Student Conduct and Discipline

I. Purpose

This policy provides expectations for student conduct, which are designed to nurture a safe, respectful, and supportive school learning community. We strive to cultivate an equitable culture of accountability that supports the whole child and academic success for each and every learner. The district will take appropriate disciplinary actions when students fail to adhere to acceptable behavior standards established by this policy and its guidelines and/or appendices.

II. General Statement of Policy

- A. The school district believes that a fair and equitable district-wide school discipline policy will contribute to the quality of a student's educational learning experience. Therefore, this district-wide discipline policy has been adopted.
- B. It is the responsibility of the school board, administrators, teachers, and employees to safeguard the health and safety of each student. The board and district administrators will support district employees who, in dealing with students on disciplinary matters, act in accordance with state law and this policy.
- C. Parents and guardians have the legal responsibility for the behavior of their children as determined by law and community practice. Parents/guardians are expected to exercise the required controls so that the student's behavior will be conducive to the development of self-discipline and will not be disruptive to the school's educational program.
- D. No policy will cover all situations. Therefore, the building administrator(s) or designee will make a determination of consequence/disciplinary action when student actions are not specifically addressed. All actions by an administrator/designee will be made on a case-by-case basis.
- E. Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act.

III. Definitions

For purposes of this policy, the definitions included in this section apply.

- A. "Dismissal" means the denial of the current educational program to any student,

including exclusion, expulsion, and suspension. Dismissal does not include removal from class.

- B. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that will not extend beyond the school year. The authority to exclude rests with the board.
- C. "Expulsion" means a board action to prohibit an enrolled student from further attendance for up to 12 months from the date the student is expelled. The authority to expel rests with the board.
- D. "Non-exclusionary disciplinary policies and practices" means policies and practices that are alternatives to dismissing a student from school.
- E. "Recess detention" means excluding or excessively delaying a student from participating in a scheduled recess period as a consequence for student behavior. Recess detention does not include, among other things, providing alternative recess at the student's choice.
- F. "Removal from class" or "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.
- G. "Restorative practices" means school discipline practices focused on fostering a sense of community within school environments to prevent conflict, encourage students to accept responsibility for their actions, and rebuild relationships.
- H. "Student withdrawal agreement" means a verbal or written agreement between a school administrator or district administrator and a student's parent/guardian to withdraw a student from the district to avoid expulsion or exclusion dismissal proceedings. The duration of the withdrawal agreement cannot be for more than a 12-month period.
- I. "Suspension" means an action by the school administration, under policies promulgated by the board, prohibiting a student from attending school for a period of no more than 10 school days; provided, however, if a suspension is longer than five school days, the suspending administrator will provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal from school for less than one day, except as may be provided in federal law for a student with a disability.

IV. Areas of Responsibility

- A. School Board. The board holds all school district employees responsible for the maintenance of order within the district and supports all employees acting within the framework of this discipline policy.
- B. Superintendent. The superintendent will establish guidelines and directives to

carry out this policy, hold all district employees, students, and parents/guardians responsible for conforming to this policy, and support all district employees performing their duties within the framework of this policy. The superintendent will also establish guidelines and directives for using the services of appropriate agencies for assisting students and parents/guardians. Any guidelines or directives established to implement this policy will be submitted to the board for information and attached as an appendix to this policy.

- C. Principal. The school principal is given the responsibility, authority, and sole discretion to formulate building rules necessary to enforce this policy, subject to superintendent review. The principal will give direction and support to all school employees performing their duties within the framework of this policy, including other building administrators. The principal or designee will consult with parents/guardians of students conducting themselves in a manner contrary to the policy. The principal will also involve other professional employees in the disposition of behavior referrals and make use of those agencies appropriate for assisting students and parents/guardians.
- D. Teachers. All teachers have responsibility for providing a well-planned teaching/learning environment and have a primary responsibility for student conduct, with appropriate assistance from the administration. All teachers will ensure acceptable student behavior.
- E. Other District Employees. All district employees are responsible for contributing to the atmosphere of mutual respect within the school. Their responsibilities relating to student behavior are as authorized and directed by the superintendent.
- F. A district employee or other agent of the district may use reasonable force when it is necessary under the circumstances to correct or restrain a student to prevent bodily harm or death to the student or another person.

A school employee or agent of the district, which does not include a school resource officer, will not use prone restraint and will not inflict any form of physical holding that restricts or impairs a student's ability to breathe; restricts or impairs a student's ability to communicate distress; places pressure or weight on a student's head, throat, neck, chest, lungs, sternum, diaphragm, back, or abdomen; or results in straddling a student's torso.

- G. Parents or Legal Guardians. Parents and guardians are responsible for the behavior of their children as determined by law and community practice. They are expected to partner with district authorities and to participate regarding the behavior of their children.
- H. Students. All students enrolled in the district are held individually responsible for their behavior and for knowing and adhering to the Student Rights and Responsibilities Handbook.

V. Student Responsibilities

All students have the responsibility:

- For their behavior and for knowing and obeying all district rules, regulations, policies, and procedures;
- To attend school daily, except when excused, and to be on time to all classes and other school functions;
- To pursue and attempt to complete the courses of study prescribed by the state and district;
- To make necessary arrangements for making up work when absent from school;
- To assist district employees in maintaining safe schools for all students;
- To assume that until a rule or policy is waived, altered, or repealed, it is in full force and effect;
- To be aware of and comply with federal, state, and local laws;
- To volunteer information in disciplinary cases should they have any knowledge relating to such cases and to cooperate with district employees, as appropriate;
- To respect and maintain the district's property and the property of others;
- To dress and groom in a manner that meets standards of safety and health, and is consistent with applicable district policy;
- To avoid inaccuracies in district-sponsored publications, whether print or electronic, and refrain from indecent or obscene language;
- To conduct themselves in an appropriate physical and verbal manner; and
- To recognize and respect the authority of district employees and the rights of others.

VI. Unacceptable Behavior, Investigations of Student Misconduct

Appendix I of this policy provides examples of unacceptable behavior. Unacceptable behavior may also include violation of any local, state, or federal law. The examples in the appendix are not intended to be an exclusive list. A student who engages in any unacceptable behaviors will be disciplined in accordance with this policy and its appendix.

This policy applies to all school district buildings, grounds, and property; district-sponsored activities or trips; school bus stops; school buses, district vehicles, district-contracted vehicles, or any other vehicles approved for district purposes; the area of entrance or departure from district premises or events; and all district-related functions. This policy also applies to student behavior that has a nexus to district property or the student's status as a district student, including students' use of social media and other electronic communication. This policy also applies to any student whose conduct at any time or in any place interferes with or obstructs the mission or operations of the district or the safety or welfare of the student, other students, or employees.

Students are required to cooperate in all disciplinary investigations.

VII. Recess and Other Breaks

A. The school district will provide student access to structured breaks from the demands of school.

1. Recess detention will only be used when:
 - a. A student causes or is likely to cause serious physical harm to other students or staff;
 - b. The student's parent or guardian specifically consents to the use of recess detention; or
 - c. For students receiving special education services, the student's individualized education program team has determined that withholding recess is appropriate based on the individualized needs of the student.
2. The district will not withhold recess from a student based on incomplete schoolwork.
3. District staff will make a reasonable attempt to notify a parent or guardian within 24 hours of using recess detention.
4. The district will not withhold or excessively delay a student's participation in scheduled mealtimes.

VIII. Disciplinary Action Options

The school district's general policy is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the district. At a minimum, violation of district rules, regulations, policies, or procedures will result in discussion of the violation and a verbal warning. Restorative practices are used to help educate students on the impact of their actions. The district will, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the district. Disciplinary action may include, but is not limited to, one or more of the following:

- restorative practices that will incorporate lessons intended to help students reflect on, learn from, and address the impact of their actions on others.
- student conference with teacher, principal, counselor, or other district personnel, and verbal warning;
- parent/guardian contact and/or conference;
- confiscation by the district of any item prohibited by, or used in violation of, any district policy and/or state or federal law;

- limited time away from the classroom;
- removal from class (pursuant to the Minnesota Pupil Fair Dismissal Act);
- in-school suspension;
- suspension from extra-curricular activities;
- detention or restriction of privileges;
- loss of school privileges;
- in-school monitoring or revised class schedule;
- referral to in-school support services, law enforcement, community resources, or an outside agency;
- financial restitution;
- request for a petition to be filed in district court for juvenile delinquency adjudication;
- out-of-school suspension under the Minnesota Pupil Fair Dismissal Act;
- preparation of an admission or readmission plan;
- expulsion or exclusion under the Minnesota Pupil Fair Dismissal Act; and/or
- other disciplinary action as deemed appropriate by the district.

IX. Removal of Students from Class

- A. The teacher of record will have the general control and government of the classroom. Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, limited time away from the classroom, assigning detention or other consequences, or contacting the student's parents/guardians. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher has the authority to remove the student from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five days, pursuant to this discipline policy.

Grounds for removal from class include any of the following:

1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher's ability to teach or communicate effectively with students in a class or with the ability of other students to learn.
 2. Willful conduct that endangers surrounding persons, including district employees, the student or other students, or the property of the district.
 3. Willful violation of any district rules in this policy and Appendix I.
 4. The removal from class will be for a period of time deemed appropriate by the principal, not to exceed five class periods.
- B. Procedure for the Classroom Teacher to Remove a Student from a Class Pursuant to the Minnesota Pupil Fair Dismissal Act

1. A written disciplinary report is submitted by the teacher or district employee within 24 hours of the removal of any student from their class.
2. If a student is removed from class more than five (5) times in a school year, the district will notify the parent or guardian of the student's sixth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed from class.

C. Responsibility for and Custody of a Student Removed from Class

1. A student removed from class is the responsibility of the principal or lawful designee.
2. A student removed from class must report directly to the principal's office and inform the office employees of their arrival. Prior to the student's removal, the teacher or district employee will inform the office of the student's removal, the reason for the removal, and the time of the removal.
3. The teacher will determine if the student requires a district employee to accompany them to the office, and, if so, make the necessary arrangements.

D. Return of a Student Procedure

1. The principal or designee will complete the appropriate follow-up disciplinary consequences and district documentation with the student.
2. The principal or designee readmits the student pursuant to the readmission plan.

E. Notification Procedure

1. The principal or designee determines the necessity of parent/guardian notification resulting from the student being removed from class.
2. The principal or designee will work with the teacher to notify the student of the violation of the discipline rules and resulting disciplinary action.

X. Prior to Dismissal Notification

- A. The principal or designee will provide the Tennessean Warning to the student prior to investigating the disciplinary incident when a dismissal from school may be the result of disciplinary action. The student's parent/guardian will be notified, when possible, prior to the reading of the warning.
- B. The principal or designee will record the notification of the student receiving the Tennessean Warning, including the disciplinary action documentation.

- C. The purpose of the Tennessean Warning, per Minnesota Statute 13.04: “An individual asked to supply private or confidential data concerning the individual will be informed of: (a) the purpose and intended use of the requested data within the collecting government entity; (b) whether the individual may refuse or is legally required to supply the requested data; (c) any known consequence arising from supplying or refusing to supply private or confidential data; and (d) the identity of other persons or entities authorized by state or federal law to receive the data. This requirement will not apply when an individual is asked to supply investigative data, pursuant to section 13.82, subdivision 7, to a law enforcement officer.”

XI. Dismissal

- A. The school district will not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion, or expulsion, as those terms are defined in Section III.

The district will not dismiss any student without attempting to use non-exclusionary disciplinary policies and procedures before dismissal proceedings or student withdrawal agreements, as those terms are defined in Section III, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

- B. Violations leading to suspension, based upon severity, may also be grounds for expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:
1. Willful violation of any school board policy;
 2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of district employees to perform their duties, or district-sponsored activities; or
 3. Willful conduct that endangers the student or other students, or surrounding persons, including district employees, or property of the district.
- C. Disciplinary Dismissals Prohibited for PreK-Grade 3
1. A student enrolled in PreK-grade 3 is not subject to dismissals under the Minnesota Pupil Fair Dismissal Act.
 2. This section does not apply to a dismissal from school for less than one school day, except for a student receiving special education services.
 3. Expulsions and exclusions may be used only after resources outlined under non-exclusionary disciplinary policies and practices have been exhausted, and only in circumstances where there is an ongoing serious safety threat to the child or others.

D. Suspension Procedures

1. The school principal or designee will work with the student's teachers to allow the suspended student to (1) receive timely course materials and other information, and (2) complete daily and weekly assignments and receive teachers' feedback. A suspended student will receive full credit for all satisfactorily completed schoolwork assigned during the period of the student's suspension.
2. If a student's total days of removal from school exceed 10 cumulative days in a school year, the district will make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school. The purpose of this meeting is to problem-solve and attempt to determine the student's need for assessment or other services or whether the parent or guardian should have the student assessed.
3. Each suspension action will include a readmission plan. The plan may include, where appropriate, a provision for implementing alternative educational services upon readmission which will not be used to extend the current suspension. A readmission plan will not obligate a parent or guardian to provide sympathomimetic drugs to their student as a condition of readmission. School administration will not use the refusal of a parent or guardian to consent to the administration of sympathomimetic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a district-sponsored activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect.
4. The district administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the district is in the process of initiating an expulsion, in which case the district administration may extend the suspension to a total of 15 days.
5. In the case of a student with a disability, the student's individual education plan team will meet in accordance with state and federal law.
6. Alternative education services will be provided to a student who is suspended for more than five (5) consecutive school days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center selected to allow the student to progress toward meeting graduation standards.
7. The district administration will not suspend a student from school without an

- informal administrative conference with the student. The informal administrative conference occurs before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference occurs as soon as practicable following the suspension. At the informal administrative conference, a district administrator notifies the student of the grounds for the suspension, provides an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.
8. After district administration notifies a student of the grounds for suspension, district administration may, instead of imposing the suspension, pursue other consequences, including encouraging a parent or guardian of the student to attend school with the student for one day.
 9. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act will be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within 48 hours of the conference.
 10. Effort will be made by the principal or designee at the time of suspension to notify the student's parent or guardian by telephone of a suspension. In the event that the student's parent or guardian is not available for notification of the suspension at the time of the suspension, the student will remain in the school building for the remainder of the school day at a location or at locations designated by the principal or designee.
 11. A conference will be scheduled between the student's parent or guardian and the principal or designee to discuss the suspension, the reasons therefore, and the readmission plan.
 12. If the parent or guardian is dissatisfied with the disposition of the case after a conference with the principal or designee, the parent or guardian may request and will be granted an interview with the superintendent or designee. Neither this interview, nor the conference in item 5 will delay the suspension.
 13. During the period of suspension, the student will be furnished with assignments or alternative opportunities for continued learning. The student is expected to make up all work missed during the time of suspension. The teacher determines appropriate credit for such work based on the district's assessment policy and procedures. The student is readmitted to school following the expiration of the suspension.
 14. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice will be served upon the student and the student's parent or guardian within 48

hours of the suspension. Service by mail is complete upon mailing.

15. Notwithstanding the foregoing provisions, the student may be suspended pending the board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) consecutive school days.

E. Expulsion and Exclusion Procedures

1. A written recommendation for exclusion or expulsion from the principal with supporting data is submitted to the superintendent.
2. The superintendent will review the case and determine whether or not to recommend exclusion or expulsion to the board.
3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act.
4. No expulsion or exclusion is imposed without a hearing unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian are provided written notice of the district's intent to initiate expulsion or exclusion proceedings. This notice is served upon the student and their parent or guardian personally or by certified mail, and contains a complete statement of the facts; a list of the witnesses and a description of their testimony; the date, time, and place of hearing; accompanied by a copy of the Minnesota Pupil Fair Dismissal Act; a description of the non-exclusionary disciplinary policies and practices accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The district will advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE) and is posted on its website.
6. The hearing will be scheduled within 10 days of the service of the written notice unless an extension, not to exceed 5 days, is requested for good cause by the district, student, parent or guardian.
7. All hearings are held at a time and place reasonably convenient to the student, parent or guardian, and will be closed to the public unless the student, parent or guardian requests an open hearing.
8. The district will record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student has a right to a representative of the student's own choosing,

- including legal counsel, at the student's sole expense. The board, or superintendent, may appoint an attorney to represent the district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
 11. All expulsion or exclusion hearings take place before, and are conducted by, an independent hearing officer designated by the district, a board member, a committee of the board, or the full board. The hearing will be conducted in a fair and impartial manner. Testimony is given under oath. The hearing officer or board member has the power to administer oaths and issue subpoenas.
 12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative is given access to all district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
 13. The student, parent or guardian, or authorized representative, has the right to compel the presence of any district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the district.
 14. The student, parent or guardian, or authorized representative, has the right to present evidence and testimony, including expert psychological or educational testimony.
 15. The student cannot be compelled to testify in the dismissal proceedings.
 16. The hearing officer, board member, or board committee will prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which will be made to the board and served upon the parties within two days after the close of the hearing.
 17. The board will base its decision upon the findings and recommendation of the hearing officer or board member and render its decision at a meeting held within five days after receiving the findings and recommendation. The board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the board will be based on the record, will be in writing, and will state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Minnesota Commissioner of Education of the basis and reason for the decision.
 18. A party to an expulsion or exclusion decision made by the board may appeal

- the decision to the Minnesota Commissioner of Education within 21 calendar days of board action. The decision of the board is implemented during any appeal to the commissioner.
19. The district will report any suspension, expulsion, or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
 20. The district will report, through the MDE electronic reporting system, each expulsion or exclusion within 30 days of the effective date of the action to the commissioner. This report will include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report will also include the student's age, grade, gender, race, and special education status. The dismissal report will include state student identification numbers of affected students.
 21. Whenever a student fails to return to school within 10 school days of the termination of dismissal, a district administrator will inform the student and their parent or guardian by certified mail of the student's right to attend and to be reinstated in the district.
 22. For a student who is awaiting enrollment in a new district:
 - a. The district will continue to review the student's schoolwork and grades on a quarterly basis to ensure the student is on track for readmission with the student's peers and is continuing to make progress toward the Minnesota graduation standards. The district will communicate on a regular basis with the student's parent or guardian to ensure that the student is completing the work assigned through the alternative educational services. These services will be provided until the student enrolls in another school or returns to the same school;
 - b. A student receiving school-based or school-linked mental health services in the district will be eligible for those services until the student is enrolled in a new district; and
 - c. The district will provide to the student's parent or guardian information on accessing mental health services, including any free or sliding fee providers in the community. The district will maintain this information on the district website.

XII. Admission or Readmission Plan

A school district administrator will prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan will include measures to improve the student's behavior, which may include completing a character education program or restorative practices lessons consistent with state law, social and emotional learning, counseling, social work services, mental health

services, referrals for special education or 504 evaluation, and evidence-based academic interventions. The plan will include reasonable attempts to obtain parental/guardian involvement in the admission or readmission process and may indicate the consequences to the student of not improving the student's behavior. The readmission plan will not obligate parents/guardians to provide a sympathomimetic medication for their child as a condition of readmission.

XIII. Notification of Policy Violations

Notification of any violation of this policy and resulting disciplinary action is as provided for in state and federal law and district policy. The teacher, principal, or other school district employee may provide additional notification as deemed appropriate.

In addition, the district will report, through the MDE electronic reporting system, each exclusion or expulsion, each physical assault of a district employee by a student, and each student withdrawal agreement within thirty (30) days of the effective date of the dismissal action, student withdrawal, or assault, to the MDE Commissioner. This report will include a statement of the non-exclusionary disciplinary policies and practices, or other sanction, intervention, or resolution given to the student in response to the assault and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report will also include the student's age, grade, gender, race, and special education status.

XIV. Student Discipline Records and Reports

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records are to be consistent with state and federal law, and district policy, including the Minnesota Government Data Practices Act.

The district will annually report data on its use of reasonable force used on any student to correct or restrain the student to prevent imminent bodily harm or death to the student or another.

Any reasonable force used which intends to hold a child immobile or limit a child's movement where body contact is the only source of physical restraint or confines a child alone in a room from which egress is barred, will be reported to the Minnesota Department of Education as a restrictive procedure, including physical holding or seclusion used by an unauthorized or untrained staff person.

XV. Students with a Disability

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy unless the student's IEP or 504 Plan specifies a necessary modification.

Prior to the initiation of an expulsion or exclusion of a student with a disability, the school district will follow state and federal laws regarding such a proposal.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the district will continue to provide special education and related services during the period of expulsion or exclusion.

XVI. Detecting and Addressing Chemical Abuse Problems of Students While on School Premises Procedure

- A. The school district has established a chemical abuse pre-assessment team pursuant to state law; and
- B. The district has established teacher reporting procedures to district administration or designee including the chair of the chemical abuse pre-assessment team.

XVII. Open Enrolled Students

In accordance with state law, the school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program or Enrollment in Nonresident District at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy as required by state law, and the student's case has been referred to juvenile court. The district may also terminate the enrollment of a nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XVIII. Discipline Complaint Procedure

- A. Students, parents/guardians, and school district staff may file a complaint and seek corrective action when the requirements of the Minnesota Pupil Fair Dismissal Act, including the implementation of the local behavior and discipline policies, are not being implemented appropriately or are being discriminately applied. See Appendix II for complaint procedure.

XIX. Distribution of Policy

The school district will notify students and parents/guardians of the existence and contents of this policy in such manner as it deems appropriate. Copies of discipline policies in the *Students' Rights and Responsibilities Handbook* are made available to all students and parents/guardians at the commencement of each school year and to all new students and parents/guardians upon enrollment. This policy is also available on the district website, and upon request in each principal's office.

XX. Review of Policy

The principal and representatives of parents/guardians, students, and employees in each school building will confer at least annually to review this discipline policy, determine if the policy is working as intended, and assess whether the discipline

policy has been enforced. Any recommended changes will be submitted to the superintendent for consideration by the school board.

INDEPENDENT SCHOOL DISTRICT NO. 273
Edina, Minnesota

APPENDIX I TO POLICY 506

DISCIPLINE GUIDELINES

Every student and employee of Edina Public Schools is entitled to learn and work in a safe school environment. To ensure this safe environment, the school district has established clear student discipline policies, consequences appropriate to behaviors, and a practice to implement these guidelines fairly. These guidelines were developed to help ensure that each and every student is able to learn, discover their possibilities, and thrive.

All PreK-12th grade students are expected to behave in accordance with federal, state, and local laws; district policies and guidelines; and in a way that respects the rights and safety of others. Known violations of federal, state, and local laws will be reported to local law authorities.

The following are district-wide discipline guidelines. These guidelines and the potential consequences apply any time a student is present on district property, participating in a district-sponsored activity, or traveling in a district vehicle. These guidelines and the potential consequences also apply to student behavior that has a nexus to district property or the student's status as a district student. Student conduct that occurs off-campus, but has a nexus to the school environment, may form the basis for school discipline. This specifically includes activities that occur off-campus over the internet, on social media, or through other communications. Listed are the violations and the recommended consequences, although all determinations will be made on a case-by-case basis. Minnesota State High School League consequences may also apply in accordance with its rules and district policy.

A student who accumulates excess violations of these disciplinary guidelines or several infractions for serious behavior may be disciplined in light of the student's overall record. The student and parent/guardian will have a conference with the principal and/or other appropriate employee(s) to make them aware that the student is accumulating excessive infractions. Any student who has been suspended for violations of the guidelines may be recommended for expulsion upon the student's return if the student commits additional offenses of the same nature.

Restitution or restorative justice principles may be utilized when appropriate for the disciplinary infraction. Restorative school discipline practices focus on fostering a sense of community within school environments to prevent conflict, encourage students to accept responsibility for their actions, and rebuild relationships.

The infractions and consequences may be modified or disregarded if circumstances require mitigation or exception (e.g., student whose misbehavior is related to their disability). These discipline guidelines are based on district policies, located on the district's website.

ATTENDANCE

1. ATTENDANCE, TARDINESS, TRUANCY

In addition to the compulsory attendance mandate of state law, the school board recognizes and emphasizes the intrinsic value of attendance each school day by each student. It enables every student to profit to the maximum degree from the enhanced learning environment that full attendance promotes.

Compulsory attendance policies for students under the age of 17 years will be applied in cases of chronic absence or tardiness. Parental/guardian notification will occur when a student is determined to be truant by the school. A student under the age of 17 years with seven or more unexcused absences may be referred to appropriate services.

Attendance disciplinary action is outlined in the district's attendance policy (Policy 503).

APPENDIX II TO POLICY 506

DISCIPLINE COMPLAINT PROCEDURE

Students, parents/guardians or staff may file a complaint and seek corrective action when they believe the requirements of the Minnesota Pupil Fair Dismissal Act, including the implementation of the local behavior and discipline policies, are not being implemented appropriately or are being discriminately applied. Edina Public Schools prohibits reprisal or retaliation against any person who asserts, alleges, or reports a complaint.

The administrator receiving the complaint will, within three days of receiving the complaint, determine the nature and scope of the investigation and follow-up procedures. The administrator or a designated investigator will ascertain details concerning the complaint, provide an opportunity for involved parties to submit additional information, and respond promptly concerning the status of the matter including any appropriate action or corrective measure that was taken, to the extent permitted by law. A written determination to the complainant that addresses each allegation and contains findings and conclusions will be provided upon completion of the investigation. If the investigation finds the requirements of district policy were not implemented appropriately, a corrective action plan to correct the student's record and provide training for staff involved will be provided.

Families who are a party to an exclusion or expulsion decision may appeal the decision to the commissioner of education within 21 calendar days of school board action. An expulsion appeal form can be found on the MDE website at education.mn.gov/MDE/fam/disc/exp/.
