Philosophy of Harding Charter Preparatory School District

Our principal interest is the welfare, educational experience and achievement of each student. Faculty, administration and parents hold high expectations for student academic achievement and have, therefore, designed a rigorous curriculum to prepare our students for the academic demands in all schools and in their studies beyond high school.

We believe an optimal educational environment is achievable through a secure and safe school experience. Parents will support the administration and faculty toward that goal. The highest standards of professional behavior and ethics are expected from our administration and staff. Parents will support the staff and administration in a mutually respectful manner.

We understand the design, administration, and governance of this district are unique. As with all new enterprises, we will strive to continuously improve our district and provide the very best for the children we serve.

The program model for Harding Charter Preparatory includes:

College Preparatory Environment – We highlight college and career opportunities for our students from the earliest ages. We create opportunities for students to develop leadership and advocacy skills, along with involvement in a holistic program to include fine arts, athletics, culturally responsive programs and activities, and community service initiatives.

Rigorous Teaching and Learning – We offer a challenging, vertically aligned, standards-based curriculum that prepares students for academic success at the highest levels. Our teachers implement engaging instructional strategies to support student learning and monitor student academic growth with high-quality formative and summative assessments.

Comprehensive Student Supports – We support the success of our students by offering a comprehensive school counseling program, implementing AVID strategies, providing targeted interventions and a robust after-school tutoring program, and building time into our schedule to intentionally support students.

Community Engagement – We create strategic partnerships with community stakeholders that enable the success of our students and staff. We collaborate with families in many ways throughout the year, offering multiple avenues of engagement including monthly service days, parent organization meetings and activities, providing support to each of our schools, and membership on our Governance Board.

Operating Principles – We maintain a school environment to ensure that every student is known and valued. We cultivate a positive school culture by supporting collaboration and data-informed decision making through distributive leadership. We recruit a highly qualified and diverse faculty, whom we retain by providing high-quality professional learning opportunities and establishing mutually respectful relationships.

Arrival & Dismissal Procedures

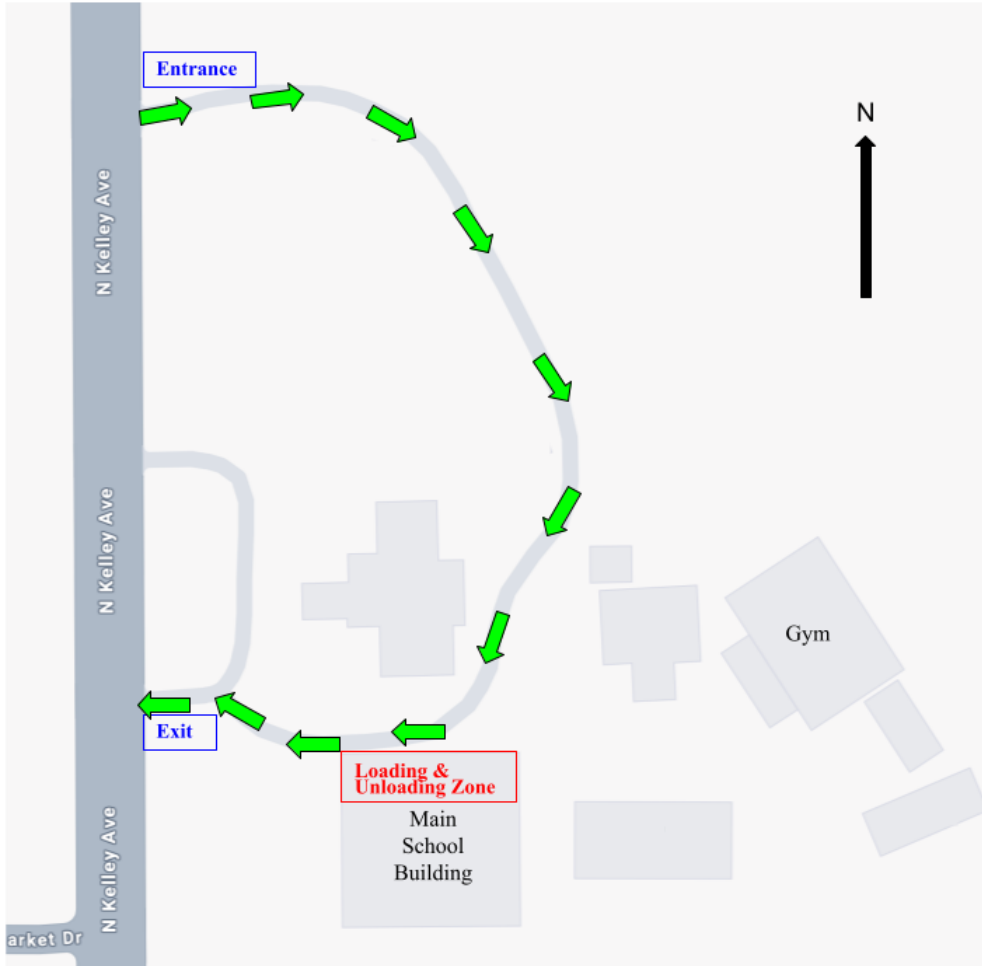

Arrival

- Drop off will be from 7:00-7:30am (Mondays, students may be dropped off between 7:00-8:30am). If a student arrives after 7:30am (8:30am on Mondays), they are considered tardy and will need to be signed in by an adult at the front office.
- Enter HCPES through the north gate of the property. Follow the road along the east side of the property, pulling in from the east facing west in front of the school. Students will be dropped off under the overhang of the school building.
- Pull your car as far forward into the loading zone as traffic allows. Drivers may drop-off students only when HCPES are outside on duty.
- Parents/Guardians, please be ready and quick. We need to keep the line moving. Have your child's coats and backpacks ready for a quick drop off.
- Staff will supervise students as they exit vehicles, offer assistance, and guide them along the walkway into the school. We ask that parents/guardians stay in the vehicle.
- Students will unload from the driver's side of the vehicle only. (Move booster seats to this side)

Dismissal

- Dismissal will begin daily at 2:30pm.
- Enter HCPES through the north gate of the property. Follow the road along the east side of the property, pulling in from the east facing west in front of the school. Students will be picked up from under the overhang of the school building.

- Students will remain in classrooms until their number is displayed. Parents remain in the car. A car rider tag must be displayed to release students.
- YMCA Aftercare: YMCA staff will meet students in the school cafeteria at 2:45pm daily. Parents will pick up and check out with the YMCA through the front doors.
- Early checkout ends 15 minutes prior to the end of the school day.
- Changing end of day transportation is discouraged. However, if you need to change the daily norm of transportation, please send in a detailed signed note to the office that morning or call the office up to one hour before dismissal.
- For another adult to pick up your child, he/she must be listed on the school record as authorized to do so. If you need to update information on your student’s record, please contact the front office. It is imperative that we are able to reach you or another authorized person in an emergency.
- Late Pick-Up: Students should be picked up no later than 15 minutes after dismissal time. If a student is habitually left at the school, he/she will be sent to our YMCA onsite program. The YMCA charges a fee for students who are left in their care and not a regular YMCA registered student.

Emergency Drills

In cases of an actual tornado, fire, or lockdown, persons are to follow these drill procedures.

In the case of a tornado drill, persons should move in an orderly manner to assigned locations as quickly as possible. Students should be seated on the floor and await further instructions. *Teachers will take their emergency bags with them so they can take roll and account for all students.*

In the event of a fire drill, the siren and strobes will be the signal that all persons must leave the building by the nearest exit, in accordance with the plan posted in each classroom. All persons exiting should withdraw to a distance of one hundred (100) feet from the building and remain there until the sirens conclude and a school official signals to students, indicating that the building may be reentered safely. *Teachers will take their emergency bags with them so they can take roll and account for all students.*

In the case of a lockdown drill, persons should move in an orderly manner to assigned locations as quickly as possible. Students should be seated on the floor and await further instructions. Classrooms will be locked and emergency personnel will be notified immediately.

Drills are conducted at various times throughout the school year.

Notification of Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords parents of students under 18 years of age and students over 18 years of age (“eligible students”) certain rights with respect to the student’s educational records. They are:

1. The right to inspect and review the student’s education records within 45 days of the day the school receives a request for access.
2. Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
3. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading or in violation of student’s rights.
4. Parents or eligible students may ask the school to amend a record that they believe is inaccurate or misleading. They should write to the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate, misleading or in violation of the student’s rights.
5. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
6. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Governance Board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student participating in school service program or serving on an official committee, or assisting another school official in performing their tasks.

- The district is permitted to disclose what is termed “directory information” of a student to others without consent of the student or parents, if the student is under 18 years of age. The student or parent, if the student is under 18 years of age, may restrict or prevent the release of all or any part of the information designated as “directory information” without their prior consent provided that the student or parent, if the student is under 18 years of age, notifies the school, in writing, within ten (10) days of receipt of this handbook, that any or all of the “directory information” should not be released without the student’s or parent’s, if the student is under 18 years of age, prior consent. “Directory information” is designated as: the student’s name, address, telephone listing, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill their professional responsibility.

- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
 U.S. Department of Education
 600 Independence Avenue, SW Washington, D.C. 20202-4605

Immunizations

Oklahoma law requires that parents or guardians of all minor children in grades kindergarten through twelfth for all public, parochial or private schools in the State of Oklahoma, present a certified copy of required immunizations upon school entry. To be in compliance with this law, the student must have received or be in the process of receiving immunizations before the first day of school for the following:

Age/Grade	Required Immunizations with Cumulative Doses required	Recommended Immunizations
PreK	4 DTaP (diphtheria, tetanus, pertussis) 1 MMR (measles, mumps, rubella) 1 Varicella (chickenpox)	3 IPV (polio) 2 Hep A (hepatitis A) 3 Hep B (hepatitis B)
Kindergarten-6th Grade	5 DTaP (diphtheria, tetanus, pertussis) 2 MMR (measles, mumps, rubella)	Seasonal influenza (flu) 2nd varicella at 4 years old Polio on or after 4th birthday

	1 Varicella (chickenpox)	3 Hep B (hepatitis B)	Polio on or after 4th birthday
7th-12th Grade	1 Tdap (tetanus, diphtheria, pertussis)• 5 DTaP (diphtheria, tetanus, pertussis) 2 MMR (measles, mumps, rubella) 1 Varicella (chickenpox)	4 IPV (polio) ◀ 2 Hep A (hepatitis A) 3 Hep B (hepatitis B) ■	Seasonal influenza (flu) 2-3 HPV (human papillomavirus) 1-2 MCV4 (meningococcal ACWY) 2-3 Men B (meningococcal serotype B)

◀ If the 3rd dose of IPV is administered on or after the child's 4th birthday, and at least six months from the previous dose, then the 4 th dose of IPV is not required.

■ Students 11 through 15 years of age who have not received Hep B vaccine may receive a 2-dose series of Merck® Adult Hepatitis B vaccine to comply with this requirement. All other children (younger or older) must receive 3 doses of pediatric hepatitis B vaccine.

• The Centers for Disease Control and Prevention (CDC) recommends a dose of Tdap on or after the 10th birthday even if previously received. An inadvertent dose of DTaP on or after the 10th birthday may be accepted for the 7th grade Tdap requirement

Medication

Pursuant to Oklahoma law, only medication that has been prescribed for a student by a physician will be administered by school personnel. Medication brought to school to be administered by school personnel will:

- A. Be in a prescription vial or bottle, with the pharmacy label that states the physician’s name, the name of the medication, and the directions for the administration of the medication of a particular student. This could include an over-the-counter medication such as cough medicine, aspirin, or any other domestic remedies, ONLY if a physician has made a diagnosis and has directed that a specific medication be given to that student. Non-prescription medicines must be in the original container and accompanied by the guardian’s written permission for administration at school.
- B. A written request, signed by the parent or guardian, must accompany the medication, stating the name of the medication, the amount to be given, and the time it is to be given.
- C. Medication that is given for longer than ten (10) days or “only when necessary” (PRN) will require a written and signed statement by the physician. Forms for the physician’s statement are available in the school office.

If it is necessary for a student to take prescribed medicine during the school day or have medicine in their possession, the student must have a written request and instructions by the physician turned into the main office. A student may then obtain written permission to be released from class at the appropriate time for the purpose of taking such medication.

Child Nutrition Programs

Funds may be added to student accounts through the main office. Checks made payable for meal funds will NOT be exchanged for cash. Applications for free or reduced breakfasts/lunches may be completed from the district website. Free or reduced breakfasts/lunches cannot be shared with other students. **All outside food delivery services are prohibited unless delivered by the parent or guardian of a student.**

Child Nutrition Charges

In compliance with the Healthy, Hunger-Free Kids Act of 2010 and SP 46-2016, the district implements the following lunch charge policy:

Local Meal Charge Policy Considerations

1. Students who are unable to pay for their meal at the time of the meal service may charge either breakfast or lunch on the student's school lunch account;
2. The limit for student charges is \$100;
3. If a student charges a meal, the student will be allowed to receive a reimbursable meal with no limitations;
4. Families can find assistance by contacting the principal;
5. The school will notify households for negative balances by email, phone, or direct mail.

Local Meal Charge Policy Communication Requirements

1. Households will be notified of the charge policy at the beginning of each year;
2. Transfer students will be notified of the charge policy during enrollment;
3. Parents will be notified at the time of any changes to the charge policy;
4. Staff will be trained annually on the lunch charge policy.

Alternate Meal Policy Considerations

1. If a student charges a meal, the student will be allowed to receive a reimbursable meal with no limitations.

Delinquent/Bad Debt Practices

1. Households will be notified of delinquent debt monthly;
2. Households who are delinquent and may be approved for free/reduced lunch services will be encouraged to submit an application;
3. Households will be notified by mail of unpaid meal charges, expected payment dates, and collection efforts;
4. The principal will determine whether the achievement of program purposes would be jeopardized by the diversions of staff time and effort to collect payment;
5. Accounts with a negative balance as of May 31 may be referred to the school's legal counsel or designated collection agency for payment;
6. The school may solicit donations or use general fund collections to ensure that funds will be obtained to restore any unallowable bad debt to the School Food Service Account.

Financial Obligations

Students are expected to take care of any financial obligation that they may incur. If a student does not, the following may occur:

1. The student will not be allowed to pick up the following year's enrollment schedule.

2. The student's grades will not be sent out.
3. The student will not be allowed to participate in extracurricular activities.

Lost and Found Articles

Students are responsible for their personal items used at or brought to school. Personal items should be marked with the student's full name. Students who have lost items may look for them in the lost and found. Students finding articles in the school should bring them to the main office. All unclaimed items are given to a charity at the close of each semester.

Phone Calls & Messages

Only the front office staff, teachers, or administration can make phone calls at our school. Students are not allowed to use the office phone, except in special cases. If a student is sick and need to be picked up, the front office staff will notify parents.

Visitors

Our children's safety is important to us. While we welcome visitors, we must maintain a secure campus. All visitors must sign in through the Lobby Guard System located in the office foyer. All visitors must utilize their driver's license or other photo identification to obtain access and a visitor badge. Please do not walk your child to class and/or visit the classroom as this can disrupt the class or monopolize the teacher's time. All outside building doors will remain secured during school hours.

Parents are welcome to eat breakfast or lunch with their child, whether it is purchased at school or brought in to school. If parents want to eat the school lunch with their child, they must pay the exact amount in advance at the office. There is a guest table designated for parents and their child in the cafeteria.

Flowers & Gift Deliveries

Flowers, balloons, and other gift deliveries will be accepted. Staff/Students will be notified that they have a delivery, which will be held in the front office for pick up at the end of the school day.

Pledge of Allegiance

The Pledge of Allegiance to the United States Flag and the Oklahoma Pledge may be recited during morning announcements, programs, and assemblies throughout the school year. Students have the right not to participate, but non-participating students must remain silent and respect the rights of others during the ceremony.

Computing Device Usage Policy

Access to the internet is available on computing devices throughout the school and through Wi-Fi. Student use will be at the discretion of the teacher in the classroom. However, before any student is given permission to use the internet, they must have signed the Internet Agreement part of the enrollment process.

The following policies apply to any computing device at HCP. Failure to comply with these policies will result in disciplinary action through the office and loss of computing device privileges. Damages to computing devices will be at the expense of the student's family.

- No chat rooms and/or instant messaging may be accessed on any computing device at HCP.
- No games or applications may be installed on any district computing device.
- Computing devices and their supported technology are to be treated with care and respect.
- Any unauthorized use of the computing device network is strictly forbidden.
- Only school-related use of the computing devices is authorized.
- No cloning or copying software that is on a district computing device.

Academic Grading Scale

HCPES uses Standards-Based Grading in grades PreK-4th grade. Standards-based grading emphasizes assessing students' mastery of specific learning standards rather than overall subject performance. Unlike traditional grading, which provides a single letter grade, standards-based grading breaks down the curriculum into clear learning objectives. Teachers assess students on each standard, offering targeted feedback for individual concepts or skills. Standards-based grading promotes clear learning objectives, accurate assessment, targeted feedback, individualized learning, a growth mindset, and improved communication.

Implementation involves employing a proficiency scale in core subjects. The goal is to achieve "M," indicating the meeting of academic standards. In contrast to traditional grading, Standards-Based Grading assesses solely on achievement, separates behavioral assessments, and allows students to showcase growth on a continuum towards end-of-year goals. Grades will go out quarterly.

Academics Key:

- M = Meeting or exceeding grade level expectations
- P = Progressing: on track for meeting grade level expectations (in development)
- L = Limited Progress: experiencing difficulty; needs time & support
- U = Unsatisfactory: not approaching expectations even with time & support

Learning Behaviors for Success

Learning Behaviors for Success represent observable behaviors crucial for a student's success in school, work, and life. These qualities contribute to our social curriculum and warrant reporting to parents. Learning Behaviors for Success is not isolated but seamlessly integrated into the school culture, evident in daily classroom instruction and assessment. Thus, these ratings reflect the qualities exhibited by your child across all content areas, emphasizing a comprehensive assessment rather than focusing on a single discipline.

Learning Behaviors for Success Key:

- E = Excellent
- S = Satisfactory
- N = Needs Improvement
- U = Unsatisfactory

Grade Viewing

Grades can be viewed by signing on to PowerSchool. In the event you cannot access PowerSchool, please feel free to call or email the main office.

Volunteer Hours

Students

The HCP Governance Board views the Community Service component of our students' education as a means of developing awareness by our students of their role in the community. We hope to instill an attitude of responsibility toward their community and a sense of ownership in that community. Community service is one method of developing skills in collaborative work, strategic planning, assessment of outcomes, negotiating skills, and communication skills. Therefore, the governance board believes that age-appropriate community service projects are an asset to the curriculum. Each student must learn about the importance of community service and complete a service each year arranged by the school administration.

Parents/Families

The HCP Governance Board believes that a parent's participation in the education of their child is one of the most important aspects of a child's educational success. Parental participation in the education process is at the core of our school's foundation. Therefore, the governance board has established a Parent/Family Participation Program to provide parents with various activities and projects to assist the school and support their child's education. Participation in the Parent/Family Participation Program is encouraged for each parent who wishes to admit their student to the school.

Each family is encouraged to complete a minimum of twenty-five (25) hours of volunteer time per school year. It is the duty of parents to maintain their own records. The office shall supply each family with "time sheets" that are used to record the type of task performed, the time involved in completing the activity or to indicate the money spent on purchasing items to complete the activity or to aid in the classroom. The awarding of volunteer hours for tasks is outlined below:

- A. If a family member or guardian wishes to participate in a volunteer activity on behalf of the student, then those hours of volunteer time shall be counted toward the family's volunteer time.
- B. If a student, family member or guardian provides classroom materials and/or purchases materials to complete a volunteer and/or education-related task, the family will receive one (1) hour of volunteer credit for every \$20.00 spent.

Asbestos Hazard Emergency Response Act of 1986

This act requires the inspection of all buildings for asbestos. The district has complied with this act. A management plan documenting these inspections is on file for public review. Upon request, you may view the plan which is located in the district's office. Additionally, information regarding any asbestos-related activities, planned or in progress, will be disseminated by posting a notice or using handout bulletins, flyers and/or using newspaper public notice statements.

The asbestos identified in our management plan will be checked regularly by a licensed asbestos company and by our staff to scrutinize any changes in the material which could cause a health hazard. We will continue to monitor the asbestos as defined by EPA guidelines. If changes occur, we will notify the appropriate people as described by law.

ATTENDANCE INFORMATION

Attendance Policies and Procedures

Oklahoma County Truancy Laws

It is important to understand the laws concerning school attendance and truancy. Oklahoma Law holds parents responsible for their child's attendance at school. Oklahoma State Law requires that school officials keep attendance records and report excessive absences to the Oklahoma County District Attorney Office for the misdemeanor offense of Failure to Comply with the Compulsory Education Law. The penalty for this offense is up to five (5) days in the County Jail for every unexcused absence and/or \$50.00 fine per day after the notice has been given. Fines and jail time increase for subsequent offenses. School officials are required to inform the District Attorney when a student has missed ten (10) or more days of school.

District Attorney's Criteria for Absences that Do Not Count Against Attendance

- A. Medical Absences - Documentation of doctor visits and medical absences must be turned into the office no later than five days after the visit in order to not count against attendance.
- B. Funeral Absences - Documentation of missing school for funeral-related purposes must be turned into the office no later than five days after the event in order to not count against attendance.
- C. Judicial Absences - Documentation of judiciary-related absences must be turned into the office no later than five days after the event in order to not count against attendance.
- D. Religious Absences – Documentation of religious-related absences must be turned into the office no later than five days after the event in order to not count against attendance.

If any forgery occurs with above documentation, local authorities will be notified.

Excused Absences

Excused absences are those absences that a parent has excused either by phone or written notice. Absences need to be excused by a parent on the day of the absence; otherwise, it remains unexcused. Students are allowed to make up schoolwork for days that they have an excused absence; the number of days absent plus one will be allowed. Excused absences count against the eight (8) allowed absences per semester.

Unexcused Absences

Unexcused absences are those absences that a parent has not excused either by phone or written notice. Absences need to be excused by a parent on the day of the absence; otherwise, it remains unexcused. Students are not allowed to make up schoolwork for days that they have an unexcused absence. Unexcused absences count against the eight (8) allowed absences per semester.

Attendance and Makeup Work

If a problem of absenteeism persists, a conference may be held with the parent, the student and the principal. A behavioral or attendance contract may be written and signed by the parent and student, if under 18 years of age, or the student may be subject to further disciplinary action, including withdrawal from HCP.

When a student is absent, makeup work will be allowed only if the absence is excused. It is the responsibility of the student to arrange with the teacher to make up work and/or take tests.

In the event of an extended illness, three (3) weeks or more, arrangements can be made for homebound instruction.

Checking In and Out

Students must be signed out at the front office before they are permitted to leave before regular dismissal time. Students may only be checked out by individuals designated by the parents/guardians on enrollment forms; changes may be made by contacting the office. Students who leave and return to school the same day must be signed in at the front office by a parent/guardian or designated individual upon returning.

Attendance Summary

The following chart will provide a summary to students and families regarding which absences count against a student's attendance. Students are only allowed eight (8) unexcused/excused absences per semester.

Count Against Student Attendance	Does Not Count Against Student Attendance
Unexcused/Excused Absences	Medical Absences (with documentation)
	Funeral Absences (with documentation)
	Judicial Absences (with documentation)
	Religious Absences (with documentation)

Tardy Policy

HCP values the learning experiences that take place in the classroom environment and considers them to be a meaningful and essential part of its educational system. Tardiness tends to disrupt the continuity of the instructional process, and time lost from class is irretrievable, particularly in terms of opportunity for interaction and exchange of ideas among students and between teachers and students. Therefore, classroom punctuality is considered to be an integral part of the students' course of study.

A tardy, defined as not being in the classroom. **Tardiness will be excused for administrative reasons only.** All tardies accumulate for each semester in each class. The consequences may include, but are not limited to:

1. Parent/Guardian Contact
2. Conference with student and/or parent/guardian
3. Detention

GENERAL EXPECTATIONS

HCP General Expectations

HCP recognizes that students do not surrender any rights of citizenship while in attendance. The school is a community with rules and regulations. Those who enjoy the rights and privileges it provides must also accept the responsibilities that inclusion demands, including respect for obedience to school rules.

General School Rules

Students will be expected to follow the rules set forth in this handbook as well as those which might be established by the administration and individual teachers throughout the year.

Articles Prohibited in School

Problems arise each year because students bring articles that are hazardous to the safety of others or interfere in some way with the school instructional program. Such items include radios, cassette/CD players, skateboards, chains, cards, toys or any other item deemed inappropriate. These items will be taken from the student and released (upon request) to the student's parent/guardian.

All persons are to be treated with respect and addressed by their announced preference.

It is expected that language used at school be respectful and appropriate. Foul language, including, but not limited to, profanity, obscenity, and vulgarity, has no place at school or during a school-sponsored activity. Offensive language, including, but not limited to, language based on sex, sexual orientation, race, color, national origin, disability, age or other referenced bias, will not be tolerated. Parties

No more than three class parties are planned during the school year. When these class parties occur may change from year to year. Teachers may plan special events (not additional parties) that are an extension of the regular curriculum. Parents may assist with special activities anytime during the school year under the direct supervision of the classroom teacher. It is critical that a certified teacher is always responsible for students.

Please bring healthy snacks and treats for parties. HCP asks that parents refrain from a large amount of sugary treats, cookies, and cupcakes for parties. Store packaged items only are allowed.

Floral or balloon bouquets that are delivered to school will not be delivered to classrooms but kept in the office. The student may be called out of his/her class to see the arrangement, but will not be delivered to class.

If you are planning a private birthday party, please work with the teacher to distribute invitations in an unobtrusive manner. Invitations are allowed to be distributed in class only if the entire class is invited.

Safe & Healthy Schools

Schools play a critical role in promoting the health of young people and helping them establish lifelong healthy behaviors. Research shows that healthy schools can help improve students' academic performance and overall health. Our goal is to serve the whole child, including strategies and resources for all students to be safe, healthy, challenged, engaged, and supported.

As part of safe and healthy schools, HCP asks that parents help ensure our students are making good, healthy choices. Please send snacks that are healthy and non-sugary. Please do not send candy or soda pop to school for breakfast, lunch, or snack. Please also do not send cupcakes or other sugary treats for your child's birthday to school.

If a student calls/texts for any reason, or if a school employee receives information that a phone call/text was made, and such is confirmed, even if the student was not observed making the call/text, such will be considered as if the phone was observed being used and is an infraction of this policy. Upon confirmation that the use of a device or phone call/text was made, the student will receive the appropriate discipline and the phone confiscated. Students violating this policy shall be subject to the following:

In no event shall a strip search of a student be allowed. No student's clothing, except cold weather outerwear, shall be removed prior to or during the conduct of any warrantless search.

The superintendent, principal, teacher, or security personnel searching or authorizing the search shall have authority to detain the student to be searched and to preserve any dangerous weapons, controlled dangerous substances, intoxicating beverages, low-point beer, or missing or stolen property that might be in the student's possession including the authority to authorize any other persons they deem necessary to restrain such student or to preserve any dangerous weapons, controlled dangerous substances, intoxicating beverages, low-point beer, or missing or stolen property. Students found to be in possession of such an item shall be subject to the provisions of Section 24-101.3 of this title.

Students shall not have any reasonable expectation of privacy towards school administrators or teachers in the contents of a school locker, desk, or other school property. School personnel shall have access to school lockers, desks, and other school property in order to properly supervise the welfare of students. School lockers, desks, and other areas of school facilities may be opened and examined by school officials at any time and no reason shall be necessary for such search. Students may also be subject to discipline.

Bullying Prevention

Students are prohibited from bullying, harassing, threatening, or intimidating other students or school personnel.

Bullying means any behavior, physical acts, verbal or electronic communication directed toward a student or group of students that results in or is reasonably perceived as being done with the intent to cause negative educational or physical results for the targeted individual or group and is communicated in such a way as to disrupt or interfere with the school's educational mission or the education of any student.

The following steps shall apply to the investigation of reported incidents of harassment, intimidation, bullying, or threatening behavior:

1. If any person is aware of, observes, or is a victim of bullying, harassing, threatening, or intimidating behavior or communications from a student, such person must report the behavior or communication to the school principal.
2. The principal will gather information deemed necessary to evaluate the incident to determine the severity of the incident and the potential for future violence.
3. After completing any necessary investigation, the principal shall determine if the student accused of bullying, harassing, threatening, or intimidating behavior or communications engaged in prohibited conduct and, if so, shall determine the appropriate discipline.
4. Parents and guardians of both victims and perpetrator of verified bullying will be notified by site administration regarding the situation and steps taken to rectify the actions of students involved.
5. During the investigation, the principal may take appropriate action to ensure the safety of all students or school personnel involved.
6. If warranted, the principal shall notify law enforcement of the reported incident and cooperate with any law enforcement investigation.
7. If the student's actions are determined to constitute harassing, intimidating, threatening, hazing, or bullying behavior or communications, the principal may, as a condition and part of any disciplinary action that is taken, recommend that available community mental health care options be provided to the student.

8. The principal may further require the student (if 18 or over) or the parent or guardian of the student to allow the mental health care provider to disclose any information concerning the student who has received mental health care for conduct which indicates an explicit threat to the safety of students or school personnel as a condition of being allowed to return to school.

Disciplinary Policies & Procedures

Behaviors/Acts Subject to Discipline

The administration, faculty and staff at HCP are committed to protecting the right of all students to an education without interference. Students are expected to share this responsibility by helping to maintain an atmosphere conducive to a good education. Therefore, any student who disrupts the educational process will be disciplined accordingly.

HCP recognizes and emphasizes the need for school administrators to protect the procedural due process rights of students in discipline cases. The policy of HCP must be consistent with the due process rights of students and must provide appropriate processes for fair and consistent treatment of students.

Disciplinary action will be based on a careful assessment of the circumstances surrounding each infraction. The following are some examples of these circumstances:

1. The seriousness of the offense;
2. The effect of the offense on other students;
3. Whether the offense is physically or mentally injurious to other people;
4. Whether the incident is isolated or habitual behavior;
5. The manifestation of a disability;
6. Any other circumstances which may be appropriately considered

Standards of behavior for all members of society are generally a matter of common sense. Some behaviors are not acceptable in society generally, and particularly in a school environment. When, in the judgment of a teacher or administrator, a student misbehaves, is involved or has been involved in unacceptable behavior, appropriate remedial or corrective action will be taken.

Types of Discipline

The following types of discipline can be imposed, including other reasonable measures commensurate with the offense. Failure to comply may result in additional disciplinary action.

Behavioral Consultation

A behavioral consultation is the calling together of a panel consisting of the student, their parent(s), teachers, and principal to consider behavior of a student and make recommendations concerning the situation.

Administrative Detention

The principal and/or assistant principal may assign detention as a discipline measure. Administrative detentions may include, but are not limited to, in-school detentions such as lunch detention, recess detention, and after-school detentions.

Restricted Privileges

Restricted privileges are the denial of privileges such as student activities and/or extracurricular events.

In-School Suspension

The principal and/or assistant principal may assign in-school suspension as a disciplinary measure. In-school suspension dates and times are at their discretion. In-school suspension also includes the discipline of Restricted Privileges.

Out-of-School Suspension

Out-of-school suspension is the removal of a student from the school for a period of time. The length of the suspension will depend on the severity of the offense. The history of prior offenses or discipline or lack thereof may also be taken into consideration.

Out-of-School Disciplinary Procedures

The term out-of-school suspension refers to removal from the school for a period of time. Before the imposition of out-of-school discipline, the principal shall consider and apply, if appropriate, alternative in-school placement options that are not to be considered suspension.

Alternative in-school placement and similar disciplinary options or correctional measures are not considered by law to be out-of-school suspension and do not require or involve the due process procedures set forth herein.

- I. Grounds for Imposing Out-of-School Suspensions (follows 70 O.S. §24-101.3)
 - A. Violation of a school regulation.
 - B. Possession of an intoxicating beverage, low-point beer, as defined by Section 37 O.S. §163.2, or missing or stolen property if the property is reasonably suspected to have been taken from a student, a school employee, or the school during school activities.
 - C. Possession of a dangerous weapon (as defined herein) or a controlled dangerous substance while on or within two thousand (2,000) feet of a public-school property, or at a school event, as defined in the Uniform Controlled Dangerous Substances.
 - D. Any student found in possession of a firearm while on any public-school property or while in any school bus or other vehicle used by a public school for transportation of students or teachers shall be suspended out-of-school for a period of not less than one (1) year, with said length of the term being determined by the district governance board, which, however, may be modified by the district superintendent on a case-by-case basis.
 1. For purposes of this paragraph the term "firearm" shall mean: (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.
 2. The term "destructive device" means—(A) any explosive, incendiary, or poison gas— (i) bomb, (ii) grenade, (iii) rocket having a propellant charge of more than four ounces, (iv) missile having an explosive or incendiary charge of more than one-quarter ounce, (v) mine, or (vi) device similar to any of the devices described in the preceding clauses; (B) any type of weapon (other than a shotgun or a shotgun shell which the Attorney General finds is generally recognized as particularly suitable for sporting purposes) by whatever name known which will, or which may be readily converted to, expel a projectile by the action of an explosive or other propellant, and which has any barrel with a bore of more than one-half inch in diameter; and (C) any combination of parts either designed or intended for use in converting any device into any destructive device described in subparagraph (A) or (B) and from which a destructive device may be readily assembled. See 18 U.S.C., Section 921.
 - E. Any student found to have assaulted, attempted to cause physical bodily injury, or acted in a manner that could reasonably cause bodily injury to a school employee or a person volunteering for a school shall be suspended for the remainder of the current semester and the next consecutive semester. The term of the suspension may be modified by the district superintendent on a case-by-case basis. Any student who has been suspended for a violent offense which is directed towards a classroom teacher shall not be allowed to return to that teacher's classroom without the approval of that teacher.
- II. Terms for Out-of-School Suspensions

- A. Five (5) days or less
- B. More than five (5) days, including:
 - 1. More than ten (10) days
 - 2. Through the end of the current semester
 - 3. Through the end of the current semester and the following semester
 - 4. Not less than one (1) year
 - 5. Except as otherwise provided for in 70 O.S. §24-101(C)(2) - (I-D, hereinabove), no out-of-school suspension shall extend beyond the current semester and the succeeding semester.

III. Conferences

The principal will keep records of each out-of-school suspension conference containing the date of the conference, the names of the persons present, the time duration of the conference, and the basis for rejection of alternative school in-school placement disciplinary options.

A. Pre-Out-of-School Suspension Conference

- 1. When a student less than 18 years of age may be subjected to out-of-school suspension, the principal shall immediately notify the parent by phone or monitor the student calling the parent with the suspension notice and give notice to the student and/or parent, in writing, that the student is being suspended out of school and that other available options have been considered and rejected.
- 2. The principal will conduct an informal conference with the student with at least one (1) parent and the student. The conference will be held during a school business day, with consideration given to the hours of working parents whenever possible. The conference will be held as soon as possible after the out-of-school suspension has been imposed but before it goes into effect.
- 3. At a conference with the student and/or parent, the principal shall read the policy, rule, or regulation that the student is charged with having violated and shall discuss the student's conduct that violated the policy, rule or regulation. The principal will also explain the basis for an out-of-school suspension rather than the use of alternative options.
- 4. The student and/or parent shall be asked whether they understand the policy, rule or regulation and be given a full opportunity to explain and discuss the student's conduct.
- 5. If it is concluded that an out-of-school suspension is appropriate, the student and/or parent shall be advised that the student is being suspended and the length of the out-of-school suspension.
- 6. At the conclusion of the conference, the principal shall state whether they will terminate or modify the out-of-school suspension.

B. Immediate Out-of-School Suspension without Pre-Out-of-School Suspension Conference

- 1. A student may be suspended out-of-school without the above pre-out-of-school suspension conference with the student and/or parent only in situations where the conduct of the student reasonably indicates to the principal that the continued presence of the student in the building will constitute an immediate danger to the health or safety of the students, school employees, or visitors; harm to school property; or a continued substantial disruption of the educational process.
- 2. In such cases, an out-of-school suspension conference with the parent, will be scheduled as soon as possible after the student has been removed from the building.

3. Any conferences shall occur within five (5) school business days of the imposition of the out-of-school suspension and will be held during school business days, with consideration given to the hours of working parents whenever possible.
4. The conference shall follow the same procedures as set out in IIIA above.

IV. Student Privileges While Under Out-of-School Suspension or Under Other Disciplinary or Correctional Measures

- A. Participation in the extracurricular activities of the school is a privilege and not a right. Accordingly, when a student's behavior results in an out-of-school or in-school suspension, the student immediately forfeits the privilege of participating in and/or attending all extracurricular activities of the school during the suspension time.
- B. In addition, when a principal decides to impose other correctional measures against a student, the student will not be permitted to participate in any extracurricular activities offered by the school during the term of the discipline unless, in the sole judgment of the principal, such participation is appropriate given the nature of the offense committed by the student. Extracurricular activities include, but are not limited to, all school-sponsored teams, clubs, organizations, ceremonies, student government, band and all other school-sponsored activities and organizations.

V. Individualized Plan for Out-of-School Suspension

A. Education Plans
