

Using QR Codes (Quick Cards) to Log Into ClassLink for Grades K-2

Students in grades K-2 can use a ClassLink Quick Card QR code to log into ClassLink. You should have received your child's Quick Card via mail or email. A sample Quick Card can be seen here to the right.

Please note, simply scanning this QR code will not take you to the Pittsford Schools ClassLink website. You must manually navigate to this webpage.

Once you have navigated to ClassLink, you will see a small QR code icon as shown in the images below for either mobile (left) or desktop (right). Click on the image to open the camera. You may need to allow the site access to your camera.

Once the camera turns on, hold the student's Quick Card up to the camera. You may need to adjust the position of the Quick Card slightly as it comes into focus.

- Remember, if the Quick Card does not work, you can always use the student's username and password to manually log in.
