

## **NOTICE TO BIDDERS**

**Lot 6: Beverages**

**Addendum #1: Response to Special Conditions**

**May 7, 2024**

**Q1:** Vendor provided notes that they could not provide coolers or barrels as stated in the special conditions section of the Invitation to Bid Lot 6:

**OCS Response:** Special conditions stated that OCS may need/request coolers or barrels for non-vended drinks. This equipment option is preferred to assist with the retail sale of beverages; but, OCS understands that not all vendors may have the ability to provide this equipment. The inability to provide retail storage refrigeration and barrels should just be noted on the signed special conditions document; as long as all other noted conditions pertaining to Lot 6 delivery, invoicing, and ordering are agreed upon the document will be accepted.
