BILLINGS PUBLIC SCHOOLS
5th Grade

Dear Parent or Guardian,

Part of your child's Health Enhancement Curriculum includes Human Growth and Development information (to be presented to each gender separately).

Video and discussion will be used to cover age-appropriate information on this subject. If you would like to view the video prior to the presentation, here are the following links:

Boys
https://www.youtube.com/watch?v=2XF0awGRTWs

Girls
https://www.youtube.com/watch?v=0RrXAhtObBI

The following is a schedule for the delivery of information:

Human Growth and Development – October or November

Our hope is that by knowing when the school will deliver this information, parents will have a discussion with their children also. Education of the child is a joint endeavor. We value your support.

Please contact your child's principal or health enhancement instructor to answer any questions.

If you do not want your child to participate, please send back the bottom of this form to your child's teacher by the first week in October. If you do not return the form by the first week in October, your child *will* receive the curriculum.

Sincerely,

Kim Anthony
Executive Director of Curriculum
Teaching and Learning Division
