1. Calendar notes from Calendar Committee
 2. Proposed 2014-2015 Traditional Student Calendar
 3. Proposed 2014-2015 Traditional Staff Calendar
 4. Proposed 2014-2015 Year-Round Student Calendar
 5. Proposed 2014-2015 Year-Round Staff Calendar

PURPOSE: To provide the Board of Education an update on the 2014-2015 school year traditional and year-round calendars. To share with the Board possible solutions to meet minimum instructional hours of 1,025 at the elementary level.

BACKGROUND: General Statute 115C-84.2 (School Calendar) requires each local Board of Education to adopt a school calendar consisting of 215 days for staff contracts and 185 instructional days or 1025 instructional hours all of which should fall within the fiscal year.

To comply with G.S. 115C-84.2, a district calendar committee comprised of representatives from each school met to develop and present to the Board of Education for their review and approval a proposed calendar for both traditional and year-round schedules.

Process and Timeline for the 2014-2015 Calendar Adoption

1. October 16, 2013: District Calendar Committee met to review proposed drafts of calendar.
2. October 30, 2013: School level Calendar Committee representatives presented draft calendars for review and feedback to staff at each school.
3. November 12, 2013: Presented proposed traditional and year-round calendars to the Orange County Board of Education for their review and approval.
4. May 7th, 2014: Calendar Committee met to review the instructional hours and weather plan
5. May 14th, 2014: Principals gave feedback on the calendar committee's recommended solutions.

CURRENT STATUS: The calendar committee was asked to revisit the 2014-2015 calendars to ensure that all schools were meeting the 1025 instructional hour requirement and to revisit the makeup time plans. In reviewing these calendars, it was found that our elementary schools do not meet the 1025 required hours of instruction. When looking at surrounding districts, the Orange County elementary day is 15-20 minutes shorter. Elementary schools start the day with 32 less minutes than middle or 30 less than high schools. With the current calculations which do not count recess or lunch as instructional time, the elementary schools are 48.75 hours short. The calendar committee, with input from elementary principals discussed the following options:

continued

- A- Add additional days to the calendar- (least favored by the calendar committee)
- B- Extend the elementary day by 15 minutes- brings time to 1026 hours
- C- Count 30 minutes of recess as instructional time- brings time to 1065 (40 hours extra)
- D- Combine options C and B- would give greater flexibility in the future or in event of inclement weather in the future

FINANCIAL IMPACT: None

RECOMMENDATION: The Superintendent recommends the Board of Education hear proposed solutions to the 2014-2015 calendars. The Superintendent's recommendation is for the board to consider option B (extend the elementary day by 15 minutes) for the 2014-2015 school year.
