PUPIL ESTIMATES FOR NEW OR SIGNIFICANTLY EXPANDING CHARTERS (PENSEC)

The fiscal year (FY) 2021–22 report of PENSEC, managed by the California Department of Education's (CDE) School Fiscal Services Division, is now available on the Charter School Funding web page in the Special Advance tab at https://www.cde.ca.gov/fg/aa/pa/csfunding.asp?tabsection=2#PENSEC. Charter schools that are new (including new for funding purposes) or significantly expanding in FY 2021–22 may receive special advance funding for the Principal Apportionment (e.g., Local Control Funding Formula state aid, Education Protection Account state aid) and/or allocations of federal categorical programs (e.g., Title I, Title II, Title III) by filing a report.

INSTRUCTIONS

In addition to the following information, detailed PENSEC instructions are available at https://www.cde.ca.gov/fg/aa/pa/pensecinstr21.asp.

WHO MAY SUBMIT

Charter schools eligible to submit the FY 2021–22 PENSEC report include:

- New charter schools in their first year of operation that will commence instruction by September 30, 2021. A charter is usually also considered new for PENSEC purposes if it is operating under a new charter number.
- Significantly expanding charter schools in FY 2021–22, which includes schools that are adding one or more grade levels and schools that are increasing enrollment by at least 25 percent due to the addition of an educational program in a major curriculum area or other event deemed significant by the CDE.

FILING DEADLINES

The filing deadline for submitting all FY 2021–22 PENSEC data (submitted online) to the CDE (i.e., both state and federal data) is **August 2, 2021**.

In addition to submitting the data online to the CDE, reports that include average daily attendance data also require a printed hard copy certification be signed with wet signatures by all parties, saved as a PDF file and then transmitted to the CDE electronically to csspecialadvance@cde.ca.gov no later than **August 2, 2021**.

Be sure to allow time for all levels (e.g., charter school, school district, county office of education) to review the data, sign, and submit the certification to CDE by the deadline. Data or certifications received by the CDE after **August 2, 2021**, may cause the charter

school to wait until a later apportionment to receive state funding, or to be ineligible for some federal funding in the current year.

PINs

A personal identification number (PIN) is required to logon to the PENSEC. Use the same PIN as was provided the charter school for the FY 2021–22 Charter Schools Annual Information Survey.

QUESTIONS

Please send questions about the PENSEC report, including if you need a PIN, to csspecialadvance@cde.ca.gov and include the charter name, number, and 14-digit county-district-school (CDS) code.
