

# Title IX Requirements and Training

# Title IX Regulations

- Initially effective August 14, 2020
- Numerous procedural changes
- District has adopted policy ACA/1301 or "Sexual Harassment under Title IX".
- New regulations set to take effect August 1, 2024.
- Currently enjoined in 14 states, 6 more, including MO, pending decision.

# What would change?

- Definitions of certain terms
- Compliance regardless of state law conflict
- Training requirement tweaks
- Specifies sex discrimination to include: sex stereotypes, sex characteristics, pregnancy/conditions, sexual orientation, gender identity
- Separation of facilities issues
- Adds “hostile environment harassment” to definitions: Unwelcome sex-based conduct that, based on the totality of circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person’s ability to participate in or benefit from the education program or activity (Note the lower threshold)

# What would change?

- Will apply to conduct “that is subject to the recipient’s disciplinary authority”. (Think: Off-campus misconduct with a nexus to the school environment that creates a material, substantial disruption)
- “Actual knowledge standard” is now broader in scope: “knowledge of conduct that reasonably may constitute...”
- Response required is “promptly and effectively” and no longer without “deliberate indifference”.
- Steps required if a formal complaint is not made or if a formal complaint is withdrawn (determination by Title IX Coordinator as to whether conduct alleged presents an imminent or serious threat and whether to initiate formal complaint on that basis)

# What would change?

- Pregnancy-related changes:
  - Students, employees, applicants protected
  - Pregnancy, childbirth, lactation, termination, related medical conditions, recovery
  - If notified of a student's pregnancy, must provide TIX Coordinator info to student and specific steps required of Coordinator convo with student
- Gender identity changes:
  - Requires participation consistent with gender identity
    - Assumes violation based on separation
  - Athletics addressed separately

# What would change?

- Permits a single-investigator model
- Permits informal resolution within the Title IX process unless complaint is based on employee-to-student misconduct
- Policy language changes to comply with new regulations
- Procedural changes
- Employee, parent, student education of policies and procedures

# Are we in limbo?

- Lawsuit filed by Arkansas Attorney General, joined by Missouri and four other states.
- Filed in early May in the Eastern District Court of MO
  - Later filing than other cases already decided
- Focus is most specifically on the gender identity protections within the updated regulations
  - Consistent with all lawsuits currently filed/decided
- Seeks to enjoin all or some of the updated regulations
- Prior courts have enjoined all updates to Title IX
- Appeals are in process in 2 out of 3 decided cases
  - Arguments that the portions of Title IX that are not related to gender identity should not be enjoined
- Unclear when we can expect a decision (presumably before August 1)

(We are in limbo)

# What are we supposed to do?

- Leeeeeet's LIMBO!
  - Train all new employees who are part of the Title IX process
  - Cover both the updates and pre-August 1 regulations
  - Hold off on training and policy updates until court decision is made
  - Process Title IX complaints as we have processed them in the past until July 31, 2024
  - We will know whether we have to change our process before August 1, 2024, and we will be ready if necessary!
  - Consider reports of sexual harassment and sex discrimination that are based on gender identity or sexual orientation as we would under the Missouri Human Rights Act and consider whether Title IX applies in addition to AC/1300/C-130-P.

# Basic Steps Outlined in the Current Regulations

- District or school receives actual knowledge of conduct that may constitute sexual harassment.
- District-level or school-based Title IX Coordinator meets with alleged victim to discuss supportive measures and the process for filing a formal complaint.
- Investigator leads the investigation after the formal complaint is in place and written notice is given to the involved individuals and their parents/guardians.

# Select Definitions

- *Actual Knowledge* – Notice of sexual harassment under Title IX or notice of allegations of sexual harassment under Title IX to the district's Title IX coordinator or to any district official who has the authority to institute corrective measures on behalf of the district or to any employee of the district, except where the only district official or employee with actual knowledge is also the respondent.
  - *Remember that this term will be broader if new regs are implemented*

# Select Definitions

- *Formal Complaint* – A document or electronic submission filed by the complainant or signed by the Title IX coordinator alleging sexual harassment under Title IX against a respondent and requesting that the district investigate the allegations. When a complainant files a formal complaint, the document or electronic submission must have the complainant's physical or digital signature or otherwise indicate the complainant's identity. A formal complaint may be filed only by a complainant participating in or attempting to participate in the district's education programs or activities.

# Select Definitions

- *Informal Resolution Process* – Alternative dispute resolution methods designed to resolve allegations of sexual harassment without completing the formal complaint process. The purpose of the process is to restore or preserve equal access to the district's education programs or activities for all parties. Such a process may be offered by the Title IX coordinator after a formal complaint has been filed and after consultation with the district's attorney as to whether an informal resolution process will be sufficient to meet the district's Title IX obligations.

# Select Definitions

- *Sexual harassment* under Title IX is conduct on the basis of sex within the scope of the district's education programs or activities that satisfies one or more of the following:
  - An employee of the district conditioning the provision of an aid, benefit or service of the district on an individual's participation in unwelcome sexual conduct;
  - Unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to the district's education program or activity; or
  - "*Sexual assault*" as defined in 20 U.S.C. 1092(f)(6)(A)(v), "*dating violence*" as defined in 34 U.S.C. 12291(a)(10), "*domestic violence*" as defined in 34 U.S.C. 12291(a)(8) or "*stalking*" as defined in 34 U.S.C. 12291(a)(30).

*Remember!  
This will  
change under  
new regs! See  
next slide.*

# 8/1/24 Definition

- *Sexual harassment* under Title IX is conduct on the basis of sex within the scope of the district's education programs or activities that satisfies one or more of the following:
- Hostile Environment Harassment
  - Unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from the recipient's education program or activity (i.e., creates a hostile environment).
  - Includes consideration of the following:
    - (i) The degree to which the conduct affected the complainant's ability to access the recipient's education program or activity;
    - (ii) The type, frequency, and duration of the conduct;
    - (iii) The parties' ages, roles within the recipient's education program or activity, previous interactions, and other factors about each party that may be relevant to evaluating the effects of the conduct;
    - (iv) The location of the conduct and the context in which the conduct occurred; and
    - (v) Other sex-based harassment in the recipient's education program or activity;

# Select Definitions

# Select Definitions

- *Sexual offenses* are any sexual act directed against another person, without consent of the victim, including instances where the victim is incapable of giving consent, and unlawful sexual intercourse. This includes rape, sodomy, sexual assault with an object, fondling, incest, statutory rape, and failure to register as a sex offender.

# Select Definitions

- *Dating violence* is violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on a consideration of the following factors:
  - The length of the relationship
  - The type of relationship
  - The frequency of interaction between the persons involved in the relationship.

# Select Definitions

- *Domestic violence* is a felony or misdemeanor crime of violence committed by:
  - A current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common;
  - A person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner;
  - A person similarly situated to a spouse of the victim under the domestic or family violence laws of Missouri; or
  - Any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of Missouri.

# Select Definitions

- *Stalking* is engaging in a course of conduct directed at a specific person that would cause a reasonable person to:
  - Fear for his or her safety of others; or
  - Suffer substantial emotional distress.

# Schools Must . . .

- Provide for the “prompt and equitable” resolution of student and employee complaints.
- Treat complainants and respondents equitably.
- Require an objective evaluation of all relevant evidence.
- Require that Title IX Coordinator, Investigator, Decision-maker, or any other key player have no conflicts of interest or bias for or against complainants or respondents, and that all such individuals receive specified professional development.
- Include a presumption of innocence for respondents.

# Schools Must . . .

- Include a presumption of innocence for respondents.
- Designate reasonably prompt time-frames for resolution and the range of possible disciplinary actions.
- Use either the “preponderance of the evidence” ~~or “clear and convincing” standard~~ and apply it equally to employee and student complaints.
- Provide complainant and respondent (and their parents/guardians) an equal opportunity to review any evidence obtained that is directly related to the allegations raised in a formal complaint.
- Address certain other procedural steps enumerated at 34 C.F.R. § 106.45 of the new regulations.

# Roles and Responsibilities

- Investigator gathers and reviews evidence, and prepares an investigative report; the involved individuals and their parents/guardians review and respond to the report.
- Decision-maker provides opportunity for involved individuals and their parents/guardians to prepare written questions to be answered by the other side.
- Decision-maker reviews all materials and makes a written responsibility determination – an impartial determination as to whether the alleged conduct occurred – including sanctions.

# Identify the Roles

- Since multiple individuals are needed to fill the roles in the process, it is important to establish the roles at the onset.
  - Title IX Coordinator can be the investigator.
  - Decision-maker must be someone other than the Title IX Coordinator or Investigator.
  - Appeal decision-maker cannot be the same person as the decision-maker, the investigator, or Title IX Coordinator.
- Title IX has specific training requirements for individuals filling these roles, which will be covered by this training.

# Reporting Requirements

- Any person may report sexual harassment regardless of whether the person is the alleged victim(complainant).
- However, Board members and employees must immediately report to the Title IX coordinator any incident or behavior that could constitute sexual harassment or retaliation in accordance with this policy.
- Reports may be made at any time, including during nonbusiness hours, by using the telephone number, email address or office address listed below.

# Intake and Classification of Reports

- The Title IX coordinator will receive and review all reports of sexual harassment even if a formal complaint has not been filed.
- If the Title IX coordinator determines that the report concerns conduct that does NOT involve sexual harassment under Title IX as that term is defined in this policy or did not occur in the district's education program or activity, the Title IX coordinator will use the grievance process in policy AC/1300/C-130-P or forward the complaint to the individual responsible for implementing policy AC/1300/C-130-P.

# Basic Steps

- If a school has actual knowledge of sexual harassment allegations, the school must respond promptly and in a manner that is not deliberately indifferent (i.e., not “clearly unreasonable in light of the known circumstances”).
- A school must offer “supportive measures” to the alleged victim (complainant) and follow a grievance process that meets certain minimum requirements before imposing discipline or other actions that are not supportive measures against an alleged perpetrator (respondent).
- A school may not continue with the grievance process in the absence of a formal complaint.

*Reminder! This will change to “have information about conduct that reasonably may constitute sex discrimination... must respond promptly and effectively.”*

*Reminder! This will change to require an analysis of whether certain steps must be taken, depending on the allegations.*

# Supportive Measures

- Supportive Measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee to the complainant or respondent before or after filing a formal complaint or where no formal complaint is filed.
  - Designed to restore or preserve equal access to the district's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district's educational environment, or deter sexual harassment.
  - If the District does not provide complainant with supportive measures, the District must document the reasons why such response was not clearly unreasonable in light of the known circumstances.

# Supportive Measures (cont.)

*Reminder! Under new regs, parties may appeal decisions regarding supportive measures to an impartial employee. If a student has a disability, Title IX*

*Coordinators must coordinate with the IEP or 504 team(s) to determine how to comply with IDEA and Section 504 requirements re: the implementation of the Title IX procedures, including, but not limited to, the implementation of supportive measures.*

- Supportive Measures may include:
  - Counseling
  - Extensions of deadlines or other course-related adjustments
  - Modifications of work or class schedules
  - Campus escort services
  - Mutual restrictions on contact between parties
  - Changes in work or housing locations
  - Leaves of absence
  - Increased security or monitoring of certain areas of the campus

# Removal of Respondent

- The district is not precluded from removing a Respondent from the education program or activity on an emergency basis, provided that the district:
  - Undertakes an individualized safety risk and analysis
  - Determine that **an immediate threat to the physical health or safety** of any student or other individual rising from the allegations of sexual harassment justifies removal; and
  - Provides the Respondent with notice and an opportunity to challenge the decision immediately following the removal.
- The requirement of supportive measures does not preclude the district from placing an employee on administrative leave during the grievance process.
- Keep in mind disciplinary requirements under policy and state law as you work through this process.

*Reminder! Note that removal is no longer limited to threats of physical safety under the new regs. Could be for an imminent and serious threat to the health or safety of a complainant or any students, employees, or other persons...*

# Procedures Prior to or without a Formal Complaint

- When the Title IX coordinator has **actual knowledge** of an allegation of sexual harassment under Title IX in an education program or activity of the district, the Title IX coordinator will promptly contact the complainant and:
  - Provide information about the supportive measures available to the complainant and inform the complainant that he or she may receive supportive measures without filing a formal complaint.
  - Consider the complainant's wishes with respect to supportive measures and implement appropriate supportive measures.
  - Explain to the complainant the process for filing a formal complaint.

# In Absence of Formal Complaint

- If no formal complaint is filed by the complainant or signed by the Title IX coordinator, no disciplinary action will be taken against the respondent on the grounds of sexual harassment under Title IX.

# The Formal Complaint Process

- The complainant may file a formal complaint or choose not to file a formal complaint and simply receive the supportive measures.
- If the complainant does not file a formal complaint, the Title IX coordinator may sign a formal complaint initiating the grievance process.
- The Title IX coordinator will do so only if initiating the grievance process against the respondent is not clearly unreasonable in light of the known circumstances.

*Reminder! This will change to allowing the TIXC to initiate a complaint only if the conduct presents an imminent and serious threat to someone's health or safety or prevents the District from ensuring equal access based on sex to education programs & activities. Must consider 8 specific factors to make this determination. Language remains permissive.*

# Confidentiality

- The district must keep confidential (except as permitted by FERPA, as required by law, or to carry out the purpose of Title IX) the identity of any individual who has made a report or filed a formal complaint, including:
  - Any individual who has made a report or filed a formal complaint
  - A complainant
  - An individual who has been reported to be the perpetrator of sexual harassment
  - A respondent
  - Any witness.
  - *Confidentiality requirements are beefed up in the 2024 regulations to state "personally identifiable information as opposed to only "the identity"*

# Title IX Grievance Process upon Filing of a Formal Complaint

The district's grievance process will provide a prompt and equitable resolution of complaints and will:

- Treat complainants and respondents equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent;
- Comply with Title IX regulations before imposing any disciplinary sanctions or other actions that are not supportive measures against a respondent;
- Require a decision-maker to objectively evaluate all relevant evidence, including both inculpatory and exculpatory evidence, and not make credibility determinations based on a person's status as a complainant, respondent or witness;
- Require that all Title IX coordinators, investigators, those responsible for facilitating informal resolution processes and decision-makers not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent;

# Title IX Grievance Process upon Filing of a Formal Complaint (cont.)

- Presume that the respondent is not responsible for the conduct until a determination of responsibility is made at the conclusion of the grievance process;
- Follow stated timelines unless the district temporarily delays the grievance process for good cause (including, but not limited to, the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of a disability) and notify the parties in writing of the reason for a delay, if any; and
- Not require, allow, rely upon or otherwise use questions or evidence that constitutes, or seeks disclosure of, information protected under a legally recognized privilege unless the person holding such privilege has waived the privilege.

# Notice to the Parties

When the complainant files a formal complaint, written notice will be provided to all known parties and will include:

- Notice of the grievance process, including any informal resolution process that is available and the timeline for such process.
- Notice of the allegations of sexual harassment under Title IX made by the complainant with sufficient details known at the time and with sufficient time to allow the respondent to prepare before the initial interview. At a minimum, the details will include the identities of the parties involved in the incident, if known, the conduct and the date and location of the alleged incident if known.
- A statement that the respondent is presumed not responsible for the conduct and that a determination of responsibility will be made at the conclusion of the grievance process.

## Notice to the Parties (cont.)

- A statement that parties may have an advisor of their choice, who may be an attorney.
- A statement that the parties and their advisors will have an equal opportunity to inspect and review any evidence that is directly related to the allegations raised in the formal complaint, including evidence upon which the district does not intend to rely, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation.
- Notice of any provision in the district's discipline code that prohibits knowingly making a false statement or providing false information during the grievance process.
- If in the course of the investigation of sexual harassment under Title IX the district decides to investigate allegations about the complainant or respondent that were not in the initial notice, notice of the additional allegations will be provided to all known parties.

# Investigation Process and Scope

- After the formal complaint is filed, the investigator will provide an investigative report to the decision-maker.
- The investigation may be conducted by someone other than the Title IX coordinator.
- The investigator will gather evidence sufficient to reach a determination of responsibility or nonresponsibility and may not require the parties to do so.

# Investigation Process and Scope (cont.)

- During the investigation and the grievance process, the district will:
  - Provide equal opportunity to present witnesses, including fact and expert witnesses, and all evidence, including inculpatory and exculpatory evidence.
  - Not restrict the parties from discussing the allegations under investigation or gathering and presenting relevant evidence.
  - Provide the same opportunity for parties to have others, including an advisor of their choice, present during any grievance proceedings and related meetings, though the district may restrict the extent to which advisors may participate as long as the rules apply to both parties.
  - Provide written notice to parties who are invited or expected to participate of the date, time, location, participants and purpose of all hearings, investigative interviews or other meetings with sufficient time for the parties to prepare to participate.
  - Obtain written, voluntary consent before accessing records, such as medical records or counseling notes, that a physician, psychiatrist, psychologist or other recognized professional or paraprofessional made or maintained in connection with the provision of treatment to the party. If the party is at least 18 years old or is enrolled in postsecondary education, the party can sign on his or her own behalf. Otherwise, a parent/guardian must sign on the party's behalf.

# Investigation Process and Scope (cont.)

- Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation.
  - This includes evidence upon which the district does not intend to rely in reaching a determination of responsibility and inculpatory or exculpatory evidence, whether obtained from a party or other source.
- Send to each party and the party's advisor, if any, the evidence subject to inspection and review prior to completion of the investigative report and within \_\_\_\_\_ [recommended: 20] business days of the parties receiving notice of the formal complaint.
  - The evidence may be sent in an electronic format or hard copy. The parties will be given at least ten business days, as required by law, to submit a written response, which the investigator will consider prior to the completion of the report.
- Create an investigative report that fairly summarizes relevant evidence and send it in an electronic or hard copy format to each party and their advisors, if any, for their review and written response.
  - The investigative report must be sent no later than ten business days prior to the time of determination of responsibility by the decision-maker, as required by law.

# Investigation Process Change (New Regs)

The two evidence review periods were replaced with a requirement to provide the parties "a reasonable opportunity to respond" to the evidence or the accurate description of the evidence. LEAs must take reasonable steps to prevent the parties from unauthorized disclosure outside of the process.

*It is not required that we have the evidence review period PLUS the investigation report review. This could be done all at once, prior to the decision-making phase, under the new regs. We would also not have to provide the actual evidence, but only notify the parties of the right to inspect the evidence upon request after review of a summary of the evidence.*

# Dismissal of the Formal Complaint

- If the district determines that the allegations, even if proved, would not constitute sexual harassment under Title IX as defined in this policy, did not occur in the district's education program or activity, or were not committed against a person in the United States, the formal complaint will be dismissed. The dismissal does not mean that a complaint cannot be made under another district policy or that any misbehavior will not be addressed under another policy or the district's code of conduct.
- The district may dismiss a formal complaint or any allegations in a formal complaint at any time if:
  - The complainant notifies the Title IX coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations in the formal complaint;
  - The respondent is no longer enrolled in or employed by the district; or
  - Specific circumstances prevent the district from gathering evidence sufficient to reach a determination of responsibility based on the merits of the formal complaint or allegations therein.

# Dismissal of the Formal Complaint (cont.)

- If the formal complaint is dismissed, the district will notify the parties simultaneously. A party may appeal the dismissal of a formal complaint by submitting a written notification of appeal to the Title IX coordinator within \_\_\_\_\_ [recommended: five] business days of receiving the notice that the complaint was dismissed. If the Title IX coordinator or the investigator dismissed the complaint, the dismissal will be heard by the decision-maker. If the decision-maker dismissed the complaint, the dismissal will be heard by the appellate decision-maker. The appeal is limited to the following bases:
  - There was a procedural irregularity that affected the outcome.
  - There is new evidence that was not reasonably available at the time the dismissal was made that could affect the outcome of the matter.
  - The Title IX coordinator, investigator or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent that affected the outcome of the matter.

# Dismissal of the Formal Complaint (New Regs)

- No longer mandatory dismissals
- Complaints may be dismissed if
  - (1) the respondent is unidentifiable even after a reasonable attempt to identify the respondent;
  - (2) the respondent is not participating in the educational program or activities or is not employed by the LEA;
  - (3) the complainant voluntarily withdraws some or all of the allegations and any remaining allegations would not constitute discrimination under Title IX; or
  - (4) the allegations, even if proven, would not violate Title IX after reasonable efforts have been made to clarify the allegations with the complainant.

A dismissal may be appealed.

# Submission for a Determination of Responsibility and the Related Findings and Conclusions

- The Title IX coordinator will designate someone to serve as the decision-maker to determine whether the respondent is responsible for sexual harassment under Title IX.
- The designated person may be a district administrator, an attorney or another appropriate adult. The person designated cannot have been part of the investigation.

*Reminder! A single-investigator model is permitted under the new regs. This means that the investigator can also be the decision-maker, OR the Title IX Coordinator and decision-maker.*

# Procedures of the Decision-Maker and Party

## Questions and Answers

- After the parties receive the final investigative report, each party may submit to the decision-maker any written, relevant questions that the party wants asked of any party or witness.
- Each party will receive the answers to the questions and will be allowed time to submit limited follow-up questions.
- The decision-maker:
  - Will permit questions and evidence about the complainant's sexual predisposition or prior sexual behavior only if such questions and evidence are offered to prove that someone other than the respondent committed the conduct alleged by the complainant or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.
  - May exclude a question that is not relevant. The party who submitted the question will receive an explanation as to why the question was judged not relevant.

# Initiating an Appeal of a Title IX Decision— Time, Contents and Assignment

- Either party may appeal the determination(s) of responsibility, the dismissal of a formal complaint or any allegation in a formal complaint by notifying the Title IX coordinator in writing within\_\_\_\_\_ [recommended: five] business days of the parties receiving the written Title IX decision from the decision-maker.
- Appeals must be based on one or more of the following:
  - A procedural irregularity that affected the outcome of the matter.
  - New evidence that was not reasonably available at the time of the determination and that could affect the outcome of the matter.
  - The Title IX coordinator, investigator(s) or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent that affected the outcome of the matter.

*Reminder! New regs call for another grounds for appeal: The District, at a minimum, must also provide an appeal process comparable to similar proceedings relating to other discrimination complaints. (Like Board Policy AC/1300/C-130-P)*

# Appeals

## Appeals

- If an appeal is filed, the Title IX coordinator will:
  - Assign the appeal to an appellate decision-maker who is not the same person as the initial decision-maker, the investigator or the Title IX coordinator.
  - Notify other parties in writing.
  - Implement the appeals process equally to all parties.
  - Give all parties the opportunity to submit a written statement in support of or challenging the outcome within \_\_\_\_\_ [recommended: five] business days of receiving the notice of appeal.
- Written statements and other written documents pertaining to the appeal will be shared with all parties.

# Appeals

- The appellate decision-maker will review the findings of the initial decision-maker and review the written statements filed by the parties supporting or opposing the appeal.
- Within \_\_\_\_ [recommended: ten] business days of the close of the period for parties to file their written statements supporting or opposing the appeal, the appellate decision-maker will issue a written decision describing the result of the appeal and the rationale for the result to all parties simultaneously.
- The appellate decision-maker may refer an appealed issue back to a prior point in the grievance process for correction.

# Process for Informal Resolution of Formal Complaints

- After a formal complaint has been filed and at any time prior to reaching a determination of responsibility, the district may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication. If a party requests the use of an informal resolution process, the district will provide the parties a written notice that:
  - Discloses the allegations and the requirements of the informal resolution process, including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations;
  - Discloses that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint;
  - Discloses any consequences resulting from participating in the informal resolution process, including the records that, with voluntary written consent from the parties, will be maintained or could be shared; and
  - Obtains the parties' voluntary, written consent to the informal resolution process.

*Reminder! New regs allow informal resolution process to be offered BEFORE the filing of a formal complaint.*

# Process for Informal Resolution of Formal Complaints

- The informal resolution process may not be used to resolve allegations that an employee sexually harassed a student.
- If the informal resolution process does not resolve the formal complaint within \_\_\_\_ [recommended: 30] business days after both parties consented to use the process, the Title IX coordinator will resume the grievance process unless both parties again consent to continue using the informal resolution process.

# Training for Title IX Coordinators, Investigators, Decision-Makers

- These individuals must receive training on:
  - Definition of sexual harassment (previously covered)
  - The scope of the District's education program or activity
  - How to conduct an investigation and grievance process (previously covered)
  - How to serve impartially (avoiding prejudgment of the facts, conflicts of interest, bias)

# Training for Investigators

- Investigators must receive additional training on issues of relevance to create an investigative report that fairly summarizes relevant evidence.

# Training for Decision-Makers

- Decision-Makers must receive additional training on issues of relevance of questions and evidence, including sexual predisposition and prior behavior not relevant

# Scope of the District's Program or Activity

- "Education program or activity" includes locations, events, or circumstances over which the District exercised substantial control over both the Respondent and the context in which the sexual harassment occurs.
- Title IX obligations extend to sexual harassment incidents that occur off campus if either of these conditions are met:
  - If the off-campus incident occurs as part of the recipient's "operations" pursuant to 20 U.S.C. 1687 and 34 CFR 106.2(h), which is all of the operations of a local education agency, or
  - If the recipient exercised substantial control over the respondent and the context of alleged sexual harassment that occurred off campus pursuant to § 106.44(a)
- Considered whether sexual harassment occurred in a district's education program or activity by examining factors such as whether the recipient funded, promoted, or sponsored the event or circumstance where the alleged harassment occurred.

# Scope of the District's Program or Activity (New Regs)

- "Education program or activity" is slightly expanded under the new regs – at minimum, for the purpose of clarity:
  - District has the obligation to address a sex-based hostile environment even when some of the conduct alleged to be contributing to the hostile environment occurred outside the District's education program or activity or outside of the United States.
  - "Conduct that is subject to the recipient's disciplinary authority"

# How to Serve Impartially – Avoiding Prejudgment of the Facts

- Prejudgment generally is to judge before a full and sufficient investigation.
- Do not make assumptions or judgments about the parties.
  - Hear all the facts from the parties and witnesses.
- Findings of facts and decisions are to be made on the basis of individualized facts and not on stereotypical notions of what “men” or “women” do or do not do.
- Do not make assumptions about situations of sexual assault.
  - Complainant cried so she’s telling the truth.
  - Complainant was drinking so she can’t remember.
  - Men are aggressive and likely to sexually assault.
  - Men cannot be sexually assaulted.
  - Women have regrets and lie about sexual assault.
  - Respondent has been sexually active with Complainant before so he couldn’t have sexually assaulted Complainant.
- Keep an open mind and seek additional information if you jump to conclusions.
- Communicate facts in the investigation report, not conclusions.

# How to Serve Impartially - Avoiding Bias

- Bias generally is an inclination of temperament or outlook. Bias is based on stereotypes and not facts.
  - Facts, credibility determinations, and decisions cannot be based on an individual's sex, race, ethnicity, sexual orientation, gender identity, disability or immigration status, financial ability, or other characteristic.
  - Implicit bias are attitudes or stereotypes that affect our understanding, actions, and decisions in an unconscious manner.
    - Everyone has them even if they don't align with declared beliefs.
    - Question your thinking throughout this process. Most evidence will be circumstantial rather than direct.
- Be aware how comments you've made can be used to claim prejudgment and bias.
  - "My daughter would not go out of the house looking like that. Females who dress like that are just asking for it."

# How to Serve Impartially – Avoiding Conflict of Interest

- Conflict of interest generally is a real or seeming incompatibility between one's private interests and one's public or fiduciary duties and the private interests compromise one's judgment and decisions.
  - Can arise from family relationships, friendships, colleague relationships, romantic relationships, financial investments, etc.
  - Keep this in mind when assigning individuals to the roles of investigator, decision-maker, appeal decision-maker, especially in smaller districts.
    - Also be aware of perceived or potential conflicts of interest, and determine if the process should proceed with them in a particular role.
  - Bottom line - must be able to serve impartially.

# Training for Investigators and Decision-Makers - Relevance

- Relevance is generally having a logical connection and tending to prove or disprove a matter in issue and tending to persuade people of the probability or possibility of some alleged fact.
  - Is the fact or information likely to prove/disprove the allegations?
    - If it is likely to prove/disprove, even indirectly, it is relevant.
    - If it is not likely to do so, it is irrelevant.
- Investigators are to only include relevant evidence in their investigative reports.
- As previously covered, questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant unless such questions are offered:
  - To prove that someone other than respondent committed the conduct alleged by the complainant; or
  - If the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent are offered to prove consent.

- All records regarding the investigation and determinations regarding responsibility must be maintained for at least 7 years for purposes of Title IX.
