# Message from the *Superintendent*

Dear families and friends -

Within the Snohomish community, there is a sense of pride in our schools. Whether you are new to the district or generations of your family went through the school system, student success and the quality of education reflects our community. On February 11, the Snohomish School District is asking voters to consider a capital bond to continue building for our students' future.

One of the most significant issues facing Snohomish schools is overcrowding and the dependence on portables. As our district grows, our aging schools need to keep up with enrollment and ensure our students have access to modern facilities.

If approved on February 11 by voters, the bond will fund the rebuilding of six of our oldest elementary schools, additional classrooms at Glacier Peak High School, and the creation of an early learning center. Central Primary Center and Emerson Elementary would be combined into one new K-6 facility on the Emerson site. By rebuilding six schools, our district will ensure that every student has the space they need to grow and access to a high-quality learning environment. Improvements to the Parkway Campus, home to our alternative learning programs, such as AIM High School and Parent Partnership Program, and improvements to the district's maintenance and transportation facilities are also included. The bond also funds safety and security improvements throughout the district to ensure all our students and staff are safe. These improvements include exterior digital access control, internal access control, and new camera systems.

I'd also like to draw your attention to our annual Spring Into Kindergarten event. This year's event will be held from 4–7 p.m. on March 4. All 2020-2021 kindergarteners and their families are highly encouraged to attend. Our district's full-day kindergarten program includes a strong emphasis on the development of academic and social skills. We will work hard to provide your child with the opportunity to explore, discover and experience the joy of learning.

Thank you for your dedication and commitment to the Snohomish School District!

Sincerely,  
Dr. Kent Kultgen

*The district's annual Spring into Kindergarten event will be held from 4–7 p.m. on Wednesday, March 4, at all district elementary schools.*

# Building for Our Students' Future

## Capital Bond - February 11, 2020

### The February 2020 bond will:

#### Provide access and opportunity for each student

Funds from the bond will be used to replace our oldest elementary schools, so all students have the same access to an optimal learning environment no matter which school they attend.

Improvements include adding more classroom space to reduce the use of portable classrooms across the district.

#### Enhance school safety and security for students and schools

Safety and security upgrades will include improved digital access control systems, new district-wide radio system, redesigned vestibules in secondary schools, new and upgraded existing camera systems, emergency responder enhancements, and improved school lockdown capabilities.

#### Continue community pride

This bond will ensure our schools continue to be a source of pride in our community. We know that the success of our students and quality schools are a reflection of our community and a source of pride.

### What is the cost to build for our students' future?

If approved by voters on February 11, 2020, the tax rate for the Snohomish School District capital bond would be \$0.98 per \$1,000 of assessed valuation (data based on 2019 voter-approved Snohomish School District tax rates).
