

Device Policy and Requirements

- Use of student-owned (personal) devices are not permitted for testing, except in remote testing situations.
- School-owned, student-issued devices that are permitted to be taken home by students are permitted for test administration, provided the proper security programs are configured on the device.
- For administration of **WritePlacer** or **WritePlacer ESL**, ensure all grammar check/assist browser plugins and extensions as well as system-installed grammar applications are disabled before launching the test.
- We recommend all laptops use the **Safe Exam Browser**.

Windows Desktop and Laptop

[See System Requirements](#)

■ Browser Type and Versions

- Internet Explorer 11+
- Microsoft Edge 108+
