

GRANDPARENTS AS PARENTS

Are you a grandparent or non-traditional custodian caring for a child?
Join us!

Studies have shown that kinship care—the act of other family members fulfilling the role of an absent parent—has tremendous benefits for the child. Yet, despite the growing number of older adults raising children in our community, these caregivers are going unseen. While there are resources and organizations devoted to helping, the process of securing them isn't always easy or clear.

We are a casual group of older adults, holding space for other grandparents acting as second-time parents. This group aims to support one another through shared life experience as well as help individuals get connected with resources in their communities.

Join us every fourth Friday of the month from 11 a.m.–noon at SourcePoint, 800 Cheshire Road, Delaware, OH, 43015 for the Grandparents as Parents Monthly Meetup!

To register, go to MySourcePoint.org/caregiver or call 740-363-6677.

On occasion, this group will plan one group outing or “Field Trip” to a community center that has pledged resources toward youth development.

For more information call Brian Fox, SourcePoint's caregiver program coordinator, at 740-203-2399.
