ADMINISTRATION

Francisco Reveles, Ed.D.	County Superintendent
Violette Begley	Director of Fiscal Services

ORGANIZATION

The Yuba County Office of Education (COE) was established in 1852. The COE coordinates the educational programs among school districts within Yuba County. The COE also provides professional and financial assistance to school districts and has general responsibilities to support and monitor all schools in the county. The activities of the COE are governed by five trustees comprising the Yuba County Board of Education. Each trustee is elected by the residents of an area approximating the county supervisory districts.

INDEPENDENT AUDITORS' REPORT

Board of Trustees
Yuba County Office of Education
Marysville, California

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Yuba County Office of Education, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise Yuba County Office of Education's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and *2019-20 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, issued by the Education Audit Appeals Panel. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

RT DENNIS
ACCOUNTANCY

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Yuba County Office of Education, as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information, such as management's discussion and analysis, budgetary comparisons, pension schedules, and OPEB schedule on pages 5 through 18 and 67 through 73, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Yuba County Office of Education's basic financial statements. The following schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements:

Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance") requires:

- ❖ Schedule of Expenditures of Federal Awards

2019-20 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting requires:

- ❖ LEA Organization Structure
- ❖ Schedule of ADA
- ❖ Schedule of Instructional Time
- ❖ Schedule of Financial Trends and Analysis
- ❖ Reconciliation of Annual Financial and Budget Report with Audited Financial Statements
- ❖ Schedule of Charter Schools

The above listed schedules are the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the above listed schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The Combining Statements of Non-Major Governmental Funds has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 24, 2021, on our consideration of Yuba County Office of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Yuba County Office of Education's internal control over financial reporting and compliance.

A handwritten signature in cursive script, appearing to read "M. J. Dennis", is written over a faint, illegible printed name.

March 24, 2021

MANAGEMENT'S DISCUSSION AND ANALYSIS

INTRODUCTION

Our discussion and analysis of Yuba County Office of Education's ("COE") financial performance provides an overview of the COE's financial activities for the fiscal year ended June 30, 2020. It should be read in conjunction with the COE's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- ▶ Total net position of both governmental and business-type activities decreased about 2%. There was a slight increase in asset-type and liability-type balances.
- ▶ During the year, the Yuba County Office of Education's total revenues were \$35.8 million and expenses were \$35.9 million.
- ▶ The net cost of the Yuba County Office of Education's governmental activities programs increased to \$10.3 million, due to costs increasing a bit more than the program revenue in 2019/20.
- ▶ The County School Services Fund (general fund) reported a decrease in fund balance this year of \$0.1 million most due to construction costs in the County School Facilities Fund.

OVERVIEW OF FINANCIAL STATEMENTS

This annual report consists of four parts—*management’s discussion and analysis* (this section), the *basic financial statements*, *required supplementary information*, and *supplementary information*, which presents federal awards, state required schedules, and combining statements for nonmajor governmental funds. The basic financial statements include two kinds of statements that present different views of the COE:

Figure A-1
Required Components of Yuba County Office of Education’s Annual Financial Report

The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the COE’s *overall* financial status. The remaining statements are *fund financial statements* that focus on *individual parts* of the COE government, reporting the COE’s operations in *more detail* than the government-wide statements.

The *governmental funds* statements tell how *basic* services like regular and special education were financed in the *short term* as well as what remains for future spending.

Proprietary fund statements offer *short- and long-term* financial information about the activities the government operates *like businesses*.

Fiduciary fund statements provide information about the financial relationships—the warrant pass-through and ASB—in which the COE acts solely as a *trustee or agent* for the benefit of others, to whom the resources in question belong.

The financial statements also include *notes* that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the financial statements with a comparison of the COE’s budget for the year. Figure A-1 shows how the various parts of this annual report are arranged and related to one another.

Organization of Yuba County Office of Education’s Annual Financial Report

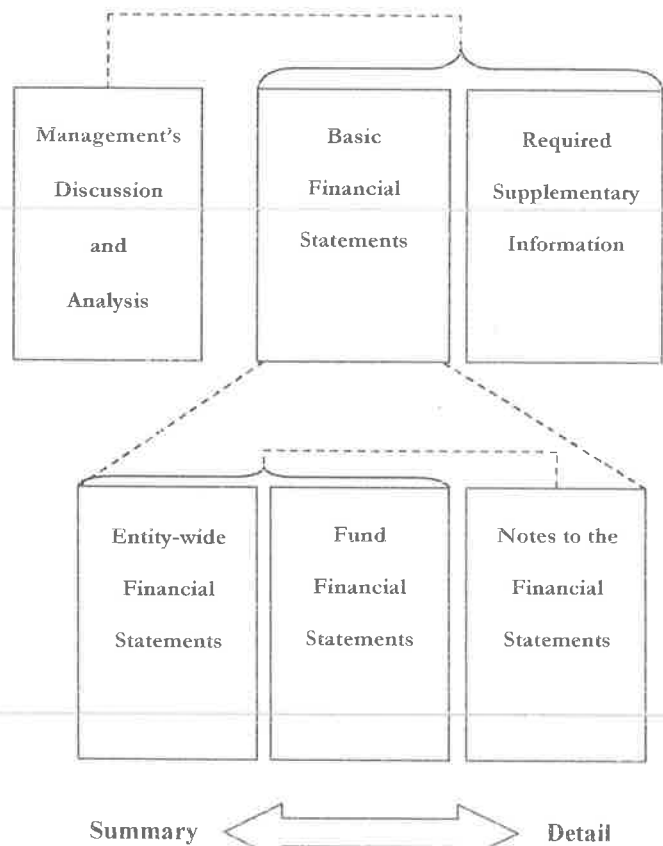

Figure A-2 summarizes the major features of the COE’s financial statements, including the portion of the COE’s activities they cover and the types of information they contain. The remainder of this overview section of management’s discussion and analysis highlights the structure and contents of each of the statements.

Entity-wide Statements

The entity-wide statements report information about the COE as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes *all* of the COE's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two entity-wide statements report the COE's *net position* and how they have changed. Net position—the difference between the COE's assets and liabilities—are one way to measure the COE's financial health or *position*.

- ❖ Over time, increases or decreases in the COE's net position are an indicator of whether its financial position is improving or deteriorating, respectively.
- ❖ To assess the overall health of the COE, you need to consider additional nonfinancial factors such as changes in the COE's property tax base and the condition of school buildings and other facilities. In the entity-wide financial statements, the COE's activities are divided into two categories:
 - *Governmental activities*—Most of the COE's basic services are included here, such as regular and special education, transportation, and administration. Property taxes and state formula aid finance most of these activities.
 - *Business-type activities*—The COE charges fees to help it cover the costs of certain services it provides. The COE's adult education programs and food services are included here.

YUBA COUNTY OFFICE OF EDUCATION

MANAGEMENT’S DISCUSSION AND ANALYSIS, Continued
 JUNE 30, 2020

Figure A-2
Major Features of Yuba County Office of Education’s Entity-wide and Fund Financial Statements

	Government-wide	Fund Statements		
	Statements	Governmental Funds	Proprietary Funds	Fiduciary Funds
Scope	Entire COE government (except fiduciary funds) and the COE’s component units	The activities of the COE that are not proprietary or fiduciary, such as self-insurance, ASB	Activities the COE operates similar to private businesses: child care, and self-insurance	Instances in which the COE is the trustee or agent for someone else’s resources, such as the ASB and warrant pass-through
Required financial statements	<ul style="list-style-type: none"> ➤ Statement of net position ➤ Statement of activities 	<ul style="list-style-type: none"> ➤ Balance sheet ➤ Statement of revenues, expenditures, and changes in fund balances 	<ul style="list-style-type: none"> ➤ Statement of net position ➤ Statement of revenues, expenses, and changes in net position ➤ Statement of cash flows 	<ul style="list-style-type: none"> ➤ Statement of fiduciary net position
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, and short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included	All assets and liabilities, both financial and capital, and short-term and long-term	All assets and liabilities, both short-term and long-term; the COE’s funds do not currently contain capital assets, although they can
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses during year, regardless of when cash is received or paid	All revenues and expenses during year, regardless of when cash is received or paid

Fund Financial Statements

The fund financial statements provide more detailed information about the COE’s *funds*, focusing on its most significant or “major” funds—not the COE as a whole. Funds are **accounting** devices the COE uses to keep track of **specific sources of funding and spending** on particular programs.

- ❖ Some funds are required by State law and by bond covenants.
- ❖ The COE establishes other funds to control and manage money for particular purposes (like repaying its long-term debts) or to show that it is properly using certain revenues (like federal grants).

YUBA COUNTY OFFICE OF EDUCATION

MANAGEMENT'S DISCUSSION AND ANALYSIS, Continued JUNE 30, 2020

The COE has three kinds of funds:

- ❖ *Governmental funds*—Most of the COE's basic services are included in governmental funds, which generally focus on (1) how *cash and other financial assets* that can readily be converted to cash flow in and out and (2) the balances left at yearend that are available for spending. Consequently, the governmental funds statements provide a detailed *short-term* view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the COE's programs. Because this information does not encompass the additional long-term focus of the entity-wide statements, we provide additional information with the governmental funds statements that explains the relationship (or differences) between them.
- ❖ *Proprietary funds*—Services for which the COE charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the entity-wide statements.
 - In fact, the COE's *enterprise funds* (one type of proprietary fund) are the same as its business-type activities, but provide more detail and additional information, such as cash flows.
 - We use *internal service funds* (the other kind of proprietary fund) to report activities that provide supplies and services for the COE's other programs and activities. The COE currently has one internal service fund—the OPEB Self-Insurance fund.
- ❖ *Fiduciary funds*—The COE is the trustee, or *fiduciary*, for assets that belong to others, such as the scholarship fund and the student activities funds. The COE is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. We exclude these activities from the entity-wide financial statements because the COE cannot use these assets to finance its operations.

YUBA COUNTY OFFICE OF EDUCATION

MANAGEMENT'S DISCUSSION AND ANALYSIS, Continued
 JUNE 30, 2020

FINANCIAL ANALYSIS OF THE ENTITY AS A WHOLE

Net Position

Due to the various pension liabilities the COE reported a total deficit unrestricted net position of \$7.8 million. (See Table 1.)

Table 1 - Net Position

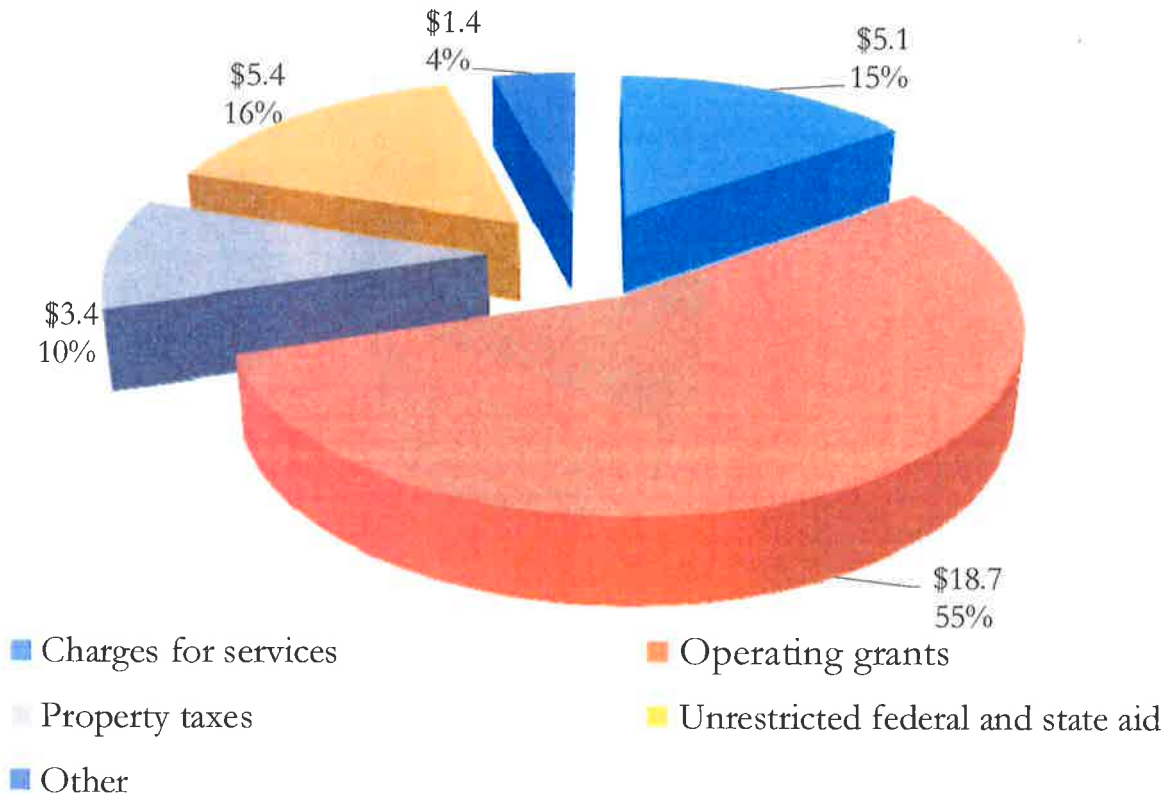

(\$ Amounts in millions)	Governmental Activities		Business-Type Activities		Total		\$ Change	% Change
	2020	2019	2020	2019	2020	2019		
ASSETS								
Current assets	\$ 18.8	\$ 17.1	\$ -	\$ -	\$ 18.8	\$ 17.1	\$ 1.7	10%
Capital assets, net	12.7	11.4	1.3	1.3	14.0	12.7	1.3	10%
Total Assets	31.5	28.5	1.3	1.3	32.8	29.8	3.0	10%
DEFERRED OUTFLOWS OF RESOURCES								
	5.3	5.2	-	-	5.3	5.2	0.1	2%
LIABILITIES								
Current liabilities	6.7	5.0	-	-	6.7	5.0	1.7	34%
Non-current liabilities	24.8	22.9	-	0.1	24.8	23.0	1.8	8%
Total Liabilities	31.5	27.9	-	0.1	31.5	28.0	3.5	13%
DEFERRED INFLOW OF RESOURCES								
	0.7	1.0	-	-	0.7	1.0	(0.3)	-30%
NET POSITION								
Net investment in capital assets	11.4	9.9	1.3	1.3	12.7	11.2	1.5	13%
Restricted	1.0	1.0	-	-	1.0	1.0	-	0%
Unrestricted - (Deficit)	(7.8)	(6.1)	-	(0.1)	(7.8)	(6.2)	(1.6)	26%
Total Net Position	\$ 4.6	\$ 4.8	\$ 1.3	\$ 1.2	\$ 5.9	\$ 6.0	\$ (0.1)	-2%

All of the components of net position are either restricted as to the purposes they can be used for or are invested in capital assets (buildings, equipment, and so on). Consequently, the *unrestricted* component of net position showed a \$7.8 million deficit at the end of this year. This deficit does not mean that the COE does not have resources available to pay its bills next year. Rather, it is the result of having *long term commitments* that are *greater than currently available resources*. Specifically, the COE did not include in past annual budgets the full amounts needed to finance future liabilities arising mainly from the various pension liabilities, as well as, the total booking of depreciation. The COE will include these amounts in future years' budgets as they come due.

Changes in Net Position

The COE's total governmental revenues increased by about one percent to \$35.8 million. (See Table 2.) Over half of the revenue comes from operating grants, and nineteen cents of every dollar raised comes unrestricted state and federal aid (mostly LCFF state aid). (See Revenue Allocation.) Another fifteen percent comes from fees charged for services, and most of the rest is other state and local sources.

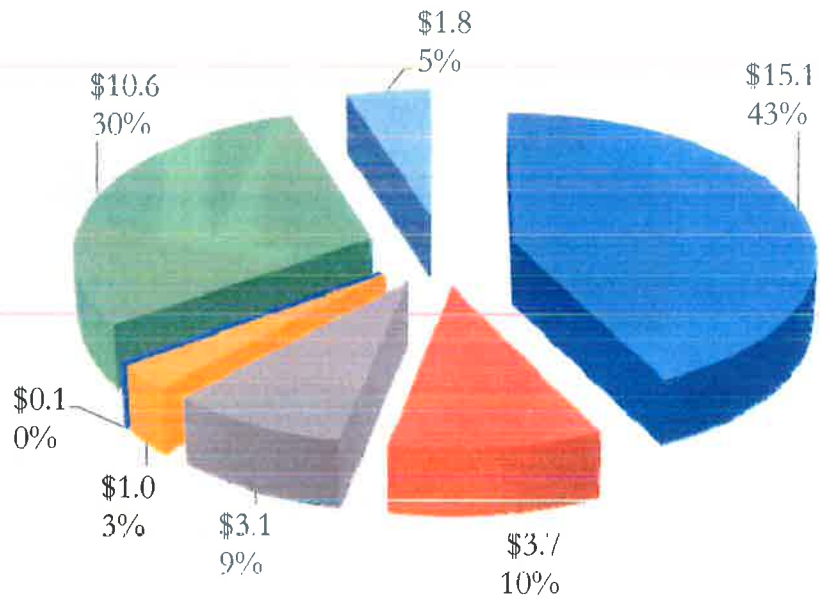

Revenue Allocation (*\$ amounts in millions*)

The total cost of all governmental programs and services increased to \$35.9 million, (or six percent). The COE's expenses cover a range of services, with the two largest parts being related to instruction (and related) and transfers to other agencies. (See Expense Allocation.)

Expense Allocation *(\$ amounts in millions)*

- Instruction and instruction related
- Pupil services
- General administration
- Plant services
- Interest
- Transfers to other agencies
- Other

YUBA COUNTY OFFICE OF EDUCATION

MANAGEMENT'S DISCUSSION AND ANALYSIS, Continued
 JUNE 30, 2020

Table 2 and the narrative that follows consider the operations of governmental and business-type activities separately.

Table 2 - Changes in Net Position

Excess/(Deficiency)	\$ (0.1)	\$ 1.5	\$ -	\$ 0.2	\$ (0.1)	\$ 1.7	\$ (1.8)	-106%

Governmental Activities

Revenues for the COE's governmental activities slightly increased, and total expenses also slightly increased. Basically, there was very little change in 2019/20 versus 2018/19.

Business-type Activities

Activity decreased in 2019-20, the special item is from the reduction in pension liability due to a decrease in staffing. Plumas Lake Child Development Center had less revenue and less expense because YCOE is no longer operating a center. Now YCOE is only renting out the buildings. The special item reflects pension allocation down because of the staffing change.

YUBA COUNTY OFFICE OF EDUCATION

MANAGEMENT'S DISCUSSION AND ANALYSIS, Continued
 JUNE 30, 2020

Table 3 presents the cost of each of the COE's four largest programs—instruction and instruction related, student services, plant services, and all others—as well as each program's *net cost* (total cost less fees generated by the activities and intergovernmental aid). The net cost shows the financial burden that was placed on the COE by each of these functions.

- The cost of all *governmental* activities this year was \$35.9 million.
- Some of the cost was paid by:
 - Those who directly benefited from the programs (\$5.1 million),
 - Other governments that subsidized certain programs with grants and contributions (\$18.7 million).
 - State school bonds that subsidized capital programs with grants and contributions (\$1.8 million).
- The COE paid for the \$10.3 million “public benefit” portion with \$3.4 million in taxes, \$5.4 from unrestricted state aid, and the rest from other revenues such as interest, interagency revenue, and miscellaneous (\$1.4 million).

Table 3 - Net Cost of Governmental Activities

(\$ Amounts in millions)	Total Cost of Services		Net Cost of Services		\$ Change	% Change
	2020	2019	2020	2019

Total	\$ 35.9	\$ 33.9	\$ 10.3	\$ 9.0	\$ 1.3	14%

FINANCIAL ANALYSIS OF THE COE'S FUNDS

Fund Financial Statement

As the COE completed the year, its funds reported a *combined* fund balance of almost \$9.0 million, slightly increased over last year. Included in this year's total change in fund balance, however, is a loss of \$0.1 million in the COE's general fund. The primary reasons for the fund's loss is from one-time funding, as follows:

- Transfer of cash for facilities projects and construction costs.

Table 4 - Funds' Performance

County School Services Fund Budgetary Highlights

Over the course of the year, the School Board revised the COE budget several times. These budget amendments fall into three categories:

- ❖ Amendments and supplemental appropriations approved in December (1st Interim) to reflect the actual beginning account balances (correcting the estimated amounts in the budget adopted in June 2019).
- ❖ Changes made in the 2nd Interim to account for the midyear hiring and other changes.
- ❖ Increases in appropriations to prevent budget overruns.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The COE restated capital assets as mentioned previously.

At June 30, 2020, the COE had invested a total \$21.2 million in a broad range of capital assets, including construction in progress, buildings, building improvements, and equipment. (See Table 6.) There was a net increase (including additions and deductions) of \$1.3 million over last year.

Table 6 - COE's Capital Assets

	Governmental		Business-Type		Total		\$ Change	% Change
	Activities		Activities					
	2020	2019	2020	2019	2020	2019		
<i>(\$ Amounts in millions)</i>								
CAPITAL ASSETS								
Land and const. in progress	\$ 1.8	\$ 1.3	\$ -	\$ -	\$ 1.8	\$ 1.3	\$ 0.5	38%
Buildings and equipment	17.7	16.5	1.7	1.6	19.4	18.1	1.3	7%
Accumulated depreciation	(6.8)	(6.4)	(0.4)	(0.3)	(7.2)	(6.7)	(0.5)	7%
Total Capital Assets	\$ 12.7	\$ 11.4	\$ 1.3	\$ 1.3	\$ 14.0	\$ 12.7	\$ 1.3	10%

Long-Term Liabilities

Most activity on long-term liabilities is the pay-down of the lease purchase and the change in pension liability.

YUBA COUNTY OFFICE OF EDUCATION

MANAGEMENT'S DISCUSSION AND ANALYSIS, Continued JUNE 30, 2020

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

At the time of 2020-21 budget development, the COE was aware of several circumstances that could affect its future financial health.

- Minimal changes in federal, state, and local funding allocations
- Aging facilities
- Increase cost of employee retirement
- Waiting on state facility bond allocation.
- Transfer of special education programs to Districts.

These indicators were taken into account when adopting the general fund budget for 2020-21. Amounts available for appropriation in the general fund budget are \$ million, a decrease of six percent over the final 2020 budget of \$19.2 million. The COE will adjust for federal carryover funding once the amounts are known.

Budgeted expenditures are expected to decrease in relation to revenue. An increase in wages for step & column adjustments, PERS increase and STRS decreases, for a total of \$300,000 based on agreements reached with the certificated and classified unions in 2020. The COE will increase program services using differentiated assistance funding received through LCFF in 2020-21.

If these estimates are realized, the COE's budgetary general fund balance is expected to stabilize by the close of 2020-21.

CONTACTING THE COE'S FINANCIAL MANAGEMENT

The financial report is designed to provide our citizens, taxpayers, parents, participants, investors and creditors with a general overview of the COE's finances and to demonstrate the COE's accountability for money it receives. If you have any questions about this report, or need additional financial information, contact Violette Begley, Director of Fiscal Services, 935 14th Street, Marysville, CA 95901 (530) 749-4900.

YUBA COUNTY OFFICE OF EDUCATION

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION
 JUNE 30, 2020

(Amounts in thousands)

Total Fund Balance - Governmental Funds \$ 8,985

Amounts reported for assets and liabilities for governmental activities in the statement of net position are different from amounts reported in governmental funds because:

Capital assets:

In governmental funds, only current assets are reported. In the statement of net position, all assets are reported, including capital assets and accumulated depreciation:

	Capital assets	\$ 19,463	
	Accumulated depreciation	(6,808)	12,655

Unmatured interest on long-term debt:

In governmental funds, interest on long-term debt is not recognized until the period in which it matures and is paid. In the government-wide statement of activities, it is recognized in the period that it is incurred. The additional liability for unmaturing interest owing at the end of the period was:

(8)

Deferred recognition of earned but unavailable revenues:

In governmental funds, revenue is recognized only to the extent that it is "available," meaning it will be collected soon enough after the end of the period to finance expenditures of that period. Receivables for revenues that are earned but unavailable are deferred until the period in which the revenues become available. In the government-wide statements, revenue is recognized when earned, regardless of availability. The amount of unavailable revenues that were deferred in governmental funds, but are recognized in the government-wide statements, is:

2,153

YUBA COUNTY OFFICE OF EDUCATION

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION, Continued
 JUNE 30, 2020

(Amounts in thousands)

Long-term obligations:

In governmental funds, only current liabilities are reported. In the statement of net position, all liabilities, including long-term liabilities, are reported. Long-term liabilities relating to governmental activities consist of:

Net pension liability	20,926	
Net OPEB obligation, Cal STRS	56	
Compensated absences	157	
Capital leases payable	114	
Lease purchase bonds payable	1,116	
Deferred loss on debt refunding	(32)	(22,337)

Deferred outflows and inflows of resources relating to pensions:

In governmental funds, deferred outflows and inflows of resources relating to pensions are not reported because they are applicable to future periods. In the statement of net position, deferred outflows and inflows of resources relating to pensions are reported.

Deferred outflows of resources	5,269
Deferred inflows of resources	(675)

Internal service funds:

Internal service funds are used to conduct certain activities for which costs are charged to other funds on a full cost-recovery basis. Because internal service funds are presumed to operate for the benefit of governmental activities, assets and liabilities of internal service funds are reported with governmental activities in the statement of net position. net position for internal service funds are:

**RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCE TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2020**

(Amounts in thousands)

Net Change in Fund Balances - Governmental Funds \$ 6

Amounts reported for governmental activities in the statement of activities are different from amounts reported in governmental funds because:

Capital outlay:

In governmental funds, the costs of capital assets are reported as expenditures in the period when the assets are acquired. In the statement of activities, costs of capital assets are allocated over their estimated useful lives as depreciation expense. The difference between capital outlay expenditures and depreciation expense for the period is:

	Expenditures for capital outlay:	1,646	
	Depreciation expense:	(463)	1,183

Debt service:

In governmental funds, repayments of long-term debt are reported as expenditures. In the government-wide statements, repayments of long-term debt are reported as reductions of liabilities. Expenditures for repayment of the principal portion of long-term debt were:

403

Debt proceeds:

In governmental funds, proceeds from debt are recognized as Other Financing Sources. In the government-wide statements, proceeds from debt are reported as increases to liabilities. Amounts recognized in governmental funds as proceeds from debt, net of issue premium or discount, were:

(28)

Gain or loss from disposal of capital assets:

In governmental funds, the entire proceeds from disposal of capital assets are reported as revenue. In the statement of activities, only the resulting gain or loss is reported. The difference between the proceeds from disposal of capital assets and the resulting loss is:

(7)

Earned but unavailable revenues:

In governmental funds, revenues are recognized only to the extent that they are "available," meaning they will be collected soon enough after the end of the period to finance expenditures of that period. In the governmental-wide statements, revenue is recognized when earned, regardless of availability. The amount of earned but unavailable revenues relating to the current period, less revenues that became available in the current period but related to a prior period, is:

(6)

Unmatured interest on long-term debt:

In governmental funds, interest on long-term debt is recognized in the period that it becomes due. In the government-wide statement of activities, it is recognized in the period it is incurred. Unmatured interest owing at the end of the period, less matured interest paid during the period but owing from the prior period, was:

YUBA COUNTY OFFICE OF EDUCATION

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCE TO THE STATEMENT OF ACTIVITIES,
Continued
FOR THE YEAR ENDED JUNE 30, 2020

(Amounts in thousands)

Compensated absences:

In governmental funds, compensated absences are measured by the amounts paid during the period. In the statement of activities, compensated absences are measured by the amount earned. The difference between compensated absences paid and compensated absences earned, was:

(68)

Pensions:

In government funds, pension costs are recognized when employer contributions are made. In the statement of activities, pension costs are recognized on the accrual basis. This year, the difference between accrual-basis pension costs and actual employer contributions was:

(1,631)

Cal STRS Postemployment benefits other than pensions ("OPEB"):

In governmental funds, OPEB costs are recognized when employer contributions are made. In the statement of activities, OPEB costs are recognized on the accrual basis. This year, the difference between OPEB costs and actual employer contributions was:

(1)

Amortization of debt issue premium or discount or deferred gain or loss from debt refunding:

In governmental funds, if debt is issued at a premium or at a discount, the premium or discount is recognized as an Other Financing Source or an Other Financing Use in the period it is incurred. In the government-wide statements, the premium or discount, plus any deferred gain or loss from debt refunding, is amortized as interest over the life of the debt. Amortization of debt issue premium or discount, or deferred gain or loss from debt refunding, for the period is:

(12)

Internal Service Funds:

Internal service funds are used to conduct certain activities for which costs are charged to other funds on a full cost-recovery basis. Because internal service funds are presumed to benefit governmental activities, internal service activities are reported as governmental in the statement of activities. The net increase or decrease in internal service funds was:

(17)

Change in net position of Governmental Activities

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1 - A. Financial Reporting Entity

The Yuba County Office of Education (“COE”), also known as a Local Educational Agency (“LEA”), is a public educational agency operating under the applicable laws and regulations of the State of California. It is governed by a five member County Board of Education (Board) elected by registered voters of the COE, which comprises an area in Yuba County. The COE was established in 1852 and serves students in pre K – 12 curriculum, ages 3 – 22.

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading. The primary government of the COE consists of all funds, departments, and agencies that are not legally separate from the COE. For Yuba County Office of Education, this includes general operations and student related activities of the COE.

1 - B. Component Unit

Component units are legally separate organizations for which the COE is financially accountable. Component units may also include organizations that are fiscally dependent on the COE, in that the COE approves their budget, the issuance of their debt or the levying of their taxes. In addition, component units are other legally separate organizations for which the COE is not financially accountable but the nature and significance of the organization's relationship with the COE is such that exclusion would cause the COE's financial statements to be misleading or incomplete. For financial reporting purposes, the component units have a financial and operational relationship which meets the reporting entity definition criteria of the Governmental Accounting Standards Board (GASB) Statement No. 14, The Financial Reporting Entity, and thus are included in the financial statements of the COE. The component units, although legally separate entities, are reported in the financial statements using the blended presentation method as if they were part of the COE's operations because the governing board of the component units is essentially the same as the governing board of the COE and because their purpose is to finance the construction of facilities to be used for the direct benefit of the COE.

The Yuba County Board of Education Financing Corporation (the “Corporation”) financial activity is presented in the financial statements as the Debt Service Fund. The Certificates of Participation issued by the Corporation are included as long-term liabilities in the entity-wide financial statements. Individually prepared financial statements are not prepared for the Corporation.

1 - C. Other Related Entities

Joint Powers Authority (JPA). The COE is associated with three JPAs. These organizations do not meet the criteria for inclusion as a component unit of the COE. Additional information is presented in Note 13 to the financial statements. These organizations are:

- ❖ North Valley Schools Insurance Group (NSIG)
- ❖ Tri-County Schools Insurance Group (TCSIG)
- ❖ Schools Excess Liabilities Fund (SELF)

1 - D. Basis of Presentation

Government-Wide Statements. The statement of net position and the statement of activities display information about the primary government (the COE) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenue, and other non-exchange transactions.

The statement of activities presents a comparison between direct expenses and program revenue for each function of the COE's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reserved for the statement of activities. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting of operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment is self-financing or draws from the general revenues of the COE.

Fund Financial Statements. The fund financial statements provide information about the COE's funds, including its fiduciary funds. Separate statements for each fund category – *governmental*, *proprietary*, and *fiduciary* – are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as non-major funds.

Governmental funds are used to account for activities that are governmental in nature. Governmental activities are typically tax-supported and include education of pupils, operation of food service and child development programs, construction and maintenance of school facilities, and repayment of long-term debt.

Proprietary funds are used to account for activities that are more business-like than government-like in nature. Business-type activities include those for which a fee is charged to external users or to other organizational units of the LEA, normally on a full cost-recovery basis. Proprietary funds are generally intended to be self-supporting.

Fiduciary funds are used to account for assets held by the LEA in a trustee or agency capacity for others that cannot be used to support the LEA's own programs.

Major Governmental Funds

County School Services Fund. The general fund for a county office of education is called the County School Service Fund (*Education Code* §1600). This is the chief operating fund for all LEAs. It is used to account for the ordinary operations of an LEA. All transactions except those accounted for in another fund are accounted for in this fund.

Charter Schools Special Revenue Fund. This fund may be used by authorizing LEAs to account separately for the activities of LEA-operated charter schools that would otherwise be reported in the authorizing LEA's general fund. If an LEA uses this fund for any of a charter school's operating activities, it should use this fund for all of the charter school's operating activities.

Special Education Pass-Through Fund. This fund is used by the Administrative Unit ("AU") of a multi-LEA Special Education Local Plan Area (SELPA) to account for Special Education revenue passed through to other member LEAs.

YUBA COUNTY OFFICE OF EDUCATION

NOTES TO FINANCIAL STATEMENTS, *Continued*
JUNE 30, 2020

Deferred Maintenance Fund. This fund is used to account separately for revenues that are restricted or committed for deferred maintenance purposes (*Education Code §17582*).

County School Facilities Fund. This fund is established pursuant to *Education Code §17070.43* to receive apportionments from the 1998 State School Facilities Fund (Proposition 1A), the 2002 State School Facilities Fund (Proposition 47), the 2004 State School Facilities Fund (Proposition 55), the 2006 State School Facilities Fund (Proposition 1D) or the 2016 State School Facilities Fund (Proposition 51). The fund is used primarily to account for new school facility construction, modernization projects, and facility hardship grants, as provided in the Leroy F. Greene School Facilities Act of 1998 (*Education Code §17070.10 et seq.*).

Non-Major Governmental Funds

Special Revenue Funds are established to account for the proceeds from specific revenue sources (other than trusts, major capital projects, or debt service) that are restricted or committed to the financing of particular activities and that compose a substantial portion of the inflows of the fund. Additional resources that are restricted, committed, or assigned to the purpose of the fund may also be reported in the fund:

Child Development Fund. This fund is used to account separately for federal, state, and local revenues to operate child development programs. All moneys received by an LEA for, or from the operation of, child development services covered under the Child Care and Development Services Act (*Education Code §8200 et seq.*) shall be deposited into this fund. The moneys may be used only for expenditures for the operation of child development programs. The costs incurred in the maintenance and operation of child development services shall be paid from this fund, with accounting to reflect specific funding sources (*Education Code §8328*).

Forest Reserve Fund (county offices). This fund exists to account separately for federal forest reserve funds received by offices of county superintendents for distribution to school districts and community college districts (*Education Code §2300; Government Code §29484*).

Capital Project Funds. Capital project funds are established to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds).

Special Reserve Fund for Capital Outlay Projects. This fund exists primarily to provide for the accumulation of general fund moneys for capital outlay purposes (*Education Code §42840*). This fund may also be used to account for any other revenues specifically for capital projects that are not restricted to fund 21, 25, 30, 35, or 49. Other authorized resources that may be deposited to the Special Reserve Fund for Capital Outlay Projects (Fund 40) are proceeds from the sale or lease-with-option-to-purchase of real property (*Education Code §17462*) and rentals and leases of real property specifically authorized for deposit to the fund by the governing board (*Education Code §41003*).

Debt Service Funds. Debt service funds are established to account for the accumulation of resources for and the payment of principal and interest on general long-term debt.

Debt Service Fund. This fund is used for the accumulation of resources for and the retirement of principal and interest on general long-term debt.

YUBA COUNTY OFFICE OF EDUCATION

NOTES TO FINANCIAL STATEMENTS, Continued
JUNE 30, 2020

Proprietary Funds

Enterprise Funds. Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. An enterprise fund is accounted for on the accrual basis. Capital assets and long-term debt (including all long-term debt obligations such as vacation pay and capital leases) are recorded in the fund. All revenues and expenses (rather than expenditures) are recorded, regardless of when they are received or paid. Depreciation of capital assets is recorded.

Other Enterprise Fund. The COE accounts for child development preschool program using an enterprise fund, because it is financed through collection of fees for the services provided. The fund reports expenditures and revenues related to the child development center activities outside of the normal operation of the COE.

Internal Service Funds. Internal service funds are created principally to render services to other organizational units of the LEA on a cost-reimbursement basis. These funds are designed to be self-supporting with the intent of full recovery of costs, including some measure of the cost of capital assets, through user fees and charges.

Self-Insurance Fund. Self-insurance funds are used to separate moneys received for self-insurance activities from other operating funds of an LEA. Separate funds may be established for each type of self-insurance activity, such as workers' compensation, health and welfare, and deductible property loss (*Education Code* §17566).

Fiduciary Funds

Trust and Agency Funds. Trust and Agency funds are used to account for assets held in a trustee or agent capacity for others that cannot be used to support the LEA's own programs. The key distinction between trust and agency funds is that trust funds are subject to a trust agreement that affects the degree of management involvement and the length of time that the resources are held.

Warrant/Pass-Through Fund. This fund exists primarily to account separately for amounts collected from employees for federal taxes, state taxes, transfers to credit unions, and other contributions. It is also used to account for those receipts for transfer to agencies for which the LEA is acting simply as a "cash conduit."

Student Body Fund. The Student Body Fund is an agency fund and, therefore, consists only of accounts such as Cash and balancing liability accounts, such as Due to Student Groups. The student body itself maintains its own general fund, which accounts for the transactions of that entity in raising and expending money to promote the general welfare, morale, and educational experiences of the student body (*Education Code* §48930–§48938).

1 - E. Basis of Accounting

Government-Wide, Proprietary, and Fiduciary Financial Statements. The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus. The government-wide, proprietary, and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

Net Position should be reported as restricted when constraints placed on net position use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The net position restricted for other activities result from special revenue funds and the restrictions on their net position use.

Governmental Funds. Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The COE considers all revenues reported in the governmental funds to be available if the revenues are collected within one year after year-end. All other revenue items are considered to be measurable and available only when the COE receives cash. Revenue limits, property taxes, and grant awards are recorded the same as what is described for Government-Wide Statements. Expenditures generally are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, early retirement and postemployment healthcare benefits and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Eliminating Internal Activity. Transactions between funds that would be treated as revenues, expenditures, or expenses if they involve entities external to the COE are accounted for as revenues, expenditures, or expenses in the funds. At year-end, outstanding balances between funds are reported in the fund financial statements. Amounts reported in the funds as Due to or Due from Other Funds are eliminated in the governmental and business-type activities columns of the statement of net position, except for the net residual amounts due between governmental and business-type activities, which are presented as internal balances.

The COE eliminates its internal service activity in the statement of activities. This is accomplished by eliminating the revenues and expenses of the internal service funds against each other, and then distributing the residual amount among the various functions based upon the volume of activity they had during the year with each internal service fund. Any inter-fund services provided and used were not eliminated in the functional areas in which they were incurred.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements. ~~Interfund transfers are eliminated in the governmental activities~~ columns of the statement of activities.

Estimates. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

1 - F. Assets, Liabilities, and Net Position

Fair Value. The COE categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Acquisition Value. The price that would be paid to acquire an asset with equivalent service potential in an orderly market transaction at the acquisition date, or the amount at which a liability could be liquidated with the counterparty at the acquisition date.

YUBA COUNTY OFFICE OF EDUCATION

NOTES TO FINANCIAL STATEMENTS, Continued
 JUNE 30, 2020

Deposits and Investments. The cash balances of substantially all funds are pooled and invested by the county treasurer for the purpose of increasing earnings through investment activities. The pool's investments are reported at fair value at June 30, 2020, based on market process. The individual funds' portions of the pool's fair value are presented as "Cash in County." Earnings on the pooled funds are apportioned and paid or credited to the funds quarterly based on the average daily balance of each participating fund. The COE considers these balances to be cash on hand and demand deposits. In addition, because the Cash in County is sufficiently liquid to permit withdrawal of cash at any time without prior notice or penalty, equity in the pool is also deemed to be a cash equivalent. The COE considers the deposits and investments in proprietary funds to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Capital Assets. Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at acquisition value. The COE maintains a capitalization threshold of \$30,000. The COE does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Depreciation of capital assets is computed and recorded by the straight-line method over the following estimated useful life

<u>Asset Class</u>	<u>Estimated Useful Life</u>
Buildings	50
Site Improvements	20
Equipment	5 – 20
Equipment	5 – 20
Vehicles	8

Interfund Balances. On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "Due from other funds/Due to other funds." These amounts are eliminated in the governmental activities columns of the statement of net position.

Compensated Absences. Accumulated unpaid employee vacation benefits are accrued as a liability as the benefits are earned. The entire compensated absence liability is reported on the government-wide financial statements. For governmental funds, the current portion of unpaid compensated absences is the amount that is normally expected to be paid using expendable available financial resources. These amounts are recorded in the accounts payable in the fund from which the employees who have accumulated leave are paid. The non-current portion of the liability is not reported.

Pensions. For purposes of measuring the net pension liabilities, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of both the CA State Teachers Retirement System ("STRS") and CA Public Employee Retirement System Pension Plan ("PERS") and additions to/deductions from the respective fiduciary net positions have been determined on the same basis as they are reported by STRS and PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Accrued Liabilities and Long-Term Obligations. All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds.

However, claims and judgments and special termination benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases, and long-term loans are recognized as liabilities in the governmental fund financial statements when due.

YUBA COUNTY OFFICE OF EDUCATION

NOTES TO FINANCIAL STATEMENTS, Continued
JUNE 30, 2020

Premiums and Discounts. In the government-wide financial statements, long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. Bond premiums and discounts, as well as insurance costs, are deferred and amortized over the life of the bonds using the straight-line method.

Fund Balance. Fund balance is divided into five classifications based primarily on the extent to which the COE is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable – The portion of fund balance reflecting assets not in spendable form, either because they will never convert to cash (such as prepaid items) or must remain intact pursuant to legal or contractual requirements (such as the revolving account or principal of a permanent endowment).

Restricted – The portion of fund balance representing resources subject to legally enforceable constraints externally imposed either by resource providers (e.g., grantors or creditors) or by law through constitutional provisions or enabling legislation.

Committed – The portion of fund balance representing resources whose use is constrained by limitations self-imposed by the LEA through formal action of its highest level of decision-making authority. The constraints can be modified or removed only through the same process by which they were imposed. The action imposing the constraint must be made by the end of the reporting period. The actual amounts may be determined at a later date, prior to the issuance of the financial statements.

Assigned – The portion of fund balance representing resources that are intended to be used for specific purposes but for which the constraints do not meet the criteria to be reported as restricted or committed. Intent may be established either by the LEA's highest level of decision-making authority or by a designated body or official. Constraints giving rise to assigned fund balance may be imposed at any time before the financial statements are issued. The constraints may be modified or removed by a process less formal than is required to remove constraints that give rise to committed fund balance. In governmental fund types other than the general fund, this is the residual fund balance classification.

Unassigned – In the general fund, residual fund balance in excess of amounts reported in the nonspendable, restricted, committed, or assigned fund balance classifications and net of Reserve for Economic Uncertainties. In all governmental funds including the general fund, the excess of nonspendable, restricted, and committed fund balance over total fund balance (deficits). Assigned amounts must be reduced or eliminated if a deficit exists.

The COE applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Net Position. Net Position represents the difference of assets and deferred outflows of resources less liabilities and deferred inflows of resources. Net Position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. The COE has related debt outstanding as of June 30, 2020. Net Position are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the COE or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The COE first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available. The entity-wide financial statements report \$1.0 million of restricted net position.

1 - G. Revenue, Expenditures/Expenses

Revenues – Exchange and Non-Exchange Transactions. The LCFF and other state apportionments are government mandated non-exchange transactions and are recognized when all eligibility requirements have been met. When the annual calculation of the LCFF is made and the COE's actual tax receipts, as reported by the county auditor, is subtracted the result determines the annual state aid to which the LEA is entitled. If the difference between the calculated annual state aid and the state aid received on the second principal apportionment is positive a receivable is recorded, and if it is negative a payable is recorded.

The COE recognizes property tax revenues actually received as reported on California Department of Education ("CDE")'s Principal Apportionment Data Collection Software, used by county offices of education and county auditors to report school district and county taxes. The COE makes no accrual for property taxes receivable as of June 30.

The COE receives grant awards that are "reimbursement type" or "expenditure driven." The eligibility requirements of these awards have not been met until the LEA has made the required expenditures of the grant within the time period specified by the grantor. Revenue is recognized in the period in which the qualifying expenditures are made. Cash received but unspent at the end of the fiscal period is booked as a liability, and revenue is reduced to the amount that has been expended.

The COE also receives funds for which they have fulfilled specific eligibility requirements or have provided a particular service. Once the LEAs have provided these services, they have earned the revenue provided. Any unspent money may be carried to the next year to be expended for the same restricted purposes. Revenue is recognized in the period that the service is provided, and any carryover becomes a part of the LEA's ending fund balance.

Unearned Revenue. Unearned revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the COE prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the COE has a legal claim to the resources, the liability for unearned revenue is removed from the combined balance sheet and revenue is recognized.

Certain grants received that have not met eligibility requirements are recorded as unearned revenue. On the governmental fund financial statements, receivables that will not be collected within the available period are also recorded as unearned revenue.

Expenses/Expenditures. On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Principal and interest on long-term obligations, which has not matured, are recognized when paid in the governmental funds. Allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds.

Operating Revenues and Expenses. Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities. Operating expenses result from transactions directly associated with the fund's principal services.

NOTE 2- DEPOSITS AND INVESTMENTS

2 - A. Summary of Deposits and Investments

	Governmental Activities	Business-Type Activities	Fiduciary Funds	Total
Deposits in financial institutions	\$ 3,001	\$ -	\$ 7,395	\$ 10,396
Cash in County	7,205,212	395	4,696,754	11,902,361
Total	\$ 7,208,213	\$ 395	\$ 4,704,149	\$ 11,912,757

2 - B. Policies and Practices

The COE is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the state; U.S. Treasury instruments; registered state warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations; the Yuba County Investment Pool.

Investment in County Treasury – The COE is considered to be an involuntary participant in an external investment pool as the COE is required to deposit all receipts and collections of monies with their County Treasurer (Education Code Section 41001). The fair value of the COE's investment in the pool is reported in the accounting financial statements at amounts based upon the COE's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

2 - D. Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The COE manages its exposure to interest rate risk by investing in the county pool. See "Specific Identification" for various maturities of the COE's investments.

2 - E. Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The underlying investments owned by the COE are listed in "Specific Identification."

YUBA COUNTY OFFICE OF EDUCATION

NOTES TO FINANCIAL STATEMENTS, Continued
 JUNE 30, 2020

2 - F. Specific Identification

Information about the sensitivity of the fair values of the COE's investments to market interest rate fluctuation is provided by the following schedule that shows the distribution of the COE's investments by maturity:

<u>Investment Type:</u>	<u>S & P Rating</u>	<u>Maturity (Days)</u>	<u>Reported Value</u>	<u>Level</u>	<u>Fair Value</u>
Cash in county	A - AAA	240	\$ 11,902,361	2	\$ 11,972,085

Custodial Credit Risk – Deposits

This is the risk that in the event of a bank failure, the COE's deposits may not be returned to it. The COE does not have a policy for custodial credit risk for deposits. However, the California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits. As of June 30, 2020, the COE's bank balance of \$11,186 was insured.

NOTE 3 – ACCRUED RECEIVABLES/NOTE RECEIVABLE

3 - A. Accrued Receivables

Receivables at June 30, 2020, consisted of intergovernmental grants, entitlements, interest, and other local sources. All receivables are considered collectible in full.

3 - B. Note Receivable

On February 22, 2016, the COE sold a parcel of land and a building for \$106,320, where \$91,200 is to be received in monthly installments of \$577, plus interest at a rate of 4.5% per annum. The payments are to conclude on February 22, 2026 at which point the balance is to be paid off, which is scheduled to be \$55,671. As of June 30, 2020, the non-current balance was \$75,000 recorded in note receivable in the entity-wide statement of net position.

NOTE 4 – CAPITAL ASSETS

Capital asset activity for the fiscal year ended June 30, 2020, was as follows:

8 - B. Lease-Purchase Agreement (COP Advanced Refunding)

On August 1, 2014, the COE entered into a lease-purchase agreement in the amount of \$3,100,000 with an average coupon interest rate of 2.835% to advance refund COPs bonds with an interest rate of between 2.0% and 4.5%. The COPs mature on April 1, 2023, and are callable on August 1, 2014. The lease-purchase agreement was issued at par and, after paying issuance costs of \$47,455, the net proceeds were \$3,052,545. The net proceeds from the issuance of the lease-purchase agreement were used to call the COPs on August 1, 2014.

As a result of the advance refunding, the COE reduced its total debt service requirements by \$196,640, however, resulted in an economic loss (difference between the present value of the debt service payments on the old and new debt) of \$100,000.

YUBA COUNTY OFFICE OF EDUCATION

NOTES TO FINANCIAL STATEMENTS, Continued
JUNE 30, 2020

The annual requirements to amortize the lease-purchase agreement outstanding as of June 30, 2020, are as follows (*\$ amounts in thousands*):

Year Ending June 30,	Payments
2021	\$ 389
2022	393
2023	390
<hr/>	
Total payments	1,172
Less amount representing interest	(56)
<hr/>	
Present value of payments \$	1,116

8 - C. Pension Liabilities

The COE's pension activities between the COE and the retirement systems for the year ended June 30, 2020, resulted in a total net pension obligation for the COE of \$20.9 million for governmental activities and \$3,000 in business type activities. See Note 10 for additional information regarding the pension plans and activities.

8 - D. Other Post-Employment Benefits ("OPEB")

The COE is responsible for two OPEB plans, one the COE offered and one due to GASB No. 75, offered by Cal STRS. For the year ended June 30, 2020, this resulted in a total OPEB obligations of \$2.9 million. See Note 11 for additional information regarding the pension plans and activities.

8 - E. Compensated Absences

The long-term portion of accumulated unpaid employee vacation for the COE at June 30, 2020, amounted to \$157,000 in governmental activities.

8 - F. Capital Leases

The COE leases cars with a historical cost and accumulated depreciation of \$326,000 and \$172,000, respectively, under capital lease arrangements. Future minimum lease payments at June 30, 2020, are as follows:

Year Ending June 30,	Payments
2021	\$ 59

The COE is committed to maintaining a prudent level of financial resources to protect against the need to reduce service levels because of temporary revenue shortfalls or unpredicted expenditures. The COE's Minimum Fund Balance Policy requires a Reserve for Economic Uncertainties, consisting of unassigned amounts, equal to no less than one month payroll of general fund operating expenditures and 5 percent of County School Services Fund expenditures and other financing uses.

NOTE 10 – EMPLOYEE RETIREMENT SYSTEMS

10 - A. California State Teachers' Retirement System ("CalSTRS")

Plan Description. CalSTRS administers a hybrid retirement system consisting of a defined benefit plan, two defined contribution plans, a postemployment benefit plan, and a fund used to account for ancillary activities associated with various deferred compensation plans and programs:

- ❖ State Teachers' Retirement Plan ("STRP")
- ❖ CalSTRS Pension 2® Program (Internal Revenue Code 403(b) and 457(b) plans)
- ❖ Teachers' Health Benefits Fund ("THBF")
- ❖ Teachers' Deferred Compensation Fund ("TDCF")

CalSTRS provides pension benefits, including disability and survivor benefits, to California full-time and part-time public school teachers from pre-kindergarten through community college and certain other employees of the public school system. The Teachers' Retirement Law (California Education Code § 22000 et seq.), as enacted and amended by the California Legislature, established these plans and CalSTRS as the administrator. The terms of the plans may be amended through legislation.

The STRP is a multiple employer, cost-sharing defined benefit plan comprised of four programs: Defined Benefit ("DB") Program, Defined Benefit Supplement ("DBS") Program, Cash Balance Benefit ("CBB") Program and Replacement Benefits Program. The STRP holds assets for the exclusive purpose of providing benefits to members and beneficiaries of these programs. CalSTRS also uses plan assets to defray reasonable expenses of administering the STRP. Although CalSTRS is the administrator of the STRP, the state is the sponsor of the STRP and obligor of the trust. In addition, the state is both an employer and nonemployer contributing entity to the STRP. CalSTRS issues a publicly available financial report that can be obtained at <https://www.calstrs.com/comprehensive-annual-financial-report>.

Benefits Provided. The STRP DB Program has two benefit formulas:

- ❖ CalSTRS 2% at 60: Members first hired on or before December 31, 2012, to perform service that could be creditable to CalSTRS
- ❖ CalSTRS 2% at 62: Members first hired on or after January 1, 2013, to perform service that could be creditable to CalSTRS

The 2% refers to the percentage of your final compensation that you'll receive as a retirement benefit for every year of service credit, also known as the age factor. Other differences between the two benefit structures are final compensation, age factors, normal retirement age, creditable compensation cap and contribution rate. In addition, 2% at 62 members aren't eligible for benefit enhancements, the Reduced Benefit Election or the CalSTRS Replacement Benefits Program.

YUBA COUNTY OFFICE OF EDUCATION

NOTES TO FINANCIAL STATEMENTS, Continued
 JUNE 30, 2020

Contributions:	Effective Date	2% at 60 Members	2 % at 62 Members
Members:	July 1, 2016	10.25%	10.205%
Employers:	July 1, 2019		17.10%
	July 1, 2020		19.10%
	July 1, 2021 – June 30, 2046	The CalSTRS Funding Plan authorizes the Teachers' Retirement Board (the board) to adjust the employer contribution up or down 1% each year, but no higher than 20.25% total and no lower than 8.25%.	
State:	July 1, 2046	Increase from prior rate ceases in 2046-47	
	July 1, 2019	10.328% plus \$2.2 billion	
	July 1, 2020 – June 30, 2046	The board has limited authority to adjust state contribution rates annually through June 2046 in order to eliminate the remaining unfunded actuarial obligation associated with the 1990 benefit structure. The board cannot increase the rate by more than 0.50% in a fiscal year, and if there is no unfunded actuarial obligation, the contribution rate imposed to pay for the 1990 benefit structure would be reduced to 0%.	
	July 1, 2046 and thereafter	4.517%	

Contributions to the pension plan from the COE was \$988,033 for the year ended June 30, 2020.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, the COE reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the COE. The amount recognized by the COE as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the COE were as follows:

(\$ Amounts in thousands)

District's proportionate share of the net pension liability	\$ 8,764
State's proportionate share of the net pension liability associated with the District	3,094
Total	\$ 11,858

The net pension liability was measured as of June 30, 2019, and the components of the net pension liability ("NPL") of the STRP for participating employers and the state (nonemployer contributing entity) as of June 30, 2019, are as follows:

(\$ in millions)

Total Pension Liability	\$329,178
Less: STRP Fiduciary Net Position	238,862
NPL of Employers and the State of California	<u>\$ 90,316</u>
STRP Fiduciary Net Position as a % of the Total Pension Liability	<u>72.6%</u>

YUBA COUNTY OFFICE OF EDUCATION

NOTES TO FINANCIAL STATEMENTS, Continued
 JUNE 30, 2020

The District's proportion was as follows:

	<u>Jun. 30, 2019</u>	<u>Jun. 30, 2018</u>	<u>Difference</u>
Net Pension Liability Allocation Basis	0.0000970	0.0000907	0.0000063

For the year ended June 30, 2020, the COE recognized pension expense of \$952,000 and revenue of \$667,000 for support provided by the State. At June 30, 2020, the COE reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<i>(\$ Amounts in thousands)</i>	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 225
Changes of assumptions	1,108	-
Net difference between projected and actual earnings on pension plan investments	-	337
Changes in proportion and differences between District contributions and proportionate share of contributions	8	-
District contributions subsequent to the measurement date	988	-
Total	\$ 2,104	\$ 562

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	<i>(\$ Amounts in thousands)</i>	
2021	\$ 1,194	\$ 90
2022	206	324
2023	238	94
2024	293	1
2025	90	27
2026 - 2027	83	26
Total	\$ 2,104	\$ 562

Actuarial Assumptions and Discount Rate Information

Actuarial Assumptions. The total pension liability for the STRP was determined by applying update procedures to the financial reporting actuarial valuation as of June 30, 2018, and rolling forward the total pension liability to June 30, 2019. In determining the total pension liability, the financial reporting actuarial valuation used the following actuarial methods and assumptions:

Valuation Date	June 30, 2018
Experience Study	July 1, 2010 – June 30, 2015
Actuarial Cost Method	Entry age normal
Investment Rate of Return ³	7.10%
Consumer Price Inflation	2.75%
Wage Growth	3.50%
Post-retirement Benefit Increases	2% simple for DB (Annually) Maintain 85% purchasing power level for DB Not applicable for DBS/CBB

¹ Net of investment expenses, but gross of administrative expenses.

The long-term investment rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best-estimate ranges were developed using capital market assumptions from CalSTRS' general investment consultant (Pension Consulting Alliance) as inputs to the process.

The actuarial investment rate of return assumption was adopted by the board in February 2017 in conjunction with the most recent experience study. For each future valuation, CalSTRS' independent consulting actuary (Milliman) reviews the return assumptions for reasonableness based on the most current capital market assumptions. Best estimates of 20-year geometrically linked real rates of return and the assumed asset allocation for each major asset class as of June 30, 2019, are summarized in the following table:

Asset Class	Assumed Asset Allocation	Long-Term Expected Rate of Return¹
Global Equity	47.0%	4.8%
Fixed Income	12.0%	1.3%
Real Estate	13.0%	3.6%
Private Equity	13.0%	6.3%
Risk Mitigating Strategies	9.0%	1.8%
Inflation Sensitive	4.0%	3.3%
Cash/Liquidity	2.0%	(0.4%)

¹ 20-years average

Discount Rate. The discount rate used to measure the total pension liability was 7.10%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers are made at statutory contribution rates in accordance with the rate increases as disclosed in Note 1. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.10%) and assuming that contributions, benefit payments and administrative expenses occur midyear. Based on those assumptions, the STRP's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

YUBA COUNTY OFFICE OF EDUCATION

NOTES TO FINANCIAL STATEMENTS, Continued
 JUNE 30, 2020

Sensitivity of the COE’s proportionate share of the net pension liability to changes in the discount rate.

Presented below is the net pension liability of employer using the current discount rate of 7.10%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate:

(\$ Amounts in thousands)	1% Decrease	Current	1% Increase
	(6.10%)	Rate (7.10%)	(8.10%)
District's proportionate share of the net pension liability	\$ 13,050	\$ 8,764	\$ 5,210

10 - B. Public Employees’ Retirement System (“CalPERS”)

Plan Description. The Schools Cost-Sharing Multiple-Employer Defined Benefit Pension Plan (the Plan or PERF B) is administered by the California Public Employees’ Retirement System (CalPERS or the System). Plan membership consists of nonteaching and noncertified employees of public schools (K-12), community college districts, offices of education, charter and private schools (elective) in the State of California. The Plan excludes school safety members who participate either in the agent multiple-employer defined benefit pension plan or the public agency cost-sharing multiple-employer defined benefit pension plan administered by CalPERS, depending on the number of active members.

The Plan was established to provide retirement, death and disability benefits to nonteaching and noncertified employees in schools. The benefit provisions for Plan employees are established by statute. CalPERS issues a publicly available financial report that can be obtained at <https://www.calpers.ca.gov/docs/forms-publications/cafr-2020.pdf>.

Benefits Provided. The Service Retirement benefit is a monthly allowance equal to the product of benefit factor, years of service, and final compensation.

- ❖ ~~The benefit factor for classic members comes from the 2% at 55 benefit factor table. PEPRAs members hired on or after January 1, 2013 are subject to the 2% at 62 benefit factor table.~~
- ❖ The *years of service* is the amount credited by CalPERS to a member while he or she is employed in this group (or for other periods that are recognized under the employer’s contract with CalPERS). For a member who has earned service with multiple CalPERS employers, the benefit from each employer is calculated separately according to each employer’s contract, and then added together for the total allowance. Any unused sick leave accumulated at the time of retirement will be converted to credited service at the rate of 0.004 years of service for each day of sick leave.
- ❖ The *final compensation* is the monthly average of the member’s highest 12 consecutive months’ full time equivalent monthly pay (no matter which CalPERS employer paid this compensation). For new PEPRAs members hired after January 1, 2013 final compensation is based on the monthly average of the member’s highest 36 consecutive months’ full-time equivalent monthly pay. PEPRAs members have a cap on the annual salary that can be used to calculate final compensation for all new members based on the Social Security Contribution and Benefit Base.
- ❖ The employees in this plan may or may not be covered by Social Security. For employees with service prior to January 1, 2001 covered by Social Security, the final compensation is offset by \$133.33 (or by one-third if, the final compensation is less than \$400). For PEPRAs members, the final compensation is not offset

Contributions. CalPERS required employer contributions to be 19.721% of payroll. The report also reported an employee contribution rate of 7.0% for classic and PEPRAs. Contributions to the pension plan from the District was \$1,177,002 for the year ended June 30, 2020.

YUBA COUNTY OFFICE OF EDUCATION

NOTES TO FINANCIAL STATEMENTS, Continued
 JUNE 30, 2020

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, the District reported a liability of \$12,165,000 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer allocation percentages presented in the CalPERS *Schedule of Employer Allocations and Collective Pension Amounts* and applied to amounts presented in the Schedule of Collective Pension Amounts by Employer are based on the ratio of each employer's contribution to the Plan's total employer contributions during the measurement period July 1, 2018 through June 30, 2019. The components of the employers' collective net pension liability related to the Plan as of June 30, 2019:

	<i>(\$ in millions)</i>	
Total pension liability		\$97,301
Less:		
Plan fiduciary net position		68,157
Net Pension Liability of Employers		\$29,144

The District's proportion was as follows:

	Jun. 30, 2019	Jun. 30, 2018	Difference
Net Pension Liability Allocation Basis	0.0004174	0.0003964	0.0000210

For the year ended June 30, 2020, the COE recognized pension expense of \$2,797,000. At June 30, 2020, the COE reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<i>(\$ Amounts in thousands)</i> Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 884	\$ -
Changes of assumptions	579	-
Net difference between projected and actual earnings on pension plan investment	-	113
Changes in proportion and differences between District contributions and proportionate share of contributions	526	-
District contributions subsequent to the measurement date	1,177	-
Total	\$ 3,166	\$ 113

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	<i>(\$ Amounts in thousands)</i>	
2021	\$ 2,316	\$ (111)
2022	538	222
2023	278	34
2024	34	(32)
Total	\$ 3,166	\$ 113

NOTES TO FINANCIAL STATEMENTS, Continued
 JUNE 30, 2020

Actuarial Methods, Assumptions, and Discount Rate Information

Actuarial Methods and Assumptions. The collective total pension liability for the June 30, 2019 measurement period was determined by an actuarial valuation as of June 30, 2018, with update procedures used to roll forward the total pension liability to June 30, 2019.

The collective total pension liability was based on the following assumptions:

Investment rate of return		7.15%
Inflation		2.5%
Salary increases		Varies by Entry Age and Service
Mortality Rate Table ¹		Derived using CalPERS membership data for all funds
Post-Retirement Benefit Increase	2.00% until Purchasing Power Protection Allowance Floor on purchasing power applies, 2.50% thereafter	

¹The mortality table used was developed based on CalPERS-specific data. The table includes 15 years of mortality improvements using the Society of Actuaries Scale 90% of scale MP 2016. For more details on this table, please refer to the December 2017 experience study report (based on CalPERS demographic data from 1997 to 2015) that can be found on the CalPERS website.

Long-term Expected Rate of Return. The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all of the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

The expected real rates of return by asset class are as followed:

Asset Class ¹	Assumed Asset Allocation	Real Return Years 1 – 10 ²	Real Return Years 11+ ³
Global equity	50.0%	4.80%	5.98%
Fixed income	28.0%	1.00%	2.62%
Inflation Assets	-	0.77%	1.81%
Private Equity	8.0%	6.30%	7.23%
Real assets	13.0%	3.75%	4.93%
Liquidity	1.0%	-	(0.92%)

¹ In the System's CAFR, Fixed Income is included in Global Debt Securities; Liquidity is included in Short-term Investments; Inflation Assets are included in both Global Equity Securities and Global Debt Securities.

² An expected inflation rate of 2.00% used for this period.

³ An expected inflation rate of 2.92% used for this period.

YUBA COUNTY OFFICE OF EDUCATION

NOTES TO FINANCIAL STATEMENTS, Continued
 JUNE 30, 2020

Discount Rate. The discount rate used to measure the total pension liability for PERF B was 7.15%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the COE’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the COE’s proportionate share of the net pension liability calculated using the current discount rate, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (-100 basis points) or one percentage point higher (+100 basis points) than the current rate:

	1% Decrease (6.15%)	Current Discount Rate (7.15%)	1% Increase (8.15%)
<i>(\$ Amounts in thousands)</i>			
District's proportionate share of the net pension liability	\$ 17,535	\$ 12,165	\$ 7,710

Pension Plan Fiduciary Net Position. Detailed information about the pension plan’s fiduciary net position is available in the separately issued CalPEPRS Comprehensive Annual Financial Report.

NOTE 11 – POST EMPLOYMENT HEALTH CARE PLAN AND OTHER POST EMPLOYMENT BENEFITS (OPEB)

11 - A. Cal STRS

Plan Description. CalSTRS administers a postemployment benefit plan Medicare Premium Payment (“MPP”) Program. The MPP Program is a cost-sharing multiple-employer other postemployment benefit plan (“OPEB”) established pursuant to Chapter 1032, Statutes 2000 (SB 1435). CalSTRS administers the MPP Program through the Teachers' Health Benefits Fund (“THBF”).

Benefits Provided. The MPP Program pays Medicare Part A premiums and Medicare Parts A and B late enrollment surcharges for eligible members of the STRP DB Program who were retired or began receiving a disability allowance prior to July 1, 2012 and were not eligible for premium free Medicare Part A.

Contributions. The MPP Program is funded on a pay-as-you go basis from a portion of monthly contributions, by Districts in the retirement system. In accordance with California *Education Code* §25930, contributions that would otherwise be credited to the DB Program each month are instead credited to the MPP Program to fund monthly program and administrative costs. Total redirections to the MPP Program are monitored to ensure that total incurred costs do not exceed the amount initially identified as the cost of the program. Total contributions directed to the MPP Program for year 2018-19 was \$28.0 million. The MPP Program is funded on a pay-as-you-go basis with contributions generally being made at the same time and in the same amount as benefit payments and expenses coming due. Any funds within the MPP Program as of June 30, 2019, were to manage differences between estimated and actual amounts to be paid and were invested in the Surplus Money Investment Fund, which is a pooled investment program administered by the California State Treasurer.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2020, the COE reported a liability of \$55,000 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2019, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The COE's proportion of the net OPEB liability was based on the COE's proportionate share of total CalSTRS Calculated Employer Contribution, statutorily determined. The COE's proportion was as follows:

	<u>Jun. 30, 2019</u>	<u>Jun. 30, 2018</u>	<u>Difference</u>
Net OPEB Liability Allocation Basis	0.0001500	0.0001427	0.0000073

For the year ended June 30, 2020, the COE recognized pension expense of \$1,000.

Actuarial Methods, Assumptions, and Discount Rate Information

Actuarial Methods and Assumptions. The total OPEB liability for the MPP Program as of June 30, 2019, was determined by applying update procedures to the financial reporting actuarial valuation as of June 30, 2018, and rolling forward the total OPEB liability to June 30, 2019, using the assumptions listed below.

Valuation Date	June 30, 2018
Experience Study	July 1, 2010 – June 30, 2015
Actuarial Cost Method	Entry age normal
Investment Rate of Return	3.50%
Medicare Part A Premium Costs Trend Rate ¹	3.7%
Medicare Part B Premium Costs Trend Rate ¹	4.1%

¹ The assumed increases in the Medicare Part A and Part B Cost Trend Rates vary by year, however; the increases are approximately equivalent to a 3.7 percent and 4.1 percent increase each year for Medicare Part A and Part B, respectively.

In addition, assumptions were made about future participation (enrollment) into the MPP Program because CalSTRS is unable to determine which members not currently participating meet all eligibility criteria for enrollment in the future. Assumed enrollment rates were derived based on past experience and are stratified by age with the probability of enrollment diminishing as the members' ages increase. This estimated enrollment rate was then applied to the population of members who may meet criteria necessary for eligibility and are not currently enrolled in the MPP Program. Based on this, the estimated number of future enrollments used in the financial reporting valuation was 380 or an average of 0.23% of the potentially eligible population of 165,422.

CalSTRS uses a generational mortality assumption, which involves the use of a base mortality table and projection scales to reflect expected annual reductions in mortality rates at each age, resulting in increases in life expectancies each year into the future. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among our members. The projection scale was set equal to 110% of the ultimate improvement factor from the Mortality Improvement Scale (MP-2016) table issued by the Society of Actuaries.

Discount Rate. The discount rate used to measure the total OPEB liability as of June 30, 2019, is 3.50%. As the MPP Program is funded on a pay-as-you-go basis as previously noted, the OPEB plan's fiduciary net position was not projected to be sufficient to make projected future benefit payments. Therefore, a discount rate of 3.50%, which is the Bond Buyer 20-Bond GO Index from Bondbuyer.com as of June 30, 2019, was applied to all periods of projected benefit payments to measure the total OPEB liability. The discount rate decreased 0.37% from 3.87% as of June 30, 2018.

YUBA COUNTY OFFICE OF EDUCATION

NOTES TO FINANCIAL STATEMENTS, Continued
 JUNE 30, 2020

Sensitivity of the COE's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate.

The following table presents the net OPEB liability of employers as of June 30, 2017, using the current discount rate as well as what the net OPEB liability would be if it were calculated using a discount rate that is 1 percent lower or 1 percent higher than the current rate:

<i>(Amounts in thousands)</i>	Current		
	1% Decrease (2.5%)	Discount Rate (3.5%)	1% Increase (4.5%)
District's proportionate share of the net pension liability	\$ 61	\$ 56	\$ 51

Sensitivity of the District's Proportionate Share of the Net OPEB Liability to Changes in the Medicare Cost Trend Rates. The June 30, 2018, valuation uses the 2019 Medicare Part A and Part B premiums as the basis for future premium calculations. Future premiums are assumed to increase with a medical trend rate that varies by year, as shown in the following table:

<i>(Amounts in thousands)</i>	Current Health		
	1% Decrease (2.1%)	Trend Rate (3.1%)	1% Increase (4.1%)
District's proportionate share of the net pension liability	\$ 51	\$ 56	\$ 62

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in the separately issued CalSTRS Comprehensive Annual Financial Report, but there are no material assets accumulated in the trust that meets the criteria in paragraph 4 of Statement 75.

11 - B. COE's OPEB

Plan Description. The plan is a single-employer defined benefit healthcare plan administered by the Yuba County Office of Education. The Plan offers the following benefits by bargaining unit:

Benefits Provided

	<u>Certificated</u>	<u>Classified</u>	<u>Management</u>
Benefit types provided	Medical, dental and vision	Medical, dental, and vision	Medical, dental, and vision
Duration of Benefits	To age 65	To age 65	To age 65
Required Service	15 years	15 years	15 years
Minimum Age	55	55	55
Dependent Coverage	No	No	No
COE Contribution %	100%	100%	100%
COE Cap	Lowest premium for retiree only coverage	Lowest premium for retiree only medical coverage	Lowest premium for retiree only medical coverage

There are no assets accumulated in a trust that meets the criteria in paragraph 4 of Statement 75

YUBA COUNTY OFFICE OF EDUCATION

NOTES TO FINANCIAL STATEMENTS, Continued
 JUNE 30, 2020

Employees Covered by Benefit Terms. At June 30, 2020, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	8
Active employees	162
Total	170

Total OPEB Liability. The COE's total OPEB liability of \$2,833,000 was measured, as of June 30, 2018 and rolled forward to June 30, 2020.

Measurement Assumptions and Other Inputs. The total OPEB liability in the June 30, 2020 valuation was determined using the following assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation Rate:	2.79%
Discount Rate:	3.8%
Medical trend	4%

The discount rate was based on the Bond Buyer 20 Bond Index.

Mortality, retirement, service requirements, turnover and costs for coverage were based on the CalSTRS and CalPERS Schools assumptions.

Changes in the Total OPEB Liability

(\$ amounts in thousands)

Balance at July 01, 2019	\$	2,688
Changes for the year:

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB
 For the year ended June 30, 2020, the COE recognized an OPEB expense of \$145,000.

NOTE 12 – COMMITMENTS AND CONTINGENCIES

12 - A. Grants

The COE received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the COE at June 30, 2020.

12 - B. Litigation

The COE is involved in various litigation arising from the normal course of business. In the opinion of management, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the COE at June 30, 2020.

12 - C. Operating Leases

As of June 30, 2020, the COE has various operating lease for the use of copy machines. The annual lease payments are as follows:

Fiscal Year	Lease Payments
2021	\$ 28,432
2022	18,552
2023	2,685
	\$ 49,669

YUBA COUNTY OFFICE OF EDUCATION

NOTES TO FINANCIAL STATEMENTS, Continued
JUNE 30, 2020

NOTE 13 – PARTICIPATION IN JOINT POWERS AUTHORITIES

The COE is a member of three joint powers authorities (JPAs). The first is the North Valley Schools Insurance Group (NVSIG) to provide workers' compensation insurance, and the second is the Tri-County Schools Insurance Group (TCSIG) to provide liability and property insurance, the third is Schools Excess Liabilities Fund (SELF) for excess liability and property insurance. The relationship is such that the JPAs are not component units of the COE for financial reporting purposes.

These entities have budgeting and financial reporting requirements independent of member units and their financial statements are not presented in these financial statements; however, fund transactions between the entities and the COE are included in these financial statements. Audited financial statements are available from the respective entities.

During the year ended June 30, 2020, the COE made payments of \$215,516 and \$94,351, to NVSIG and TCSIG, respectively. SELF is paid through TCSIG.

AVERAGE DAILY ATTENDANCE AT P-2 ²	226	226	244	232

The County School Services Fund balance has decreased by \$1,834,397 over the past two years. The fiscal year 2020-21 budget projects an increase of \$80,601 (two percent). For a COE this size, the State recommends available reserves of at least three percent of County School Services Fund expenditures, transfers out, and other uses (total outgo).

The COE has incurred operating surpluses in two of the past three years and anticipates incurring an operating surplus during the 2020-21 fiscal year. Total long-term obligations have increased by \$3.3 million over the past two years.

Average daily attendance has decreased by six ADA over the past two years. No change in ADA is anticipated during fiscal year 2020-21.

¹ Available reserves consist of all unassigned fund balance within the County School Services Fund

² ADA consists of Yuba COE attendance, as well as, COE funded county programs

YUBA COUNTY OFFICE OF EDUCATION

NOTES TO SUPPLEMENTARY INFORMATION JUNE 30, 2020

Schedule of Expenditures of Federal Awards

The accompanying Schedule of Expenditures of Federal Awards includes the Federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*, as applicable.

There are no balances of loan or loan guarantee programs ("loans") outstanding at the end of the audit period. The District has not elected to use the 10% de minimis cost rate.

Schedule of Average Daily Attendance ("ADA")

Displays ADA data for both the Second Period and Annual reports, by grade span and program as appropriate; and separately for each charter school, shows the total ADA and the ADA generated through classroom-based instruction by grade span, as appropriate; and if there are any ADA adjustments due to audit findings, displays additional columns for the Second Period and Annual reports reflecting the final ADA after audit finding adjustments, shown by grade span.

Schedule of Instructional Time

Displaying, for school districts, including basic aid districts, data that show whether the district complied with article 8 (commencing with §46200) of chapter 2 of part 26 of the *Education Code*; showing by grade level:

- 1) The number(s) of instructional minutes specified in *Education Code* §46207(a)
- 2) For all districts, the instructional minutes offered during the year audited showing the school with the lowest number of minutes offered at each grade level
- 3) For all districts, the number of instructional days offered during the year audited on the traditional calendar and on any multitrack year-round calendars; and whether the district complied with the instructional minutes and day's provisions.
- 4) For charter schools, data that show whether the charter school complied with *Education Code* §§ 47612 and 47612.5; showing by grade level the number(s) of instructional minutes specified in *Education Code* §47612.5; the instructional minutes offered during the year audited showing the school location with the lowest number of minutes offered at each grade level; the number of instructional days offered during the year audited on the traditional calendar and on any multitrack calendars; and whether the charter school complied with the instructional minutes and days provisions.

Schedule of Financial Trends and Analysis

Displays information regarding the auditee's financial position and going concern status, in the form of actual financial and attendance figures for at least the most recent three-year period (ending with the audit year), plus the current year's budget, for the following items: general fund financial activity, including total revenue, expenditures, and other sources and uses; general fund balance; available reserve balances (funds designated for economic uncertainty, and any other remaining undesignated fund balance) within the general fund or special reserve fund; available reserve balances expressed as a percentage of total general fund outgo (expenditures, transfers out, and other uses), including a comparison to the applicable state-recommended available reserve percentage; total long-term debt; and elementary and secondary second principal ADA; and, when the auditee's percentage of available reserves to total general fund outgo is below the state-recommended percentage, management's plans for increasing the auditee's available reserve percentage.

YUBA COUNTY OFFICE OF EDUCATION

NOTES TO SUPPLEMENTARY INFORMATION, Continued JUNE 30, 2020

Reconciliation of Annual Financial and Budget Report with Audited Financial Statements

Displays the differences between the ending fund balance(s) from the audited financial statements and the unaudited ending fund balance(s) from the annual financial and budget report for each fund in which a variance occurred.

Schedule of Charter Schools

Listing of all charter schools chartered by the school district or county office of education. For each charter school, include the charter school number and indicate whether or not the charter school is included in the school district or county office of education audit.

Combining Statements – Non-Major Governmental Funds

The Non-Major Governmental Funds Combining Balance Sheet and Combining Statement of Revenues, Expenditures, and Changes in Fund Balances is included to provide information regarding the individual funds that have been included in the Non-Major Governmental Funds column on the Governmental Funds Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balances.

Local Education Agency Organization Structure

LEA Organization Structure, setting forth the following information, at a minimum:

- 1) The date on which the LEA was established, and for charter schools the date and granting authority of each charter;
- 2) The date and a general description of any change during the year audited in a school district's boundaries;
- 3) The numbers by type of schools in the LEA;
- 4) The names, titles, terms, and term expiration dates of all members of the governing board; and
- 5) The names, with their titles, of the superintendent, chief business official, and deputy/associate/assistant superintendents.

This schedule is located in the front of the report.

OTHER INDEPENDENT AUDITORS' REPORTS

<PAGE INTENTIONALLY LEFT BLANK>

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Trustees
Yuba County Office of Education
Marysville, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Yuba County Office of Education as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise Yuba County Office of Education's basic financial statements, and have issued our report thereon dated March 24, 2021.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered Yuba County Office of Education's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Yuba County Office of Education's internal control. Accordingly, we do not express an opinion on the effectiveness of Yuba County Office of Education's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether Yuba County Office of Education's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance that are required to be reported under *Government Auditing Standards*, which are audit adjustments with the amounts in the accompanying Reconciliation of Annual Financial and Budget Report with Audited Financial Statements.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH UNIFORM GUIDANCE

Board of Trustees
Yuba County Office of Education
Marysville, California

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM

We have audited Yuba County Office of Education's compliance with the types of compliance requirements described in the U.S. *Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of Yuba County Office of Education's major federal programs for the year ended June 30, 2020. Yuba County Office of Education's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the federal statutes, regulations, and terms and conditions of federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Yuba County Office of Education's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2, U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Yuba County Office of Education's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Yuba County Office of Education's compliance.

Opinion on Each Major Federal Program

In our opinion, Yuba County Office of Education complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Management of Yuba County Office of Education is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Yuba County Office of Education's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program as a basis for designing auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Yuba County Office of Education's internal control over compliance.

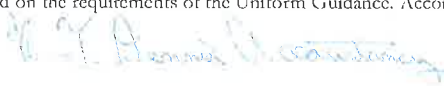

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON STATE COMPLIANCE

Board of Trustees
Yuba County Office of Education
Marysville, California

REPORT ON STATE COMPLIANCE

We have audited Yuba County Office of Education's compliance with the *2019-20 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* ("the State Audit Guide"), applicable to Yuba County Office of Education's state compliance requirements as listed on the next page for the year ended June 30, 2020.

Management's Responsibility

Compliance with the requirements referred to above is the responsibility of Yuba County Office of Education's management.

Auditors' Responsibility

Our responsibility is to express an opinion on Yuba County Office of Education's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the State Audit Guide, prescribed by the *California Code of Regulation*, Title 5 §19810, et seq. Those standards and require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a material effect on referred to previously occurred. An audit includes examining, on a test basis, evidence about Yuba County Office of Education's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Yuba County Office of Education's compliance with those requirements.

Opinion

In our opinion, Yuba County Office of Education complied, in all material respects, with the compliance requirements referred to previously that are applicable for the programs listed on the next page for the year ended June 30, 2020.

RT DENNIS
ACCOUNTANCY

In connection with the audit referred to previously, we selected and tested transactions and records to determine the Yuba County Office of Education's compliance with the State laws and regulations applicable to the following items:

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
FOR THE YEAR ENDED JUNE 30, 2020

30000

Internal Control

2019-001 Cash in County Reconciliation, 30000

CONDITION

Since the cash in county pool is made up of both cash and investments, the Auditor-Controller's report acts as a kind of bank statement the LEAs rely upon to reconcile their individual funds' cash in county balances to. The Yuba County Office of Education's cash in county balances are not reconciled timely. As of June 30, 2019, there were differences between the cash balance reported by the Yuba County Auditor-Controller and the amounts reported in the "cash in county" accounts which has led to possible cash balance discrepancies between the reported cash balance on the Unaudited Actuals.

RECOMMENDATION

The LEAs should contact the County of Yuba's Board of Supervisors to demand timely cash balance reports, or contact the Yuba County District Attorney to investigate the Yuba County Auditor-Controller as to the reason for the delayed cash balance reports, as it could be an indication of serious issues. Additionally, the LEAs need to start using the Treasurer's cash balance report in concert with the auditor-controller's cash balance report.
