GRANTS & SCHOLARSHIPS

Financial Aid You Don't Need to Repay

GRANTS AND SCHOLARSHIPS ARE FINANCIAL AID THAT YOU DON'T NEED TO REPAY

Financial aid comes in three forms:

- Aid you must repay: Loans
- Aid you earn: Work Study or Military Assistance
- Aid you don't need to repay: Grants and Scholarships

Other forms of aid include community service education benefits, reduced tuition programs and government tax benefits.

Paying for college can be expensive, but before you take out any loans, find out if you qualify for grant awards and scholarships!

... A CLOSER LOOK AT AID
YOU DON'T NEED TO REPAY.

GRANTS

Grants are a large source of financial aid. The government awards grants based on financial need, which is determined when you fill out the FAFSA.

Federal Pell Grant

For 2023-2024, Pell Grants range from \$750-\$7,395 per academic year. Students with family incomes up to \$65,000 may be eligible for a federal Pell Grant, although most awards go to students with lower family incomes.

Eligibility:

You may receive a Pell Grant for your undergraduate study until you complete a bachelor's degree, or receive a grant for the equivalent of 12 full-time semesters, whichever comes first. You may use it at almost any college. In some cases, you may receive a Pell Grant for attending a post-graduate teacher certification program.

IN ADDITION TO MEETING FINANCIAL ELIGIBILITY REQUIREMENTS, STUDENTS MUST:

- Be enrolled in a program leading to a certificate, degree or diploma at a college eligible to participate in the Federal Pell Grant program
- Have a high school diploma, including home school or GED. (Some exceptions apply)
- Maintain satisfactory academic progress. If you are receiving federal student aid, you must maintain a "C" average and stay within your institution's graduation standards. You must be completing enough courses each term to graduate in a timely manner
- Sign a statement that you do not owe a refund on a Pell Grant, are not in default on a federal loan, and that you agree to use your student aid only for educational purposes
- Not be convicted for the possession or sale of illegal drugs while receiving federal financial aid
- Be a United States citizen or eligible non-citizen

By completing your FAFSA, you will automatically be reviewed for Pell Grant eligibility. There is not a separate application needed to be considered for this grant.

Federal Pell Grant

YOU ARE AN ELIGIBLE NON-CITIZEN IF YOU:

- Have a Permanent Resident Card (I-551).
- Are a conditional permanent resident with an I-551C Card.
- Have an Arrival Departure Record (I-94) from the Department of Homeland Security with any of the following designations: refugee, asylum granted, parolee, victim of human trafficking, T-Visa holder, or Cuban-Haitian entrant.

Selective Service System

Male students must sign a statement of registration status indicating that you have either registered with the Selective Service (www.sss.gov) or that you are not required to register.

What is the Selective Service System?

The Selective Service System is an independent agency of the U.S. Government that maintains information on males potentially subject to military draft.

How do you know if you should register for Selective Service?

You must register if you are a male born on or after January 1, 1960, are 18-25 and not currently on active duty in the armed forces. This requirement also applies to undocumented students.

Application:

Your Federal Pell Grant is given out after you complete the Free Application for Federal Student Aid (FAFSA). You may apply for aid for the 2024-2025 school year in December 2023. *Note: The 2024-2025 FAFSA is launched later than typical years due to implementation of the newly redesigned FAFSA.*

See www.ohs.state.mn.us/fafsachanges for more information.

The application will be open until June 30, 2024. Students must apply each year to renew their grants.

Federal Pell Grants are typically awarded only to undergraduate students who display exceptional financial need and have not earned a bachelor's, graduate, or professional degree.

Simply complete the FAFSA to see if you are eligible!

Minnesota State Grant

The State Grant program is designed to provide choice and access to undergraduate students to attend the postsecondary institutions that best meet their needs

The Minnesota State Grant Program is a state-funded need-based program and is available for students who have not yet attended eight full-time semesters of postsecondary education or the equivalent. To receive a State Grant for a term, the FAFSA must be submitted to the federal processing center on or before June 30, 2024 for the 2023-24 academic year. The average award for a full-time student for one year is about \$2,905.

Eligibility:

Minnesota residents who enroll for at least three credits as undergraduate students in programs leading to certificates, degrees or diplomas at a participating school in Minnesota.

In fiscal year 2022, 55% of State Grant recipients had a family adjusted gross income of less than \$40,000

MINNESOTA RESIDENCY REQUIREMENTS:

To be considered a Minnesota Resident, a student must meet ONE of the following criteria:

- Graduated from a Minnesota high school while residing in Minnesota and physically attending a Minnesota college (if temporarily residing in another state).
- Received a GED in Minnesota after living in a state for a least one year.
- Lived in Minnesota for at least one year for other than educational purposes (not enrolled for more than five undergraduate credits in any term during that time).

- Relocated to Minnesota within 12 months of a presidential disaster declaration if the disaster interrupts the student's postsecondary education.
- Meet the requirements under the Minnesota Dream Act (Visit www.ohe.state.mn.us/MNDreamAct to learn more)

HOW DOES THE STATE GRANT WORK?

State Grants help students from low- and moderate-income families pay for educational expenses at eligible Minnesota colleges and universities. The following example uses 2022-2023 data.

The cost of attendance comprises of:

- Tuition and fees
- A standard allowance established by the Minnesota Legislature for room and board, books, school supplies, and miscellaneous expenses.

Example:

A dependent student attending a Minnesota State University taking 15 credits each semester with a family income of \$25,000. The Expected Family Contribution (EFC) is \$0.

EDUCATION EXPENSES	COST OF ATTENDANCE
Average Tuition and Fees	\$10,030
Living and Misc. Allowance	\$11,418
Total	\$21,448

The student would be eligible for federal and state grants totaling \$10,724.

EXPENSE BREAKDOWN	AMOUNT
Student Responsibility	\$10,724
Pell Grant	\$6,895
State Grant	\$3,829
Total	\$21,448

Students may receive additional grant assistance from other sources. This does not affect the size of the State or Pell Grant.

Federal Supplemental Educational Opportunity Grant (SEOG)

The Federal Supplemental Educational Opportunity Grant Program makes awards to exceptionally needy students and can add \$100 to \$4,000 in grant money to the financial aid package. The award amount is set by the institution's financial aid office and depends on the availability of funds at your school and the amount of other aid you are receiving.

Eligibility:

Only undergraduate students are eligible. Priority is given to students already receiving a Pell Grant. Students must be United States citizens or eligible non-citizens.

Application:

The financial aid office at your school will use your FAFSA results to determine the size of your award. Deadlines differ from school to school, apply as early as possible.

Minnesota Postsecondary Child Care Grant

Students who have children 12 and under (14 and under if disabled) and demonstrate financial need may receive assistance under the Minnesota Postsecondary Child Grant Program to help pay for child care. The financial assistance may cover up to 40 hours per week per eligible child. The amount of the grant award is based on the income of the applicant and spouse, number in the applicant's family, number of eligible children needing child care, the actual cost of child care, and whether the student is enrolled full or part time. Grants are available for both undergraduate and graduate students.

Eligibility:

You are eligible to apply for a Postsecondary Child Care grant if you:

- Are a resident of Minnesota, including spouses of Minnesota residents and undocumented students who qualify under the MN Dream Act
- Have a child 12 years of age or younger (14 years of age or younger if disabled), who is receiving or will receive care on a regular basis from a licensed or legal non-licensed care giver
- Meet the program's income guidelines
- Be enrolled 1-12 credits or more per term (undergraduates) or 1-6 credits or more per term (graduates) at an eligible institution
- Are pursuing a nonsectarian program or course of study that applies to an undergraduate degree, diploma or certificate
- Are in good academic standing and making satisfactory progress toward a degree, diploma, or certificate
- Are not in default on any educational loan or, if in default, have made satisfactory arrangements to repay the loan with the holder of the note
- Are not receiving tuition reciprocity
- Undergraduates have not earned a bachelor's degree or been enrolled for the equivalent of eight full-time semesters or 12 full-time quarters (an additional term of eligibility is available for students who have withdrawn from school for active military service after January 1, 2013 or for a major medical illness). Graduate and Professional students have an additional 4 years of eligibility after receiving a bachelor's degree
- Are not receiving Minnesota Family Investment Program or Diversionary Work Program benefits during the same term you receive a Postsecondary Child Care grant. (A student who receives an award and then receives benefits from the MFIP program during the same quarter must inform the school within 10 days)

OPPORTUNITY FOR MANY PEOPLE TO
EARN A DEGREE OR CREDENTIAL

SCHOLARSHIPS

Scholarships are awarded based on criteria such as academic or athletic achievement, cultural or religious background or special skills and talents.

Some colleges require students to complete the CSS Profile, an in-depth assessment of financial need.

Be sure to check with each college's financial aid office to identify scholarships. You often need to complete scholarship application forms in addition to the FAFSA, and deadlines are early! For a partial list of institutional scholarships in Minnesota, visit www.ohe.state.mn.us/mnscholarships.

To help you get a feel for what's available, keep reading for tips on how to find and apply for scholarships, and a partial list of scholarships for students in specific populations and programs:

SCHOLARSHIP SEARCH TIPS

ASK QUESTIONS

As you search for scholarships, asking the questions below will help you determine whether there is a good match between each scholarship program and your circumstances and educational goals.

- What is the maximum scholarship award?
- Is the scholarship one-time only or can it be renewed beyond the initial award?
- Is the scholarship based only on merit (no financial need requirement), or does it require both merit and need?
- How is financial need defined for scholarships that require need?
- How does the scholarship program define merit?
- Does the scholarship require admission to a degree-granting program?
- Does the scholarship require full-time enrollment?
- What are the other eligibility requirements?
- Is the scholarship targeted to a specific educational institution, specific field of study or major, residents of a specific geographic area, first bachelor's degree, or master's or doctoral level programs?
- Is a personal statement or essay required?
- Are letters of recommendation required?
- Is an interview required?
- What is the application process?

REACH OUT TO THE INSTITUTIONS IN YOUR COMMUNITY

Search for scholarships available in your community or from your educational institution. Generally, you have the best chance of receiving scholarships from these sources.

BE AWARE OF SCHOLARSHIP DEADLINES

Scholarship deadlines can be six to nine months preceding the start of the academic year, while others may be closer to the start of the fall term. Some scholarship programs also accept applications for spring and summer terms.

FIND OUT HOW YOUR PROSPECTIVE COLLEGE APPLIES EXTERNAL SCHOLARSHIPS

Many schools allow students to combine outside scholarships with financial aid the school has awarded. This typically doesn't impact the student's financial aid package unless total aid (including the outside scholarship) exceeds the total cost of attendance. If it does, loans and work-study are reduced first. However, some institutions reduce dollar-for-dollar scholarships or grants they have awarded when students receive outside scholarships. Check with each school and ask about its policy.

Private Scholarships

Many community organizations, foundations, corporations, clubs, civic, and cultural groups provide scholarships.

IF YOU'RE LOOKING FOR PRIVATE SOURCES OF FINANCIAL AID, YOU SHOULD:

- Check with your / your family's employer, professional association, or labor union.
- Ask if your employer has an education policy that pays for employees to enroll in job-related postsecondary courses.
- Inquire at community organizations such as the Chamber of Commerce, churches, or Rotary Clubs.
- Check with your high school counselor.
- Search online using one of the free scholarship search sites listed below.

PROGRAMS

Work-Study Programs

You may earn money to help pay for your education by working at part-time jobs on or off campus through either the Federal Work-Study Program or the Minnesota Work-Study Program. Schools may include a work-study job as part of your financial aid package. Participating students work an average of 15 hours per week and may earn \$3,000 or more per year. Your financial aid office will consider your work-study award amount, schedule, job skills, and academic program to determine how many hours you can work.

The financial aid office at the school you attend determines the size of the work-study award.

Eligibility:

Undergraduate and graduate students are eligible under both federal and state work-study programs.

To be eligible for Federal Work-Study, the student must:

- Be a U.S. citizen or eligible non-citizen;
- Be enrolled in a program leading to a degree, certificate, or diploma;
- Be registered with the Selective Service if male;
- Not be in default on a student loan;
- No previous convictions for possession or sale of illegal drugs while receiving federal financial aid; and
- Be making satisfactory academic progress.

To be eligible for Minnesota Work-Study, the student must:

- Be a Minnesota resident and attend a participating Minnesota school;
- Be enrolled for at least six credit hours per term in a program leading to a degree, certificate, or diploma;
- Be making satisfactory academic progress; and
- Undocumented students under DACA with work authorization are eligible for funds.

Application:

The financial aid office at the school you attend or plan to attend will use the results from your FAFSA or Dream Act Application (for undocumented students) to determine your eligibility for work study.

RECIPROcity & REDUCED TUITION PROGRAMS

Minnesota has tuition reciprocity agreements with neighboring states and Canadian provinces to reduce non-resident admissions barriers.

For up-to-date information on tuition reciprocity, visit www.ohe.state.mn.us/reciprocity.

Tuition Reciprocity

Minnesota has statewide tuition reciprocity agreements with Wisconsin, North Dakota, South Dakota, and Manitoba. Students (including undocumented students qualifying under the MN Dream Act) must apply for tuition reciprocity benefits and should do so as soon as they know they will be attending an eligible institution. Applying early ensures students will be charged the reciprocity tuition rate when they register for classes. Applications received after the last day of a term will only apply to subsequent terms. There is no fee to apply for reciprocity.

Apply online at www.ohe.state.mn.us/reciprocity. Applications become available around March 1 for the following fall.

Reciprocity benefits are automatically renewed for Minnesota, Wisconsin, North Dakota, and South Dakota tuition reciprocity students who earned postsecondary credits in the previous 12 months.

Undocumented students qualifying under the MN Dream Act must complete a paper application if they do not have a social security number.
