

Seneca Valley Academy of Choice

Your Student's #1 Choice for Online Education

REAL EDUCATORS. REAL SUCCESS.

The educators and staff at Seneca Valley love what they do, and with the Seneca Valley Academy of Choice, we have the ability to bring that passion to your student's screen.

Here at the Seneca Valley Academy of Choice, our educators are dedicated to ensuring your student succeeds in whatever educational practices work best for them.

Whether your student excels in night-owl mode or is a learner that loves to get ahead, the SVAOC works for you and your family's needs.

A weekly video chat or flexible office hours?

We offer that.

1 on 1 virtual chats for at-the-moment help?

You got it.

On-site access to the campus and your teachers?

Absolutely.

Your student can still do what they love while learning and succeeding in the SVAOC.

WE ARE ALL HERE FOR YOUR STUDENTS.

We hope that you consider visiting our SVAOC course offerings as they have grown exponentially over the past fourteen years. We welcome you and your student to register through our SVAOC website <https://www.svsd.net/Page/7165>. You can also schedule a virtual visit to meet with our Cyber staff. Please feel free to call us at 724-452-6041 ext. 1012, and we can meet at your convenience or simply discuss our program in greater depth.

The variety is there, but more importantly, the support is there.

Our elective choices are rich in the arts and offer your student a chance to highlight their talents!

What can you gain at SVAOC that you cannot receive elsewhere? Your student has access to all our secondary campus buildings, libraries, activities, sports, and more. Perhaps your student wants to focus on their core classes on campus and take their electives online? We offer a balanced hybrid schedule that other virtual platforms cannot offer a Seneca Valley student.

SEVERAL "DEGREES" ABOVE THE REST!

In full transparency, the teaching staff is robust at the SVAOC. *We employ highly qualified teachers* who dedicated their post-secondary careers to becoming resilient, ever-adapting, life-long learners so that we can instill those same qualities in your student. *You simply cannot and will not receive educators like us in other online platforms.* Some of the surrounding charter cyber schools have certified teachers in subjects they are not actually state-certified to teach, or they have people with a degree in only a subject area with no real teaching experience or educational degree. We do not want your student learning English from a teacher who is only certified in physical education. Furthermore, we do not want someone with only a BA in Mathematics (and not a certified teaching degree) teaching your student Algebra, *because here within the SVAOC, we know what it means to be not only an expert in our field. We also are trained educators that strive to be supportive and effective every day.*

...and we love our students! With SVAOC, you are still an integral member of our school community.

MAKE THE RIGHT "CHOICE" FOR YOUR STUDENT.

Our teachers and their dedication to your student's education is what has made SVAOC so strong from the beginning! *For fourteen years now, we have grown and evolved into the truly educational behemoth we are today.*

You choose to live in this vibrant and fulfilling district for a reason, and those reasons are why our teachers choose to work here.

In these unique times, we want to be sure you can continue to be confident and proud in your choice, because the SVAOC is truly an extension of the Seneca Valley School District.

Ensure your student's online education is an academy full of choice. Choose SVAOC.

If you are interested in joining the Seneca Valley Academy of Choice Program or would like to learn more, please feel free to contact the SVAOC administration team!
