(Government Code 87306)

Incompatible Offices and Activities

County Board members shall not engage in any employment or activity or hold any office which is inconsistent with, incompatible with, in conflict with, or inimical to the County Board member's duties as an officer of the COE. (Government Code 1099, 1126)

PROPOSED 5.10.2024

Yuba County Office of Education Staff Report Yuba County Career Preparatory Charter School (YCCPCS) Request for Material Revision

On April 15, 2024, the Yuba County Career Preparatory Charter School (YCCPCS) submitted a request for material revision to the Yuba County Office of Education. If approved, the request would be updated to include comprehensive descriptions that align with the petition review matrix's requirements (e.g., charter reform requirements, including but not limited to alignment with the eight state priorities, health and safety, staff qualifications, admissions, and independent study); newly enacted laws (e.g., independent study, discipline); and a missing 16th Element for countywide benefits describing each proposed location. In addition to ensuring all legal requirements are met, Yuba County Career Preparatory Charter School (YCCPCS) is requesting a material revision to its governance structure.

Background

Yuba County Career Preparatory Charter School (YCCPCS) is a California public countywide benefit charter school (Education Code 47605.6/ 47612.1) authorized by the Yuba County Board of Education (YCBE) and administered by the Yuba County Office of Education (YCOE). It began operating in July 1995 and is among the first charter schools to operate in California.

Today, charter schools are under the scrutiny of legislators and the public. Non-classroom-based charter schools across the state have drawn particular scrutiny for unethical practices and misuse of public funds. Therefore, the existing governance structure is not one that is favored as an authorizer best practice. The material revision would demonstrate that YCCPCS is well-managed by the Yuba County Office of Education (YCOE) and well-regulated by the Yuba County Board of Education (YCBE). It is important to note that the existing YCCPCS advisory body reviewed this material revision to the charter petition on February 6, 2024 with opportunity for public input and approved it on April 9, 2024.

The current five-year petition term is set to expire on 11/14/25, pursuant to SB 114 and Education Code section 47607.4, YCCPCS plans to submit the final renewal petition between spring and August 2025.

Public Hearing

In compliance with Education Code 47605(b), the Yuba County Board of Education held a Public Hearing to consider the level of support for the material revision to the petition. Education

Code 47605(b) requires that the Yuba County Board of Education conduct a second public hearing and render its decision on the material revision request within 90 days of receipt of the requested revision unless both parties agree to an extension. Any findings of fact must be shared with YCCPCS Charter at least fifteen (15) days prior to the determination hearing.

Material Revision

Education Code section 47607(a)(2) states a material revision to a charter petition is governed by the standards and criteria in section 47605, “and shall include, but not be limited to, a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed.”

In reviewing petitions for the establishment of charter schools pursuant to Section 47605, “the chartering authority shall be guided by the intent of the Legislature that charter schools are and should become an integral part of the California educational system and that the establishment of charter schools should be encouraged. The governing board of the school district shall grant a charter for the operation of a school under this part if it is satisfied that granting the charter is consistent with sound educational practice and with the interests of the community in which the school is proposing to locate. The governing board of the school district shall consider the academic needs of the pupils the school proposes to serve.”

Reasons for Denial

The authorizing board shall not deny a request to materially revise an existing charter unless it makes written factual findings, specific to the particular petition, setting forth specific facts to support one or more of the following findings:

1. The charter school presents an unsound educational program for the pupils to be enrolled in the charter school.
2. The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.
3. The petition does not contain the number of signatures required by subdivision (a) [of section 47605]. **This item does not pertain to a material revision.**
4. The petition does not contain an affirmation of each of the conditions described in subdivision (e) [of section 47605].
5. The petition does not contain reasonably comprehensive descriptions of all of the 15 elements set forth in [section 47605, subdivision (b)(5)].
6. The petition does not contain a declaration of whether or not the charter school shall be deemed the exclusive public employer of the employees of the charter school for purposes of Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code. (Education Code § 47605(b))

Two other findings may support denial of a material revision that proposes to expand an existing charter school:

7. The charter school is demonstrably unlikely to serve the interests of the entire community in which the school is proposing to locate. This finding must include an analysis and consideration of the fiscal impact of the proposed charter school. Pursuant to Education Code §47605(c)(7), the county board of education must also describe the specific facts and circumstances that analyze and consider:
 - a. The extent to which the proposed charter school would substantially undermine existing services, academic offerings, or programmatic offerings.
8. Whether the proposed charter school would duplicate a program currently offered within the school district and whether the existing program has sufficient capacity for the pupils proposed to be served within reasonable proximity to where the charter school intends to locate.
 - a. To deny a petition based on fiscal impact under 47605 (c)(8), the school district must demonstrate it is not positioned to absorb the fiscal impact of the proposed charter school.

(Ed. Code sec. 47607(a)(4).) For a material revision, analysis under paragraphs (7) and (8) above shall be limited to consideration only of the impact of the proposed material revision.

Detailed Staff Report

#1 Does the petitioner present a sound educational program?

In their report, the petitioner was able to clearly articulate a sound educational model including a clearly articulated vision and mission statement. YCCPCS educates students in grades K through 12 and adults who need or desire an alternative learning model to traditional education. Students come to YCCPCS for various reasons, including flexible scheduling, specialized vocational opportunities with CTE onsite training, small class sizes, and hands-on learning opportunities. Some are attracted to faster credit acquisition, which allows them to ‘catch up’ after becoming credit deficient, and some can graduate early.

As a Dashboard Alternative Accountability School (DASS), YCCPCS serves an unduplicated count of at least 70% of the school's total enrollment (upon first entry to the school) that is composed of at-promise youth, as defined in CA Education Code §52052. The school must requalify for DASS status every three years.

Students attending YCCPCS have a history of being habitually truant, emotional distress or behavioral issues, teen parenting, other socio-economic issues, and health issues. Some students have experienced or are currently experiencing unpredictable and traumatic life conditions, which include absentee parent(s), emotional, physical, and sexual abuse, neglect, and mental illness.

#2 Are the petitioners demonstrably likely to successfully implement the program set forth in the petition?

The findings include the following:

- Although the petition discusses post-employment rights, the petitioner does not provide information on the following:
 - School district employee's return employment rights, including
 - whether, and how staff may resume employment within the district or authorizer

It is important to note that former employees of YCOE are bound by the contract if they choose to be reemployed. Post-employment rights are followed as stated in the YCCEA and YCOE Superintendent Collective Bargaining Agreement Article 30.b.

- The material revision does not provide a process for notifying the district of residence and authorizing LEA when a special education student enrolls, becomes eligible, ineligible and/or leaves the charter. The material revision provides a process for when a special education student leaves a charter. However, the material revision does not provide a process to notify the district and YCOE for when a student enrolls, becomes eligible / ineligible for special education.
- The material revision makes a statement that "YCCPCS adheres to the legal mandates outlined in the Individuals with Disabilities Education Improvement Act (IDEIA) in implementing regulations," which is missing critical information. A process for how the transition to and from a district when a student with an IEP enrolls in or transfers out of the charter is not provided.
- The petition does not clarify the responsibilities of each party for Due Process. Specifically the following are omitted in the petition:
 - The use of SELPA as a resource for Alternative Dispute Resolution.

- Parents / Guardians rights to receive parental safeguards which delineate due process rights.

The Yuba County Office of Education strongly encourages YCCPCS to add missing information to their petition in order to ensure legal compliance.

#3 Signature collection is not applicable to a material revision.

#4 Does the petition contain an affirmation of each of the conditions described in subdivision (e) [of section 47605]? Yes. All required affirmations are contained within the petition.

#5 Does the petition contain reasonably comprehensive descriptions of all of the 15 elements set forth in section 47605, subdivision (c)(5)?

The petition contains most of the required elements, however, a few of the required legal and/or comprehensive descriptions are missing, as described below and in the Supplemental Requirements that follow.

M. Element 13 (Post-employment Rights of Employees) is missing the following legal requirements:

- Although the petition discusses post-employment rights, the petitioner does not provide information on the following:
 - School district employee’s return employment rights, including
 - whether, and how staff may resume employment within the district or authorizer

It is important to note that former employees of YCOE are bound by the contract if they choose to be reemployed. Post-employment rights are followed as stated in the YCCEA and YCOE Superintendent Collective Bargaining Agreement Article 30.b.

Required Supplemental Information

Special Education requirements are missing per Education Code 47641(a) and 47646.

The following information is missing from the material revision:

- The material revision does not provide a process for notifying the district of residence and authorizing LEA when a special education student enrolls, becomes eligible, ineligible and/or leaves the charter. The material revision provides a process for when a special education student leaves a charter. However, the material revision does not

provide a process to notify the district and YCOE for when a student enrolls, becomes eligible / ineligible for special education.

- The material revision makes a statement that “YCCPCS adheres to the legal mandates outlined in the Individuals with Disabilities Education Improvement Act (IDEIA) in implementing regulations,” which is missing critical information. A process for how the transition to and from a district when a student with an IEP enrolls in or transfers out of the charter is not provided.
- The petition does not clarify the responsibilities of each party for Due Process. Specifically the following are omitted in the petition:
 - The use of SELPA as a resource for Alternative Dispute Resolution.
 - Parents / Guardians rights to receive parental safeguards which delineate due process rights.

#6 Does the petition contain a declaration of whether or not the charter school shall be deemed the exclusive public employer of the employees of the charter school?

Yes, the material revision contains the appropriate declaration.

#7 Is the charter school demonstrably unlikely to serve the interests of the entire community in which the school is proposing to locate? This does not apply with the proposed material revision.

#8 Is the district positioned to absorb the fiscal impact of the proposed charter school?

This does not apply with the proposed material revision.

Conclusion

The implementation of AB 1505 (signed into law in 2019 shortly after the last petition renewal) and numerous laws implemented since were among the largest set of laws to be imposed upon charter schools since the inception of the Charter Schools Act. There is clear and convincing evidence a need to update the petition to include comprehensive descriptions that align with the petition review matrix's requirements (e.g., charter reform requirements, including but not limited to alignment with the eight state priorities, health and safety, staff qualifications, admissions, and independent study); newly enacted laws (e.g., independent study, discipline), and a missing 16th Element for countywide benefits describing each proposed location.

CA Education Code 47607(2)(A) states that material revisions of charters are governed by the standards and criteria in Section 47605 and shall include, but not be limited to, a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed.

The YCOE review team has determined that, to be successful in the long term, it will be critical for YCCPCS to address the documented findings. The following paragraphs contain language to

support the Yuba County Board of Education should they choose to approve **or** deny the Yuba County Career Preparatory Charter School's (YCCPCS) request for a material revision.

Should the Yuba County Board of Education **approve** the request for material revision, it is strongly recommended that the Board of Education adopt the findings in this Staff Report and conditionally approve the material revision contingent upon YCCPCS adding the following information by the established deadlines, to ensure compliance with Education Code. Missing the deadline would default to denial:

Element 13 (Post-employment Rights of Employees) is missing the following legal requirements:

- Although the petition discusses post-employment rights, the petitioner does not provide information on the following:
 - School district employee's return employment rights, including
 - whether, and how staff may resume employment within the district or authorizer

It is important to note that former employees of YCOE are bound by the contract if they choose to be reemployed. Post-employment rights are followed as stated in the YCCEA and YCOE Superintendent Collective Bargaining Agreement Article 30.b.

Required Supplemental Information

Special Education requirements are missing per Education Code 47641(a) and 47646.

The following information is missing from the material revision:

- The material revision does not provide a process for notifying the district of residence and authorizing LEA when a special education student enrolls, becomes eligible, ineligible and/or leaves the charter. The material revision provides a process for when a special education student leaves a charter. However, the material revision does not provide a process to notify the district and YCOE for when a student enrolls, becomes eligible / ineligible for special education.
- The material revision makes a statement that "YCCPCS adheres to the legal mandates outlined in the Individuals with Disabilities Education Improvement Act (IDEIA) in implementing regulations," which is missing critical information. A process for how the transition to and from a district when a student with an IEP enrolls in or transfers out of the charter is not provided.
- The petition does not clarify the responsibilities of each party for Due Process. Specifically the following are omitted in the petition:
 - The use of SELPA as a resource for Alternative Dispute Resolution.
 - Parents / Guardians rights to receive parental safeguards which delineate due process rights.

-or-

Should the Yuba County Board of Education **approve the material revision without conditions**, the Board does not need to make or adopt any written findings of fact.

-or-

Should the Yuba County Board of Education **deny** the Yuba County Career Preparatory Charter School (YCCPCS) request for material revision, it is necessary for the Board to make written findings specific to the material revision to support denial. In this event, it is strongly recommended that the Board adopt the following findings:

The Yuba County Office of Education's staff reviewed the request for material revision utilizing the criteria for approval set forth in Education Code Section 47605 and produced a written Staff Report including findings of fact. Based upon its comprehensive review and analysis of the request for material revision, the Yuba County Board of Education adopts the Staff Report as the written findings of the Board and, on that basis, denies the material revision based on the finding that the petitioners are demonstrably unlikely to successfully implement the program as proposed in the material revision. Reasons for denial include a lack of understanding of legal requirements.

- YCCPCS will claim apportionment credit for independent study only to the extent of the time value of pupil work products, as personally judged in each instance by a certificated teacher employed by the local educational agency, or the combined time value of pupil work product and pupil participation in synchronous instruction. Element I: Educational Program

Exclusive Partnership

Yuba County Career Preparatory Charter School (YCCPCS) is a California public countywide benefit charter school (Education Code 47605.6/ 47612.1) authorized by the Yuba County Board of Education (YCBE) and administered by the Yuba County Office of Education (YCOE). It began operating in July 1995 and is among the first charter schools to operate in California.

Except for the requirement that a pupil be a California resident, subdivision (b) of Section 47612 shall not apply to a charter school program that provides instruction exclusively in partnership with any of the following:

- The Federal Workforce Investment Act of 1998 (Pub. L. No.105-220; 29 U.S.C. Sec. 2801, et seq.)
- Federally affiliated Youth Build programs
- Federal Job Corps training or instruction is provided under a memorandum of understanding with the federal provider.
- The California Conservation Corps or local conservation corps is certified by the California Conservation Corps pursuant to Sections 14406 or 14507.5 of the Public Resources Code.

Mission and Vision Statements

The YCCPCS vision and mission statement focus on motivating students to complete their education using a vocational focus and providing several Career Technical Education (CTE) program options. CTE fills a previously unmet need in Marysville and the surrounding communities.

Vision

To support self-directed, lifelong learning opportunities in a safe and positive environment in which all learners can work toward reaching their full academic and professional potential.

Mission Statement

Yuba County Career Preparatory Charter School (YCCPCS) will empower learners as problem-solving, critical thinkers with the social, academic, and career technical skills necessary to be successful in the community, workplace, and continuing education.

Collaborating closely with the entire learning community, YCCPCS commits to quality, independent learner-centered education.

Target Student Population & Community Need

Students Served

YCCPCS educates students in grades K through 12 and adults who need or desire an alternative learning model to traditional education. Students come to YCCPCS for various reasons, including flexible scheduling, specialized vocational opportunities with CTE onsite training, small class sizes, and hands-on learning opportunities. Some are attracted to faster credit acquisition, which allows them to ‘catch up’ after becoming credit deficient, and some can graduate early.

As a Dashboard Alternative Accountability School (DASS), YCCPCS serves an unduplicated count of at least 70% of the school’s total enrollment (upon first entry to the school) that is composed of at-promise youth, as defined in CA Education Code §52052. The school must requalify for DASS status every three years.

Students attending YCCPCS have a history of being habitually truant, emotional distress or behavioral issues, teen parenting, other socio-economic issues, and health issues. Some students have experienced or are currently experiencing unpredictable and traumatic life conditions, which include absentee parent(s), emotional, physical, and sexual abuse, neglect, and mental illness.

YCCPCS partners with a program identified in Education Code 47612.1 to provide educational services to adult-aged students qualified for the federal Workforce Investment Opportunity Act program (WIOA). WIOA is a federally funded program designed to promote increased employment, job retention, earnings, and occupational skills improvement by participants.

Needs and Challenges of Student Groups Served

At-Promise Youth

As reported on the United States Census Bureau Quick Facts website, nearly 80% of Yuba County residents identify as White (56% White alone, not Hispanic or Latino), with a countywide poverty rate of 15.6%. More than 80% of YCCPCS students are considered ‘at-promise’. Our students have been “educationally traumatized” by one or more educators in their past, they have lost parents, experienced physical, emotional, or sexual abuse, been

present during domestic violence, are credit deficient, are truant or chronically absent from school, have experienced bullying in at least one way: physically, emotionally, including in-person and through the use of social media, have been previously expelled or suspended on one or more occasions or have repeated an academic year (retained).

Kidsdata.org reports that in California between 2011 and 2017, more than 1 in 3 children (36%) had at least one adverse childhood experience (ACE), more than 1 in 7 (15%) had two or more ACEs, and nearly 1 in 25 (4%) had four ACEs or more. In Yuba County, 44% of households with children reported having one to three ACEs, and 13% reported having experienced four or more ACEs. Since last reported, the COVID-19 pandemic and other traumatic events have likely increased these percentages.

The numerically significant student groups that follow may have additional challenges and needs.

Students Classified as Socioeconomically Disadvantaged

The 2022 CA Dashboard reported that 91% of students enrolled at YCCPCS are from socioeconomically disadvantaged households and closely mirrors the data of the overall student population. Consistently, at least 70% of these YCCPCS families struggle with stable housing, transportation, food, clothing, medical care, and steady employment. Historically, these students struggle academically, have low attendance, and have high chronic absenteeism. Before 2020-21, they had an annual suspension rate of 3-7%. Pre-pandemic stability rates for this student group increased from 40% in 2018 to nearly 57% in 2021. As of Spring 2022, stability reverted to 40%. To make gains in academic achievement, YCCPCS strives to build strong personal relationships with students and their families and provides them with various real-world learning connections that give them a sense of connectedness to the school community. YCCPCS staff understand that relationships must precede learning.

Students with Disabilities

Parents/guardians of students with disabilities come to us frustrated by their student's lack of progress in their education plan. These same students are also likely classified as “at-promise” and socioeconomically disadvantaged with the added challenge of navigating a disability. On average, academic achievement for this group of students is 10% less than the overall population, with an even greater gap than other numerically significant student groups, potentially leading to this group of students being less prepared for postsecondary transitions.

Hispanic

While the English learner rate is only 7.65%, the percentage of students identifying as Hispanic falls just short of 40%. Students classified as English learners are often considered ‘Long-Term English Language Learners (LTELs),’ having been classified this way for over six years.

Long-term classification results in years of additional language support requirements and often lacks the needed support to build a positive self-identity and dual language skills.

The Hispanic population has academically exceeded the percentage of students proficient on the CAASPP ELA assessment each year since Spring 2018 but scored much closer to the overall proficiency levels on the CAASPP math assessment. Additionally, the last reported college-going rate in DataQuest for students identifying as Hispanic was 20% compared to the overall rate of 14.6%. Interestingly, the percentage of students last reported on the 2020 CA Dashboard Additional Report for College/Career Measures indicated only 10% of students identifying as Hispanic were 'prepared' and 0% were 'approaching prepared' compared to the overall rate of 13% and White rate of 18.5%. Although this student group is 'less' prepared for college/career, more students attend college.

White

With nearly 80% of the school population identifying as White, this student group's needs and challenges closely mirror those already addressed in the whole school population. One point not discussed previously comes from DataQuest reporting in 2020 that just under 10% of YCCPCS students enrolled in a postsecondary institution of higher education (e.g., college or university) within 12 or 16 months of completing high school. The rate is down from the nearly 36% reported the year prior, significantly higher than the overall rate of 24%.

Attendance

YCCPCS recognizes the important role of attendance in a student's academic career and expects that students will earn daily attendance. California State Law requires students who have not graduated high school to attend school until their 18th birthday. California Ed Code 48205 allows for the following exceptions: personal illness, medical appointments, quarantine by a medical public health official, a death in the immediate family, court appearances, or school-sponsored activities. In addition, students over 18 are excused from jury duty or working in the official capacity of a county elections officer. Students are excused for observation of a religious holiday or ceremony. (Cal Ed Code 46014).

YCCPCS provides 175 instructional days and adheres to charter school instructional time requirements established in California Education Code sections 46207, 46208, 47612(d)(3), 47612.5, and California Code of Regulations, Title 5, 11960.

YCCPCS maintains accurate and contemporaneous written records that document all student attendance and makes these records available for audit and inspection. YCCPCS works with students, guardians, and teachers through the development of personalized learning plans and with the Yuba County School Attendance Review Board (SARB) to ensure students attend school. YCCPCS takes proactive measures to encourage and counsel students at risk of truancy

or chronic absenteeism by developing contracts with students, guardians, counselors, and advisory teachers to support attendance. Credit-deficient students can enroll in credit recovery classes during summer break and the school year.

As required for independent study programs, YCCPCS maintains a tiered engagement plan to support students and parents in improving attendance, as outlined in the YCOE Board Policy (Appendix).

Expectations

Meetings/Study Requirements

YCCPCS makes every effort to provide early intervention and behavior support to parents and students who do not meet expectations. It is the responsibility of the parent to arrange transportation for their student to attend all scheduled appointments and activities. Failure to report to two appointments may result in termination of this agreement. Turning in less than the assigned hours of academic work or missing an appointment may result in absences leading to truancy.

What It Means to Be an Educated Person in the 21st Century

Schoolwide Learner Outcomes (SLOs)

By encouraging students to pursue their interests, talents, and passions, YCCPCS enables students to become self-motivated, competent, and lifelong learners who pursue academic competencies and requirements.

Perceive, Believe, Achieve

The YCCPCS Schoolwide Learner Outcomes (SLOs) are: Perceive, Believe, Achieve

SLOs are posted around the school and appear on many documents. But what do these words stand for? Members of the YCCPCS learning community will know, understand, and be able to:

- Perceive themselves as supported and self-directed, engaged, lifelong learners who
- Believe the essential skills they gain and the resources available will help them
- Achieve on their chosen pathway of success.

To achieve a goal, one must first see themselves, or (1) PERCEIVE themselves as someone who can achieve it. Then, they take the steps toward the goal. As they do, they (2) BELIEVE more and more that the goal is going to be accomplished. Once they've taken all the steps toward the goal, they will (3) ACHIEVE the goal.

General Non-Academic Skills and Qualities

G.R.O.W.L. is a YCCPCS tool to support students on their chosen pathway because it shows the relationship between behavior and achievement. Sometimes, the barriers to achieving goals are because of our own choices and behaviors. At YCCPCS, students are supported in positive behaviors to help them achieve their goals. The words for those positive behaviors make up the acronym G.R.O.W.L.

Social-Emotional Skills

Grow	To achieve your goals and your potential, take steps to improve every day.
Respect	Treat others how you wish to be treated.
Own	Always take responsibility for your actions.
Work	Give your best effort because your future is in your hands.
Love	Show care and concern for yourself and others.

Academic Skills and Qualities

YCCPCS intends for all students to have the following academic skills and qualities important for an educated person:

Proficiency in English Language Arts

Students will demonstrate their ability to communicate effectively through reading, writing, listening, speaking, and presentation using multiple forms of expression (e.g., written, oral, and multimedia). Communication skills will be appropriate to the setting and audience. Students will read and interpret information from various sources to gain valuable and applicable knowledge.

Proficiency in Mathematics

Students will demonstrate their ability to calculate and solve problems with clarity and precision by applying mathematical principles and operations. Skill areas may include arithmetic, algebra, geometry, personal finance, and other mathematical subjects that the teacher and parent deem appropriate.

Proficiency in History-Social Science

Students will demonstrate an understanding of the history of mankind and governmental functions by

- Identifying relationships between past and present events, situations, diverse peoples, governments, finances, and world politics

- Drawing conclusions about the future using evidence from the past
- Applying physical and cultural geography to their understanding of diverse societies
- Identifying the founding principles, structures, operations, and relationships of the government of the United States

Proficiency in Science

Students will successfully utilize scientific research and inquiry methods to understand and apply the major concepts underlying various branches of science, including physics, chemistry, biology, ecology, astronomy, engineering, and geology. Students will demonstrate that they can:

- Analyze how the text structures information into categories or hierarchies
- Evaluate the hypotheses, data, analysis, and conclusions in a science or technical text
- Synthesize information from a range of sources

How Learning Best Occurs

Framework

YCCPCS serves students and families who have chosen a Personalized Learning Program for some of the following reasons:

- Career Technical Education (CTE) focused on students following career pathway education
- High-achieving students seeking additional academic and learning opportunities
- Individuals who are self-directed and choose a broader range of academic options
- At-promise successfully achieving high school graduation
- Low-achieving students requiring tailored remedial programs
- Health reasons prohibiting them from attending regular classroom programs
- Flexible scheduling because of work, familial obligations, and extracurricular activities
- Academic challenges, including credit deficient
- Family relationships, personal beliefs, and values

YCCPCS staff believe learning best occurs when students' diverse learning styles, backgrounds, and needs are recognized to develop their learning plan. We expect students to experience challenging tasks requiring perseverance, fitness, craftsmanship, imagination, self-discipline, and achievement. We ensure students are actively engaged in learning experiences integrated across curriculum areas and meaningful within the context of their present and future lives. We ensure students are engaged in real-life studies, exposed to experts, and work on authentic projects.

Instructional Setting

YCCPCS provides personalized learning options to students. A Personalized Learning Program is a unique, blended classroom and non-classroom-based public educational model tailored to the needs and interests of each student. Personalized learning programs are a 21st-century, “on the leading edge” approach to public education that honors and recognizes each student's unique gifts, skills, passions, programs, struggles, and attributes.

The intent is to engage each student in the learning process, making it productive, relevant, and meaningful. The goal is to optimize the student’s learning potential and success. The key attributes that comprise the Personalized Learning Program model contain a solid foundation of the latest educational research findings as to how students learn most successfully. These attributes include the following:

- A strong emphasis on parental involvement
- Small class sizes
- One-on-one teacher and student interaction
- Attention to differences in learning styles
- Access to technology
- Varied learning environments
- Choices in curriculum programs
- Hands-on career technical education experiences

Instructional Approaches and Strategies

By integrating various types of age-appropriate technology with the curriculum, the instructional staff does not experience the traditional barriers of time, place, or availability of learning resources. This approach supports non-traditional students through engaging learning opportunities. It empowers supportive adults to actively partner in students' social development and education. In so doing, the school focuses on addressing all students' unique learning needs and styles while providing opportunities for all students to excel.

YCCPCS offers the following choices of educational delivery overseen by highly qualified California credentialed instructors:

- Individual Learning Program
- Independent Study support
- Cooperative classes
- Blended instructional strategies
- Tutoring
- Pre-CTE and CTE hands-on experiences
- Concurrent and Dual enrollment college opportunities
- Virtual classrooms

- Field trips

Independent Study (I.S.)

K-8 Program Description

The K-8 independent study program fulfills the educational needs of students enrolled in independent study when there is a strong commitment on the part of parents/guardians to meet their child's academic needs as they take on the role of "teacher" at home.

Parents/Guardians must regularly:

- 1) Provide instruction and curriculum delivery; discuss progress and success with the assigned supervising teacher.
- 2) Complete and monitor weekly assignments and Assignment Sheets and complete work.
- 3) Complete required Learning Logs; check weekly grades and ensure progress towards growth and improvement.
- 4) Provide opportunities for Community Service. Community Service is an essential component of YCCPCS program requirements. Community service is a donated service or activity students perform to benefit the public. Every student must be actively involved, volunteering in the community for two hours per week. Weekly documentation is required to earn hours.
- 5) Attend regularly scheduled appointments with the Supervising Teacher.
- 6) Ensure the student attends daily engagement and synchronized instruction. Students must participate in live sessions with YCCPCS Paraeducators or Credentialed Teachers every school day.

YCCPCS provides the following materials to each enrolled student:

- a) Instructional materials (text/workbooks)
- b) Use of computer for home, as needed, or use of computers on-site
- c) On-site individual and group tutoring
- d) Evaluation of completed work
- e) Support with curriculum delivery and additional resources for assignments
- f) School-wide and state assessment delivery

9-12 Program Description

9-12 Traditional I.S. and Cohort I.S. Students- All Students

Students follow a carefully guided course of study, including sequenced sets of lessons, with learning objectives easily identified by parents, teachers, and students. Students complete their assignments, which parents and teachers review. Supervising teachers are available by telephone or the Internet to provide learning support, feedback, written responses, and

personal attention. Community-based resources offer options for enrichment.

Newly enrolled high school students are encouraged to attend a “Student Success” course their first semester. This course helps students acquire the knowledge and skills they need to succeed as independent study students. It increases a student's mastery of academic, social, and life skills, problem-solving, and critical thinking. YCCPCS students enroll in CTE coursework based on personal choice, future career interests, and need for graduation credits. Field trips and internships align with CTE coursework.

This comprehensive description of the CTE program is for demonstration purposes only. Modifications to the CTE Pathway program will not constitute a material revision to the charter.

New students participate in a weekly CTE Introductory course. Those who have completed an Intro CTE course may enroll in a CTE Concentrator course. Students who have completed a second year of study in the same CTE Pathway may enroll in a Capstone course.

Community Service is required. Community Service is a donated service or activity students perform to benefit the public. Students must be actively involved in community service two hours per week (30 hours per semester). Documentation is required to earn credit.

All-Day Program

Some students enroll at YCCPCS seeking structured flexibility. YCCPCS may provide a full-day academic program based on the student population served.

Additional High School Opportunities

Credit by Exam

Various exams are available to high school students to complete the required courses. Accredited curriculum providers use designated exams.

Concurrent Enrollment in College Courses

In line with a student’s individualized learning program, students can attend local colleges for credit. Students may participate in concurrent enrollment, allowing eligible secondary students to complete postsecondary coursework and simultaneously earn high school and college credit. These college-level courses are at community college campuses or online. Such courses can save students time and money as they are often exempt from paying tuition, application, and laboratory fees. The academic advisor arranges these opportunities.

Instructional Delivery

YCCPCS offers the following choices of educational delivery overseen by highly qualified California credentialed teachers:

Option #1 Digital Curriculum with Device

Students are issued a device at enrollment if requested and then enrolled in the school curriculum based on the student's Individualized Learning Plan. Staff confirm students have internet access and provide it when needed. This option offers a computer-based education network, which serves as the foundation for learning. Various recognized providers support a cohesive instructional system, integrating the power of individualized computer-based instruction with the flexibility of online delivery.

Option #2 Print-Based

Learning materials may include the traditional paper/pencil and textbook format upon request. The teacher and parent work with the student to develop age-appropriate learning skills.

Meeting Student Needs

YCCPCS is committed to frequent teacher-student contact with strong adult mentoring to facilitate learning. The following methods of instruction are options that foster strong interaction between students, teachers, parents, and any other mentoring adult. Instruction can be delivered in classrooms during formal periods of instruction, in private settings, or a combination of both. This model allows for the personalization of content to meet the individual learning needs of all students.

Students Performing Far Above-Below Grade Level/ Other Populations

Identification for Course Planning

YCCPCS uses the Renaissance STAR online assessment platform to assess student achievement and learner needs locally and formatively. This data identifies students performing above, on, or below grade level immediately following submission of the assessment. In addition, students are considered high achievers based on transcript evaluation, scores on content area assessments, teacher observation, and quality of work. Additionally, YCCPCS registrar staff review student records at enrollment to learn if a student has a 504 Plan or an Individual

Education Plan for special education. If yes, those plans are directed to the appropriate instructional staff to start SELPA's interim placement process.

Support

YCCPCS provides students with personalized options (described previously) that best meet individual learning needs.

The academic intervention/extension of the learning process follows a locally defined Multi-Tiered System of Support (MTSS). Intervention plans are prepared and implemented as part of students' Individualized Learning Plans based on local assessment data, teacher observation, and evaluation of student work. In addition to core curriculum and supplemental assignments, students may be assigned special projects aligning with personal interests to support engagement and accelerate learning.

High-achieving students receive instruction beyond the standard curriculum, including project work in their career choice or college preparation.

English Language Learners

YCCPCS is committed to high academic success for all students, including English Learners (ELs). YCCPCS assures that all students classified as EL receive access to all academic core content and elective courses offered, as appropriate by grade level. Instruction is differentiated according to each student's language proficiency level, using evidence and research-based instructional strategies. YCCPCS staff support students' self-perception, use of native language, and social-emotional development while developing academic English language skills.

Students enrolled for the first time in a California school are identified for primary language at enrollment using the Home Language Survey. Students classified as EL require language support and receive both integrated and designated English Language Development with additional tutoring and targeted learning resources provided as needed. English Language Learners are provided access to the core curriculum through the use of instructional and scaffolding strategies that

- develop language within the student's current knowledge of content area curriculum,
- develop language skills (listening, speaking, reading, and writing),
- offer explicit literacy instruction,

- provide peer-assisted and small-group learning opportunities,
- Provide integrated academic language support during content area instruction, balanced with designated supports that provide structured explicit opportunities for oral and written language skills development,
- allow for assessment in various forms (e.g., formative, benchmark, summative) to understand and support student learning and
- support social-emotional development and identity formation.

These measures provide the best opportunity for students to acquire language at a rate of at least one proficiency level each year, as measured by the English Language Proficiency Assessments for CA (ELPAC).

SELPA Membership

YCCPCS is a member of the Yuba County SELPA under the YCOE membership umbrella. Special Education revenues are allocated to YCCPCS per the Yuba County SELPA's Fiscal Allocation Plan. As a YCOE School, YCCPCS is responsible for all special education costs exceeding revenues from the Yuba County SELPA. The YCOE Fiscal Department documents that all special education funds are allocated to special education instruction or services to identified students with disabilities. Such funds supplement and not supplant other federal, state, and local sources apportioned to YCCPCS.

Pursuant to legal provisions of both federal and state law, eligible students enrolled in charter schools are entitled to special education services provided in the same manner as such services are provided in other public schools and charter schools within the SELPA. YCCPCS follows federal laws and regulations, including all twenty-three areas of legal assurance identified in the Yuba County SELPA Plan.

Special Education Plan and Required Supplemental Criteria

YCCPCS aligns services with the requirements of the *Individuals with Disabilities Education Improvement Act (IDEIA)* 20 U.S.C. Section 1400 et seq., and associated regulations.

Provisions for and Compliance of Special Education Services Referral

YCCPCS will not deny enrollment of any eligible student due to a disability or the school's inability to procure necessary special education services. YCCPCS assumes responsibility for compliance with Section 504 of the Americans with Disabilities Act (ADA). Individuals with

exceptional needs, as defined in Education Code Section 56026, may only participate in an independent study program if an Individualized Education Program (IEP) specifically provides for that participation (EC51745(c)).

YCCPCS will refer students for Student Study Teams (SST) as needed to determine alternative interventions for students demonstrating low performance. Through this process, students, teachers, key school personnel, or other interested persons systematically review and make recommendations about student performance related to:

academic progress;

- attendance
- social/emotional development;
- physical limitations; and/or,
- behavioral needs.

Students are referred for special education assessment only when their individual needs interfere with school performance and cannot be met through accommodations within the general education/independent study setting.

Services

YCCPCS delivers the required and appropriate special education services to enrolled students, regardless of a student's district of residence, unless other agreements exist between the YCOE or Yuba County SELPA regional providers. The school district of residence where the student resides is not responsible for providing special education services to students enrolled at YCCPCS.

Upon enrollment of a student with an IEP, a representative from YCCPCS staff meets with the student and parent/guardian (if necessary) to review the student's current IEP, review transcripts, and discuss course assignments. For students with special needs who are also English Learners, IEP goals reflect the individual student's linguistic objectives.

The needs of students with disabilities are met in a number of ways, including but not limited to

- Specialized instruction and services available at YCCPCS are both direct and consulting services by the qualified student's IEP.
- Procedures for ensuring students are referred, assessed, and served in a timely manner are in place.

- Assurance that staff members providing special education services are appropriately credentialed.
- Assurance that the facility used by YCCPCS does not present physical barriers that would limit an eligible student's full participation in the educational and extracurricular program (ADA compliant) are in place.
- Disenrollment, suspension, and expulsion policies and procedures ensure federal and state law protections are afforded to students receiving special education and 504 eligible students.
- Following dispute resolution procedures as outlined in the SELPA Local Plan should any disputes between educational entities, including the SELPA, regarding the provision of special education services at YCCPCS.
- Adhering to the legal mandates outlined in Education Code §56000 et seq., the Individuals with Disabilities Act 20 U.S.C. Chapter 33.
- Progress monitoring through assessment of progress in meeting students' IEP goals.
- Placement in appropriate courses with highly qualified teachers credentialed to instruct students with special needs.
- Special modifications and/or accommodations of curriculum or instruction, as specified in their IEP, to enable successful participation in the core curriculum.
- Collaboration between YCCPCS and the Yuba County Office of Education on appropriate special education services.

Interim Placement and Individual Education Plan (IEP) Development

YCCPCS adheres to the legal mandates outlined in the Individuals with Disabilities Education Improvement Act (IDEIA) in implementing regulations.

Initial and Triennial Assessments

When students are referred for an initial evaluation to determine if they meet eligibility requirements to receive special education, YCCPCS generates a referral for special education, monitors all legal timelines, develops an assessment plan offering testing in all areas of suspected areas of need/disability; coordinate qualified personnel to provide the required testing; generate IEP meeting notices; develop and facilitate the IEP meeting; and, distribute copies of the IEP to appropriate personnel.

At least once every three years, a student is reassessed to determine their continued eligibility to

receive special education services. Following any initial or eligibility assessment, if a student has a documented learning or related disability but does not meet other eligibility requirements for special education, an exit meeting is held to dismiss the student from receiving special education services via an IEP.

Identification of Bilingual Students with Special Needs

Before a student whose native language is not English is referred for special education, their level of English proficiency is determined to ensure their lack of acquisition of language skills is not the reason for lower academic performance. Every attempt is made to have personnel fluent in the student's native language and familiar with their native culture participate during the SST and referral, assessment, and identification processes to determine eligibility for special education.

The Limited English Proficiency/Fluent English Proficiency status of a student is used to determine the language in which they are assessed when a formal referral to special education is made. This is documented in the assessment plan. Bilingual personnel translate during IEP meetings and can transcribe all written documents (assessment reports, IEP forms, Parent Rights, Procedural Safeguards, etc.) when a parent requests. All goals and objectives for bilingual students are linguistically appropriate and are developed so that the student's language acquisition needs are considered.

Staffing, Curriculum, Service Provisions, and Student Accountability

All special education services are provided by highly qualified staff as outlined in the *Every Student Succeeds Act (ESSA)*.

All services, supplementary materials, or assistive devices required to access the core curriculum are provided at no cost to the student. No facility utilized for special education may present any physical barrier limiting an eligible student's full participation in the educational or extracurricular program.

Disenrollment, Suspension, and Expulsion

Attendance for special education services is monitored closely to ensure identified students' access to all services as outlined in their IEP. If a student with an IEP is recognized as having attendance issues (over ten absences), YCCPCS contacts the student/family to request an IEP

meeting. Staff also continuously monitors that the personalized learning model remains an appropriate placement for the student. The IEP team monitors progress to ensure educational benefits for the students. If for any reason the pupil is expelled or leaves the charter school without graduating or completing the school year for any reason, within 30 days, YCCPCS notifies the superintendent of the school district of the pupil's last known address. YCCPCS shall, upon request, provide that school district with a copy of the cumulative pupil record, including a transcript of grades or report card and health information.

Students with IEPs are disciplined in accordance with the Parent/Student Handbook and Board policies. Students with disabilities are afforded protections in federal law against unlawful changes in placement. No student identified with an IEP or 504 plan is suspended for more than ten (10) school days per calendar year or recommended for expulsion without a Manifestation Determination meeting to determine if their misconduct is a manifestation of their disability. In accordance with Assembly Bill 1360, if expulsion is necessary, a school psychologist or Administrator is involved in all phases of expulsion proceedings. Parents/students are provided with due process rights throughout. In cases where suspension (beyond ten days per year) or expulsion is recommended following the Manifestation Determination Meeting.

Maintenance of Special Education Records

YCCPCS maintains all students' special education files using appropriate forms/software and files reports as necessary to maintain legal compliance. YCCPCS verifies the accuracy of all reports and submits them in a timely manner as required by the Yuba County SELPA.

Special Education Funding

As a YCOE School, YCCPCS is responsible for all special education costs in excess of revenues received from the Yuba County SELPA. The YCOE Fiscal Department documents that all special education funds are used to provide special education instruction and/or services to identified students with disabilities. Such funds supplement and not supplant other federal, state, and local sources apportioned to YCCPCS.

Parent/Guardian Concerns/Complaints

Parent/guardian concerns regarding special education services are directed to the YCCPCS administration. YCCPCS administration and staff address the concerns of the parent/guardian. YCCPCS addresses, responds to, investigates, and takes all necessary action to respond and

attend to all complaints involving special education and IDEIA compliance. YCCPCS may initiate a due process hearing concerning an enrolled student as the Charter determines it is legally necessary to meet YCCPCS's responsibilities under federal and state law. If the parent/guardian files for a due process hearing, YCCPCS is responsible for proceedings, including any costs and fees.

Section 504 and Americans with Disability Act (ADA)

YCCPCS recognizes its legal responsibility as a public school of the YCOE to ensure that no qualified person with a disability is excluded from participation, denied the benefits of, or otherwise subjected to discrimination in any school program based on their disability. Any student with an objectively identified disability that substantially limits a major life activity, such as learning, is eligible for accommodation at YCCPCS within the requirements of the ADA. YCCPCS utilizes its Student Success Team process to guide the referral of students for evaluation under Section 504 or the Individuals with Disabilities Education Improvement Act (IDEIA). Once a student is recognized as eligible for accommodations under this provision, a team is established and develops an annual 504 plan for the student.

Professional Learning

YCCPCS has a robust professional development schedule that includes instructional technology. In addition to administrator-identified professional learning needs, YCCPCS staff are surveyed annually to identify self-determined professional development needs.

Annual Goal and State Priority Alignment

Refer to Element II for information on goals, actions, and outcomes.

Charter Schools Serving High School Students

Graduation Requirements

YCCPCS intends to see students progress through each grade level within one school year, demonstrate expected levels of learning growth, and meet grade-level standards for student achievement.

Progress towards high school graduation shall be based upon the student's ability to pass the subjects and electives necessary to earn the required number of 220 credits for high school graduation:

- 40 Credits of English
- 30 Credits of Mathematics (to include Integrated Math 1)
- 20 Credits of Science (must include life science)
- 30 Credits of Social Sciences (includes World History, US History, Civics, and Economics)
- 10 Credits of Foreign Language/Fine Arts
- 10 Credits of Career Exploration
- 5 Credits of Vocational Education
- 20 Credits of Physical Education
- 5 Credits of Health Education
- 50 Credits of Electives (Can include community service)

FAFSA/ CA Dream Act

In addition, the FAFSA/CA Dream Act Application during students' Senior year is a requirement for YCCPCS graduation. To increase access to financial aid, California enacted legislation (Assembly Bill 469) requiring local educational agencies, including charter schools, to confirm that all high school seniors have completed a Free Federal Student Aid or a CA Dream Act Application. Annually, YCCPCS staff schedule time on campus to support students with completing and submitting applications by the state aid deadline.

Homeless and Unaccompanied Youth

YCCPCS aligns with AB 1806 for homeless and unaccompanied youth, AB 216 for Foster Youth, and AB 2306 for youth who have been incarcerated, attended a court school, and meet eligibility requirements. These bills provide for reduced credits required to earn a high school diploma. Under AB 1806, AB 216, and AB 2306, the requirements for English are reduced from 40 to 30, and Health and elective requirements are removed, reducing the total credits needed to graduate to 130.

Alternative Pathways to High School Completion

YCCPCS recognizes that the prescribed course of study may not accommodate the needs of some students and follows policy when determining alternative pathways to high school completion.

Transferability of Courses & Course Eligibility for College Entrance Requirements

YCCPCS complies with the requirement to inform parents about the transferability of courses to

other public high schools and the eligibility of courses to meet college entrance requirements. Staff accomplish this through parent orientation and/or meetings and through our school's accompanying student/parent handbook, which is provided to each family.

Element II: Measurable Pupil Outcomes

Pupil Outcome Alignment

YCCPCS shall submit the LCAP to YCOE annually on or before July 1, as required by Education Code Section 47604.33. The LCAP and any revisions necessary to implement the LCAP shall not be considered a material revision to the YCCPCS charter.

In keeping with these broad principles, as specified in the California State Standards, the following goals, actions, metrics, state priorities, and outcomes have been aligned with LCAP/WASC plans and with student outcomes described in Education Code section 52060(d).

Goals, Actions, Metrics, and Outcomes

YCCPCS has established broad goals that reflect the needs of the enrolled student population. YCCPCS reserves the right to use information gathered for the LCAP/WASC annual needs assessment to amend goals, metrics, and outcomes throughout the charter term.

Element III: Student Progress Measurement

YCCPCS believes at-promise students deserve a rigorous and supportive learning environment, so staff utilize several measures of progress to ensure students are achieving academically and are prepared for college and/or career opportunities. YCCPCS's choice of methods to assess pupil progress is based on the following beliefs about assessment:

1. To have a complete picture of a student's growth, different types of assessments must be used.
2. Assessments should focus on a student's growth towards a proficiency standard rather than comparing a student's performance against other students.
3. There should be a close relationship between a desired student outcome and the means used to assess it.
4. Assessing what students do with knowledge is as important as assessing what knowledge they have.
5. Assessment should promote and support reflection and self-evaluation on the part of students, staff, and parents.

Local Assessments

- Teachers regularly use standards-aligned formative and summative assessments (publisher and teacher-designed) in their individual courses (quizzes, tests, performance tasks, demonstrations, projects, and exhibitions).

- The Renaissance STAR assessment measures student progress toward reading and math standards. This adaptive assessment tool is administered multiple times throughout the year. Data is analyzed regularly throughout the year to analyze student growth, determine needs, and guide curricular and instructional strategies.

State Assessments

YCCPCS meets all statewide assessment requirements pursuant to Education Code Sections 60605 and 60851 and any other assessment requirements applicable to students in non-charter public schools, as required by Education Code Section 47605(c)(1). State assessments provide parents/guardians, teachers, and educators with information about how well students learn and become college and career-ready. The test results may be used for local, state, and federal accountability purposes, including using the CA Dashboard data as one indicator to renew its charter every five years.

Assessment Methods

While all students must achieve the required standards to graduate, not all progress simultaneously. Progress is evaluated based on individual abilities, interests, and talents.

In addition to the measurements mentioned above, methods by which student progress is assessed will be through a variety of the following:

- Weekly review of work
- Annual portfolios (minimum of 2 work samples per subject area per semester)
- STAR Renaissance 3-4 times a year in English Language Arts and Mathematics
- Parent and teacher observation
- Criterion-referenced assessment aligned with the California State Standards
- Student grades and credit completion
- Student demonstrations
- Participation in enrichment activities (field trips, guest speakers)
- CTE pathway completers

Local assessment data is disaggregated, tracked, analyzed, and used for instructional and site plan decision-making.

Element IV: Location of Each Proposed Charter School Facility

YCCPCS is located at 1104 E Street, Marysville, California, 95901.

The facility accommodates a personalized learning program. It provides enough space for teacher preparation for individual student-teacher meetings and on-site preparation and implementation of supplemental support, including, but not limited to tutoring group instruction, and CTE classrooms.

Element V: Governance Structure

Legal Organization of the School

Yuba County Career Preparatory Charter School (YCCPCS) is a public charter school authorized by the Yuba County Board of Education and administered by the Yuba County Superintendent of Schools through the Yuba County Office of Education (YCOE).

Governance

The Yuba County Board of Education's Role as the Charter Governing Board

The Yuba County Board of Education (YCBE) is the Governing Board for YCCPCS. It retains roles and responsibilities as the governing board of YCCPCS as defined in Education Code 1040 – 1047. YCBE is responsible for, but not limited to, approving YCCPCS's annual budget, adopting the annual LCAP and core curriculum, and acquiring real property for housing programs and services.

The Yuba County Board of Education's Role as the Authorizing Agency

As the authorizing agency, YCBE is responsible for fulfilling its statutory oversight responsibilities as required by law, including the duties identified in Education Code Section 47604.32. The YCBE is accountable for reviewing and acting on requests for charter petition renewal and material revisions and has the authority to initiate revocation proceedings, if necessary, as provided by Education Code Section 47607.

Role of the Yuba County Office of Education

The YCOE provides direct oversight of the charter school on behalf of the YCBE.

YCOE maintains an agreement with the YCCPCS, which provides business and administrative, personnel, accounting, payroll, budget development and support, maintenance, operations, and Special Education services for YCCPCS. YCOE is also responsible for supporting the acquisition of real property for housing programs and services and setting and monitoring the implementation and effectiveness of long-term goals and student progress.

Conflict of Interest Statement

The YCBE and the YCOE fully comply with conflict-of-interest regulations of the Political Reform Act Government Code Section 1090.

Role of the Charter Advisory Council (CAC)

Parent and community involvement in operating YCCPCS is integral to ensuring the school program addresses the needs, concerns, and expectations of the students, families, and communities of students served as defined in Education Code 47605(c)(5)(D).

As outlined in the Bylaws, the CAC has not less than five members: the school administrator, two (2) staff members, one (1) student, and up to three (3) parents/community members that reflect the demographic population served. The CAC is the advisory body for charter school business and any mandated partner input, e.g., the LCAP educational partner group. The CAC will meet publicly no less than four times annually and:

- supports the development of site plan (LCAP, Charter, WASC, grant) goals, actions, and expenditures, including those related to family and community engagement
- at a minimum, biannually evaluate the progress made toward school goals to raise the academic achievement of all students
- provides ongoing data-driven review of the implementation and effectiveness of the school site plan(s)
- provides recommendations on modifications to the site plan(s) to the Yuba County Board of Education for approval whenever a material change in planned activities or related expenditures is needed to address the identified needs
- provides site plan goals, actions, and expenditure recommendations to the YCBE
- follows procedures for material changes to plans whenever the need arises
- carries out all other duties assigned to the CAC by the YCBE, the County Superintendent, or a designee and by state law
- reviews and approves any applicable expenditures in accordance with state and federal laws and regulations
- provides input on general school issues and other charter school interests and activities.

- provides input on opportunities for educational partner engagement and schoolwide events.

The CAC complies with the provisions of the Greene Act.

The recruitment of advisory council members occurs in multiple formats, including the beginning of the school year publications, back-to-school night, website, campus, community posting, and personal conversations. Detailed bylaws are available in the Appendix.

Role of Site Leadership

The program's overall vision is supported by YCOE under the direction of the County Superintendent, with instructional leadership and oversight of the day-to-day operations provided by the school Director and Operations Administrator.

This administrative team:

- Makes recommendations for the hiring of staff;
- Evaluates staff;
- Enlists parent and staff involvement;
- Administers and oversees student activities;
- Monitors the implementation of curriculum;
- Implements school policies;
- Works with the C & I Director to select or pilot instructional materials;

- Promotes professional and academic excellence;
- Provide plan, organize, and direct Special Education programs;
- Manages technology programs;
- Administers budgets and other related fiscal responsibilities;
- Assures regular school/home communication; and,
- Resolves personnel and student issues.

Element VI: Qualifications for Employment

YCCPCS follows the approved and public organizational chart of YCOE. YCOE is deemed the

exclusive public-school employer of YCCPCS employees for purposes of the Educational Employment Relations Act as described in Education Code Section 47605(b).

Staff Qualifications for Employment

Student achievement increases in schools where teaching and learning have the highest priority, and students achieve at higher levels when taught by teachers who know their subject matter and are skilled in teaching it. YCCPCS strives to ensure all instructional staff, including certificated teachers and classified instructional paraprofessionals, are highly- qualified and compliant with federal ESSA requirements.

Qualifications of all certificated or non-certificated employees recruited and hired at YCCPCS follow YCOE hiring practices. Employees hired to provide instruction, supplementary instruction, management, and support services are established and defined in YCOE job descriptions.

Evaluation Process

Employees are evaluated by procedures established in YCOE Board Policy and bargaining unit agreements as appropriate for each position. Coaching is an integral part of supervision.

Other Learning Support Providers

Classroom or parent volunteers, speakers, outside experts, and others may support student learning and may volunteer their services, be paid as independent contractors, or be hired as YCOE employees in accordance with Board Policy.

Element VII: Health and Safety Procedures

Health and Safety Procedures

YCCPCS follows the health and safety procedures of the YCOE in alignment with Board Policy and maintains a Comprehensive School Safety Plan used as a training and reference guide for use in emergencies. This plan is reviewed and updated annually by YCOE's Advisory Council and Deputy Superintendent to ensure school safety and security.

YCCPCS follows the requirements of Education Code 47605(b)(5)(F) pursuant to the CA Charter Schools Act. The school's CAC reviews the School Safety Plan annually by March 1. YCCPCS presents the safety plan to the YCOE each year. The plan is reviewed with the staff.

The components of the plan meet or exceed requirements established in Ed Code 32282(a)(2)(A)-(L). The plan includes appropriate strategies and programs that will provide or maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety.

Emergency Evacuation Drill logs are kept in the administrative office. The Catapult system is used for communication during emergencies.

Facilities

The facility meets the requirements of the Americans with Disabilities Act. It does not present physical barriers that would limit an eligible student's full participation in educational and extracurricular programs offered.

YCOE's Maintenance and Operations division annually conducts a school facility inspection using the Facility Inspection Tool (FIT). YCCPCS administration reviews the FIT report with the YCOE Director of Maintenance of Operations and collaborates on facility repairs and improvements.

Element VIII: Achieving a Racial and Ethnic Balance Among Students

YCCPCS intends to achieve a racial and ethnic balance among the charter school's students that is reflective of the general population residing within the territorial jurisdiction of the YCOE:

- development of promotional and informational materials that appeal to various racial and ethnic groups represented in the school community, including translation of all materials into languages reflective of the school community
- inclusion of YCCPCS on the list of school programs offered by YCOE
- distribution of promotional and informational materials via the school site and website, the YCOE website, and community groups and partner agencies that serve the various racial, ethnic, and interest groups reflective of the school community

- Promotional materials state the charter school will serve ALL students
- enrollment process that removes barriers and intentionally allows enrollment for all student groups
- scheduling outreach meetings to reach prospective students and parents
- assigning staff to support and align the recruitment and enrollment processes

Element IX: Annual Independent Financial Audits & Impact Statement

Independent Annual Audit

YCCPCS will be audited annually at the same time as YCOE performs its audit process. The audit verifies the accuracy of the school's financial statements, revenue-related data collection reporting practices, attendance and enrollment accounting, and internal controls.

YCOE Fiscal Services is responsible for contracting with an independent auditor and overseeing the audit process. The auditor will have, at a minimum, a CPA and educational institution audit experience and be approved by the State Controller on its published list as an educational audit provider to conduct the audit in accordance with Generally Accepted Auditing Standards and the Audit Guide issued by the Controller of the State of California. To the extent required under applicable federal law, the audit scope will be expanded to include items and processes specified in applicable Office of Management and Budget Circulars. The TK-12 public school guidelines for Independent Study will be evident in the annual audit as per Education code 47612.5(b).

The audit will be conducted in accordance with generally accepted accounting principles. On or before December 15, YCOE Fiscal Services will forward a copy of the annual independent financial audit report for the prior fiscal year will be forwarded to the YCBE, the County Superintendent of Schools, the State Controller, and the State Department of Education. Audit exceptions may be resolved by this time.

The YCOE Director of Fiscal Services will review any audit exceptions and, with input from the Superintendent, will provide recommendations for resolutions. YCCPCS and the YCOE fiscal team will work collaboratively to resolve any remaining audit exceptions to the satisfaction of the Yuba County Superintendent of Schools before reporting to the YCBE. Audit appeals or requests for summary review shall be submitted to the Education Audit Appeals Panel (EAAP) in accordance with applicable law.

Civil Liability

YCCPCS is a YCOE school with the same civil liability impact on the organization as any other YCOE school or program. There will be a Memorandum of Understanding (MOU) between the YCOE and YCCPCS.

Element X: Suspension and Expulsion Procedures

In keeping with relevant laws protecting students' constitutional rights, YCCPCS follows YCOE policy and procedures for student suspension and expulsion. A policy may need to be amended occasionally, but it will not require an amendment to the charter if the amendments comply with legal requirements.

Discipline includes but is not limited to advising and counseling students, conferring with parents/ guardians, using positive/restorative practices, using alternative educational environments, suspension, and expulsion. School staff shall enforce disciplinary rules and procedures fairly and consistently among all students. Each school employee must enforce the school rules on student discipline and communicate rules to students in an age-appropriate manner. The school maintains student discipline procedures detailing expectations for appropriate behavior and communicates these expectations in the handbook. As part of the data confirmation process, students and their parents/guardians must verify in writing that they have reviewed and understand these procedures.

While YCCPCS uses a Multi-Tiered System of Support to implement proactive interventions/ support and strives to implement alternatives to traditional punitive disciplinary actions, there may be times when a student(s) may need to be suspended or expelled for any reasons enumerated in California Education Code 48900-48915, and in the YCBE Policies and Administrative Regulations.

Due Process

YCCPCS follows procedures established in the Board Policies and Administrative Regulations. Depending on the length of the suspension, or if seeking expulsion, the student will receive “oral or written notice of the charges against them,” “an explanation of the evidence that supports the charges, and an opportunity for the pupil to present his or her side of the story,” or

“a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.”

For any non-voluntary removal, the student’s parent or guardian receives written notice of intent to remove the pupil no less than five (5) school days in advance. The parent/guardian will have the right to challenge the non-voluntary removal under the same procedures as an expulsion.

YCCPCS shall not involuntarily remove a student for any reason unless the parent or guardian of the pupil received written notice, and that ensures the written notice is in the native language of the pupil or the pupil’s parent or guardian.

Suspension

Suspensions of 1-5 days shall be initiated according to the following procedures:

Conference

Suspension shall be preceded, if possible, by a conference conducted by the Director or the Director’s designee. The conference will include the student, his or her parent, and the teacher, supervisor, or school employee who referred the student to the Director.

The conference may be omitted if the Director or designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety, or health of students or YCCPCS personnel. If a student is suspended without this conference, both the parent/guardian and the student shall be notified of the student’s right to return to school for a conference.

At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be allowed to present his or her version and evidence in his or her defense in accordance with Education Code Section 47605(b)(5)(J)(i). This conference shall be held within two (2) school days unless the pupil waives this right or is physically unable to attend for any reason, including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a pupil for the failure of the pupil’s parent or guardian to attend a conference with School officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil’s parent or guardian at the conference.

Notice to Parents/Guardians

At the time of the suspension, the Director or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following the suspension. This notice shall state the specific offense committed by the student. In addition, the notice may also state the date and time when the student may return to school. If School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

Suspension Time Limits/Recommendation for Placement/Expulsion

When not including a recommendation for expulsion, suspensions shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Director or Director's designee, the pupil and the pupil's guardian or representative will be invited to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. In such instances when the school has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the pupil or the pupil's parents unless the pupil and the pupil's parents fail to attend the conference.

The Director or designee will make this determination upon either of the following determinations:

1. the pupil's presence will be disruptive to the education process or
2. the pupil poses a threat or danger to others.

Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian, or another person holding the right to make education decisions for the student or the affected student, a teacher shall provide to a student in any of grades 1 to 8, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned in to the teacher by the student either

upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

A teacher may suspend any student from his or her class for the day of and the day following any act enumerated in Education Code Section 48900.

The Director may use their discretion to provide alternatives to suspension or expulsion to address student misconduct pursuant to Education Code Sections 48900(v) & 48900.5.

For suspensions of fewer than ten (10) days, the Director will provide oral or written notice of the charges against the pupil, and if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present their side of the story.

For suspensions of 10 days or more and all other expulsions for disciplinary reasons, the Director will provide the student and parent/guardian with timely, written notice of the charges against the pupil and an explanation of the pupil's fundamental rights.

Existing dispute resolution procedures outlined in the SELPA apply to any disputes that may occur within educational entities regarding the provision of special education services in YCCPCS. The County Board of Education serves as the board of last appeal.

Discretionary Suspension Offenses

Students may be suspended for any of the following acts when it is determined the pupil:

- a) Caused, attempted to cause, or threatened to cause physical injury to another person.
- b) Willfully used force or violence upon the person of another, except self-defense.

YCCPCS will use the following definitions:

- The term “knife” means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.

Such a term does not include an antique firearm.
- The term “destructive device” means (A) any explosive, incendiary, or poison gas, including but not limited to: (i) bomb, (ii) grenade, (iii) rocket having a propellant charge of more than four ounces, (iv) missile having an explosive or incendiary charge of more than one-quarter ounce, (v) mine, or (vi) device similar to any of the devices described in the preceding clauses.

Element XI: CA State Teacher Retirement System

YCCPCS employees participate in STRS, PERS, or Social Security based on individual eligibility. The YCOE monitors enrollment in these programs.

Element XII: Dispute Resolution Procedures

YCCPCS follows all YCOE policies when handling disputes. The County Superintendent recognizes that the YCOE is responsible for ensuring compliance with applicable state and federal laws and regulations governing educational programs and encourages the early, informal resolution of complaints whenever possible and appropriate. The County Superintendent shall adopt the uniform system of complaint (UCP) processes to resolve complaints that cannot be resolved through an informal process.

The County Superintendent recognizes that alternative dispute resolution (ADR) can, depending on the nature of the allegations, offer a process to resolve the complaint that is agreeable to all parties.

YCOE shall protect all complainants from retaliation. In investigating complaints, the parties' confidentiality shall be protected as law requires. For any complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the County Superintendent or designee shall keep the identity of the complainant and the subject of the complaint, if they are different from the complainant, confidential when appropriate and if the integrity of the complaint process is maintained. When an allegation that is not subject to the UCP is included in a UCP complaint, the YCOE shall refer the non-UCP allegation to the appropriate staff or agency and shall investigate and, if appropriate, resolve the UCP-related allegation(s) through the YCOE's UCP.

Element XIII: Admission Requirements

Enrollment Interest Forms are collected throughout the year. Each form is date and time stamped when submitted. This form becomes a part of the official lottery process if a lottery needs to be conducted. To best support the student population served, the school may support the parent or guardian of a student or a student of legal age with making a request of a current or prior school to release transcripts or other relevant records to YCCPCS to determine appropriate course placement and support.

Public Random Drawing Process

The school will count *Interest Forms* to determine whether any grade level received more interest than availability. YCCPCS strives to admit all pupils wishing to enroll, so when there are more openings than *Interest Forms*, all students are enrolled. A waitlist is established by the date and

time the *Interest Form* is received for any grade levels or programs filled after that and for the balance of the academic year.

YCCPCS adheres to the requirements related to admission preferences as set forth in Education Code Section 47605(e)(2)(B)(i)-(iv). If the YCCPCS receives a greater number of *Interest Forms* than there are spaces for students in a grade level, impacted grade level admission will be determined through a public random drawing process, without regard to ethnicity, national origin, gender, disability, achievement level, or according to the place of residence of the pupil or parents, except as guided by state law concerning county operated charter schools.

As needed, a random public drawing will be held before the start of school and will occur in a public place on the school campus that can accommodate all interested educational partners. An uninterested third party will run the public random drawing. Parents do not have to be present at the drawing to accept their spot, should their child's name be drawn. Parents whose students are admitted to the drawing will be notified within a week of the drawing, either in writing or by phone. Families are encouraged to call the school office to inquire about their child's enrollment status. Currently, enrolled students are exempt from the public random drawing process.

Admission preferences in the case of a public random drawing shall be granted to

1. siblings of currently enrolled students
2. residents of Yuba and Sutter Counties
3. all other applicants

In accordance with Education Code Section 47605(c)(5)(H), these preferences are not likely to negatively impact the racial, ethnic, and unduplicated balance YCCPCS strives to reflect.

After the public random drawing, all students not granted admission due to capacity shall be allowed to put their name on a waitlist according to their draw in the public random drawing. This waitlist will allow students to enroll in the case of an opening during the school year. A wait list will never carry over to the following school year.

Public random drawing rules, deadlines, dates, and times will be communicated on the YCCPCS's website. Public notice for the date and time of the random drawing will also be posted once the application deadline has passed. The YCCPCS will inform all parties having submitted an *Interest Form* and all other interested parties of the rules to be followed during the public random drawing process. Communication will be delivered via mail or email at least two weeks before the drawing date.

When grade-level capacity is reached after the start of school, families interested in enrollment will be added to the grade-level waitlist on the date and time order requests are received. The families will be placed at the end of any preexisting public random drawing waitlist defined above.

Enrollment Process

At enrollment, parents/guardians of new students will :

- Attend an orientation and complete enrollment forms, including emergency information cards.
- Provide records, including immunization records, as required by public schools.
 - Students enrolling as foster/homeless youth may enroll immediately without required documentation and must still provide required documentation within a reasonable amount of time.

Based on a review of transcripts, high school students are assigned a grade level in the student information system that correlates with the total credits earned.

Students are enrolled in YCCPCS vocational and other site-based courses based on their desire to learn a particular set of skills.

No individual with exceptional needs, as defined in Education Code Section 56026, may participate in an independent study program unless an Individualized Education Program (IEP) specifically provides for that participation (EC51745(c)).

Written Agreement for Independent Study

After enrollment, each student and their parent/guardian will complete and sign a Master Agreement indicating their understanding of the partnership with the school, its philosophy, services, requirements, and expected student learning outcomes. Continued enrollment will depend on all partners meeting the expectations and conditions of the Master Agreement. Either member of the partnership may withdraw from the Master Agreement as appropriate or necessary.

Students are required to complete the courses listed on the Master Agreement for Independent Study each semester as they are outlined in the YCCPCS course descriptions. All course

objectives are consistent with the established guidelines. Assignment and Work-Record Forms include additional descriptions of the major objectives and activities of the course of study covered by the agreement and the methods for evaluating student work. The purpose of the master agreement is to enable the student to successfully reach the objectives and complete the assignments identified in the assignment and work-record forms that will be part of this agreement.

As outlined in the policy, up to two weeks may elapse between the date an assignment is made by the teacher and the date it is due unless the period is officially extended. The student agrees to meet with or report to the teacher regularly in accordance with the frequency, date, time, and location specified in the course contract or the assignment and work record.

The Master Agreement is aligned with the California Education Code and local policy and shall serve as the YCCPCS procedure for independent study. It may be amended occasionally without the need to amend the charter so long as the amendments comply with legal requirements (Appendix).

Element XIV: Public School Attendance Alternatives

Attendance at YCCPCS is entirely voluntary for the students who enroll. District of residence public schools remain an option for all students who choose not to attend this charter school. The parent/guardian of each pupil shall be informed that the pupil has no right to admission to a particular school or any local educational agency because of enrollment in YCCPCS, except to the extent that the individual local educational agency extends such a right.

Element XV: Post-Employment Rights of Employees

All employees of YCOE will remain employees of the YCOE Superintendent and bound by the collective bargaining agreements between YCCEA, the YCOE Superintendent, and the YCOE CTA. No rights or privileges are hereby waived.

Element XVI: Closure Procedures

If YCCPCS ceases operation, the school's assets and liabilities will be disposed of by YCOE in accordance with the asset disposition provisions of YCOE rules and regulations.

If it is feasible to do so while still maintaining a viable and appropriate educational program, the charter school will close at the end of an academic year. YCCPCS and the YCOE will work together to avoid mid-year school closures.

Documentation and Notification of Closure Action

Closure of YCCPCS will be documented by official action of the YCBE in accordance with applicable law. The action will identify the reason for closure, an entity and person or persons responsible for closure-related activities (including notifications), and the effective date of the closure.

Notification to Parents and Students

YCCPCS students will be notified as soon as possible when school closure appears imminent. The notification will include assistance in transferring the student to another appropriate school and a process for transferring all student records.

Notification to the California Department of Education, SELPA, and State Board of Education

YCCPCS and the YCOE will send a notification of school closure to the Charter School Division at the CA Department of Education, the State Board of Education, and the SELPA. This notice will include the charter school name, CDS Code, name(s) of and contact information for the person(s) to whom reasonable inquiries may be made regarding the closure; the date of the closure action, the pupils' school districts of residence, as applicable; and how parents/guardians may obtain copies of pupil records, including specific information on completed courses and credits that meet graduation requirements, and information to assist parents and students in locating suitable alternative programs.

YCCPCS will develop a list of pupils in each grade level and the classes they have completed, together with information on the pupils' districts of residence, which they will provide to the entity responsible for closure-related activities.

Notification to Receiving Districts

YCCPCS will notify any school district responsible for providing education services to former students so the receiving district(s) is/are prepared to assist in facilitating student transfers.

Records

In the event of closure, all state assessment results, pupil, special education, and personnel records will be transferred to and maintained by the YCOE in accordance with applicable law. Parents/students will be provided with a packet of student information that may include the closure notice, grade reports, discipline records, immunization records, completed courses and credits that meet graduation requirements and college entrance requirements, etc., that will facilitate transfer to another school.

All student record transfers will comply with the Family Educational Rights and Privacy Act ("FERPA") 20 U.S.C. § 1232g.

Financial Close-Out

The YCOE will commence an independent audit as soon as practicable, or at least within 60 days after the school's closure, which may coincide with the school's regular required annual audit. The purpose of the audit is to determine the school's net assets or net liabilities. The assessment will include an accounting of all the school's assets, including cash and accounts receivable and an inventory of property, equipment, and supplies, and an accounting of the school's liabilities, including any accounts receivable, which may include reduction in apportionments because of audit findings or other investigations, loans and unpaid staff compensation. The audit will also assess the disposition of any restricted funds received or due to the school. The cost of the audit may be considered YCCPCS' liability.

YCCPCS will complete and file any annual reports required pursuant to Education Code section 47604.33. These reports will be submitted as soon as possible after the closure action but by the required deadline for reporting for the fiscal year.

Dissolution of Assets

Upon completion of the closeout audit, the school administration and the Superintendent will develop a plan for repaying any liabilities in conformity with the Suggested Process for Charter School Closures (11/19/01), published by the California Department of Education.

Any net assets remaining after all debts and liabilities of YCCPCS (i) have been paid to the extent of the school corporation's assets or (ii) have been adequately provided for shall be returned to YCOE.

Required Supplemental Criteria: Financial/ Administrative Plan Financial Budget

The financial budget is maintained by and in collaboration with the YCOE Fiscal Services Department.

Required Supplemental Criteria: Community Impact

YCCPCS is a locally funded charter with an unduplicated student count of at least 70 percent of the school's total enrollment of high-risk student groups. YCCPCS serves students who have not been successful in the traditional school setting via a Personalized Learning Program. As a personalized K-12 Independent Study program serving high-risk student groups, the impact on the local schools is minimal and does not duplicate programs offered by the local districts.
