Procedure to Inspect Education Records

Parents of students or eligible students may inspect and review the student's education records within a reasonable period of time, which shall not exceed 45 days, and before any meeting regarding an IEP or hearing involving a student with a disability. Further, parents shall have the right to a response from the school division to reasonable requests for explanations and interpretations of the education record.

Parents or eligible students should submit to the student's school principal a written request which identifies as precisely as possible the record or records he or she wishes to inspect.

The principal (or appropriate school official) will make the needed arrangements for access as promptly as possible and notify the parent or eligible student of the time and place where the records may be inspected.

When a record contains information about students other than a parent's child or the eligible student, the parent or eligible student may not inspect and review the portion of the record which pertains to other students.

Parents have the right to seek an amendment and/or the right to a hearing for the opportunity for the correction or deletion of information found to be inaccurate, misleading, or inappropriate.

They have the right to file a complaint concerning an alleged failure by the school board to comply with Title 20, United States Code Section 123g through the

Family Policy Compliance office,
U. S. Department of Education,
400 Maryland Avenue, SE,
Washington, DC 20202-4605

Copies of Education Records

The Roanoke County Public Schools will not provide a parent or eligible student a copy of the student's education record unless failure to do so would effectively prevent the parent or eligible student from exercising the right to inspect and review the records.

Fees for Copies of Records

The fee for copies will be ten cents per page. The actual cost of copying time and postage will be charged. The Roanoke County Public Schools does not charge for search and retrieval of the records. Roanoke County Public Schools provides parents a copy of each Individualized Education Plan (IEP) and eligibility report when these meetings occur. Copying charges are imposed for additional copies. Roanoke County Public Schools does not charge a fee for a copy of the verbatim record of a hearing conducted in accordance with the State Board of Education's Regulations Governing Special

Education Programs for Children with Disabilities in Virginia.

Types, Locations, and Custodians of Education Records

The Roanoke County Public Schools shall provide parents on request a list of the types and locations of education records collected, maintained, or used by the school division.

A list of the types of records that the Roanoke County Public Schools maintains, may be found in Section H of Policy 7.09.

Stepparents, who live in the home with the child and have daily contact with the child, also have rights mentioned above. In the absence of a court order that specifically removes the parent's rights to access scholastic records, non-custodial parents have the same rights as custodial parents.

When a student reaches the age of 18, is emancipated under Virginia law, or has complied with compulsory attendance requirements as set by Virginia law, the rights above transfer to the student. This is known as being an "eligible student".

A parent or eligible student should contact in writing the office of School Counseling Services and Student Records, Roanoke County Public Schools Administration, 5937 Cove Road, Roanoke, VA 24019 to request an amendment to the record.

When a request for access to records is made, the granting of such a request is made immediately, if practical, but in any case no more than 45 days after the date of the request. Schools may charge a reasonable copy fee unless imposition of such a charge would prevent a parent or eligible student from exercising his/her rights to inspect and review the record.
