

School Plan for Student Achievement (SPSA) Template

Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Carl E. Gilbert Elementary School	30664566027494	October 30, 2023	December 11, 2023

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program
 Additional Targeted Support and Improvement
 Additional targeted support will be provided for our subgroups of students identified under ATSI which includes our homeless population and out students with disabilities. Additional supports and services for these identified subgroups will be outlined under each goal.

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

In order to provide all students with a fair, equitable, high-quality, and rigorous education our plan is to regularly monitor student progress to meet their individual academic and social emotional needs. In order to close achievement gaps, teachers use state and local assessment data to inform instruction and services for all students. CCSS-aligned materials are used to deliver effective instruction that is supported by on-going professional development and professional learning time.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

A comprehensive needs assessment occurred through input from all school advisory councils (ELAC & SSC), LCAP Survey, and other site based surveys.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Site administrator walks classrooms on a regular basis to monitor instruction. Site administrator provides regular formal and informal feedback. Staff members are formally evaluated every other year.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

Staff uses assessments such as CAASPP (ELA & Math), BPST (ELA), iReady (ELA & Math), district common formative assessments, teacher-created assessments, and ELPAC (ELD) results to track progress of students and modify instruction. In addition, school staff is spending time analyzing and discussing common grade-level formative assessments, including exit tickets, mini quizzes, etc. to improve instruction.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Grade level professional learning teams meet on a weekly basis to discuss curriculum-embedded assessments to monitor student progress, plan re-teaching lessons, and modify future instruction. Additionally, the site provide additional monthly release time for the purpose of collaboration.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

All teachers at school site are highly qualified and have English Learner certification.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

All teachers at this school are credentialed and highly qualified according the most recent standards. In addition, all teachers were trained on SBE adopted instructional materials.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Staff development is aligned to the Common Core State Standards and is based on student performance.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The professional development opportunities are provided in the areas of reading, writing, and math to address common core state standards. This year's professional growth is focused on mathematics, writing, and oral academic language.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teachers collaborate on-site for one hour every Thursday to analyze data and to share and research instructional strategies. Additionally, teams are provided extended planning time once a month on Fridays.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Curriculum and instructional materials and pacing guides are currently aligned to the Common Core State Standards. During the Spring of 2023, curriculum was purchased through a grant for RSP programs across the district. Gilbert is implementing those programs with fidelity for students with disabilities.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

The BPSD district blueprint provides guidance on required instructional minutes in English Language Arts, Mathematics, English Language Development, and intervention.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

Lesson pacing schedule has been developed aligned to the Common Core State Standards. Through the Multi-Tiered System of Supports placement, students receive instructional intervention based on their individual needs.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Standards based instructional materials are available and appropriate for all student groups.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

The school uses SBE-adopted and standards-aligned materials. Instructional materials include state-adopted intervention materials for elementary ages.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

The school implements classroom Tier 2 interventions supported by administration, plus other teacher selected programs for targeted academic intervention. Additional supports this school year for our ATSI groups include the intentional and concentrated support from a new site position specifically focuses on attendance support and resources support for students and families. First part of access education services and supports is to be on campus therefore this position will be prioritizing our ATSI subgroups.

Evidence-based educational practices to raise student achievement

All educational practices used at the school are research based.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

The school uses community resources available to assist under-achieving students. In addition, the school seeks out resources available from district and community.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

The school has parent advisory councils such as the School Site Council and English Learners Advisory Council that are involved in the planning, implementation and monitoring of the SPSA.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

All categorical programs are used to supplement the regular education program and meet the needs of under-performing students.

Fiscal support (EPC)

The district allocates general and categorical funds to provide resources to improve student achievement.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

In preparing, reviewing, revising, and monitoring the SPSA on an annual basis, the input of our various stakeholders is solicited through various methods. A draft based on data and feedback via a needs-assessment with insight from various groups in about what has worked well and areas of perceived needs. This includes input garnered through both parent and staff surveys. The English Language Advisory Committee (ELAC) was provided the opportunity to review the portions of the plan and budget respective to the educational practices and materials related to the support of English learners. This input was relayed to the School Site Council (SSC), a group consisting of elected parent and teacher leaders who work with the principal to ensure that the SPSA provides a balanced governance of programs and budgets.

May 2023 - Staff members provided input for 23-24 school plan, additional, input has been provided at staff meetings and professional learning teams regarding needs that are needed both for the school and for specific grade levels

September 2023- Staff members provided input for 23-24 school plan, input has been provided at staff meetings.

September 2023 & October 2023 - ELAC members met to review the goals and provide input.

October 2023 - School Site Council met to review the goals and provide input.

October 30, 2023 SSC reviewed and approved the plan.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

A large portion of the students at Gilbert are impacted by socio-economic barriers impacting results.

School and Student Performance Data

Student Enrollment Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
American Indian	0%	0%	0%	0	0	0
African American	3.6%	4.35%	4.13%	21	25	21
Asian	5.2%	4.70%	3.74%	31	27	19
Filipino	2.0%	1.57%	2.17%	12	9	11
Hispanic/Latino	85.3%	84.00%	86.02%	505	483	437
Pacific Islander	%	%	0.2%			1
White	1.7%	2.78%	1.97%	10	16	10
Multiple/No Response	1.9%	1.91%	1.38%	11	11	7
	Total Enrollment			592	575	508

Student Enrollment Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	20-21	21-22	22-23
Kindergarten	104	111	95
Grade 1	87	91	80
Grade 2	96	84	75
Grade3	89	94	82
Grade 4	117	84	92
Grade 5	99	111	84
Total Enrollment	592	575	508

Conclusions based on this data:

1. Student enrollment reflects a diverse population of a variety of subgroups with the largest group represented are Latino/Hispanic students with about 86%.
2. Additionally, data demonstrates a year by year trend of declining enrollment.
3. Other subgroups include Asian and African American students each representing about 4% of the total student population.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
English Learners	318	292	251	53.70%	50.8%	49.4%
Fluent English Proficient (FEP)	83	62	38	14.00%	10.8%	7.5%
Reclassified Fluent English Proficient (RFEP)	35	58	10	11.0%	10.7%	2.0%

Conclusions based on this data:

1. With almost 50% of our students being Emergent Bilinguals, our classroom instruction, staff development, and budgetary purchases should reflect an emphasis on this significant subgroup.
2. There was a significant decrease in reclassification percentages from 21-22 to 22-23. Increased focus and targeted supports are needed to support English Language Learners/Emergent Bilinguals.
3. As our district begins year two of implementing Language Power, progress monitoring of both implementation and impact of the new curriculum is needed.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

All Grades		9.86	8.17		59.86	61.09		30.28	30.74

Conclusions based on this data:

1. Current Data: Baseline data indicates that in ELA, 22% of 3rd graders, 20% of 4th graders, and 30% of 5th graders are meeting or exceeding grade level expectations. School's goals and instructional priorities need to continue to be monitored, revisited, and continued funding allocation is essential in the priority area of reading to address students who scored standard nearly met and standard not met.
2. Trend: Baseline scores have slightly decreased or increased 2021-2022 to 2022-2023. Some additional consistent trends include: 3rd grade which increased in students in the standards exceeded and standards met and a decrease in standards nearly met & not met. Some larger percentage changes include a decrease in in 7% for students not met in 5th grade. Also, there was a decrease of 9% of students exceeded for 4th grade.
3. Next Steps: Based on this data, all four domains/claims of reading, writing, listening, and research/inquiry will need to be emphases for the 2023-2024 year. Next steps: Continued professional development and focus on best practice for Professional Learning Teams with a focus on core instruction in the areas of English Language Arts, Math, and Tier 2 intervention. This academic school year, there will also be an additional focus of oral academic language which impacts all academic areas. Increased site funded collaboration time, AVID best practices, and continued support in all implemented curriculum.

All Grades		7.75	8.14		58.80	55.43		33.45	36.43

Conclusions based on this data:

1. Current Data: Baseline data indicates that in Mathematics, 24% of 3rd graders, 22% of 4th graders, and 33% of 5th graders scored standard exceeded or standard met in mathematics. School's goals and instructional priorities need to continue to be monitored, revisited, and continued funding allocation is essential in the priority area of reading to address students who scored standard nearly met and standard not met.
2. Trend: Baseline scores have slightly decreased or increased mostly within 5 % 2021-2022 to 2022-2023. Some additional consistent trends include: 5th grade which increased in students in the standards exceeded and standards met and a decrease in standards nearly met & not met. Some larger percentage changes include a decrease in in 5% for students not met in 3rd grade. Also, there was a increase of 15% of students standard not met for 4th grade.
3. Next Steps: Based on this dat next steps include: A continued focus on our districtwide initiative of Cognitively Guided Instruction Implementation which had a soft launch during the summer of 2021. Next site steps include grade level specific supports through the research practice partnership with UCI, site visits by grade level to a high performing site who has implemented Cognitively Guided Instructional for multiple years, and intentional use of district created common formative assessments and pacing guides. Both district created common formative assessments and pacing guides were given to teachers summer/fall 2023. Our district office is also supporting the mathematics district initiative through 5 days of training for each teacher TK-5 and SPED for year two of implementation.

Conclusions based on this data:

1. With over 50% of our students learning English as the second language, our classroom instruction, staff development, and budgetary purchases should reflect an emphasis on the significant subgroup.
2. On the 2021-2022 baseline ELPAC results, 13% of students K-5 scored level of "4". This is a decrease of almost 10% from the 18-19 overall percentages. Additionally, there was a small increase of 63% to 66% of students K-5 at level 3. With such a large portion of students on at level 3, a special emphasis in professional development for teachers will be placed on helping students gain the advanced skills that will aid them in reclassification on next year's ELPAC exam.
3. Students would benefit from designated ELD at their appropriate ELD Levels. This school year, Gilbert and schools across the Buena Park School District have begun designated ELD using Language Power. Our level 1 students will be provided with small group designated ELD instruction required to make progress toward RFEP status within the next year. Additionally, all students will rotate by levels during designated ELD and teachers will receive professional development in implementation throughout the year.

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
575	88.9	50.8	0.2
Total Number of Students enrolled in Carl E. Gilbert Elementary School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2021-22 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	292	50.8
Foster Youth	1	0.2
Homeless	33	5.7
Socioeconomically Disadvantaged	511	88.9
Students with Disabilities	52	9.0

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	25	4.3
American Indian		
Asian	27	4.7
Filipino	9	1.6
Hispanic	483	84.0
Two or More Races	11	1.9
Pacific Islander		
White	16	2.8

Conclusions based on this data:

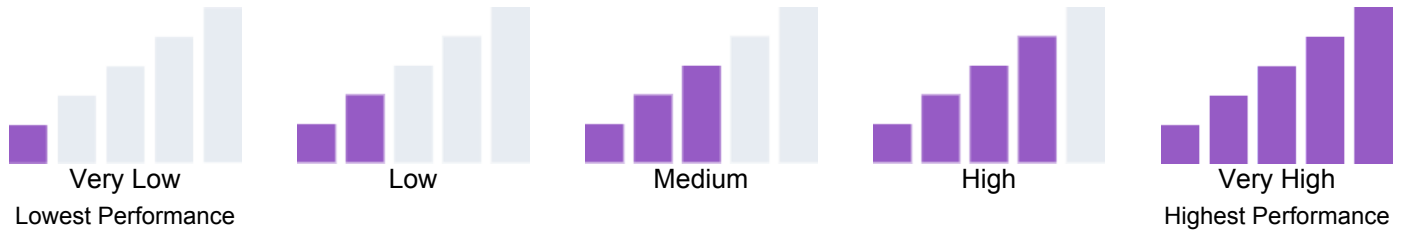

1. A significant number of our students experience challenges such as socioeconomic difficulties, homelessness, or foster care. Community partnerships and resources are strong, and each year our school site and district has increased the amount of supports available to students and families to overcome these challenges in order support social emotional and academic success for all students at Gilbert Elementary School.
3. Edit: hight # of 88.9 socially economically disadvantage % 50.8 or emgergent blinglinguals last conclusion would be resources -

School and Student Performance Data

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

2022 Fall Dashboard Overall Performance for All Students

Conclusions based on this data:

1. Current Data: Gilbert School received a very low level in Suspension Rate, Chronic Absenteeism very high, and low in the areas of Mathematics and English Language Arts.
2. Trend: These new scores demonstrate improvements a needed focus in the areas of chronic absenteeism and continued focus on English Language Arts and Mathematics.

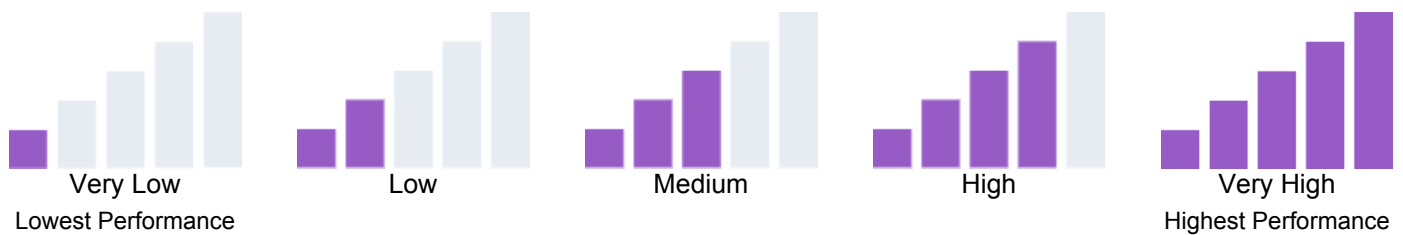

3. Next Steps: Continued PBIS strategies that are effective in promoting responsible student behavior and a focus on progress discipline. Recommendation to continue with monthly meetings and to further explore Tier 2 & 3 interventions. Chronic Absenteeism continues to impact student learning for a small percentage of our students. Additional communication with the parents of truant students will be documented through the SART process in the 2023-2024 academic year. Additional, chronic absenteeism next steps include the creation of SART team to monitor and implement multi-tiered interventions. Some of the supports for Emergent Bilinguals include five days of Designated English Language Development which is an increase of two days compared to the previous school year. Additional school wide focus for data analysis and professional development will be focus on oral academic language, mathematics, and writing for the 2023-2024 academic school year. The addition of AVID Elementary practices in the coming year will target student goal-setting and Costa's levels of questioning.

School and Student Performance Data

Academic Performance English Language Arts

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

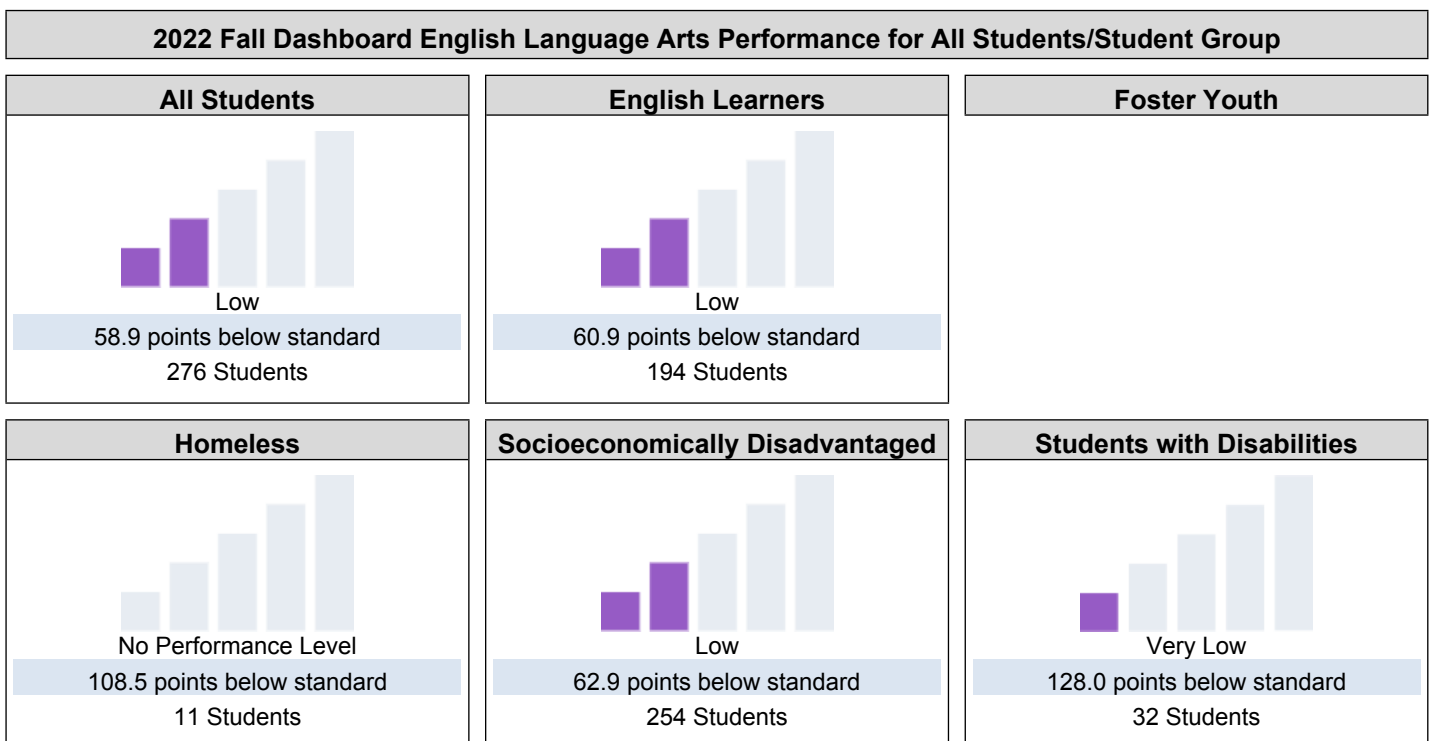

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard English Language Arts Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2022 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
91.0 points below standard	30.7 points above standard	69.7 points below standard
146 Students	48 Students	71 Students

Conclusions based on this data:

- Current Data:** According to the 2022 data, most student groups received low performance level in English Language Arts while students with disabilities received a very low performance level. The fall 2022 dashboard reflects the following results: English Language Learners (Emergent Bilinguals) and Socioeconomically disadvantaged students scored ~60 points below standard. Students with disabilities scored 128 points below standard. Meanwhile students who have been reclassified scored 30 points above the standard.

The following is data for both SBAC & iReady from Spring 2023: 3rd Grade SBAC 21% proficient in the area of English Language Arts and 48% in the green on iReady (21% mid or above grade level & 27% early on grade level), 4th Grade SBAC 21% proficient in the area of English Language Arts and 29% in the green on iReady (9% mid or above grade level & 20% early on grade level), 5th Grade SBAC 30% proficient in the area of English Language Arts and 30% in the green on iReady (11% mid or above grade level & 19% early on grade level).
- Trend:** The overall trend across the grade levels is slight increase percentage of proficiency for most grade levels. The data does reflect a need to provide additional supports 4th grade and continuing supports for all grade levels.

School and Student Performance Data

Academic Performance Mathematics

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

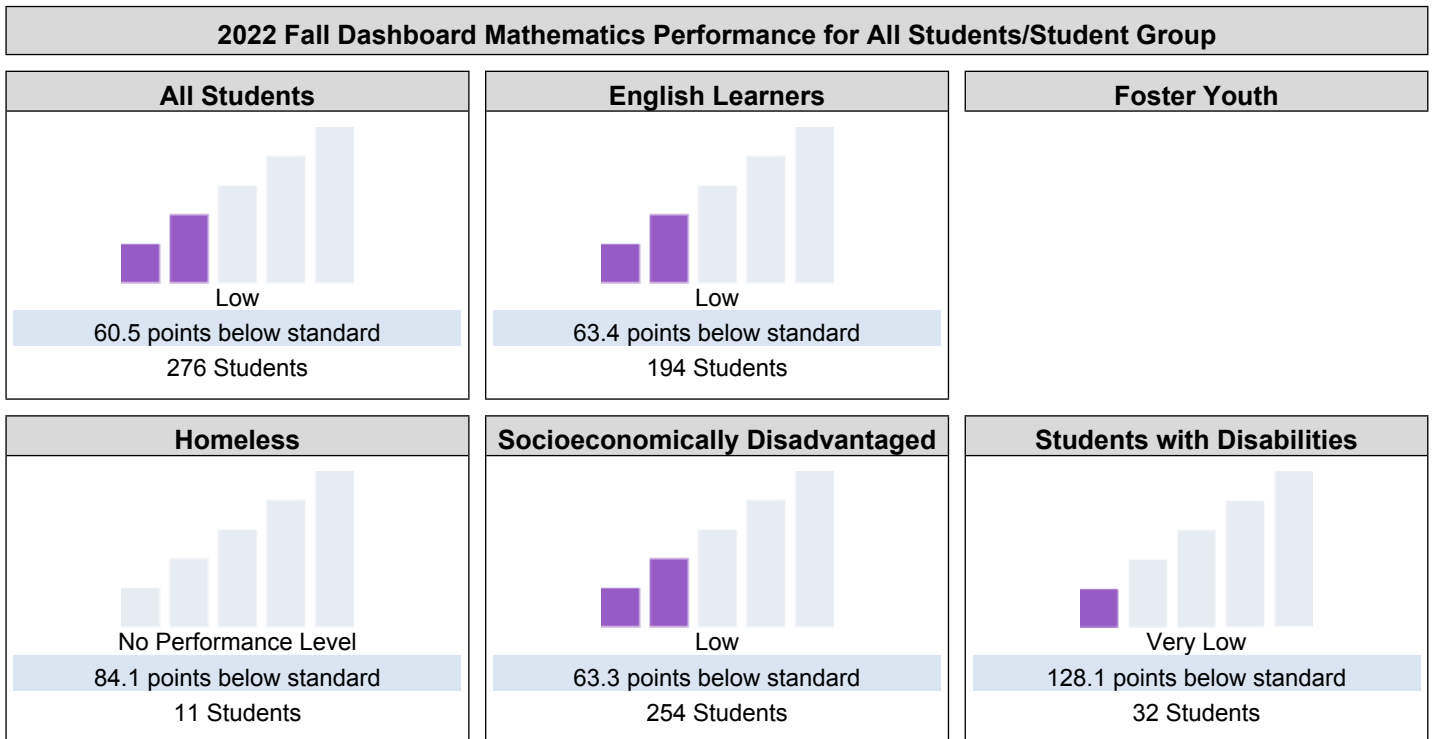

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

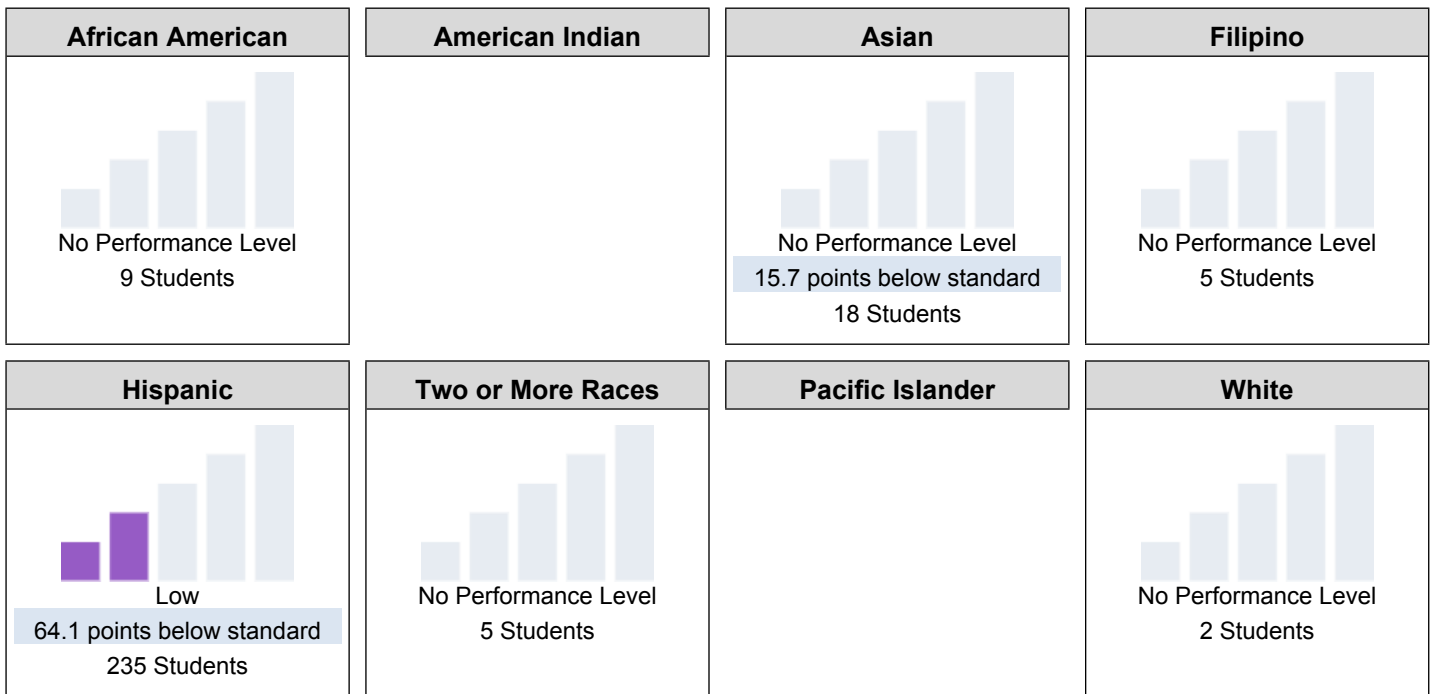

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard Mathematics Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2022 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
<p style="background-color: #e1eef6; padding: 2px;">83.3 points below standard</p> <p>146 Students</p>	<p style="background-color: #e1eef6; padding: 2px;">2.9 points below standard</p> <p>48 Students</p>	<p style="background-color: #e1eef6; padding: 2px;">61.9 points below standard</p> <p>71 Students</p>

Conclusions based on this data:

- Current Data: According to the 2022 data, most student groups received low performance level in Mathematics while students with disabilities received a very low performance level. The fall 2022 dashboard reflects the following results: English Language Learners (Emergent Bilinguals) and Socioeconomically disadvantaged students scored ~60 points below standard. Students with disabilities scored 128 points below standard. Meanwhile students who have been reclassified scored 3 points below the standard.

The following is data for both SBAC & iReady from Spring 2023: 3rd Grade SBAC 23% proficient in the area of Mathematics and 31% in the green on iReady (15% mid or above grade level & 16% early on grade level), 4th Grade SBAC 21% proficient in the area of Mathematics and 33% in the green on iReady (14% mid or above grade level & 19% early on grade level), 5th Grade SBAC 32% proficient in the area of Mathematics and 36% in the green on iReady (19% mid or above grade level & 17% early on grade level).

School and Student Performance Data

Academic Performance English Learner Progress

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

This section provides information on the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2022 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2022 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
29.2%	29.2%	2.3%	39.4%

Conclusions based on this data:

1. The largest percentage of Gilbert's students, 40% of Emergent Bilinguals are progressing at least one level, but 29% of students decreased one level. Although the largest percentage of students are progressing one level it is essential for there to be a focus on students not regressing in levels. Additionally, there appears to be difficulty on reaching level 4 which is reflected in the 2%.
2. Continued work within Writing Workshop and Reading Workshop is essential. This year will be the second year of the implementation of Designated English Language Development using our district adopted curriculum, Language Power. Additionally, this academic school year is increased the quantity of days of designated english language development from 3 days a week to five days a week.

School and Student Performance Data

Academic Performance College/Career Report

College/Career data provides information on whether high school students are prepared for success after graduation based on measures like graduation rate, performance on state tests, and college credit courses. College/Career data was not reported in 2022.

Conclusions based on this data:

1. This data points are not available for Carl E. Gilbert Elementary.

School and Student Performance Data

Academic Engagement Chronic Absenteeism

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

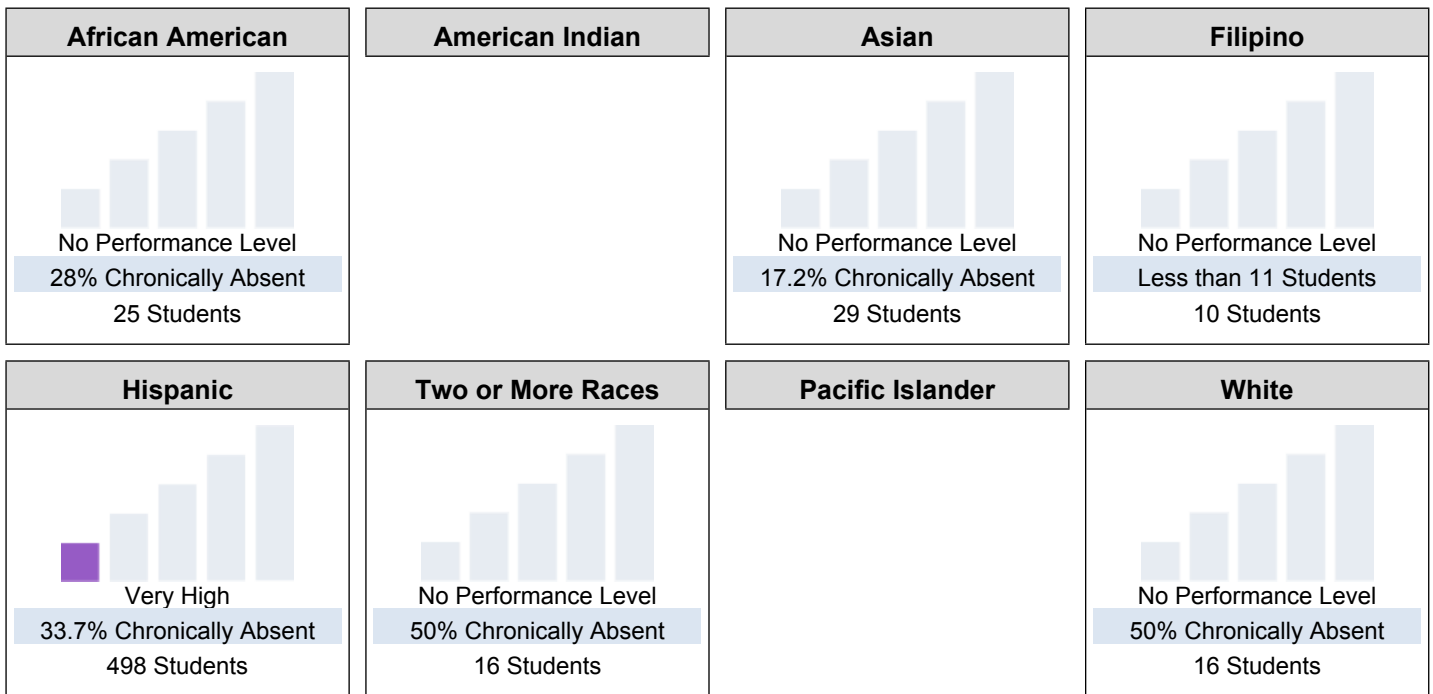

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2022 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

Conclusions based on this data:

1. Additional communication and interventions supports are needed with the parents of truant students. Interventions and supports will be documented through the SART and SARB process in the 2023-2024 academic year.
2. A committee-created system of student interventions and rewards will be utilized to promote attendance further, especially with older students that can demonstrate more personal responsibility to arrive on time.
3. Additional next steps include a comprehensive SART team to monitor and implement interventions will be added this academic school year for all special populations.

School and Student Performance Data

Academic Engagement Graduation Rate

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Very Low
Lowest Performance

Very High
Highest Performance

This section provides number of student groups in each level.

2022 Fall Dashboard Graduation Rate Equity Report				
Very Low	Low	Medium	High	Very High

This section provides information about students completing high school, which includes students who receive a standard high school diploma.

2022 Fall Dashboard Graduation Rate for All Students/Student Group		
All Students	English Learners	Foster Youth
Homeless	Socioeconomically Disadvantaged	Students with Disabilities

2022 Fall Dashboard Graduation Rate by Race/Ethnicity			
African American	American Indian	Asian	Filipino
Hispanic	Two or More Races	Pacific Islander	White

Conclusions based on this data:

1. This data is not available for Carl E. Gilbert Elementary School.

School and Student Performance Data

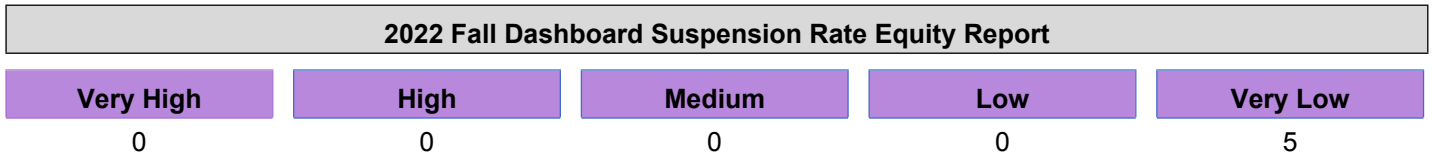

Conditions & Climate Suspension Rate

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

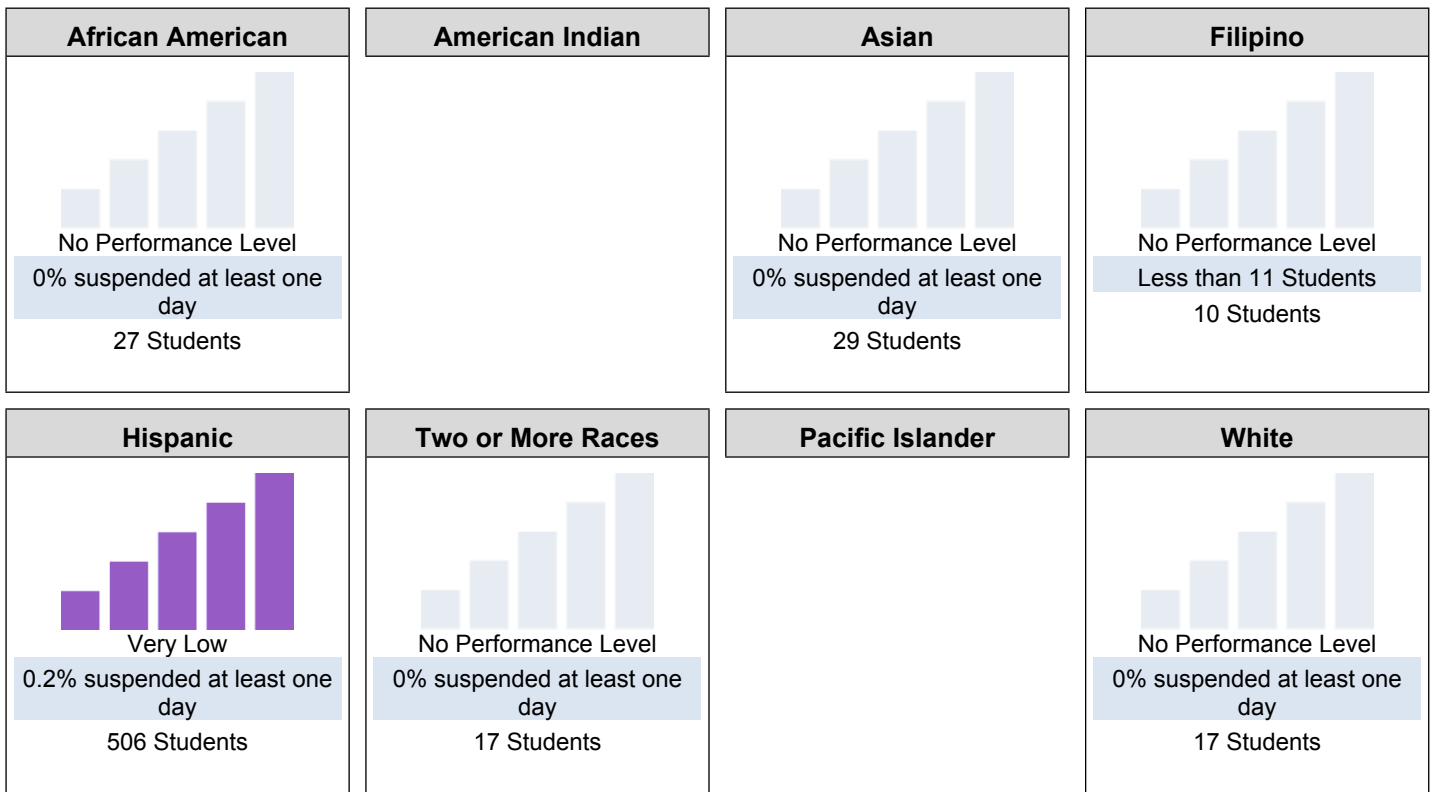

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2022 Fall Dashboard Suspension Rate by Race/Ethnicity

Conclusions based on this data:

- Each year for the past three years there has been a maximum of 3 suspensions per school year. This is a significant decrease from 2016-17 when 24 student suspensions were recorded.
- Office discipline referrals submitted by teachers demonstrate a need for continued progressions of PBIS interventions and schoolwide systems of addition social emotional support. Our school goal will be to continue progressing our positive behavioral interventions, continued development and implementation of a progressive discipline matrix, in order to maintain this exceedingly low level of suspensions. Through PBIS interventions and alternate means of correction, we were able to reduce suspensions each school year.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LEA/LCAP Goal

Increase student achievement in ELA, Math, and language proficiency through the implementation of state standards-based instruction and assessment taught by highly qualified teachers.

Goal 1

Increase student achievement in ELA, Math, and language proficiency through the implementation of state standards-based instruction and assessment.

Identified Need

Based on local assessments, there is still a need for improvement in English language arts and math for students that have not met grade level standards. Grade level teams will continue receive professional development in strengthening each professional learning team. There is a need to support teacher data analysis from the previous local data assessment for implications to teaching and modifications to district curriculum guides. Teachers will also analyze data and monitor student progress at the completion of unit assessments, progress monitoring intervals, BPST, DRA and common formative assessments to form strategic groups to provide best first instruction and intervention. The CAST process, structured collaboration and by weekly staff meetings will be used for data analysis, including formative assessments and progress monitoring.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

Strategy/Activity

Utilize best practices to meet state standards by delivering BPSD Core Curriculum / Instruction in English Language Arts , Math, Science, Social Studies, PE, and the Arts. Emphases for the 2023-2024 school year includes: Cognitively Guided Instruction (Mathematics) and professional development to support individual teacher growth plan in any of the areas above

The expenditures to meet this goal will include:

AVID Refresher training for staff member who first got trained four years ago \$13,056

Teacher Professional Development in core content areas and in the continued development of professional learning community (conferences, workshops, coaching, development books, etc) \$10,000

Teacher Hourly Pay for our school's Guiding Coalition that oversees school goals, analysis of data, and school wide planning + Benefits \$6,000

Teacher Professional Development in New Units of Study for Kindergarten - 2nd grade \$3,375

AVID Center Subscription for all school staff \$3,375

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Gilbert staff taught BPSD Core Curriculum to address Common Core State Standards in all subject areas. Focus remained on Balanced Literacy, Reading/Writing Workshop, in addition to Zearn, Phonemic Awareness, and Cognitively Guided Instruction implementation. Teachers use Thursday Collaboration to analyze student work through assessments and to plan further lessons and interventions. Additional professional development will be focused in the area of mathematics specifically Cognitively Guided Instruction, AVID research based instruction, and oral academic language. In addition, teachers are providing with extending time for collaboration once a month on Fridays which is an increase of time. This time is used to review assessments and plan for targeted instruction. For students that are not responding to in-class Tier 1 interventions, the site CAST team works to develop a further plan for Tier 2 intervention and progress monitoring. This year, a special emphasis in teacher professional development will be placed on oral academic language. Additionally, systems have been restructured to allow for increased D-ELD time and increased time for Tier 3 intervention for upper grade.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

PD or student support for ATSI status

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LEA/LCAP Goal

Create and maintain positive, safe, and culturally responsive learning environments that result in high levels of attendance and student engagement that lead to college and career readiness.

Goal 2

Create and maintain positive, safe, and culturally responsive learning environments that result in high levels of attendance and student engagement that lead to college and career readiness.

Identified Need

Gilbert School continues to implement the multi tiered system of academic and behavioral supports focused on growth and achievement (MTSS). Our PBIS team continues to research strategies and interventions to better meet the behavioral needs of our students. District and outreach counselors also support students' social and emotional needs. For school safety, Gilbert is now a completely closed campus before, during, and after school. We also have a new electronic visitor check-in system (Raptor). Gilbert School's front office and playground was modernized during the summer of 2022. In addition, Gilbert School was modernized in the summer of 2017 where all classrooms have new carpet, walls, furniture and cutting-edge technology

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Suspension Rate - CA Dashboard	UPDATE - In 2021-2022, two suspensions were recorded. In 2020-21, zero student suspensions were recorded. Through PBIS interventions and alternate means of correction, we were able to reduce this to only 0 suspension in the current school year.	Through a continued progressions of PBIS interventions, our goal will be to keep suspension below 5 for the 2023-24 school year.
LCAP Survey - Facilities and Technology	UPDATE- Based on the 2021-2022 LCAP Parent Survey, 47% strongly agreed and 51% agreed that the school facilities were in good repair. Based on the 2021-2022 LCAP Parent Survey, 40% very satisfied, 54% satisfied, and 2% very dissatisfied with school instruction for using computers and technology.	There will be an increase of 3-5% of parents strongly agreeing that the school facilities are in good maintenance and with Instruction for using computers and technology.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Attendance	UPDATE -During the 2021-2022 school year Gilbert had a 13.8% chronic absenteeism rate.	Through restorative SART meeting and incentives there will be a decrease of 3-5% of student with chronic absenteeism for the 2023-2024 school year for students who are considers chronically absent.
SEL Survey	<p>The following percentages of students in grade 3-5 answered favorably to the following areas:</p> <p>Spring 2023</p> <p>Growth Mindset - 55% Self-Efficacy - 51% Challenging Feelings 47% Emotional Regulation - 42%</p> <p>Fall 2023 Data is not yet available for review</p>	Through PBIS practices and implementation, classroom practices, and mental health supports there will be and increase of 3-5% answering favorably to : growth mindset, efficacy, challenging feelings, and emotional regulation.

Complete a copy of the Strategy/Activity table for each of the school’s strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

Strategy/Activity

Maintain and enhance productive 21st century learning environments by providing and sustaining educational technology hardware, digital content, and supplies.

Gilbert has been able to enhance our technology over the past number of years and will only need funding this year for miscellaneous repairs or replacements.

The expenditures to meet this goal will include: (Technology supplies and equipment - LCFF)

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

Strategy/Activity

Build positive culture and improve educational outcomes by providing a multi-tiered system of academic, behavioral and social-emotional supports focused on growth and achievement (MTSS). The expenditures to meet this goal will include: (Awards, Certificates, incentives - LCFF)

- PBIS Assemblies / MTSS Support for the 2023-2024 academic school year.
- Monthly PBIS Team Meetings - School & Climate Discretionary Budget
- PBIS rotations twice a year (no cost)
- Tier 2 Behavior and Social Emotional Supports: Panorama data review and planning of next steps based on individual classroom data include focused SEL lessons. Additional Tier 2 supports for students who are demonstrating difficulty consistently demonstrating ROAR both inside and outside the classroom include but are not limited to: District and Outreach Counselors taught social skills lessons in the primary grades and upper grades, Check in-Check Out, mentoring, silent mentoring, Behavior Charts, and Break Cards, focused on positive behavior Tier 3 support include but are not limited to referral to the transitional coach for short term support and outside referrals for long term support through Care Solace
- This academic school year, some of our classrooms are piloting calming corners
- Additional work is needed in the area of building in cultural relevancy across content areas. Specifically at need at Gilbert is the need to increase culturally relevant mentor text that is used during reading and writing workshop across grade level spans. Reading and Writing Workshop Discretionary Funds

Proposed Expenditures for this Strategy/Activity

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Gilbert School expectations are taught to all students in the beginning of the school year, and revisited throughout. Morning announcements include behavioral reminders daily. Trimester celebrations celebrate students that are demonstrating the district's core ethical values as rewarding through our ROAR cards. Additional Tier 2 supports for students who are demonstrating difficulty consistently demonstrating ROAR both inside and outside the classroom include but are not limited to: District and Outreach Counselors taught social skills lessons in the primary grades, check in-check Out, behavior charts, and break cards, focused on positive behavior Tier 3 support include but are not limited to referral to the transitional coach for short term support and outside referrals for long term support through Care Solace.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

ATSI - Implementation followed the prior year's plan with increasing success.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

ATSI - In the coming year, Gilbert's PBIS Team will increasing monitor the success of various supports and intervention for Tier 2 and 3 behavioral needs.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LEA/LCAP Goal

BPSD will increase authentic parent and pupil engagement to support academic achievement and social-emotional development.

Goal 3

Increase authentic parent and pupil engagement to support academic achievement and social-emotional development. Parents will have multiple opportunities to be engaged in their children's education.

Identified Need

Gilbert School has parent involvement opportunities through our Parent Teacher Organization, SSC, ELAC, ESL, classroom volunteers, and monthly special events. We also partner with community organizations to support our school and families.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent Participation in the annual LCAP Survey	<p>UPDATE</p> <p>Participation in the most recent LCAP</p> <p>Over 90% of parents chose "agreed/satisfied" or "strongly agreed/very satisfied" with the following:</p> <ul style="list-style-type: none"> • Campus is clean, secure and in good repair. • Students get the classroom materials and support they need. • Parents feel free to engage the school in their preferred language. • Parents' are informed of how they can be involved. • Students are encouraged to be physically fit and healthy. • English, Math, ELD, and Technology instruction. 	<p>Desire to increase participation to parents responding.</p> <p>The goal is to keep high standards for the areas in which parents are already pleased, such as safe and clean schools, quality communication with families, and educational opportunities and health education.</p> <p>An additional goal is to increase the student centered trainings that support families in building understanding of expected learning outcomes and what can be done to support in particular the are of reading.</p>

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
	Parent responses showed the following needs: <ul style="list-style-type: none"> Increased voice in BPSD district-level decision making. increased information in multiple modalities to inform families about enrichment opportunities Add specifics	
Parent participation rates in trainings and meetings	UPDATE W CURRENT DATA Currently, Gilbert is proud of hosting a growing number of involved families getting involved in various school activities. Current rate average 7 - 10 parents.	Building upon our successful attendance at events, Gilbert seeks to increase its monthly numbers at parent meetings to average 15 parents.
ADD SPECIFIC LCAP FOCUS - COMMUNICATION/ENGAGEMENT

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Gilbert offers many opportunities for parents to be involved in their child's education. Although we have maintained the same amount of parents, there remains a need to recruit more parent volunteers. We utilize multiple measures of communication to inform parents of school activities, but would like to implement informing parents of school news through email. We continue to seek parent input through the LCAP Parent Survey.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

ATSI FOR CHRONIC ABSENTEEISM - PARENT WORKSHOP? No major differences in implementation.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

No changes were made to this goal.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Budget Summary

Description	Amount
Total Funds Provided to the School Through the Consolidated Application	\$100,350
Total Federal Funds Provided to the School from the LEA for CSI	\$
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$100,350.00

Other Federal, State, and Local Funds

List the additional Federal programs that the school is including in the schoolwide program. Adjust the table as needed. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

Federal Programs	Allocation (\$)
Title I	\$100,350.00

Subtotal of additional federal funds included for this school: \$100,350.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Allocation (\$)
-------------------------	-----------------

Subtotal of state or local funds included for this school: \$

Total of federal, state, and/or local funds for this school: \$100,350.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Leslie Ramirez	Principal
Tanya Samarin	Classroom Teacher
Caroline Jimenez	Classroom Teacher
Elizabeth Perez	Other School Staff
Yadira Nabarette	Parent or Community Member
Maria Garcia	Parent or Community Member
Miriam Vargas	Parent or Community Member
Veronica Pena	Parent or Community Member
Juana Mejia	Parent or Community Member
Melissa Melara	Classroom Teacher

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 10/30/23.

Attested:

Principal, Leslie Ramirez on 10/30/23

SSC Chairperson, Veronica Pena on 10/30/23

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

For additional questions or technical assistance related to LEA and school planning, please contact the Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: S Title 34 of the Code of Federal Regulations (34 CFR), sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. EC sections 6400 et. seq.

Appendix B:

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Appendix C: Select State and Federal Programs
