Chapter 4 establishes that each school entity shall submit to the Secretary for approval a professional education plan every 3 years as required under Chapter 49, Section 17(a). A school entity shall make its professional education plan available for public inspection and comment for a minimum of 28 days prior to approval of the plan by the school entity's governing board and submission of the plan to the Secretary.

PHILOSOPHY OF PROFESSIONAL DEVELOPMENT

In the Northern Lehigh School District, we believe that all educators need opportunities to learn and grow as professionals as they continue to hone their craft and help students develop their stories. This Professional Development Plan describes a vision for adult learning that is collaborative, continuous, embedded in daily practice, consistent across the district, and focused on student achievement. It also promotes building capacity in our employees so that they can facilitate trainings for colleagues.

STANDARD AND GOALS

In the Northern Lehigh School District, our goal is to ensure that we offer the highest quality professional development, connected to a district-wide purpose, and that we provide opportunities to assess the quality of those offerings through feedback so that we can continually improve. In doing so, we consider the standards set forth by the National Staff Development Council (NSDC):

Context Standards

- **Learning Communities**
Staff development that improves the learning of all students organizes adults into learning communities whose goals are aligned with those of the school and district.
- **Leadership**
Staff development that improves the learning of all students requires skillful school and district leaders who guide continuous instructional improvement.
- **Resources**
Staff development that improves the learning of all students requires resources to support adult learning and collaboration.

Process Standards

- **Data-Driven**
Staff development that improves the learning of all students uses disaggregated student data to determine adult learning priorities, monitor progress, and help sustain continuous improvement.

- Evaluation
Staff development that improves the learning of all students uses multiple sources of information to guide improvement and demonstrate its impact.
- Research-Based
Staff development that improves the learning of all students prepares educators to apply research to decision making.
- Design
Staff development that improves the learning of all students uses learning strategies appropriate to the intended goal.
- Learning
Staff development that improves the learning of all students applies knowledge about human learning and change.
- Collaboration
Staff development that improves the learning of all students provides educators with the knowledge and skills to collaborate.

Content Standards

- Equity
Staff development that improves the learning of all students prepares educators to understand and appreciate all students; create safe, orderly and supportive learning environments; and hold high expectations for their academic achievement.
- Quality Teaching
Staff development that improves the learning of all students deepens educators' content knowledge, provides them with research-based instructional strategies to assist students in meeting rigorous academic standards, and prepares them to use various types of classroom assessments appropriately.
- Family Involvement
Staff development that improves the learning of all students provides educators with knowledge and skills to involve families and other stakeholders appropriately.

OBJECTIVES

The objectives of our professional development program are the following:

- Activities are aligned with the current and applicable Pennsylvania Core Standards and Pennsylvania Academic Standards. (22 Pa Code, Chapter 4) In the absence of or in addition to state standards, national or organizational standards will be used.
- Offerings are evaluated through multiple measures of student achievement within the context of educator effectiveness to determine impact on student learning, educator effectiveness, and/or school performance. (22 Pa Code, Chapter 19; Act 13 of 2020)

- Professional development activities are aligned to at least one component of one domain within the Danielson Framework for Teaching
- The professional education plan was approved by the professional education committee and the board of the school entity. (22 PA Code, 49.16)
- The professional development plan align with educator needs. (Act 48, Section 2)
- The implementation steps cover at least a three-year implementation horizon
- The plan will be reviewed annually and revised as needed, using the five levels of evaluation of professional development. These five levels include the following:
 - Student outcomes
 - Participants’ use of new knowledge and skills;
 - Participants’ learning;
 - Participant reaction;
 - Organization support and change

The review will include evaluation of the goals, activities, delivery system, and attainment of the competencies for each activity.

FACULTY PROFESSIONAL DEVELOPMENT

The 2021-2023 Collective Bargaining Agreement (CBA) between the Northern Lehigh School District (NLSD) and the Northern Lehigh Education Association (NLEA) describes the length of the school term and school day. Appendix F also includes the mandatory days that are to be scheduled at the district’s discretion. Those related to profession development are as follows:

In-Service Days (62 hours)

Annually, there are 10 in-service days built into the Northern Lehigh School District calendar and are spread throughout the school year. These professional development days typically run from 8:00AM to 3:20PM with an hour for lunch. For the 2022-2023 school year, in-services will be held on the following days:

Tuesday, August 23, 2022	Thursday, December 22, 2022 (flex option)
Wednesday, August 24, 2022	Monday, January 16, 2023
Thursday, August 25, 2022	Friday, March 10, 2023
Monday, October 10, 2022	Monday, May 15, 2023
Wednesday, November 23, 2022 (flex option)	Friday, June 9 or 16, 2023 (flex option)

In-Service Days for the 2023-2024 and 2024-2025 school years will be published through approval of the school calendar.

Faculty Meetings (10 hours)

Ten 1-hour faculty meetings will be scheduled by the building principal throughout the school year. These meeting times will be used for a variety of purposes including to update faculty on building matters, provide short trainings, and allow for department or grade level meetings.

TRACKING OF PROFESSIONAL DEVELOPMENT TIME

CPE Tracker

The Northern Lehigh School District uses CPE Tracker to register for professional development sessions. CPE Tracker is also used to track attendance and provide Act 48 credit to participants.

Comply

Faculty requesting professional development activities outside of the school district are expected to register using a conference/professional development form in Comply. Building and district administration will review the request in that system for approval. Once the professional development session has been approved and completed, the faculty member is responsible for uploading evidence of completion to that system to receive credit.

Please contact the Administrative Assistant to the Assistant Superintendent if you need assistance with CPE Tracker or Comply.

ACT 48 REQUIREMENTS

Act 48 of 1999 requires all Pennsylvania educators holding Pennsylvania public school certification (including Instructional I and II, Educational Specialist I and II, Administrative, Supervisory, Letters of Eligibility, and all vocational certificates) to participate in ongoing professional education.

Educators must earn six semester credits of collegiate study; OR six CPE credits of PDE-approved continuing professional education courses; OR 180 hours of continuing professional education programs, activities or learning experiences through a PDE approved provider; OR any combination of these every five years to maintain an active certification status.

The period begins as of the effective date upon issuance of the educator's initial Instructional certificate and is renewed after the end date if all requirements are met. If an educator's initial certificate was issued prior to the enactment of Act 48, the certificate's first Act 48 period began on July 1, 2000. Act 48 beginning and end dates can change depending on whether an extension was granted, if a five-year period was completed after the deadline, or if other factors apply. In this case, a new five-year period is assigned beginning the day after the previous five-year period was completed.

It is the responsibility of the educator to monitor their record of credits or hours in PERMS. It is also the educator's responsibility to contact the provider(s) to correct any discrepancies. To view your progress go to the [PERMS \(Professional Educator Record Management System\) webpage](#). Once there, enter your Professional Personnel Identification (PPID) number in the box provided. Your Act 48 information will be displayed.

This webpage will list your specific Act 48 period, a total of the hours recorded, and the number of hours still needed to complete requirements. If you do not have your PPID, you may retrieve your number by following the instructions provided under "Find your Professional Personnel ID (PPID)."

If a certificate holder does not complete the requirements of Act 48 within the prescribed period the certificate remains valid but becomes inactive. While inactive, the educator is disqualified from employment in Pennsylvania public school entities as a professional (tenured) or temporary professional (prior to gaining tenured status) until all Act 48 requirements have been met.

Once the remaining requirements are completed, certificates return to active status.

ANNUAL PROFESISONAL DEVELOPMENT SURVEY

Annually, professional staff will complete the *Annual Professional Development Survey* which serves two purposes. First, it provides an opportunity for faculty to reflect on professional development over the course of the school year and provide feedback as to the quality and effectiveness of sessions. Second, it serves as a needs assessment for future professional development by allowing educators to communicate trainings they feel they need or would like to have in subsequent years.

PROCEDURES FOR EVALUATING AND REVIEWING THIS PLAN

The committee will meet at least once annually to review the Professional Development Plan. The review will include discussing and evaluating responses from individual sessions, as well as, the annual Professional Development Survey. The committee will use this feedback along with other quantitative, qualitative and anecdotal data to determine the effectiveness of

STEERING COMMITTEE

The Northern Lehigh Professional Development Plan was created in collaboration with and using the feedback from a variety of stakeholders. The Professional Development Plan contains a committee consisting of teacher representatives divided equally among elementary, middle and high school teachers chosen by the teachers, educational specialist representatives chosen by educational specialists and administrative representatives chosen by the administrative personnel.

(Act 48, Section 1205.1) The committee also includes parents of children attending a school in the district, local business representatives and other individuals representing the community appointed by the board of directors. (Act 48, Section 1205.1) The steering committee associated with this plan is listed below.

EDUCATIONAL OPTIONS

In addition to the professional development offered through the Northern Lehigh School District during the school year, there are other training opportunities available. Some of those are listed below.

District Offered Professional Development

Outside of the school in-services and faculty meetings, there are other offerings available for professional development through the district which include summer sessions, afterschool trainings, and asynchronous modules.

CLIU21, PaTTAN or Other Providers

[The Carbon Lehigh Intermediate Unit #21](#), [Pennsylvania Training and Technical Assistance Network](#), PDE SAS, and other providers host in-person, online and asynchronous trainings, networking sessions, and other professional development opportunities in which faculty can request to participate.

Conferences or Workshops

Conferences or workshops offered by outside providers offer a variety of options for faculty to grow professionally. Educators wishing to participate in these experiences should complete a *Conference Request Form* to receive pre-approval from administration to participate. (Those requiring overnight stays or reimbursement to the employee of more than \$100 must also receive board approval.)

Graduate Credit

As per the 2021-2023 CBA, full-time bargaining unit employees employed by the Northern Lehigh School District shall receive the full costs of tuition for up to six (6) graduate credits per teacher per school year, not to exceed the per credit tuition rate at Kutztown State University, provided that: (1) the courses taken are a part of an approved graduate program leading to an advanced degree, or (2) the degree or programs are in or related to the teacher’s discipline, or (3) the courses and program receive approval from the Superintendent. Part-time bargaining unit members shall receive the full costs of tuition for no more than three (3) graduate credits per school year otherwise upon the same terms and conditions as full-time employees. (More detail on graduate credit can be found on page 6/7 of the CBA.)

FLEX TIME

Flex time allows faculty another way to personalize their professional learning. Teachers can accrue time for participating in approved professional development outside of the contracted 190 school days. A staff member who has accumulated 3.25 hours of time may flex out of half of an in-service day and a staff member who has accumulated 6.5 hours may flex out of a full in-service day. Eligible in-service days are designated as “flex” each school year through approval of the school calendar. (NLSD’s Flex Plan can be found in the appendix of this document.)

Flex Program Guidelines:

1. All professional learning activities must occur outside of the regular work day.
2. Faculty may choose to participate in webinar(s) related to the concentration areas above, however, webinar(s) may not comprise more than 6.5 hours of accrued flex time. [This limit can be waived by Assistant Superintendent/Superintendent.]
3. There will be no additional compensation (pay) for flex activities completed during any school year.
4. Flex hours cannot be “banked” for a future school year.
5. The equivalent of three of the contractual ten mandatory days to be scheduled at the District’s discretion will be identified as days in which a teacher can use flex hours. Flex time must be taken in half day (3.25 hrs) or full day (6.5 hrs) increments. If a teacher chooses to work on one of the flex days during the school year (see dates below), the professional learning activity will be directed by an administrator.
6. Accruing flex time is not approved until you receive written confirmation from your principal or Director of Special Education and Assistant to the Superintendent or Superintendent.
7. Flex days for 2021-2022 School Year are:
 - November 24, 2021 (afternoon or full day)
 - December 23, 2021 (afternoon or full day)
 - June 16, 2021 (or actual last teacher day of school for afternoon or full day). All end of year responsibilities must be completed in order to flex out of the last day.
 - Teachers can begin accruing Flex-time on June 15, 2021 (or day after last teacher day) and must accrue enough Flex-hours one week prior to the date of utilization.
 - Flex-time may only be used in half-day or full day increments.
8. In order to use a half Flex-Day or full Flex-Day:
 - The activity approved for flex time must have been completed and documentation of completion must be submitted to the Office of the Assistant to the Superintendent
 - The employee must request the absence in the Employee Portal for the half or full Flex-Day and it must be approved by your supervisor.
 - You must have accrued enough flex-time to support taking the half or full Flex-Day.
(This will be verified by the business office.)

2021-2022 Process and Timeline

June 15, 2021 – Faculty may begin accruing flex hours for the 2021-2022 school year

November 17, 2021 – Deadline to accrue flex hours to expend on Flex Day #1

November 24, 2021 – Flex Day #1 (afternoon or full day)

December 16, 2021 – Deadline to accrue flex hours to expend on Flex Day #2

December 23, 2021 – Flex Day #2 (afternoon or full day)

June 9, 2022/7 days prior to last teacher day – Deadline to accrue flex hours to expend on Flex Day #3

June 16, 2022/last teacher day – Flex Day #3 (afternoon or full day)

* If December 23, 2021 becomes a make-up day due to school closing earlier in the year, the flex day that will be used in place of Flex Day #2 will be added on after the last teacher day (i.e. tentatively June 17, 2022). If this flex day has to be moved to the end of the school year, faculty will have until one week prior (tentatively June 10, 2022) to accrue flex hours to expend for this in-service day.

* If we do not use all of the snow days built into the end of our school calendar, and last teacher day(s) of school need to be moved up, the last date(s) for teachers will be announced when the graduation date is approved by the school board. In that case, the deadline to accrue flex hours to expend on a flex day will be one week before the last teacher day(s).
