Superintendent of Schools

July 2024

Dear Glen Cove Families, Faculty, and Students,

I hope this message finds you well and that you are looking forward to a relaxing and enjoyable summer season. We proudly celebrated the graduation of the Class of 2024 from Glen Cove High School. Many of our younger students have also celebrated significant milestones as they advance from their elementary schools or Finley Middle School. All of our students are successfully progressing to the next stages of their educational journeys.

As we move into the summer, construction of new classrooms at Landing School is progressing rapidly with an anticipated completion date of December 2024. Additionally, construction of new classrooms and the elevator at Deasy School is advancing with an anticipated completion date of Summer 2025. Our Special Education Department will be relocating from Carriage House to the newly renovated connection wing between the middle school and Deasy School with signs directing parents to an area by September 2024. The Office of Special Education will now meet IDEA standards, with access to an elevator!

Unfortunately, we continue to wait for full approval from the NY State Education Department on the high school construction plan for the science labs and cafeteria. As we cannot undertake these projects during the school year, they have been rescheduled for the summer of 2025. Please note that in order to receive proper aid, we cannot proceed without NY State approval.

Please remember to check our website in August for the district calendar which will list all of the important dates and events for the 2024-2025 school year. The first day of school will be September 3, 2024.

On behalf of our Board of Education and the entire Glen Cove School family, I wish you a wonderful, healthy, and happy summer filled with great times with family and friends and lasting memories. I look forward to seeing you again in September for another extraordinary school year.

Sincerely,

Dr. Maria L. Rianna
Superintendent of Schools
