the arts.

#### 6113 <u>Physical Education Curricular Support and Development</u> <u>Services</u>

Costs of activities to provide program leadership, support, and development services for programs of instruction for the physical and mental growth and fitness of students through activities designed to improve the muscles, motor skills, attitudes and habits of conduct of individuals and groups. (Does <u>not</u> include athletics.)

#### 6114 <u>Foreign Language Curricular Support and Development</u> <u>Services</u>

Costs of activities to provide program leadership, support, and development services for programs of instruction to provide learning opportunities for students in the various classical and modern foreign languages.

#### 6115 Technology Curricular Support and Development Services

Costs of activities to provide program leadership, support, and development services for programs of instruction to provide learning opportunities for students in the various areas of technology.

#### 6116 <u>Homebound/Hospitalized Curricular Support and</u> <u>Development Services</u>

Costs of activities to provide program leadership, support, and development services for programs of instruction to provide students with learning opportunities while recovering from temporarily incapacitating situations which prevent them from attending regular classes in school.

#### 6120 CTE Curricular Support and Development Services

Costs of activities to provide program leadership, support, and development services for programs of instruction to provide students with the opportunity to develop the knowledge, skills and attitudes needed for training in a specialized field of employment (or occupational field), and are not on the college preparatory track.

#### 6130 Jobs Commission Development

Provides funding to support the creation of Job Commission schools.

#### 6200 Special Population Support and Development Services

Costs of activities to provide program leadership, support, and development services primarily for identifying and serving students (in accordance with state and federal regulations) having special physical, emotional, or mental impediments to learning. Also included are support and development services for those students needing specialized services such as limited English proficiency and gifted education. These programs include pre-kindergarten, elementary, and secondary services for the special populations.

#### 6201 <u>Children With Disabilities Support and Development</u> <u>Services</u>

Costs of activities to provide program leadership, support, and development services primarily for students identified as being mentally impaired, physically handicapped, emotionally disturbed, those with learning disabilities, or other special programs for students with disabilities.

#### 6202 <u>CTE Children With Disabilities Curricular Support</u> and Development Services

Costs of activities to provide program leadership, support, and development services for students identified as being mentally impaired, physically handicapped, emotionally disturbed, or those with learning disabilities, requiring specialized CTE programs.

6203 <u>Pre-K Children With Disabilities Support and Development</u> <u>Services</u>

> Costs of activities to provide program leadership, support, and development services for Pre-K-aged children who have been identified as being mentally impaired, physically handicapped, emotionally disturbed, or those with learning disabilities.

#### 6204 <u>Speech and Language Pathology Support and Development</u> <u>Services</u>

Costs of activities to provide program leadership, support, and development services for identifying students with speech and language disorders, diagnose and appraise specific speech and language disorders, refer problems for medical or other professional attention necessary to treat speech and language disorders, provide required speech treatment services, and counsel and guide students, parents, and teachers, as appropriate.

#### 6205 Audiology Support and Development Services

Costs of activities to provide program leadership, support, and development services for identifying students with hearing loss; determining the range, nature, and degree of hearing function; referring problems for medical or other professional attention appropriate to treat impaired hearing; treating language impairment; involving auditory training, speech reading (lip-reading), and speech conversation; creating and administering programs of hearing conservation; and counseling guidance of students, parents, and teachers, as appropriate.

#### 6206 <u>Academically/Intellectually Gifted Support and</u> <u>Development Services</u>

Costs of activities to provide program leadership, support, and development services for programs for students identified as being academically gifted and talented.

#### 6207 <u>Limited English Proficiency Support and Development</u> <u>Services</u>

Costs of activities to provide program leadership, support, and development services for programs to assist students from homes where the English language is not the primary language spoken to succeed in their educational programs.

#### 6300 Alternative Programs and Services Support and Development Services

Costs of activities to provide program leadership, support, and development services for programs designed to identify students likely to be unsuccessful in traditional classrooms and/or to drop out and to provide special alternative and/or additional learning opportunities for these at-risk students. Costs related to state Assistance Teams are also included here. Programs include summer school instruction, remediation, alcohol and drug prevention, extended day, services to help keep students in school, as well as alternative educational settings, instructional delivery models, and supporting services for identified students.

#### 6301 Alternative Instructional Programs K-12 Support Services

Costs of activities to provide program leadership, support, and development services for programs designed to provide alternative learning environments (programs or schools) during the regular school year for students likely to be unsuccessful in traditional classrooms.

#### 6302 Attendance and Social Work Support Services

Costs of activities to provide program leadership, support, and development services for programs designed to improve student attendance at school and which attempt to prevent or solve student problems involving the home, the school, and the community.

#### 6303 Remedial and Supplemental Services K-12 Support Services

Costs of activities to provide program leadership, support, and development services for programs designed to improve student performance by providing remedial support and supplemental assistance during the regular school day in grades K-12 to students enabling them to succeed in their learning experiences.

#### 6304 <u>Pre-K Readiness/Remedial and Supplemental Support</u> <u>Services</u>

Costs of activities to provide program leadership, support, and development services for programs designed to provide additional assistance to Pre-K-aged students to strengthen their abilities to be successful in the K-12 course of studies.

#### 6305 Extended Day/Year Instructional Support Services

Costs of activities to provide program leadership, support, and development services for programs designed to provide additional learning experiences for students outside of the regular required school calendar. These activities include remedial instructional programs conducted before and after school hours, on Saturdays, during the summer, or during intersession breaks.

#### 6400 Technology Support Services

Costs of central based activities associated with implementing, supporting and maintaining the computer hardware, software, peripherals, technical infrastructure which provide technology system services to the LEA as a whole. Also included is the development and implementation of technological systems; and technology user support services for the LEA.

#### 6401 Technology Services

Costs of central based activities associated with implementing, supporting and maintaining the computer hardware, software, peripherals and technical infrastructure and connectivity. Do <u>not</u> include any costs which may be coded to one or more specific purpose functions.

#### 6402 Information Management Systems Services

Costs of central based activities associated with the development and implementation of technological systems.

#### 6403 Technology User Support Services

Costs of central based activities associated with supporting technology services for LEA systems. An example would be central based help desk activities.

#### 6410 Connectivity Support Services

Costs associated for the <u>one time</u> funding for shared education strategy to enhance broadband connectivity and improve the education user experience in public schools.

#### 6500 Operational Support Services

Costs of activities for the operational support of the school system such as printing and copying services, communication services, utility services, transportation of students, facilities, planning and construction, custodial and housekeeping services, maintenance services, and warehouse and delivery services. (Do <u>not</u> include any costs which may be coded to one or more specific purpose functions.)

#### 6510 Communication Services

Costs of general telephone and telecommunication services for the LEA. Include in this area general line charges, communication devices, LEA-wide postage purchases, and general telecommunication system support. Do <u>not</u> include any costs which may be coded to one or more specific purpose functions.

#### 6520 Printing and Copying Services

Costs of activities of printing and publishing publications such as annual reports, school directories, and manuals. Also included are the lease/purchase of copier equipment for the school system, as well as centralized services for printing and publishing school materials and instruments such as school bulletins, newsletters, notices, teaching materials, and other items used by the LEA and their individual schools.

#### 6530 Public Utility and Energy Services

Costs of activities concerned with public utility and energy product consumption.

#### 6540 Custodial/Housekeeping Services

Costs of activities concerned with housekeeping duties necessary for the clean and healthy environment of the building structures of a school or other buildings of the LEA.

#### 6550 Transportation Services

Costs of activities concerned with the conveying of students to and from school, as provided by state and federal law. Included are trips between home and school and trips to school activities.

#### 6560 Warehouse and Delivery Services

Costs of activities concerned with the receiving, storing, and distributing of supplies, furniture, equipment, materials, and mail.

#### 6570 Facilities Planning, Acquisition and Construction Services

Costs of activities concerned with acquiring land and buildings, remodeling buildings, constructing buildings and additions to buildings, improving sites, and up-dating service systems. This would include the costs of contracted construction management as well as architectural and engineering, educational specifications development and other services as well as those contracted services generally associated with the primary construction costs.

6580 Maintenance Services

Costs of activities concerned with the repair and upkeep of the building structures, mechanical equipment, underground utility lines and equipment, and surrounding grounds of a school or other buildings of the LEA.

6590 Reserved for Future Use

#### 6600 Financial and Human Resource Services

Costs of activities concerned with acquisition, management, reporting and protection of financial resources; and with recruitment, retention, placement, and development of human resources for the LEA.

#### 6610 Financial Services

Costs of activities concerned with the financial operations of the LEA. These operations include budgeting, receiving and disbursing of funds, financial and property accounting, payroll, purchasing, risk management, inventory control, and managing funds as required in the School Budget and Fiscal Control Act.

#### 6611 Financial Management Services

Costs of activities concerned with the management of the financial operations of the school system.

#### 6612 Purchasing Services

Costs of activities concerned with purchasing supplies, furniture, equipment, materials and services used in the schools or the school system operations.

#### 6613 Risk Management Services

Costs of activities concerned with minimizing financial risk to the school system, including property, liability, and fidelity insurance. Planning and management of loss prevention programs, as well as worker's compensation, are also to be included here.

#### 6614 <u>Resource Development Services</u>

Costs of activities related to the discovery and acquisition of financial resources and other assets such as grants, contributions, business partnerships, and bequests. Include grant writer activities in this area.

#### 6620 Human Resource Services

Costs of activities concerned with maintaining an efficient, effective staff for the LEA including such activities as recruitment, retention, placement, and development of human resources for the LEA.

#### 6621 Human Resource Management

Costs of activities concerned with the management of the human resource operations of the school system.

#### 6622 Recruitment Services

Costs of activities concerned with recruiting qualified and appropriately credentialed individuals to meet the needs of the LEA.

#### 6623 Staff Development Services

Costs of activities concerned with the direction and coordination of appropriate training activities for all LEA personnel. Also include costs of activities to provide staff development for all system-wide support areas when the training provided is not for a purpose code-specific area.

#### 6624 Salary and Benefits Services

Costs of activities concerned with the coordination and administration of salary and benefits services for all LEA personnel.

#### 6630-6690 Reserved for Future Use

#### 6700 Accountability Services

Cost of activities concerned with the development, administration, reporting and analysis of student progress. This area includes the testing and reporting for student accountability, such as end of grade and end of course testing, disaggregation, analysis, and reporting of school and student performance. This area also includes the planning, research development and program evaluation costs of the school system.

#### 6710 Student Testing Services

Costs of activities to provide the development, administration, reporting and analysis of student progress, and results of student performance assessments, including the testing and reporting for student accountability.

#### 6720 Planning, Research Development and Program Evaluation

Costs of activities to provide the planning, research development and program evaluation costs of the school system.

#### 6800 System-wide Pupil Support Services

Costs of activities that provide program leadership, support, and development services for system-wide pupil support activities for students in grades K-12. These areas include educational media support, student accounting support, guidance support, health support, safety and security support, and instructional technology support system-wide services.

#### 6810 Educational Media Support Services

Costs of activities to provide leadership, support, and development services for system-wide pupil support activities involving the use of all teaching and learning resources.

#### 6820 Student Accounting Support Services

Costs of activities to provide leadership, support, and development services for system-wide pupil support activities of acquiring and maintaining records of school attendance, location of home, family characteristics, and census data.

#### 6830 Guidance Support Services

Costs of activities to provide leadership, support, and development services for system-wide pupil support activities involving counseling with students and parents, consulting with other staff members on learning problems, evaluating the abilities of students, and other guidance services, in addition to career development coordination support services.

#### 6840 Health Support Services

Costs of activities to provide leadership, support, and development services for system-wide pupil support activities concerned with the health of the students.

#### 6850 Safety and Security Support Services

Costs of activities to provide leadership, support, and development services for system-wide pupil support activities concerned with the security and safety of the students, staff, buildings and grounds.

#### 6860 Instructional Technology Support Services

Costs of activities to provide leadership, support, and development services for system-wide pupil support activities to provide learning opportunities in technology for staff and students, to include technology curriculum development, training, software, and other learning tools.

#### 6870-6890 Reserved for Future Use

#### 6900 Policy, Leadership and Public Relations Services

Costs of activities concerned with the overall general administration of and executive responsibility for the entire LEA.

#### 6910 Board of Education

Costs of activities of the elected body which has been created according to state law and vested with responsibilities for educational planning, policy, and activities in a given LEA.

#### 6920 Legal Services

Cost of activities concerned with providing legal advice and counsel to the Board of Education and/or school system.

#### 6930 Audit Services

Cost of activities concerned with the annual independent financial audit as well as the internal audit functions in a school system.

6931 Internal Audit

Costs of activities concerned with verifying the account records, which includes evaluating the adequacy of the internal control system, verifying and safeguarding assets, reviewing the reliability of the accounting and reporting systems, and ascertaining compliance with established policies and procedures.

#### 6932 External Audit

Costs of activities concerned with the annual independent program compliance and audit of the statements and

financial records of the school system, as required by state and federal law.

#### 6940 Leadership Services

Costs of activities performed by the superintendent and such assistants as deputy, associate, assistant superintendents, and other system-wide leadership positions generally directing and managing all affairs of the LEA. These include all personnel and materials in the office of the chief executive officer.

#### 6941 Office of the Superintendent

Costs of activities performed by the superintendent, related support personnel and other costs in directing and managing the affairs of the LEA.

#### 6942 Deputy, Associate, and Assistants

Costs of activities performed by those personnel having system-wide leadership responsibilities, as well as involved in developing/administering budgets, authorizing expenditures of funds, evaluating the performance of subordinates, developing policies and /or regulations for the district as a whole. These areas include all deputy and associate superintendents (regardless of the functional assignment). Also included are assistant superintendents and other system-wide leadership positions, as well as related support personnel and other costs related to their offices. (When assigned to two or more functional areas, costs are coded here. If costs may be placed properly to one specific purpose/function, then costs should be charged to that area.)

#### 6950 Public Relations and Marketing Services

Costs of activities concerned with writing, editing, and other preparation necessary to disseminate educational and administrative information to the public thorough various news media or personal contact. This area includes marketing and public information services associated with promoting the school system as a positive entity.

#### **Ancillary Services (7000)**

Activities that are not directly related to the provision of education for pupils in a local school administrative unit. These include community services, nutrition services and adult services provided by the school system.

#### 7100 Community Services

Costs of activities which are not directly related to the provision of educational services in an LEA. These include services such as community recreation activities, civic activities, and community welfare activities provided by the LEA

#### 7110 Child Care Services

Costs of activities which are not directly related to the provision of educational services in an LEA. These include services such as activities of custody and care of children provided by the LEA. Before and After School Care would also be included here.

#### 7200 Nutrition Services

Costs of activities concerned with providing food service to students and staff in a school or LEA including the preparation and serving of regular and incidental meals, or snacks in connection with school activities.

#### 7300 Adult Services

Costs of activities that develop knowledge and skills to meet immediate and long range educational objectives of adults who, having completed or interrupted formal schooling, have accepted adult roles and responsibilities. Programs include activities to foster the development of fundamental tools of learning, prepare adults for a postsecondary career; prepare adults for postsecondary education programs; upgrade occupational competence; prepare adults for a new or different career; develop skills and appreciation for special interests; or to enrich the aesthetic qualities of life. In addition, parent involvement services in the schools, as well as volunteer activities by adults in the schools. Adult basic education programs are included in this category.

#### Non-Programmed Charges (8000)

Non-Programmed charges are conduit-type (outgoing transfers) payments to other LEAs or other administrative units in the state or in another state, transfers from one fund to another fund in the LEA, appropriated but unbudgeted funds, debt service payments, scholarship payments, payments on behalf of educational foundations, contingency funds, and other payments that are not attributable to a program.

#### 8100 Payments to Other Governmental Units

Include payments to other LEAs or governmental units, which are generally for tuition and transportation for services rendered to pupils residing in the paying LEA. It is also used for indirect cost when used in conjunction with object code 392.

#### 8200 Unbudgeted Funds

Include unbudgeted federal grant funds administered by the State Board of Education that are being set aside by the LEA and are not a part of the LEA's budgeted funds. These funds are not available for use in the current fiscal for expenditures unless the LEA first transfers an amount from this account to their budgeted line item(s) by means of an approved budget amendment. This code may also be used to identify appropriated but unbudgeted funds in any fund source by the LEA.

#### 8300 Debt Services

Include debt service payments for lease purchases or installment contracts.

#### 8400 Interfund Transfers

Include transfers of funds from one fund to another fund in an LEA.

#### 8500 Contingency

Include appropriations for use in circumstances not completely foreseen. As monies are required from this item, budget amendments should be made to transfer monies to the appropriate operating function.

#### 8600 Educational Foundations

Include payments made by the school system on behalf of an education foundation for which the school system has fiscal responsibility

#### 8700 Scholarships

Include payments made for the awarding of scholarships by the school system for students and LEA personnel.

#### Capital Outlay (9000)

Expenditures for acquiring fixed assets, including land or existing buildings, improvements of grounds, initial equipment, additional equipment, and replacement of equipment. Do <u>not</u> include any costs which may be coded to <u>one or more</u> specific purpose functions. (i.e., purchase of transportation equipment would be coded to 6550, maintenance equipment would be coded to 6580, regular instructional equipment purchases would be coded to 5110, etc.). The remaining three digits may be used for local use purposes.
