Natalia Abercrombie	Layla Pope	Megan MacFerren
<p>(1) Natalia is an extremely hard worker. She has many struggles in life and yet, she perseveres with a positive attitude. Natalia started our school year only able to read 50 sight words. At this point she has surpassed her goal of new words to learn and she has more than DOUBLED how many sight words she can read. Natalia can easily get confused with new topics. She asks questions when she is not sure of something and does not give up. She keeps trying until she can proudly say she understand the skill at hand. Despite the difficulties Natalia encounters across the day, she perseveres and stays positive. She is always polite and does her best to be a good friend. She does not let a bad day or a difficult period stop her from having a good day. I can not think of a better student that perseveres. (2) She has faces challenges but is working so hard</p>	<p>Layla came to 3rd grade in September with quite a gap to bridge in reading. While other students would have given up, made excuses, felt sorry for themselves, etc. Layla kept pushing. She not only pushes herself through adversity and discomfort, she also accepts help when given, works tirelessly to improve (in small group, basic skills, and after school tutoring), all while maintaining such a positive attitude and growth mindset. As a result, Layla has shown tremendous growth and continues to be such a strong role model for her classmates.</p>	<p>Megan will come for extra help during her lunch time to make sure she knows the material before assessments, or come for extra help before retaking an assessment.</p>
