

Welcome to Potlatch Jr.-Sr. High School - Home of the *Potlatch Loggers!* Our school serves approximately 215 unique and talented students, grades 7 through 12, in a truly welcoming, safe, supportive, and rigorous learning environment.

We offer all core academic subjects, as well as band, choir, guitar, art and a range of career and technical education classes. CTE classes include culinary arts, digital photography, business, welding, natural resources and animal science classes to name a few. We also offer dual credit classes and advanced opportunities through our local colleges where students earn college credit while also meeting high school graduation requirements. Work-based learning options are also available for qualified students.

Potlatch Jr.-Sr. High students are on the rise in core academic areas, including English Language Arts, Math and Science. In the spring of 2024, Potlatch Jr.-Sr. High School was honored to be in the top three Idaho Schools of Excellence within 1A division 1 schools. Approximately 75% of Potlatch Jr.-Sr. High graduates from last year continued their education at two or four year colleges, technical schools or the military. Additionally, Potlatch students take boys and girls sports and extracurricular activities seriously. Our students have earned multiple recent state championships or top four places in the state including baseball, softball, track and field, basketball, volleyball and football. We also have active students in Future Farmers of America (FFA), Business Professionals of America (BPA) and Family, Career and Community Leaders of America (FCCLA).

The strength of our school lies in our staff's deep commitment to teaching and dedication to fostering growth in every individual child, both academically and with life skills. Our mission is further enhanced by outstanding support and involvement from parents, grandparents, community volunteers and business leaders who devote countless hours as mentors, coaches and enthusiastic Logger fans.

Although our foundation is strong, we continually look for ways to grow and improve. We strive to go beyond our comfort zone to grow and learn, and beyond the walls of our classrooms to connect learning to community opportunities. We value your suggestions and feedback; please feel free to contact me at any time with questions, suggestions or concerns. During the school day, I am frequently out of my office in classrooms and in the school. If you desire to meet in person, please contact the school office ahead of time to set an appointment, which will ensure that I'm available to focus on your concern. I look forward to meeting you! We thank our students, families and community for entrusting us with the important work of preparing our youth to continue our legacy of success, excellence, citizenship and community involvement. Join us for another great Logger year!

Sincerely,

Doug Richards, Principal

Senior Project

A student shall complete a senior project that includes a written report and oral presentation by the end of grade 12. Senior projects may be multi-year projects, group or individual projects, or approved pre-internship or school to work internship programs at the discretion of the District. The project must include elements of research, development of a thesis using experiential learning or integrated project-based learning experiences, and a presentation of the outcome. **Additional requirements for the senior project are the discretion of the District.**

Completion of a postsecondary certificate or degree at the time of high school graduation or an approved pre-internship or internship program may be used to satisfy this requirement.

ACADEMICS (continued)

Civics Test

All secondary students must successfully pass the civics test or alternate path. "Civics test" as used herein means the 100 questions used by officers of the United States Citizenship and Immigration Services as a basis for selecting the questions posed to applicants for naturalization. Any student who participates in a United States Government and Politics course and an associated college credit-bearing examination shall be deemed to have met this requirement.

The District will determine the method and manner in which to administer the civics test. A student may take the civics test, in whole or in part, at any time after enrolling in grade 7 and may repeat the test as often as necessary to pass the test. The District will document on the student's transcript that the student has passed the civics test. The applicability of this requirement for students who receive special education services will be governed by the student's Individualized Education Plan.

Alternative Programs

Credit toward graduation requirements may be granted for planned learning experiences from accredited programs, such as summer school, college and university courses, correspondence courses, and online/virtual courses.

Credit for work experience may be offered when the work program is a part of and supervised by the school.

All classes attempted at Potlatch Schools and all acceptable transfer credits shall be recorded on the transcript. All grades earned, including failures and retakes, shall be recorded as such and utilized in the calculation of Grade Point Average (GPA) and class rank. Credit shall be awarded only once regardless of repetition of the course.

Jr. High School Credit

If a middle school student completes any required high school course with a grade of C or higher before entering the 9th grade, and if that course meets the same standards that are required in high school and the course is taught by a teacher certified to teach high school content, then the student has met the high school content area requirement for such course. The student shall be given a grade for the successful completion of that course and such grade and the number of credit hours assigned to the course shall be transferred to the student's high school transcript and the student's parent or guardian shall be notified in advance when credits are going to be transcribed. However, the student's parent or guardian may elect to not have the credits and grade transferred to the student's high school transcript. The student still must complete the

required number of credits in all high school core subjects identified above in addition to the courses completed in middle school.

Jr. High students must earn at least 80% of the total credits attempted per year. Students cannot fail both semesters of a yearlong class. Students not meeting credit requirements will be given an opportunity to recover credits or complete an alternate mechanism in order to be eligible for promotion to the next grade level.

ACADEMICS (continued)

Early Graduation or Flexible Schedule

A student may, at the student's option and upon notification to the student's school, be relieved from completing their remaining high school graduation requirements and apply for a flexible schedule or graduate early if the student:

1. Is at least 16 years of age;
2. Maintains a cumulative 3.5 grade point average;
3. Obtains permission from a parent/guardian, if under the age of 18;
4. Achieves a college and career readiness score;
5. Files the following with school:

- A. Notification of their intent to take a flexible schedule OR graduate early;
- B. The student's participation portfolio; and
- C. An essay of at least one page explaining why the student wishes to have a flexible schedule which must include the future plans using the flexible schedule OR early graduation;

Completes the following:

- A. The required civics test;
- B. The economics credit, government credits, and senior project required to graduate. A student's senior project may describe the student's experience in achieving a college and career readiness score and a detailed explanation of the student's future plan.

Students eligible for a flexible schedule may be relieved from high school graduation requirements in order to:

1. Take elective courses, career technical education programs, or courses selected by the student which are available within the District;
2. Participate in apprenticeships or internships;
3. Act as a tutor at any grade level; or
4. Engage in such other activities identified by the Board.

A student who is granted a flexible schedule must adhere to the plan submitted to the school as a part of their eligibility. Students who are under 18 may modify their plan with the approval of the student's parent/guardian.

The Superintendent is authorized to create any procedures necessary to assist students to achieve early graduation or a flexible schedule as well as create incentives for participation in any early graduation program. Students who opt for a flexible schedule may apply for Advanced Opportunities funding.

Existing programs providing incentives to complete coursework early are described in Policy 2435 Advanced Opportunities.

ACADEMICS (continued)

1. Eight credits in mathematics;
2. Eight credits in science; and
3. Five credits in the students' choice of any or all subjects of science, technology, engineering, or mathematics.

Students who have completed eight or more credits in mathematics that include Algebra II or a higher-level mathematics class before the student's senior year are not required to take a mathematics class in the student's senior year. A student may earn their last year of Math and English credits through a practical math or technical writing course. Each student is encouraged to earn a relevant industry certification.

ACADEMICS (continued)

Extended Learning Opportunities per Board Policy 2460

The Board encourages students to pursue extended learning opportunities (ELOs) as a way to gain knowledge and skills outside the traditional classroom. The District shall allow students to receive credit for ELOs. "Extended learning opportunity" or "ELO" shall mean an out-of-classroom learning experience that provides a student with:

1. Enrichment opportunities outside of a classroom setting;
2. Career readiness or employability skills, including internships, pre-apprenticeships, and apprenticeships; or
3. Any other type of out-of-classroom educational opportunity approved by the State Board of Education or the District.

ELOs may include, but are not limited to performing groups, internships, community service, apprenticeships, or other opportunities approved by the District, in conjunction with Board policies. All ELOs shall comply with applicable laws and regulations, including child labor laws and regulations governing occupational safety. ELOs shall not include activities for religious purposes.

The District maintains a policy of not charging a fee for any course for which academic credit is awarded. In keeping with this policy and with the State Constitution's requirement to maintain a system of free public schools, the ELOs may not include activities for which a fee is charged by the District. If a family chooses an activity that includes a fee, it will be at their own expense.

In determining whether to approve an ELO proposed by a student or by a prospective supervising organization, the District shall consider the overall benefits, costs, advantages, and disadvantages to both the student and the District.

Approval of a Proposed ELO

An organization such as a nonprofit organization, an Idaho business, a trade association, or the United States armed forces may apply to offer District students a for-credit ELO. The application must demonstrate the opportunity will teach students specific Idaho Content Standards or the Idaho College and/or Career Readiness Competencies and Subskills. Requests by organizations seeking to offer an ELO shall be evaluated by the Superintendent or their designee. The Board directs the Superintendent to create a process for evaluating these applications.

At a minimum, all applications by supervising organizations or students must meet the following criteria:

1. Provide for administration and supervision of the program; and
2. Meet rigorous standards, including the minimum standards established by the District. The Board directs the Superintendent to draft such standards.

More information on Extended Learning Opportunities (ELOs) may be found in Board Policy 2460.

ACADEMICS (continued)

1.2. Class Credits Toward GPA

Class Rank and GPA

Class rank is compiled from semester grades. Courses not eligible for GPA are designated with an asterisk on the report card. To Calculate a student's GPA, grades received in all high school classes will be used.

High School Classes

A= 4 points
 B= 3 points
 C= 2 points
 D= 1 point

Dual Credit Classes

A= 4.5 points
 B= 3.5 points
 C= 2.5 points
 D= 1.5 points

Note: GPA Score is taken to 3 decimal points (i.e., 39.643 to minimize the occurrence of ties.)

College courses taken by high school students are, at times, for Dual Enrollment and Advanced Placement purposes and others are taken to get a head start on secondary education goals. Potlatch Jr.-Sr. High School supports this student effort by giving more points for Dual Credit classes.

Valedictorian/Salutatorian Awards

To be eligible for Valedictorian or Salutatorian honors, students will need to complete their final four (4) semesters at Potlatch Jr.-Sr. High School. Students who transfer halfway through their Junior or Senior year will not be eligible for these top honors.

The Valedictorian of a senior class will be the student(s) with the highest grade-point average after eight (8) semesters of high school. The grade point average will be carried out to three (3) decimal places, using the fourth decimal place only to "round-up" the third decimal place as necessary. The fourth decimal place will not, by itself, break ties.

Breaking A Tie

Use the following list. For each item, whichever of the tied participants has what the criteria is looking for, receives the high rank and the tie is broken. If both participants are equivalent (i.e., in #1 they have the same GPA), continue to the next item on the list.

1. Use the highest GPA listed on Transcript through 1st semester of senior year.
2. Use the participant who has taken the highest number of AP and/or DC classes.
3. Use the participant who has the highest score on a common PSAT, SAT, ACT test.
4. Use the highest number of A's earned in all classes if step 3 doesn't break the tie.
5. Use the highest number of B's earned in all classes if step 4 doesn't break the tie.
6. Use the highest number of C's earned in all classes if step 5 doesn't break the tie.

Standardized Test Scores

If a student has taken the ACT or SAT, multiple times, use the highest composite score from a single test date, and if only taken once, all scores may be posted.

ISAT

NEW- With Teacher permissions, students in grades 7, 8, and 11 may opt out of the final for that subject (ELA or Math) if they score proficient on the ISAT. Students may opt out of that final (ELA or Math) and one other course if they score Advanced on the ISAT. Students who score proficient or advanced in ISAT Science may opt out of their science final.

ACADEMICS (continued)

Honor Roll

Students earning a 3.0 (or higher) grade point average in a 9-week period will be included on the Honor Roll. The Honor Roll is posted online at the end of each quarter. Semester Honor Roll will also be published. A student must have five (5) solids to be included on the Honor Roll.

General Information

Every student should be enrolled in at least seven courses every semester. Teacher's Aide, Library Aide, Office Assistant and P.E. Assistant cannot be counted as one of the seven courses toward the Honor Roll or GPA., but these TA classes do receive ½ credit per semester.

Incomplete Grades

All incomplete grades need to be taken care of two weeks after each quarter. Failure to do so will result in the grade of "F". Circumstances that prevent a student from completing the course (i.e. extended illness, funeral etc.) will be taken into consideration.

A student with an "incomplete" may not qualify for the Honor Roll until that work is made up. A student has two weeks (per Teacher/Principal permission) after the end of the grading period to remove the "incomplete". If not completed in that time period, the grade will be recorded as an "F".

Any student receiving a "D" or "F" on their report card will not be eligible for the Honor Roll.

IDLA Classes

IDLA classes must be passed with a "C" or better or the student may be ineligible to take any other IDLA classes the following semester.

Dual Credit Classes

Participation in the dual credit program will be contingent on Counselor and Principal approval. Students with cumulative GPA below 2.5 will not be considered for the dual credit program.

Permission to be a TA is needed by the Teacher, Counselor AND Principal.

Basic Core Classes

Students are also required to demonstrate basic achievement in Language, Reading and Mathematics by achieving a proficient score on each section of the ISAT and other measures required by the State Board of Education.

Final Exams

All classes will have a final exam at the end of each semester.

Class or Schedule Changes

All class changes will be coordinated by the Counselor and/or Principal. Dropping any course requires a signed drop slip from the classroom Teacher and then turned into the Counselor. All classes taken will be transcribed including classes that are retaken for a better grade.

ACADEMICS (continued)

1.3. Academic Integrity: Integrity means living your life with the values of honesty, trust, fairness, respect and responsibility, through good times and bad. Academic integrity is applying those same values to all academic pursuits, even in the face of challenge.

Academic Dishonesty: To violate or to intend to violate the rules deliberately for one's own gain. With regard to academic performance, conduct that constitutes cheating/plagiarism includes, but is not limited to cases illustrated by the following examples:

1. Plagiarism: copying of language, ideas, thoughts, images, programming, or computer code of another without proper acknowledgment/citation.
2. Unpermitted collaboration on assigned work or work submitted by any student, including but not limited to papers, projects, products, lab reports, other reports and homework.
3. Unauthorized use of a cheat sheet, marks/writing on body, teacher textbook, formula, note-card or notes, calculator, computer, cell phone, language-translation website or device, or any other technology device that would inappropriately enhance one's work.
4. Unauthorized prior knowledge and/or use of tests, quizzes, midterms, finals or other assignments.
5. Having another individual take a test or prepare an assignment, or assist in the test or assignment without approval.
6. Sending or receiving unauthorized information through hand signals or other gestures, talking, text messaging, looking at someone else's test, showing your own test, conveying information electronically including e-mail.
7. The purchasing and/or using of another's work or thoughts as your own.

Each violation will be recorded in Skyward for district-wide tracking and the Principal will be notified of the infraction. The student and parents will be contacted for each offense with the provided documentation.

· **First offense:** The student will receive a "Zero" for the work and will not be allowed to make up that grade by extra credit or any other method unless other arrangements have been made with the teacher.

· **Second offense:** All the above consequences and any of the list below for a period of time decided by the Principal:

1. Cell phones to be held in the High School Office for the entire school day.

2. Loss of extra-curricular activities.
3. Closed campus- Students are not allowed to leave the school property.
Example: They cannot go to the Grange during lunch.
4. In or out of school suspension.

· **Third offense:** A third offense in the same class may result in an “F” for the quarter.

**All documentation should be available to administration, parents, and the student(s). In the event of a disagreement, the students can appeal in writing the validity of the infraction with the administration no later than 30 days after the reported violation.*

ACADEMICS (continued)

1.4. Student Progress

Report Cards

The school year is divided into four quarters of approximately nine weeks each. At the end of each quarter teachers will determine the level of performance and accomplishment in their respective classes for each student. Report cards should be reviewed by the parents.

Progress Reports

The school will provide students and parents an online Skyward password protected account for the purpose of checking on student grades. There will be a link to this system on the school website. Please do not share your password with other students. It is the intention of the school to have these grades updated at a minimum of one-week intervals.

Potlatch School District believes that effective Parent-Teacher cooperation will be beneficial for all students. Parents and Teachers are encouraged to stay in regular contact in order to keep our students highly motivated and engaged.

NEW- Advisory Period for School Year 24-25

This year, Advisory will be everyday for 10 minutes at the end of 4th period. Your 4th period Teacher will be your Advisory Teacher.

If your absences are below 10 days, tardies are below 5, you have good citizenship AND you have As and Bs, then you will be rewarded with an extra 10 minutes added to lunch and not have to go to Advisory.

If you have absences over 9 days, and/or tardies above 4, and/or poor citizenship and/or any Cs, Ds or Fs, then you will stay in Advisory.

If you have any Ds or Fs, you will go to Advisory AND attend lunch study hall when it is activated. Study halls will generally be activated beginning the 3rd week of each quarter. You will be required to do study hall until a C or higher is earned, unless you have a Teacher pass to get out of study hall.

Teachers may require their own study halls before school, during lunch or after school and/or their own detentions outside of these Advisory guidelines.

2. ATHLETICS & EXTRACURRICULAR CLUBS

2.1. Athletic Eligibility & Extracurricular Expectations (Policy #3360)

At Potlatch School District No. 285 we believe:

1. Extracurricular activities should provide a positive experience for students. Just as they grow in skills in the classroom, so will they grow in skills for athletic and other competitions.
2. Upon graduation, each student shall have had the opportunity to reach his/her full potential as a competitor, and each participant shall have had an opportunity to contribute to the success of his/her team.
3. Students should learn from coaches and advisors:
 - a. That he/she is unique and worthwhile.
 - b. That he/she is an integral part of any team.
 - c. That dedication, effort, discipline and cooperation are required for successful team participation in any event.
 - d. That a “team effort” means a sharing of success and failure.
 - e. That each person involved in extracurricular activities deserves the respect due to the highest achieving competitor.

Coaches/advisors have a very strong influence on their athletes/participants. Potlatch School District expects that coaches and advisors will set the example and demonstrate the attitude that will allow the athlete/participant to achieve the following goals:

1. Competitors shall demonstrate good sportsmanship by showing respect for their own teammates, opposing team members and all officials.
2. All participants will be given instruction so as to improve their skills.
3. All participants will be given the opportunity to participate equally in practices.
4. All competitors shall be given the opportunity to participate in interscholastic contests to the point where the student feels as if he/she has contributed to the winning or losing of the game. This does not necessarily mean equal playing time.
 - a. All junior varsity and junior high athletes will play at each contest.
 - b. At the varsity level it is understood that the league standings and post-season play requires that the goal of the coach is to win. The use of all players is preferred, but will be at the discretion of the coach.
5. All participants shall adhere to training and practice rules and thereby learn self-discipline.

If the violation occurs on campus, or at school sponsored activities off campus, other sanctions will also apply (see Policy #3340).

 - a. Paragraph 4 above. This section (paragraph 8) does not include business establishments that serve alcohol to adults, but allow minors to be present.
6. The "date of the violation" shall be defined as the "*date the student and parent/guardian were notified by school administration that the student was found using or in possession of contraband on campus or during a school sanctioned activity*" or the "*date that the parent and student were notified by school administration that a drug test was returned with a positive result*". (This is also found in section 3.9 on page 24.)

ATHLETICS & EXTRACURRICULAR CLUBS (continued)

2.2. Athletic Activity Attendance

Participants in extracurricular activities must attend six of seven classes in order to participate that day. Students must attend six of seven classes on the day prior to all day or Saturday events in order to participate. Exceptions may be made in the case of pre-arranged parent-excused absences.

2.3. Athletic Out-of-Town Games

Students are expected to use good judgment in conducting themselves at out of town games. You are representing your school and others will judge our school according to the way you act. Misbehavior, such as drinking, smoking or fighting will not be tolerated and will result in loss of the privilege to attend such events and possibly more serious consequences.

2.4. Athletic Physicals

2.5. ASB Cards

3. ATTENDANCE

3.1. Attendance (Policy #3120)

Compulsory Attendance

Parents are responsible for seeing that their children of age seven (7) or older prior to the first day of school attend school until the child's sixteenth (16th) birthday. Unless the child is otherwise comparably instructed, the parent/guardian shall cause the child to attend a public, private or parochial school during a period in each year equal to that in which the public schools are in session.

Attendance Requirements

Students are expected to attend all assigned classes each day. It is the policy of Potlatch School District that students attend at least ninety percent (90%) of classes in order to obtain credit. Hence, students must attend eighty-one (81) days per semester in order to obtain credit for each class.

Procedures at Secondary Level (Grades 7-12)

Parents of students will be notified in writing when their student has missed six (6) days of one or more classes. They will be notified again when the student has missed nine (9) days. The first nine (9) absences are considered the same and none are exempt from being counted against the attendance requirement. When a student reaches the tenth (10th) absence, a meeting of the parent, student and Principal will be scheduled. All absences will be evaluated to determine whether some absences were caused by "extraordinary circumstances" beyond the control of the Principal and/or parents of the student. Examples of "extraordinary circumstances" might include illness or injury if verified by a physician, or interscholastic activities at the state level.

If the Principal rules that no "extraordinary circumstances" led to any of the ten (10) absences, then no credit will be given for the class or classes involved.

If the Principal rules that some absences were due to "extraordinary circumstances," then those absences will be designated "Excused". Excused absences will be determined as follows:

1. Absences caused by illness or injury verified by a physician note if the absence is to be considered as an extraordinary case in waiving the 90% attendance requirement.
2. Absences because of death in the family verified by a note from parent/guardian.
3. Pre-arranged absence in which student must travel or be with parent(s) because of extenuating circumstances.
4. Absence due to participation in State or National scheduled event, such as tournament or play-off game.

Each absence determined to be “excused” under “extraordinary circumstances” shall be deducted from the TEN (10) absences under consideration. No credit will be given if a student accumulates TEN (10) non-excused absences.

NEW- Principal’s Note of Encouragement:

1. Positive incentives and rewards for high attendance are practiced in our school.
2. Families are encouraged not to think of the 9-day absence rule as vacation days or skip days. Missing 9 days can result in a significant amount of learning loss for most students. Keep in mind, extracurricular activity absences (such as sports and clubs) do NOT count in the 9-day absence rule. However, any regular absences that fall under the 9-day rule PLUS extracurricular activity absences can have a detrimental effect on a student’s grades and academic progress. Please strive for high attendance!

ATTENDANCE (continued)

Making up Work Assignments

When students are absent, missed work assignments and activities must be made up in the manner assigned by the Teacher. It is the student’s responsibility to contact the Teacher and obtain the make-up assignments.

Extended Illness or Health Condition

If a student is confined to home or hospital for an extended period, the school shall arrange for the accomplishment of assignments at the place of confinement whenever practicable. If the student is unable to do their schoolwork, or if there are major requirements of a particular course that cannot be accomplished outside of class, the student may be required to take an incomplete or withdraw from the class without penalty.

Excused Absence for Chronic Health Condition

Students with a chronic health condition which interrupts regular attendance may qualify for placement in a limited attendance and participation program under a 504 plan. The student and their parents shall apply to the Principal or Counselor, and a limited program shall be written following the advice and recommendations of the student’s medical advisor. The recommended limited program shall be approved by the Principal and school nurse. Appropriate staff shall be informed of the student’s needs. Absence verified by a medical practitioner may be sufficient justification for home instruction.

Any absence other than those described as excused above will be considered unexcused absences. Examples of unexcused absences include trancies and other absences for which the student did not receive prior approval from the building administrator. When a student evidences repeated trancies, a conference shall be held among the parent, student and Principal. At such a conference, the Principal, student and parent shall consider adjusting the student’s program or transferring the student to another school and/or engaging in family counseling.

Unexcused Absences

If the above action fails to correct the truancy problem, the student shall be declared a habitual truant. The Principal shall interview the student and their family and prescribe corrective action, which may include suspension for the current semester, expulsion, and/or filing a complaint against the parent, guardian, or other person responsible for the care of the child in a court of competent jurisdiction.

Tardy Procedures

Students are expected to be in class on time. For infrequent tardies, classroom teachers will handle the disciplinary actions. When a student's tardiness becomes frequent or disruptive, the student shall be referred to the Principal. If counseling, parent conference and/or disciplinary action are ineffective in changing the student's attendance behavior, they may be suspended from the class and if suspended, will receive no credit for that semester.

Teachers will use a classroom management system that engages the students in the classroom environment and strives to eliminate student tardiness. Effective use of rewards and/or penalties are helpful.

NEW School Rule: For every 5 tardies students will serve 3 lunch detentions.

ATTENDANCE (continued)

3.2. Attendance (Policy #3040)

Compulsory Attendance

"The parent or guardian of any child who has attained the age of seven (7) years, but not the age of sixteen (16) years shall cause that child to be instructed in subjects commonly and usually taught in the public schools of the state of Idaho. To accomplish this, a parent or guardian shall either cause the child to be privately instructed by, or at the direction of, his parent or guardian; or enrolled in a public school, or public charter school, including online or virtual charter school or private or parochial school during a period in each year equal to that in which the public schools are in session; there to conform to the attendance policies and regulations established by the board of trustees, or other governing body, operating the school attended."—**Idaho Code § 33-202**

(2) Whenever it is determined by the board of trustees of any school district that a child enrolled in public school is an habitual truant, as defined in section 33-206, Idaho Code, an authorized representative of the board shall notify in writing the prosecuting attorney in the county of the child's residence. Proceedings may be brought directly against any parent or guardian of a public school pupil who is found to have knowingly allowed such pupil to become an habitual truant, and such parent or guardian shall be guilty of a misdemeanor.

(3) Whenever it is determined by the board under provisions providing due process of law for the student and his or her parents that the parents or guardians of any child not enrolled in a public school are failing to meet the requirements of section 33-202, Idaho Code, an authorized representative of the board shall notify in writing the prosecuting attorney in the county of the pupil's residence and recommend that a petition shall be filed in the magistrates division of the district court of the county of the pupil's residence, in such form as the court may require under the provisions of section 20-510, Idaho Code.

3.3. Make-up Assignments/Work

A student will have the opportunity to complete work missed due to excused absences. It is the student's responsibility to arrange make-up work and tests with the Teacher.

Teachers or the Principal may assign time before/after school or during lunch for students with missing assignments. Activity privileges per section 3.9 may be taken away by the Principal if assignments are missing or not passing.

Assignments/tests missed while truant will not be allowed to be made up for credit or grades, unless a Teacher permits.

Extra days to make up work will not be granted for activities-related absences. Exceptions are by approval of the Teacher and/or Principal.

Tests/exams will be made up on the day the student returns. Exceptions are by approval of the Teacher and/or Principal.

ATTENDANCE (continued)

3.4. Leaving Class Procedures

Before a student may legitimately leave a class, they must obtain permission from the Teacher. The student is expected to then go to the designated area as assigned by the Teacher. Cutting or skipping out during a class period without permission is subject to discipline by the Teacher and/or Principal.

3.5. Leaving School Procedures

If a student finds it necessary to leave the building any time during school hours, or not returning from lunch, they must obtain permission to leave school through the Office from the Secretary or Principal and sign out on the sign-out sheet. The parent must contact the Office prior to departure. Upon returning to school the student should check back in through the Office and then return to class with an admit slip. Failure to check out through the Office will result in an unexcused absence and further discipline.

3.6. Assemblies

Assemblies are part of our total educational program. Students, by law, are under the jurisdiction of the school for the entire school day and therefore are required to attend scheduled assemblies. Students not attending will be deemed truant unless properly excused in advance. Students displaying disruptive/disrespectful behavior at an assembly will be subject to disciplinary consequences.

3.7. Athletics Related Absence (see 2.1 p.17 and 2.2 p. 20)

3.8. Driver's License Suspension/Drop-Out Rule

(Reference Policy #3565 & Idaho Code 49-303A)

When a student fails to meet the enrollment and attendance policy of Potlatch High School, the administration is required to report the student's non-attendance to the Idaho Transportation Department with a request that the student's driving license be suspended. When the ITD suspends driving privileges, it suspends the driver's license and/or privilege of applying for a license, instruction permit, or driver training permit. For a complete copy of the code and procedures, contact the high school office.

3.9. Activity Privileges

Privileges of activities participation and positions of honor and representation may be forfeited by a student who fails to comply with expectations of **scholarship, attendance, citizenship and conduct**. Included in this definition are activities sponsored by the Potlatch School District, such as sports groups, clubs, dances, senior trip, class field trips, etc. Students must be present for six out of seven periods to be able to participate in activities, unless approved by the Principal.

4. FACILITIES

4.1. Driving on Campus Procedures

While the Potlatch School District No. 285 recognizes that automobiles are an integral part of today's society, it also recognizes the need for eliminating unsafe practices during the school day. Therefore, the Potlatch School District maintains a position of assurance to parents that their student(s) will not be allowed to ride in a vehicle between the hours of 8:00 a.m. and 3:00 p.m. with anyone other than a member of their immediate family. Further, recognizing some students have a legitimate interest in using their automobile during the school day, the Board of Trustees has decided on the following:

Students, other than those operating a vehicle themselves, may ride with members of their immediate family only. These are to include:

1. Grandparents
2. Sisters/Brothers

Consequences for Harassment, Intimidation and Bullying

Students engaging in harassment, intimidation, or bullying will be subject to graduated consequences appropriate to the severity of the violation as determined by the Board, school administrators, or designated personnel depending upon the level of discipline. Graduated consequences for bullying may include any of the above listed traditional or alternative disciplinary measures or a combination thereof in accordance with the nature of the behavior, the developmental age of the student, and the student's history of problem behaviors and performance. However, depending upon the nature of the act, the District reserves the right to deviate from the process of graduated consequences to appropriately address the conduct at issue and move directly to suspension or expulsion proceedings. District personnel may also report the student's conduct to the appropriate law enforcement officials.

Disciplining Students on Individual Education or Section 504 Plans

The District shall comply with the procedural safeguards enumerated in state and federal laws and rules when disciplining students with individualized education plans or 504 plans.

STUDENT MANAGEMENT (continued)

Gun-Free Schools (Policy 3310)

A student who uses, possesses, controls, or transfers a firearm, or any object that can reasonably be considered, or looks like, a firearm, shall be expelled for a definite period of time of at least one (1) calendar year. The Board, however, may modify the expulsion period on a case-by-case basis. The building administrator shall notify the appropriate law enforcement agency of any student who brings a firearm to school.

If a student violating this policy is identified as disabled, either under the IDEA or Section 504, a determination must be made whether the student's conduct is related to the disability. If the violation of the policy is due to a disability recognized by the IDEA or Section 504, lawful procedures for changes in placement must be followed.

Any student subject to an expulsion shall be entitled to a hearing before the Board, in accordance with Idaho Code and Board policy.

Possession of a Weapon on School Property – “Misdemeanor”

No person shall possess a firearm or other deadly or dangerous weapon while on school property or in those portions of any building, stadium or other structure on school grounds which, at the time of the violation, are being used for an activity sponsored by or through a school in this state or while riding school provided transportation. This also applies to students of schools while attending or participating in any school sponsored activity, program or event regardless of location.

As used in this section of this Policy only:

- a) "Deadly or dangerous weapon" means any weapon as defined in United States Code
- b) "Firearm" means any firearm as defined in United States Code

Any person who possesses, carries or stores a weapon in a school building or on school property shall be referred to law enforcement for immediate prosecution, as well as face disciplinary action by the District.

Delegation of Authority

Each Teacher, and any other school personnel when students are under their charge, is authorized to impose any disciplinary measure, other than suspension, or expulsion, corporal punishment or in-school suspension, which is appropriate and in accordance with the policies and rules on student discipline. Teachers may remove students from a classroom for disruptive behavior.

STUDENT MANAGEMENT (continued)

Nondiscrimination

The District will ensure that student discipline is enforced in a nondiscriminatory manner to avoid subjecting similarly situated students to different treatment without a legitimate reason for doing so, or when such a reason is merely a pretext for discrimination. Such discrimination, which the District will endeavor to avoid, includes the following:

1. Adopting discipline rules which treat students differently based on race, color, national origin, ancestry, sex, gender identity, sexual orientation, ethnicity, age, language barrier, religious beliefs, physical and mental handicap or disability, economic or social conditions, or actual or potential marital or parental status or status as a homeless child;
2. Adopting any rule with the intention of targeting students based on the personal characteristics listed above, rather than for a legitimate purpose, regardless of whether the phrasing of the rule appears neutral with regard to students' personal characteristics;
3. Enforcing an apparently neutral rule more harshly on the basis of a student's personal characteristics; or

4. Discipline of any student when it is motivated by intentional discrimination.

5.5. Student Discipline

As part of our school-wide positive behavior program, there are consequences associated with our behavior expectations. Below is an explanation of the consequences and which category they fall in regarding Potlatch Jr.-Sr. High’s school-wide positive behavior and support program. The list of consequences is not inclusive.

Students will be sent to the office when there is a serious offense (such as fighting, the student is out of control, etc.) where the safety of other students or staff members is directly at risk and may receive immediate in-school or out-of school suspension. Severe offenses (violation of drug or weapons policy etc.) will result in immediate out-of-school suspension and/or recommendation to the Board of Trustees for expulsion. The teacher or staff member informs the office (Principal, Principal Designee, or District Office) when the student is being sent to the office and a brief explanation why. The referring teacher or staff member will document each step of the assertive discipline program through the student information system (SIS) and submit an Office Discipline Referral Form to the Principal or his designee as soon as possible or by the next morning. Any student suspended from school will only be re-admitted after a conference has been held with the Principal.

Appeals and Grievances Procedures

Student grievance procedures for discipline problems should first be addressed with the teacher involved. If a student does not feel justice has been served, they may refer the problem to the Principal. The Principal will then contact the teacher for an explanation of the situation. The Principal will then decide based upon the information provided by other parties. If the student still feels that justice has not been served, they may take their case to the Superintendent. Beyond this step the student should ask to be placed on the school board’s agenda. This may be done by seeing the Superintendent. At any stage the parent is welcome to be part of the grievance.

If counseling, parent conference and/or disciplinary action are ineffective in changing the student’s attendance behavior, they may be suspended from the class.

Teachers will use a classroom management system that engages the students in the classroom environment and strives to eliminate student tardiness. Effective use of rewards and/or penalties are helpful.

NEW School Rule: For every 5 tardies students will serve 3 lunch detentions.

STUDENT MANAGEMENT (continued)

5.9. Dress Code (Policy #3220)

Students are reminded that their appearance significantly affects the way others respond to them. Matters of dress remain the primary responsibility of students, in consultation with their parents or legal guardians. Nevertheless, certain minimum standards shall be observed by all students. The administration shall establish procedures for the monitoring of student dress in school or while engaging in extracurricular activities. Specifics regarding this policy may be found in the student handbook.

5.10. Dress Code Procedures

Student attire should reflect a level of professionalism that helps maintain the educational process in the school setting. If a staff member finds a piece of clothing does not meet the dress code standards below, then the student may be discreetly referred to the Office.

STUDENT MANAGEMENT (continued)

5.11. Driving on Campus Procedures guided by Board Policy 3200

While the Potlatch School District No. 285 recognizes that automobiles are an integral part of today's society, it also recognizes the need for eliminating unsafe practices during the school day. Therefore, the Potlatch School District maintains a position of assurance to parents that their student(s) will not be allowed to ride in a vehicle between the hours of 8:00 a.m. and 3:00 p.m. with anyone other than a member of their immediate family. Further, recognizing some students have a legitimate interest in using their automobile during the school day, the Board of Trustees has decided on the following:

Students, other than those operating a vehicle themselves, may ride with members of their immediate family only. These are to include:

1. Grandparents

2. Sisters/Brothers
3. Parents/Guardians

Any deviation to the above must first be cleared through the Principal. Questions concerning this matter should be directed to the Principal.

First Offense:

Driver and passenger(s) of the vehicle will not be allowed to drive during school hours for 45 school days from the day of the offense leaving their keys in the Office during school hours. Any deviation to the first offense must first be cleared through the Principal.

Second Offense:

Any student 11th grade and younger will result in loss of all on campus driving privileges for 45 school days. For a senior, there will be a suspension and loss of senior sneak privileges for both driver and passenger(s).

No student may drive a vehicle off campus if said vehicle has been prohibited from leaving campus, due to a previous violation involving said vehicle. A violation of this rule will result in a suspension of up to FIVE (5) days.

Students who have lost driving privileges may not drive any vehicle on or off campus during school hours during their suspension period. A violation of this rule will result in a suspension of up to FIVE (5) days. Any deviation to the second offense must first be cleared through the Principal.

All drivers are expected to obey safety, noise and speed (10-MPH) rules.
All drivers are expected to park appropriately in designated areas only.

Dirt bikes, A.T.V. or other non-licensed, street legal vehicles are prohibited from being ridden on school district property. Violation of this rule will result in the student leaving their vehicle off campus and the assignment of discipline such as detention or loss of privileges.

Riding in the back of pickups on school district property is prohibited.

Note: Students are to remember that this policy applies on campus as well as off campus. I.e., do not pick up other students once off campus during lunch. This procedure will be in place for grades 7-12.

STUDENT MANAGEMENT (continued)

5.12. Paraprofessionals, Substitutes, and Student-Teachers

5.14. Search and Seizure

A student has a right to privacy. There must be a reasonable suspicion that prohibited articles are contained on school property before a search is undertaken by school administration. In the event of such search and seizure:

1. The search of school property assigned to the student (locker, desk, bag, vehicle, etc.) shall be undertaken with the student and at least two (2) adult witnesses being present except under extreme circumstances.
 - a) Illegal items and/or other items which present a threat to the health, safety, or the security of others may be confiscated by school authorities.
 - b) Items which disrupt or interfere with the educational process may be temporarily removed from the student and returned to his/her parent or guardian.
2. In as much as the law assumes no one but the student has access to his or her locker combination, the student may be held responsible for the contents therein.

Searches of general school property, including lockers and parking lots, may be conducted at any time.

5.15. Tardy Procedures

Students are expected to be in class on time. For infrequent tardies, classroom teachers will handle the disciplinary actions. When a student's tardiness becomes frequent or disruptive, the student shall be referred to the Principal. If counseling, parent conference and/or disciplinary action are ineffective in changing the student's attendance behavior, they may be suspended from the class and if suspended, will receive no credit for that semester.

Teachers will use a classroom management system that engages the students in the classroom environment and strives to eliminate student tardiness. Effective use of rewards and/or penalties are helpful.

NEW School Rule: For every 5 tardies students will serve 3 lunch detentions.

STUDENT MANAGEMENT (continued)

Information posted in the bulletin should be brought to the Office by **3:15 p.m.** the day before. All notices for the bulletin must be signed by the Advisor of the organization or emailed to the Secretary by the Advisor. A United States flag will be displayed in every classroom.

MISCELLANEOUS POLICY & PROCEDURES (continued)

Free and Reduced lunches are available to children for families who qualify. Lunch times will be adjusted as necessary for days with a different bell schedule. Crowding and rowdy behavior by students will not be tolerated and offenders will be sent to the end of the line.

6.10. Military Recruitment

Section 9528 of the Elementary and Secondary Education Act of 1965 as amended by the No Child Left Behind Act of 2001 requires school districts to provide the United States Military Recruiting Command with a list which includes the name, address, and telephone number of all high school students registered in the district. Individual students and/or their parents may request that their names be withheld from this list. To facilitate such requests, an “opt-out” form may be picked up at the Office.

MISCELLANEOUS POLICY & PROCEDURES (continued)

6.11. Safety Bussing (Policy #8110)

Safety Bussing

Safety bussing is the transportation of a student who lives less than 1½ miles from school when, in the judgment of the Board of Trustees, the age, health and/or safety of the students warrants such action.

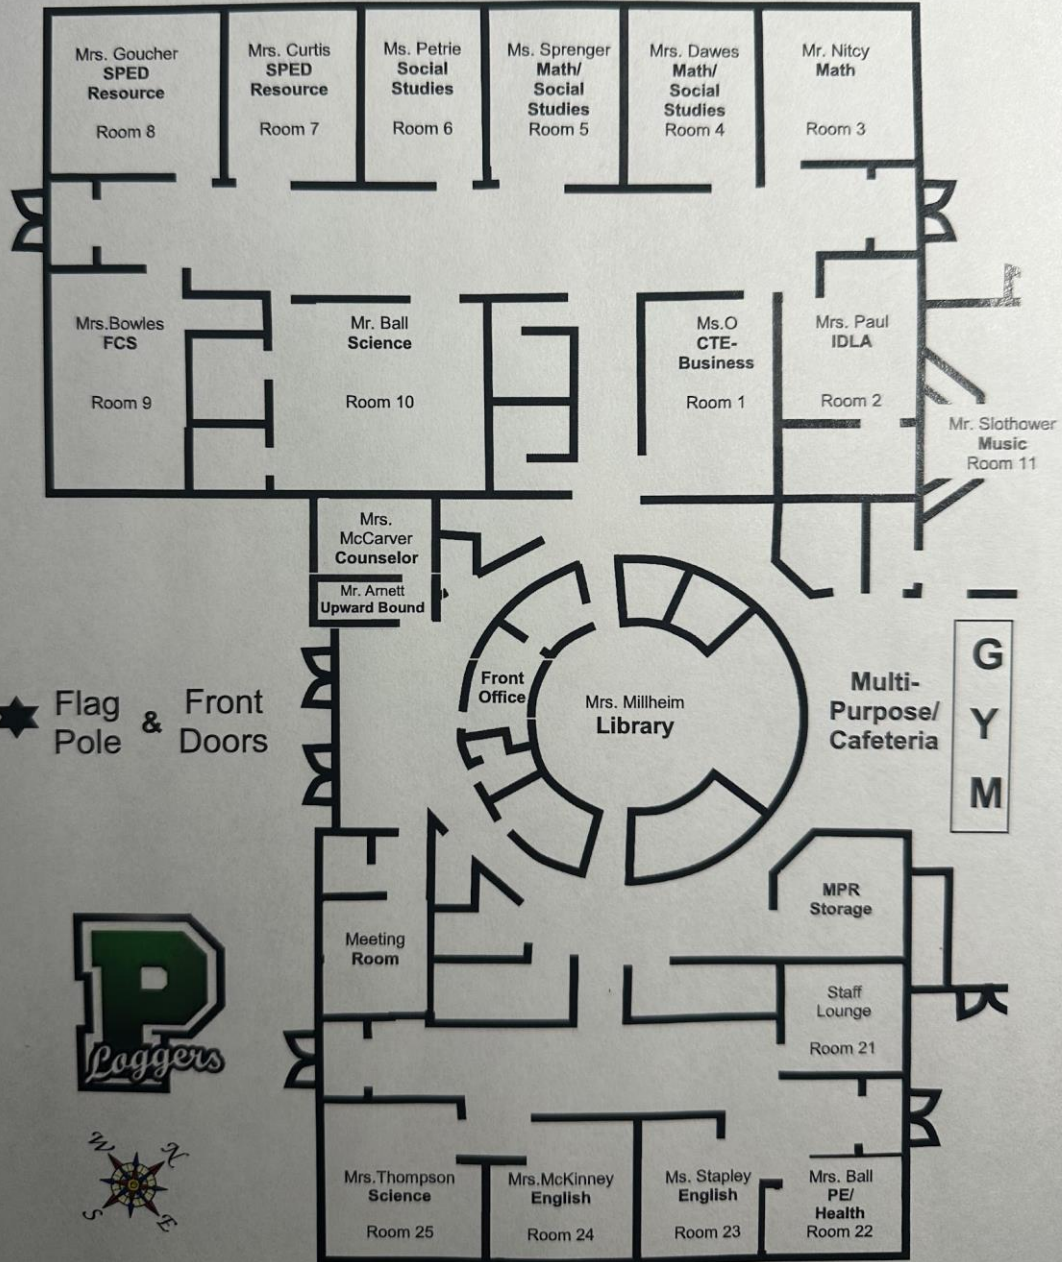

The Board of Trustees will only consider requests for safety busing for students living less than 1½ miles from school when a student walking to school would entail one or more of the following:

1. Unsupervised crossing of a heavily traveled multi-lane roadway requiring beyond-age-level comprehension of complex traffic hazards;
2. Walking along an arterial road and highway permitting fifty (50) mile per hour speeds;
3. Crossing an intersection in competition with a high volume of right-turning vehicles without the benefit of adult supervised crossing;
4. Walking in the traffic lane of an arterial or collector street because of the absence of sidewalks or usable shoulders which are at least three (3) feet wide;
5. Walking beside or over unprotected waterways;
6. Walking routes which are temporarily interrupted by major road construction, building construction, or utility construction;
7. Walking routes interrupted by numerous high traffic volume business driveways; or
8. Other unique circumstances or extraordinary factors.

The existence of any of the above criteria does not automatically qualify an area for safety busing. The Board may also consider evaluation factors including but not limited to: traffic count, traffic gap times, posted speed, width of roadway, width of walking area, length of time students would be exposed to area of concern, age of pupils, number of pupils, and traffic control signs and markings, as well as written comments from parents, patrons, and school personnel prior to a vote on the issue. Further, the Board shall consider the criteria set out in its measuring and scoring instrument, with an appropriate “cut off” for safety bussing purposes when the scoring element used indicates hazards that are “reasonable” for students to encounter during their walk to and from school.

Each year, no later than the regular Board meeting in August, the Board shall review and vote on all requests for new safety bussing locations. The Board may annually approve the formation of an ad hoc supplemental transportation committee for the purpose of objectively evaluating all hazardous routes less than 1.5 miles from the students’ home to school, using the Board approved measuring instrument. The Superintendent or their designee is directed to review all existing safety bussing locations at intervals of no more than three years (3).
